“Manure, lilac, skunk (twice), dead things (more than twice), wood smoke, tilled soil, asphalt, freshly cut wood, grilled meat, car exhaust, and, I SWEAR...plants/crops growing. All the odors experienced on a gorgeous evening motorcycle ride thru the countryside tonight with Jon. You really have no idea the smells you miss riding in a car...”

—New rider Sarah Smits, to friend Deb M, 5-14

TL^{EC} FLEECE 101

TL^{EC} 100: WIND BLOCKER (Blue or Cayenne): A warm, soft, and comfortable all-purpose two-sided fleece that features a thinner micro velour outer face with a moisture wicking mesh back side. It is slightly thinner than the others, but it blocks most of the wind, and offers 2X faster moisture wicking than other windproof fleeces. Its hidden stretchy membrane offers notable breathability for all day comfort. The thinnest, most packable of these three, it also wins a silver medal for warmth.

TL^{EC} 200: WIND PRO (Grey): A new, denser, "super fleece" that is extremely breathable yet provides 4x better insulation and draft resistance than traditional fleece, with increased durability. This medium thickness two-sided grey heather fleece features a soft, smooth midweight

low velour face outside, and an even softer, fuzzier velour back side. It provides the thickest, bulkiest insulation and is the most breathable of the three.

TL^{EC} 300: SOFT SHELL (Titanium): This beefy fleece blocks 98% of the wind, and offers faster moisture wicking and improved breathability. Outside is a tight, smooth, mat-finished face and there's a warm, cozy high loft fleece inside. The Soft Shell is excellent for off-bike wear because of its luxurious lofty inside, and wears amazing as a mid-layer because your riding gear slides so easily against the smooth outer surface as you move. It's in the middle as far as packing small goes. Our warmest/most advanced fleece.

WIND PRO

WIND BLOCKER

AEROSTICH FLEECE SWEATERS

This comfortable sweater is the perfect layer for traveling, especially on chilly mornings or through sudden temperature changes. The offset front zipper reduces multi-layer "zipper stacking." A deep placket provides adjustable comfort, and details like the wind-proof stand-up collar and lycra bound cuffs and hem are reasons it will never see the back of your closet. The lightweight TL^{EC} fleece has a reputation for superior coziness. It packs to nothing, is great over an Electric Vest, and provides maximum layering versatility. Self-stores in its own pocket. S-XXL. 

SELF-STORE POCKET

ANTI ZIPPER-STACKING DESIGN

TL^{EC} 200 Wind Pro (Grey) #631 \$110.00
TL^{EC} 100 Wind Blocker (Blue or Cayenne) #633 \$120.00

Wind Pro Review by Danno — "I searched quite some time to find a replacement for my old 1/4 zipper fleece sweater which was just worn out. This piece is so soft and warm I am amazed. It fits perfect under my heavy leather jacket and stops the wind completely. 30 degree temps don't phase it a bit, I stay toasty warm. If you're thinking about purchasing this sweater, hesitate no longer. Buy it, you won't be disappointed."

WIND BLOCKER

SOFT SHELL

AEROSTICH FLEECE JACKETS

More than common and generic 'outdoor' fleece jackets, these are both tailored and engineered for riding. Each Aerostich fleece jacket is made right alongside the Roadcrafters and Dariens, and is designed to work perfectly within all of your riding gear. It's a warm, draft-blocking, comfortable, lightweight layer of insulation perfect for three and four season rides. They wear wonderfully off-the-bike, too.

The details make a difference you can feel. We start with genuine Polarfleece (The original...there are many inferior copies) and YKK zippers. Each collar is tapered for more comfort with a helmet strap and the sleeve diameter is trimmed down for less bulk under riding gear. Sleeves are more forward rotated, too. And the long underarm ventilation zippers match Roadcrafter suits. Durable Lycra/nylon bindings at the hem and sleeves are comfortable and stop drafts without absorbing water.

The torso is also a bit shorter in front and longer in back for a better fit, and the sleeves are usefully a bit longer than you'll find in typical fleece jackets. Zippered inside and outside chest pockets secure valuables like wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandanna.

A high-warmth, low-bulk jacket that will become your favorite the first time you put it on. Machine wash. S-XXL. 

TLECC 100 Wind Blocker (Blue or Cayenne) #1655 \$167.00

TLECC 300 Soft Shell (Black) #1658 \$187.00

SOFT SHELL INTERIOR

WIND BLOCKER

AEROSTICH FLEECE PANTS

On extended trips you can count on experiencing higher elevations, all-day cold snaps, or some chilly early starts. These **TLECC** pants are made to a functional, comfortable pattern and pack light and small. For ventilation and convenience, #5 YKK two-way zippers run down the outside so the pant legs fit over boots. The full length side zips and fly make putting them on faster and easier than changing into long underwear. Many riders wear them over their jeans and under a riding suit. They provide a remarkable amount of extra warmth. Machine wash. S (28-30), M (32-34), L (36-38), XL (40-42), XXL (44-46). 

TLECC 200 Wind Pro (Grey) #630 \$110.00

TLECC 100 Wind Blocker (Blue) #1639 \$120.00

Review by Taetor — "I was weary of spending the money on these pants, but I gotta say I'm impressed. I substitute these pants for my normal pant liner over my jeans and my legs have never been so warm in cold weather. Very nice pants and so much easier to on/off than long underwear."

AEROSTICH WINDSTOPPER® JERSEYS

A lightweight, thin and versatile garment that's a perfect layering component in mixed weather, especially as a pullover shirt for cool mornings or evenings. Folds/packs compactly into a self-storing pocket so you'll have it along when the weather changes and as you need added protection. Made of GORE-TEX® WINDSTOPPER® fabric that stops, as you would imagine, all wind from drawing your body heat away. Elbows incorporate light padding and a zippered pocket on the left arm is perfect for a phone or iPod. A handy and practical clothing item alone or worn over fleece or electrics and beneath your outer gear. Looser cut facilitates easy on/off. Green, Blue or Tan. M-XXL. 

#2879 \$117.00

SLEEVE POCKET

AEROSTICH OFF-ROAD JERSEYS

This comfortable knit jersey maintains a comfortable "touch" even when wet. Made of a substantial polyester, with a bit more body than most, lightly padded elbows and lycra collar and cuffs ensure durability and a good fit. Simple is good. Self-stores in its own hidden pocket. We make these ourselves, right alongside the Roadcrafter and Darien suits. Black, Green or Grey. M-XXL. 

#1867 \$67.00

PADDED ELBOWS

AEROSTICH ULTRALIGHT WINDPROOF INNERSHELL

Keep the wind where it belongs. This innershell is a highly breathable mid-layer that adds significant warmth and comfort in a tiny package.

Pull-over design slides on easily over your base layer or street clothes. The diagonal zipper allows you to easily reach a shirt pocket without removal, and closes around your neck for draft free comfort.

Made of black 3-layer breathable, waterproof ripstop nylon fabric that's strong, yet light as a feather. Fully seam-sealed so it's waterproof, too. Great as an everyday off-bike layer with a single outer zippered pocket low on the right side that's perfect for storing keys, phone, wallet or other quick access items and also doubles as an integrated self-store pouch, allowing the shell to pack down a compact 9"x6"x2.5 bundle that stows anywhere. 8 oz. Black. M-XXL. 

#2823 \$97.00

SELF STORES

Review by TMeadows — "I bought this for my husband a few years ago and since then he wears it under his jacket whenever he gets on the bike. He commutes daily and wears it whether it is 40F or 90F. He loves it!"

TACTICAL LAYERING

Having a layering strategy means carrying less gear while still being able to ride in comfort through more different extremes of weather. It takes experience, thought and a little planning to do this well. Regardless of one's choice of outer layer (Darien, R-3, Transit, Roadcrafter Classic or other), these three favorite mid-layers can worn in combination or separately to manage a wide range of climactic situations with the least amount of carried gear:

1. A Light Weight (100 wt) Fleece Pullover. Almost every outdoor company makes one of these. Ours is on page 52 of this catalog, and is #633 and \$120.

2. An Electric Bib. Or if it's a bit cooler, an electric vest. For 90% of your riding, the bib will be more than enough. You'll find it here on page 45 and #221 and \$97.

3. A Windproof Inner Shell. The one above on this page is our favorite.

There are nine different ways to combine these three items. At one extreme, each can usefully be worn alone. At the other, the windproof shell goes over the fleece which goes over the electric bib. Together, all will stuff into the smallest tank bag or fanny pack with room to spare, and when you order them as a set (we hope) you'll receive a free silk scarf, just for reading this far (and asking).

OPTIONAL KNEE ARMOR

1 WASH, 5 WASHES, MANY WASHES

AEROSTICH PROTEKT JEANS

Clean, simple, old school straight leg blue jeans...with a great trick: **TF3** Impact armor-holding pockets at the knees, accessed via a hidden zipper. Armor is removed or replaced in seconds, easily, while wearing the pants. All the rest is classic denim jean spec., with fit and cut similar to Levi's 501s.

Specifically, these are carefully sewn of unwashed dark blue 100% cotton 14 oz denim fabric, which is a bit heavier-duty than the more common 10-12 oz denim, but it still shrinks-to-a-custom-fit after a wash or two, which makes these pants extra comfortable and wear a lot longer.

For protection there are three generous hidden areas of abrasion resistant Breathable-Waterproof HT 500D Nylon (...as used in many Aerostich suits) located at the seat and knees. For 'commando' comfort this extra-abrasion-resistant fabric is backed by soft 100% cotton.

As you'd expect there are five traditional pockets, five belt loops and a reliable metal fly zipper, too. But as you wouldn't expect, the hidden seat-protective breathable-waterproof abrasion layer means you can sit on a freshly rain-wetted saddle and not get a wet butt. Nice!

The optional knee armor is positioned in the correct location when riding, and when you're off the bike it's comfortably flexible and easily removable.

Stitching is double and triple wherever needed, and a crotch gusset provides extra ease and comfort that's great when mounting up and also as you move around in the saddle.

Fit, quality and protection that's quick, easy and comfortable. They'll quickly become your favorite jeans, both on and off your bike. Made here in America. Size 32-30, 32-32, 32-34, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32. 

#2829 \$117.00

Optional TF3 Pad Set #2815 \$30.00

Replacement Pads (each) #2816 \$18.00

Optional Low Profile TF3 Pad Set

(smaller than TF3 armor, and slightly more comfortable) #1104 \$22.00

SAFE

Unique hidden-zipper knee pad compartments.

FIT

Gusset crotch design.

TOUGH

Double layer denim and hidden HT500D.

STRENGTH

Triple stitched in places.

FAST AND EASY

Removable TF knee pad system.

STYLE

Practical, cool looking shrink-to-fit.

Review by Larry B — "Wanted to buy a pair of riding jeans for a long time but didn't like the design of the other brands. checked out the protekt jeans liked what I saw especially the knee pads and heavier denim and the fact they are made in the USA, but read the reviews and was concerned about the pads not fitting correctly then read the review that aerostich posted (thank you areostich for listening to your customers) and they corrected the problem. I bought a pair and I am very happy with the fit of the jeans and the knee pads stay in place and are very comfortable. I definitely recommend the protekt jeans to anybody thinking of buying a pair of riding jeans."

AEROSTICH PROTEKT KHAKIS

Designed for the commuter, these highly constructed, American made, 100% cotton twill khaki pants are equally at home in the office, out on the town or riding down the road, thanks to the hidden knee armor and durable, triple layer construction.

Nearly invisible outseam zippers open to reveal knee armor pockets, allowing quick fitting or removal of **TF3** impact armor, while wearing the pants. Remove the armor in seconds once you arrive at work and these khakis look, feel and function like standard-issue office wear.

Triple layer knee and seat areas include a hidden 500D Cordura middle layer enhanced abrasion resistance combines with an additional inner cotton liner for comfort. Ride to work, remove the pads, work all day and quickly install pads again for the ride home. Perfect protection for everyday, around-town riding. Machine washable. Patent applied for. 32-30, 32-32, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32.

STYLE

Call them whatever...Khakis... Dockers®...Chinos...there are a millions brands. Fine for any work situation.

STRENGTH

Hidden 500D breathable/waterproof Cordura nylon in seat and both knees.

COMMANDO

Comfortable, 100% cotton inner liner at seat and behind both knees.

FAST AND EASY

Remove and install knee armor in seconds via hidden zipper.

FITTIN' STYLIN'

20 Sizes, in regular and tall.

AUTHENTIC

Made in the United States. Very carefully. They are beautiful.

Review by James — "Very satisfied. I got these pants primarily for around town riding. They are very comfortable and the sizing is accurate. The zippers for the knee pads work well and are not visible. The fabric is heavy but breathes well and the pants aren't too hot for summer rides. For better or worse, the pants look more like dress pants than motorcycle pants. I told my wife I was going for a ride and when she saw me with the khakis she asked me why I had changed my mind about the ride and why was I dressed up?"

THE PROBLEM

Nylon or polyester fabrics worn directly between you and a riding suit's nylon (or polyester) outer layer is not especially comfortable when things turn warmer. You want something against your skin that will absorb, disperse, and wick body moisture.

Step out of your gear at a roadside stop wearing only cotton boxers

(or briefs) and as comfortable as this might be, someone might call the fashion-police, and they might come and haul your skivvy-clad butt off to fashion-jail in the back of their fashion-squad car.

THE SOLUTION

Old-school all-purpose 100% cotton twill shorts are what you need. Simple. Unlined. The kind that become softer and better the more you wash them.

We looked all over the place for nice old fashioned cotton gym shorts exactly like these. You'd think finding some would have been easy, with Google and Alibaba and everything else right there on the internet. And with Asia full of hungry garment sewers. Not so.

Finding the perfect shorts was like finding the right temperature porridge in 'The Three Bears' children's story. Some were too lightweight. Some were too elaborate. Some needed a separate belt. Some were too expensive. All had some type of goofy problem.

After a couple of years we gave up and stopped looking and the hell with it. We made our own. Now they are being sewn every day, here. Right

along with the riding suits. In five colors and two lengths. Of a wonderful old-fashioned 100% cotton medium weight twill that gets softer and better every time it's washed.

These all-purpose shorts last forever and they don't look bad when you are just standing around somewhere in your riding boots and a t-shirt. Wear under your riding suit or pants, with or without other underwear. (Try commando.) When you are not in your riding gear they look like respectable shorts, yet function like comfortable underwear when you are. Especially after a few washes.

Cotton riding shorts like these are essential riding equipment when you wear synthetic protective textile rider's gear. Try them. You won't be disappointed. Ride all day in sweet comfort.

AEROSTICH MID-WEIGHT COTTON SHORTS

These comfy 100% cotton shorts are great for wearing under a riding suit or anywhere. And everywhere else, too. Hand-made quality using a mid-weight cotton twill that gets soft and more comfy with each laundering. An elastic waistband and adjustable front belt, and two side pockets to hold stuff. Black, Green, Khaki, Dark Blue or Grey. We make these ourselves, right alongside the Roadcrafters. M (32-34), L (34-36), XL (36-38), XXL (38-40), XXXL (40-42) Specify Long (9" inseam) or the risqué Regular (6" inseam). 

#2859 \$57.00

6" INSEAM PICTURED AFTER A FEW WASHES

MICROFIBER CHARACTERISTICS

Microfiber fabrics feel like cotton, wear like iron, and drip dry very fast. Plus, they pack smaller than regular clothes. All provide great sun protection and hot weather comfort, not to mention that they look great and will last nearly forever. (A white cotton tee shirt has a UPF around 5. Dark tee shirts are a little higher. These microfiber shirts have a UPF in the 20–30 range.)

I love microfiber pants. On trips of any length more than a couple of days I pack a pair, plus one pair of jeans, a pair of cotton shorts and one pair Darien pants. This mix-and-match combo works for all temperatures and social situations. Normally I wear the Darien pants over the cotton shorts, which double as underwear. If it is a little cooler, I'll add the microfiber pants under the darien pants. If it is real cold wear, I wear all three long pants together (from outer to inner): Darien, microfiber, jeans. For formal off-bike evenings, I wear the microfiber pants. For less formal off-bike wear, the jeans. —Mr. Subjective 4/07

SUPPLEX® BUTTON-DOWN SHIRT

The best summer-weight travel shirt. Supplex nylon has a unique moisture-management treatment to help disperse perspiration. It looks and feels like cotton, but dries much faster. A loose cut and strategically placed mesh panels allow plenty of airflow. This shirt has a UPF (UV Protection Factor) of 30. Its extra high, flip-up collar protects your neck and the rubber buttons won't scratch anything. One chest pocket and one "Napoleon" pocket. Imported. Light Tan or Blue. M–XL.

#1860 \$67.00

SUPPLEX® CONVERTIBLE PANTS

Not only are these pants more versatile and lighter than your jeans...they'll wear more comfortably, too. One secret is the two layer Supplex® twill which is soft-but-strong and has been specially treated to move moisture away from your skin. Both the seat and knees are reinforced for long wear. The waist features a unique conical curve for a perfect fit over your hips. A soft microfiber chamois lines the waistband. A gusseted crotch provides freedom of movement and ankle zips allow you to slip them on and off over your boots. Two front cargo pockets and two rear hook & loop pockets. Great UPF protection. These are the best and most comfortable zip-off leg travel pants made. Imported. Tan or Grey. M (31–33), L (34–37), XL (38–41).

#1862 \$97.00

TAN

GREY

MICROFIBER PACKABLE SHIRTS

If you do not yet have a microfiber shirt, give this one a try. It's a quality shirt and a nice bargain. The great thing about all microfiber shirts is if (when...) you spill a soft drink (or whatever) all over yourself, simply rinse and wring dry and you're immediately ready to be a klutz all over again. This long wearing shirt has several useful pockets and a nice clean design. In hot weather it's cool to wear and provides good sun protection. It's great to have a microfiber shirt along for hot weather, as a change of clothing, or for an extra layer on a cool evening, too. Tan or Grey. Imported. M–XL.

#1864 \$47.00

Review by Ian — "Recently I was at a sporting event and some dill pickle spilt beer over my shirt. Instead of that sticky damp feeling for hours the shirt dried almost instantly, didn't stain, and the next few hours were still comfortable."

MEDIUM WEIGHT MERINO WOOL BASE LAYERS

Luxuriously soft, moisture-wicking, **200gsm** Merino wool makes a great foundation layer. Tailored with a contoured fit, all seams are sewn flat for comfort, and the collar and fly are double-stitched to keep out drafts. They wear great across a very broad temperature range. And dry overnight after motel sink washouts. Short Sleeve Top (off white or black) and Long Sleeve Top (black) available in M-XXL. Bottom (black) available in M(32-34), L(36-38), XL(40-42), XXL(44-46).

Short Sleeve Top (Off-White or Black) #1882 \$47.00

Long Sleeve Top (Black) #1884 \$55.00

Bottom (Black) #1886 \$47.00

LIGHTWEIGHT MERINO WOOL BASE LAYER

Merino wool is the finest, softest, itch-free wool available. This lightweight **160gsm** jersey feels like every inch of that. It will keep you warm, yet won't make you overheat. It's versatile enough to wear as a primary, mid or under-layer and comfortable enough for lounging around the house. The neck is cut slightly higher for warmth. Machine washable. Stone or Black. 12 oz. M-XXL.

#1849 \$87.00

MERINO RIDING SHORTS

The best in both hot and cold conditions. These form-fitting, temperature-regulating shorts are made of **390gsm** Merino wool in an eight-panel design, translating to a fatigue-free ride. Like bicycle shorts they provide proper support in all the right places.

Merino wool is naturally moisture-wicking and dehumidifies your body, so you won't find yourself sitting in a pool of sweat no matter how long you ride. Unlike synthetic fibers, 100% wool doesn't stink, either. Hand washes in a motel sink and dries overnight. Give your butt a break. M (31-33), L (34-36), XL (37-39). 

#1853 \$107.00

FAST WICKING MICROFIBER BASE LAYERS

Cooler and drier than cotton underwear, and perfect for multi-day trips. Designed for maximum next-to-the-skin comfort and microclimatic efficiency, this first-layer will keep you comfortable. Traps warm air next to your skin and allows moisture to be transported away. Made of an advanced wicking fast-dry knit (dries three times faster than cotton). Wash out at night in any sink (they'll be dry by morning) so you don't have to pack as much stuff. Constructed with durable, comfortable flat seams, and shaped to eliminate bunching and wrinkling. An ideal first layer. Black. S–XL. 

Long Sleeve Top (Black) #1810 \$28.00

Short Sleeve Top (Black) #1811 \$20.00

Fly Front Brief (Grey or Black) #1812 \$16.00

Boxer (Grey or Black) #1813 \$18.00

Review by Cap'n Ron — "I bought the long sleeve shirt along with a short sleeve shirt. They are working out great! I'm at mile 3500 of a 9000 mile trip and these are very comfortable, give me lots of layering options and are easy to wash. I've been rinsing the day's shirt out each night with a bit of camp soap and giving it a good wringing. In the morning, it's completely dry and ready to wear. It's really allowed me to cut down on the amount of clothing I pack...HIGHLY recommended!"

AEROSTICH MICROFIBER RIDING SHORTS

One of the best technology crossovers from bicycling to motorcycling is padded, stretchy shorts. If you've never worn these things on a long ride, you owe it to yourself to try a pair. They seem to add another couple hundred mile range to a day, as they keep fatigue at bay longer than yer basic briefs. These are a modified version of bicycle shorts, cut slightly shorter in the legs, and with all the Lycra and fleece of the originals. Put a stop to chafing, stay comfortable and keep riding! (Also an old Iron Butt rider's secret weapon.) Black. S (24–28), M (28–32), L (32–36), XL (36–40). 

#1856 \$47.00

Review by Zig08 — "I've had these shorts for a few years now and they get worn a lot. They have held up amazingly well, not showing any signs of wear. I got a couple of pairs when I was a bit heavier and I found that they make the ride better. I've lost a bit of weight and now I find these shorts to be very versatile. I use them for working out, bicycling, yoga, and whatever else I try. I got XL when I had a 40" waist; they still fit now that I'm down to a 34. I think I'll be getting a L next time though. The only gripe I have is that they are a bit tall, if you don't have a flat stomach you will probably roll them down when you sit down."

Photo: Aerostich associate Kyle Allen at the 2014 Chicago pop-up event. Photo by Shawn Sartin.

ENGINEER'S COTTON RIDING SHIRT

You just can't find this sort of heavy-duty 9 oz. long sleeved 100% cotton shirt anymore, not even at those incredible hardware stores you see in rural small towns. We've sold this style shirt for more than 25 years, but when the original supplier recently started making them somewhere else and the quality got crappy, we found another manufacturer still making them right here in the U.S.A., with better durability and higher quality than the originals.

It's perfect for riding because it combines superior comfort with cast iron durability. Like denim, it becomes better with multiple laundering and wear. You won't see this shirt on someone else unless they're driving an ElectroMotive diesel. White & blue. M-XXL. 

With Aerostich Patch #1845 \$38.00
Without Aerostich Patch #645 \$35.00

BACK-A-LINE

This is not a stretchy support girdle from a local home improvement store, but real, dynamic back support system that reduces lower back pain, ensures firm lumbar support and improves your spinal mechanics. Muscle support and postural assistance are achieved with the built-in curve of the patented back pad integrated into the snug-fitting non-elastic belt. Allows your back to work naturally, providing exceptional support and back pain relief for even long, strenuous rides. A great off-bike tool to encourage a healthier back too. Sweat-resistant, washable and breathable wick-away fabric. Black. Small (27-32" waist), Medium (31"-36" waist), Large (35"-40" waist), XL (39"-44" waist), XXL (43"-48" waist). 

#2874 \$49.00

GOLD BELT® KIDNEY BELT

The classic motorcyclists' riding belt. Used for years by off-road racers and recreational dual sport riders, the Gold Belt's support is valuable for on-road rides as well. Whether you ride an ST, a GS, or a KLR, the added comfort this belt provides will enable you to ride farther harder and feel it less later. (Makes you look like you don't have a big ol' gut, too.) Black. Specify size: Professional (7" tall, 25"-36" waist), Regular (8" tall, 27"-36" waist), XLarge (8" tall, 36"-44" waist), XXLarge (8" tall, 36"-48" waist). 

#1809 \$39.00

MID-WEIGHT MERINO WOOL SWEATERS

This sweater is comfy enough next to your skin to be worn as an inner layer, yet substantial enough to be used as a mid or outer layer. 100% dense-knit **380gsm** Merino wool resists wind and keeps you toasty, yet breathes so you won't sweat to death.

Full zipper and zippered chest pocket. Lower in the back with an interior chin/wind guard and flatlock seams throughout. This is the best mid-weight sweater you've ever worn. Travel washes and dries well. Blue, Black or Tobacco. 18 oz. M–XL. XXL available in Black only. 

#1848 \$157.00

Review by Jeff — "This is one great full zip sweater. I've owned it for more than a year. I'm happy the temperature has dropped so I can start wearing it again. The tighter sleeves work great under all my riding jackets and the fit everywhere else is good. I wear it to work everyday, out to dinner, around the house and while riding. I pretty much live in this sweater during the dreary season. I'm on the Aerostitch site to buy another one and just squirrel it away in case this one ever wears out. No sign of that yet."

NIKWAX TECH WASH

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax's Wash-In Waterproofer. Biodegradable. 10 oz.

#333 \$10.00

NIKWAX WOOL WASH

Increases your wool garments' natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10oz.

#303 \$9.50

AEROSTICH COTTON SWEATSHIRTS

Heavy duty, super comfortable old-fashioned regular and hoodie models. Classic black 90% cotton that looks great in any off-bike scenario, and wears long. Cotton/Polycotton blend. Black. M–XX.

Standard Sweatshirt #641 \$42.00

Hooded Sweatshirt #2873 \$47.00

BAMBOO + COTTON LIGHTWEIGHT SWEATSHIRT

Your basic, useful, long-sleeved ¼ zip top, but with unique Bamboo Performance Technology™ offering high warmth to low weight ratio that regulates temperature and is naturally anti-odor. Extends wearable time between washes. Lock-down neck/chest zipper for ventilation and a Napoleon style zippered chest pocket that's good for stashing a bike key or whatever. Loose fitting, comfy and great to have along on any ride. 53% cotton/45% Viscose from Bamboo/2% Elastane. M–XXL. Heather Grey.

#2933 \$78.00

BAMBOO + COTTON T-SHIRT

So light-weight and unbelievably comfortable, you won't ever want to take it off, and the high-tech performance means you'll rarely need to. This fabric technology makes it naturally anti-stinky and great for extended rides when packing light. Wicks moisture and protects from harmful sun-rays too. Raglan shoulder seam adds comfort, a better fit and freedom of movement. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. M-XXL. Grey, Cobalt or Red.

#2934 \$32.00

Review by Mark — "A really nice looking and feeling shirt. Good enough looking to wear to the office. Very comfortable. More colors please! I'll definitely order more. Size runs true for me."

BAMBOO + COTTON BOXER SHORTS

These are the most comfortable pair of briefs you'll ever own. Bamboo Performance Technology™ provides all day long comfort. This fabric has an amazingly soft next-to-skin feel. It is lightweight, temperature regulating, moisture wicking, anti-odor, easy care and provides UPF 50+ sun protection. All performance attributes are inherent to the fabric and do not wash out. Fitted 6" inseam, double layer FlowMesh™ panel at front, open fly and brushed elastic waistband. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Heather. M(32-33), L(35-35), XL(36-38), XXL(40-42).

#2921 \$24.00

BAMBOO + COTTON BASE LAYER ¼ ZIP JERSEYS

There's no arguing...women and men agree a Bamboo ¼ Zip Jersey is must have kit for on and off the bike. It's a great layering piece, light and soft, with a practical cut great for wearing under a button-up shirt on a cold day. Darn comfy on it's own too. The women's version is cut, well...a little more girly and more form fitting than the men's, which is more straight patterned.

The ladies version has thumb-holes at the end of the sleeves too, which prevents the sleeves from bunching when suiting up and keeps cold drafts at bay, which is a nice touch (sorry guys... deal with it). Both sport a semi-lock zipper that stays in place, and of course all the benefits of bamboo fabric apply: Moisture wicking, anti-odor, natural temperature regulation, UPF 50+ protection and 4 way stretch. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Women's S-XL, Men's M-XXL. Black.

Women's Jersey #2931 \$58.00

Men's Jersey #2932 \$58.00

BAMBOO + COTTON BASE LAYER TIGHTS

Soft and stretchable, this fabric offers a second skin fit for added support and comfort. Beyond sublime comfort, this amazing material offers natural temperature regulation, moisture wicking, anti-odor properties for extended wear and UPF 50+ protection. A wide waist band and flat seams will make these a dangerously comfortable bottom layer, whether riding across county, across town, or just hanging out around the house. S(4-6), M(6-8), L(8-10), XL(12-14). Black.

Women's #2929 \$64.00

BAMBOO + MERINO PERFORMANCE BASE LAYERS

The best of technology and nature in one incredible fabric. Feels better than 100% wool and performs better than 100% polyester.

- Soft against the skin
- Breathable
- Temperature regulating
- High warmth-to-weight ratio
- Moisture wicking
- Quick dry
- 4-way stretch
- Anti-odor
- Easy care
- UPF 50+ sun protection

All performance attributes are inherent to the fabric and do not wash out.

BAMBOO + MERINO BASE LAYERS

The comfort and performance attributes of bamboo with the natural characteristics of wool combined in a great base layer for all-day, everyday riding. Feels exceptional next to skin and works with your body, adapting to keep you comfortable in all conditions. Both bamboo and merino fibers naturally resist odor. Moisture wicking, fast drying and UPF 50+ protection. Thumb-holes ensure sleeves stay in place and don't ride up. 65% Viscose from Bamboo / 30% Merino Wool / 5% Elastane. Choose Men's sizes M-XXL, or Women's sizes S-XL. Black.

- Men's Base Top #2923 \$80.00**
- Men's Base Bottom #2924 \$70.00**
- Women's Base Top #2925 \$80.00**
- Women's Base Bottom #2926 \$70.00**

COTTON + BAMBOO LIGHTWEIGHT V-NECK TOPS

Technical bamboo performance for riding with style and comfort for everyday wear. The soft, stretchy material wicks moisture, offers UPF 50+ protection and naturally integrates anti-odor technology for extended wear, while a wide V-neck and side-split hems ensure all day coziness. S-XL. White, Navy or Pink.

Women's #2930 \$34.00

COTTON + BAMBOO LIGHTWEIGHT CREW TOP

A great loose fit performance layer that features a flattering scoop neck with neat hem at neck and straight bottom opening. The Bamboo Performance Technology™ gives this natural temperature regulation, moisture wicking and anti-odor protection for everyday wear or under intense activity. UPF 50+ protection. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. S-XL. Pink, Green or Blue.

Women's #2935 \$32.00

COTTON + BAMBOO SPORTS BRAS

Providing good mid-impact support with extreme comfort and amazingly soft next-to-skin feel, these sports bras retain all the benefits bamboo fabric has to offer including 4 way stretch, anti-odor, Natural UPF 50+ protection and moisture wicking properties.

ENDURANCE

Great all-day comfort and support for long-distance riding, off-road adventuring, or everyday wear. The Endurance Bra features a 7.5" compression inseam with a 1.5" wide, supportive band for maximum comfort, with seams hemmed to the outside to eliminate chafing. The Intensity Bra offers adjustable straps, a wide bottom band for extra support and front mesh panel and key hole cutout at back for strategic ventilation. 55% Organic Cotton/35% Viscose from Bamboo/10% Elastane. S(34), M(36), L(38), XL(40).

AEROSTICH VON ZIPPER

"Yep, it's me." Iconic full-size image of the stumbling, overconfident outlaw biker and leader of the Ratz and Mice motorcycle gang from the 1960s Beach Party movie series. Wordlessly proclaims "Stand aside everyone! I take large steps!" We think Eric Von Zipper likes this one, and when Eric Von Zipper likes someone, dey stay liked. 100% Cotton. Red. M-XX.
#2864 \$20.00

TOTALLY SERIOUS BELTS

Say you park on the sixth floor of a large parking ramp when it suddenly comes under heavy attack by a group of militant anti-motorcyclists and the only way out is a 200 yard slide down a lightly insulated power line straight onto the roof of a neighboring building. Would you trust your current belt for that slide? I don't think so! These belts are for those who need to be able to count on their gear in the worst possible scenario. We love

them for jeans because they fit very comfortably, look cool in all situations, and are lightweight. In a pinch they can be used as an additional tie-down strap and the fall-rated buckle is easy to use and infinitely adjustable. These types of extreme belts are hard to find in these widths which fit standard belt loops. Simple, classy, and strong, like Bond...James Bond. Lengths measure: Sm. 40", Med. 44", Large 47.5".

VIPER

Lightweight, strong and comfortable for everyday wear. 1" wide. M or L. Black. **#1847 \$18.00**

LIGHT DUTY

Lightweight, strong and comfortable for everyday wear. 1.5" wide. M or L. Black. **#1846 \$16.00**

LAST CHANCE HD

Two layers of HD nylon webbing sewn together for strength. 1.5" wide. S, M or L. Black. **#1838 \$24.00**
XL (46"-50") #2868 \$26.00

AEROSTICH DELUXE BELT

The Deluxe Belt uses 1" beadless tubular webbing, but a 3/4" Fastex™ buckle to reduce bulk, making it easier to slide through belt loops. Looks dressier. In black, red, or blue. Even waist sizes 28" through 46". **#601 \$10.00**

AEROSTICH MONEY BELT

The zippered compartment on the back is long enough for three stacks of bills placed end-to-end. This is a discreet way to carry hoards of fifties or hundreds on long trips... or just a safe place to forget a single "emergency" dollar. A flat row of quarters will fit, too. One size fits all. Belt can be shortened by cutting and fusing. Black nylon webbing 1.25" wide, 46" long. Durable cam-action black nylon buckle (money not included). **#1854 \$16.00**

KRIEGA STASH

The Stash is a detailed and functional travel organizer/wallet that is compatible with the Kube pocket. Its half-liter capacity is full of useful pockets for cards, pens, etc. And it features a concealed pocket with a key clip. This thing is really nice. 4"×6.5"×1.2". **#9066 \$19.00**

Review by Alan — "If there were a Darien wallet...this would be it. It is made out of heavier, more substantial fabric than similar travel wallets and pouches. There are many zippered compartments to keep things organized. The main compartment is gusseted so it can expand to accommodate larger items like a phone. It is a bit too large to use in lieu of a regular wallet, but it stows nicely in cargo pants, on a belt, in a tank bag, or jacket pocket. This is just the thing to put your Darien or Roadcrafter on a diet if it has accumulated a bunch of junk in the pockets like mine."

RACING SAILCLOTH WALLETS

Ultra-thin, ultra-light, ultra-tough, water resistant. Purposefully designed, each of these are handmade in Maine. Each uses remainders of the latest high-tech racing sailcloths. They contain lightweight Carbon Fiber, Kevlar, Pentex and Polyester matrixes which make them the toughest in the world. They are so lightweight that they float. Stronger than steel and perfect for carrying and protecting documents, credit cards and cash. Incredibly durable.

MINIMALIST

This water-resistant single pocket slimline fits seamlessly in the front pocket of your jeans or riding pants and tucks away discretely in a tank bag or jacket pocket. Easily holds a few folded bills plus 8-11 credit cards, or about 40 business cards. 4.25"×2.7"×0.8", 5 grams. Assorted colors. 

Minimalist #9361 \$9.00

VANGUARD

As slim as two credit cards and as light as three sheets of 8x11 paper, this water-impermeable bi-fold will protect your contents from the elements. Includes a center cash pocket, two hidden pockets that hold cards and two ID windows that will each store an additional 2-4 cards. 4.25"×3.3"×.12", 16 grams. Assorted colors. 

Vanguard #9362 \$24.00

TRAVELER

Sophisticated looks and tough enough to last a lifetime on the road. The over-sized cash pockets and six card holders provide essential storage needed by travelers and long-distance riders. Rugged hydrophobic materials keep contents safe and dry. Large enough to carry oversize international banknotes and lots of cards. Small enough to fit with all day comfort in your pocket or slip easily into a tank bag or daypack. 4.5"×3.2"×.3", 16 grams. Assorted colors. 

Traveler #9363 \$29.00

TRADITIONAL TRI-FOLD

EXECUTIVE

WORLD'S THINNEST WALLETS

You won't find flatter, more inconspicuous and lightweight wallets anywhere. These will carry all you need for any journey, whether it's a quick errand to the store, or riding beside wildebeest in Africa. They're better for your back, and help prevent wallet sciatica. Each style comes in both leather and ripstop nylon (which is flatter than flat!). Carry nice in front or back pocket. Patented too, believe it or not. The leather version of the Executive is most recommended.

EXECUTIVE

Closer to a traditional wallet and holds about 16 cards, plus bills. 

Nylon (5"×3.75")

#1988 \$22.00

Leather (5"×3.9")

#1981 \$35.00

TRAVELER

Holds a passport, about 6-10 cards, plus bills. 

Nylon (5.25"×4")

#1959 \$22.00

Leather (5.25"×3.75")

#1929 \$36.00

Review by Floyd — "One of the things I love about Aerostich is how it finds those hidden gems that make a practical difference for the rider. This wallet is the best I've ever owned - holds everything that was in my old wallet, but better made and about 1/3 as thick. It may be some sort of witchcraft. Additionally, the company that makes it is truly worthy of Aerostich. A family company putting out a quality product manufactured in the U.S. And it does so with strong labor and ecology practices. This wallet is everything that is right with Aerostich's selection of products."

Review by LetsGoRiding — "I bought the 'world's thinnest wallet' (leather version) with great skepticism. I balked at the price and furrowed my brow when it finally arrived. Huh! It's thin alright, but will it hold all my stuff? Then I started loading all the contents from my old off-the-shelf wallet of lesser value. Much to my surprise, EVERYTHING fit and there was ample room left and it was still incredibly thin! How could that be? And the leather must've come straight from Roswell because it's thin, durable, and supple. I don't know how they did it, but you gotta get one. No looking back!"

HEAD SCARVES

Burnoose on the loose! These clever and technical do-rags consist of a stretchy tube of fabric that will enable you to do any number of things, including staying warm, keeping the sun off, tying your hair back, preserving your helmet's lining or looking like a terrorist ninja biker wannabe, so follow your bliss with this versatile and simple piece of headgear.

Red #1554 \$15.00
Black #1555 \$15.00

ORIGINAL 100% COTTON BANDANA

These high quality, made in the USA, old fashioned 100% cotton, oversized bandanas are the real deal and can trace their lineage to old west cowboys, farmers and railroad engineers who relied upon them to wipe the sweat from their brow and keep the dust out of their face and collars. Keeping one (or more) handy in a pocket or tank bag will soon provide endless use opportunities. Wear one under your helmet to help absorb sweat and keep it cleaner, tie around the face or neck for sun/dust/wind protection, wear wetted for evaporative cooling effect, blow your nose into one, clean your hands off after a roadside repair or use as a placemat or napkin at a roadside picnic. But not all at the same time. Assorted colors with traditional paisley print design. 21.5"×21.5". 

#1547 \$5.00

AEROSTICH WIND TRIANGLE (OR EUCLID'S FACE FAIRING)

This is a simple, functional piece of rider's clothing. The Face Fairing has a hook & loop closure tab that adjustably fits most neck sizes. It can be worn in two positions: like a cowboy outrider, draped low around the neck to warm and protect the chest; or drawn over the nose and mouth when protection from the elements is needed. We now make them with a softer and more comfortable windproof/water resistant WINDSTOPPER® fabric. Hypotenuse 24", Base 16". (XL version hypotenuse is 26"). 

Fleece (navy, red, blue, wine, turquoise, or black) #511 \$22.00
XL Fleece (red or black) #512 \$24.00
Ultrasuede (navy, red, blue, wine, turquoise, or black) #515 \$28.00
XL Ultrasuede (red or black) #516 \$30.00

MERINO WOOL BALACLAVA

Soft, comfortable next-to-the-skin 100% Merino Wool fabric keeps you warm and dry while maintaining a good peripheral vision. Single layer interlock knit construction with flatlock and contoured three-panel design for a clean finish. Wears great under your helmet. Black.

#1599 \$37.00

MICRO-FIBER BALACLAVA

Warmth without bulk is the mission of these close-fitting head sox. These technical polyester microfiber balaclavas fit under a helmet with a minimum of difficulty. Warm out of proportion to their thickness, these are great to have along when chilly drafts threaten. One size fits most. Black.

#1040 \$16.00

SILK BALACLAVA

The most versatile and comfortable of all high performance natural fibers. This soft, thin balaclava is beautifully made and it feels incredible against your skin. Wicks moisture to keep your skin dryer and warmer than you'd expect from something so lightweight. Silk fibers are stronger than steel and will give you years of wear. Machine wash/tumble dry or hand wash and hang dry. One size fits all. Black.

#1548 \$22.00

MICRO-FIBER JIMI CAP

A high tech helmet liner that was designed for professional athletes to keep hair and sweat out of eyes. Made thin to fit comfortably under helmets, the Jimi Cap is made from advanced microfiber fabrics and will keep your helmet cleaner and drier. Machine washable. Stretchy and comfortable. Black. M, L, XL, XXL.

#1545 \$18.00

Review by Sabre — "This is a great liner cap, a big improvement over the cotton surgical caps I've been wearing for years...It's stretchy and generously sized. If you wear glasses while riding I'd suggest erring on the small side, as otherwise the wide hem will cover your ears entirely and make wearing your specs difficult (the smiley-faced plush model wears it exactly as you will)."

MIL-SPEC SCARF HISTORY

Silk was so important that its trade probably changed world history more than any other technology. The famous 'Silk Road' connected Europe to the Far East during the middle ages, and this brought together global knowledge that advanced civilization and helped begin the renaissance.

Strategic military considerations, more than demand for fashionable garments, caused the establishment of this trade route. During the middle ages front-line soldiers lived, traveled and fought wearing coarse tunics and outer uniforms. Silk scarves allowed soldiers to close their protective battle (and outdoor survival) garments tightly around their necks without chafing or discomfort, so they could fight better and travel farther. This was a true battlefield advantage.

As recently as World War I this remained so. Early planes and cars were all 'open cockpit'. Soldiers still lived and campaigned outdoors for weeks at a time, and this meant wearing heavy warm gear. After the war civilian pilots, race car drivers, motorcyclists and movie idols (Errol Flynn...)

further enshrined silk scarves as garb synonymous with bravery, courage and endurance.

Then airplanes and cars became enclosed and military dress adapted. Soft, slippery scarves became unnecessary. Silk's swashbuckler history and function was not only forgotten, it became a laughable cliché. Something only worn by old men.

The last vestiges of the silk scarves centuries-long military role evolved into the fashion of men wearing neckties with their sport coats, blazers and business suits. Silk scarves had become decorative neckwear. (Now you know where neckties come from.)

That's sort of sad ending for such an important habiliment—except once again riders have rediscovered how great these scarves work when worn with modern riding gear closed tightly around one's neck. Once you've tried wearing one, you'll never look back. Make some history.

AEROSTICH SILK SCARVES

A classic silk scarf should be soft, thin and slippery — so you can wrap one around your neck, close up your jacket and rotate your head and neck all day in draft-free comfort, without chafing. These luxurious 100% natural silk scarves are handmade of a soft, dense weave that's perfect for riding. No synthetic fiber is warmer, softer, stronger, or more durable.

Silk provides maximum comfort across every temperature range: warm and draft-blocking when cool, and refreshing when worn wetted during hotter conditions. When you're traveling this durable silk washes perfectly in any sink, too — even with a simple bar of hand soap.

The Standard Scarf model is medium weight silk of sensuous softness, and measures 14"×72". The Competition Scarf model is similar to the standard model but two layers thick, and it is a bit narrower and shorter. It measures 10"×60". Both are premium quality, long lasting pure silk that will keep the wind, rain, dust and snow from blowing down your neck, and will pack away ultra-small inside any pocket.

No other neckwear works this well, or looks this cool.

Standard Scarf #1549 \$27.00

Competition Scarf (White) #1567 \$34.00

Competition Scarf (Black) #1568 \$34.00

Review by BajaRambler — "I put the scarf on when it arrived in the mail, I made a loop out of it and then like a big slipknot put it over my head. I looked like Prince. Man, I thought, what the heck did I just do- I AM NOT going to use this thing. Flash forward two days and I'm flying past Las Vegas into Arizona and Utah- NOW it all makes sense: No back of the neck sunburn and a nice, silky, smooth, cool wrap around my neck keeping me all chafe free. Wow- this and my sheepskin butt pad became my favorite bike farkles on that 7 day, 2100 mile trip. I'm sold- and you should be too."

Review by David — "Got it just in time for a three day trip through the mountains. It was hot and dusty during the days, cold at night and the scarf was so comfortable I don't think I ever took it off, even slept with it on. Its a great interface between you and an unlined jacket. But the toughs on the chrome cruisers don't wave at ya!?"

RESPRO FOGGY BREATHGUARD

A comfortably thin, stretchy neoprene face guard that helps eliminate visor and face shield fogging on cold days. Fits (via hook & loop) into all full face helmets. Comfortable in use. Eliminates the need to tip the shield open at every stop.

#1558 \$28.00

COOL OFF TIES

Relief for sultry rides in hot weather. This 100% cotton neckwear is filled with water-absorbing polymer crystals which can hold 350–400 times their weight in water and they release it slowly (over a period of days). Hence, increased comfort in hot weather. A simple, effective tool for heat management. Non-toxic and reusable. 35.5"×1.75". Assorted patterns and colors.

#1551 \$6.00

AEROSTICH ELKSKIN ROPER

Your favorite gloves. You just can't ride anywhere without them. When they finally wear out, it feels like you've lost a friend. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they'll last much longer.

Built for cowboy and ag work, they're tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material.

All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you'll ever wear. Full and half sizes 7-13 (size 11.5 not available) Black may bleed slightly when wet. 

Natural #420 \$49.00

Black #440 \$49.00

AEROSTICH COMPETITION ELKSKIN ROPER

These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure, reversed for ergonomic advantage, and also add a generous Elkskin covered TF3 impact-foam knuckle pad.

This is a premium rider's glove, made by a ranch and work glove company in Washington State. They're strong and durable enough to take on everyday rough cowboy and ag work -- from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand.

The visco-elastic TF3 impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions.

These are the ultimate gloves for serious combat touring adventures and all A to B rides. Full and half sizes 8-12 (not available in size 11.5). Natural. 

#421 \$69.00

To find glove size place hand on diagram as shown. Need help? Call us: 800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add ½ size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

WHICH ELK GLOVE?

"...As I mentioned earlier, I do a lot of sport riding and sport touring on a Honda VFR and will do occasional adventure touring on the GS, so I was leaning toward the gauntlet. Would there be any issues with that fitting over the sleeve of a Roadcrafter and allowing smooth rotation of the wrist?"

"Insulation is not really an issue, given that I live in San Francisco and the climate here is fairly consistent - rarely below high 40s or above the mid 80s." —Chuck S. (email)

"I wear both versions of the Elk glove. 90% of the time I grab either the regular or competition Elkskin Ropers. The gauntleted version is also

available, but I seldom take it. Probably mostly because I don't ride a sport bike like your VFR.

"The gauntlet on the unin insulated version of the gauntleted ropers is not lined, so the suede-ish backside of the leather does drag slightly against the sleeve of a textile jacket, but it's not enough (to me) to be an issue. Also, as the gloves break the suede-ishness wears a way slightly so the drag seems even less after a few hundred miles.

"The gauntleted models are slightly more to deal with in subtle, nuanced ways. They are just 'more glove'. The fastest and most unconscious pull-on-and-go is the regular roper. You snap the wrist snap without thinking and go. Perfect for everyday short-hop, on-and-off-the-bike riding. Next fastest/easiest is the competition model. The wrist strap is much more secure than the snap, but it takes a nano-more of consciousness

GRADED FOR A BETTER FIT

Twice as many sizes as S, M, L gloves. All sewn on the same patterns so they fit similarly from model to model, but there are slight variations from glove to glove because each glove is hand made and each section of elkhide is a little different. One way to custom-fit a new pair is to fully wet-saturate them on a warm day when you know you'll be riding continuously for several hours, letting them dry and conform to the shape of your hands during that ride.

WATCH THE VIDEO AT AEROSTICH.COM!

AEROSTICH TOUCH-SCREEN ELKSKIN ROPERS

Use every electrostatic screen controlled device with your riding gloves on. Rows of electro-conductive stitching exactly where needed let you scroll, dial, pinch-zoom, browse and navigate normally.

The Ropers themselves are the same as the model #420 on the opposite page.

Modern techno-function meets old school comfort and performance. Full and half sizes 8-12 (not available in 11.5). Natural. 

Touch Screen Ropers #429 \$65.00

AEROSTICH ELKSKIN GAUNTLET AND MERINO WOOL INSULATED ELKSKIN GAUNTLET

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A **TF3** knuckle impact pad adds further protection. Adjustable, gusseted gauntlet seals sleeve cuffs. And the wrist is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you'll use more than you think.

There's an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lined model features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5). Order insulated 1.5-2 sizes larger for correct fit. Natural, Brown/Natural and Black. Black dyed models may bleed slightly when wet. 

Natural / Brown #464 \$85.00

Black #465 \$85.00

Natural #466 \$85.00

Merino Wool Insulated Black #479 \$135.00

Merino Wool Insulated Natural #469 \$135.00

to manipulate it. For all-day riding, though, I usually pick this one. The gauntlet models add another nano-bit of rigamarole, but for a sport bike rider are probably a better option. These shades of ease-of-use distinction are very slight.

"When I travel I normally take two pair of gloves — usually a pair of competition ropers for wear most of the time, and the insulated gauntleted ropers [above] or Luxury Cowhide [page 74]. And the triple digit raincovers [page 80].

"Last November I rode around Lake Superior with some friends on Gold Wings. I was riding my unfaired bike which has heated grips, but is without hand guards (wind protectors). Temps every morning were about 30°F and the high each day was about 45°F. I had both of the above and switched multiple times for comparison and evaluation. In the end I liked

the insulated elk ones slightly better, but it was very close.

"Since that trip (and as a result my experiences on it...) we slightly increased the insulation thickness of the wind barrier hidden within the backside of the hands and fingers on the insulated elk ropers. Before it was a layer of windproof fabric placed between the wool liner and the elkskin outer. Now it's a layer of thin windproof fleece (fleece laminated to a layer of wind blocking coated fabric).

"The elk gloves are sized by glove sizes, not s,m,l, xl, etc. Basically there are twice as many sizes. For example, both a size 9 and a 9.5 are 'm' graded. So you end up with a more precise fit. A good-fitting glove is as important as a good-fitting shoe. It's the only real difference between an ok glove and a great glove." —Mr. Subjective

LUXURY DEERSKIN THREE SEASON

Maybe only the Japanese, with their respect for and interest in cafe-racer culture, could come up with gloves that are not only ideal for 3-season usage, but which look superb and feel this great when you pull them on and lay your hand to the grips. Beautifully constructed and detailed, these gloves feature fantastic quality hides and are perforated and vented along the knuckles and palm to help keep hands cool when the weather's hot. Sturdy reinforced knuckles, palm and gauntlet make these gloves safe without sacrificing functionality or comfort. Oversize hook and loop cinch strap. The most gorgeous, luxurious gloves in this catalog. Black. Sizes: 8.5, 9, 9.5, 10.

#463 \$227.00

LUXURY COWHIDE WINTER

A top quality Japanese-built glove for colder-weather rides. And really, really comfortable. The cuff and palm are lined with soft, brushed nylon, and the backside of the hands are lined with a warmer heavier synthetic. The fingers are articulated and pre-curved, and the knuckle area is padded with a diamond pattern quilting. The exterior shell is constructed of 1.2 mm waterproofed cowhide leather with a hidden waterproof/breathable membrane. The wrist and cuff is cinched with hook & loop. Reinforced palm. Ultra Nice. Sizes: 8.5, 9, 9.5, 10.

#447 \$197.00

SILK GLOVE LINERS

100% organic and naturally lightweight, these silk glove liners caress, insulate, dry quickly and resist soil and odors. Plus, they feel sooooo good. Fairly thin. Black, S-XL.

#470 \$17.00

MEDIUM WEIGHT MICROFIBER LINERS

Hand hugging four way stretch brushed polyester fabric offers superior wicking properties and a snug, comfortable fit. This liner keeps hands warmer for better control on chilly rides. Black, M/L, L/XL.

#473 \$15.00

LIGHTWEIGHT MICROFIBER GLOVE LINERS

Knit microfiber and lycra liners are breathable and offer excellent moisture wicking capabilities. They fit great and offer extra protection for cool morning commutes. A great everyday layering glove too. Black, M/L, L/XL.

#474 \$12.00

AEROSTICH DEERSKIN

Very comfortable and easy to wear—just like Elkskin, but made of slightly thinner medium weight deerskin so they're ideal for casual, everyday rides, especially commuting and touring. No break-in needed; they will be as comfortable as prewashed denim the moment you put them on. Because they're so light, absorbent and soft, they provide great control feel. Nimble enough to pick a coin off a table, yet strong enough for riding protection. The insulated versions have 3M Thinsulate and a brushed nylon lining, so they are perfect for spring and fall wear. Full and half sizes for a better and more precise fit. For insulated gloves, order 1/2 size larger than non-insulated version to ensure proper fit. Both styles feature thumb visor squeegee (not shown).

DEERSKIN

The classic all around American general work and riding glove. Reinforcing welt in the thumb and the middle fingers, elastic back. Full and half sizes, Regular (#422) size 7-11, Insulated (#423) size 8-12.

#422 (Size 7-11) \$47.00
Insulated #423 (size 8-12) \$57.00

DEERSKIN GAUNTLET

Gauntlets increase the coverage and work better in cool riding conditions. Tuck 'em in or pull 'em over. Full and half sizes, Regular (#424) size 7-11, Insulated (#425) size 8-12.

#424 (Size 7-11) \$57.00
Insulated #425 (Size 8-12) \$67.00

"Best gloves ever" Review by Leagle — "After experimenting with gel-cushioned and/or armored and/or ventilated gloves, these have been the best all-around gloves I have ever owned. The elkskins were too thick, and I happily use them for gardening.

"I use these deerskins for my every-day commute in Miami, FL, and I used them for my Key West to Prudhoe Bay round trip - and everything in between. They are never too warm, even in the 107 degree AL heat this July 4th, and rarely not warm enough. I use the triple digit rain covers to keep dry or warm when necessary...GREAT PRODUCT."

"Blown away" Review by Mark — "I ordered this gloves a while back and had to send the first pair back due to it being not-quite-right in the size department. I went one half size smaller than I usually wear and the gloves fit fine now. If you order these, do yourself a favor and order half-size too small. They will break in very nicely.

"I have been wearing them daily for my commute for the last month or so. The gloves are still extremely soft and supple and quite frankly i don't want to take them off when I'm done riding. They look as good as they feel too."

To find glove size place hand on diagram as shown. Need help? Call us: 800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add 1/2 size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

TRAVEL SIZE TOUCH-SCREEN GLOVE FLUID

Turn riding gloves into screen friendly smart gloves. Extremely responsive and durable nanotechnology formulation works with all touchscreen devices. Apply, dry and use in under 5 minutes. Each application lasts for 2-4 weeks of use and each 8ml bottle will provide between 15 to 20 applications. Will noticeably darken lighter color leathers. Black.

#486 \$20.00

ORIGINAL TOUCH-SCREEN GLOVE FLUID

Specially formulated to work with all leather gloves, simply apply to allow glove-on interaction with your smartphone, GPS or other electrostatic touchscreen device. Treating your favorite gloves is fast and easy, apply liquid, let dry and pinch, zoom, type or scroll on your portable device. One 15ml bottle will treat or re-treat several pairs of gloves. Black.

#490 \$15.00

AEROSTICH COMBAT LITES

More ideal for general touring, everyday urban riding and all day street and general purpose wear. Obviously shorter and lighter, but incorporating the identical heavy duty materials, design features, and construction quality of the original Combat Touring boot. Top grain leather and fully leather lined.

Compared to most general purpose and riding boots, the Lite has fewer individual leather pieces, less seams and is a stronger and longer lasting boot. The inner speed laces and instep buckle provide a better and more secure fit than any slip-on "engineer" type boot. The lower shaft fits riders with extra large calf muscles better, too. Black. 11" tall (2.42 lb. per boot) Medium Width. Wedge or cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

Cleated Sole #404 \$347.00

Wedge Sole #484 \$347.00

CLEATED

WEDGE

AEROSTICH GREG FRAZIER STASH POCKETS

Probably the most secure place on your person to keep money and valuable papers. Adhesive hook & loop attaches a secret fold-over wallet made of thin nylon to your boot's inner calf or front gusset. Large enough to hold a bunch of money (or whatever else you don't want found). For some reason neither thieves nor third world border inspectors check moto-travelers smelly, dirty boots. (!) Hmm...at least not Greg's. Set of two pockets: 3.25"×4.5" and 6.75"×2.75". 

#405 \$25.00

TUFF TOE

Two-part poly-urethane adhesive with abrasion resistant and waterproofing abilities forms a layer of armor on the toe of your boots. Perfect for shift pad protection. Easy to use. Black.

#1225 \$20.00

SELF-MOLDING FITTING INSOLES

The next best thing to a custom prescription orthopedic. Most insoles simply condense and compact under pressure. These are designed with a firm structural footbed that self-molds to your unique foot shape, cushioning and mirroring each foot for increased comfort, control and support. These are rock solid. Two thicknesses: medium profile (thicker) works best if you're between boot sizes, or low-profile (thinner) uses minimal boot space. 7, 8, 9, 10, 11, 12, 13, 14.

Low Profile #1456 \$40.00
Medium Profile #1455 \$40.00

STANDARD FITTING INSOLES

Perfect for custom-fitting, especially if your foot falls between sizes. Makes boots feel like they were custom made. These insoles feature a patented Etc® fabric top cover that is cool and long wearing. A firm polyethylene mid foam over a molded and shaped structural arch platform provide scientifically researched support that translates to less fatigue, reduced shock, and all-day comfort. Two thicknesses: high profile (thicker) for boots with more volume or low profile (thinner) for boots with less volume. Trim them for a custom fit. 5.5-7, 7.5-9, 9.5-11, 11.5-13, 13.5-15.

Low Profile #1452 \$45.00
High Profile #1454 \$45.00

COMPETITION CBT BOOT LACES

These Competition Laces are designed to be more durable and convenient to use than the standard laces. The tighter weave nylon material frays less, and the shorter overall length means less excess lace to tuck under the outer flap. Cordlock not included—we recommend re-using the cordlock from the existing laces. 

#416 \$8.00

Buckles #413 \$12.00
Laces #412 \$8.00

A BRIEF CBT HISTORY...

These were the first general purpose riding boot of this style in the world. Their origination story is simple: We wanted a basic old-fashioned heavy-duty rider's boot that provided support like an MX boot, was fast and easy to get in and out of, and held onto one's foot well — but without all the added-on MX boot armor. Something more supportive than the classic 'engineer' style boot, and much heavier-duty than the typical zippered race, street or touring boot. A de-contented MX boot.

In hindsight it's hard to believe that twenty five years ago there wasn't anything else like this available. A new type of hybrid existing halfway between a street boot and an off road boot. It created an entirely new product category.

After about ten years we'd sold a good number of them and (as 'adventure' style bikes became more popular) other boot companies

also started to make their versions. Even Sidi came out with a version. All these were more complicated or 'improved' in some way: More buckles, pleated areas, waterproof liners, etc. The others want to be able to say they were better than the CBT boot.

Every market niche works like this. CBTs are the original...and because they're successful others that are similar but supposedly 'improved' in some way become available elsewhere. These are still the best.

AEROSTICH COMBAT TOURING BOOTS

The tougher your riding, the better this boot will feel. Combat Touring boots are as strong as the bulkiest specialized off-road footwear, yet are designed to fit easily under your pants for everyday wear. As soon as you put them on you will feel more support and protection than ordinary street boots can offer.

Combat Touring boots are manufactured exclusively for us by Sidi using the best materials and their most experienced bootmakers. They feature quality full grain leather throughout, a Davos competition motocross sole, Scotch-lite™ reflective in the heel gusset, generous internal ankle and toe padding, and a special padded collar at the top.

The inner speed lace/cord lock setup with micro-adjustable arch buckle and outer hook & loop calf closure insures a protective, comfortable fit. Combat Touring boots may take slightly longer to form to your feet compared to cheaper boots, but they will outlast them by years.

From time to time, apply any good waterproofing product and they will mostly eliminate the need for carrying rain boots.

Whenever regular motocross boots are too clumsy and street boots are too wimpy, these are perfect. Black. 14" tall (2.7 lb. per boot) Medium Width. Wedge or cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

Cleated Sole #480 \$387.00
Wedge Sole #400 \$387.00

TECHNICAL ANTIBACTERIAL SOCKS

These socks have additional Lycra support sections throughout the calf, so you won't find them cutting off circulation or falling down into your boot. High-friction areas contain two sections of polyamide, a technical fiber that provides life-long treatment against odor, fungus and bacteria, and extraordinary wicking capabilities result in enhanced comfort.

The Boot socks, made of 75% Antimicrobial Treated Schoeller Polycolon and 25% Polyamide/Lycra, are longer to provide additional warmth to lower leg. The Crew socks, made of 75% Coolmax Fresh and 25% Polyamide/Lycra, wear slightly higher than a normal sock in order to accommodate riding boots. Built to last. M (5.5-9.5), L (10-12.5), XL (13-15).

Boot (Black/Red) #1407 \$18.00

Crew (Black/Grey) #1413 \$15.00

Review by Mark — "I do a lot of riding. I wear very tall boots...I also like to be able to layer my socks when it gets cold outside. I found these socks to meet my needs so well that I don't wear any others (except when I layer them, that is). These are an excellent warm weather sock, and are even good into the cooler temps...I bought five pairs six years ago and they are just about through, so I will be ordering more. They are the best all-around socks I have ever owned and work exceptionally well as a sock liner if you need to layer them due to low temps."

SUPERFINE WOOL SOCKS

These long, boot style socks are built to keep your feet and lower legs cozy warm and dry. Both have a wool inner layer, providing a perfect balance of warmth and moisture control in a wide range of conditions. The Italian Wool socks (black/grey stripe model) are soft, with a superfine toe seam for added comfort. They're made from a blend of 40% Merino wool and 60% Acrylic/Lycra, the higher wool content provides maximum warmth and performance all ride long.

The taller Merino Wool socks (grey patterned model) are 25% Merino/50% Primaloft/25% Nylon/Lycra, for a tri-layer construction which provides an exceptional combination of wicking, warmth, durability and comfort in a slightly thinner, finer sock. M (5.5-9.5), L (10-12.5), XL (13-15).

Italian Wool M, L, XL #1406 \$20.00

Merino Wool M, L #1414 \$22.00

COPPER SOLE ATHLETIC SOCKS

Copper Sole technology eliminates 99.9% of bacteria, fungi and odor in these comfortable high-tech socks. Unique support at arch for added performance and comfort with elastic infused uppers to ensure they stay in place during a hard ride. Embedded Copper ions in sock fibers regenerate, creating permanent protective barrier. Copper also plays a vital role in collagen formation, so wearing these socks makes for better looking and better smelling feet. Moisture-Guard wicking system and 10% copper CUPRON™ yarn, make these the most comfortable socks ever to grace your feet. Tallish crew height. M (5.5-8), L (8.5-12), XL (13-15).

#1443 \$12.00

Review by John — "Since I first ordered from AeroStitch many years ago, they have become my go-to sock supplier. I have a physical joint-deterioration disability, so staying an accomplished motorcyclist has been a goal and a challenge. Even with 6-hip replacement surgeries between 1980 and 1993 to fix my fused hips, I still have a difficult time finding socks that perform both motorcycling and everyday duties well and are easy to get on & off. These are my favorite...easy to don and with the copper stuff, no smelly feet. My joints will deteriorate as I get older, but these socks have lasted way longer than other for-motorcyclists socks. Highly recommended from this oxymoronic 'handicapped' motorcyclist."

SILVER LINING TREKKING SOCKS

Every pair of riding boots can now literally have a silver lining with these technologically advanced socks. The unique dual-action Silver Drystat® polypropylene yarn offers superior wicking and antibacterial properties with integrated silver ions in the fiber core. A medium weight soft padded footbed provides exceptional cushioning, while the patented graduated compression design of the boot-cut uppers are scientifically designed to enhance ankle support, stimulate circulation, provide relief from cramps, alleviate swelling and make feet more happy and comfortable in any riding conditions. Made from 75% Silver Drystat, 15% Spandex and 10% Lycra, these are built to last and engineered for comfort. Grey. S (5-7), M (7.5-10), L (10.5-13).

#431 \$32.00

Review by Tom — "These socks are expensive, but they are worth the money because they provide the best support of any sock I have tried. They stay up on my thin legs. The foot portion provides excellent padding."

Review by Sam — "Great product. They keep my legs warm and offer great support. My legs and feet don't cramp after a long ride."

THREE FAVORITE SOX

If you think sox are just sox, you are wrong. We've probably looked at more than a hundred different kinds, and tried a lot of them, ending up with only those offered here. Each has a slightly different price point, or unique feature, or purpose. But we still have a few personal favorites. So do our customers.

The most popular type is the **Bamboo Sox** (#430 \$19) on the opposite page. Visit the Aerostich website and you'll find many customer-written testimonials about how great they are. Somewhere there's a perfect balance of knit feel, density and elasticity...and this sock has it. Simply perfect inside riding boots, loafers, or just about anything between. They feel great and last a long time, too.

One of the **Aerostich Wool Riding Socks**, the **Trekking Plus Mid** (#457 \$27), is another favorite for both riding boots and regular everyday shoes. These come from a small company that knits the very best, most beautiful private-label sox available using only the finest merino wools. (From the happiest sheep, right?) We started talking to

this company about what we wanted the 'perfect' sock to be. Now we're a sock manufacturer. This one is 80% merino and it feels like even more. It's wonderful.

The knitted-in-USA **Light Weight Gray Merino Wool Luxury Sox** (#415 \$18) was the first sock ever in an Aerostich catalog over 25 years ago. We still like it the best for all-around everyday wear with shoes, sandals(!) and boots. It's unique arch brace knit pattern holds the sock in place with extra support there, and it's flat-knit toe seam is comfortable. Merino content is 74%, nylon is 25% and elastic is 1%. It wears long and they don't stink even after days of use. This sock was originally designed for hiking and backpacking, so it wicks moisture better, too. It is an absolutely great all-purpose sock.

You can wash any of these out in a motel sink and they'll be ready the next morning. These are our favorites. The very best fitting, feeling and wearing. Worth every penny.

BAMBOO CHARCOAL SOCKS

Weird if you think about it, but nirvana for your feet. Advanced nanotechnology permanently melds the ancient beneficial properties of bamboo charcoal into the natural fibers of this sock. The result is a supple and incredibly comfortable 200 thread count knit that continues to get fluffier and softer with each washing.

Every fiber is infused with charcoal to provide true odor eating and anti-microbial properties within a unique three-dimensional weave pattern that delivers exceptional moisture wicking ability. And (...“but wait, there's more!”) as the socks are worn and heated by the body, good negative ions are also released, promoting increased foot health and improved circulation. Made from renewable organic materials, these luxurious socks are not only good for your feet and your health, but are good for the planet too. One wearing will make you a believer. S/M (6.5-9), M/L (9.5-13).

#430 \$19.00

AEROSTICH WOOL RIDING SOCKS

A great riding sock is different things to different riders. This carefully selected line of wool socks offers an ideal choice for fit, function, performance and all-day comfort from your footwear. In addition they are good for the environment too by using Nanoglide, a material created with recycled PTFE plastics.

The **Trekking Mid Wool** sock is a comfortable mid-length 69% Wool, 7% Nanoglide sock. The **Trekking Plus** is the same fit and length as the **Trekking Mid**, but features a higher 80% Wool content with a 7% Nanoglide composition. The **Trekking Plus Compression** sock is a taller over the calf, snugger fit made with 50% Wool, 44% Polyamide, 5% Nanoglide and 1% Lycra. The **Cross Country Mid** sock is a mid-length sock featuring 50% Wool, 43% Polyamide, 6% Nanoglide and 1% Lycra. M(7-8.5), L(9-11), XL(11.5-13.5).

Trekking Mid Wool #455 \$24.00

Trekking Plus Wool #457 \$27.00

Trekking Plus Compression #477 \$27.00

MERINO WOOL LUXURY SOCKS

These performance socks are made from the highest-grade wool available, resulting in unmatched comfort and moisture management capability. Because the wool fibers have a natural crimp to them, they are cushiony and return to their original shape instantly. Made with just enough stretch nylon to ensure a snug fit. Non-itchy as well as being machine wash and dryable, these socks are at home inside motorcycle boots like no others we've tried. Light Weight is grey or black, while the Medium is grey. All are 74% luxurious, soft, durable merino wool. Crew height. M (6-8.5), L (9-11.5), XL (12-14.5). 

Light Weight Black (M-L) #1416 \$16.00

Light Weight Grey (M-XL) #415 \$18.00

Med. Weight Grey (M-XL) #1415 \$20.00

AEROSTICH TRIPLE DIGIT GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin ripstop nylon laminated fabric breathes enough during rain conditions so your skin won't become clammy. The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use.

They pack very small, so you'll always have them ready. There's Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M-XL. Specify color.

#442 \$47.00

AEROSTICH SHORT TRIPLE DIGIT GLOVE COVERS

If you prefer wearing raincovers under your sleeves, these work better and are easier to use. These are exactly the same design as the Triple Digit Raincovers, without the extended gauntlet. Orange or Black, M-XL.

#492 \$47.00

TUCK-IN OR WEAR-OVER?

You are riding along down the highway in the rain, wearing Triple Digit Raincovers. The drawcord around the end of the gauntlet is drawn up tight. Everything is working perfectly, your hands and gloves are dry even though it's coming down in buckets. Then you must come to a stop at the end of an off ramp, and there's a stoplight. Red. You take your hands off the bars and let them fall to your sides while you wait.

All good things must come to an end. Rainwater runs down your sleeves right into the tiny opening at the end of the gauntlet where the drawcord exits. And trickles into your wrist. A few more stoplights ahead and your gloves and hands are now wet inside the raincovers.

There are two solutions: 1) Remember not to lower your arms at stoplights. Learn to fold your arms across your chest or lay them on a tank bag. 2) Wear raincovers which are tucked inside of your sleeves.

AEROSTICH ULTRALIGHT RAIN PANTS

These second generation, 3-layer waterproof nylon pants pack away small yet are strong enough to thwart rain and road spray. If you ride in jeans and a jacket and the weather changes during the day, they'll get you home dry. Ultralight Rain Pants self-store in a 4"×5"×1.5" integral zippered pocket. Long waterproof side zips and fly zips make them easy to get on and off over footwear. Fully seam sealed. An elastic drawstring waist keeps them up. Perfect to stash in a courier bag, fairing pocket or wherever you might need them when it decides to rain. M (32"-34"×30.5"R, 32.5"L), L (36"-38"×32"R, 34"L), or XL (40"-42"×33.5"R, 35.57L).

Regular #409 \$87.00

Long #419 \$87.00

SELF STORES

AEROSTICH ALWAYS-READY BOOT RAINCOVERS

Practical and lightweight, these ripstop nylon raincovers self-store in a small, flat pocket that secures via hook and loop to the inside shin area of the R-3, R-3 Light, Classic Roadcrafter, AD1 and Darien Suits and pants. The integrated storage makes them super easy to put on and ensures they are always ready when you need them. 7"×6.5" . M (7-9), L (10-12), XL (13-14).

#401 \$57.00

ULTIMATE TRAVEL UMBRELLA

The world's best and most advanced travel umbrella. The perfect balance of portability and performance in a revolutionary, compact umbrella design.

Auto opens easily with an advanced Radial Tensioning System that redirects, transfers and distributes the effort needed to open the canopy. When open, the aerodynamically robust structure fares better in more extreme conditions, providing an ultimate defense against the elements. 37" canopy. Folds to 14", 13.2 oz.

#4158 \$47.00

AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two NikWax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving Roadcrafter main zippers water resistance.

#1334 \$27.00

AEROSTICH BOOT RAINCOVERS

Seam sealed three layer ripstop nylon raincovers that are strong enough to stop rain and road spray all day on a thousand mile rainy day, but pack small enough to carry along and are ready when you need them. A reversed waterproof zipper makes them fast and easy to put on and remove. They are all that's needed to get home from work with dry feet and boots if the weather changes unexpectedly too. We looked at and tried more than a dozen types from other companies before engineering these. They pack small, are easier to put on and remove and work better. Each cover neatly stores into a built-in hook & loop closed pouch that's only 3"×4"×1.3". M (7-9), L (10-12), XL (13-14).

#407 \$67.00

FAST REAR ZIP AND REFLECTORS

FOLDS INTO TOE

NEOS ADVENTURER OVERSHOES

Looking real cool in an Errol Flynn meets Neil Armstrong kinda way, these were originally designed for winter and foul weather foot commuters. They also happen to work real well as motorcycle rain overboots. These are made of 100% waterproof Cordura to a height of 15", and pack down enough to fit in an area the same size as a pair of sneakers. A lightweight high-traction sole holds up better than conventional motorcycle "bootie" type rain footwear. An easy-on/easy-off design makes them quick to use. Black. M (7-8.5), L (9-10.5), XL (11-12), XXL (12.5-13.5).

#414 \$87.00

REUSABLE STICK-ON BIFOCALS

Turn any eyewear into bifocal reading glasses. Stick-on lenses adhere with water, are removable, reusable and provide optically correct magnification on any eyewear. Lightweight, ultra-thin, pliable lenses available in +1.25, +1.50, +1.75, +2.00, +2.50 and +3.00 diopters. A smart alternative to expensive prescription readers. Specify magnification.

#1135 \$15.00

MIL-SPEC FLIGHT GLASSES

These went to the moon with the crew aboard the Apollo 11, and have long been spec for U.S. Air Force pilots. Designed specifically to fit under a helmet or headset, and engineered to rigid military specifications, they offer maximum optical performance, protection and comfort. The neutral grey, scratch and shatter-resistant polycarbonate lenses absorb 99% of UVA and UVB rays, and allow for sharper detail and evenness of color. The rugged, high-quality frames are made of polished steel and the bayonet style earpieces are designed for maximum comfort no matter how long they're worn. Since 1958, and never out of style.

ADJUSTABLE-STEM BIFOCAL RIDING GLASSES

If you find yourself squinting to read the map (on the GPS screen, or on paper...), then these wind-cheating glasses are just the ticket. Impact resistant polycarbonate lenses are outfitted with reading glass cheater lenses just below eye level, so they are readily available when you need a close view, and not distracting when surveying the road ahead. A sturdy black frame features arms that can be length-extended for fit, and soft nose pads for a comfortable, near custom fit. The scratch resistant lenses are available in either smoke or clear and provide 99.9% protection from harmful UV rays. Great protective eyewear that look so cool, nobody will even know you're wearing safety glasses. 5.6"×2.5". Specify power of +1.50, +2.00, +2.50 or +3.00.

Clear #1063 \$15.00

Smoke #1064 \$16.00

Review by Maynard — "After cataract surgery about a year and a half ago I no longer needed glasses for distance vision. I do need "cheaters" for reading however. I have a pair of bifocal glasses with the Transition lenses in them (change from light to darker & back), but the Transition part doesn't work behind a face shield.

"Saw these in the AeroStich catalog and thought I'd give them a try. They are perfect for my needs. The price is right, they look good, and the wrap around lens keeps the wind out of my eyes with the face shield up. The bifocal part is also low enough in the lens that it doesn't interfere with straight ahead vision. Great product!!"

STRAIGHT-STEM BIFOCAL RIDING GLASSES

Read maps, GPS screens and mobile devices without squinting or holding at arms length. These ergonomic nylon framed glasses feature sleek, high performance, impact resistant polycarbonate lenses, embedded with precisely placed 'cheater' lens inserts to help prevent accidents, headaches and strain on your, um, er...maturing eyesight. Provide 99.9% protection from harmful UV rays too. Lightweight design and a soft, self-adjusting rubber nose pad for all day, under the helmet comfort. Straight temple design with almost no over the ear bend for easy on/off. Available in +1.5, +2.0, +2.5 or +3.0 diopters with a choice of Clear or Yellow lenses. 5.6"×2.5".

Clear Lens #1071 \$24.00

Yellow Lens #1075 \$24.00

Review by ochog1 — "Started with one clear and one yellow lens pair. They exceeded my expectations. I have since ordered three more pairs of yellow lens glasses that I now wear at work. So not only are these fantastic riding glasses they are great all around glasses....You will find cheaper glasses but none better in MHO."

AIRFOIL FITOVER GOGGLE DAY2NITE

These goggles feature a roomy fit to be worn over most prescription glasses. 100% UVA/UVB protection and shatterproof lens. Grey photochromatic with black frame.

#1605 \$99.00

WILEYX XL 1

Among the most advanced eye protection systems available, these are made specifically for riding applications. They feature tough resin frames with a wraparound shape backed by a comfortable, removable ultra foam gasket that helps keep wind and dust away from your eyes. Each comes with a removable safety strap, case, microfiber cloth, and an encyclopedia's worth of advanced high-end lens technologies. Excellent for UV protection. In current use by our military forces operating in desert areas. Optically perfect, interchangeable smoke and clear lenses. Matte black frame.

#1220 \$79.00

INTERCHANGEABLE LENS

DOGGLES

As motorcyclists, it's obvious to all of us why dogs stick their heads out of car windows. But dogs, like humans, need eye protection when riding motorcycles. So preserve Fido's corneas with these comfortable and well-made goggles for man's best friend, for whom you want only the best, right? Doggles feature sturdy construction and metallic black frames with replaceable smoke lenses designed to fit canine craniums. Probably the closest thing to Chick Magnets you are going to find in this catalog. (See dogsonbikes.com for info on riding with dogs.) XS (1-10lbs.), S (9-25lbs.), M (20-60 lbs.), L (50-90 lbs.).

#1079 \$22.00

Replacement Lenses (Clear)
#1019 \$11.00

TOKKI & HIS DOGGLES, READY TO RIDE.
PHOTO: STEPH BENTZ, 2013

Review by Bucho — "The doggles work great! I recently added a sidecar to my dualsport bike. Besides the wife and kid, my dog has been going for rides in the hack. The doggles fit well and work great. She is a hit anywhere we go."

BUGZ GOGGLES

The original and still the best. About fifteen years ago these were the first of a new generation of an old invention. They feature 100% UV protection and a unique dual lens design. Made of optical polycarbonate, the tough outer lens is backed up by a fog-fighting inner lens. Individual eye frames flex enough to adapt to different face shapes. Side vents are adjustable, helping the wearer control air flow. Soft elastic strapping holds these goggles in place during hard use. Tough and innovative, if you wear goggles regularly, you'll love these. Black frame. Specify clear or smoke lenses.

Clear Lens #1072 \$52.00

Smoke Lens #1070 \$52.00

Review by wideglide — "second pair of Bugz...wore out the first with scratches and stretched head band after years of riding. Tried a pair of Harley goggles but it didn't take much to see that they were too small and ill fitting to replace my old Bugz...so I now have 2 new pair of Bugz for day and night riding...love em."

NOLAN N91 MODULAR

Design updates and improvements to styling, features and functions make this modular helmet a great choice for everyday riding. An aerodynamic polycarbonate shell combines with a removable and washable Clima Comfort interior lining and cheekpad system for all-

day quiet and comfort, a neutral internal shape should be a comfortable fit for most head shapes. Interior VPS dark tinted shield deploys easily with glove friendly lever on left side of helmet, great to use as built-in sunglasses when needed, and as eye-protection when used independently from the clear shield.

Secure locking mechanism on the chinbar allows for one-handed operation to open the front. Quick-release, multi-position anti-scratch shield includes Pinlock insert for reduced fogging. Adjustable chin and top vents with rear extraction allow for excellent air flow. Ready for NCOM communication system. DOT approved. Silver, Black or White. S-XXL. 3.9 lbs. Faceshields and pinlocks listed online.

#1185 \$315.95*

FACE SHIELD SUPER VISOR

Riding into a low sun every day can drive you crazy (unless your shield is brand new and perfect). Ordinary dust and nano-scratches catching the light can be absolutely blinding, and unsafe as hell. This solution works splendidly. The visor is aerodynamically engineered and fits all helmet types that use face shields. Perfect vision and less eye fatigue is only a slight head tilt away. Never be blinded by the sun again.

The visor is aerodynamically engineered and fits all helmet types that use face shields. Perfect vision and less eye fatigue is only a slight head tilt away. Never be blinded by the sun again.

#1546 \$19.00

NOLAN N104EVO N-COM MODULAR

A synthesis of innovating safety and comfort features incorporated into a contemporary design. The lightweight and aerodynamic Lexan® polycarbonate shell features a built-in spoiler for improved stability, improved airflow and a quieter ride. An ultra

large, optically correct face shield offers wide field of vision and tall eye-port plus UV400 protection and a Pinlock® anti-fog inserts. The internal scratch and fog resistant VPS sunshield deploys and retracts instantly by an easy access button on the lower side of the helmet.

The pivoting flip-up design uses a secure stainless steel latches opened with a single hand by pinching the release tabs under chinbar. The fully removable and washable interior padding is anti-fungal, anti-microbial, designed to accommodate glasses and provides an intermediate oval fit. Reflective panels on the chin curtain and removable neck roll improve visibility for nighttime safety. The comfortable chinstrap uses the fast Micro-lock quick release clasps. Exceeds D.O.T. Standards. Read sizing instructions online before ordering, and let us know if you have questions. Black, Silver, White, Yellow. Intermediate oval fit. S-XL. 3.86 lbs.

A SIMPLE GUIDE TO MODULAR HELMETS

We sell four modulars; good, better (two versions) and best.

Good — RPHA Max — Lightweight and very quiet. The cheek pads were very tight on my face, and (after a first day of uncomfortable wear) I had to jam a motel ice bucket tightly inside overnight, to compress and soften them up. After that, this helmet worked and wore great. Airflow vents extremely effective. Double D ring chin strap a pain after using the great Nolan chin strap latch, but you get used to them after a few days of regular use. This one is very lightweight, which is nice. Made in Korea.

Better — Nolan (Two Styles) — Kind of gimmicky in styling and features, but very nice overall. From one of the world's largest helmet companies. I wear an older, simpler version of this helmet one for 95% of my riding (X1002). By far the easiest to use chin strap latch system. Lots of other nice details and features. Durable. Fairly quiet. Integrated intercom or audio system available. The ultimate chin-bar opening latch and hinge system. Made in Italy.

Best — Shoei Neotec — What I'd probably buy today, and would immediately void the warrantee by taking the wonderful chin strap buckle off my

old Nolan and sew it onto the chinstrap of one of these, replacing the forever-proven safe-and-reliable-slow (ergonomic P.I.A. in short-distance daily riding) double-D ring system. Superb quality of construction and details, everywhere. Everything works perfectly. A second or third generation design from one of the worlds best helmet companies. Made in Japan.

Related notes — Modular helmets provide superior versatility. At highway speeds and on sport and unfaired bikes you'll enjoy 'full-face' protection and comfort, yet during short stops, or when riding slow somewhere you can open up the chin bar. This can be specially nice in hot weather. If you want only one helmet to do both all-day longer-distance rides and also for frequent short-hop urban riding.

All New helmets take a while to 'break in'. Especially 'full coverage' and modular types. They also take a while to learn the various tabs and slots that open the chin bar and visor and vents. For a while one fumbles around with a new helmet but eventually one learns to use the various bits and it all gets easier. On my old Nolan helmet everything is now second nature.

Surj Gish Editor-in-Chief of CityBike Magazine, Bay Bridge, San Francisco, 2014.

SHOEI NEOTEC MODULAR

Continual refinements in helmet technology have resulted in this all-new, next-level modular helmet design. Boasting streamlined shell aerodynamics to provide noticeably less buffeting and noise than previous helmets, with a reduced weight 5-ply Shock Absorbant Fibershell,

this top-of-the-line helmet is filled with advanced updates.

Superior ventilation and a fully removable, washable and replaceable dual-density EPS liner combine with an integrated chin curtain, breath guard and a micro-ratchet retention strap to make this an ideal lid for all-day comfort. An enlarged face shield attaches to a smooth opening flip-up visor, providing a wide, clear field of vision. The clear shield also includes a clear Pinlock to protect against fogging.

A secondary internal sun shield is mounted inside the shell and operates independently from the face shield, deploying easily via a glove optimized left-side slider. Three outer shell sizes are available to best fit all head sizes. A truly advanced modular design. Meets D.O.T. safety standards. Matte Black, Light Silver, White or Yellow. S-XL. 3 lbs. 11 oz.

#1394 \$662.99*

Clear Replacement Pinlock Shield #1300 \$52.00

*Call 800-222-1994 for latest/best price.

RPHA-MAX MODULAR

Advanced design technology and hand-laid use of premium shell materials like carbon fiber, aramid and fiberglass combine to make this modular helmet extremely lightweight, quiet, comfortable and durable. An innovative one-touch open/close

locking system makes for easy operation of the flip-up chin bar and face shield, while an advanced channeling ventilation system provides superior airflow to achieve amazing climate control and eliminate fogging.

The optically superior Pinlock-ready face shield provides 95% UV protection and utilizes an innovative center-touch locking design for an extremely secure seal. The integrated smoke-tinted sunshield adjusts quickly and easily to three different positions with a one-touch lever.

A removable, washable liner enhances comfort through its anti-bacterial and moisture wicking properties. Exceeds D.O.T safety standards. Read online sizing instructions before ordering, and let us know if you have questions. Black, Matte Black, White or Silver. S-XXL. 3.55 lbs. Replacement shields listed online.

#1519 \$459.99*

*Call 800-222-1994 for latest/best price.

ARAI SIGNET Q

The Signet-Q interior is a world apart. Elongated 5mm front-to-back, it has peel-away interior liner pads to allow micro-fit adjustments and provide a true Long-Oval interior and a better fit for more riders. Redirected brow vent ducting further enhances proven airflow technology and an included Pinlock anti-fog lens will keep forward vision clear. A 10mm wider eye port dramatically increases peripheral view at each side, a benefit appreciated in real-world street riding. Black, Silver, White, Grey, Blue. S-XXL. 3.6lbs.

#1529 \$619.95*

* Call 800-222-1994 for latest/best price.

HJC RPHA10

A full face helmet perfect for everyday street riding or long distance cruising, with a comfortable anti-bacterial interior and enhanced venting. It was made to be durable, comfortable and rugged for a life on the road. Advanced lightweight P.I.M. (Premium Integrated Matrix) fiberglass composite shell provides superior fit, performance and comfort. The optically superior Pinlock® ready faceshield uses an innovative one-touch open/close locking system for an extremely secure seal. Snell and DOT approved. Black, White, Silver, Yellow, Anthracite. 3.2 lbs. S-XXL. Replacement shields listed online.

#1536 \$359.99*

* Call 800-222-1994 for latest/best price.

ARAI XD4 HYBRID

One helmet to fit all riding styles is the role of this dual-sport hybrid helmet design. A fully removable, replaceable and washable comfort liner, cheek pads and chinstrap utilize a Dry-Cool® technology for greater comfort. A customized fit can be achieved with a proprietary peel-away temple and cheek pad micro-fit system. The CLC shell composite is incredibly strong and light, with improved aerodynamics for added high-speed stability. Topside diffuser vents combine with chin and side cowl ports to provide excellent ventilation and airflow control. Twin-cam pivot system allows the locking face shield to be fully operable under the adjustable angled visor, or remove the shield for use with goggles. The visor can also be removed for added comfort and safety for high-speed or high-mileage riding. A premium, better fitting helmet for every ride. Snell approved. Read sizing instructions online before ordering, and let us know if you have questions. Fits intermediate oval heads. White, Silver, Yellow or Black. 3.75 lbs. S-XL.

SHOEI RJ-PLATINUM R

This is the bench-mark of craftsmanship and safety technology in a premier open-face helmet. A Lightweight Advanced Integrated Matrix Plus (AIM+) shell combines fiberglass and organic fibers for superior energy absorption and distribution. Adjustable top and rear vents provide enhanced air-flow while maintaining a remarkably quiet riding experience.

The fully removable/washable interior liner features cheek pad slits for eyeglasses/sunglasses with a soft, comfortable 3D Shock-Absorbent Comfort Liner further enhancing the safety and fit characteristics of this Snell and DOT certified lid. The distinctive visor is removable and convenient snaps allow for aftermarket shield fitment. An adjustable, padded D-ring chin strap keeps this helmet comfortable secure. Matte Black, Light Silver or White. S-XL. 2.8lbs.

#1395 \$273.99*

* Call 800-222-1994 for latest/best price.

ARAI VECTOR 2

Unmatched craftsmanship, performance, fit and value. The shell shape is designed to better flow in the wind and utilizes a proprietary Complex Laminate Construction technology for strength, flexibility and low weight. A multi-density EPS liner provides superior energy absorption to further enhance safety. The inner-liner is removable and washable, with micro-fit cheek and temple pads that utilize 5mm peel-away layers to achieve a perfect fit. The intermediate oval interior shape fits most head shapes better, too. The face shield provides an extremely wide view for increased lateral awareness. Other improvements include an integrated removable breath guard, improved stability with a lower center of gravity, and larger, improved airflow vents, front and rear, for increased airflow with lower noise levels. Snell approved. Exceeds D.O.T. standards. Read sizing instructions online before ordering, and let us know if you have questions. Fits intermediate oval heads. White, Black or Yellow. 3.7 lbs. S-XL

DOOR OR CUBE HANGER HOOK

HELMET HOLDER

HELMETLOK

A carabiner with a built-in combination lock makes a great portable security tool. The programmable 3-pin locking latch opens outward, allowing it to fit around handlebars or frame tubes up to 1 1/8" diameter, and is rubberized to prevent scratching. Use with a lightweight coiled cable for securing multiple items together or as a lightweight anti-theft bike lock.

#1182 \$27.00

HELMETLOK CABLE 2

Keep your stuff from walking away with this 3mm thick, PVC coated scratch resistant coiled cable. Expands to 70" in length to weave through helmets, riding suit/jackets, bags or anything else you want to prevent from growing legs. Looped ends designed to work with HelmetLok (#1182), or will accommodate your own padlock. Compact protection for big peace of mind.

#1594 \$8.00

LOCKSTRAP

Great for strapping helmet, jacket and other gear to your bike and ensuring it stays there. Locking carabiner means no keys to worry about. Full length steel braided cable runs through strap for added security. 2' long. Sold individually.

#4839 \$24.00

BAR END HELMET HOOK

Eliminate the risk of your helmet falling to the ground. Unique 1/4" ABS hook universally mounts permanently behind existing hand guards or bar end weights. Helmet hangs quickly and securely from the hook via strap or D-ring. Strategically placed holes allow for a small, long-shackled lock or cable for increased security. Also keeps a bag or other gear off the ground for hands-free pre-ride loading of your tank bag or panniers. Useful, convenient and there when you need it.

#1631 \$15.00

Keyed Lock #1681 \$3.00

ADHESIVE 3M SOLAS GRADE REFLECTIVE

Look closely at the surface of highway or industrial warning signs and you will find the unique, hexagonal pattern that identifies 3M SOLAS (Safety Of Life At Sea) Grade Reflective. A clear protective layer bonded over reflective glass microbeads ensures strong reflective power—even in wet conditions. Slightly stretchy and trims easily to any shape. Ideal for curved surfaces like helmets. One of the most intense retro-reflectives in the world. Silver color. 2' long by 2" wide.

#346 \$7.00

Review by Jaysun — "I picked this up with the intent to cut it to different lengths and sizes on different EDC type items that I use as well as on kit type items that I use while use while hiking/traveling. After a few trial runs, I was able to get very satisfying results from this tape. It has a bit of give in it, so when used over round or curved items it adheres well. Just as an experiment I put a few ascent strips cut to anywhere from 3-7mm across on the open areas of my iTP A3 EOS light. After about a month of being bumped around in my pocket that I always have the light in, this tape has shown no signs of wear or peeling while maintaining it's luster and reflective qualities."

AEROSTICH VISOR CLEANING KIT

The two little .5 oz bottles are a nice flat, oval shape so they pack flat in any pocket. These won't leak or spill like tiny pump sprays can, either. One's got a windshield cleaner, the other is "Protectall" (#4796), a fabulous all-purpose cleaner and polish. Also included are a microfiber cleaning cloth and a compact 3"×5" Cordura carrying case. An indispensable shield cleaning kit that packs small enough carry along on every ride, ready for use at a moments notice. No excuses. 🇺🇸

#1051 \$25.00

AEROSTICH VEEWIPE SQUEEGEE

You'll quickly become addicted to this faceshield squeegee. Made of a stretchy silicone material that easily conforms to the thumb or index finger of your left hand, VeeWipes make riding in the rain safer. Pack contains three sizes (one each) to fit all glove sizes and thicknesses. Trim with a scissors for a custom fit.

#1048 \$16.00

Review by Eap — "I agree that these are the best in the cat. Discovered these years ago and ended up giving them away to friends except one that I lost. But Lo' another friend gave me one back in time of need! Friends won't friends ride without Squeegees!"

RAINCOAT PRO

The ultimate hydrophobic coating for your plastic optics. Applies quickly, dries instantly and leaves a transparent coating on your plastic optics that sheds

water and keeps your vision clear. Kit includes buffing cloth and 30 ml (1 fl. oz.) spray bottle to coat up to 50 helmet visors. Re-apply every few weeks to maintain best water-shedding performance. 🇺🇸

#1127 \$19.00

stores easily in a pocket or tank bag. The ultra soft, lint-free mesh fabric pre-moistened towelettes are a durable, safe and ammonia free way to wipe helmets, visors and windscreens. They are also perfect for cleaning up your bug blasted headlights and turn signals. Pack of 12 wipes.

#4159 \$6.00

CYCLE WIPES

Effective, specially formulated wet wipes for cleaning bugs and grime from visors, shields and bikes. Convenient 12-count re-sealable travel pack

FOG TECH PACKETS

Advanced anti-fog protection. These single use packets will be ready when you need them on a chilly morning or at a rainy gas stop. Five single use packets.

#1091 \$10.00

AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two NikWax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving Roadcrafter main zippers water resistance.

#1334 \$27.00

AEROSTICH CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Complete washing, inspection, and water repellent service for your Roadcrafter or Darien. If repairs are needed you will be contacted with an estimate. Stain removal not guaranteed.

Suit (Jacket and Pants) #255 \$80.00 / Jacket #256 \$50.00 / Pants #257 \$40.00

NIKWAX TX DIRECT SPRAY-ON REPELLENT

Restores the durable water-repellent finish of all types of waterproof/breathable fabrics. Ideal for garments or single-wall tents and synthetic sleeping bag shells. Best when sprayed on damp material. 10 oz.

#1360 \$14.00

NIKWAX TX DIRECT WASH-IN REPELLENT

Wash-in re-waterproofing treatment for all breathable waterproof clothing. It saturates the stitching, fabric, and zippers making a noticeable difference. Hand or machine wash in. 10 oz.

#332 \$12.00

NIKWAX TECH WASH

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax's Wash-In Waterproofer. Biodegradable. 10 oz.

#333 \$10.00

UV TECH

Works like a sun-screen for fabrics. Reduces color fading and slows the damaging effects of long exposure to sunlight and atmospheric chemicals. Ideal for daily commuters, long distance riders, or those with red garments. One bottle will treat an Aerostich suit. 12 oz.

#331 \$12.00

NIKWAX GLOVE PROOF

Very effective on leather or synthetics. Penetrates leather deeply. Comes in an easy-to-use 4 oz. bottle. Helps leather last longer and hands stay drier. Leaves dry 'waxed' feel. Not oily.

#1368 \$8.00

REVIVEX® SPRAY-ON WATER & STAIN REPELLENT

Safe, non-toxic treatment, developed by the Gore company, enhances and restores the water repellency and stain resistance of garments constructed using GORE-TEX® laminated fabric. 10 oz.

#1345 \$14.00

NIKWAX WOOL WASH

Increases your wool garments' natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10oz.

#303 \$9.50

NIKWAX LEATHER CLEANER

Cleans and revitalizes leather without oversoftening. Will not strip off the manufacturer's water repellency. Prolongs the life of gear and optimizes outdoor performance. Biodegradable, non-flammable, non-hazardous. 10 oz.

#343 \$13.00

AQUASEAL

Medium viscosity sealant and adhesive forms a tough, elastic waterproof seal. Permanently adheres to fabrics like neoprene, hypalon, vinyl, Cordura, and heavier leathers. Dries overnight. Urethane base. .75 oz.

#335 \$7.00

SEAM GRIP

Wicks into and seals seams and zipper tapes. Dries in only a couple of hours. Ideal for permanently repairing tents and leathers. 1 oz. tube comes with a syringe applicator. Kit includes two 2" patches, brush applicator, and storage container. Urethane base.

1 oz. Tube #362 \$8.00

AQUASEAL LEATHER CONDITIONER

Extremely viscous silicone with a proprietary blend of waxes and special oils that condition leather and keep it breathable.

#336 \$8.00

CHELSEA LEATHER FOOD

Proper boot dubbin from England, where they know a thing or two about preserving leather in the face of damp weather and dank conditions. All natural. Specify black or natural.

#1346 \$20.00

NIKWAX AQUEOUS WAX

High wax content leather conditioner. For increased efficiency, use it on wet leather. Buffs to a nice sheen, and can be used on oil or chrome-tanned leathers.

#1338 \$8.00

NIKWAX LEATHER RESTORER

Rejuvenates the water repellency of tired, worn leather clothing and accessories and replaces water repellent finishes and conditions leather. Prolongs the life of leather gear. 10 oz.

DISPOSABLE MAX TAPERED

Comfortable, form-fitting, expanding foam. 33 dB.

5 Pair #1274 \$3.00
25 Pair #1276 \$10.00
5 Pair Corded #1284 \$5.00
25 Pair Corded #1286 \$18.00

SILICONE EARPLUGS

After a long day of riding, inserting and removing foam earplugs can irritate your ears. These form-fitting earplugs are made of moldable silicone that fit very comfortably to the unique contours of any ear. They won't cause discomfort and are washable & reusable. Doctor recommended for hearing protection with a substantial noise reduction rating of 22 dB. Seals out water and helps prevent swimmer's ear. Snore proof. Shatter-proof carrying case included. (2 pair).

#1285 \$4.00

Review by Hollow Road Rider — "I have used foam plugs, push is foam, screw in foam, lift the top of your ear and shove foam... the Mack's silicone are the best and most comfortable I've used. I've been wearing ear protection in wood shops and on the job for 30 years. Mack's silicone are the best for riding the Beemer with a full face mask."

AEROSTICH EARPLUG PROTECTOR CASE

Keep earspeakers and cords safely tucked away in this convenient holder. Opens and shuts like an old-school coin purse. Soft, durable plastic. 2.5" x 1.4".
