*"You go through something when you ride, you know. When you start and when you come back, you go on a little journey that sometimes you don't get when you're sitting in a car — the sensory experience of riding, the attention you pay and the times it becomes contemplative. Even just going on a two hour scooter, you go through something, and you get something. And there's something about the satisfaction of coming home from a journey. You just kind of got out into the world, and you've come back, and it's like, ok, this is good." —long-time daily rider Keanu Reeves, in American Iron magazine, Sept 2012*

**AEROSTICH**  
SINCE 1982  
Equipment for Riders

## AEROSTICH TLECC FLEECE SWEATERS

This comfortable sweater is the perfect layer for traveling, especially on chilly mornings or through sudden temperature changes. The offset front zipper reduces multi-layer "zipper stacking." A deep placket provides adjustable comfort, and details like the windproof stand-up collar and lycra bound cuffs and hem are reasons it will never see the back of your closet. The lightweight TLECC fleece has a reputation for superior coziness. It packs to nothing, is great over an Electric Vest, and provides maximum layering versatility. Self-stores in its own pocket. S-XXL. USA. 

**TLECC Wind Pro (Grey) #631 \$105.00**  
**TLECC Wind Blocker (Blue or Cayenne) #633 \$115.00**

SELF-STORE POCKET

## AEROSTICH TLECC FLEECE PANTS

On extended trips you can count on experiencing higher elevations, all-day cold snaps, or some chilly early starts. These TLECC pants are made to a functional, comfortable pattern and pack light and small. For ventilation and convenience, #5 YKK two-way zippers run down the outside so the pant legs fit over boots. The full length side zips and fly make putting them on faster and easier than changing into long underwear. Many riders wear them over their jeans and under a riding suit. They provide a remarkable amount of extra warmth. Machine wash. S (28-30), M (32-34), L (36-38), XL (40-42), XXL (44-46). USA. 

**TLECC Wind Pro (Grey) #630 \$105.00**  
**TLECC Wind Blocker (Blue) #1639 \$115.00**

### TLECC MID-LAYER FABRICS

Aerostich TLECC Fleece garments use the latest, high performance fleece and mid-layering fabrics available. When you are riding, these layers add warmth without the weight and bulk of traditional insulations, and their advanced breathability and moisture wicking properties keep you dry and prevent overheating. Featuring built-in durable water repellent (DWR) finish, each provides comfortable, functional qualities that are great for casual/off bike use as well, and all are machine washable. (Ranked here in order of warmth).

• **SOFT SHELL (Titanium):** This beefy fleece blocks 98% of the wind, and offers faster moisture wicking and improved breathability. A tight, smooth, mat-finished nylon woven face with a warm, fuzzy high loft inside. The Soft Shell is excellent alone for off-bike wear because of its luxurious lofty inside and amazing as a mid-layer because your riding gear's lining slides so easily against this soft-shell as you move. It's in the middle as far as packing goes, but this is the warmest/most advanced fabric.

• **WIND BLOCKER (Blue or Cayenne):** A warm, soft, and comfortable two-sided fleece that features a thinner micro velour face with a moisture wicking mesh back. It is thinner than the others, but it blocks 98% of the wind, and offers 2X faster moisture wicking than other windproof fleece fabrics. Its hidden stretchy membrane now offers improved breathability for all day comfort. The thinnest, most packable of the three, and it wins silver medal for warmth.

• **WIND PRO (Grey):** A new, denser, "super fleece" that is extremely breathable yet provides 4x better insulation and draft resistance than traditional fleece with increased durability. This medium thickness two-sided 200 weight grey heather fleece features a soft, smooth midweight low velour face, w/ a softer, fuzzier velour back. The thickest, bulkiest to pack, and cooler-wearing of the three.

Darien Pants ([page 23](#)), Elkskin Gauntlet Gloves, ([page 67](#)) Titanium TLtec Fleece ([this page](#)).

PIT ZIP

**AEROSTICH TLtec FLEECE JACKETS**

Breathable, high-warmth, low-bulk jackets that will become favorites the first time you put them on. More than common "outdoor" fleece jackets, these are fitted specially for riding. The collar is cut for more comfort with a helmet strap and we've trimmed down and forward rotated the sleeves for less bulk. Longer underarm ventilation zippers better match Roadcrafter suits, and durable Lycra bindings at the hem and sleeves stop drafts without absorbing water. The torso is shorter in front and longer in back for a better fit, and the sleeves are usefully longer, too. Zippered inside and outside chest pockets secure valuables like cell phones and wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandana. It's the best riders fleece jacket in the world, and one of the best for general wear, too. Machine wash. S-XXL. USA.

INNER POCKET

**TLtec Wind Blocker (Blue or Cayenne)  
#1655 \$157.00**

**TLtec Soft Shell (Titanium)  
#1658 \$177.00**

### MERINO WOOL FULL-ZIP SWEATER

This sweater is comfy enough on your skin to be used as an inner layer, yet substantial enough to be used as a mid or outer layer. 100% dense-knit Merino wool resists wind and keeps you toasty, yet breathes so you won't sweat to death. Full zipper and zippered chest pocket. Lower in the back with an interior chin/wind guard and flatlock seams throughout. This is a beautiful item, and the best sweater you will ever own. (The sample didn't make it into our showroom—for testing purposes, or so we were told...) Travel washes and dries well. Blue, Black or Red. 18 oz. M-XL. XXL available in Black only. 

#1848 \$157.00

### MICROFLEECE PULLOVER

Simple, effective, lighter weight polyester fleece insulation that's easy to wear, small to pack and a bargain buy. This Chillnot fleece is thicker than long underwear but slightly thinner than most regular fleece items – just enough insulation to provide comfort on cool mornings and evenings. Machine washable. Black or Royal. M-XXL.

#2856 \$57.00

### LIGHTWEIGHT MERINO WOOL ZIP-NECK JERSEY

Merino wool is the finest, softest, itch-free wool available. This very lightweight jersey feels like every inch of that. It will keep you warm, but it's breathable and won't make you overheat. It's versatile enough to wear as a primary mid or under-layer while riding and comfortable enough for lounging around the house. The neck is cut slightly higher for warmth. Machine washable. Stone or Black. 12 oz. M-XXL.

#1849 \$87.00

### NIKWAX WOOL WASH

Increases your wool garments' natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10oz.

#303 \$9.00

**VERY BORING RALLY 3 APPROVED**  
 FOR MORE INFO SEE BORINGRALLY.COM

**AEROSTICH WINDSTOPPER® JERSEY**

A lightweight and versatile garment that's a valuable layering component in mixed weather, or as a pullover shirt for knocking around the race or rally site on cool mornings or evenings. Folds/packs into a self-storing pocket so you'll have it along when the weather changes and you need added protection from stiff breezes and chill. Made of GORE-TEX® WINDSTOPPER® fabric that stops, as you would imagine, all wind from drawing your body heat away. Elbows incorporate light padding and a zippered pocket on the left arm is perfect for a phone or iPod. A handy and practical clothing item to have along. Larger cut facilitates easy on/off. Green, Blue or Tan. M-XXL. USA.

#1859 \$97.00  
 with Aerostich Graphic #2879 \$107.00

SELF STORE POCKET

SLEEVE POCKET

**AEROSTICH OFF-ROAD JERSEY**

Made of a substantial polyester, with a bit more body than most, this comfortable knit jersey maintains a comfortable "touch" even when wet. Lightly padded elbows and lycra collar and cuffs ensure durability and a good fit. Simple is good. Self-stores in its own hidden pocket. We make these ourselves, right alongside the Roadcrafter and Darien suits. Black, Green or Grey. M-XXL. USA.

#1867 \$57.00

**ULTRALIGHT WINDPROOF INNERSHELL**

Keep the wind where it belongs. This innershell is a highly breathable mid-layer that resists wind, and adds significant warmth and comfort in a nano-tiny package. The diagonal zipper allows you to easily reach into a shirt pocket without removal. Fleece lined collar for extra comfort. Made of ripstop fabric that's strong, yet light as a feather. Comes with its own 2.25"x5" stuff sack. Functional and looks cool. 3 oz. Black. M-XXL.

#2823 \$97.00

**NIKWAX TECH WASH**

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax's Wash-In Waterproofer. Biodegradable. 10 oz.

#333 \$9.00

## AEROSTITCH PROTEKT JEANS

Old school straight leg jeans with a new trick: Knee pad pockets accessed via hidden outseam zippers allowing the knee armor to be removed or replaced in seconds while wearing the jeans. No other riding jeans do that. Otherwise this is the classic design, carefully made of 100% cotton, heavy duty, unwashed 14 oz denim, with a second layer of the same tough denim behind the seat and knees. For increased abrasion resistance. This denim's a bit heavier-duty than the more common 10-12 oz types that stores carry. The optional **TF<sup>3</sup>** armor knee pads are soft and flexible until impact when they instantly stiffen to absorb energy. The harder the blow, the stiffer they resist. Unwashed denim needs several wearings and a wash or two to break in. They shrink to fit better, and wear much longer. The stitching is double and triple where needed, and a diamond crotch gusset means ease and comfort in the saddle and as you move around. With the pads removed these jeans look and feel just like any regular jeans. So ride to your job, take out the pads, work all day, put the pads back in and ride home. They'll quickly become your favorites, on and off the bike. Made here in America. 32-30, 32-32, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32. 

#2829 \$117.00

**TF<sup>3</sup>** Pad Set #2815 \$30.00

Replacement Pads (each) #2816 \$18.00

### FEATURES:

- Unique hidden zipper knee pad compartments
- Tough, yet comfortable double layer denim
- Removable **TF<sup>3</sup>** knee pad system
- Diamond gusset design
- Triple stitched in places
- Practical, durable and cool looking

The Protekt Jeans' removeable **TF<sup>3</sup>** knee pad system, shown here with a Roadcrafter Jacket (page 12), Touchscreen Elkskin Ropers (page 65) and Combat Touring Boots (page 69).

## AEROSTICH PROTEKT KHAKIS

These pants will help you be more productive, work happier and ride more, no kidding. Designed for the urban commuter, these highly constructed, American made, 100% Cotton twill khaki pants are equally at home in the office, out on the town or riding down the road, thanks to the hidden knee pad pockets and durable, triple layer construction. Concealed outseam knee zippers open to reveal knee pad pockets, allowing easy fitting or removal of **TF3** impact armor, while wearing the pants. The optional TF armor knee pads are soft and flexible until impact when they instantly stiffen to absorb energy. Remove the pads in seconds once you arrive at work and these khaki pants look and function like standard-issue office wear. A triple layer knee and seat area include a hidden 200D Cordura middle layer combined with an additional inner cotton liner for enhanced abrasion resistance, with double and triple stitched areas for increased durability. Ride to work, remove the pads, work all day and quickly install pads again for the ride home. Innovative design for real-world function and protection for everyday, around-town riding. Machine washable. Patent applied for. 32-30, 32-32, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32. 

#2869 \$127.00

TF3 Pad Set #2815 \$30.00

Replacements Pads (each) #2816 \$18.00

## HOW TO RIDE TO A MEETING

KEVIN CHRISTY / EFFING THE INEFFABLE (VIA QUORA.COM)

That's a 3 step process:

1. Keep your hair short so that it's easier to fix helmet hair in the bathroom;
2. wear a one-piece protective suit like an Aerostich Roadcrafter, with your professional attire on underneath; and
3. wear protective boots and carry a pair of dress shoes in your bag

That's probably the easiest way to balance full protection on a motorcycle with the ability to transform quickly to your professional identity.

### MR. SUBJECTIVE:

Kevin's "3-step process" is perfect, except short hair (item 1) isn't essential. Beyond those three steps there is some other stuff. Sometimes being 'minority', 'motorcyclist' or 'whatever' can be a factor. Looking smart at a meeting also depends greatly on things like being on time, being respectful of others, having done one's 'homework', etc.

Social nuances matter. Some are pretty obvious, like (for example) not putting one's helmet and gloves on the table right in front of you, instead putting your gear on the floor behind you, or somewhere else out-of-the-way. It is best to enjoy your superior mobility status modestly and without hubris.

But Aaron is also right...sometimes someone wants to know how you got there. Be brief, and smile. It's easy to say more than they really want. Most don't care. Remember that when the meeting is over you get to ride away from it. Which is always a giant 'hahaha!' inside your helmet as you lean into the corner and exit the parking area.

You were probably the only one there who got that.

## AEROSTICH ARBORWEAR GUSSETED CANVAS PANTS

Heavy duty pants designed for tree climbing. Sounds like ideal wear for casual trips on the bike, yes? No substitute for specialized protective gear of course, but a lot better than regular jeans. Their purposeful construction for tree climbing also applies well to riding, as you can throw your leg over and settle in, enjoying the gusseted crotch and resultant freedom of movement. Made of strong, pre-washed 12 oz. canvas and featuring a double-layered panel from the knee to mid-thigh, with hook & loop closed access for kneepads, these exceptionally well-made pants are both comfortable and durable. (Arborwear hard shell **TF3** Pad System is not integrated with the Roadcrafter or Darien Pads.) Charcoal. 28-30, 28-32, 30-30, 30-32, 32-30, 32-32, 34-30, 34-32, 34-34, 36-30, 36-32, 36-34, 38-30, 38-32, 38-34, 40-30, 40-32, 40-34, 42-30, 42-32.

Pants #2814 \$87.00

TF3 Pad Set #2815 \$30.00

Replacements Pads (each) #2816 \$18.00

### ENGINEER'S COTTON RIDING SHIRT

You just can't find this sort of heavy-duty 9 oz. long sleeved 100% cotton shirt anymore, not even at those incredible hardware stores you see in rural small towns. We've sold this style shirt for years, but when the original supplier recently started making them somewhere else (and the quality got crappy), we found another manufacturer still making them right here in the U.S.A., with better durability and higher quality than the originals. It's perfect for riding because it combines superior comfort with cast iron durability. Like denim, it becomes better with age. You won't see this shirt on someone else unless they're running an ElectroMotive diesel. White & blue. M-XXL.

With Aerostich Patch #1845 \$36.00  
Without Aerostich Patch #645 \$34.00

### AEROSTICH RIDERWEAR SWEATSHIRTS

Heavy duty, super comfortable old-fashioned sweatshirts. Classic black 90% cotton that looks great in any off-bike scenario, and wears long. Cotton/Poly blend. Black. M-XX.

Standard Sweatshirt #641 \$45.00  
Hooded Sweatshirt #2873 \$49.00

### BACK-A-LINE

This is not a stretchy support girdle from a local home improvement store, but real, dynamic back support system that reduces lower back pain, ensures firm lumbar support and improves your spinal mechanics. Muscle support and postural assistance are achieved with the built-in curve of the patented back pad integrated into the snug-fitting non-elastic belt. Allows your back to work naturally, providing exceptional support and back pain relief for even long, strenuous rides. A great off-bike tool to encourage a healthier back too. Sweat-resistant, washable and breathable wick-away fabric. Black. S-XXL. 

#2874 \$49.00

### GOLD BELT® KIDNEY BELT

The classic motorcyclists' riding belt. Used for years by off-road racers and recreational dual sport riders, the Gold Belt's support is valuable for on-road rides as well. Whether you ride an ST, a GS, or a KLR, the added comfort this belt provides will enable you to ride farther harder and feel it less later. (Makes you look like you don't have a big ol' gut, too.) Black. Specify size: Professional (7" tall, 25"-36" waist), Regular (8" tall, 27"-36" waist), XLarge (8" tall x 36"-44" waist), XXLarge (8" tall, 36"-48" waist). 

#1809 \$39.00

### Gold Belt User / Review by Sagebrush57

→ Read more at [aerostich.com](http://aerostich.com)

"Simple, light weight, EZ on and off, flows air, **no stupid plastic Transformer-like components.** I used and liked one thirty years ago as a motocrosser, and it still is a functional accessory today for street riding. I am glad I bought another one."

### MICROFIBER

Microfiber fabrics feel like cotton, wear like iron, and drip dry very fast. Plus, they pack smaller than regular clothes. All provide great sun protection and hot weather comfort, not to mention that they look great and will last nearly forever. (A white cotton tee shirt has a UPF around 5. Dark tee shirt colors are a little higher. These microfiber shirts have a UPF in the 20-30 range.)

### MICROFIBER PACKABLE SHIRT

If you do not yet have a microfiber shirt, give this one a try. It's a quality shirt and a nice bargain. The great thing about all microfiber shirts is if (when...) you spill a soft drink (or whatever) all over yourself, simply rinse and wring them dry and you're immediately ready to be a klutz all over again. Try that with a regular t-shirt and you'll end up wearing a wet t-shirt for the next several hours. This long wearing shirt has several useful pockets and a nice clean design. In hot weather it's cool to wear and provides good sun protection. It's great to have a microfiber shirt along for hot weather, as a change of clothing, or for an extra layer on a cool evening. Tan or Grey. Imported. M-XL.

#1864 \$47.00

### MICROFIBER CONVERTIBLE PANTS

100% fast-drying, wind-cutting, long-wearing, ripstop nylon...these travel pants are terrific. The soft, comfortable fabric features a DWR (durable, water-resistant) finish and they have received specialty treatments to make them antibacterial, anti-pilling and offer UPF 30+ sun protection. Sporting zip off legs for hot weather comfort, they pack in about a third of the space of jeans. You'll find they make an excellent "2nd pair" to take along for hot weather, and as an everyday change of clothing. Tan or Grey. Imported. M (32-34), L (36-38), XL (40-42).

#2866 \$67.00

### SUPPLEX® SHIRT

The best travel shirt. Summer weight Supplex nylon has a unique moisture-management treatment to help disperse perspiration. It looks and feels like cotton, but dries much faster. A loose cut and strategically placed mesh panels allow plenty of airflow. This shirt has a UPF (UV Protection Factor) of 30. Its extra high, flip-up collar protects your neck and the rubber buttons won't scratch anything. One chest pocket and one "Napoleon" pocket. Imported. Light Tan or Blue. M-XL.

#1860 \$67.00

### SUPPLEX® CONVERTIBLE PANTS

Not only are these pants more versatile and lighter than your jeans... they'll wear more comfortably, too. One secret is the two layer Supplex® twill which is soft-but-strong and has been specially treated to move moisture away from your skin. Both the seat and knees are reinforced for long wear. The waist features a unique conical curve for a perfect fit over your hips. A soft microfiber chambray lines the waistband. A gusseted crotch provides freedom of movement and ankle zips allow you to slip them on and off over your boots. Two front cargo pockets and two rear hook & loop pockets. Great UPF protection. These are the best and most comfortable zip-off leg travel pants made. Imported. Tan, Green or Grey. M (31-33), L (34-37), XL (38-41).

#1862 \$97.00

*"I love microfiber pants. On trips of any length more than a couple of days I take one pair of them, one pair of jeans, one pair of shorts and one pair Darien pants. This is a mix-and match combo for all temperatures and social situations. Normally I wear the Darien pants over the shorts, which are cotton and can double as underwear. Preferred shorts are like boxer underwear except they have pockets. If it is a little cooler, I'll add the microfiber pants under the darien pants. If it is real cold, I wear all three pants together: Darien, microfiber, jeans. For formal off-bike evenings, I wear the microfiber pants. For less formal off-bike wear, the jeans."*

—Mr. Subjective 4/07

### MERINO WOOL UNDERWEAR

Luxuriously soft, moisture-wicking, Merino wool makes a great foundation layer. Tailored with a contoured fit, all seams are sewn flat for comfort, and the collar and fly are double-stitched to keep out drafts. They wear great across a very broad temperature range. Dry overnight after motel sink wash-outs. Short Sleeve Top (off white or black) and Long Sleeve Top (black) available in M-XXL. Bottom (black) available in M(32-34), L(36-38), XL(40-42), XXL(44-46).

**Short Sleeve Top (Off-White or Black) #1882 \$45.00**  
**Long Sleeve Top (Black) #1884 \$55.00**  
**Bottom (Black) #1886 \$45.00**

### FAST WICKING UNDERWEAR

Cooler and drier than cotton underwear, and perfect for multi-day trips. Wash out in any sink (and they'll be dry by morning) so you don't have to pack as many. Designed for maximum next-to-the-skin comfort and microclimatic efficiency, this first-layer will keep you comfortable. Trapping warm air next to your skin and allowing moisture to be transported away is the key feature of this fabric. Skinetics® is an advanced wicking fast-dry knit (dries three times faster than cotton). Constructed with durable, comfortable flat seams, and shaped to eliminate bunching and wrinkling. An ideal first layer. Black. S-XL.

**Long Sleeve Top (Black) #1810 \$28.00**  
**Short Sleeve Top (Black) #1811 \$20.00**  
**Fly Front Brief (Grey or Black) #1812 \$16.00**  
**Boxer (Grey or Black) #1813 \$18.00**

### ECO-THERMAL UNDERWEAR

Soft, lightweight garments that are comfortable to wear and good for the environment. Made from 31% recycled polyester and 69% bamboo fibers, the fabric feels like cotton and works naturally to wick moisture from your skin. Bamboo is a highly renewable resource, requires no pesticides to grow or chlorine to process, plus it's naturally antimicrobial and hypoallergenic. Absorbs and evaporates perspiration more effectively than all-synthetic materials and efficiently keeps you warm in the winter and cooler in the summer. Ideal layering wear for a ride in any weather. Warning: Use caution wearing these comfy thermals anywhere close to the habitat of a hungry Giant Panda bear...mmm, tasty bamboo. Black. M (38-40), L (42-44), XL (46-48).

**Top (Black) #2860 \$35.00**  
**Bottom (Black) #2861 \$35.00**

### BAMBOO CHARCOAL PERFORMANCE SHORTS

Underwear proven to energize with a unique blend of 30% bamboo charcoal fibers that utilize Carbonized Charcoal Anion Technology to increase circulation and decrease fatigue - for enhanced ride performance. Outstanding thermal regulating properties make these great everyday wear, with the moisture wicking and odor absorption properties allowing you to go several days before laundering. A durable, more comfortable and healthier under-layer. 60% Nylon, 30% Bamboo Charcoal, 10% Spandex. Black. S (24-28), M (30-32), L (34-36), XL (38-40), XXL (42-44).

**#2870 \$60.00**

**WEARING SHORTS UNDER RIDING SUITS & RIDING PANTS**

In the past we have recommended wearing long sleeve shirts and long pants underneath Aerostich suits. We still do, but after seeing thousands of crash-damaged suits, I'm more relaxed about wearing shorts and a t-shirt underneath. Especially for casual riding, touring, and traveling. There are trade-offs, but wearing shorts under Aerostich suits can make warm weather rides a lot more comfortable. The shorts can be cotton, synthetic or blended fabrics. Shorts are also great at any roadside stops or destinations after your suit is off, and combined with tall riding boots they make an attractively hip look, right?

—Mr. Subjective (February, 2006)

**AEROSTICH MID-WEIGHT COTTON TWILL SHORTS**

These comfy 100% cotton shorts are great for wearing under a riding suit or for relaxing with friends after a long ride. Made of a mid-weight comfy brushed cotton twill that gets more comfy with each laundering. An elastic waistband and adjustable front belt ensure a comfy fit. Two side pockets hold stuff. Go commando. Ride comfy. Black or Green. We make these ourselves, right alongside the Roadcrafters. M (32-34), L (34-36), XL (36-38), XXL (38-40), XXXL (40-42) Specify 9" inseam or the risqué 6" inseam.

#2859 \$57.00

**TOUGH COTTON SHORTS**

Originally intended for rock climbers, these shorts are made of heavy duty, yet soft cotton canvas. The style of cut and the full-length inseam gusset are designed to allow a free range of motion and not bind or cause discomfort. Deep front thigh pockets and flapped rear pockets. These are well made shorts intended to hold up under the most rigorous conditions. And nothing absorbs and cools like cotton, or becomes as soft and comfortable after a few washes. UPF 50 sun protection. 10" inseam. Tan or Grey. Sizes 32,34,36,38,40.

#2865 \$47.00

**MERINO RIDING SHORTS**

These are really terrific riding shorts. The form-fitting, temperature-regulating shorts are made of Merino wool in an eight-panel design, translating to a fatigue-free ride via proper support in all the right places. Merino wool is naturally moisture-wicking and dehumidifies your body, so you won't find yourself sitting in a pool of sweat no matter how long you ride. These things really work, and they look and feel good, too. Give your butt a break. M (31-33), L (34-36), XL (37-39).

#1853 \$107.00

**LUXURY PADDED RIDING SHORTS**

The price for high-mileage riding is often a chronically sore tail-bone, especially for riders with scrawny, er, lean backsides. The shape-hugging-fit of the 92% Polyester / 8% Spandex material in these padded riding shorts provide a secure fit with exceptional airflow through the lightweight, perforated fabric. A resilient, anatomically designed foam pad covers the entire sitting area from waist to mid-thigh, providing extended sitting comfort both on and off the bike. Makes your butt look sexy and your pants fit better too. Machine washable and fast drying, these made in the USA shorts also feature a fly-in-front design for easier access when nature calls. Essential equipment for extended all-day riding comfort, or anywhere you want to help prevent a pain in your ass. Really. Black. S (31-33), M (34-36), L (37-39), XL (39-41).

#2867 \$87.00

**AEROSTICH RIDING SHORTS**

One of the best technology crossovers from bicycling to motorcycling are padded, stretchy shorts. Really. If you've never worn these things on a long ride, you owe it to yourself. They seem to add another couple hundred miles to a day, as they keep the "fanny agony" at bay longer than yer basic briefs. These are a modified version of bicycle shorts, cut slightly shorter in the legs, and with all the Lycra and fleece of the originals. Put a stop to chafing, stay comfortable and keep riding! (Also an old Iron Butt rider's secret weapon.) Black. S (24-28), M (28-32), L (32-36), XL (36-40).

#1856 \$47.00

**AEROSTICH RIDERWEAR NO EXCUSES T-SHIRT**

Everyday. Every road. Everywhere. No Excuses. Have fun. How often do you? Ride. It's not how fast, or how far. Have fun. 100% Cotton. Grey. M-XX.

**#2871 \$20.00**

**AEROSTICH NO EXCUSES. HAVE FUN. BUTTONS**

1.5" Buttons.

- Everyday #4341 \$2.00*
- Every Mile #4343 \$2.00*

**AEROSTICH "MOTORCYCLES OK" T-SHIRT, HAT, POLO SHIRT, MUG & STICKER**

That cool bike you've got sitting between your legs is officially recognized by the U.S. Federal Government as much more than an amusing toy. These are exact replicas of the signs above the HOV lanes across the freeways of California. They are a reminder that motorcycles are given extra privileges because riding them is social good. We all know that. Unfortunately most of your neighbors don't. They're positive motorcycles are self-indulgent toys—including yours. Let them know all fifty states have a totally different view, and have installed signs like these above our busiest and most congested roads to announce and declare: MOTORCYCLES OK. Officially. No equivocation. The government knows that choosing riding helps all of us, every time a rider gets on their motorcycle instead of getting into a car. (...thanks Brian)

- T-Shirt #3443 \$20.00**
- Coffee Mug #3444 \$6.00**
- Sticker #3445 \$2.00**
- Polo Shirt #3447 \$34.00**
- Aluminum Sign (6"x27") #3448 \$24.00**

**Dig It! / Review by RustySpokes**

*"I get lots of positive comments and questions when I wear this shirt. Motorcycles really are OK!"*

**AEROSTICH SUIT UP T-SHIRT**

If you get it, you know. The well-worn (just broken-in?) red Roadcrafter is the epitomy of every day riding and oozes street cred, while the crisp Hi-Viz suit stands ready to meet whatever riding challenges your ego and bike can handle. Function, fit, quality and protection...every ride. Suit Up! 100% cotton. White. M-XX.

Red #2875 \$20.00  
Hi-Viz #2876 \$20.00

**AEROSTICH COMMUTE FEARLESSLY**

Everyday riders are well aware of the dangers and discomforts. On your daily journey from A to B, go forth...and commute fearlessly. 100% cotton. Tan. M-XX.

#2862 \$20.00

**Great Conversation Starter / Review by Scott**

*"So the young female medical assistant who was taking my blood pressure before I was about to give blood wanted to know if I 'was a biker?' OK, I knew she was thinking peddle bikes, but the door was now open, the shirt I was wearing had done its job. So be it if I had to do a little clarifying about what type of 'biking' I participated in. I take a lot of pride in the fact I commute on a motorcycle each day, and this T-shirt uniquely communicates this fact to everyone. A little clarification can be a good thing. When I first started thinking about this shirt I was concerned the graphic was going to be too small, however, when I saw the shirt at the Rider Warehouse in Duluth my fears where completely unfounded. This T Rocks!"*

**AEROSTICH NO DRIVE T-SHIRT**

Strong is the power of the car side, with strength and commitment you must defy four-wheeled transport. Then, only then, a rider will you be. And ride you will. 100% Cotton. Black. M-XX

#2872 \$20.00

*"My husband was wearing the 'nun' t-shirt at the show. A woman said to us 'Hey, that's me on your shirt!' And it was! She posed for that picture 20yrs ago. She is still beautiful."  
 —Photo by Shannon Freeman, Minneapolis, MN, Bearded Lady Motorcycle show, July 2012*

**WHEREVER THERE IS SIN...**

Featuring a nun astride a cafe'd Montesa Impala wearing engineer boots, and, um, smoking...There may be some imagery juxtaposition going on here that we're not aware of, but it is a very neat shirt regardless. She sure is cute. Cool bike, too. I think that's all I'm gonna write about this one...Ow! That ruler hurts! 100% cotton. White. M-XX.

#1801 \$20.00

**ORIGINAL AEROSTICH T-SHIRT**

A timeless classic since 1985 with the Aerostich motto taken from Latin, appropriate for both riding and mail order businesses: Potius sero quam nunquam (translates as "Better Late Than Never"). Useful for sport touring riders, and sofa-surfing friends of sport touring riders who collect cool T-shirts. 100% cotton. Black. M-XX.

#608 \$20.00

**AEROSTICH RIDE THERE**

Ride to get from point A to point B. Instead of taking your car. Get it? 100% cotton. Blue. M-XX.

#1858 \$20.00

**AEROSTICH WHEN IN DOUBT, RIDE**

It's too cold. It's too hot. It's too wet. I'm too busy. I have to put all my gear on. Should I or shouldn't I? As Frank Zappa once said: Shut Up 'N Play Yer Guitar. Just get out there. You'll be glad you did, every time. A shirt for all times, a shirt for our times. 100% cotton. Blue. M-XX.

#2841 \$20.00

**TRUST ME**

It takes a sense of humor and an awareness of motorcycling history to appreciate this design. Our "Trust Me" shirt is an exact replica of a shirt from the mid/late '60s worn around southern California shops and racetracks. The 3 color design authentically reproduces the logo of Red Line Triumph's shop in Santa Barbara. 100% cotton. White. M-XX

#603 \$20.00

**Trust me / Review by Rt6runner**

*"I've been riding Triumph since 1972 and BSA before that. The Triumph logo both old and new are extremely unique. I also trained arborists for 21 years. When I asked a newbie 40 feet in the crown of a tree to jump out and test his/her climb knot, I was met with a bit of skepticism. I would remove my overshirt and point to the chest logo. When they wouldn't leave the security of the branch, I'd yank them free. The knot ALWAYS held. Perfect teaching shirt."*

**AEROSTICH RIDE, EAT, SLEEP, REPEAT**

This mantra of high-mileage riders has been spoken inside rain-lashed helmets at 1 am in the middle of nowhere. Other places, too. Sums up the "daily cycle" when covering long distances at speed. Shows your monomaniacal one-ness with riding. Inspired by the instructions on a shampoo bottle. Really. 100% cotton. Tan. M-XX.

#636 \$20.00

Water Bottle #1983 \$6.00

**AEROSTICH VON ZIPPER**

"Yep, it's me." Iconic image of the stumbling, overconfident outlaw biker and leader of the Ratz and Mice motorcycle gang from the 1960s Beach Party movie series. Wordlessly proclaims "Stand aside everyone! I take large steps!" We think Eric would like this one, and when Eric Von Zipper likes someone, dey stay liked. 100% Cotton. Red. M-XX.

#2864 \$20.00

*"All societies have methods of controlling defiant people through psychiatric intervention, water-boarding, federal prison, and so on. But a cheap, effective way of modifying behavior (short of outright surgery) is merely the co-opt it before it becomes intractable: give the offender a motorcycle license."*

—Bob Higdon, *Exit Ramp*, Iron Butt Magazine, Fall 2010

**AEROSTICH** REFINED  
HYDROCARBON  
RECYCLER

Help plants grow big and strong by topping off the tank with high octane and riding more. Who knows, the plants you feed today could become the fuel your descendants will burn in another 150 million years. Who would of thought recycling could be such fun. Poly/cotton blend. Grey. Logo Crest. M-XX.

**T-Shirt #2853 \$20.00**  
**3.5" Sticker #3453 \$2.00**  
**Mug #3399 \$6.00**

**AEROSTICH** ROAD TO ENLIGHTENMENT

...is more fun on a bike. It's a lot more fun, and so is wearing this t-shirt, since it makes both riders and non-riders pause and smile. If anyone asks why, you either smile enigmatically like a happy Buddha, or take them for a ride. This approach is a whole lot better than the stupid, arrogant, condescending shirts that read "if I have to explain it, you wouldn't understand." What self-absorbed baloney... This is the real thing. 100% cotton. Tan. M-XX.

**#2842 \$20.00**

**CARS-R-COFFINS**

Oh yes they are. Ready to send the hapless (or not so hapless) rider, or to act as one as you sit zombie-like and entombed in traffic. Let others know too with this neat selection of anarchic stuff. Not for the meek or easily offended. 100% cotton. Black. L-XL.

**T-Shirt #1806 \$20.00**  
**Patch (3"×2.5") #1807 \$5.00**  
**Sticker (2.75"×2") #1805 \$1.00**

**NUKE AND PAVE**

Designed by the "Under-ground Terrorist Motorcycle Cult," this shirt makes uh... a statement that is succinct and may engender amusing conversations about geopolitical subjects. Alarming and funny. Black, with the tastefully small UTMC logo on the back up by the neck. 100% cotton. Black. M-XX.

**#1800 \$20.00**

BACK

**CARS SUCK**

The most fun to wear where riders gather, or wherever nobody else gets it. Try wearing it at a Corvette or hot rod event. 100% cotton. White. M-XX.

#626 \$20.00

**PAVE THE PLANET**

A perfect parody of the 'Save the Planet' shirts. Our planet is shown diagonally bisected by a two lane road, and reads: 'One World, One People, One Slab of Asphalt.' This shirt will bring out the best and the worst in everyone. A perfect litmus test for the sense of humor of those you encounter. For stylin' back road bandits (the world over). 100% cotton. White. M-XX.

#627 \$20.00

**AEROSTICH RIDE MORE**

It doesn't get any simpler than this. The more you ride, the less you drive. The less you drive the more you have—more fun, more time, more money, more gas, more piece of mind...Classic. Retro. Style. Back logo is small and up by the neck. 100% cotton. Burnt orange. M-XX.

#2855 \$20.00

BACK

**AEROSTICH RIDE THERE HAIKU**

Okay, so technically it's not a Haiku, but it is a simple piece of poetry that speaks volumes to dedicated, everyday riders. Whatever your reason, it's better to ride there. Because you can. 100% Cotton. White. M-XX.

#2863 \$20.00

**Helping Students to Think Critically / Review by Ken N.**

*"I recently received my Pave the Planet T-shirt, and decided to wear it in to work (I'm a teacher in an elementary school). Some students liked the graphic, but didn't question the message. Other students read the shirt, but didn't give an opinion. I don't know if they thought it was an attempt at sarcasm, or a reflection of my beliefs, but I hope it made them think about the meaning behind the shirt. Definitely planning to wear it on Earth Day, just to encourage more discussion in the classroom."*

**AEROSTICH**

**POTIUS SERO QUAM NUNQUAM**

The Aerostich motto taken from Latin, appropriate for both riding and mail order businesses: Potius sero quam nunquam (translates as "Better Late Than Never"). 100% cotton. Black. M-XX.

#2839 \$20.00

## TOTALLY SERIOUS BELTS

Say you park on the sixth floor of a large parking ramp when it suddenly comes under heavy attack by a group of militant anti-motorcyclists and the only way out is a 200 yard slide down a lightly insulated power line straight onto the roof of a neighboring building. Would you trust your current belt for that slide? I don't think so! These belts are for those who need to be able to count on their gear in the worst possible scenario. We love them for jeans because they fit very comfortably, look cool in all situations, and are lightweight. In a pinch they can be used as an additional tie-down strap and the fall-rated buckle is easy to use and infinitely adjustable. These types of extreme belts are hard to find in these widths which fit standard belt loops. Simple, classy, and strong, like Bond...James Bond. Lengths measure: Sm. 40", Med. 44", Large 47.5".

### 1. VIPER

Lightweight, strong and comfortable for everyday wear. 1" wide. S, M or L. Black.

#1847 \$18.00

### 2. LIGHT DUTY

Lightweight, strong and comfortable for everyday wear. 1.5" wide. S, M or L. Black.

#1846 \$16.00

### 3. LAST CHANCE HD

Two layers of HD nylon webbing sewn together for strength. 1.5" wide. S, M or L. Black.

#1838 \$24.00

XL (46"-50") #2868 \$26.00

### 4. TAP CAP BELT

After a long, day of riding, find sublime relaxation by grabbing a tall, cold bottle of brew and...hey, does anyone have a friggin' opener?! This buckle and black high density nylon webbing combine to form a belt built for function and fashion. Unique design is classy enough to wear for all occasions, and is sure to make you a hero (or at least save a few broken teeth or scratched brake levers...) around the next campfire. Infinitely adjustable buckle allows belt to be used as an emergency tie-down strap. Opener works with "standard" crown caps and twist-off caps. This is one cool and useful belt. 1.5" wide. Waist sizes M (32-38), L (38-42). Black.

#2821 \$16.00

### 5. CARBONATOR BELT

The ultra light-weight, 100% carbon fiber buckle is stronger than steel and looks cool. A nylon web belt compliments the unique styling of the black carbon fiber buckle. Infinitely adjustable design allows it to be used for more than just holding up your pants—go ahead, use it as a high-class tie down strap! Metal free so it's good to wear if having to deal with any aggravating airport or border security checkpoints. High tech meets high style in this high function belt. 1.25" wide. Waist sizes: M (32-38) L (38-42), Black with grey bands.

#2851 \$32.00

### AEROSTICH MONEY BELT

The zippered compartment on the back is long enough for three stacks of bills placed end-to-end. This is a discreet way to carry hoards of fifties or hundreds on long trips... or just a safe place to forget a single "emergency" dollar. A flat row of quarters will fit, too. One size fits all. Belt can be shortened by cutting and fusing. Black nylon webbing 1.25" wide, 46" long. Durable cam-action black nylon buckle (money not included).

#1854 \$16.00

### AEROSTICH DELUXE BELT

The Deluxe Belt uses 1" tubular webbing, but a 3/4" Fastex™ buckle to reduce bulk, making it easier to slide through belt loops. In black, red, or blue. Even waist sizes 28" through 46".

#601 \$10.00

### AEROSTICH STANDARD BELT

The Standard Belt uses 1" beadless tubular nylon webbing and a Fastex™ buckle to create a light, strong belt that can also be used for a variety of strapping jobs. Adjustable, one size fits all. In black, red, or blue. 40" long.

#600 \$9.00

### AEROSTICH SILK SCARVES

A classic silk scarf should be soft, thin and slippery—so you can wrap one around your neck, close up your jacket and rotate your head and neck all day in draft-free comfort, without chafing. These luxurious 100% natural silk scarves are handmade of a soft, dense weave that's perfect for riding. No synthetic fiber is warmer, softer, stronger, or more durable. Silk provides maximum comfort across every temperature range: warm and draft-blocking when cool, and refreshing when worn wetted in hotter conditions. The Standard Scarf is medium weight silk of sensuous softness, and measures 14"×72". The Competition Scarf is similar to the standard model but two layers thick, and a bit narrower and shorter. It measures 10"×60". Both are premium quality, long lasting silk that will keep the wind, rain, dust and snow from blowing down your neck, and will pack ultra-small in any pocket. This silk washes well. No other neckwear works this well, or looks this cool.

Standard Scarf #1549 \$24.00  
 Competition Scarf (White) #1567 \$32.00  
 Competition Scarf (Black) #1568 \$32.00

#### Nothing beats silk / Review by Richard

*"Just returned form a trip in the Canadian Rockies and wore the scarf every day. It kept out the draft and prevented chafing when constantly turning your head to look at the amazing scenery. Didn't have any hot weather on the trip but plenty of wet and cold and the scarf performed well in those conditions."*

CASE

### GARGOYLES

Gargoyles lenses have a different vertical and horizontal curve, a feature that is patented and allows them to be optically perfect, something no similar eyewear can claim. This is the only polycarbonate lens eyewear approved and issued for combat use by the US Army. Experience the sharper resolution, increased detail, windproofness, lightweight, good looks, and comfort that surpass all ordinary glasses. Classics are full size, 85s are 15% smaller. Specify lens type: Black Ice (100% UV protection, for riding in bright sun) or Clear (night riding, industrial, and wind protection).

**Classics #1021 \$77.00**  
**85's #1022 \$77.00**

### BIFOCAL RIDING GLASSES

If you find yourself squinting to read the map (on the GPS screen, or on paper...), then these wind-cheating glasses are just the ticket. Impact resistant polycarbonate lenses are outfitted with reading glass cheater lenses just below eye level, so they are readily available when you need a close view, and not distracting when surveying the road ahead. A sturdy black frame features arms that can be length-extended for fit, and soft nose pads for a comfortable, near custom fit. The scratch resistant lenses are available in either smoke or clear and provide 99.9% protection from harmful UV rays. Great protective eyewear that look so cool, nobody will even know you're wearing safety glasses. 5.6"x2.5". Specify power of +1.50, +2.00, +2.50 or +3.00.

**Clear #1063 \$15.00**  
**Smoke #1064 \$16.00**

### DUAL SL2 PRO EYEWEAR

A sharper view and better protection await with shatterproof and scratch-resistant polycarbonate lenses with special Optimized Magnification Zone to reduce distortion and fatigue. Get a clear view of your speedo and gauges with available +1.5, +2.0, or +2.5 spot diopters. Comfortable non-slip rubber nose piece and multi-position adjustable temples combine with 8-base lens curvature for optimum wrap-around fit and better wind protection. Lenses offer 100% UVA, UVB and UVC protection and the rugged Grilamid TR-90 frames are resistant to impact, chemical and UV damage. Smoke or Brown lenses. Specify +1.5, +2.0 or +2.5 spot diopters. 1 oz.

**#1119 \$64.00**

### RX RIDING GLASSES

Read maps, GPS screens and mobile devices without squinting or holding at arms length. These ergonomic nylon framed glasses feature sleek, high performance, impact resistant polycarbonate lenses, embedded with precisely placed 'cheater' lens inserts to help prevent headaches and strain on your, um, er...maturing eyesight. Provide 99.9% protection from harmful UV rays too. Lightweight design and a soft, self-adjusting rubber nose pad for all day, under the helmet comfort. Straight temple design with almost no over the ear bend for easy on/off. Available in +1.5, +2.0, +2.5 or +3.0 diopters with a choice of Clear, Yellow or Brown lenses. 5.6"x2.5".

**Black Frame/Clear Lens #1071 \$24.00**  
**Black Frame/Yellow Lens #1075 \$24.00**  
**Tortoise Frame/Brown Lens #1081 \$24.00**

### FLIGHT GLASSES

These exact sunglasses were the first to go to the moon with the crew aboard the Apollo 11, and have long been spec for U.S. Air Force pilots. Designed specifically to fit under a helmet or headset, and engineered to rigid military specifications, they offer maximum protection, optical performance and comfort. The neutral grey, scratch- and shatter-resistant polycarbonate lenses absorb 99% of UVA and UVB rays, and allow for sharper detail and evenness of color. The rugged, high-quality frames are made of polished steel and the bayonet style earpieces are designed for maximum comfort no matter how long they're worn. These timeless masterpieces have been issued to millions of soldiers, sailors, marines and airmen since 1958, and have never gone out of style.

CASE

(Steve Karpik from Eveleth, MN with his riding partner K.K., sporting her Doggles.)

**BUGZ GOGGLES**

A new generation of an old invention, these goggles feature 100% UV protection and a unique dual lens design. Made of optical polycarbonate, the tough outer lens is backed up by a fog-fighting inner lens. Individual eye frames flex enough to adapt to different face shapes. Side vents are adjustable, helping the wearer control air flow. Soft elastic strapping holds these goggles in place during hard use. Tough and innovative, if you wear goggles regularly, you'll love these. Black frame. Specify clear or smoke lenses.

Clear Lens #1072 \$57.00  
Smoke Lens #1070 \$57.00

**DOGGLES**

As motorcyclists, it's obvious to all of us why dogs stick their heads out of car windows. But dogs, like humans, need eye protection when riding motorcycles. So preserve Fido's corneas with these comfortable and well-made goggles for man's best friend, for whom you want only the best, right? Doggles feature sturdy construction and metallic black frames with replaceable smoke lenses designed to fit canine craniums. Probably the closest thing to Chick Magnets you are going to find in this catalog. (See [dogsonbikes.com](http://dogsonbikes.com) for info on riding with dogs.) XS (1-10lbs.), S (9-25lbs.), M (20-60 lbs.), L (50-90 lbs.).

#1079 \$19.00  
Replacement Lenses (Clear) #1019 \$9.00

**WILEYX XL 1**

Among the most advanced eye protection systems available, these are made specifically for riding applications. They feature tough resin frames with a wraparound shape backed by a comfortable, removable ultra foam gasket that helps keep wind and dust away from your eyes. Each comes with a removable safety strap, case, microfiber cloth, and an encyclopedia's worth of advanced high-end lens technologies. Excellent for UV protection. Currently in use by our military forces operating in desert areas. Optically perfect, interchangeable smoke and clear lenses. Matte black frame.

#1220 \$82.00

INTERCHANGEABLE LENS

**AIRFOIL NOMAD DAY2NITE**

Ride with confidence into the night with Airfoil® Day2Nite Photochromatic lenses housed in lightweight, comfortable and functional padded frames. On sunny days the lenses are smoke to afford protection from the sun, while on cloudy days, nighttime and early mornings, they transition to clear for maximum visibility while still offering protection from wind, bugs, rain and debris. 100% UVA/UVB protection and shatterproof lens. Grey photochromatic with black frame. Folds neatly into its own pouch.

Note: All photochromatic lenses will not darken behind a faceshield or windshield and will lighten in very warm weather conditions.

### HEAD SCARVES

Burnoose on the loose! These clever and technical do-rags consist of a stretchy tube of fabric that will enable you to do any number of things, including staying warm, keeping the sun off, tying your hair back, preserving your helmet's lining or looking like a terrorist ninja biker wannabe, so follow your bliss with this versatile and simple piece of headgear.

### HADWEAR

These multi-functional scarves are made with a fabric that is better suited for spring/summer/fall riding.

Red #1554 \$15.00  
Black #1555 \$15.00

### SHELLACLAVA

Practically the same as the HAD Wear scarves, except these are made with a slightly denser knit Turtlefur® fabric that is better for colder weather riding.

Black #1566 \$18.00

### ORIGINAL 100% COTTON BANDANA

These high quality, made in the USA, old fashioned 100% cotton, oversized bandanas are the real deal and can trace their lineage to old west cowboys, farmers and railroad engineers who relied upon them to wipe the sweat from their brow and keep the dust out of their face and collars. Keeping one (or more) handy in a pocket or tank bag will soon provide endless use opportunities. Wear one under your helmet to help absorb sweat and keep it cleaner, tie around the face or neck for sun/dust/wind protection, wear wetted for evaporative cooling effect, blow your nose into one, clean your hands off after a roadside repair or use as a placemat or napkin at a roadside picnic. But not all at the same time. Assorted colors with traditional paisley print design. 21.5"×21.5". 

#1547 \$5.00

### MERINO WOOL BALACLAVA

Our most luxurious balaclava. The knit fabric is a soft, flexible, washable blend that is very warm, feels great against your skin and holds in heat well. The careful flat seam three panel construction is designed to go easily under even a close fitting helmet. One size fits all. Black.

#1540 \$40.00

### SHELLACLAVA

Using two innovative fabrics to good advantage, the Shellaclava is an excellent cold-weather riding accessory. The neckwarmer section is constructed of warm, soft Turtlefur® while the hood uses Dryline® fabric to move moisture away from your head. Thin enough to fit under a helmet, easily stowable and very comfortable, you'll find the Shellaclava to be an essential part of your cold-weather kit. One size fits all. Black.

#1050 \$20.00

### SILK BALACLAVA

The most versatile and comfortable of all high performance natural fibers. This soft, thin balaclava is beautifully made and it feels incredible against your skin. Wicks moisture to keep your skin dryer and warmer than you'd expect from something so lightweight. Silk fibers are stronger than steel and will give you years of wear. Machine wash/tumble dry or hand wash and hang dry. One size fits all. Navy.

#1548 \$21.00

### POWER DRY BALACLAVA

Warmth without bulk is the mission of these close-fitting head sox. These technical polyester microfiber balaclavas fit under a helmet with a minimum of difficulty. Warm out of proportion to their thickness, these are great to have along when chilly drafts threaten. One size fits most. Black.

#1040 \$12.00

### JIMI CAP

A high tech helmet liner that was designed for professional athletes to keep hair and sweat out of eyes. Made thin to fit comfortably under helmets, the Jimi Cap is made from advanced microfiber fabrics and will keep your helmet cleaner and drier. Machine washable. Stretchy and comfortable. Black. M, L, XL.

#1545 \$18.00

### HELMET LINER

Oh God, a 'do rag. If you need one of these, I guess you know who you are. Useful for looking like some sort of medieval village idiot as well as keeping your hair tidy and your helmet non-nasty. Comfortable, washable, microfiber. Black. This one is really nice. It's actually from HJC helmets.

Medium #1542 \$12.00  
Large #1544 \$12.00

**AEROSTICH WIND TRIANGLE  
(OR EUCLID'S FACE FAIRING)**

This is a simple, functional piece of rider's clothing. The Face Fairing has a hook & loop closure tab that adjustably fits most neck sizes. It can be worn in two positions: like a cowboy outrider, draped low around the neck to warm and protect the chest; or drawn over the nose and mouth when protection from the elements is needed. We now make them with a softer and more comfortable windproof/water resistant WINDSTOPPER® fabric. Hypotenuse 24", Base 16". (XL version hypotenuse is 26") 

*Fleece (navy, red, blue, wine, turquoise, or black) #511 \$22.00*  
*XL Fleece (red or black) #512 \$24.00*  
*Ultrasuede (navy, red, blue, wine, turquoise, or black) #515 \$28.00*  
*XL Ultrasuede (red or black) #516 \$30.00*

**AEROSTICH WIND BAND**

Featuring the same fleece or Ultrasuede with WINDSTOPPER® outer fabric. The windband provides ultra compact neck comfort. 4"x23" with overlapping hook & loop closure. 

*Fleece (navy, red, blue, wine, turquoise, or black) #535 \$22.00*  
*Ultrasuede (navy, red, blue, wine, turquoise, or black) #536 \$24.00*

**COOL OFF TIES**

Relief for sultry rides in hot weather. This 100% cotton neckwear is filled with water-absorbing polymer crystals which can hold 350-400 times their weight in water and they release it slowly (over a period of days). Hence, increased comfort in hot weather. A simple, effective tool for heat management. Non-toxic and reusable. 35.5"x1.75". Assorted patterns and colors.

**#1551 \$6.00**

**RESPRO FOGGY BREATHGUARD**

A comfortably thin, stretchy neoprene face guard that helps eliminate visor and face shield fogging on cold days. Fits (via hook & loop) into all full face helmets. Comfortable in use. Eliminates the need to tip the shield open at every stop.

**#1558 \$28.00**

**RESPRO BANDIT SCARF**

Combines a comfortably stretchy 100% cotton scarf with a washable activated charcoal filter to protect your face from diesel smoke, dust and similar airborne pollutants and filth. Filters last six months in regular use. Popular for years in larger European and Asian cities and now available here.

**#1556 \$32.00**

**RESPRO TECHNO MASK**

A cool wearing, fully ventilated riders mask for filtering the sub-micron particulates (pollen, dirt, tire and brake dust, etc.) that assault urban riders everywhere on bad days. Its replaceable Hepa-type filter is made of electrostatically charged fibers and a Dynamic Activated Charcoal Cloth for maximum effectiveness. If you commute via a dense ten lane or ride downtown many days in a row, this will make it better.

**Techno Mask-1 #1508 \$54.00**  
**Filter 2 pack #1509 \$24.00**

VISOR SQUEEGEE

### AEROSTICH ELKSKIN ROPER

Your favorite gloves. You just can't ride anywhere without them. When they finally wear out, it feels like you've lost a friend. Elkskin Roper gloves are a premium work and general use glove design by a sixty year old ranch and work glove company in Washington state. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they'll last much longer. Built for cowboy and ag work, they're tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material. All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you'll ever wear. Full and half sizes 8-12. Black may bleed slightly when wet. 

Natural #420 \$49.00  
Black #440 \$49.00

### AEROSTICH COMPETITION ELKSKIN ROPER

Your favorite gloves. You're sad when they finally wear out...you can't ride anywhere without them. These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure—reversed for ergonomic advantage—and also add a generous Elkskin covered **TF3** impact-foam knuckle pad. This is a premium rider's glove, made by a ranch and work glove company in Washington State. They're strong and durable enough to take on everyday rough cowboy and ag work—from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand. The visco-elastic **TF3** impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions. All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the ultimate gloves for serious combat touring adventures or for every day A to B riding. Full and half sizes 8-12. Natural. 

VISOR SQUEEGEE

#421 \$67.00

### AEROSTICH DEERSKIN

Very comfortable and easy to wear—just like Elkskin, but made of slightly thinner medium weight deerskin so they're ideal for casual, everyday riding, particularly commuting and touring. No break-in needed; they will be as comfortable as pre-washed denim the moment you put them on. Deerskin is great for hotter weather. Because they're so light, absorbent and soft, they give you better control feel. Nimble enough to pick a coin off a table, yet strong enough for riding protection. Outstanding quality. The insulated versions have 3M Thinsulate and brushed nylon lining, so they are perfect for spring and fall commuting and general cooler weather wear. (They're plenty warm all winter if you don't know what Canadian currency looks like). Full and half sizes. For insulated gloves, order 1/2 size larger than non-insulated version to ensure proper fit.

#### DEERSKIN

The classic all around American general work and riding glove. Reinforcing welt in the thumb and the middle fingers, elastic back. Full and half sizes 8-11, (#423 Insulated also available in size 12). 

#422 \$47.00  
Insulated #423 \$53.00

#### DEERSKIN GAUNTLET

Gauntlets increase the coverage and work better in cool riding conditions. Tuck 'em in of pull 'em over. Full and half sizes 8-11. 

#424 \$57.00  
Insulated #425 \$63.00

### DEERSPORTS TRACK/PERFORMANCE

DeerSports® gloves from Lee Parks Design are suitable for road or track use, and are nicely made of U.S. deerskin. Trimmed and ironed internal seams ensure unmatched fit and comfort, and the seamless palm gives good feel and eliminates pressure points. An extended gauntlet with dual hook & loop closures secures nicely over jacket sleeves. Additional layering of deerskin at strategic areas on the gloves provide increased abrasion protection. A fine glove, versatile and well worth the price. Phase Change insulated version is perfect for 40°-65° temps. S-XL. 

#445 \$125.00  
Phase Change Insulated #456 \$195.00

### AEROSTICH TOUCH-SCREEN ELKSKIN ROPERS

Use every electrostatic screen controlled device (iPhones, iPads, GPSs and Androids, etc) with your riding gloves on. Rows of electro-conductive stitching exactly where needed let you scroll, dial, pinch-zoom, browse and navigate normally. The Ropers themselves are carefully made of natural tan medium to heavy weight Elkskin. They are a bit thicker, stronger and more abrasion resistant than deer hide, so they'll last much longer. The left thumb is equipped with a visor squeegee made of resilient squeegee material. The California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on, and grab the clutch lever. Modern techno-function meets old-school comfort and performance. Full and half sizes 8-12. 

#429 \$63.00  
Touch Screen Elkskin Gauntlet  
(not shown) #439 \$97.00

### AEROSTICH ELKSKIN GAUNTLET

Elkskin palm for durability and protection, and deerskin in other areas for light-weight, protective durable comfort. A visco-elastic **TPS** impact pad adds further protection. Adjustable, gusseted gauntlet seals sleeve cuffs. And the wrist is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee (not shown). The Insulated Elkskin Gauntlet has a luxuriously warm 100% merino wool lining which is softer, thicker, warmer and more durable than the various fleeces and synthetic fibers used in other insulated riding gloves—it won't pill, mat down or wear through after a few thousand miles. Hidden between the deerskin and the wool on the Standard Insulated gloves is a thin windblocking fabric covering the entire backside of the hand. The Super Insulated version also includes the windblocking fabric covering the back side of the thumb, providing extra warmth. The tapered gauntlet is lined with a slippery nylon knit so it lies flat and doesn't twist your riding jacket's sleeve when you rotate your wrist. Black may bleed slightly when wet. Non-insulated gloves available in full and half sizes 8.5-12 (11.5 not available). For all Insulated gloves, order 1.5 sizes larger than non-insulated version to ensure proper fit. 

Natural / Brown #464 \$83.00  
Black #465 \$83.00  
Natural #466 \$83.00  
Merino Wool Insulated Black #479 \$133.00  
Merino Wool Insulated Natural #469 \$133.00

### RIDER / SCOTT FARRELL

*"Just thought I'd share a quick pic and tell you how much I'm enjoying this awesome riding gear!"*

*This was self-taken this past Sunday via the iPhone 4's front facing camera while I was away at a conference in Atlanta. I was getting ready to head home at the end of the conference. The backdrop is the Crowne Plaza Hotel near the airport. Believe it or not, my full dress uniform is in the left saddle bag of the Ulysses! I was the only one to ride a motorcycle to the conference."*

—Scott Farrell C SFC MIL USA USAAC, Dec 11th, 2012

On this dreary December day in GA Scott's riding a 2008 Buell Ulysses and wearing a Darien Suit (page 23), Combat Touring Boots (page 71) and Elkskin Gauntlets (this page).

**LUXURY DEERSKIN  
THREE SEASON**

Maybe only the Japanese, with their respect for and interest in cafe-racer culture, could come up with gloves that are not only ideal for 3-season usage, but look superb and feel great when you pull them on and lay your hand to the grips. Beautifully constructed and detailed, these gloves feature fantastic quality hides and are perforated and vented along the knuckles and palm to help keep hands cool when the weather's hot. Sturdy padding and reinforced knuckles, palm and gauntlet make these gloves safe without sacrificing functionality or comfort. Oversize hook and loop cinch strap. Black. The most gorgeous, luxurious gloves in this catalog. 8.5, 9, 9.5, 10.

#463 \$247.00

**LUXURY COWHIDE WINTER**

Top quality Japanese-built gloves for cold-weather riding use. And really, really comfortable. The cuff and palm are lined with soft, brushed nylon, and the back of the hand is lined with a warmer heavier synthetic. The fingers are articulated and pre-curved, and the knuckle area is padded with a diamond pattern of quilting. The exterior shell is constructed of 1.2 mm waterproofed cowhide leather with a waterproof/breathable film below. The wrist and cuff is cinched with hook & loop. Reinforced palm. Ultra Nice. 8.5, 9, 9.5, 10.

#447 \$197.00

**MID SEASON COWHIDE**

This is a Wind-tex lined and lightly insulated cowhide glove perfect for your spring and fall (or mild winter) everyday riding. They're warmer than regular gloves because of the use of a thin layer of ThermoLite insulation, yet you have a better control feel than other insulated cold weather gloves. Made of premium cowhide with padded knuckles, boxed fingers, and a short gauntlet. They will quickly become your favorite gloves for chilly weekday commutes. Goggle wiper is included on the left thumb. Black. S-XL.

#427 \$74.00

**GEL COWHIDE**

These gloves feature silicone gel-padded palms to cushion your hands from handlebar pressure and vibration that can cause discomfort to the median nerve. Made of super premium leather with a Kevlar reinforced palm and a soft Bemberg lining on the backside, the Gel Sport features an extended gauntlet with a hook & loop closure and an adjustable leather strap. The Gel Lite has shorter gauntlet, and are ideal for warmer conditions. Black. S-XL.

**Gel Sport #448 \$65.00**

**Gel Lite (not shown)**

#454 \$45.00

**SILK GLOVE LINERS**

100% organic and naturally lightweight, these silk glove liners caress, insulate, dry quickly and resist soil and odors. Plus, they feel soooo good. Navy, S-XL.

#470 \$17.00

**ULTRALIGHT STRETCH  
MICROFIBER**

These are tough, and fit under even close-fitted gloves. Comforting extra warmth on a chilly morning. Brushed stretch polyester liner conforms to the hand nicely. Out lightest, thinnest synthetic glove. Black, M/L, L/XL.

#471 \$14.00

**MEDIUM WEIGHT BRUSHED  
MICROFIBER**

Hand hugging four way stretch brushed polyester fabric offers superior wicking properties and a snug, comfortable fit. This liner keeps hands warmer for better control on chilly rides. Black, M/L, L/XL.

#473 \$15.00

**KNIT MICROFIBER  
GLOVE LINER**

Knit microfiber and lycra liners are breathable and offer excellent moisture wicking capabilities. They fit great and offer extra protection for cool morning commutes. A great everyday layering glove too. Black, M/L, L/XL.

#474 \$12.00

**AEROSTICH VEGAN**

This glove has a thumb-mounted squeegee for your visor and a nice compact gauntlet to keep the elements out of your sleeves. Good wicking and ventilation keep your hands from getting clammy, but it's not drafty or cold-feeling on cooler days. Integrated knuckle guards make you feel like Batman on night patrol, should the need arise to punch out a Joker. Seriously, we tested them on a heavy bag and they work. An associate actually got carried away crash testing these babies and was unharmed after landing on his hands, very ungracefully, and then sliding clumsily down the street palms-first in an (estimated about 30 mph...) get off. These gloves run a little snug, so you may want to order a larger size than you normally would. S-XL.

#433 \$57.00

**AEROSTICH HOT WEATHER VEGAN**

A summer glove ideal for all warm to hot weather rides. This is a heavily vented design which wears cooler than any glove you probably have. The short style means no gauntlet...but the design is still longer than most "shorty" gloves for added protection of the wrist. You'll get lots of air up your sleeves after closing the rubber covered hook and loop strap, which is located in just the right spot to help add a bit of useful wrist protection. Double layers of material in slide areas and over the thumb help, too. Same knuckle protection as the 3-Season Vegan, in a lightweight, Kevlar reinforced, subtly styled, summer glove. Lots of comfort and protection-tech...with less bling. Even on a scorching day when little voices are whining about not wearing gloves because it's too hot, you will be comfortable. You'll hardly know these are even on. Promise. (Also great for mountain biking.) These gloves run a little snug, so you may want to order a larger size than you normally would. S-XL.

#435 \$47.00

**COLD WEATHER WATERPROOF**

A nylon outer shell, full cowhide palms and fingers, and a Gore-Tex® insert that is nicely lined with Primaloft premium insulation, so they're waterproof, windproof, breathable and cozy right down to your fingertips. These gloves also feature an easy to use cuff gathering system and an adjustable wrist strap for a secure, comfortable fit. Pleated fingers and knuckles provide added flexibility. Suede wiper patches and a wiper blade built into the left index finger help maintain a clear view. S-XL.

#1489 \$75.00

**TEXTILE GLOVES**

Good rider's gloves must provide dexterity, breathability, durability, protection, comfort and grip. If you've had textile gloves but were disappointed, or if you've only worn leather gloves and are skeptical, try the Vegan Gloves. You'll be impressed. They feel natural from the moment you pull them on, and your hands will be all-day comfortable. If you should hit some rain, these will dry much faster than leather gloves—but they are not waterproof, so you'll still want raincovers for serious weather. A Kevlar base fabric helps them stay together in a crash and well placed hidden hard armor protects the knuckles and critical finger areas. Aerostich Vegan Gloves provide protection, absorbency, comfort and breathability. These are more than better textile gloves, they're great-wearing everyday riders' gloves. And not just for vegetarians anymore.

To find glove size place hand on diagram as shown. Need help? Call us: 800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add ½ size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

## AEROSTITCH COMBAT LITES

More ideal for general touring, everyday urban riding and all day street and general purpose wear. Obviously shorter and lighter, but incorporating the identical heavy duty materials, design features, and construction quality of the original Combat Touring boot. Top grain leather and fully leather lined. Compared to most general purpose and riding boots, the Lite has fewer individual leather pieces, less seams and is a stronger and longer lasting boot. The inner speed laces and instep buckle provide a better and more secure fit than any slip-on "engineer" type boot. The lower shaft fits riders with extra large calf muscles better, too. Black. 11" tall (2.42 lb. per boot) Medium Width. Wedge or cleated sole. 7.5, 8.5, 9.5, 10, 11, 11.5, 12.5, 13.5, 14, 15.

**Cleated Sole #404 \$317.00**  
**Wedge Sole #484 \$317.00**

# COMBAT

### CBT SPARE PARTS

**Grey Cleated Sole (Specify Boot Size) #408 \$27.00**  
**Amber Wedge Sole (Specify Boot Size) #410 \$27.00**  
**Boot Straps (Specify Boot Type) #411 \$12.00**  
**Buckles (Specify Boot Type) #413 \$12.00**  
**Laces #412 \$7.00**

### COMPETITION CBT BOOT LACES

These Competition Laces are designed to be more durable and convenient to use than the standard laces. The tighter weave nylon material frays less, and the shorter overall length means less excess lace to tuck under the outer flap. Cordlock not included—we recommend re-using the cordlock from the existing laces.

**#416 \$7.00**

CLEATED

WEDGE

### AQUASEAL LEATHER CONDITIONER

Extremely viscous silicone with a proprietary blend of waxes and special oils that condition leather and keep it breathable.

**#336 \$7.00**

### CHELSEA LEATHER FOOD

Proper boot dubbin from England, where they know a thing or two about preserving leather in the face of damp weather and dank conditions. All natural. Specify black or natural.

**#1346 \$17.00**

### NIKWAX AQUEOUS WAX

High wax content leather conditioner. For increased efficiency, use it on wet leather. Buffs to a nice sheen, and can be used on oil or chrome-tanned leathers.

**#1338 \$8.00**

### NIKWAX LEATHER FOOTWEAR CONDITIONER

Add water repellency, soften, condition and prolong the life and performance of all smooth leather footwear. Revitalizes dried out or cracked leather and is ideal for use on footwear with breathable GORE-TEX linings. Easily applies to dry or wet footwear. Water-based formula is environmentally friendly, biodegradable, non-flammable and non-hazardous. 4.2 oz.

**#1523 \$8.00**

### TECTRON DWR BOOT PROTECTOR

Renews and enhances the water repellent coating of leather and synthetic footwear. Ideal for leather boots and shoes. 4.25 oz. Aerosol.

**#1342 \$9.00**

### TUFF TOE

Two-part poly-urethane adhesive with abrasion resistant and waterproofing abilities forms a layer of armor on the toe of your boots. Easy to use. Black.

**#1225 \$20.00**

### PECARD MOTORCYCLE LEATHER LOTION

Cleans, polishes, and restores suppleness of leathers. Safe for all colors. Not for use on suede. 4 oz. bottle. Made in Green Bay, WI.

**#1339 \$6.00**

# TOURING

**AEROSTICH**

## COMBAT TOURING BOOTS

The tougher your riding, the better this boot will feel. Combat Touring boots are as strong as the bulkiest specialized off-road footwear, yet are designed to fit easily under your pants for everyday wear. As soon as you put them on you will feel more support and protection than ordinary street boots can offer. Combat Touring boots are manufactured exclusively for us by Sidi using the best materials and their most experienced boot-makers. They feature quality full grain leather throughout, a Davos competition motocross sole, Scotchlite™ reflective in the heel gusset, generous internal ankle and toe padding, and a special padded collar at the top. The inner speed lace/cordlock setup with micro-adjustable arch buckle and outer hook & loop calf closure insures a protective, comfortable fit. Combat Touring boots will take somewhat longer to form to your feet compared to cheaper boots, but they will outlast them by years. From time to time, apply any good waterproofing product and they will mostly eliminate the need for carrying rainboots. Whenever regular motocross boots are too clumsy and street boots are too wimpy, these are perfect. A great value. Black. 14" tall (2.7 lb. per boot) Medium Width. Wedge or cleated sole. 7.5, 8.5, 9.5, 10, 11, 11.5, 12.5, 13.5, 14, 15.

Cleated Sole #480 \$357.00

Wedge Sole #400 \$357.00

HELMET

## AEROSTICH GLOVE, BOOT, AND HELMET DOGS

Made of cotton flannel tightly filled with red cedar chips and a drying agent, this insert speeds drying and neutralizes odors, leaving behind a long-lasting freshness. Their purifying and moisture-wicking action is effective for a long time (more than a year...), even with daily use. A natural alternative to liquid deodorizing solutions created by the petrochemical industry.

Glove #1486 \$12.00

Boot #1487 \$12.00

Helmet #1493 \$16.00

Boot, Helmet and Glove Dogs **SAVE \$5.00** #1471 \$35.00

## SELF MOLDING INSOLES

The next best thing to a custom prescription orthopedic. Most insoles simply condense and compact under pressure. These are designed with a footbed that self-molds to your unique foot shape, cushioning and mirroring each foot for increased comfort, control and support. Once you slip into a pair, you'll feel the stress in your mid-foot disappear. The more you wear them, the better they fit and feel. Two thicknesses: medium profile (thicker) works best if you're between boot sizes, or low-profile (thinner) uses minimal boot space. 7, 8, 9, 10, 11, 12, 13, 14.

Low Profile #1456 \$40.00  
Medium Profile #1455 \$40.00

## SIZING INSOLES

Perfect for custom-fitting Combat Touring boots, especially if your foot falls between sizes. Makes boots feel like they were custom made and adjusts for varying sock thicknesses. They'll also provide the same fitting effect with older, stretched and worn boots. These insoles feature a patented Etc® fabric top cover that is cool and long wearing. A firm polyethylene mid foam over a molded and shaped arch platform provide scientifically researched foot support that translates to less fatigue, reduced shock, and all-day walking comfort. Two thicknesses: high profile (thicker) for boots with more volume or low profile (thinner) for boots with less volume. Trim them for a custom fit. 5.5-7, 7.5-9, 9.5-11, 11.5-13, 13.5-15.

Low Profile #1452 \$40.00  
High Profile #1454 \$40.00

## AEROSTICH GREG FRAZIER STASH POCKETS

Probably the most secure place on your person to keep money and valuable papers. Adhesive hook & loop attaches a secret fold-over wallet made of thin nylon to your boot's inner calf or front gusset. Large enough to hold a bunch of money (or whatever else you don't want found). For some reason neither thieves nor third world border inspectors check moto-travelers smelly, dirty boots. (!) Hmm...at least not Greg's. Set of two pockets: 3.25"x4.5" and 6.75"x2.75".

#405 \$25.00

### TECHNICAL ANTIBACTERIAL SOCKS

These attractive socks are joined together stitch by a special sewing stitch resulting in no ridges, and administering the ultimate in comfort. No wrinkles equals no abrasions or blisters. A strong elastic at the top of a sock is not sufficient to keep a sock in place. These socks have additional Lycra support sections throughout the calf, so you won't find them cutting off circulation or falling down into your boot. High-friction areas contain two sections of polyamide, a technical fiber that provides life-long treatment against odor, fungus and bacteria, and extraordinary wicking capabilities result in enhanced comfort. The Boot socks, made of 75% Antimicrobial Treated Schoeller Polycolon and 25% Polyamide/Lycra, are longer to

provide additional warmth to lower leg. The Crew socks, made of 75% Coolmax Fresh and 25% Polyamide/Lycra, wear slightly higher than a normal sock in order to accommodate riding boots. Built to last. M (5.5-9.5), L (10-12.5), XL (13-15).

**Boot (Black/Red) #1407 \$18.00**  
**Crew (Black/Grey) #1413 \$15.00**

### SUPERFINE WOOL SOCKS

Wool is king. These long, boot style socks are built to keep your feet and lower legs cozy warm and dry. Both have a wool inner layer, providing a perfect balance of warmth and moisture control in a wide range of conditions. The Italian Wool (black/grey stripes) socks are soft, with a superfine toe seam for added comfort. Made from a blend of 40% Merino wool and 60% Acrylic/Lycra, the higher wool content adds a little bulk, but provides maximum warmth and performance all ride long. The taller Merino Wool (grey patterned) socks are 25% Merino/50% Primaloft/25% Nylon/Lycra, for a tri-layer blend providing an exceptional combination of wicking, warmth, durability and comfort in a slightly thinner, finer weave. M (5.5-9.5), L (10-12.5), XL (13-15).

**Italian Wool 2 pair**  
**M, L, XL #1406 \$20.00**  
**Merino Wool 1 pair**  
**M, L #1414 \$22.00**

### COPPER SOLE ATHLETIC SOCKS

Copper Sole technology eliminates 99.9% of bacteria, fungi and odor in these comfortable high-tech socks. Unique support at arch for added performance and comfort with elastic infused uppers to ensure they stay in place during a hard ride. Embedded Copper ions in sock fibers regenerate, creating permanent protective barrier. Copper also plays a vital role in collagen formation, so wearing these socks makes for better looking and better smelling feet. Moisture-Guard wicking system and 10% copper CUPRON™ yarn, make these the most comfortable socks ever to grace your feet. Tallish crew height. M (5.5-8), L (8.5-12), XL (13-15).

**#1443 \$10.00**

### MERINO TRAILBLAZE PRO

The greatest combination of softness, durability and performance combined with moisture wicking Merino Wool, for dry feet, no blisters and no odors in an ultra-comfortable lightweight crew sock. Breathable mesh panels and seamless toe closure design will make these made in the USA technical socks a daily wear favorite. 38% Dri-release, 26% Merino Wool, 25% Stretch Nylon, 8% Polyester, 1% Lycra Spandex. Grey. M (5-9.5), L (9.5-12), XL (12-15).

**#437 \$16.00**

### BAMBOO CHARCOAL SOCKS

Weird if you think about it, but nirvana for your feet. Advanced nano-technology permanently melds the ancient beneficial properties of bamboo charcoal into the natural fibers of this sock. The result is a supple and incredibly comfortable 200 thread count knit that continues to get fluffier and softer with each washing. Every fiber is infused with charcoal to provide true odor eating and anti-microbial properties within a unique three-dimensional weave pattern that delivers exceptional moisture wicking ability. And (...“but wait, there's more!”) as the socks are worn and heated by the body, good negative ions are also released, promoting increased foot health and improved circulation. Made from renewable organic materials, these luxurious socks are not only good for your feet and your health, but are good for the planet too. One wearing will make you a believer. S/M (6.5-9), M/L (9.5-13).

**#430 \$19.00**

### PRO SERIES WICKING SOCKS

Soft and well-made socks like these make riding and walking in motorcycle boots a pleasure and keep fatigue at bay. Made of an advanced mix of Olefin, Lumiza™, Nylon and Spandex, these year 'round weight socks feature an abrasion-resistant achilles cradle and a cushioned sole, as well as an ultra-smooth toe enclosure and filet stitched instep. Elasticized arch and ankle panels hug your feet for a snug, secure fit.

The Medium Weight Boot style features a fully cushioned leg and shin panel to provide maximum warmth and comfort, and a turned welt top on all styles allows for a smooth, non-binding fit. All this adds up to comfort and a sock that won't sag or bunch. On trips, wash in the motel or campground sink and dry by morning. Medium Weight are grey heather, and the slightly Lighter Weight is solid white or black. M (5-8.5), L (9-12), XL (12.5-15).

**Light Weight White (M-L) #1410 \$14.00**  
**Medium Weight Black (M-L) #1411 \$12.00**  
**Medium Weight Grey (M-XL) #1412 \$13.00**

### SILVER LINING TREKKING SOCKS

Every pair of riding boots can now literally have a silver lining with these technologically advanced socks. The unique dual-action Silver Drystat® polypropylene yarn offers superior wicking and anti-bacterial properties with integrated silver ions in the fiber core. A medium weight soft padded footbed provides exceptional cushioning, while the patented graduated compression design of the boot-cut uppers are scientifically designed to enhance ankle support, stimulate circulation, provide relief from cramps, alleviate swelling and make feet more happy and comfortable in any riding conditions. Made from 75% Silver Drystat, 15% Spandex and 10% Lycra, these are built to last and engineered for comfort. Grey. S (5-7), M (7.5-10), L (10.5-13).

**#431 \$32.00**

### MERINO WOOL LUXURY SOCKS

These performance socks are made from the highest-grade wool available, resulting in unmatched comfort and moisture management capability. Because the wool fibers have a natural crimp to them, they are cushiony and return to their original shape instantly. Made with just enough stretch nylon to ensure a snug fit.

Non-itchy as well as being machine wash and dryable, these socks are at home inside motorcycle boots like no others we've tried. Light Weight is grey or black, while the Medium is grey. Crew height. M (6-8.5), L (9-11.5), XL (12-14.5).

**Light Weight Black (M-L) #1416 \$16.00**  
**Light Weight Grey (M-XL) #415 \$18.00**  
**Med. Weight Grey (M-XL) #1415 \$20.00**

## AEROSTICH EMERGENCY BOOT RAINCOVERS

Seam sealed black ripstop nylon raincovers that are strong enough to stop rain and road spray all day on a thousand mile rainy day, but pack small enough to carry along and are ready when you need them. A reversed waterproof zipper makes them fast and easy to put on and remove. They are all that's needed to get home from work with dry feet and boots if the weather changes unexpectedly too. Each cover neatly stores into a built-in hook & loop closed pouch that's only 3"x4"x1.3". M (7-9), L (10-12), XL (13-14). 

#407 \$67.00

FAST REAR ZIP AND REFLECTORS

FOLDS INTO TOE

## TINGLY BOOTS

Nearly everyone who must be outdoors in bad weather uses these tough 10" high rubber boots. Farmers, construction workers and hardcore everyday riders know and appreciate how this design stretches easily over bulky boots (removes easily also) and offers superb protection from rain and snow. Durable, lightweight (13 oz.), abrasion resistant, will not stiffen or crack in cold weather, thick slip-resistant tread for traction on all surfaces, and the shaped sole will not roll around your boot's welt, even if you wear them all day long.

Perfect to keep in the garage for commuting on bad days, but you will also find yourself using them for many non-riding tasks where you need a comfortable, tough waterproof overboot. Black. S (6.5-8), M (8-9.5), L (9.5-11), XL (11-12.5).

#403 \$37.00

## NEOS ADVENTURER OVERSHOES

Looking real cool in an Errol Flynn meets Neil Armstrong kinda way, these were originally designed for winter and foul weather foot commuters. They also happen to work real well as motorcycle rain overboots. These are made of 100% waterproof Cordura to a height of 15", and pack down enough to fit in an area the same size as a pair of sneakers. A lightweight high-traction sole holds up better than conventional motorcycle "bootie" type rain footwear. An easy-on/easy-off design makes them quick to use. Black.

M (7-8.5), L (9-10.5), XL (11-12), XXL (12.5-13.5).

#414 \$97.00

## RAIN BOOT COVERS

Generic imported rain overboots that fold small and pack anywhere in the included 7"x7" nylon storage bag. Essential kit for long trips where rain is expected and luggage space is at a minimum. They will keep your feet dry in all day rain rides. Except for that they are useless, and we hate them.

Black. S, M, L, XL.

#402 \$27.00

STORAGE BAG

## WICK DRY ULTRALIGHT LINER SOCKS

These moisture wicking liner socks add comfort and extra warmth that feels great all day long. They are super thin and wear flat, so they are perfect for layering in combination with heavier weight socks on chilly days without cramping or bunching inside your boots. When used with another pair of socks in warmer or wet weather, they will keep your feet drier by adding an extra wicking layer. These are super-comfortable, pack in nano-space, and dry out fast after being washed in a motel bathroom sink. M (5-8.5), L (9-12), XL (13-15).

#1417 \$7.00

## SEALSKINZ WATERPROOF SOCKS

During a day-long, hammering rain we all know that the most "waterproof" of boots can sometimes leak. Or at least seem kinda damp the next day. SealSkinz Socks are made of a thin, stretchy, waterproof/breathable fabric that is constructed in a seamless, comfortable method that allows perspiration to escape, while keeping your tootsies dry. Their 100% waterproof engineered fabric was developed by DuPont scientists and really works. They pack smaller than the smallest rain overboots and are great to carry on a trip for those long, soggy days. Dry feet go a long ways towards making foul weather riding tolerable. Black. S(5-6), M(7-9), L(10-11), XL(12-13).

#417 \$37.00

### AEROSTITCH TRIPLE DIGIT GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin ripstop nylon laminated fabric breathes enough during rain conditions so your skin won't become clammy. The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use. They pack very small, so you'll always have them ready. There's Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M-XL. Specify color. 

#442 \$47.00

### I am not an animal! / Review by John

*"No you may not be an animal, but you will sure look like a alien monster from some 1950s B-movie with these on. No worries, they do indeed work as designed, are easy to don and doff (once practiced). You can even give the cell phone talking soccer moms a "salute" and they will think you are giving V for Victory. It a win-win all while your digits are nice and dry!"*

### NIKWAX GLOVE PROOF

A water-based compound, very effective on leather or synthetics. Comes in an easy-to-use 4 oz. bottle. Helps leather last longer and hands stay drier.

#1368 \$8.00

### WARM PACKS

When your hands are cold and you've still got 200 miles to go, pull two of these out of your tank bag. The safe and odorless chemical pack is activated for a one-time use, producing heat of 150°F.

1 Body (4"x5", 24 hrs) #531 \$1.50  
 2 Hand (2.25"x4", 10 hrs) #532 \$1.50  
 Footwarmers #533 \$2.00

### RAIN GLOVE COVERS

Enjoy the same control feel, and abrasion protection of your regular leather gloves in lousy weather. XXL industrial dish gloves fit easily over your regular leather gloves to keep your hands dry and they pack very small. (May not fit really big gloved hands). One size. Blue.

#436 \$3.00

### PROHEAT HEAT PACK

Boy are these neat! And lifesavers on a cold day. These tough vinyl bags are filled with a solution of sodium acetate. When the disc inside the pack is "clicked," the liquid turns to a solid, crystalline mass that goes to 130°F instantly and, depending on conditions, will stay that way for a half-hour of heat where you need it. Neat technology, and easily recharged/reliquified by boiling. Can be reused up to 40 times. 3.25"x4.25".

#1402 \$6.00

**AEROSTICH ULTRALIGHT RAIN PANTS**

These waterproof nylon pants pack away small yet are strong enough to thwart rain and road spray. If you ride in jeans and a jacket and the weather changes during the day, they'll get you home dry. Ultralight Rain Pants self-store in a 4"x5"x1.5" integral zippered pocket. Long waterproof side zips and fly zips make them easy to get on and off over footwear. Fully seam sealed. An elastic drawstring waist keeps them up. Not intended for hard everyday use, but perfect to stash in a courier bag, fairing pocket or wherever you might need them when it decides to rain. Never worry about where to find garbage bags and duct tape. M (32"-34"x30.5"R, 32.5"L), L (36"-38"x32"R, 34"L), or XL (40"-42"x33.5"R, 35.5"L). 

FOLDS INTO ITS OWN POCKET

Regular #409 \$87.00  
Long #419 \$87.00

**ALUMINUM MINI UMBRELLA**

We have heard of people going to motorcycle rallies where it didn't rain...and although it's quite possible to bench race and tell lies without an umbrella, having one along tends to make the best of unfortunate meteorological circumstances.

This lightweight eight stay (most mini's have only six) aluminum umbrella features a wooden handle, strong all-aluminum frame and a nylon canopy. Comes with an unlimited lifetime manufacturer's warranty. 42" canopy. Folds to 10", 12 oz.

#4063 \$24.00

**BLUNT XS UMBRELLA**

The perfect balance of portability and performance in a revolutionary, compact umbrella design. Auto opens easily with an advanced Radial Tensioning System that redirects, transfers and distributes the effort needed to open the canopy. When open, the aerodynamically robust structure fares better in more extreme conditions, providing an ultimate defense against the elements. 37" canopy. Folds to 14", 13.2 oz.

#4158 \$49.00

**VENTED COMPACT UMBRELLA**

Stay safe in the shade with this one-person automatic open and close compact umbrella with UPF 50+ protective canopy. Rugged steel 3-section shaft/rib construction, ergonomic rubber grip handle and a specially designed 6-panel vented polyurethane canopy engineered to resist windy conditions and ensure years of shielding from both sun and rain. Opens to a wide 43" arc and folds to 12.5" to compactly fit in a saddlebag or under your bike seat. Silver.

#4155 \$32.00

**WINDJAMMER® COMPACT UMBRELLA**

The days of tossing umbrellas into the trash after one season are over. This Windjammer® auto open compact umbrella with durable fiberglass frame/ribs and specially engineered wind-resistant 1-person, vented canopy will stay with you for a lifetime (keeping in mind lifetime is a relative term. YMMV). Wide 44" arc opens on durable electrostatic steel 2-section shaft and closes to a petite 17" for stowage. A rubber grip handle with reflective safety strap make it comfortable to hold securely, so bring on the rain because this handy 1-person canopy is ready for reliable, go-anywhere weather protection. Black.

#4156 \$30.00

### MSR REFLECTIVE KNEE/SHIN GUARDS

For those who believe there is no such thing as too much protection, these all-in-one high-impact polycarbonate shin and ultra tough nylon knee and polypropylene thigh guards provide optimum coverage with maximum range of motion. Airprene® panels and self-centering knee design provide a positive fit while keeping you cool, comfortable and extremely well protected, from gnarly off-road boondocking to everyday urban combat riding. One size fits most.

#1606 \$64.00

### EVS STRATA KNEE GUARD

The ultimate hybrid knee/shin guard combo in a full hinging bi-lateral design. Triple layer impact zones for maximum protection. Features a vented uni-body liner and perforated quick-release strapping system for optimum comfort and breathability. Sold in pairs. S/MD or L/XL.

#1608 \$79.00

### EVS GLIDER ELBOW PADS

Because you never plan for an unplanned get-off, these elbow pads offer protection when and where you need it with a combined hard-impact polyethylene cup and a molded bio-foam covering. Perforated soft neoprene inner layer offers maximum ventilation and TPR limiters keep everything in place even during the toughest impacts. Solid, comfortable protection. Sold in pairs. Small, Medium or Large.

#1607 \$34.00

### MSR GRAVITY ELBOW PADS

When gravity decides unexpectedly to test how quickly the ground can be reached, you'll appreciate the quality and protection offered by these elbow pads. High-impact injection molded plastic with high-density impact foam for extreme protection. Adjustable X-strap design and cooling vents ensure all-day riding comfort. Sold in pairs. Youth or Adult.

Youth #1611 \$23.00  
Adult #1613 \$25.00

### EVS WEB KNEE BRACE

Superior impact protection and enhanced knee stabilization in a lightweight yet extremely rigid carbon fiber shell. Tru-Motion 2.0 anatomically correct hinges track natural movement, articulating knee cup protects patella at all angles and adjustable inner knee pads provide fully customizable fit. Removable/washable neoprene liner. Right and left specific. S-XL.

#1609 \$375.00

22ND ANNUAL INTERNATIONAL MOTORCYCLE & SCOOTER

# Ride to Work Day

## June 17th, 2013

Join Canada, Ecuador, France, Germany, Great Britain, Israel, Mexico, Philippines, Puerto Rico, Turkey, Russia, USA and every neighborhood around the world where people ride to work.

Commuting on this day shows the positive value of motorcycles and scooters for transportation. For hundreds of thousands of workers, motorcycles and scooters are an economical, efficient and socially

responsible form of mobility that saves energy, helps the environment and provides a broad range of other public benefits. Motorcycling and scootering clubs around the world encourage their members to ride to work on this annual day.

Download, print and post this and many other posters, ads, graphics and informational propaganda directly from the Ride to Work website.

Ride to Work is a 501 c4 nonprofit, all-volunteer effort. 218.722.9806 | Ride to Work Day | P.O. Box 1072 | Proctor, Minnesota 55810 | USA

## NOLAN N104 N-COM HELMET

The next generation in lower profile, flip-up modular helmets, the N104 has been redesigned for improved rider fit and function. The rugged Lexan polycarbonate shell is up to 7 ounces lighter and has sleeker, dramatically more effectual aerodynamics, with quieter and improved airflow compared to previous helmet designs. The optically clear Lexan face shield is wider and taller for superior vision, is easily removable (without tools) and offers riders fractional positioning for enhanced air control. Further enhancing the improved Airbooster venting and airflow is an included Pinlock shield for additional protection against fogging. The independent, internally mounted VPS sun visor is coated to resist scratching/fogging. It deploys easily via a left side slider and instantly retracts with the push of a button. The chinbar has a narrower design for less bulk, while retaining the secure locking mechanism that is easily opened with a single hand by pinching the release levers. A comfortable four-part removable, washable interior liner is anti-fungal and anti-microbial, and provides an intermediate oval fit. Beyond improved sizing, performance and rider comfort, the N104 also comes communications ready with the installation of the optional, all-new Nolan B4 N-Com system. Exceeds D.O.T. safety standards. Read sizing instructions before ordering, and let us know if you have questions. Black, Silver, White, Yellow. Intermediate oval fit. S-XL. 3.8 lbs.

**N104 N-Com Helmet #1363 \$449.95**

### SHOEI NEOTEC

Continual refinements in helmet technology have resulted in this all-new, next-level modular helmet design. Boasting streamlined shell aerodynamics to provide noticeably less buffeting and noise than previous helmets, with a reduced weight 5-ply Shock Absorbant Fibershell, this top-of-the-line helmet is filled with advanced updates. Superior ventilation and a fully removable, washable and replaceable dual-density EPS liner combine with an integrated chin curtain, breath guard and a micro-ratchet retention strap to make this an ideal lid for all-day, any-weather, riding comfort and protection. An enlarged face shield attaches to a smooth opening flip-up visor, providing a remarkably wide, clear field of vision. Providing 99% UV protection, the clear shield also includes a clear Pinlock shield to protect against fogging. A secondary internal sun shield is mounted inside the shell and operates independently from the full-face shield, deploying easily via a glove optimized left-side slider. Three outer shell sizes are available for improved fit and performance for all head sizes. A truly advanced modular design. Meets D.O.T. safety standards. Matte Black, Light Silver, White or Yellow. S-XL. 3 lbs. 11 oz.

**Neotec Helmet #1394 \$662.99\***  
**Clear Replacement Pinlock #1300 \$59.00**

### SHOEI HORNET-DS

Have you ever been cruising down the highway on your street bike when out of nowhere you spot some off-road terrain that looks absolutely irresistible? We have, which is precisely why we created the Hornet-DS. Bridging all gaps between road and off-road riding, the Hornet-DS boasts an outstanding list of features that includes AIM+ shell construction, SHOEI's exclusive 3D Max-Dry Liner, and a wind-tight flip-up shield that offers the versatility of using goggles in dusty conditions. The only helmet for serious dual-sport riders, the Hornet-DS comes complete with everything but a set of knob-bies. Black, White, Silver, Gray. S-XL.

**#1527 \$538.99\***

### SHOEI RJ-PLATINUM R

Contemporary styling with an improved and adjustable fit raises the bar for open-face helmet performance. A Lightweight Advanced Integrated Matrix Plus (AIM+) shell combines fiberglass and organic fibers for more efficient impact absorption and distribution. Adjustable top and rear vents provide enhanced air-flow while maintaining a remarkably quiet riding experience. The fully removable/washable interior liner features cheek pad slits for eyeglasses/sunglasses with a soft, comfortable 3D Shock-Absorbent Comfort Liner further enhancing the safety and fit characteristics of this Snell and D.O.T. certified lid. The distinctive visor is removable and convenient snaps allow for aftermarket shield fitment. An adjustable, padded D-ring chin strap keeps this helmet comfortable secure. This is the bench-mark of craftsmanship and safety technology in a premier open-face helmet. Matte Black, Light Silver or White. S-XL. 2 lbs. 13 oz.

**#1395 \$291.99\***

### ARAI VECTOR 2

A basic full-faced helmet featuring unmatched craftsmanship, performance and fit in a less-is-more design, perfect for all-day riding comfort. The shell shape is designed to better flow in the wind and utilizes a proprietary Complex Laminate Construction technology for combined strength, flexibility and lightweight. A one-piece multi-density EPS liner provides superior energy absorption to further enhance helmet safety. The inner-liner is removable and washable, with micro-fit cheek and temple pads that utilize 5mm peel-away layers to achieve a perfect fit, combined with the intermediate oval interior shape will fit a wide variety of head shapes well. The SAI face shield provides an extremely wide view for increased awareness of the world around you. Design improvements include an integrated rubber breath guard, improved stability with a lower center of gravity and larger, improved airflow vents, front and rear, for increased airflow while minimizing noise levels. Snell approved. Exceeds D.O.T. standards. Fits intermediate oval heads. White, Black or Yellow. 3.7 lbs. S-XL.

**#1379 \$499.95\***  
**Clear Shield #1396 \$54.00**  
**Clear Pinlock Insert #1397 \$30.00**

### NOLAN N43E N-COM

This open face or 'jet', communication-ready helmet is designed to integrate with the N-Com helmet communication system. The clear, optically neutral, multi-position face shield provides an exceptionally wide-angle view and can be easily removed without tools. A short, dark tinted, secondary VPS® shield is mounted on the inside of the shell, it moves independently from the face shield, deploying and retracting easily with a left side slider. The comfortable liner is removable, washable and constructed of durable fabrics with anti-microbial and wicking properties. The velour padded retention strap features a quick-release Microlock system. Adjustable vents are built into the lightweight polycarbonate shell, including a super-efficient JSW top vent, with an exhaust grid in the aerodynamically designed rear spoiler, keep the face shield clear and your head cool. Meets D.O.T. safety standards. This is a beautifully crafted helmet. Read sizing instructions before ordering, and let us know if you have

questions. Black, Silver or White. Intermediate oval fit. 3.25 lbs. S-XL

**N43 N-Com Helmet #1373 \$359.95**

**Clear Faceshield #1393 \$45.00**

**\* Call 800-222-1994 for latest/best price.**

### N-COM BASIC KITS

For basic communication and audio, each helmet must be equipped with a Basic Kit. It includes earphones, a microphone, and two short input/output jacks (that hang from the underside of the helmet, and allow you to plug in various devices). The Basic Kit will permit you to listen to your music player, radar detector, GPS unit, etc., and talk on your cell phone, but you must

control volume on the source device and answer the phone by pressing the controls on the phone. For connecting to external audio and communications devices, a Multimedia Wire and/or Cell Phone Wire is needed. Installs in minutes without any tools or modifications.

**N103/N43 #1291 \$109.00**

BASIC

### N-COM HELMET CONTROL & COMMUNICATION KITS

Upgrade your N-Com Basic Kit to adjust volume and answer phone calls directly on your helmet, or communicate with a passenger. The Bluetooth® Kit allows wireless communication

BLUETOOTH®

between the pilot and passenger (must be installed in each), and wireless connection to Bluetooth® phones or other devices (only one wireless device may be accessed at one time). Includes on helmet control unit, battery and AC battery charger. The Basic Kit must first be installed to use this kit.

**N103/N43 Bluetooth Kit #1263 \$259.00**

### N-COM BLUETOOTH 2 EBOX KITS

The N-Com Bluetooth 2 Ebox is a state-of-the-art communication system allowing wireless transmissions with pillion, communication with up to 4 other riders (up to 500 meter range), connection via Bluetooth to GPS, mobile phone and other devices or listen to the built-in RDS FM radio. Low-profile design is simple to install and includes high quality speakers, noise canceling microphone and battery unit. Connects to PC via USB for easy firmware updates, changing pre-set radio stations or adjusting audio preferences. Compatible only with Nolan N-Com model helmets listed below.

**Nolan N104-B4 Kit #1381 \$379.00**

**Nolan N103/N43E-HD Kit #1387 \$279.00**

### N-COM MULTIMEDIA WIRE

You will need the Multimedia Wire in order to listen to external audio devices, such as a music player, GPS, etc. The multimedia wire is NOT included with Basic Kits or E-Box Kits. It is sold separately.

**#1261 \$27.00**

### N-COM HONDA GOLDWING WIRE

Allows the connection of a Nolan Helmet equipped with a Bluetooth or Intercom Kit to the audio system of the Honda Goldwing. To use with a passenger, both helmets must be equipped with either the Intercom or Bluetooth Kit and connected to the motorcycle with the wire instead of connected directly with an intercom wire. This configuration is not possible for helmets equipped with the Basic Kit only.

**#1288 \$47.00**

**SHOEI RF-1100**

Unrivaled in every feature category, there's not another helmet on the market that truly embodies riding like the RF-1100. This is Shoei's best seller. It combines customer and dealer requests with state-of-the-art technology and everything learned over 50 years of premium helmet development. It's the finest sport-touring full-face money can buy. The Evolution of Perfection... Black, White, Silver, Yellow, Red, Gray, Orange, Wine. XS-XXL.

#1532 \$462.99\*

**SHOEI QWEST**

The all-new QWEST embodies revolutionary noise-reduction technology, unsurpassed long-distance comfort, advanced ventilation performance, a light-weight, balanced fit and feel, and over 50 years of helmet-building experience. This is finest touring helmet available. Mile after mile you'll appreciate the it's better fit, comfort, ventilation and quiet. Black, White, Silver, Gray. XS-XXL.

#1531 \$366.99\*

**SHOEI MULTITEC**

This top-quality modular lid is one of the world's best. It focuses on comfort, safety, noise control and exceptional attention to detail. Most MC helmets now come from China, Korea or Taiwan...and all Shoei's come from Japan. You will notice the difference. The light-weight, well-balanced 'Advanced Integrated Matrix' shell (a fancy high-tech handmade type of fiberglass) is wind-tunnel shaped for smooth air-flow at speed. Further noise reduction is achieved with the addition of gaskets between the flip-up visor and the helmet shell. Effective, adjustable forehead and neck vents provide superior ventilation, and an integrated (but removable) breath guard keeps your vision clear in adverse conditions. Removable cheek pads and 3D comfort liner ensure a great fit, biased toward an intermediate oval head shape. The optically perfect CX-1V shield provides a wide, clear view and the modular visor opens easily using a release lever located on the front of the chin bar. Adjustable D-ring strap system keeps this helmet comfortably secure. Available in White or call for special order colors. Meets all D.O.T. safety standards. Round oval fit. S-XL. 3 lbs. 15 oz.

Multitec Helmet #1264 \$332.99\*  
 Clear Pinlock Shield #1204 \$40.00  
 Replacement Clear Shield #1205 \$42.00  
 \* Call 800-222-1994 for latest/best price.

**SHOEI VFX-W**

More top professional off-road riders prefer the groundbreaking VFX-W over all others. The absolute pinnacle of off-road helmets, the VFX-W is the result of countless hours of conceptualization, R&D, and testing with the most hard-nosed critics of all, professional racing team riders. The VFX-W is drenched in state-of-the-art features. If you're looking for a new lid to hit the track or trail, look no further. Black, White, Silver. S-XXL.

#1537 \$613.99\*

**ARAI CORSAIR V HELMET**

The Corsair V is a superb quality helmet, carefully constructed with true craftsmanship and replete with scores of nuanced subtleties requisite of a flagship helmet line. The smooth uninterrupted spherical shell shape combines with the exclusive AirWing to provide unprecedented aerodynamic performance options with 5 distinct adjustable positions based on riding style, allowing increased airflow efficiency. Newly designed side exhaust cowls add lateral stability at speed and work in combination with brow vents for enhanced overall ventilation. Peripheral belting across the forehead area of the shell enhances structural integrity while maintaining flexibility, low weight and shell size. The newly redesigned Hyper-Ridge enhances strength while enlarging the bottom opening for easier putting on and taking off. A wider eye port incorporates the latest generation Super AdSis shield system to achieve a 10mm wider peripheral field of view and exceptional situational awareness. A removable neck roll, additional vents and the latest generation Dry Cool liner enhance rider comfort, while the exclusive Emergency Release Tab feature allows trained emergency personnel to remove the helmet with minimal effort to further improve safety. Snell approved. Exceeds D.O.T. standards. Fits intermediate oval heads. White, Black or Silver. S-XXL. 3.8 lbs.

#1521 \$789.95\*

\* Call 800-222-1994 for latest/best price.

**ARAI XD4**

One helmet to fit all...riding styles is the role of this dual-sport hybrid helmet design. A fully removable, replaceable and washable comfort liner, cheek pads and chinstrap utilize a Dry-Cool® technology for greater comfort. A customized fit can be achieved with a proprietary peel-away temple and cheek pad micro-fit system. The CLC shell composite is incredibly strong and light, with improved aerodynamics for added high-speed stability. Topside diffuser vents combine with chin and side cowl ports to provide excellent ventilation and airflow control. Twin-cam pivot system allows the locking face shield to be fully operable under the adjustable angled visor, or remove the shield for use with goggles. The visor can also be removed for added comfort and safety for high-speed or high-mileage riding. A premium, better fitting helmet for every ride. Snell approved. Exceeds D.O.T. standards. Fits intermediate oval heads. White, Silver, Yellow or Black. 3.75 lbs. S-XL.

#1388 \$599.95\*

Clear Shield #1398 \$62.00

Clear Pinlock #1399 \$64.00

\* Call 800-222-1994 for latest/best price. \*\*Use of the visor is not recommended for high-speed riding where air resistance may inhibit returning the head to a forward and level position.

**ARAI SIGNET Q**

While outwardly nearly identical to the RX-Q (one of the most innovative street helmets ever produced), the Signet-Q interior is a world apart, elongated 5mm front-to-back, it has peel-away interior liner pads to allow micro-fit adjustments and provide a true Long-Oval interior and a better fit for more riders. Redirected brow vent ducting further enhances proven airflow technology and an included Pinlock anti-fog lens will keep forward vision clear. A 10mm wider eye port dramatically increases peripheral view at each side, a benefit soon appreciated in real-world street riding. Black, Silver, White, Grey, Blue. S-XXL.

#1529 \$609.95\*

**SHOEI X-TWELVE**

Born from racing, the X-Twelve combines integral feedback from professional racers around the globe with SHOEI's 50 years of helmet building experience, the very latest in technology, and the most advanced materials known to man. Track certified by the fastest riders on the planet, the X-Twelve's innovative features unite to form the most progressive racing helmet on the market. Black, White, Silver. XS-XXL.

#1525 \$692.99\*

**HJC IS-33**

An affordable open-face motorcycle helmet that is sleek, comfortable and offers great protection with a lightweight advanced polycarbonate shell, one-touch integrated SunShield and AccuSight Anti-fog Faceshield. Or, if you don't want a shield or visor, they can be quickly and easily removed too. Advanced Channeling Ventilation System and removable SilverCool liner offer sublime comfort, whether commuting across town or trekking cross-country. Black, White, Silver. S-XXL.

#1535 \$149.99\*

**HJC SY-MAX 3**

With an emphasis on value, convenience and comfort in a modular sport touring design, the SY-MAX 3 offers an outstanding balance of features with pure riding functionality. Advanced lightweight fiberglass and Spectra composite shell and CAD designed interior provide maximum comfort, including dual-density silvercool linings that are washable and removable for odor and bacterial resistance. An advanced channeling ventilation system keeps air flowing where you want it and a built in SunShield visor system, and the optically superior Pinlock ready faceshield ensure a clear view of the road ahead. Bluetooth ready and DOT Rated. Black, Matte Black, Silver, White. S-XXL.

#1533 \$314.99\*

**HJC RPHA10 SOLID**

AA full face helmet perfect for everyday street riding or long distance cruising, with a comfortable anti-bacterial interior and enhanced venting, it was made to be durable and rugged for a life on the road. Advanced lightweight P.I.M. (Premium Integrated Matrix) fiberglass composite shell provides superior fit, performance and comfort. The optically superior Pinlock® ready faceshield uses an innovative one-touch open/close locking system for an extremely secure seal. Snell and DOT approved. Black, White, Silver, Yellow, Anthracite. 3.2 lbs. S-XXL.

#1536 \$369.99\*

**MORE HELMET OPTIONS AT  
WWW.AEROSTICH.COM**

**HJC RPHA-MAX MODULAR HELMET**

Advanced design technology and hand-laid use of premium shell materials like carbon fiber, aramid and fiberglass combine to make this modular helmet extremely light, quiet, comfortable and durable. An innovative one-touch open/close locking system makes for easy operation of the flip-up chin bar and face shield, while an advanced channeling ventilation system provides superior airflow to achieve optimal internal climate control and eliminate fogging. The optically superior Pinlock ready face shield provides 95% UV protection and utilizes an innovative center-touch locking design for an extremely secure seal. The integrated smoke-tinted sunshield visor adjusts quickly and easily to three different positions from the one-touch lever. A removable, washable comfort liner enhances rider comfort through inherent anti-bacterial and moisture wicking properties. Backed by a 5 year manufacturer warranty. Pinlock lens included. Exceeds D.O.T safety standards. Read sizing instructions before ordering, and let us know if you have questions. Black, Matte Black, White or Silver. S-XXL. 3.55 lbs.

#1519 \$459.99\*

\* Call 800-222-1994 for latest/best price.

**FOG CITY SPEED TINT**

Anti-glare insert that easily installs on the upper inner surface of the visor, providing constant shade from bright glare and instant relief from a low sun, all with a simple forward head tilt. Reduces solar transmittance by over 53%, while maintaining an optically correct solar shade.

Universal #1592 \$12.00  
Arai #1593 \$12.00

**AEROSTICH  
FACESHIELD BAGS**

Two versions: A soft fleecy environment for your spare faceshields or neoprene sleeve. If you have wanted to carry more than one tint or a replacement for possible damage that may occur on a trip, you may have wished for a transport solution like this one. 19.75"x5.5".

Fleece #1032 \$20.00  
Neoprene #1031 \$22.00

**Quick-Easy-Protection / Review by VanHarlan**

→ Read more at [aerostich.com](http://aerostich.com)

*"Quick & Easy Super Soft Fleece-Like Sleeve is the quickest and easiest way for me to stow away and extra shield, or two. I typically have 3 shields for each helmet - tinted, clear, and pin-lock. These soft fleece sleeves allow me to carry the spare shield I may need without the worry of scratches . . . simple is better."*

**ADHESIVE 3M SOLAS GRADE REFLECTIVE**

Look closely at the surface of highway or industrial warning signs and you will find the unique, hexagonal pattern that identifies 3M SOLAS (Safety Of Life At Sea) Grade Reflective. A clear protective layer bonded over reflective glass microbeads ensures strong reflective power—even in wet conditions. Slightly stretchy and trims easily to any shape. Ideal for curved surfaces like helmets. One of the most intense retro-reflectives in the world. Silver color. 2' long by 2" wide.

#346 \$7.00

**HI-VIZ STICKER KITS**

This Scotchlite® material can be applied to any hard surface and reflects a brilliant white. Perfect for helmets and hard bags. Die Cut Silver is pre-cut to specific shapes. Solid Sheet Black is one solid sheet so you can cut it the shapes and sizes needed. 8.75"x11.75".

Silver #2845 \$22.00  
Black #2847 \$28.00

**ARROW HEAD®**

These large retro-reflective directional arrows mount to the back and sides of your helmet, so when you turn your head to check if the adjacent lane is clear, they boldly indicate your intention to the unintentionally homicidal drivers on four wheels around you. A valuable safety accessory for riding in urban (and not so urban) areas. Kit includes hi-viz yellow or orange arrows, as well as silver chevrons and rear-facing diamonds. Specify color.

#1214 \$24.00

**HALO HELMET BAND**

Reflective neoprene band stretches around the lower part of your helmet for after dark conspicuity.

#1016 \$13.00

**ILLUMINATING ARMBAND**

You'll be seen way better at night if you are wearing these lightweight self-illuminated markers. The long lasting LED embedded in the reflective can be set to flash or run constantly. Proven visible up to a mile away. Elastic bands cinch to fit (2.5"-9.5"). Red LED. Runs up to 100 hours per included watch battery.

#1215 \$12.00

**ILLUMINATING WAISTBAND**

Hook & loop waistband is adjustable from 39"-52". Yellow/Red. Runs up to 400 hours on two AA batteries (not included).

#1216 \$18.00

### HELMET SUNBLOCKER

Some full-face helmets don't have projecting visors, and we all know sometimes this results in glare problems when Riding Into The Sunset. This simple product solves the problem nicely. 100% UV rated and easy to apply, the Sunblocker is a flexible, dark, sunglasses-green transparent strip that applies to helmet shields interior using static electricity, and can be used on many different helmets. Install it along the top-edge of your helmet's shield and enjoy the resulting decrease in discomfort and fatigue.

**Universal #1052 \$16.00**  
**Arai #1054 \$16.00**

### FACE SHIELD SUPERVISOR

Riding into a low sun every day can drive you crazy (unless your shield is brand new and perfect). Ordinary dust and nano-scratches catching the light can be absolutely blinding, and unsafe as hell. This solution works splendidly. The visor is aerodynamically engineered and fits all helmet types that use face shields. Perfect vision and less eye fatigue is only a slight head tilt away. Never be blinded by the sun again. Comes complete with a lift kit, which allows for height adjustment and removability.

**#1546 \$17.00**

### AEROSTITCH VISOR CLEANING KIT

Even if the squeegee and cleaning solution at the gas station is so filthy it looks like hasn't been changed since the Reagan Administration, this kit leaves no room for excuses for riding with a dirt and bug splattered shield or goggles. The two little .5 oz bottles are a nice flat, oval shape so they pack flat in any pocket. These won't leak or spill like tiny pump sprays can, either. One's got a windshield cleaner, the other is "Protectall" (#4796), a fabulous all-purpose cleaner and polish. Also included are a microfiber cleaning cloth and a Cordura carrying case. An indispensable shield cleaning kit that packs small enough carry along on every ride, ready for use at a moments notice. See clearly. No excuses. 

**#1051 \$25.00**

### FOG CITY PRO SHIELD

Higher clarity and definition, especially noticeable on overcast days. Optically correct, reliable, will not wear out, and guarantees fog-free vision no matter what. Clear (all purpose), Amber (increases definition in overcast conditions), Smoke (light filtering properties), or Photosensitive (tints from clear green to dark cobalt in sunlight and back to clear when the sun fades).

**ProShield (Clear, Smoke or Amber) #1012 \$20.00**  
**ProShield HyperOptiks (Photosensitive) #1013 \$42.00**  
**Arai (Clear) #1212 \$20.00**  
**Arai HyperOptiks (Photosensitive) #1213 \$42.00**

### PRO GRIP LIGHT SENSITIVE SHIELD

See better every ride with this universal light sensitive and fog-free insert. Eliminates switching from clear to smoke shields (or dealing with sunglasses). Attaches to the inside of your existing face shield via 0.5mm adhesive gasket.

**#1591 \$24.00**

### HELMET BRA

Securely holds any helmet to a passenger seat, and is available in two sizes: large works with full face helmets, small for half helmets. Uses an adjustable heavy-duty, anti-slip seat strap with rugged plastic seat clips that fits the bottom edge of most seats, or a 36" universal strap to wrap completely around the seat. The bra itself is stretched over the helmet placing the straps through two slides mounted on the seat strap, with a safety clip included to attach to the helmet D-ring for added safety. All straps are 1.5" wide. Instructions included. Black.

**#1601 \$20.00**

### HELMET SECURE

Attach this little Fort Knox of helmet holders to your bike's handlebars, or any other bar or downtube from 7/8" to 1 1/4" (with the included spacers), for a permanent helmet storage solution that looks as good as it is functional. Unit includes 15' of pre-coiled, coated steel cable that is always conveniently available to lock up your lid, jacket or any other gear. Installs easily with an included hex wrench. Includes two keys. Specify Black or Chrome. 4"x2"x1". 14.7 oz.

#5003 \$59.00

### HELMETLOK

A carabiner with a built-in combination lock makes a great portable security tool. The programmable 3-pin locking latch opens outward, allowing it to fit around handlebars or frame tubes up to 1 1/8" diameter, and is rubberized to prevent scratching. A fast, durable way to lock a helmet, jacket or bag to your motorcycle. Use with a lightweight coiled cable for securing multiple items together or as a lightweight anti-theft bike lock.

#1182 \$27.00

### HELMETLOK CABLE

Keep your stuff from walking away with this handy 3mm thick, PVC coated scratch resistant coiled cable. Expands to 70" in length to weave through helmets, riding suit/jackets, bags or anything else you want to prevent from growing legs. Looped ends designed to work with HelmetLok (#1182), or will accommodate your own padlock.

#1594 \$8.00

### HELMET HANGERS

A practical solution to daily helmet storage. Once your helmet is resting on any of these holders, it's nearly impossible to knock it off—and ya feel a little like Batman cuz yer lid's always at the ready, not lying around anywhere. Each of these holders work with all helmet styles/types. Black.

#### STANDARD

Mounts easily. Steel with rubberized edges. 13"x2.75"x5.5", 1.5 lbs.

#2849 \$20.00

#### CURVE

Hangs/mounts on a door, cubicle wall, etc. Steel with rubberized edges. 10.25"x2.4"x5", 1.5 lbs.

#1499 \$20.00

#### HEAVY-DUTY

3/16" aluminum, mounts securely. 7.5"x5"x4.25", 2 lbs.

#1496 \$42.00

### MP HELMET LOCK

Park your bike, hang your helmet and walk away to do...whatever. The last thing you need when you get back is to find that someone has walked away with your protective headwear. This lock securely clamps to any 7/8" round tube bar with tamperproof one-way mounting screws. A solid tubular lock keeps you helmet exactly where you left it. Black or Chrome.

#1595 \$24.00

### BAR END HELMET LOCKS

Factory helmet locks are always perversely positioned to be completely unusable under trip duffels and saddlebags, or they leave your finely

engineered head protection system roasting against a crackling hot muffler. These Bar End Helmet Locks are beautifully machined from stainless steel and use very high quality cylinder locks. They look better than stock bar-ends and the lock mechanism works as slick as a Colt revolver. Some historical trivia: When helmets and everyday transportation riding first became common all over Japan in the sixties, the little Japanese bikes then all had helmet holders. Where? Always on the handlebars, my friends... always on the handlebars. 

- One 7/8" (w/Dummy) #1462 \$78.00
- One Universal (w/Dummy) #1468 \$86.00
- Two 6mm Bolt On (Keyed Alike) #1465 \$92.00
- Two 7/8" (Keyed Alike) #1463 \$98.00
- Two Universal (Keyed Alike) #1469 \$112.00

6MM BOLT ON

### RESCUE FACTS HELMET PACK

Essential medical information for EMT's secured in a rugged nylon wrap that firmly attaches to your helmet strap with hook & loop. A crucial method of communicating when you're not able to. Be prepared. Black. 3.5"x1.25" (folded).

#4669 \$10.00

### HELMET BOLT LOCK KIT

For roadside stops, this lock comes in handy. The simple loop-locking device attaches anywhere you already have (or can mount) a bolt. Comes with a 12" vinyl-coated 5mm braided steel cable. Once locked, it's impossible to dislodge. Chrome plated to appear as though it came standard with your bike. You may also want to pick up the optional 6' cable in order to secure more items (jacket, multiple helmets, etc). Easy installation.

Lock Kit (12" Cable) #4931 \$59.00  
Six Foot Cable (72" Cable) #4951 \$12.00

### AEROSTITCH UNDERWEAR VEEWIPE SQUEEGEE

You'll quickly become addicted to this faceshield squeegee. Made of a stretchy silicone material that easily conforms to the thumb or index finger of your left hand, VeeWipes make riding in the rain safer. Pack contains three sizes (one each) to fit all glove sizes and thicknesses. Trim with a scissors for a custom fit.

#1048 \$15.00

### ADJUSTABLE VISOR WIPE

Adjust the hook & loop strap for a perfect fit around any size glove digit. Align the non-scratch silicone rubber squeegee on a preferred finger or thumb and be ready to wipe away any rain that dares come your way. 1.5" x .25" squeegee, 5.75" x .75" strap. One wipe. Black.

#1361 \$12.00

### CYCLE WIPES

Effective, specially formulated wet wipes for cleaning wet wipes for cleaning bugs and grime from visors, shields and bikes. Convenient 12-count re-sealable travel pack stores easily in a pocket or tank bag. The ultra soft, lint-free mesh fabric pre-moistened towelettes are a durable, safe and ammonia free way to wipe helmets, visors and windscreens. They are also perfect for cleaning up your bug blasted headlights and turn signals. Pack of 12 wipes.

#4159 \$5.00

### "Z" ULTIMATE LENS CLEANER

A three-product kit to keep your face shield clean and scratch-free. The 8x8 microfiber Z-cloth is used with both cleaning products and is safe to use on all types of lens, glasses, visors, faceshields, goggles and even windshields. Z-wax is a paste that will safely loosen any dirt, dust, bugs and road grime—then wipe clean with the microfiber cloth. The wax also fills-in any scratches on the lens surface. The spray offers the same optic cleaning ability as the wax, with added ease of application. Spray on, rub in, wipe off...see clearly. These multi-purpose cleaners also act as anti-fog, anti-static, anti-reflective, scratch filler, plastic cleaner, farkle polisher...1 oz. Spray Bottle.

#1408 \$16.00

### RAINCOAT LENS TREATMENT

A specially formulated hydrophobic (hates water) wax blend, designed to repel water and keep your plastic optics cleaner...longer. Kit includes 5 pouches (up to 3 applications each), Sponge Applicator and Buffing Cloth. Practice safe riding, wear Raincoat.

#1429 \$6.00  
4oz. Spray Formula #1517 \$15.00

### SHIELD WIPES

Single use cleaner-impregnated moist towelettes safely clean bugs, dirt and road grime from windshields, glasses, faceshields and goggles. Pack of twelve wipes in a 2.25" x 3" pouch.

#1099 \$7.00

### MACK'S LENS WIPES

Pre-moistened, individually wrapped lens wipes for faceshields and eyewear. Anti-fog, anti-streak formula. Pack of six 8" x 5" single use towelettes.

#1494 \$3.00

### MICROFIBER CLOTH

Soft and absorbent microfiber fabric, optimized for cleaning glasses, cameras and optics. Reusable and washable. Blue. 6" x 6".

#1570 \$3.00

### FOG TECH PACKETS

Advanced anti-fog protection. These single use packets will be ready when you need them on a chilly morning or at a rainy gas stop. Five single use packets.

#1091 \$10.00

### AEROSTICH DISPOSABLE EARPLUG SAMPLE KIT

Twelve different pairs of disposable earplugs let you find a perfect fit for maximum comfort. Selection includes the newest and best types: Howard Leight Max's, EAR Express Pod Plugs, Moldex Pura-Fits, and many more. Six are corded and six are uncorded.

#1100 \$12.00

### SILICONE EARPLUGS

After a long day of riding, inserting and removing foam earplugs can irritate your ears. These form-fitting earplugs are made of moldable silicone that fit very comfortably to the unique contours of any ear. They won't cause discomfort and are washable & reusable. Doctor recommended for hearing protection with a substantial noise reduction rating of 22 dB. Seals out water and helps prevent swimmer's ear. Snore proof. Shatterproof carrying case included. (2 pair).

#1285 \$4.00

### AEROSTICH REUSABLE EARPLUG SAMPLE KIT

Ten different pairs of reusable earplugs let you find a perfect fit for maximum comfort. Selection includes the newest and best types: Moldex Rockets, North Com-Fits, and many more. Seven are corded and three are uncorded.

#1200 \$28.00

### HEARPLUGZ-DF

Multi-functional dual filtered hearing protection, fitted with breathable, moisture resistant acoustical filters, and designed to help you hear critical sounds—including speech—while offering increased attenuation as noise levels rise. The removable secondary filter allows the flexibility of two levels of hearing protection (from 12dB to 22dB), plus the ability to hook up to a two-way radio communication system. The soft plugs are comfortable, easy to clean and store in a practical coin-purse style carrying case. Specify Small, Medium or Large. Orange.

#1211 \$30.00

### ETYMOTIC ER 20 EAR PLUGS

Unlike foam based earplugs, the Etymotic ER20's cut about 12dB, but leave your ability to hear radar detector chirps, gas station conversations, emergency sirens, etc...unhindered. They are sophisticated noise attenuators that use a patented internal acoustic dampening network to provide nearly uniform attenuation. The washable ready-fit eartips are very comfortable and the end cap is easy to grasp. Advanced technology hearing protection.

#1030 \$15.00

### MULTI-SIZE REUSABLE EAR PLUGS

These are the highest rated reusable earplug available (32 dB). Two sizes allow the perfect custom fit. Fitting well in the ear and blocking all frequencies makes these an ideal choice for helmet wear. Clear silicone flanges for easy insertion and removal. Includes one pair of each size: Small and Average, each with protective container.

#1102 \$20.00

### DISPOSABLE MAX TAPERED

Comfortable, form-fitting, expanding foam. 33 dB.

5 Pair #1274 \$3.00

25 Pair #1276 \$10.00

5 Pair Corded #1284 \$5.00

25 Pair Corded #1286 \$18.00

### MOLDEX ROCKETS

These reusable earplugs are designed for comfort and noise reduction. Each set includes a protective container. 3 pack, 26 dB.

Uncorded #1240 \$8.00  
Corded #1242 \$12.00

### MIGHTY PLUGS

For those endowed with perfectly shaped ear canals, standard foam or silicone earplugs may do the trick. For the rest of us, superior hearing protection can now be found in these natural little cylinders of silence, made with pliable beeswax, cotton and lanolin. Simply knead the reusable 3/4" diameter x 1/2" high tabs to soften them up and insert for a custom fit, molded to the shape of your ear. Adjust sound level by inserting lightly to block less noise, or press in further for a perfect seal and total silence (which is not recommended for riding applications, but comes in extremely handy to block out noisy work environments, silence crying babies and eliminate any incessant snoring done by nearby campers or even, um, your significant other...). Achieve soft, comfortable, reusable peace and quiet in any setting. 12 pair, 34 dB.

#1597 \$30.00

### AEROSTICH EARPLUG PROTECTOR CASE

Keep earspeakers and cords safely tucked away in this convenient holder. Opens and shuts like an old-school coin purse. Soft, durable plastic. 2.5"x1.4".

#4410 \$4.00

### SAFE-T-RING

Ideal for keeping your earplugs clean and protected. Lightweight CNC machined aluminum. Threaded cap. O-ring seal. Removable key ring. 1.5"x.6". Fits smaller size earplugs best.

#1478 \$18.00

### MACHINED ALUMINUM EARPLUG CONTAINER

Nicely machined anodized alloy. Perfect for earplugs, matches, or anything you need to keep dry and protected. O-ring seal. Good value. 2.5"x1".

#1476 \$14.00

### AEROSTICH ENVELOPE BAG

Stop fishing for lost earplugs. This coated nylon envelope fits comfortably flat inside any jacket pocket. Hold 4 or more earplugs. Hook & loop closure. 3.5"x2.5".

#738 \$11.00

### AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two NikWax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving Roadcrafter main zippers water resistance.

#1334 \$27.00

### NIKWAX TX DIRECT SPRAY-ON REPELLENT

Restores the durable water-repellent finish of all types of waterproof/breathable fabrics. Ideal for garments or single-wall tents and synthetic sleeping bag shells. Best when sprayed on damp material. 10 oz.

#1360 \$14.00

### NIKWAX TX DIRECT WASH-IN REPELLENT

Wash-in re-waterproofing treatment for all breathable waterproofing clothing. It saturates the durable water repellent characteristics of synthetic breathable/waterproof fabrics. Effective and convenient. 10 oz.

#332 \$12.00

### GRANGER WASH-IN REPELLENT

Wash-in treatment renews and enhances water repellency of high performance waterproof/breathable synthetic outdoor fabrics, and optimizes breathability. Also works on fleece. 10 oz.

#4934 \$12.00

### GRANGER SUPER PROOF SPRAY-ON REPELLENT

Advanced spray-on formula renews the durable water repellent characteristics of synthetic breathable/waterproof fabrics. Effective and convenient. 9oz.

#4935 \$13.00

### REVIVEX® SPRAY-ON WATER & STAIN REPELLENT

Safe, non-toxic treatment, developed by the Gore company, enhances and restores the water repellency and stain resistance of garments constructed using GORE-TEX® laminated fabric. 10 oz.

#1345 \$14.00

### NIKWAX TECH WASH

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax's Wash-In Waterproofer. Biodegradable. 10 oz.

#333 \$9.00

### GRANGER G-WASH CLEANER

Non-detergent liquid soap protects the waterproof/breathable qualities of outdoor fabrics better than conventional detergents. Use as a prep-wash for Granger's Wash-In Waterproofer. Highly concentrated (up to 10 loads). Biodegradable. 10 oz.

#4933 \$9.00

### UV TECH

Works like a sun-screen for fabrics. Reduces color fading and slows the damaging effects of long exposure to sunlight and atmospheric chemicals. Ideal for daily commuters, long distance riders, or those with red garments. One bottle will treat an Aerostich suit. 12 oz.

#331 \$12.00

### AEROSTICH CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Complete washing, inspection, and water repellent service for your Roadcrafter or Darien. If repairs are needed you will be contacted with an estimate. Stain removal not guaranteed.

Suit (Jacket and Pants)

#255 \$60.00

Jacket #256 \$40.00

Pants #257 \$35.00

### NIKWAX LEATHER RESTORER

Rejuvenates the water repellency of tired, worn leather clothing and accessories and replaces water repellent finishes and conditions leather. Prolongs the life of leather gear. 10 oz.

#342 \$13.00

### NIKWAX LEATHER CLEANER

Cleans and revitalizes leather without oversoftening. Will not strip off the manufacturer's water repellency. Prolongs the life of gear and optimizes outdoor performance. Biodegradable, non-flammable, non-hazardous. 10 oz.

#343 \$13.00

### NIKWAX COLOR WAX

Restores the water repellency, and revitalizes the color and character of waxed cotton fabric. Essential for routine maintenance. Water-based formula in a non-aerosol pump spray. Neutral. 10 oz.

#1362 \$13.00

### REPROOFING CREAM

Waxed cotton and oil skin re-treatment that restores and enhances water repellency. Goes on easily and cures to a smooth, durable, non-sticky coating that doesn't smell funny and won't attract dirt. 200 ml.

#1351 \$16.00

### AQUASEAL

Medium viscosity sealant and adhesive forms a tough, elastic waterproof seal. Permanently adheres to fabrics like neoprene, hypalon, vinyl, Cordura, and heavier leathers. Dries overnight. Urethane base. .75 oz.

#335 \$7.00

### SEAM GRIP

Wicks into and seals seams and zipper tapes. Dries in only a couple of hours. Ideal for permanently repairing tents and leathers. 1 oz. tube comes with a syringe applicator. Kit includes two 2" patches, brush applicator, and storage container. Urethane base.

1 oz. Tube #362 \$8.00

### NIKWAX WOOL WASH

Increases your wool garments' natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10oz.

#303 \$9.00

### COTOL - 240

A urethane cure accelerator, thinner and pre-cleaner to be used in conjunction with Aquaseal® and all other urethane-based sealants including Freesole and Seam Grip. The solvent cleans and prepares the surface and shortens drying time. COTOL-240 is also ideal for removing tar, sap, glue, and other resins from various surfaces including glass, plastic and metal. .5 oz.

#340 \$5.50

# FREQUENTLY ASKED QUESTIONS

## CRASH AND ABRASION CONSIDERATIONS?

Compared to leather of the same weight and thickness, Cordura® nylon is a stronger material. But hides are thicker and heavier so they offer greater abrasion resistance. We repair about twenty or thirty Aerostich garments a month. About a third of these were in crashes that produced some abrasion damage. Several common themes have emerged. Though Aerostich suits are not as abrasion resistant as racing leathers, they offer significant and useful protection, especially at typical street speeds. Aerostich wearers often think of their suit as “sacrificial” in the same way a car’s airbag gets used up by its deployment. These garments are lighter, cooler and easier to use in bad weather (etc...), but less crash-durable than leathers. On average, street riders seem to crash only at infrequent intervals. How gear feels and works during the intervening years of use and the tens of thousands of miles of riding is very important. Most street crashes occur between 20 and 50 mph, not between 50 and 100. For each Roadcrafter suit that was in a 100 mph crash, we get dozens that need smaller repairs because the rider fell down at 35 mph. For these kinds of everyday spills, even the fanciest leathers do not offer protective advantages. We make gear to help you use a motorcycle more and be better protected. It has to be safe, easy to use, and comfortable for everyday riding.

## NYLON AND FRICTION?

Although we have not conducted tests comparing the friction coefficients of Cordura® suits to leathers on various pavement surfaces, we have collected a significant amount of relevant information. We repair many Aerostich suits every year, and most of these are damaged by sliding on all kinds of pavements. Many of the wearers (testers...?) had previous crash experiences with leathers. Post-crash wearers typically comment that their Aerostich was “slipperier” than their old leathers. The consensus is that Cordura slides a little better and tends to roll and tumble the wearer somewhat less than leather. After studying hundreds of accidents, former Motorcyclist magazine editor and professional accident reconstructionist Gordon Jennings believed that more crash injuries (broken shoulders, etc...) were caused by tumbling than by the incrementally increased chances of hitting something due to sliding farther.

## “NOT CE APPROVED” LABELS?

CE impact standards involve both energy absorption capability and pad shape and size. Aerostich TF pads do not match these European standards because of their shapes, not their energy absorption capabilities. In hard-shelled areas, TF armor tested significantly better than most other CE approved armor. Around the softer edges, it tests lower. TF armor was tested at a CE lab in England and using a duplicate of the test apparatus here. TF pads were developed (years before CE standards existed) to provide effective protection when fitted into the over suit designs of Roadcrafters and Dariens. Because of this, TF pads allow comfort with various combinations of street clothing better than CE shapes. Roadcrafter suits were the first riders garments in the world to use removable armor pad

systems, and to use an advanced energy absorbing material like TF. When we introduced TF armor, all protective garments, including road racing suits, featured sewn-in padding made from felt, foam rubber or other less effective materials. Legal Notice: These garments are not considered to be “personal protective equipment” as defined in or within the scope of, the personal protective equipment (EC Directive) regulations 1992 (S.I.1992/3139) and no liability will be accepted arising out of these garments non-compliance with such regulations.

## DARIEN VERSUS ROADCRAFTER?

The Roadcrafter provides more double layers of fabric over a larger area than the Darien. These include the elbow/shoulder/knee areas of ballistics nylon and additional Roadcrafter pockets. On the other hand, the Darien is lighter and cooler to wear. Crash events most commonly occur between 30 and 70 mph. Within this range the Darien, DarienLight, RoadcrafterLight and Roadcrafter all provide useful abrasion protection. All three provide more than jeans and windbreaker jackets. Riders on powerful sport bikes will prefer the closer fit and greater protection a Roadcrafter suit offers. Roadcrafters are available in short, regular, and long, and Dariens are all regulars, so if you are extra short or tall, go with the Roadcrafter. Getting a good fit is more important than the functional differences.

## MAIL ORDER SIZING AND FITTING?

We are experts at providing a great fit. We’ve talked to thousands of riders about their size, bike, local climate and personal riding applications. We use a questionnaire to help learn the right things, so you’ll get the best fit with your Roadcrafter or Darien. Our most experienced associates do this successfully about 90% of the time. Every order is double checked for accuracy. Ordering factory direct gives you access to more sizes than are available elsewhere. The one piece Roadcrafter comes in twenty-five different off-the-rack standard sizes. Let us help you find the one that provides the most precise fit.

## FITTING WOMEN?

Compared to men of the same height, women usually have slightly narrower shoulders, slightly longer legs and arms, and slightly shorter torsos. Roadcrafters and Dariens are looser fitting designs. About 60% of all women find Aerostich suits fit well without alterations. Of the remaining 40%, about half of these can enjoy a good fit after minor sleeve/arm/gusset/etc., alterations. Only about 20% of women (and 10% of men) cannot be fitted within the range of available sizes and custom alterations. Fully tailor made garments are not available.

## BUYING SIGHT UNSEEN?

Things bought by mail order can sometimes be dissatisfying. Smaller than pictured. Or cheaply made. Or somehow just-not-nice. Aerostich was established to pioneer textile riders clothing. The RiderWearHouse catalog was created to sell riding tools and riders gear that make motorcycling better. You will find goods made with quality, integrity, long service, a little fun... and real value. When you open your package, we want your order to be better than you expected. We want your business and value your trust.

## MAINTAINING BREATHABLE FABRICS?

After the manufacturing process that bonds a breathable/waterproof membrane to Cordura fabric, a DWR (Durable Water Repellent) chemical treatment is applied that prevents water from being absorbed into the Cordura’s fibers. If the Cordura fibers become saturated in wet conditions, this water forms a barrier causing vapor to condense on the inside surface. Over time and after extended wear, the original DWR treatment wears away and must be renewed. Periodically laundering gear with a wash-in treatment like Nikwax TX Direct®, or applying a post-wash water repellent product like Scotchgard® or Granger®, will insure that water beads and runs off the fabric, and that vapor will always be able to pass through, even in wet conditions. Maintaining the DWR also helps textile gear dry faster after being in rain.

## CLEANING/LAUNDERING?

Machine washing is recommended. Remove the TF pads and the contents of all the pockets. Close all zippers. Use the regular wash cycle, and a “warm” water setting with mild powder detergent, wash-in water repellent products, or non-detergent soaps formulated specifically for outdoor fabrics. Run the complete wash/rinse cycle a second or third time with water only to remove any residual detergent. Machine dry at a medium temperature. Do not use anti-static products. Hook & loop fasteners pick up lint so avoid laundering with cotton towels. Clean hook & loop using a fine comb. Small stains can be removed using “spot cleaning” stain removal products. Citrus based cleaners work well for oil stains.

## WATERPROOFING ZIPPERS?

The original Roadcrafter’s unique zipper arrangement can become a source of water entry in extremely wet conditions. To dramatically improve performance in severe conditions use either a wash-in water repellent or hand seal these areas:

- Stitching around both underarm zips.
- The knit zipper fabric along the right leg zipper.
- The stitching and knit zipper fabric along the left leg zipper from two inches above the bottom of the hook & loop flap, to below the knee.

Wash-in repellents like Nikwax TX Direct® penetrate everywhere during laundering. In addition to improving breathability in wet conditions, they minimize leaks around zippers. Seam sealing products like Seam Grip®, should be thinned enough to completely soak into the fabric, thread, and stitching. (Use Coto!® or Toulene.) Apply sealant to both the knit zipper fabric and the stitching.

## COLOR DURABILITY?

Weather and strong sunlight may cause some fading of fabric color dyes. Similar fading occurs in all types of clothing from leathers to blue jeans. This is normal wear and does not affect the strength, waterproofness or overall performance of textile garments. Red dyes show color loss fastest. Fading can be minimized by washing with milder soaps, drying at lower temperatures and occasionally re-applying a water and stain repellent or a UV inhibitor product like UV Tech®.
