MIKE, SCOTTY AND GARY TAKE A BREAK ON THE NORTH CASCADES HIGHWAY, WASHINGTON STATE (2011)

“A favorite German word of Einstein’s was Schlimmbesserung (sh-lim-BESS-air-oong). It means ‘changes attempted or improvements that make things worse’ It’s use is not limited to technological advances, but includes cultures, attitudes, behaviors, etc. Basically, for every gain, there’s something lost. Some creativity, spontaneity, wonder and innocence is always lost as maturity and experience develops. More materially when one adds a GPS and a Spot-Tracker to a motor bike, something important about the riding and exploring experience is being lost... Still, I’ve taken the GPS...but also laughed (and swore) at myself when ending up on the wrong road of a complicated interchange in a strange city because I was paying too much attention to the GPS’s little screen ‘map’, and not looking enough at the passing road and signs.”

—Mr Subjective 8-8-11

PERSONAL AM/FM/ WEATHER RECEIVER

Sure your high-tech, app-infested mobile do-everything phone thingy will show an up-to-the-minute-radar map-in-motion and allow you to find out what the weather is going to be anywhere, a week from some Tuesday...but what really matters is if it's going to rain or not during your ride today. This compact pocket radio easily tunes in your local weather forecasts on AM, FM and all seven NOAA Weather Alert frequencies. Reliable forecasts (and music, news, etc...) almost anywhere, with no expensive monthly fees or "dead zones" common with cellular service providers. Features include a built-in speaker, headphones with 4' cord and 3.5mm jack, clock, removable belt clip, auto channel seek, 19 memory presets, battery power indicator, external plug-in antennae, 90 minute auto shut off option and PLL synthesized tuning system. Uses two AA batteries (not included). 4"×2.5"×.75".

#3916 \$79.00

AM/FM STEREO AND SHORT WAVE RECEIVER

An amazing pocket radio for travelers that packs a ton of exceptional features and performance into a compact case with an anodized aluminum front. This direct entry PLL synthesized receiver has a folding stainless telescopic antenna, 30 memory presets, manual and seek tuning, an alarm and an LCD display light. Also has a clear built-in speaker and comes with an external antenna, stereo earphones, an AC adapter and a soft fleece carrying case. Uses two AA batteries (not included). A great value. About the same size as a pack of smokes. 4.5"×2.75"×.75".

#3863 \$59.00

USB POWER KIT

The quick and easy way to power or charge USB devices, anywhere, anytime. Kit includes a compact, folding AC wall charger and a 12V adapter for your bikes accessory outlet (cigarette lighter plug). Compatible with any device capable of charging via USB, including cell phone, digital camera, MP3 player, GPS and more. Wall charger (2"×2"×.5"), 12V adapter (3"×1.25"×.5").

#851 \$29.00

3.5MM STEREO-TO-BLUETOOTH ADAPTER

This adapter plugs into any MP3 player, Satellite radio, GPS or audio source with a 3.5mm stereo jack, and uses Bluetooth 2.0 technology to wirelessly stream your music and audio to any compatible device within a range of 30 feet.

The internal, rechargeable battery is good for up to 8 hours. It recharges in about an hour using the included USB charging cable.

#2303 \$59.00

INTERCOM SYSTEM ADAPTER

Adapts any 5, 7 or 8 pin motorcycle intercom system connector (Most aftermarket types, OEM Gold Wing, Harley, etc..) to a standard 3.5mm stereo plug

for use with earbuds and earspeakers. Simple, durable and reliable.

#3900 \$19.00

BLUETOOTH ON A BUDGET

An effective way to convert your motorcycles audio system to Bluetooth, this duo of adapters combine to wirelessly bring dynamic sound to your Bluetooth equipped helmet. Simply insert the Intercom System Adapter (#3900) into the 5, 7 or 8 pin port on your motorcycle communication system (OEM Goldwing, Harley, most aftermarket types, etc...), plug in the 3.5mm Stereo-to-Bluetooth Adapter (#2303) and pair with the Bluetooth equipped helmet kit of your choice. Presto, a wireless on-board Bluetooth 2.0 audio system for pocket change compared to many add-on Bluetooth systems. The Bluetooth Adapter has an internal rechargeable battery that last up to 6-8 hours, with a wireless range of up to 30 feet. USB charging cable included.

SAVE \$9.00 - Both Adaptors #2312 \$69.00

IPOD-TO-BLUETOOTH ADAPTER

Wirelessly stream music from an iPod to any other Bluetooth equipped device, in clear stereo sound. Works with most iPods/ iPhones with a dock connector, including fourth and fifth generation models. Plug and play, no batteries required. Streams music up to 30 feet.

#2309 \$49.00

ESCORT SOLO S3 CORDLESS

The most powerful, longest range and best performing cordless radar detector available. Period. Signal sensitivity and range is 400% greater than previous generation cordless detectors and its new power management digital circuitry gives more miles of use per pair of AA batteries - up to 40 hours of continuous run time, with low-battery alerts when they need replacing. Nine programming options allow customizing for your specific riding style and a brilliant new high-resolution OLED graphic display is readable at a glance in all light conditions. The 3.5mm headphone jack equipped S3 is extremely easy to use, offers 360° detection and features a unique AutoSensitivity mode to eliminate distracting false alarms. Plug in an optional 12V Smartcord to show five additional status screens, including a voltage display to indicate the health of your bikes electrical system. Band identification is displayed by X, K, Ka and Laser. Signal strength is shown by a progressively lighted left-to-right bar graph and unique audible alerts. 5.25"×2.90"×1.16". 6 oz. Black.

#2347 \$350.00

ESCORT 8500

This top rated 12V radar/laser detector features an earphone jack... which is a big deal if you ride and want to hear the warning chirps and codes. It also carries a very smart micro-processor. In addition to superb long range detection it features an advanced

EZ programming system that lets you personalize 9 features for your riding requirements. Its SpecDisplay mode allows you to know the actual numerical frequency of the radar signal and its ExpertMeter mode will keep you informed on the signal strength of up to eight radar signals at the same time. "How many do you think are out there, Butch?" Compared to earlier radar detectors the exclusive AutoMode circuits separate false signals from real threats better than you'd believe possible. Built-in 1/8" earphone jack. Comes pre-programmed and includes a comprehensive owners manual, a powercord and an automobile mount.

#2352 \$300.00

HELMET ASSISTED RADAR DETECTOR SYSTEM

The wireless H.A.R.D. system visually indicates radar detector activation with a military style "heads up display." When the helmet mounted red LED comes on, a glance at the detector readout provides detailed bogey information. A small plug-and-play transmitter fits next to the detector and the receiver tucks behind the cheek padding or attaches with hook and loop to the outside of the helmet. It's tiny. No need for clumsy wires or blaring helmet speakers. If your ears are already overloaded with

communication systems, earplugs and music players, this is the way to go. Works in combination with Escort, Adaptive, Beltronics and Valentine radar receivers equipped with RJ11 telephone jacks. Transmitter 1.5"×1.25"×.75", Receiver 2"×1.25"×.375". Specify model. Available in June.

#2366 \$150.00

LEGAL SPEEDING RADAR DETECTOR CASE

Large enough to hold a Valentine 1, Escort 8500 and similar sized detectors. Shields your radar protection system from rain, sun, dust and dirt. Side thumbscrews hold the snug water resistant cover over a base platform with an opening for the power cord. Base can be mounted to a RAM or other similar platform with screws, pop rivets, or adhesives. 5.3"×3.6"×1.25".

#3866 \$65.00

MIDLAND CB RADIO

A well-designed and versatile Citizens' Band radio. The 75-822 can be configured as a hand-held unit when used with the detachable battery pack, and the optional DC adapter turns it into the smallest mobile CB you've ever seen. The included battery pack uses either six alkaline AA's (not included) or eight nicads (not included). This radio features 40 channels with instant access to five user-select channels, emergency 9, and road info/trucker 19. Has a BNC antenna connector (flexible antenna included). Measures (with included battery holder) 2.75"×5"×1.25". Comes with a slide-on base/powercord adapter which takes the place of the battery pack.

#3070 \$115.00

VISUAL ALERT

An encapsulated block of wide angle red super-bright LED's on a short cord. The straight plug connects directly into the 3.5mm / 2.5mm headphone jack on Escort 8500/9500 or Valentine 1 audio adapter equipped radar detectors. When a bogey is found the Visual Alert is impossible to miss, even in bright direct sunlight or if mounted in a peripheral vision location. Requires no external batteries or power source.

Escort 8500/9500/Redline #3852 \$65.00
Valentine 1 #3854 \$65.00

SLIPSTREAMER RADAR MOUNT

Elegant and rugged construction. Nicely made and very adjustable, this bracket holds a myriad of possibilities for the motorcycle gadgeteer. Lightweight aluminum bar and brackets make it easy to modify (saw, file, big hammer, etc...) for other custom mounting of applications like radios, GPS's, etc. Plate is 4.25"×3.3".

7/8" Bars #2296 \$35.00
1" Bars #2297 \$35.00

IPHONE 4 DUAL MOUNT

Universal mounting system can be attached directly to the brake/clutch reservoir or secured around the handlebars or any tube from .5" to 1.25" diameter. High strength composite cradle clips securely to your iPhone 4, keeping the touch screen readily accessible and virtually vibration-free, for easy on-road access to apps like GPS, tunes, maps, speed traps, cheap gas stops...and even phone calls. Multiple pivot points and a 1" diameter ball and socket allows nearly infinite adjustments for perfect viewing angles. Includes all necessary mounting hardware.

#3688 \$38.00

UNIVERSAL X-GRIP HOLDER

Securely holds a cell phone or other handheld device with a unique spring loaded X-Grip design. Rubber coated tips hold device firm and stable. 1" ball. Min/Max device width .875"/3.25".

#3687 \$32.00

QUICK RELEASE PHONE MOUNT

A practical handlebar located smartphone holder (accepts iPhone, Blackberry and many more) with a proprietary SpaceMount clamp allowing install/removal in seconds. The lightweight, rust-proof alloy mount attaches to any 22-29mm diameter handlebar or post with a steplessly adjustable, rubberized quick release clamp. The adjustable ratcheting cradle features wings with soft-formed urethane pads to tightly grip and protect the phone from bouncing and scratching. Phone releases quickly from cradle by pulling the small red lever underneath the body. The mount and phone viewing angle are easily adjustable to best utilize smartphone features, including: navigation apps, music, weather reports, phone calls, or change the angle to vertical and use the camera to record ride photos or video. Recommended phone dimensions are 58 - 68mm width x 9 - 15mm thickness, but other sizes can be accommodated (at your own risk). Quick release clamp 3"x1.5"x1.5". Cradle 4.5"x3"x1.25".

#2288 \$40.00

STEMSTAND

CNC aluminum anodized artistry for holding your cell phone, pager, garage door opener, radar detector or bridge toll transponder. No tools needed for installation, fits snugly into the hole in your sport bikes steering head. 2" round platform angle adjusts. These are beautifully made. 3.5" long shaft includes 13mm, 16mm, 17mm, 18mm, 19mm and 24mm spacers to fit most Japanese sport bikes. Black.

13mm #2293 \$64.00

QUICK RELEASE CAMERA MOUNT

Taking photos or video on every ride is a snap with this quick release camera mount handlebar bracket. Quick release buckle holds camera securely to handlebars, but removes easily in seconds for off bike photo ops or to transfer to a different motorcycle. Accommodates any compact camera with a universal tripod mount. Fits to a variety of handlebar widths using included mounting strips (22-29mm). A brilliant product that greatly expands riding photo and video possibilities. 2.5"x1.5". 3.5 oz.

#2287 \$40.00

BARMOUNTS

Superlative alloy construction with a universal clamp saddle to fit standard 7/8" handlebars. Securely mount your radar detector or other gizmo with these beautifully made and fully adjustable 2.25"x3" platforms. Precision CNC manufactured to high specs with a nice touch of its rotatable Allen-lockable upper nylon balljoint for smooth, repositionable operation. The lower joint can be positioned for fore-and-aft or lateral movement (or somewhere in-between) and the upper joint swivels in all axes, and has a cutout so it can be nearly 90° to the stem. The Standard has a 3" stem that can rise to 4.75" above handlebars. The Low Profile model can position a device as low as 1.6" above handlebars for those navigational aids that don't need to be up so high. The Low Profile Chrome is exceptionally sharp and will dress any setup right nice without looking too tacky or flashy.

Low Profile #6215 \$64.00

RAM MOUNTS

All RAM systems use a 1" ball and socket system. This super strong rubber ball and socket system provides mounting flexibility and protects electronics from damage due to vibration. All components are interchangeable so you can switch attachments at either end of the clamping stalk for maximum versatility.

MOUNTS: SECURE YOUR DEVICE

AQUA BOXES

Waterproof storage for your devices. Features a flexible touch-through screen to control devices. Requires a plate mount and a socket arm.

Small (2.375"×4.625"×1.125")* #6280 \$32.00

Medium (2.875"×5.75"×1.187")* #6281 \$35.00

**inside dimensions*

(Small fits: iPod Shuffle and iPod Nano, most MP3 players and cell phones. Medium fits: iPod Classic, iPod Touch, iPhone, many GPS units and PDA devices.)

PLATE MOUNT

Custom mount any device to a RAM mount system. Numerous pre drilled holes/patterns for mounting a variety of devices. 2"×6.25".

#6277 \$16.00

CAMERA MOUNT

Base with ¼" screw mount and 1" ball. Works with all cameras and camcorders with threaded mounting holes.

#3689 \$11.00

PLATES

A ball plate for attaching a GPS cradle or Aqua Box to the RAM system.

Round #6226 \$8.00

Diamond #6284 \$8.00

QUICK RELEASE

Perfect for easily removing/swapping devices. Installs between the cradle/mount/device and the RAM plate.

#6283 \$9.00

BIG SCREEN MAGNIFIER

The difference this device makes in overall functionality is remarkable. Comes with a diamond adaptor for mounting and a ratcheting feature with flex rod for perfect positioning. 2"×4", 2x zoom.

#6259 \$35.00

EXTENSIONS: CONNECT MOUNT TO A BASE

DOUBLE SOCKET ARM

A tightening screw on the side of the arm clamps firmly in place, and allows you to pivot the ball and socket connection or completely disconnect the ball from the socket.

1.75" #6228 \$13.00

3" #6285 \$14.00

5.25" #6286 \$19.00

KEYED SOCKET ARM LOCK

For added security, lock your socket arm to deter theft or tampering.

#6287 \$22.00

TRIPLE BALL

Combine with multiple socket arms for adding additional mounts to a single base.

#6288 \$37.00

BASES: ATTACH EXTENSION TO YOUR BIKE

HANDLEBAR CONTROL BASE

A mounting ball that attaches to your handlebar clutch/brake clamp, left or right side. Also accepts an Extra Ball to make it a double mount.

Single Ball Control Base #6210 \$12.00

Extra Ball Only #6227 \$12.00

HANDLEBAR U-BOLT BASE

A handlebar clamp base with one or two balls. Add spacer to protect finish or to fit on smaller bars.

Single Ball #6229 \$14.00

Double Ball #6289 \$27.00

Spacer #6279 \$2.50

C-CLAMP BASE

No-drill (up to 2") clamp mount for yoke mounting with one ball.

#6276 \$26.00

FLAT

45°

MIRROR STEM MOUNTS

Flat surface mounts.

Flat #6213 \$13.00

45° #6278 \$13.00

3M DUAL LOCK

Almost mechanical in its locking power (a lot like Legos®), with the added plus of being waterproof and far more durable than garden variety hook & loop. Four pieces, each measuring 2"×3.5". Two are clear, and two are black. Each is backed by an ultra powerful peel-and-stick 3M® adhesive.

#2250 \$10.00

HOOK & LOOP TAPE

A simple back-to-back tape, hook on one side, loop on the other, laminated together into an infinitely useful strip. Can be easily cut to different widths and lengths without unraveling. Wonderful for securing radar/gps type things to mounting brackets and for strapping down wires and cables as a re-usable zip tie. Black. 1"×36".

Lightweight #1922 \$4.00
Heavyweight #1923 \$5.00

POWERFILM SOLAR CHARGER

Unlike the ill-received solar chargers of years-gone-by, these are the latest in advanced tricked-out techno-farkle, and are better equipped to power your mobile units on the go. Unroll the compact nylon case to engage a good array of powerful flexible solar panels. They will fully charge the included 4-AA rechargeable batteries in about 6 hours of sunlight. Takes portable charging to the next level with direct, on-the-fly charging of most everyday portable electronic devices via USB connection, while simultaneously topping off the two included AA NiMH batteries, for anytime power access. The case features six integrated grommets that allow for secure fastening onto a bag, seat, tent or backpack. When not needed everything folds to only 5.5"×3.3"×1.4" for easy storage in a pocket or tank bag. An excellent eco-friendly, portable power supply for any adventurous rider wanting to stay plugged in. 4.5oz. Solar operating voltage 3.6V. USB charging voltage 5V/1A.

USB+AA Charger #828 \$87.00

SCOSCHE IPOD REMOTE

Wireless RF remote system fits any iPod with a dock connector. Signal has up to 100 foot range and travels through tank bags, backpacks, pockets, panniers, (walls and ceilings, too). Remote holder securely straps to handlebars or any other convenient spot, via handy hook and loop strap. Features patented passthrough for charging and syncing. Control tracks, volume, play/pause, playlist and shuffle play. Remote measures 2"×1.25"×.25"

#3994 \$79.00

SHIELDSAK

A flexible radio frequency shield that secures your passport, cell phone and credit card information from being scanned by unauthorized data transponders. Combine the ShieldSak with the element-proof protection of the 4.5"×7" LokSak (#9274) to keep your data safe from the bad-guys and your electronics safe from Mother Nature. A little protection goes a long way.

#9272 \$34.00

WATERPROOF ELECTRONICS CASES

Reliable, waterproof, easy-to-use SealLock™ closure (works like the zip-closing on freezer bags) keeps electronic devices safely sealed away from damaging moisture. Clear PVC-free windows on both sides of the case allow use of items inside without opening. A simple way to protect your valuable electronic devices. Inside Dimensions: Small (3.5"×5.5"), Medium (5.5"×7.5"), Large (8"×11.5"). Grey.

Small #3107 \$20.00
Medium #3108 \$24.00
Large #3109 \$30.00

LOKSAKS

More than a glorified zipper-lock sandwich bag, these heavy-duty bags offer re-sealable, element-proof, hermetically sealed storage, certified to 200 feet underwater. They are made from an entirely different kind of material than "plastic" bags: It's thicker, softer, a bit rubberier and much more durable. These bags are perfect for storing wallets, important paperwork or expensive electronics to keep them completely protected during even the heaviest downpour or wettest river crossing. Absolutely no water, air, dust or humidity permeates these clear, flexible and puncture resistant bags. Available in multiple sizes, the 9"x6" version securely houses a Kindle and the 12"x12" model will fit an iPad, Kindle DX or is perfect for keeping important papers or maps dry. The 6"x12" size fits perfectly inside the large cargo pocket on a Roadcrafter or Darien, while the 4.5"x7" size works perfectly with the ShieldSak (#9272) to keep electronic data embedded in passports, mobile devices and credit cards shielded from would-be identity thieves. These durable, re-sealable envelopes are also food-safe and they won't easily stretch, abrade, tear or puncture in rough use. Sold in packs of 3.

5"x4" #9273 \$7.00
 4.5"x7" #9274 \$7.00
 6"x12" #9275 \$9.00
 9"x6" #9276 \$9.00
 12"x12" #9277 \$12.00

BOOSTAROO POST AMP

Many personal players do not provide quite enough volume to blast over wind noise or past earplugs. There's just too much ambient roar. The Boostaroo can help. Plug it into the phones output jack of your radio/scanner/whatever, then connect your helmet or earplug speakers. Voila, it amps-up the sound by about a third. Input device volume adjustments remain functional, but everything tops at a greater volume. Clearly and cleanly, too. About a 12dB volume gain in a typical ear bud speaker. Two AA batteries (not included) last about 20 hours. There are two jacks so a passenger can also listen along without complicated wiring. 40mw per channel.

#3075 \$29.00

SUPER BOOSTER

Tired of wimpy sound coming through your headphones? This tiny amp is designed to boost the output of any mobile device by 200%. Much smaller than most mp3 players, this unit will dramatically increase output volume without distortion. This is a rugged little unit with a smooth-action machined aluminum volume control. Go lightly, though. If used at full volume and output over an extended period of time, you may potentially damage your hearing or headphones. Lasts over 20 hours on included rechargeable battery. 17" audio cord. A/C charger and dual output audio jack/splitter included. 1.4"x2"x.6", 1.2 oz.

#3966 \$62.00

BOOSTAROO REVOLUTION POCKET AMP

For portable players that lack the power needed to fully drive earpeakers for a clean distortion-free sound, no matter what kind they are. This little unit dramatically enhances the field of sound in your player without adding a hiss or buzz. A second headphone jack also allows you to share your music without sacrificing clarity or volume. Hear your audio the way it was meant to be heard. 4.5"x1.5"x1", 1.5 oz. runs for 22 hrs on two AAAA batteries (included).

#3907 \$37.00

100 WATT MINI STEREO AMP

To run automotive sized speakers directly from any small portable source (radio, CD player, MP3 player, etc.) you'll need this powerful, compact 12 volt amplifier. The state of the art electronic works are housed in a sturdy forged metal case with extensive aluminum heat sinks. Features two gold plated RCA patch cables, a universal line-level input with standard 3.5mm stereo plug, and a built-in crossover/filter selector with adjustable input levels. Includes Comprehensive installation instructions. Loud stereos save lives. You provide the speakers. Easy to mount and powerful. 100 watt peak output (50 watts per stereo channel), 4 Ohms @13.8vdc. Only 4"x2.5"x1.5".

#3987 \$57.00

NOISE FILTER

If your teeth are on edge from dealing with an annoying noise in your speakers or headphones, chances are you need this. Greatly minimizes stray electrical noise or whine produced by some motorcycle ignition/electrical systems. Simple installation. Get one before you lose your mind.

#4930 \$15.00

MIX-IT2 AUDIO MIXER

The Mix-It2 is a four channel audio mixer and amplifier designed for motorcycle applications. It provides four inputs for connecting and combining signals from radar detectors, radios, CD players, MP3 players, XM receivers, talking GPSS, CBs, FRS radios, cell phones, etc. Power is supplied by an internal 9V battery (lasts about 25 hrs) or a filtered 12V external power jack that provides clean, noise-free listening. The Mix-It2 prevents feedback damage when using multiple audio sources and the internal amplifier helps portable music players sound louder, cleaner and better. Features include a power/volume control knob, two stereo inputs, two isolated mono inputs that do not require special cables for Garmin GPS and Escort radar detectors, an output jack, and "power on" and "battery low" indicator LEDs. Mix-It2's volume control allows you to mute all devices simultaneously, which is handy when with friends, in urban situations or at toll booths. 5.5"x2.5"x1", 5.5 oz.

#3950 \$159.00

COMPLY™ NR-10

What sets these apart are their foam tips. Standard issue for US Army helicopter crews who need to constantly insert and remove listening devices without irritation, they're some of the most comfortable earbuds on earth. They gently, yet securely conform to your ear canal while reducing background noise by up to 40 dB. These will increase the quality of

whatever you've been listening to without totally blocking out all ambient sound. Comes with carrying pouch and extra foam tips. 43" cable with volume control. 1/8" (3.5mm) plug.

#3014 \$79.00
Standard Replacement Tips
#3016 \$18.00
Slim Replacement Tips #3017 \$18.00

WARNING! These devices may block out ambient sounds important for safe riding. Do not use where other road users may be present. Check local laws.

IPHONE/IPOD EARSPEAKER ADAPTER

Specially designed 3.5mm stereo mini-plug that allows aftermarket headphones to fit into the smaller headphone jack on the iPhone™ and other Apple™ devices.

#3117 \$9.00

KOSS EARPLUG SPEAKERS

Earplug and earbud design helps seal out wind noise and directs speaker sounds right into your ear canal for a deep bass and greater clarity. Foam ear cushions expand slowly for a comfortable custom fit and good noise isolation. The Koss Earplug Speakers are an affordable way to experiment with sound... they are just foam

earplugs with quality, built-in speakers, and they're perfect for use in places with high levels of outside noise. Affordable, comfortable, effective. Not for Riding Use because you might get in an accident if you miss any road noises. (What about cars with air conditioning, lots of sound insulation, and big stereo systems? What about those, huh?). 4' cord.

#3081 \$19.00

WARNING! These devices may block out ambient sounds important for safe riding. Do not use where other road users may be present. Check local laws.

KOSS NOISE ISOLATING EARSPEAKERS

A truly versatile stereo phone designed with ultimate comfort and protection in mind. Includes a set of fluted silicone buds, which provide a firm, flexible seal and two sizes of conforming memory foam cushions, which expand for a custom fit and improved sound isolation. Unique speaker design directs sound into the ear canal for deep bass and extended frequency performance. Abrasion-resistant fabric-covered, 4' long cord with straight 3.5mm

jack. Includes snap-open carrying case.

#3181 \$59.00

WARNING! These devices may block out ambient sounds important for safe riding. Do not use where other road users may be present. Check local laws.

WARNING! Some of these devices block out ambient sounds important for safe riding. Do not use where other road users may be present. Some of these devices may not be legal for road use in your area. Check local laws before using. If in doubt about safe usage, do not use. We do not encourage use of some of these items on public roads. Some items may interfere with your ability to hear stuff that is going on around you, and that stuff may hurt or kill you.

3D BASS HELMET SPEAKERS

Wondering where the bass went? These helmet speakers pack a punch. A low, low-down Barry White in your bones punch. At only .5"×1.8", these will fit any helmet and will improve the sound of whatever you've been listening to. A revolution in helmet audio technology. Comes with integrated hook & loop patches and detachable 25" connector cable with volume control. ...I can't get enough of your love, babe...

#3967 \$57.00

AEROSTICH HELMET SPEAKERS

Inexpensive, wafer thin, compact, felt-lined stereo speakers that press into your helmet's ear pockets or hang in the helmet lining with accompanying hook and loop pads. Both speakers plug into the included 40" cord, which features a spring clip for attaching anywhere. Reasonable sound quality, but the most important aspects are the price, they fit anywhere, and they plug directly into any player with a 1/8" (3.5mm) headphone output jack. 2"×2"×.25", 1.75 oz.

#3915 \$17.00

AEROSTICH EARPHONE CORD

Perfect for making the connection to your helmet or earphones. Stretchy, light, and flexible, yet still substantial enough to hold up to stress and wind turbulence. The two foot is just long enough to perfectly connect tank bag or bar mount audio to helmet or ear speakers. Length listed is coiled (not stretched). 3.5mm (1/8") plug and jack ends.

2' #2353 \$4.50
4' #2313 \$5.50

ULTRA-SOFT EARBUD ADAPTERS

Earphone adapters designed to feel better, sound better and stay in place. Uniquely designed of hypoallergenic silicone, the flexible fin design better conforms to the ear for all day comfort. Provides superior audio experience by properly channeling sound inside the ear canal, while securely blocking outside noises. Stay in place, even with extreme riding activity. Fit most earbud headphones and Bluetooth headsets. Two sizes included (size 4 and 5), with the larger (size 5) pair offering the greatest degree of sound isolation. Two pair. White or Black.

White #3051 \$17.00
Black #3151 \$17.00

ETYMOTIC MC5 HIGH-DEFINITION EARPHONES

Tight, accurate bass with crystal clear high-frequency detail is the sound delivered with these best-in-class earphones. Includes an assortment of ear tips for a secure, comfortable and customizable fit with industry leading noise-isolating properties, reducing ambient noise by 35-42 dB. A Kevlar® reinforced 4 foot cord with built in cable slider ensures durability and accurate sound quality for many riding seasons of listening pleasure. Includes zippered nylon carrying case, Three pairs of replacement ear tips (3-Flange, Foam and Glider styles), adjustable keeper-clip, filter removal tool and replacement filters. 48" cord, 1/8" (3.5mm) headphone jack.

#3134 \$79.00

WARNING! These devices may block out ambient sounds important for safe riding. Do not use where other road users may be present. Check for local laws.

KOSS EARSPAKER VOLUME CONTROL

All headphones and ear speakers should have volume controls. This compact thumbwheel control box may be used inline or mounted anywhere handy using double stick tape or adhesive hook and loop. Volume adjust wheel is easily controlled with a gloved finger. For all 3.5mm stereo jacks. 1.75"x.75". Cord length: 39".

#3855 \$12.00

ETYMOTIC HF 5 EAR-SPEAKERS

No compromise, high-performance noise-isolating earphones that deliver best-in-class benefits at an affordable price. These comfortable wearing earsets reduce external sounds by about 35-42 dB which surpasses even active noise cancellation systems (for comparison, the Koss blocks about 8-12 dB). These fill that silence with an extended high frequency range and an excellent deep bass response. The overall fidelity of sound reproduction will amaze you. Includes nylon travel pouch, three pairs of replacement ear tips (3-Flange, Foam and Glider styles), adjustable keeper-clip, filter removal tool and replacement filters. 48" cord, 1/8" (3.5mm) headphone jack.

#3135 \$149.00

ETYMOTIC ER 4 MICRO PRO EARSPKERS

An investment quality earspeaker for musicians, sound engineers, audiophiles and discriminating motorcyclists. Featuring balanced-armature, precision-matched, custom-tuned drivers, these earspeakers offer unsurpassed frequency response accuracy and sound quality..you'll immediately notice a richer texture of nuances, shadings, hues and

details. Sounds you've never heard before. Superb noise isolation characteristics reduce unwanted outside sounds by as much as 98% (35 dB to 42 dB) while delivering a world-class auditory experience. Comes with a complete array of adapters and accessories to enhance and personalize the fit and comfort. Includes hard cover storage case, nylon travel pouch, airline adapter, 1/4" stereo plug, shirt clip, filter tool with extra filters and an assortment of replacement ear tips. 60" cord with standard 1/8" (3.5mm) headphone jack.

#3136 \$299.00

EARSPAKER PROTECTOR CASE

Keep ear speakers and cords safely tucked away in this convenient holder. Opens and shuts like an old-school coin purse. Soft, durable plastic. 4.25"x2".

#4411 \$4.00

WIRE WRAPPER

Quickly stow away excess cord for your earbuds, headphones, electrical wire, etc., with these handy wire organizers. Flexible, virtually indestructible, and useful. Set of 3; black, red, white. OK, that's a wrap (sorry...). 75"x.9"x.25".

#3841 \$14.00

DRIFT HD170 STEALTH CAM

Get more of what you want with this rugged full 1080p HD capable action camera packed with loads of features in a compact, water-resistant, go-anywhere design. Mounting options galore, including handlebar, helmet and goggle mounts, as well universal mounting straps and tripod adapter, come standard to maximize capturing unique POV ride footage. Record at up to 170° wide-angle field of view (127° in 1080p at 25/30fps, 170° in 720p at 25/30/50/60fps), as well as 5 megapixel still photo bursts, at nearly any mounting position, angle or location with a lens that rotates up to 300° to adjust image orientation. Simple to operate with large glove-friendly on-camera push buttons or activate on-the-fly (record/stop) with the wireless RF remote control mounted to your wrist or handlebars. Immediate gratification included with the 1.5" LCD color screen and built-in internal speaker for instant video playback. Rechargeable Lithium Ion battery provides up to 4 hours of continuous recording time and the internal 32MB memory is expandable up to 32GB (8 hours of HD recording time) with optional SD memory card. PC & Mac compatible. 5.25"×1.25"×2", 4.9 oz.

#3141 \$369.00

GO-PRO HERO CAMS

Capture amazing wide angle video next time you dance through the twisties or smoke down the track. This tiny 100% waterproof camera mounts almost anywhere with included multiple quick-release base plates. Strap one on your helmet, gas tank, windshield, fairing, or anywhere the action's sure to take place. Developed at the track, the rugged camera is safely sealed away from

dirt, dust, moisture and vibration inside a specially designed case. All camera controls are easy to operate, even with a gloved hand. Capture up to 170° wide angle 1080p/960p/720p HD resolutions at 30 FPS for up to 2.5 hours on a single charge and up to 6 hours on a 32GB SD card (not included). The built in microphone has an adjustable recording level to capture every grunt, squeal and stroke of riding to the limit. The HD2 version also features an external stereo mic port and well as a truly professional quality lens that is 2x sharper than the standard HD model. Both cameras double as digital still cameras with several shooting modes to capture all the riding action, the HD shooting at 5MP and the HD2 capturing amazing 11MP resolution. Includes multiple base plate, suction cup, adhesive mounting options and a rechargeable Lithium Ion battery. PC and MAC compatible with no extra software needed. Easy operation. Small, unobtrusive, inexpensive memory-making with quality to the max.. 2.4"×1.6"×1.2", 3.3 oz. (5.9 oz. including housing).

HD 1080 #3643 \$240.00
HD2 1080 #3143 \$300.00

EPIC VIDEO CAMERAS

Here's an idea: Record everything, all the time, for every ride - no matter how ordinary. Documenting like police and patrol car cams do, so if something goes bad that is not your fault, you'll have indisputable legal evidence. Think about that. It will contain proof that will stand up in court. Both of these Epic cameras are compact enough to mount anywhere and rugged to withstand everyday, any weather use. The D1 features a wide angle 45° lens and captures high quality video at 720x480 HD resolution at 30 FPS. Powered by 2-AAA batteries it accepts up to a 16GB SD card for up to 26 hours of ride footage, operated by a simple two-button activation switch. The HD model sports an ultra-high quality 170° IR coated lens and records in amazing 1080P 30 FPS resolution and will fit many recorded hours onto an optional 32GB SD memory card. Flip mode allows for upside down mounting to further expand the capture possibilities. Powered by 3 AAA batteries it offers long recording times matched with peerless image quality. Both cameras include batteries and come packaged with multiple straps and mounts for creative camera placement. D1: 3"×1.4"×1.4", 2.4 oz. HD: 4.25"×1.25"×1.6", 2.8 oz.

Epic D1 #3144 \$80.00
Epic HD #3145 \$220.00

GO-PRO LCD BACPAK

Immediate video gratification is at your finger tips with this detachable LCD screen for 1080p HD GoPro Hero cameras. Small and lightweight, with a single button to operate, the screen allows the option of video viewing and playback. No more missed shots or bad angles thanks to on-the-fly action preview. Includes waterproof and non-waterproof doors for both the camera and wrist housings. 4.3"×6.25"×2.8", 5.9 oz.

#3142 \$89.00

TELESCOPING MONOPOD KIT

No helpful passerby to take your portrait, and you don't want to end up with the dreaded "arms length, self-portrait, big ol' head, no background" effect? Ahem... Just set your timer and you're ready to go. Mini-tripod included so you can quickly turn the monopod into a telescoping tripod. Also comes with pocket clip, hiking clip, wrist strap and carry bag. Intended for use with smaller cameras, not full-size SLR's, etc. Securely holds up to 4 lbs. 36.5" extended, 7.5" retracted. 3.5 oz.

#2691 \$29.00

CONTOUR ROAM HD CAM

They say a camera is only as good as its lens... This one has a good one, plus dual lasers that indicate where the camera is pointed, and if it is level. Both the lens and capture card rotate together on a 170° pivot, allowing the camera to adjust and balance itself. The self-focusing lens has a focal length from arm's length to infinity while capturing at up to a stunning 1920x1080 30/25 FPS full HD video resolution to an optional 32GB microSD card. Simple to slide, instant-on switch means no unnecessary buttons to fiddle with while riding. The rugged aluminum chassis uses a sealed gasket for complete protection from water (waterproof to 1 meter), mud and dirt, ensuring quality video of any ride, in all conditions. Records up to 8 hours of HD video with the rechargeable battery lasting for up to 3 hours before needing a top-off. Capture still images in crisp 5MP resolution too. Comes with rotating surface mount and profile mount. USB cable included. Mac and PC compatible. 3.9"x2"x1.3", 5.1 oz.

Contour ROAM HD #3146 \$200.00

CONTOUR GPS HD CAM

Offering a video experience like no other, this revolutionary, low-profile wearable camera adds a completely new dimension to your video stories with a built-in GPS receiver to track your location, speed, and altitude while also recording in beautiful hands free HD. Add an optional Connect View card to the camera and download the Contour Mobile App to your iPhone or iPod Touch to stream real-time video directly to your screen, allowing you to line up the shot, adjust settings (video, lighting and audio), check the battery life and see if the GPS signal is locked, right on your touch screen. Very cool been there, rode that, and have the kick-ass video to prove it technology. A single oversized switch makes recording operation simple, even with gloves on, and the rotating 135° wide-angle lens with two level adjusting lasers assure you capture the perfect shot in stunning 1080p resolution. Choose between 3 resolutions, 2 frame rates and a still photo mode to capture all of your ride video and audio on the included 2GB microSD card (expandable to 32GB, for up to 8 hours of HD recording). Rugged, water resistant aluminum body construction. The easy-to-use StoryTeller editing software (Mac & Windows) brings video and location together with ride footage interacting with a side-by-side, on-the-fly overhead map view. Includes two Surface Mounts, one Goggle Mount, Rechargeable Lithium Ion Battery (lasts up to 2.5 hours per charge) and USB cable. 3.74"x2.3"x1.3". 5.3 oz.

CONNECT VIEW

Contour GPS HD Cam #3132 \$300.00
Connect View #3140 \$30.00

CONTOUR CAM HANDLE BAR MOUNT

Securely attaches to motorcycle handle bars to allow the Contour Cam to become one with the bike. Mount opens up to wrap around tubing and holds tight via an adjustable compression system. Fits handle bars between 7/8" and 1.25" diameter.

#3039 \$30.00

MEMORY CARD PROTECTOR

A mini fortress for all your multi-media cards. Protects against dust, humidity, shock and electrostatic charges. Four multi-card compartments organize and hold SD, Multimedia, Compact Flash, Memory Stick or SmartMedia cards. Holds up to four different cards per compartment for a total of 16 cards. 4"x3"x1", 3.2 oz. Green.

#9101 \$28.00

ULTRA MOUNT

An extremely well-made and ingenious clamping/positioning device. The base is an aluminum extrusion that will accommodate and grip either round tubes or flat shapes to a maximum diameter of 1.5". Atop this is a swiveling,

indexable plate sporting a ratcheting "knee" that supports a locking ball-mount with a finger dial and a 1/4"-20 screw at the top. Intended for mounting a camera, the versatility of this adjustable mount suggests a multitude of uses.

#2677 \$32.00

ULTRA PODS

Ever return home from a trip only to find that all of your photos are of the scenery and the other members of the group, but not you? These handy little tripods are perfect for stowing in a camera or tank bag so it's at-the-ready to help capture a group shot or portrait at that stunning vista when there aren't any camera-friendly tourists to employ. Light and strong, these tripods feature a unique ball and socket camera mount assembly, foldable legs and a hook & loop strap. Compact and functional. Black. Small: 4.75" high, 4"x2"x1.75" folded. Large: 6.25" high. 7.25"x2.25"x2" folded.

Small #3960 \$18.00
Large #3961 \$22.00

FAT GECKO CAMERA MOUNT

Just like its namesake scaling up a wall, this mini camera mount sticks to nearly any smooth surface. Unique locking suction cup secures it into position on a helmet, fairing or tank, while the universal tripod mount screw keeps any camera or camcorder locked and loaded to capture all the riding action. Moves quickly and easily from surface to surface. Durable construction and 360° tilt, turn and rotation arm, along with an included 3" extension tube offer shooting possibilities limited only by your imagination (and possibly local laws...). Holds up to 4 lbs. 3.4"x4.5"x8.5" (with extension), 11.5 oz.

#3690 \$40.00

SNAP-BACK CLASSIC CLOCK/ THERMOMETER

A 1.3" face design allows easy reading of these super accurate gauges. Water resistant to 3 ATM, the weatherproof anodized alloy case withstands shock and abuse and the non-oil filled thermometer uses German bi-metal technology to accurately display temperature readings from -20 to 140 degrees Fahrenheit. The rugged clock will provide up to 4 years of time keeping with the included, easily replicable button cell battery. Comes ready to install anywhere as a stick-on mount, or use with a Snap-Back Bolt-On Kit (#3649) to attach as a standard 1/4" post-type bracket. Choose silver body with white face or black face and body. 1.7" case.

- (A) White Clock #3651 \$39.00
- (B) White Thermometer #3650 \$39.00
- (C) Black Clock #3920 \$39.00
- (D) Black Thermometer #3919 \$39.00

SNAP-BACK BOLT-ON KIT

Mount any Classic or Luminescent gauge with this stainless steel, stem-and-barrel design mounting kit. Attaches to any 1/4" bolt or screw on your motorcycle, for endless mounting options. Includes a stainless steel ring, hex tool with mounting screws and screwdriver kit.

#3649 \$18.00

CHROME DOUBLE MOUNTING BRACKET

A rugged 1/8" steel, show-quality chrome plated mounting kit for mounting two clocks, thermometers, or other gauges (with a standard 3/16" post-type mount) side-by-side. Easy to install. 2.625"x.5".

#3930 \$15.00

DIE CAST HANDLEBAR MOUNT

A handy, attractive mounting bracket for adding a clock, thermometer or other gauge with a 3/16" post-type mount to your bike's handlebars. Mounting hardware included. Fits 7/8" or 1" Bars.

#3929 \$20.00

LUMINESCENT CLOCK/THERMOMETER

With rugged and stylish 1.45" stainless steel cases, the clocks both offer 24 hour markings and feature push-button electro-luminescent backlight dials and LumiNova hands for easy nighttime viewing. Shock-resistant and water resistant to 3 ATM, with a 3 year button cell battery to display accurate time in all riding conditions. The matching thermometers are oil filled and offer total vibration and water resistance with a large, easy reading numbers on a 1.22" face. Super accurate temperature readings from -20 to 120 degrees Fahrenheit. Mountable anywhere with the included screws and standard post-style bracket. 1.45" case, 1.22" face.

- (A) White Clock #3918 \$69.00
- (B) White Thermometer #3648 \$69.00
- (C) Black Clock #3645 \$69.00
- (D) Black Thermometer #3647 \$69.00

AEROSTICH HANDLEBAR CLIPS

An accurate, durable, easy-to-read liquid-filled compass that simply clips onto any 7/8" or 1" handlebar. Luminous 1" floating dial on jeweled pivot provides smooth rotation. Easy to remove and replace, the compass clip needs to be removed for accurate readings. Weighs only a few grams. Also as accurate and durable as the compass, is an easy to read, liquid filled -20°F to +160°F thermometer. It too clips onto any 7/8" or 1" handlebar. One inch diameter dial. The clock clip is specially made for us and features a sweep-second quartz movement that is not really intended for outdoor use but the prototype survived two seasons on Ed's 500 single so we think it's OK. YMMV, however.

- Compass #2203 \$10.00
- Thermometer #2212 \$10.00
- Clock #4230 \$18.00
- Set of All Three **SAVE \$6.00** #4282 \$32.00

SNAP-BACK WRIST WATCH KIT

Glance at your wrist and instantly know the time or temperature with this Snap-Back Clock/Thermometer conversion kit. Sure, there's an app for that, but the classic styling of the 32mm heavy duty NATO style band affixed to the rugged Black or Polished Stainless Steel 1.75" diameter back covers any Snap-Back capable gauge into a full function, and sweet looking, wrist accoutrement. Includes easy instructions and complete parts kit.

- Polished Stainless #3652 \$59.00
- Black #3653 \$49.00

MINI REMOTE THERMOMETER

Designed for indoor use and panel mounting, but is easily adaptable to a variety of moto applications. Suction cup on back for easy mounting to any smooth surface. The LCD screen is 1.6"×.6" and the case is about .5" deep. Its stainless steel remote probe is on a 3' cord. Tenth of a degree accuracy between -58°F and +302°F. Quick interval refreshing display changes from °F/°C with the push of a button. Runs for a long time on an included button battery.

#4268 \$24.00

LIQUID CRYSTAL TEMPERATURE STRIPS

These UV, water resistant, adhesive strips precisely and reliably display the temperature. They permanently mount anywhere with adhesive backing or for a temporary mount, adhesive hook & loop is included. Perfect for a tank bag map window or the left sleeve hook and loop on Roadcrafter and Darien Suits. Four strips: 26°-56°F, 58°-88°F, and 90°-120°F in 2° increments, and 15°-100°F in 5° increments. 5"×0.5" each.

#4226 \$10.00

AEROSTICH ZIP-O-GAGE

Handy pendant thermometer snaps onto zipper pulls, etc. The thermometer is sealed inside a protective acrylic case, and has a handy wind chill chart on the back. Hang from a pocket zipper or stick on your bikes dash or pack inside your sleeping bag or tent. 2", 1/3 oz.

#2208 \$6.00

HYGROMETER THERMOMETER

This matchbook-sized unit allows you to monitor humidity and temperature at the same time on its easy-to-read oversized display. Also good for food, wine cellars, plants and cigars and other items that require specific climates to retain their quality. Can stand on its own or stick to any surface with included double-stick tape. Operates on one watch battery (included). 2"×1.5"×.6", 1 oz.

#4266 \$15.00

STICK ON THERMOMETER

Cheap. Accurate. Analog. Two inch diameter. Nicely indexed. Stick it anywhere. -40 to +120 F. One moving part tells you how hot/cold/nice/miserable the temperature is. Colors vary. 2" diameter.

#4202 \$5.00

MOTOFIZZ THERMO CLOCK

This stick-on clock/thermometer instrument is water resistant and provides the ambient temperature and current time at a glance. Accurate to +/- 1°, it can be set to read in C or F and will display time in either 12 or 24 hour formats. Only 1.5"×1.75"×.63", the Thermo Clock is removable from a snap-in bracket (for remote use or theft prevention) and there's also a neat auxiliary mounting base to help angle it for easier viewing. Sixteen min/max memories let you know how hot or cold it was at different times. The included button battery runs it for about a year. Range is -40°F to +137°F. An Aero RWH favorite.

#4222 \$32.00

SPOT CLOCK

Only .85" diameter and colorful, this little clock can be stuck anywhere you need an accurate and tough timepiece to refer to. The rotatable bezel and face are easily read, and the alloy case and stainless steel back ensure waterproofness equal to 99 feet, enough to deal with chaotic climates whilst computing chronometric cycle calculations.

Black w/Black Face #3926 \$25.00

Black w/White Face #3927 \$25.00

NEXUS COMPASS

An easy to read, dependable all-weather backup or a primary navigation tool. This tiny Micro model is just 2.1"×1.3"×.4", making this quality liquid filled nav instrument the perfect precision backup for maps and GPSs. Fits into a tank bag or sleeve window pocket perfectly.

#4255 \$14.00

MOTO COMPASS

The first motorcycle-specific magnetic compass that can be calibrated while mounted on your bike (using compensation screws on the side of the unit). This makes it much more accurate on every heading. Proximity to metal gives most smaller compasses a terrible fit, but not this one. And the other compensation-adjustable compasses are much larger. With this you can become lost in much more interesting places, no matter what direction you may be riding. Mounting bracket included. 1.65"×1.5".

#3295 \$65.00

SUUNTO VECTOR

This device is made in Finland where orienteering is the national sport. Not only does the Vector tell time in 12 or 24 hour formats, it has a stopwatch, a countdown timer and a calendar programmed to 2089. It also tells you where you are with a highly accurate digital compass that shows bearings in degrees or half-cardinal points. There is also a declination adjustment and a level window to get the unit within +/- 2-3 degree accuracy. The compass has a bearing tracking function which displays the locked bearing, the actual bearing, and the difference between them. As an altimeter, the Vector will tell the altitude to 29,500 feet in 10 foot divisions and relay the rate of ascent or descent in feet or meters per minute. An automatic 24-hour memory stores altitude and ascent/descent rates. The Vector also acts as a barometer, displaying the full range of atmospheric pressure. A differential measurement allows zeroing of the barometer following overnight changes, and a 4-day log provides data on the pressure changes in hour intervals for the last six hours elapsed, then in six hour intervals. All this is packaged in a waterproof housing that is electroluminescently backlit. An amazing amount of useful data acquisition in a compact package. Black or Yellow. 1.9 oz. 1.25" face dia.

#2132 \$219.00

CODE BLUE TRASER MILITARY

Since 1989, the U.S. Army has specified the use and manufacture of this type of self-emitting illumination for its timepieces to ensure that soldiers can read their watches in the blackest of night. Bright blue Trasers mark the hour, minute and second hands, as well as at the 1-11 hour positions. Green and orange Trasers mark the 12 o'clock position. Made to the highest military standard from the very best materials, this is the same watch currently used by many US police forces, the British Special Air and Boat Services, US Navy SEALs, the French Foreign Legion and other leading specialist services throughout the world.

Swiss made with superbly accurate quartz movement.

Lightweight, rock-hard carbon fiber case with mineral crystal and moisture-wicking band. Water resistant to 100 feet. 1.25" face dia.

#2137 \$229.00

SIGMA SPEEDOMETER

Just the thing for when you want more info and accuracy than most motorcycle speedos will tell you. Compact unit featuring separate odometer logs and auto stop/start, current speed, average speed, maximum speed, and average speed comparison. Trip distance, total distance, ride timer, stopwatch, thermometer and a clock are also included. All these functions can be reset independently of each other, lessening confusion.

Oversize backlit LCD speedo reads up to 199 mph (or kph) and updates instantly. A button battery supplies power for a full year of riding and is easy to replace. Watertight construction ensures durability. Also features a backup storage chip and PC connectivity for trip data analysis. Instructions explain easy and precise tire calibration using circumference. If you're gonna ride 9 mph over, make sure you really are doing exactly 9 mph over. It's also great to be able to see your seasonal and annual big trip mileage independently and without calculation. A powerful and tiny computer that will give the traveler valuable information on speed and time. Includes a sending kit with an extra long pickup wire. 1.5" x 1.75" x .5".

#2151 \$45.00
Light #2133 \$10.00

ULTRALIGHT MILITARY WATCH

An abundance of elaborate, high-end military field watches are available today, made with state-of-the-art materials and loaded with advanced features. This watch ain't one of them, but it is a nice, affordable analog timepiece with such practical features as: Accurate Japanese quartz movement, date function and water resistant to 100 feet. The black nylon band fits comfortably around the wrist, or with an additional hole or two punched in it, can be adapted to secure around your handlebars. The medium size black watch face has a 1.25" diameter with white luminescent numbers and dials for easy reading day or night. Added value comes in the packaging, a surprisingly rugged, transparent, water resistant plastic case perfect for storing phones, portable electronics, a wallet or sunglasses. Neat. Case measures 6" x 3.25" x 1.5".

#2119 \$29.00

ATLAS TITANIUM

A solid titanium case with an anti-reflective tempered mineral crystal, oversize superluminous numbers (and hands) and a shoulder guarded screw-down crown. Now check out the price. This modern interpretation of the classic field watch makes sense. It's light, tough, waterproof and inexpensive. Its accurate quartz movement is from Japan, there is a date function, and the case is tested waterproof to 330 ft. Unbeatable. Black Cordura band. 1.25" face dia.

#3876 \$129.00

PATHFINDER TI ALARM

Solid titanium construction and an alarm! What more could you possibly want? A 990R? Quiet back there... This is another fine St. Moritz watch, simply designed and robustly built for years of service. Water-resistant to 330 ft (!) and featuring Blackout Superluminous technology (which automatically keeps the dial backlit up to 8 hours), this watch is right at home on the wrist of the long-distance and adventure rider. Its snooze equipped alarm will let you know when "hit the road" time has arrived. The quartz movement moves hands on a clear, easy to read dial. Simple yet beautiful. Kevlar strap. 1.25" face dia.

#2130 \$169.00

STRIKEALERT

So you're happily riding out in the great wide open and you notice a storm approaching. It's a beautiful scene... just you, an approaching storm, and a 500 lb lightning rod under your body. FEMA estimates that strikes kill 200 people and seriously injure 750 more per year – including the occasional rider. Protect yourself with this detector. It will let you know if a storm is approaching or departing, and will alert you of approaching strikes up to 40 miles away. A good thing on a grey wet day or long night ride. We have

no clue how this thing works, but it really does. Small, dependable, accurate and effective. Comes with belt clip, and easy to use bar or fairing mount. Included batteries last up to 100 hours. 2"x2.75", 3 oz.

#8236 \$79.00

5-FUNCTION DIGITAL METER

Info galore in a compact, digital format that could fit nicely in your bikes' cockpit. Two thermometers incorporating an ice/freeze alert, a voltage meter, a three-LED battery condition meter, and a combination clock/stopwatch that operates in either 12 or 24 hour formats tells you a lot about your surroundings, the time, and the condition of your charging system. A "black ice" alert flashes when that hazardous road condition threatens. Temperature minimums and maximums can be stored in memory and cleared easily. Not extreme weatherproof unless modified (open, fill with silicon sealant, close.) 5.5"x1"x.75".

#4632 \$39.00

AEROSTICH ACCESSORY MOUNTS

Here's a handy, inexpensive way to easily mount switches, accessories and other such farkle to your motorcycle. Find the desired mounting location and zip into place with the included mounting strap. Includes 4 mounts, 8 straps and 8 pieces of shrink tube wrap. Place the shrink tube near the lock and it will grip your handlebars a lot tighter. 1/4" diameter mounting hole.

#4999 \$15.00

SUUNTO FOAM BAR MOUNT

This shaped neoprene hard foam block puts a Suunto wrist computer (or any similar sized wristwatch) on your handlebars. Adjustable viewing angle.

#2143 \$12.00

WRISTWATCH HANDLEBAR MOUNT

This was intended to mount one of those heart-rate monitor things on a bicycle, but it makes a slick little handlebar bracket for mounting a watch to your motorcycle's handlebars. Sturdy, simple, and made of recycled plastic.

#2632 \$12.00

"Media produces a product designed to deliver an audience for an advertiser. That model screws up everything. At some point one becomes allergic to it. And that's more than a metaphor. It is a cognitive allergy that works exactly like how plant, animal and food allergies work. A little of something is tolerated, but at some point it becomes too much and one gets allergic to whatever.

In marked contrast are activities like (...one example of an infinite number) riding. It produces dopamine and we end up more and more transcendent, the more we ride. It's good for us."

—Mr. Subjective, Oct 31, 2011, email to Jeff Lee

Aerostich products continue to provide outstanding performance for everyday riding and long distance traveling. Today's Aerostich suits are advanced versions of the world's first synthetic textile protective riders clothing. Since creating the Roadcrafters in 1983, our mission has been to make each new garment a demonstration of function and sewing quality.

ONLY THE BEST

We use the best of materials to manufacture our products: Genuine YKK® Zippers. High quality hook & loop. Gore-Tex® breathable/waterproof fabric. Polartec® fleece, WINDSTOPPER™ fabric, etc. The Aerostich **TLX**, **TLX**, and **TF** labels on some materials allow us to provide products free of outside restrictions. **TLX** stands for 'Trademark License Technology' and identifies three thicknesses of the best polyester fleece. **TLX** is short for 'Trademark License Textile', and it is an advanced and high quality breathable/waterproof laminate fabric.

NO DEALERS?

Our Aerostich gear manufacturing costs are close to the catalog prices, so there would be little profit for dealers and distributors. Expert service and handmade quality is the first priority. Using the best materials and methods costs more, but helps gear last longer and work better. Each Aerostich design prioritizes function and durability over ease of assembly. You are buying direct at factory direct prices.

RiderWearHouse catalog items make riding better. Many are hard to find elsewhere and a few are widely available, but all include skilled order processing, careful packing, accurate shipping, competent customer service and devoted product support. We inventory everything we sell to provide unmatched factory-direct service and lower prices.

www.aerostich.com

This entire catalog and more is accessible through our website. It features secure online ordering; additional products not in this catalog, closeout, overstock, and sale items; real-time live camera of our order-processing area; and helpful tips for buying and riding with our gear.

HELP US EXPAND OUR MAILING LIST

If your club or organization provides us with member names and addresses, we'll contribute a RiderWearHouse gift certificate worth ten cents per name to the individual or organization of your choice. Each person on our mailing list receives an annual catalog and holiday flyer. We will not rent or sell your information, but we may share your information with cooperative databases. Please go to www.aerostich.com/donotsharemyinfo to opt out.

FREE CATALOG

To receive a free copy of our catalog, please see our website: www.aerostich.com/freecatalog or call 800-222-1994.

MONEY BACK SATISFACTION

If you are dissatisfied with any RiderWearHouse item or Aerostich product we will make it right. You may return your purchase for a full refund (or an exchange) within 30 days as long as everything is in the same condition that it was received. Products returned after 30 days are subject to a restocking fee. Send items insured and prepaid, please include invoice number and reason for return. Exchanges and returns are processed quickly.

PRICING AND DISCOUNTS

Aerostich/RiderWearHouse provides a 10% discount to MSF instructors and to selected OEM and motorcycle industry persons. We also offer a 10% discount on all regularly priced items purchased from the store located at our shop. These special prices encourage product placements that we hope will result in additional exposure for Aerostich gear. Rider-to-rider endorsements and referrals help introduce our products to potential customers.

SALE ITEMS

A weekly list of irregulars, returns, discontinued merchandise, closeouts, and sale items is available by e-mail. See website for details.

OUR SERVICE IS FAST

Everything in this catalog is inventoried at our shop. Our stock is updated and replaced every day. Orders received before 3:00 pm (central USA time, -6hrs GMT) are packed and shipped the same day. If an item is not available when your order is received, we will ship it in a reasonable amount of time or notify you. For order status, updates and package tracking information call: 800-222-1994 or email: service@aerostich.com.

CUSTOMER SERVICE

Many of our order processing staff are experts on Aerostich gear, with five or more years of experience. If you have a question, please call us: 800-222-1994 from 8am to 6pm Mon-Fri. 8am-2pm Saturdays (April 1st-November 1st only.) (North American CST, -6 hours GMT).

WHO'S ON THE COVER? WWW.AEROSTICH.COM/PHOTOS

Want to know whose photo that is on the front of our catalog? You can view all of them in our Customer Photos section—even those from previous catalogs.

SEND IN YOUR PHOTOS PHOTOS@AEROSTICH.COM

Do you use your gear in a unique way? Do you have a favorite road or vista? What does your daily commute look like? We prefer digital photos (bigger-the-better), but 35mm slides and prints are also accepted. Be sure to include your name, home address, date and location of the photograph, and any other important information about the image along with your submission. Email them to the address above, or mail to Catalog Photos, 8 South 18th Ave. West, Duluth MN 55806, USA

SEND IN YOUR STORIES EDITOR@AEROSTICH.COM

The RiderWearHouse catalog wouldn't be the same without the many quality contributions over the years...customer photos, quotes, stories, and gear tips. We invite you to join in that tradition. Send in photos and/or stories from your adventures and misadventures. Share your unique perspective on the ever-changing world we as riders encounter. Help provide fellow riders with tips and recommendations. Consider this an open invitation to share your seditious views with the world.

MR. HAPPY

Share your Mr. Happy experiences or just see what he's been up to by visiting his website at: www.aerostich.com/mrhappy or follow the antics of @MrHappyPuppet on Twitter.

WEBCAMS WWW.AEROSTICH.COM/WEBCAMS

See Aerostich in action. View our order processing area, shipping area, and our motorcycle parking area outside the building.

GIFT CERTIFICATES WWW.AEROSTICH.COM/GIFTCERTIFICATE

Can't figure out what to get the rider that has everything? We can send gift certificates via mail or email.

SALE ITEMS WWW.AEROSTICH.COM/SALELIST

Check out our full list of sale items. Save on everything from small products (cruise controls, DVD's, etc.) to our Roadcrafter and Darien suits. And be sure to sign up to receive featured sales by email.

EASTER EGGS

There are all kinds of hidden nuggets of wisdom, fake products, readings, insults, commentary, odds and ends, etc. not found in this print catalog for you to discover.

RIDER REVIEWS

Learn from real world, in the field, and on the road experience with all of our products. Have an opinion or some helpful tips on our products? Reviews and ratings can be added to any product on our website.

MAGAZINE REVIEWS WWW.AEROSTICH.COM/MAGREVIEWS

See which Aerostich products were featured in magazines throughout the US and other countries.

Aerostich products are built to be the best tools available for all riding in all environments to all types of destinations. If you have a question about anything you see, give us a call or send an e-mail. We hope you'll give some of these products a try and our company a chance. Thanks for looking through this catalog, and Good Riding!

WARNING!

Items with orange product numbers are fictitious and are for entertainment purposes only.

☞ = SURFACE SHIPPING ONLY

CAUTION: Operating a motorcycle involves an element of risk for the operator and others. Evaluate the information in this catalog carefully. The individuals and companies making the products available here do not guarantee protection from possible damages or injuries resulting from your use of their products.

MADE IN USA

Aerostich products are sewn together with care and craftsmanship by a team of experts who are proud of the quality they build into each product. We know that you will enjoy our fine products even more because of the extra time and effort we spend in designing and building them. Most of the items in this catalog (about 70%) are made in the United States. If you have questions about the origin of any catalog product, please contact us.

LIMITED GUARANTEE

To the original purchaser, Aero Design & Mfg. Co., Inc., the manufacturer and seller of Aerostich products, guarantees all Aerostich products against defects in materials and workmanship for two full years. Since no Aerostich product is indestructible, this guarantee does not cover: ordinary wear, soiling and aging, or damage due to contact with superheated components, misuse, or accidents. Repairs due to normal wear and tear, or the result of accidents, will be done at a reasonable charge. Items sent for repair must be clean.

LEGAL NOTICE

Aerostich garments are not considered to be personal protective equipment as defined in or within the scope of the personal protective equipment (EC Directive) regulations 1992 (S.I.1992/3139). No liability will be accepted arising out of these garments' non-compliance with such regulations.

CORPORATE/PRIVATE LABEL/GROUPS

Some catalog items and products are available with special labeling, packaging or incentive programs. For details please contact our specialists at 800-222-1994 from 8am to 8pm (North American CST, -6 hours GMT) or by e-mail at info@aerostich.com.

SPONSORSHIPS

Support availability is always limited to Aerostich internal resources and requirements. We provide a limited number of professional riders with discounts and test items. Aerostich provides door prizes to many touring rallies and events. We cannot, however, provide prizes for all event requests. Aerostich/RiderWearHouse supports charities including the Pony Express (fundraiser for breast cancer research), The Ride(s) for Kids, and others, with prizes, contributions or participation. We also support the AMA (American Motorcyclist Association) and RTW (Ride to Work) as a corporate member, the MRF (Motorcycle Riders Foundation) and MIC (Motorcycle Industry Council) as a member. We are also a member of many national riding clubs including HOG (Harley Owners Group), BMWMOA (BMW Owners of America), HSTA (Honda Sport Touring Association), and others.
