“Commuting by motorcycle is like being able to see invisible spectra of light: extra dimensions interlaced between unknowing denizens of a flatter world. While they creep down the boulevards of a metal-box hell, you ride private pathways, engaged with the pavement instead of isolated from it.”

—Joseph Shin, Wired Magazine, October 2015

TL^{EC} FLEECE 101

TL^{EC} 100: WIND BLOCKER (Blue or Cayenne): A warm, soft, and comfortable all-purpose two-sided fleece that features a thinner micro velour outer face with a moisture wicking mesh back side. It is slightly thinner than the others, but it blocks most of the wind, and offers 2X faster moisture wicking than other windproof fleeces. Its hidden stretchy membrane offers notable breathability for all day comfort. The thinnest, most packable of these three, it also wins a silver medal for warmth.

TL^{EC} 200: WIND PRO (Grey): A new, denser, "super fleece" that is extremely breathable yet provides 4x better insulation and draft resistance than traditional grey fleece, with increased durability. This medium thickness two-sided grey heather fleece features a soft, smooth

midweight low velour face outside, and an even softer, fuzzier velour back side. It provides the thickest, bulkiest insulation and is the most breathable of the three.

TL^{EC} 300: SOFT SHELL (Titanium): This beefy fleece blocks 98% of the wind, and offers faster moisture wicking and improved breathability. Outside is a tight, smooth, mat-finished face and there's a warm, cozy high loft fleece inside. The Soft Shell is excellent for off-bike wear because of its luxurious lofty inside, and wears amazing as a mid-layer because your riding gear slides so easily against the smooth outer surface as you move. It's in the middle as far as packing small goes. Our warmest/most advanced fleece.

WIND PRO

WIND BLOCKER

AEROSTICH FLEECE SWEATERS

This comfortable sweater is the perfect layer for traveling, especially on chilly mornings or through sudden temperature changes. The offset front zipper reduces multi-layer "zipper stacking." A deep placket provides adjustable comfort, and details like the wind-proof stand-up collar and lycra bound cuffs and hem are reasons it will never see the back of your closet. The lightweight TL^{EC} fleece has a reputation for superior coziness. It packs to nothing, is great over an Electric Vest, and provides maximum layering versatility. Self-stores in its own pocket. S-XXL.

TL^{EC} 200 Wind Pro (Grey) #631 \$110.00
TL^{EC} 100 Wind Blocker (Blue or Cayenne) #633 \$120.00

"I searched quite some time to find a replacement for my old 1/4 zipper fleece sweater which was just worn out. This piece is so soft and warm I am amazed. It fits perfect under my heavy leather jacket and stops the wind completely. 30 degree temps don't phase it a bit, I stay toasty warm. If you're thinking about purchasing this sweater, hesitate no longer. Buy it, you won't be disappointed." —Wind Pro Review by Danno

WIND BLOCKER

SOFT SHELL

AEROSTICH FLEECE JACKETS

More than common and generic 'outdoor' fleece jackets, these are both tailored and engineered for riding. Each Aerostich fleece jacket is made right alongside the Roadcrafters and Dariens, and is designed to work perfectly within all of your riding gear. It's a warm, draft-blocking, comfortable, lightweight layer of insulation perfect for three and four season rides. They wear wonderfully off-the-bike, too.

The details make a difference you can feel. We start with genuine Polarfleece (The original...there are many inferior copies) and YKK zippers. Each collar is tapered for more comfort with a helmet strap and the sleeve diameter is trimmed down for less bulk under riding gear. Sleeves are more forward rotated, too. And the long underarm ventilation zippers match Roadcrafter suits. Durable Lycra/nylon bindings at the hem and sleeves are comfortable and stop drafts without absorbing water.

The torso is also a bit shorter in front and longer in back for a better fit, and the sleeves are usefully a bit longer than you'll find in typical fleece jackets. Zippered inside and outside chest pockets secure valuables like wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandanna.

A high-warmth, low-bulk jacket that will become your favorite the first time you put it on. Machine wash. S-XXL.

AEROSTICH FLEECE PANTS

On extended trips you can count on experiencing higher elevations, all-day cold snaps, or some chilly early starts. These **TLECC** pants are made to a functional, comfortable pattern and pack light and small. For ventilation and convenience, #5 YKK two-way zippers run down the outside so the pant legs fit over boots. The full length side zips and fly make putting them on faster and easier than changing into long underwear. Many riders wear them over their jeans and under a riding suit. They provide a remarkable amount of extra warmth. Machine wash. S (28-30), M (32-34), L (36-38), XL (40-42), XXL (44-46).

TLECC 200 Wind Pro (Grey) #630 \$110.00

TLECC 100 Wind Blocker (Blue) #1639 \$120.00

Review by Taetor — "I was weary of spending the money on these pants, but I gotta say I'm impressed. I substitute these pants for my normal pant liner over my jeans and my legs have never been so warm in cold weather. Very nice pants and so much easier to on/off than long underwear."

AEROSTICH WINDSTOPPER® JERSEYS

A lightweight, thin and versatile garment that's a perfect layering component in mixed weather, especially as a pullover shirt for cool mornings or evenings. Folds/packs compactly into a self-storing pocket so you'll have it along when the weather changes and as you need added protection. Made of GORE-TEX® WINDSTOPPER® fabric that stops, as you would imagine, all wind from drawing your body heat away. Elbows incorporate light padding and a zippered pocket on the left arm is perfect for a phone or iPod. A handy and practical clothing item alone or worn over fleece or electrics and beneath your outer gear. Looser cut facilitates easy on/off. Green, Blue or Tan. M-XXL. 

#2879 \$117.00

SLEEVE POCKET

AEROSTICH OFF-ROAD JERSEYS

This comfortable knit jersey maintains a comfortable "touch" even when wet. Made of a substantial polyester, with a bit more body than most, lightly padded elbows and lycra collar and cuffs ensure durability and a good fit. Simple is good. Self-stores in its own hidden pocket. We make these ourselves, right alongside the Roadcrafter and Darien suits. Black, Green or Grey. M-XXL. 

#1867 \$67.00

PADDED ELBOWS

AEROSTICH LIGHT WEIGHT WINDPROOF INNERSHELL

Keep the wind where it belongs. This innershell is a highly breathable mid-layer that adds significant warmth and comfort in a tiny package.

Pull-over design slides on easily over your base layer or street clothes. The diagonal zipper allows you to easily reach a shirt pocket without removal, and closes around your neck for draft free comfort.

Made of black 3-layer breathable, waterproof ripstop nylon fabric that's strong, yet light as a feather. Fully seam-sealed so it's waterproof, too. Great as an everyday off-bike layer with a single outer zippered pocket low on the right side that's perfect for storing keys, phone, wallet or other quick access items and also doubles as an integrated self-store pouch, allowing the shell to pack down a compact 9"x6"x2.5 bundle that stows anywhere. 8 oz. Black, Teal and Tan. M-XXL. 

#2204 \$97.00

SELF STORES

"Easy to don & doff. I really like the fact that it's a MUSA (Made in USA) product. I am 6'2", 190 pounds, and wear a size 44 Tall men's suit. I ordered the Extra Large so it would fit over warm layers, such as sweaters or a fleece top. The fit is perfect. The stitching is top-notch, and all seams are taped on the inside to help keep water out. The green color is one I haven't seen before, very distinctive. Even if you don't like green this would fit into your color scheme. When it's on and zipped up, it has a vague Star Trek quality to it, which adds to its character. There is one zipped pocket down low on the right side front. It's a good addition to one's wardrobe to have a garment with a minimalist feel to it - not too many flaps, pockets, zippers and stuff." —Review by David

OPTIONAL KNEE ARMOR

1 WASH, 5 WASHES, MANY WASHES

AEROSTICH PROTEKT JEANS

Clean, simple, old school straight leg blue jeans...with a great trick: **TF³** Impact armor-holding pockets at the knees, accessed via a hidden zipper. Armor is removed or replaced in seconds, easily, while wearing the pants. All the rest is classic denim jean spec., with fit and cut similar to Levi's 501s.

Specifically, these are carefully sewn of unwashed dark blue 100% cotton 14 oz denim fabric, which is a bit heavier-duty than the more common 10-12 oz denim, but it still shrinks-to-a-custom-fit after a wash or two, which makes these pants extra comfortable and wear a lot longer.

For protection there are three generous hidden areas of abrasion resistant Breathable-Waterproof HT 500D Nylon (...as used in many AeroStich suits) located at the seat and knees. For 'commando' comfort this extra-abrasion-resistant fabric is backed by soft 100% cotton.

As you'd expect there are five traditional pockets, five belt loops and a reliable metal fly zipper, too. But as you wouldn't expect, the hidden seat-protective breathable-waterproof abrasion layer means you can sit on a freshly rain-wetted saddle and not get a wet butt. Nice!

The optional knee armor is positioned in the correct location when riding, and when you're off the bike it's comfortably flexible and easily removable.

Stitching is double and triple wherever needed, and a crotch gusset provides extra ease and comfort that's great when mounting up and also as you move around in the saddle.

Fit, quality and protection that's quick, easy and comfortable. They'll quickly become your favorite jeans, both on and off your bike. Black or Blue. Size 32-30, 32-32, 32-34, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32.

"Wanted to buy a pair of riding jeans for a long time but didn't like the design of the other brands. checked out the protekt jeans liked what I saw especially the knee pads and heavier denim and the fact they are made in the USA, but read the reviews and was concerned about the pads not fitting correctly then read the review that aerostich posted (thank you aerostich for listening to your customers) and they corrected the problem. I bought a pair and I am very happy with the fit of the jeans and the knee pads stay in place and are very comfortable. I definitely recommend the protekt jeans to anybody thinking of buying a pair of riding jeans." —Review by Larry B

AEROSTICH PROTEKT KHAKIS

Designed for the commuter, these highly constructed, American made, 100% cotton twill khaki pants are equally at home in the office, out on the town or riding down the road, thanks to the hidden knee armor and durable, triple layer construction.

Nearly invisible outseam zippers open to reveal knee armor pockets, allowing quick fitting or removal of **TF3** impact armor, while wearing the pants. Remove the armor in seconds once you arrive at work and these khakis look, feel and function like standard-issue office wear.

Triple layer knee and seat areas include a hidden 500D HT Nylon middle layer enhanced abrasion resistance combines with an additional inner cotton liner for comfort. Ride to work, remove the pads, work all day and quickly install pads again for the ride home. Perfect protection for everyday, around-town riding. Machine washable. AUTHENTIC

Made in the United States. Very carefully. They are beautiful.

"Very satisfied. I got these pants primarily for around town riding. They are very comfortable and the sizing is accurate. The zippers for the knee pads work well and are not visible. The fabric is heavy but breathes well and the pants aren't too hot for summer rides. For better or worse, the pants look more like dress pants than motorcycle pants. I told my wife I was going for a ride and when she saw me with the khakis she asked me why I had changed my mind about the ride and why was I dressed up?"

—Review by James

A TEXTILE RIDING SUIT PROBLEM...

Nylon or polyester fabrics worn directly between you and a riding suit's nylon (or polyester) outer layer is not especially comfortable when things turn warmer. You want something against your skin that will absorb, disperse, and wick body moisture.

Step out of your gear at a roadside stop wearing only cotton boxers (or briefs) and as comfortable as this might be, someone might call the fashion-police, and they might come and haul your skivvy-clad butt off to fashion-jail in the back of their fashion-squad car.

THE THOUSAND MILE DAY SOLUTION

Old-school all-purpose 100% cotton twill shorts are what you need. Simple. Unlined. The kind that become softer and better the more you wash them.

We looked all over the place for nice old fashioned cotton gym shorts exactly like these. You'd think finding some would have been easy, with Google and Alibaba and everything else right there on the internet. And with Asia full of hungry garment sewers. Not so.

Finding the perfect shorts was like finding the right temperature porridge in 'The Three Bears' children's story. Some were too lightweight. Some were too elaborate. Some needed a separate belt. Some were too expensive. All had some type of goofy problem.

After a couple of years we gave up and stopped looking and the hell with it. We made our own. Now they are being sewn every day,

here. Right along with the riding suits. In five colors and two lengths. Of a wonderful old-fashioned 100% cotton medium weight twill that gets softer and better every time it's washed.

These all-purpose shorts last forever and they don't look bad when you are just standing around somewhere in your riding boots and a t-shirt. Wear under your riding suit or pants, with or without other underwear. (Try commando.) When you are not in your riding gear they look like respectable shorts, yet function like comfortable underwear when you are. Especially after a few washes.

Cotton riding shorts like these are essential riding equipment when you wear synthetic protective textile rider's gear. Try them. You won't be disappointed. Ride all day in sweet comfort.

AEROSTICH MID-WEIGHT COTTON SHORTS

These comfy 100% cotton shorts are great for wearing under a riding suit or anywhere. And everywhere else, too. Hand-made quality using a mid-weight cotton twill that gets soft and more comfy with each laundering. An elastic waistband and adjustable front belt, and two side pockets to hold stuff. Black, Green, Khaki, Dark Blue or Grey. We make these ourselves, right alongside the Roadcrafters. M (32-34), L (34-36), XL (36-38), XXL (38-40), XXXL (40-42) Specify Long (9" inseam) or the risqué Regular (6" inseam). 

#2859 \$57.00

6" INSEAM PICTURED AFTER A FEW WASHES

MICROFIBER CHARACTERISTICS

Microfiber fabrics feel like cotton, wear like iron, and drip dry very fast. Plus, they pack smaller than regular clothes. All provide great sun protection and hot weather comfort, not to mention that they look great and will last nearly forever. (A white cotton tee shirt has a UPF around 5. Dark tee shirts are a little higher. These microfiber shirts have a UPF in the 20–30 range.)

I love microfiber pants. On trips of any length more than a couple of days I pack a pair, plus one pair of jeans, a pair of cotton shorts and one pair Darien pants. This mix-and match combo works for all temperatures and social situations. Normally I wear the Darien pants over the cotton shorts, which double as underwear. If it is a little cooler, I'll add the microfiber pants under the darien pants. If it is real cold wear, I wear all three long pants together (from outer to inner): Darien, microfiber, jeans. For formal off-bike evenings, I wear the microfiber pants. For less formal off-bike wear, the jeans. —Mr. Subjective 4/07

COMPETITION MICROFIBER PACKABLE SHIRTS

The best summer-weight travel shirt. Supplex nylon has a unique moisture-management treatment to help disperse perspiration. It looks and feels like cotton, but dries much faster. A loose cut and strategically placed mesh panels allow plenty of airflow. This shirt has a UPF (UV Protection Factor) of 30. Its extra high, flip-up collar protects your neck and the rubber buttons won't scratch anything. One chest pocket and one "Napoleon" pocket. Imported. Light Tan or Blue. M–XL.

#1860 \$67.00

COMPETITION MICROFIBER CONVERTIBLE PANTS

Not only are these pants more versatile and lighter than your jeans...they'll wear more comfortably, too. One secret is the two layer Supplex® twill which is soft-but-strong and has been specially treated to move moisture away from your skin. Both the seat and knees are reinforced for long wear. The waist features a unique conical curve for a perfect fit over your hips. A soft microfiber chamois lines the waistband. A gusseted crotch provides freedom of movement and ankle zips allow you to slip them on and off over your boots. Two front cargo pockets and two rear hook & loop pockets. Great UPF protection. These are the best and most comfortable zip-off/leg travel pants made. Imported. Tan or Grey. M (31–33), L (34–37), XL (38–41).

#1862 \$97.00

MICROFIBER PACKABLE SHIRTS

If you do not yet have a microfiber shirt, give this one a try. It's a quality shirt and a nice bargain. The great thing about all microfiber shirts is if (when...) you spill a soft drink (or whatever) all over yourself, simply rinse and wring dry and you're immediately ready to be a klutz all over again. This long wearing shirt has several useful pockets and a nice clean design. In hot weather it's cool to wear and provides good sun protection. It's great to have a microfiber shirt along for hot weather, as a change of clothing, or for an extra layer on a cool evening, too. Tan or Grey. Imported. M–XL.

#1864 \$47.00

"Recently I was at a sporting event and some dill pickle spilt beer over my shirt. Instead of that sticky damp feeling for hours the shirt dried almost instantly, didn't stain, and the next few hours were still comfortable." —Review by Ian

MEDIUM WEIGHT MERINO WOOL BASE LAYERS

Luxuriously soft, moisture-wicking, **200gsm** Merino wool makes a great foundation layer. Tailored with a contoured fit, all seams are sewn flat for comfort, and the collar and fly are double-stitched to keep out drafts. They wear great across a very broad temperature range. And dry overnight after motel sink washouts. Short Sleeve Top (off white or black) and Long Sleeve Top (black) available in M-XXL. Bottom (black) available in M(32-34), L(36-38), XL(40-42), XXL(44-46).

Short Sleeve Top (Off-White or Black) #1882 \$47.00

Long Sleeve Top (Black) #1884 \$55.00

Bottom (Black) #1886 \$47.00

LIGHTWEIGHT MERINO WOOL BASE LAYER TOP

Merino wool is the finest, softest, itch-free wool available. This lightweight **160gsm** jersey feels like every inch of that. It will keep you warm, yet won't make you over-heat. It's versatile enough to wear as a primary, mid or under-layer and comfortable enough for lounging around the house. The neck is cut slightly higher for warmth. Machine washable. Stone or Black. 12 oz. M-XXL.

#1849 \$87.00

MERINO WOOL RIDING SHORTS

Merino wool is naturally moisture-wicking and dehumidifies your body, so you won't find yourself sitting in a pool of sweat no matter how long you ride. Unlike synthetic fibers, 100% wool doesn't stink, either. Hand washes in a motel sink and dries overnight. Give your butt a break. M (31-33), L (34-36), XL (37-39). 

#1853 \$130.00

FAST WICKING MICROFIBER BASE LAYER TOPS

Cooler and drier than cotton underwear, and perfect for multi-day trips. Crew neck, rolled forward shoulder and flat seam design allows maximum next-to-the-skin comfort and microclimatic efficiency for a maximum comfort first-layer. Traps warm air next to your skin and allows moisture to be transported away. Made of an advanced wicking fast-dry knit (dries three times faster than cotton). Wash out at night in any sink (they'll be dry by morning) so you don't have to pack as much stuff. Constructed with durable, comfortable flat seams, and shaped to eliminate bunching and wrinkling. An ideal first layer. Black. M–XL.

Short Sleeve 1811 \$20.00

Long Sleeve 1810 \$28.00

FAST WICKING MICROFIBER BOXERS

Designed for maximum next-to-the-skin comfort and microclimatic efficiency, this first-layer will keep you comfortable. Traps warm air next to your skin and allows moisture to be transported away. Made of an advanced wicking fast-dry 360° stretch mesh material. Wash out at night in any sink (they'll be dry by morning) so you don't have to pack as much stuff. Durable, comfortable flat seam construction, and shaped to eliminate bunching and wrinkling. 6" inseam. An ideal first layer. Grey. M(32–34), L(36–38), XL(40–42).

#1813 \$18.00

AEROSTICH MICROFIBER RIDING SHORTS

One of the best technology crossovers from bicycling to motorcycling is padded, stretchy shorts. If you've never worn these things on a long ride, you owe it to yourself to try a pair. They seem to add another couple hundred mile range to a day, as they keep fatigue at bay longer than yer basic briefs. These are a modified version of bicycle shorts, cut slightly shorter in the legs, and with all the Lycra and fleece of the originals. Put a stop to chafing, stay comfortable and keep riding! (Also an old Iron Butt rider's secret weapon.) Black. S (24–28), M (28–32), L (32–36), XL (36–40). 

#1856 \$47.00

"I've had these shorts for a few years now and they get worn a lot. They have held up amazingly well, not showing any signs of wear. I got a couple of pairs when I was a bit heavier and I found that they make the ride better. I've lost a bit of weight and now I find these shorts to be very versatile. I use them for working out, bicycling, yoga, and whatever else I try. I got XL when I had a 40" waist; they still fit now that I'm down to a 34. I think I'll be getting a L next time though. The only gripe I have is that they are a bit tall, if you don't have a flat stomach you will probably roll them down when you sit down." —Review by Zig08

Photo: Aerostich associate Kyle Allen at the 2014 Chicago pop-up event. Photo by Shawn Sartin.

ENGINEER'S COTTON RIDING SHIRT

You just can't find this sort of heavy-duty 9 oz. long sleeved 100% cotton shirt anymore, not even at those incredible hardware stores you see in rural small towns. We've sold this style shirt for more than 25 years, but when the original supplier recently started making them somewhere else and the quality got crappy, we found another manufacturer still making them right here in the U.S.A., with better durability and higher quality than the originals.

It's perfect for riding because it combines superior comfort with cast iron durability. Like denim, it becomes better with multiple laundering and wear. You won't see this shirt on someone else unless they're driving an Electro-Motive diesel. White & blue. M-XXL. 

With Aerostich Patch #1845 \$38.00 | Without Aerostich Patch #645 \$35.00
Tall With Aerostich Patch #5033 \$41.00
Tall Without Aerostich Patch #4454 \$38.00

BACK-A-LINE LUMBAR SUPPORT

This is not a stretchy support girdle from a local home improvement store, but real, dynamic back support system that reduces lower back pain, ensures firm lumbar support and improves your spinal mechanics. Muscle support and postural assistance are achieved with the built-in curve of the patented-shaped back pad integrated into the snug-fitting non-elastic belt. Allows your back to work naturally, providing exceptional support and back pain relief for even long, strenuous rides. This Backaline DBX back pad also is great for off-bike wear to help reduce or eliminate back pain, correct posture, build strength and muscle memory, and develop a healthier back. Sweat-resistant, washable and breathable wick-away fabric. Black. Small (27"-32" waist), Medium (31"-36" waist), Large (35"-40" waist), XL (39"-44" waist), XXL (43"-48" waist). 

#2874 \$49.00

GOLD BELT® KIDNEY BELT

The classic motorcyclists' riding belt. Used for years by off-road racers, the Gold Belt's support is valuable for on-road rides as well. The added comfort this belt provides will enable you to ride farther harder and feel it less later. (Makes you look like you don't have a big ol' gut, too.) Black. Specify size: Professional (7" tall, 25"-36" waist), Regular (8" tall, 27"-36" waist), XLarge (8" tall, 36"-44" waist), XXXLarge (8" tall, 36"-48" waist). 

#1809 \$39.00

MID-WEIGHT MERINO WOOL SWEATERS

This sweater is comfy enough next to your skin to be worn as an inner layer, yet substantial enough to be used as a mid or outer layer. 100% dense-knit **380gsm** Merino wool resists wind and keeps you toasty, yet breathes so you won't sweat to death.

Full zipper and zippered chest pocket. Lower in the back with an interior chin/wind guard and flatlock seams throughout. This is the best mid-weight sweater you've ever worn. Travel washes and dries well. Blue, Black or Tobacco. 18 oz. M-XXL. XXL available in Black only. 

#1848 \$157.00

"This is one great full zip sweater. I've owned it for more than a year. I'm happy the temperature has dropped so I can start wearing it again. The tighter sleeves work great under all my riding jackets and the fit everywhere else is good. I wear it to work everyday, out to dinner, around the house and while riding. I pretty much live in this sweater during the dreary season. I'm on the Aerostitch site to buy another one and just squirrel it away in case this one ever wears out. No sign of that yet." —Review by Jeff

NIKWAX TECH WASH

Raglan shoulder seam adds comfort, a better fit and freedom of movement. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. M-XXL. Grey, Cobalt or Red.

#2934 \$32.00

"A really nice looking and feeling shirt. Good enough looking to wear to the office. Very comfortable. More colors please! I'll definitely order more. Size runs true for me." —Review by Mark

BAMBOO-COTTON BOXER SHORTS

These are the most comfortable pair of briefs you'll ever own. Bamboo Performance Technology™ provides all day long comfort. This fabric has an amazingly soft next-to-skin feel. It is lightweight, temperature regulating, moisture wicking, anti-odor, easy care and provides UPF 50+ sun protection. All performance attributes are inherent to the fabric and do not wash out. Fitted 6" inseam, double layer FlowMesh™ panel at front, open fly and brushed elastic waistband. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Heather. M(32-33), L(35-35), XL(36-38), XXL(40-42).

#2921 \$24.00

BAMBOO-COTTON BASE LAYER ¼ ZIP JERSEYS

There's no arguing...women and men agree a Bamboo ¼ Zip Jersey is must have kit for on and off the bike. It's a great layering piece, light and soft, with a practical cut great for wearing under a button-up shirt on a cold day. Darn comfy on it's own too. The women's version is cut, well...a little more girly and more form fitting than the men's, which is more straight patterned.

The ladies version has thumb-holes at the end of the sleeves too, which prevents the sleeves from bunching when suiting up and keeps cold drafts at bay, which is a nice touch (sorry guys... deal with it). Both sport a semi-lock zipper that stays in place, and of course all the benefits of bamboo fabric apply: Moisture wicking, anti-odor, natural temperature regulation, UPF 50+ protection and 4 way stretch. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Women's S-XL, Men's M-XXL. Black.

Women's Jersey #2931 \$58.00

Men's Jersey #2932 \$58.00

BAMBOO-COTTON BASE LAYER TIGHTS

Soft and stretchable, this fabric offers a second skin fit for added support and comfort. Beyond sublime comfort, this amazing material offers natural temperature regulation, moisture wicking, anti-odor properties for extended wear and UPF 50+ protection. A wide waist band and flat seams will make these a dangerously comfortable bottom layer, whether riding across county, across town, or just hanging out around the house. S(4-6), M(6-8), L(8-10), XL(12-14). Black.

Women's #2929 \$64.00

WHY BAMBOO-MERINO BASE LAYERS

The best of technology and nature in one incredible fabric. Feels better than 100% wool and performs better than 100% polyester.

- Soft against your skin
- Breathable
- Temperature regulating
- High warmth-to-weight ratio
- Moisture wicking
- Quick dry
- 4-way stretch
- Anti-odor
- Easy care
- UPF 50+ sun protection

All performance attributes are inherent to the fabric and do not wash out.

BAMBOO-MERINO BASE LAYERS

The comfort and performance attributes of bamboo with the natural characteristics of wool combined in a great base layer for all-day, everyday riding. Feels exceptional next to skin and works with your body, adapting to keep you comfortable in all conditions. Both bamboo and merino fibers naturally resist odor. Moisture wicking, fast drying and UPF 50+ protection. Thumb-holes ensure sleeves stay in place and don't ride up. 65% Viscose from Bamboo / 30% Merino Wool / 5% Elastane. Choose Men's sizes M-XXL, or Women's sizes S-XL. Black.

- Intensity (Grey) #2928 \$37.00**

INTENSITY

AEROSTICH KEEP CALM T-SHIRT

Mass air attacks and bombs falling on London in WW2 (The Blitz, which over a two month period killed about 40,000 men, women and children, and destroyed about 375,000 homes) isn't directly comparable to today's roadways replete with cruise missile taxis and fully-laden minivans piloted by soccer moms in full hair-fixing-friend-texting-sit-down-and-leave-your-sister-alone-gotta-get-to-practice mode, but still our modern traffic situations do sometimes get frightening (In the USA, roughly 4,000 riders are killed per year and 85,000 are injured). So Ride aware, and keep a level head. 100% Cotton. Red. M-XX.

#2920 \$20.00

WHEREVER THERE IS SIN...

Featuring a nun astride a cafe'd Montesa Impala wearing engineer boots, and, um, smoking...There may be some imagery juxtaposition going on here that we're not aware of, but it is a very neat shirt regardless. She sure is cute. Cool bike, too. I think that's all I'm gonna write about this one...Ow! That ruler hurts! 100% cotton. White. M-XX.

#1801 \$20.00

AEROSTICH RIDE, EAT, SLEEP, REPEAT

This mantra of high-mileage riders has been spoken inside rain-lashed helmets at 1 am in the middle of nowhere. Other places, too. Inspired by the instructions on a shampoo bottle. 100% cotton. Tan. M-XX.

AEROSTICH VON ZIPPER

"Yep, it's me." Iconic full-size image of the stumbling, overconfident outlaw biker and leader of the Ratz and Mice motorcycle gang from the 1960s Beach Party movie series. Wordlessly proclaims "Stand aside everyone! I take large steps!" We think Eric Von Zipper likes someone, dey stay liked. 100% Cotton. Red. M-XX.

#2864 \$20.00

TOTALLY SERIOUS BELTS

Say you park on the sixth floor of a large parking ramp when it suddenly comes under heavy attack by a group of militant anti-motorcyclists and the only way out is a 200 yard slide down a lightly insulated power line straight onto the roof of a neighboring building. Would you trust your current belt for that slide? I don't think so! These belts are for those who need to be able to count on their gear in the worst possible scenario. We love

them for jeans because they fit very comfortably, look cool in all situations, and are lightweight. In a pinch they can be used as an additional tie-down strap and the fall-rated buckle is easy to use and infinitely adjustable. These types of extreme belts are hard to find in these widths which fit standard belt loops. Simple, classy, and strong, like Bond...James Bond. Lengths measure: Sm. 40", Med. 44", Large 47.5".

VIPER

Lightweight, strong and comfortable for everyday wear. 1" wide. M or L. Black.

#1847 \$18.00

LIGHT DUTY

Lightweight, strong and comfortable for everyday wear. 1.5" wide. M or L. Black.

#1846 \$16.00

LAST CHANCE HD

Two layers of HD nylon webbing sewn together for strength. 1.5" wide. S, M or L. Black.

#1838 \$24.00

XL (46"-50") #2868 \$26.00

AEROSTICH DELUXE BELT

The Deluxe Belt uses 1" beadless tubular webbing, but a 3/4" Fastex™ buckle to reduce bulk, making it easier to slide through belt loops. Looks dressier. In black, brown, red, or blue. Even waist sizes 28" through 46". 

#601 \$10.00

AEROSTICH MONEY BELT

The zippered compartment on the back is long enough for three stacks of bills placed end-to-end. This is a discreet way to carry hoards of fifties or hundreds on long trips... or just a safe place to forget a single "emergency" dollar. A flat row of quarters will fit, too. One size fits all. Belt can be shortened by cutting and fusing. Black nylon webbing 1.25" wide, 46" long. Durable cam-action black nylon buckle (money not included). 

#1854 \$16.00

KRIEGA STASH

The Stash is a detailed and functional travel organizer/wallet that is compatible with the Kube pocket. Its half-liter capacity is full of useful pockets for cards, pens, etc. And it features a concealed pocket with a key clip. This thing is really nice. 4"×6.5"×1.2".

#9066 \$19.00

"If there were a Darien wallet...this would be it. It is made out of heavier, more substantial fabric than similar travel wallets and pouches. There are many zippered compartments to keep things organized. The main compartment is gusseted so it can expand to accommodate larger items like a phone. It is a bit too large to use in lieu of a regular wallet, but it stows nicely in cargo pants, on a belt, in a tank bag, or jacket pocket. This is just the thing to put your Darien or Roadcrafter on a diet if it has accumulated a bunch of junk in the pockets like mine." —Review by Alan

RACING SAILCLOTH WALLETS

Ultra-thin, ultra-light, ultra-tough, water resistant. Purposefully designed, each of these are handmade in Maine. Each uses remainders of the latest high-tech racing sailcloths. They contain lightweight Carbon Fiber, Kevlar, Pentex and Polyester matrixes which make them the toughest in the world. They are so lightweight that they float. Stronger than steel and perfect for carrying and protecting documents, credit cards and cash. Incredibly durable.

MINIMALIST

This water-resistant single pocket slimline fits seamlessly in the front pocket of your jeans or riding pants and tucks away discretely in a tank bag or jacket pocket. Easily holds a few folded bills plus 8-11 credit cards, or about 40 business cards. 4.25"×2.7"×0.8", 5 grams. Assorted colors. 

Minimalist #9361 \$9.00

VANGUARD

As slim as two credit cards and as light as three sheets of 8x11 paper, this water-impervious bi-fold will protect your contents from the elements. Includes a center cash pocket, two hidden pockets that hold cards and two ID windows that will each store an additional 2-4 cards. 4.25"×3.3"×.12", 16 grams. Assorted colors. 

Vanguard #9362 \$24.00

TRAVELER

Sophisticated looks and tough enough to last a lifetime on the road. The over-sized cash pockets and six card holders provide essential storage needed by travelers and long-distance riders. Rugged hydrophobic materials keep contents safe and dry. Large enough to carry oversized international banknotes and lots of cards. Small enough to fit with all day comfort in your pocket or slip easily into a tank bag or daypack. 4.5"×3.2"×.3", 16 grams. Assorted colors. 

Traveler #9363 \$29.00

TRADITIONAL TRI-FOLD

EXECUTIVE

WORLD'S THINNEST WALLETS

You won't find flatter, more inconspicuous and lightweight wallets anywhere. These will carry all you need for any journey, whether it's a quick errand to the store, or riding beside wildebeest in Africa. They're better for your back, and help prevent wallet sciatica. Each style comes in both leather and ripstop nylon (which is flatter than flat!). Carry nice in front or back pocket. Patented too, believe it or not. The leather version of the Executive is most recommended. The Anti-RFID versions look and feel identical to the regular models, and prevent tech-savvy bad guys from stealing the information that is encoded on your credit cards.

EXECUTIVE

Closer to a traditional wallet and holds about 16 cards, plus bills. 

Nylon (5"×3.75")

#1988 \$22.00

Leather (5"×3.9")

#1981 \$35.00

TRAVELER

Holds a passport, about 6-10 cards, plus bills. 

Nylon (5.25"×4")

#1959 \$22.00

Leather (5.25"×3.75")

#1929 \$36.00

SPORT

Compact with RFID protection and holds up to 10 cards, plus cash.

Leather (3.75"×3.12")

#1799 \$39.95

"One of the things I love about Aerostich is how it finds those hidden gems that make a practical difference for the rider. This wallet is the best I've ever owned - holds everything that was in my old wallet, but better made and about 1/3 as thick. It may be some sort of witchcraft. Additionally, the company that makes it is truly worthy of Aerostich. A family company putting out a quality product manufactured in the U.S. And it does so with strong labor and ecology practices. This wallet is everything that is right with Aerostich's selection of products." —Review by Floyd

AEROSTICH SILK SCARVES

A classic silk scarf should be soft, thin and slippery — so you can wrap one around your neck, close up your jacket and rotate your head and neck all day in draft-free comfort, without chafing. These luxurious 100% natural silk scarves are handmade of a soft, dense weave that's perfect for riding. No synthetic fiber is warmer, softer, stronger, or more durable.

Silk provides maximum comfort across every temperature range: warm and draft-blocking when cool, and refreshing when worn wetted during hotter conditions. When you're traveling this durable silk washes perfectly in any sink, too — even with a simple bar of hand soap.

The Standard Scarf model is medium weight silk of sensuous softness, and measures 14"×72". The Competition Scarf model is similar to the standard model but two layers thick, and it is a bit narrower and shorter. It measures 10"×60". Both are premium quality, long lasting pure silk that will keep the wind, rain, dust and snow from blowing down your neck, and will pack away ultra-small inside any pocket.

No other neckwear works this well, or looks this cool.

Standard Scarf #1549 \$27.00

Competition Scarf (White) #1567 \$34.00

Competition Scarf (Black) #1568 \$34.00

"Got it just in time for a three day trip through the mountains. It was hot and dusty during the days, cold at night and the scarf was so comfortable I don't think I ever took it off, even slept with it on. Its a great interface between you and an unlined jacket. But the toughs on the chrome cruisers don't wave at ya!?" —Review by David

MIL-SPEC SCARF HISTORY

Silk was so important that its trade probably changed world history more than any other technology. The famous 'Silk Road' connected Europe to the Far East during the middle ages, and this brought together global knowledge that advanced civilization and helped begin the renaissance.

Strategic military considerations, more than demand for fashionable garments, caused the establishment of this trade route. During the middle ages front-line soldiers lived, traveled and fought wearing coarse tunics and outer uniforms. Silk scarves allowed soldiers to close their protective battle (and outdoor survival) garments tightly around their necks without chafing or discomfort, so they could fight better and travel farther. This was a true battlefield advantage.

As recently as World War I this remained so. Early planes and cars were all 'open cockpit'. Soldiers still lived and campaigned outdoors for weeks at a time, and this meant wearing heavy warm gear. After the war civilian pilots, race car drivers, motorcyclists and movie idols (Errol Flynn...)

further enshrined silk scarves as garb synonymous with bravery, courage and endurance.

Then airplanes and cars became enclosed and military dress adapted. Soft, slippery scarves became unnecessary. Silk's swashbuckler history and function was not only forgotten, it became a laughable cliché. Something only worn by old men.

The last vestiges of the silk scarfs centuries-long military role evolved into the fashion of men wearing neckties with their sport coats, blazers and business suits. Silk scarves had become decorative neckwear. (Now you know where neckties come from.)

That's sort of sad ending for such an important habiliment—except once again riders have rediscovered how great these scarves work when worn with modern riding gear closed tightly around one's neck. Once you've tried wearing one, you'll never look back. Make some history.

HEAD SCARVES

Burnoose on the loose! These clever and technical do-rags consist of a stretchy tube of fabric that will enable you to do any number of things, including staying warm, keeping the sun off, tying your hair back, preserving your helmet's lining or looking like a terrorist ninja biker wannabe, so follow your bliss with this versatile and simple piece of headgear.

Red #1554 \$15.00
Black #1555 \$15.00

ORIGINAL 100% COTTON BANDANA

These high quality, made in the USA, old fashioned 100% cotton, oversized bandanas are the real deal and can trace their lineage to old west cowboys, farmers and railroad engineers who relied upon them to wipe the sweat from their brow and keep the dust out of their face and collars. Keeping one (or more) handy in a pocket or tank bag will soon provide endless use opportunities. Wear one under your helmet to help absorb sweat and keep it cleaner, tie around the face or neck for sun/dust/wind protection, wear wetted for evaporative cooling effect, blow your nose into one, clean your hands off after a roadside repair or use as a placemat or napkin at a roadside picnic. But not all at the same time. Assorted colors with traditional paisley print design. 21.5"×21.5". 

#1547 \$5.00

AEROSTICH WIND TRIANGLE (OR EUCLID'S FACE FAIRING)

This is a simple, functional piece of rider's clothing. The Face Fairing has a hook & loop closure tab that adjustably fits most neck sizes. It can be worn in two positions: like a cowboy outrider, draped low around the neck to warm and protect the chest; or drawn over the

nose and mouth when protection from the elements is needed. We now make them with a softer and more comfortable windproof/water resistant WINDSTOPPER® fabric. Hypotenuse 24", Base 16". (XL version hypotenuse is 26").

MERINO WOOL BALACLAVA

Soft, comfortable next-to-the-skin 100% Merino Wool fabric keeps you warm and dry while maintaining a good peripheral vision. Single layer interlock knit construction with flatlock and contoured three-panel design for a clean finish. Wears great under your helmet. Black.

#1599 \$37.00

SILK BALACLAVA

The most versatile and comfortable of all high performance natural fibers. This soft, thin balaclava is beautifully made and it feels incredible against your skin. Wicks moisture to keep your skin dryer and warmer than you'd expect from something so lightweight. Silk fibers are stronger than steel and will give you years of wear. Machine wash/tumble dry or hand wash and hang dry. One size fits all. Black.

#1548 \$22.00

MICROFIBER JIMI CAP

A high tech helmet liner that was designed for professional athletes to keep hair and sweat out of eyes. Made thin to fit comfortably under helmets, the Jimi Cap is made from advanced microfiber fabrics and will keep your helmet cleaner and drier. Machine washable. Stretchy and comfortable. Black. M, L, XL, XXL.

#1545 \$18.00

"This is a great liner cap, a big improvement over the cotton surgical caps I've been wearing for years...It's stretchy and generously sized. If you wear glasses while riding I'd suggest erring on the small side, as otherwise the wide hem will cover your ears entirely and make wearing your specs difficult (the smiley-faced plush model wears it exactly as you will)." —Review by Sabre

MICROFIBER BALACLAVA

Warmth without bulk is the mission of these close-fitting head sox. These technical polyester microfiber balaclavas fit under a helmet with a minimum of difficulty. Warm out of proportion to their thickness, these are great to have along when chilly drafts threaten. Superior wicking and fast drying base layer, constructed with low bulk seams for all day comfort. One size fits most. Black.

#1040 \$16.00

RESPRO FOGGY BREATHGUARD

A comfortably thin, stretchy neoprene face guard that helps eliminate visor and face shield fogging on cold days. Fits (via hook & loop) into all full face helmets. Comfortable in use. Eliminates the need to tip the shield open at every stop.

#1558 \$28.00

COOL OFF TIES

Relief for sultry rides in hot weather. This 100% cotton neckwear is filled with water-absorbing polymer crystals which can hold 350-400 times their weight in water and they release it slowly (over a period of days). Hence, increased comfort in hot weather. A simple, effective tool for heat management. Non-toxic and reusable. 35.5"×1.75". Assorted patterns and colors.

#1551 \$6.00

SURVIVOR SUIT ARMOR SYSTEM

There's sure to be something bad coming soon: Pandemics, tyrants, zombies, singularity takeovers or epic environmental disasters. Even the simple breakdown of law and order will call for armor which not only protects in the event of a low-side dismount, but also deflects the bullets, shrapnel, rocks, spears, etc. hurled by aggressive outlanders bent on mayhem. This upgrade consists of a complete set of knee, hip, elbow, shoulder, back and chest armor constructed from regenerative W-TF Biofoam, fitted for all Roadcrafter, Darien and Transit Suits, so you'll be able to ride through any dystopian future. Sobering protection for whatever lays ahead on the road to humanity's bleak horizon. You can't be too ready. Includes walnut. S, M, L, XL.

#PDOW \$23,791.44

AEROSTICH ELKSKIN ROPERS

Your favorite gloves. You just can't ride anywhere without them. When they finally wear out, it feels like you've lost a friend. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they'll last much longer.

Built for cowboy and ag work, they're tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material.

All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you'll ever wear. Full and half sizes 7-13 (size 11.5 not available) Black may bleed slightly when wet. 

Natural #420 \$49.00

Black #440 \$49.00

Touch Screen Ropers #429 \$65.00

AEROSTICH COMPETITION ELKSKIN ROPERS

These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure, reversed for ergonomic advantage, and also add a generous Elkskin covered TF3 impact-foam knuckle pad.

This is a premium rider's glove, made by a ranch and work glove company in Washington State. They're strong and durable enough to take on everyday rough cowboy and ag work -- from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand.

The visco-elastic TF3 impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions.

These are the ultimate gloves for serious combat touring adventures and all A to B rides. Full and half sizes 8-12 (not available in size 11.5). Natural. 

#421 \$69.00

AEROSTICH MERENO WOOL INSULATED COMPETITION ELKSKIN ROPERS

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A knuckle impact pad adds further protection. Adjustable wrist strap is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you'll use more than you think.

There's an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lining features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5). Order insulated 1.5-2 sizes larger for correct fit. Natural. 

#499 \$119.00

GRADED FOR A BETTER FIT

Twice as many sizes as S, M, L gloves. All sewn on the same patterns so they fit similarly from model to model, but there are slight variations from glove to glove because each glove is hand made and each section of elkhide is a little different. One way to custom-fit a new pair is to fully wet-saturate them on a warm day when you know you'll be riding continuously for several hours, letting them dry and conform to the shape of your hands during that ride.

WATCH THE VIDEO AT AEROSTICH.COM!

AEROSTICH TOUCH-SCREEN ELKSKIN ROPERS

Use every electrostatic screen controlled device with your riding gloves on. Rows of electro-conductive stitching exactly where needed let you scroll, dial, pinch-zoom, browse and navigate normally.

The Ropers themselves are the same as the model #420 on the opposite page.

Modern techno-function meets old school comfort and performance. Full and half sizes 8-12 (not available in 11.5). Natural. 

Touch Screen Ropers #429 \$65.00

AEROSTICH ELKSKIN GAUNTLETS AND MERINO WOOL INSULATED ELKSKIN GAUNTLETS

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A *TF3* knuckle impact pad adds further protection. Adjustable, gusseted gauntlet seals sleeve cuffs. And the wrist is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you'll use more than you think.

There's an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lined model features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5). Order insulated 1.5-2 sizes larger for correct fit. Natural, Brown/Natural and Black. Black dyed models may bleed slightly when wet.

NOTE: For Insulated Deerskin gloves (#423/#425) add ½ size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

LUXURY RECHARGEABLE Li HEATED GLOVES

Keep your hands warm and comfortable on every ride, even in frigid temps. Starting with durable, premium full-grain leather outer shell and palm construction, built around a warm blend of 150g Primaloft and 100g HeatLock hollow-core insulation. DryHand inserts provide a waterproof, breathable membrane for added protection when the weather gets wet. The real magic of these gloves comes from the exclusive Flexi-

ble Fusion heat panel that covers the entire glove back and wraps around the fingers. Push-button adjustability allows easy toggling for the three heat settings. Thin, rechargeable LiIon batteries last up to 6+ hours on Low (2+ hours on High). Batteries and charger included. Adjustable wrist strap and one-handed cuff cinch on the gauntlet for secure comfortable fit and to keep out drafts. Included charger. Black. M-XL.

#4448 \$374.00

PRO RECHARGEABLE Li HEATED GLOVES

Serious hand protection from both the elements and impact. Built for durability and warmth, with integrated hard knuckle armor and full leather palm/fingers, wrapped around 200g of 3M Thinsulate insulation (20g in palm for improved tactile feel) and a Stainless Core heating system powered by a rechargeable Lithium Ion battery. Provides up to 4 hours of

heat with 3 adjustable temperature settings. LED indicator displays heat status at a glance. Gauntlet glove design keeps out drafts and seals up with adjustable gauntlet cord and wrist strap for added comfort. Touch screen compatible too, so there is no need to remove your warm gloves to activate a GPS or mobile device. Pre-curved fingers and silicone print on palm ensure a secure, comfortable grip. Easy push-button heat control adjustability. Includes charger and storage bag. Black. M-XL.

#4468 \$199.00

IGNITOR RECHARGEABLE Li HEATED GLOVES

A nice pair of cold weather gloves with the added benefit of battery powered heat. Stainless Core heating technology combines with 3M Thinsulate Insulation to provide even warmth and heating, plus a Hipora® liner adds waterproof, windproof and breathable functionality. Leather fingers/palm and pre-curved fingers for a secure, comfortable grip and life-long

durability. Rechargeable Lithium Ion battery and controller with 3 heat settings, powering gloves from 2.5 to 4 hours depending on selected temperatures. Adjustable wrist strap and gauntlet adjuster for secure fit. Includes charger. Black. M-XL.

#4469 \$179.00

MEDIUM WEIGHT MICROFIBER LINERS

Hand hugging four way stretch brushed polyester fabric offers superior wicking properties and a snug, comfortable fit. This liner keeps hands warmer for better control on chilly rides. Black, M/L, L/XL.

#473 \$15.00

SILK GLOVE LINERS

100% organic and naturally lightweight, these silk glove liners caress, insulate, dry quickly and resist soil and odors. Plus, they feel soooo good. Fairly thin. Black, S-XL.

#470 \$17.00

LIGHTWEIGHT MICROFIBER GLOVE LINERS

Knit microfiber and lycra liners are breathable and offer excellent moisture wicking capabilities. They fit great and offer extra protection for cool morning commutes. A great everyday layering glove too. Black, M/L, L/XL.

#474 \$12.00

MERINO WOOL GLOVE LINERS

Keep your fingers nimble when the temperature drops by wearing a pair of these 44% Merino wool blend liner gloves under your riding gloves. Lightweight knit for ease of movement, rib knot cuff finish provides a bulk-free fit. Touch-screen friendly thumb and forefinger help you stay connected to your mobile devices while keeping fingers warm. Machine washable. S, M or L. Black.

#4498 \$24.00

Photo: "On the right is my fifth pair, the one on the left -my fourth- has 50K+, more than half off-road." —Claudio Salusso, 2014

WHICH ELK GLOVE?

"...As I mentioned earlier, I do a lot of sport riding and sport touring on a Honda VFR and will do occasional adventure touring on the GS, so I was leaning toward the gauntlet. Would there be any issues with that fitting over the sleeve of a Roadcrafter and allowing smooth rotation of the wrist?"

"Insulation is not really an issue, given that I live in San Francisco and the climate here is fairly consistent - rarely below high 40s or above the mid 80s." —Chuck S. (email)

"I wear both versions of the Elk glove. 90% of the time I grab either the regular or competition Elkskin Ropers. The gauntleted version is also available, but I seldom take it. Probably mostly because I don't ride a sport bike like your VFR .

"The gauntlet on the unininsulated version of the gauntleted ropers is not lined, so the suede-ish backside of the leather does drag slightly against the sleeve of a textile jacket, but it's not enough (to me) to be an issue. Also, as the gloves break the suede-ishness wears a way slightly so the drag seems even less after a few hundred miles.

"The gauntleted models are slightly more to deal with in subtle, nuanced ways. They are just 'more glove'. The fastest and most unconscious pull-on-and-go is the regular roper. You snap the wrist snap without thinking and go. Perfect for everyday short-hop, on-and-off-the-bike riding. Next fastest/easiest is the competition model. The wrist strap is much more secure than the snap, but it takes a nano-more of

consciousness to manipulate it. For all-day riding, though, I usually pick this one. The gauntlet models add another nano-bit of rigamarole, but for a sport bike rider are probably a better option. These shades of ease-of-use distinction are very slight.

"When I travel I normally take two pair of gloves — usually a pair of competition ropers for wear most of the time, and the insulated gauntleted ropers [above] or Luxury Cowhide [page 74]. And the triple digit raincovers [page 80].

"Last November I rode around Lake Superior with some friends on Gold Wings. I was riding my unfaired bike which has heated grips, but is without hand guards (wind protectors). Temps every morning were about 30°F and the high each day was about 45°F. I had both of the above and switched multiple times for comparison and evaluation. In the end I liked the insulated elk ones slightly better, but it was very close.

"Since that trip (and as a result my experiences on it...) we slightly increased the insulation thickness of the wind barrier hidden within the backside of the hands and fingers on the insulated elk ropers. Before it was a layer of windproof fabric placed between the wool liner and the elkskin outer. Now it's a layer of thin windproof fleece (fleece laminated to a layer of wind blocking coated fabric).

"The elk gloves are sized by glove sizes, not s,m,l, xl, etc. Basically there are twice as many sizes. For example, both a size 9 and a 9.5 are 'm' graded. So you end up with a more precise fit. A good-fitting glove is as important as a good-fitting shoe. It's the only real difference between an ok glove and a great glove." —Mr. Subjective

To find glove size place hand on diagram as shown. Need help? Call us: 800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add ½ size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

LUXURY DEERSKIN THREE SEASON

Maybe only the Japanese, with their respect for and interest in cafe-racer culture, could come up with gloves that are not only ideal for 3-season usage, but which look superb and feel this great when you pull them on and lay your hand to the grips. Beautifully constructed and detailed, these gloves feature fantastic quality hides and are perforated and vented along the knuckles and palm to help keep hands cool when the weather's hot. Sturdy reinforced knuckles, palm and gauntlet make these gloves safe without sacrificing functionality or comfort. Over-size hook and loop cinch strap. The most gorgeous, luxurious gloves in this catalog. Black. Sizes: 8.5, 9, 9.5, 10.

#463 \$227.00

LUXURY COWHIDE WINTER

A top quality Japanese-built glove for colder-weather rides. And really, really comfortable. The cuff and palm are lined with soft, brushed nylon, and the backside side of the hands are lined with a warmer heavier synthetic. The fingers are articulated and pre-curved, and the knuckle area is padded with a diamond pattern quilting. The exterior shell is constructed of 1.2 mm waterproofed cowhide leather with a hidden waterproof/breathable membrane. The wrist and cuff is cinched with hook & loop. Reinforced palm. Ultra Nice. Sizes: 8.5, 9, 9.5, 10.

#447 \$197.00

Elkskin Ropers, #420

Photo: Juan Weissman, 2015

AEROSTICH DEERSKIN

Very comfortable and easy to wear—just like Elkskin, but made of slightly thinner medium weight deerskin so they're ideal for casual, everyday rides, especially commuting and touring. No break-in needed; they will be as comfortable as prewashed denim the moment you put them on. Because they're so light, absorbent and soft, they provide great control feel. Nimble enough to pick a coin off a table, yet strong enough for riding protection. The insulated versions have 3M Thinsulate and a brushed nylon lining, so they are perfect for spring and fall wear. Full and half sizes for a better and more precise fit. For insulated gloves, order 1/2 size larger than non-insulated version to ensure proper fit. Both styles feature thumb visor squeegee (not shown).

DEERSKIN

The classic all around American general work and riding glove. Reinforcing welt in the thumb and the middle fingers, elastic back. Full and half sizes, Regular (#422) size 7-11, Insulated (#423) size 8-12.

#422 (Size 7-11) \$47.00
Insulated #423 (size 8-12) \$57.00

"After experimenting with gel-cushioned and/or armored and/or ventilated gloves, these have been the best all-around gloves I have ever owned. The elkskins were too thick, and I happily use them for gardening.

"I use these deerskins for my every-day commute in Miami, FL, and I used them for my Key West to Prudhoe Bay round trip - and everything in between. They are never too warm, even in the 107 degree AL heat this July 4th, and rarely not warm enough. I use the triple digit rain covers to keep dry or warm when necessary...GREAT PRODUCT." —Review by Leagle

DEERSKIN GAUNTLET

Gauntlets increase the coverage and work better in cool riding conditions. Tuck 'em in or pull 'em over. Full and half sizes, Regular (#424) size 7-11, Insulated (#425) size 8-12.

#424 (Size 7-11) \$57.00
Insulated #425 (Size 8-12) \$67.00

"I ordered this gloves a while back and had to send the first pair back due to it being not-quite-right in the size department. I went one half size smaller than I usually wear and the gloves fit fine now. If you order these, do yourself a favor and order half-size too small. They will break in very nicely.

"I have been wearing them daily for my commute for the last month or so. The gloves are still extremely soft and supple and quite frankly i don't want to take them off when I'm done riding. They look as good as they feel too." —Review by Mark

To find glove size place hand on diagram as shown. Need help? Call us: 800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add 1/2 size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

TRAVEL SIZE TOUCH-SCREEN GLOVE FLUID

Turn riding gloves into screen friendly smart gloves. Extremely responsive and durable nanotechnology formulation works with all touchscreen devices. Apply, dry and use in under 5 minutes. Each application lasts for 2-4 weeks of use and each 8ml bottle will provide between 15 to 20 applications. Will noticeably darken lighter color leathers. Black.

#486 \$20.00

ORIGINAL TOUCH-SCREEN GLOVE FLUID

Specially formulated to work with all leather gloves, simply apply to allow glove-on interaction with your smartphone, GPS or other electrostatic touchscreen device. Treating your favorite gloves is fast and easy, apply liquid, let dry and pinch, zoom, type or scroll on your portable device. One 15ml bottle will treat or re-treat several pairs of gloves. Black.

#490 \$15.00

Photo: Erik Wallbank, 2012

A BRIEF CBT HISTORY...

These were the first general purpose riding boot of this style in the world. Their origination story is simple: We wanted a basic old-fashioned heavy-duty rider's boot that provided support like an MX boot, was fast and easy to get in and out of, and held onto one's foot well — but without all the added-on MX boot armor. Something more supportive than the classic 'engineer' style boot, and much heavier-duty than the typical zippered race, street or touring boot. A de-contented MX boot.

In hindsight it's hard to believe that twenty five years ago there wasn't anything else like this available. A new type of hybrid existing halfway between a street boot and an off road boot. It created an entirely new product category.

After about ten years we'd sold a good number of them and (as 'adventure' style bikes became more popular) other boot companies also started to make their versions. Even Sidi came out with a version. All these were more complicated or 'improved' in some way: More buckles, pleated areas, waterproof liners, etc. The others want to be able to say they were better than the CBT boot.

Every market niche works like this. CBTs are the original...and because they're successful others that are similar but supposedly 'improved' in some way become available elsewhere. These are still the best.

AEROSTICH COMBAT TOURING BOOTS

The tougher your riding, the better this boot will feel. Combat Touring boots are as strong as the bulkiest specialized off-road footwear, yet are designed to fit easily under your pants for everyday wear. As soon as you put them on you will feel more support and protection than ordinary street boots can offer.

Combat Touring boots are manufactured exclusively for us by Sidi using the best materials and their most experienced bootmakers. They feature quality full grain leather throughout, a Davos competition motocross sole, Scotchlite™ reflective in the heel gusset, generous internal ankle and toe padding, and a special padded collar at the top.

CLEATED

WEDGE

The inner speed lace/cord lock setup with micro-adjustable arch buckle and outer hook & loop

calf closure insures a protective, comfortable fit. Combat Touring boots may take slightly longer to form to your feet compared to cheaper boots, but they will outlast them by years. Black. 14" tall (2.7 lb. per boot) Medium width. Wedge or Cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

Cleated Sole #480 \$387.00

Wedge Sole #400 \$387.00

AEROSTICH COMBAT LITES

More ideal for general touring, everyday urban riding and all day street and general purpose wear. Obviously shorter and lighter, but incorporating the identical heavy duty materials, design features, and construction quality of the original Combat Touring boot. Top grain leather and fully leather lined. Fewer individual leather pieces, less seams and is a stronger and longer lasting boot. Black. 11" tall (2.42 lb. per boot) Medium Width. Wedge or cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

Cleated Sole #404 \$347.00

Wedge Sole #484 \$347.00

AEROSTICH BOOT, HELMET, AND GLOVE DOGS

Made of cotton flannel tightly filled with red cedar chips, this insert speeds drying and neutralizes odors, leaving behind a long-lasting freshness. Their purifying and moisture-wicking action is effective for a long time (more than a year...), even with daily use. A natural alternative to liquid deodorizing solutions created by the petrochemical industry.

Aerostich Helmet Dog #1493 \$16.00

Aerostich Glove Dogs #1486 \$12.00

Aerostich Boot Dogs #1487 \$12.00

AEROSTICH GREG FRAZIER STASH POCKETS

Probably the most secure place on your person to keep money and valuable papers. Adhesive hook & loop attaches a secret fold-over wallet made of thin nylon to your boot's inner calf or front gusset. Large enough to hold a bunch of money (or whatever else you don't want found). For some reason neither thieves nor third world border inspectors check moto-travelers smelly, dirty boots. (!) Hmmm...at least not Greg's. Set of two pockets: 3.25"×4.5" and 6.75"×2.75". 

#405 \$25.00

TUFF TOE

Two-part poly-urethane adhesive with abrasion resistant and waterproofing abilities forms a layer of armor on the toe of your boots. Perfect for high wear area protection. Easy to use. Black.

#1225 \$20.00

SELF-MOLDING FITTING INSOLES

The next best thing to a custom prescription orthopedic. Most insoles simply condense and compact under pressure. These are designed with a firm structural footbed that self-molds to your unique foot shape, cushioning and mirroring each foot for increased comfort, control and support. These are rock solid. Two thicknesses: medium profile (thicker) works best if you're between boot sizes, or low-profile (thinner) uses minimal boot space. 7, 8, 9, 10, 11, 12, 13, 14.

Low Profile #1456 \$40.00
Medium Profile #1455 \$40.00

STANDARD FITTING INSOLES

Perfect for custom-fitting, especially if your foot falls between sizes. Makes boots feel like they were custom made. These insoles feature a patented Etc® fabric top cover that is cool and long wearing. A firm polyethylene mid foam over a molded and shaped structural arch platform provide scientifically researched support that translates to less fatigue, reduced shock, and all-day comfort. Two thicknesses: high profile (thicker) for boots with more volume or low profile (thinner) for boots with less volume. Trim them for a custom fit. 5.5-7, 7.5-9, 9.5-11, 11.5-13, 13.5-15.

Low Profile #1452 \$45.00
High Profile #1454 \$45.00

COMPETITION CBT BOOT LACES

These Competition Laces are designed to be more durable and convenient to use than the standard laces. The tighter weave nylon material frays less, and the shorter overall length means less excess lace to tuck under the outer flap. Cordlock not included—we recommend re-using the cordlock from the existing laces. 

#416 \$8.00

Laces #412 \$8.00

BAMBOO CHARCOAL SOCKS

Weird if you think about it, but nirvana for your feet. Advanced nanotechnology permanently melds the ancient beneficial properties of bamboo charcoal into the natural fibers of this sock. The result is a supple and incredibly comfortable 200 thread count knit that continues to get fluffier and softer with each washing.

Every fiber is infused with charcoal to provide true odor eating and anti-microbial properties within a unique three-dimensional weave pattern that delivers exceptional moisture wicking ability. And (...“but wait, there’s more!”) as the socks are worn and heated by the body, good negative ions are also released, promoting increased foot health and improved circulation. Made from renewable organic materials, these luxurious socks are not only good for your feet and your health, but are good for the planet too. One wearing will make you a believer. Crew height. S/M (6.5-9), M/L (9.5-13).

#430 \$19.00

MERINO WOOL SOCKS

These performance socks are made from the highest-grade wool available, resulting in unmatched comfort and moisture management capability. Because the wool fibers have a natural crimp to them, they are cushiony and return to their original shape instantly. Made with just enough stretch nylon to ensure a snug fit. Non-itchy as well as being machine wash and dryable, these socks are at home inside motorcycle boots like no others we’ve tried. Light Weight is grey or black, while the Medium is grey and Mr. Subjective’s favorite. All are 74% luxurious, soft, durable merino wool. Crew height. M (6-8.5), L (9-11.5), XL (12-14.5). 

Light Weight Black (M-L) #1416 \$16.00

Light Weight Grey (M-XL) #415 \$18.00

Med. Weight Grey (M-XL) #1415 \$20.00

COPPER SOLE ATHLETIC SOCKS

Copper Sole technology eliminates 99.9% of bacteria, fungi and odor in these comfortable high-tech socks. Unique support at arch for added performance and comfort with elastic infused uppers to ensure they stay in place during a hard ride. Embedded Copper ions in sock fibers regenerate, creating permanent protective barrier. Copper also plays a vital role in collagen formation, so wearing these socks makes for better looking and better smelling feet. Moisture-Guard wicking system and 10% copper CUPRON™ yarn, make these the most comfortable socks ever to grace your feet. Tallish crew height. M (5.5-8), L (8.5-12), XL (13-15).

#1443 \$12.00

SILVER DRY STAT BOOT SOCKS

Every pair of riding boots can now literally have a silver lining with these technologically advanced socks. The unique dual-action Silver Drystat® polypropylene yarn offers superior wicking and antibacterial properties with integrated silver ions in the fiber core. A medium weight soft padded footbed provides exceptional cushioning, while the patented graduated compression design of the boot-cut uppers are scientifically designed to enhance ankle support, stimulate circulation, provide relief from cramps, alleviate swelling and make feet more happy and comfortable in any riding conditions. Made from 75% Silver Drystat, 15% Spandex and 10% Lycra, these are built to last and engineered for comfort. Grey. Boot height. S (5-7), M (7.5-10), L (10.5-13).

#431 \$32.00

MICROFIBER ANTI-BACTERIAL BOOT SOCKS

These socks have additional Lycra support sections throughout the calf, so you won’t find them cutting off circulation or falling down into your boot. High-friction areas contain two sections of polyamide, a technical fiber that provides life-long treatment against odor, fungus and bacteria, and extraordinary wicking capabilities result in enhanced comfort.

Boot height socks, made of 75% Antimicrobial Treated Schoeller Polycolon and 25% Polyamide/Lycra, are longer to provide additional warmth to lower leg. Built to last.

M (5.5-9.5), L (10-12.5), XL (13-15).

#1407 \$18.00

AEROSTICH CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Complete washing, inspection, and water repellent service for your Roadcrafter or Darien. If repairs are needed you will be contacted with an estimate. Stain removal not guaranteed.

*Suit (Jacket and Pants) #255 \$80.00
Jacket #256 \$50.00 / Pants #257 \$40.00*

AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two Nik-Wax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving

Roadcrafter main zippers water resistance.

#1334 \$27.00

CAMPING/TREKKING UMBRELLAS

Perfect when you want the best useful ultralight, portable weather protection. Rain or shine. Blocking the sun with UPF 25 (blocks 96% of UV radiation) makes it ideal for traveling in summer months and of course there's always a chance of precipitation while on the road. Durable design for long life and simple, trouble free operation. Opens to a wide 38" spread and with a fixed length of 25", it packs down quickly for storage. Black or Red. Weighs 7.5 oz.

#4399 \$69.00

ULTIMATE TRAVEL UMBRELLA

The world's best and most advanced travel umbrella. The perfect balance of portability and performance in a revolutionary, compact umbrella design. Auto opens easily with an advanced Radial Tensioning System that redirects, transfers and distributes the effort needed to open the canopy. When open, the aerodynamically robust structure fares better in more extreme conditions, providing an ultimate defense against the elements. 37" canopy. Folds to 14", 13.2 oz.

#4158 \$47.00

AEROSTICH BOOT RAINCOVERS

Seam sealed three layer ripstop nylon raincovers that are strong enough to stop rain and road spray all day on a thousand mile rainy day, but pack small enough to carry along and are ready when you need them. A reversed water-proof zipper makes them fast and easy to put

on and remove. They are all that's needed to get home from work with dry feet and boots if the weather changes unexpectedly too. We looked at and tried more than a dozen types from other companies before engineering these. They pack small, are easier to put on and remove and work better. Each cover neatly stores into a built-in hook & loop closed pouch that's only 3"×4"×1.3". M (7-9), L (10-12), XL (13-14).

#407 \$67.00

AEROSTICH ALWAYS-READY BOOT RAINCOVERS

Practical and lightweight, these ripstop nylon raincovers self-store in a small, flat pocket that secures via hook and loop to the inside shin area of the R-3, R-3 Light, Classic Roadcrafter, AD1 and Darien Suits and pants. The integrated storage makes them super easy to put on and ensures they are always ready when you need them. 7"×6.5". M (7-9), L (10-12), XL (13-14).

#401 \$57.00

AEROSTICH TRIPLE DIGIT GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin ripstop nylon laminated fabric breathes enough during rain conditions so your skin won't become clammy. The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use.

They pack very small, so you'll always have them ready. There's Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M-XL. Specify color.

#442 \$47.00

AEROSTICH SHORT TRIPLE DIGIT GLOVE COVERS

If you prefer wearing raincovers under your sleeves, these work better and are easier to use. These are exactly the same design as the Triple Digit Raincovers, without the extended gauntlet. Orange or Black, M-XL.

#492 \$47.00

TUCK-IN OR WEAR-OVER?

You are riding along down the highway in the rain, wearing Triple Digit Raincovers. The drawcord around the end of the gauntlet is drawn up tight. Everything is working perfectly, your hands and gloves are dry even though it's coming down in buckets. Then you must come to a stop at the end of an off ramp, and there's a stoplight. Red. You take your hands off the bars and let them fall to your sides while you wait.

All good things must come to an end. Rainwater runs down your sleeves right into the tiny opening at the end of the gauntlet where the drawcord exits. And trickles into your wrist. A few more stoplights ahead and your gloves and hands are now wet inside the raincovers.

There are two solutions: 1) Remember not to lower your arms at stoplights. Learn to fold your arms across your chest or lay them on a tank bag. 2) Wear glove raincovers which are tucked inside of your sleeves.

AEROSTICH ULTRALIGHT RAIN PANTS

These second generation, 3-layer waterproof nylon pants pack away small yet are strong enough to thwart rain and road spray. If you ride in jeans and a jacket and the weather changes during the day, they'll get you home dry. Ultralight Rain Pants self-store in a 4"×5"×1.5" integral zippered pocket. Long waterproof side zips and fly zips make them easy to get on and off over footwear. Fully seam sealed. An elastic drawstring waist keeps them up. Perfect to stash in a courier bag, fairing pocket or wherever you might need them when it decides to rain. M (32"-34"×30.5"R, 32.5"L), L (36"-38"×32"R, 34"L), or XL (40"-42"×33.5"R, 35.57L). 

Regular #409 \$87.00

Long #419 \$87.00

SELF STORES

REUSABLE STICK-ON BIFOCALS

Turn any eyewear into bifocal reading glasses. Stick-on lenses adhere with water, are removable, reusable and provide optically correct magnification on any eyewear. Lightweight, ultra-thin, pliable lenses available in +1.25, +1.50, +1.75, +2.00, +2.50 and +3.00 diopters. A smart alternative to expensive prescription readers. Specify magnification.

#1135 \$15.00

ADJUSTABLE-STEM BIFOCAL RIDING GLASSES

If you find yourself squinting to read the map (on the GPS screen, or on paper...), then these wind-cheating glasses are just the ticket. Impact resistant polycarbonate lenses are outfitted with reading glass cheater lenses just below eye level, so they are readily available when you need a close view, and not distracting when surveying the road ahead. A sturdy black frame features arms that can be length-extended for fit, and soft nose pads for a comfortable, near custom fit. The scratch resistant lenses are available in either smoke or clear and provide 99.9% protection from harmful UV rays. Great protective eyewear that look so cool, nobody will even know you're wearing safety glasses. 5.6"×2.5". Specify power of +1.50, +2.00, +2.50 or +3.00.

Clear #1063 \$15.00
Smoke #1064 \$16.00

BUGZ GOGGLES

The original and still the best. About fifteen years ago these were the first of a new generation of an old invention. They feature 100% UV protection and a unique dual lens design. Made of optical polycarbonate, the tough outer lens is backed up by a fog-fighting inner lens. Individual eye frames flex enough to adapt to different face shapes. Side vents are adjustable, helping the wearer control air flow. Soft elastic strapping holds these goggles in place during hard use. Tough and innovative, if you wear goggles regularly, you'll love these. Black frame. Specify clear or smoke lenses.

Clear Lens #1072 \$52.00
Smoke Lens #1070 \$52.00

STRAIGHT-STEM BIFOCAL RIDING GLASSES

Read maps, GPS screens and mobile devices without squinting or holding at arms length. These ergonomic nylon framed glasses feature sleek, high performance, impact resistant polycarbonate lenses, embedded with precisely placed 'cheater' lens inserts to help prevent accidents, headaches and strain on your, um, er...mature eyesight. Provide 99.9% protection from harmful UV rays too. Lightweight design and a soft, self-adjusting rubber nose pad for all day, under the helmet comfort. Straight temple design with almost no over the ear bend for easy on/off. Available in +1.5, +2.0, +2.5 or +3.0 diopters with a choice of Clear or Yellow lenses. 5.6"×2.5".

Clear Lens #1071 \$24.00
Yellow Lens #1075 \$24.00

DOGGLES

As motorcyclists, it's obvious to all of us why dogs stick their heads out of car windows. But dogs, like humans, need eye protection when riding motorcycles. So preserve Fido's corneas with these comfortable and well-made goggles for man's best friend, for whom you want only the best, right? Doggles feature sturdy construction and metallic black frames with replaceable smoke lenses designed to fit canine craniums. Probably the closest thing to Chick Magnets you are going to find in this catalog. (See dogsonbikes.com for info on riding with dogs.) XS (1-10lbs.), S (9-25lbs.), M (20-60 lbs.), L (50-90 lbs.).

HORSESHOE GEAR HOLDER

HORSESHOE SPROCKET

AEROSTICH HORSESHOE SPROCKET & HORSESHOE GEAR HOLDER

For centuries riders have believed that luck and good fortune would protect those passing beneath a horseshoe mounted over the door or above the gateway to any home, barn, garage or workshop. This artwork updates that good-luck tradition (especially America's old west lore from barns, stables and corrals) by welding a meticulously refinished (but well used) motorcycle countershaft sprocket inside the standard horse's hoof accoutrement. Even if you are not superstitious, it looks pretty cool.

Each is crafted by Bob Stokstad, a retired American scientist (neutrino detectors) and life-long daily rider, commercial motorcycle photographer, and grandfather. Add this example of his art to the wall of your bike's abode or workshop...and as you pass beneath you'll enjoy it's silent wish for a safe return from every ride. This is one-of-a-kind heirloom-quality art with a purpose. See one being made at aerostich.com. Each measures approx 6"×8".

Aerostich Horseshoe Sprocket #4425 \$30.00

Horseshoe Gear Holder #4426 \$37.00

HELMETLOK

A carabiner with a built-in combination lock makes a great portable security tool. The programmable 3-pin locking latch opens outward, allowing it to fit around handlebars or frame tubes up to 1 1/8" diameter, and is rubberized to prevent scratching. Use with a lightweight coiled cable for securing multiple items together or as a lightweight anti-theft bike lock.

#1182 \$27.00

HELMETLOK CABLE 2

Keep your stuff from walking away with this 3mm thick, PVC coated scratch resistant coiled cable. Expands to 70" in length to weave through helmets, riding suit/jackets, bags or anything else you want to prevent from growing legs. Looped ends designed to work with HelmetLok (#1182), or will accommodate your own padlock. Compact protection for big peace of mind.

#1594 \$8.00

BAR END HELMET HOOK

Eliminate the risk of your helmet falling to the ground. Unique 1/4" ABS hook universally mounts permanently behind existing hand guards or bar end weights. Helmet hangs quickly and securely from the hook via strap or D-ring. Strategically placed holes allow for a small, long-shackled lock or cable for increased security. Also keeps a bag or other gear off the ground for hands-free pre-ride loading of your tank bag or panniers. Useful, convenient and there when you need it.

#1631 \$15.00

Keyed Lock #1681 \$3.00

HELMET FITTING

Using a long strip of paper, have a friend measure horizontally around the largest part of your head, about an inch above your eyebrows (see illustration). Measure the length of the strip with a ruler and use the following chart to determine your helmet size:

HELMET SIZE	MEASUREMENT	CHEEK PADS
Small (6 7/8"—7")	21 5/8"—22"	15 mm
Medium (7 1/8"—7 1/4")	22 3/4"—23"	20 mm
Large (7 3/8"—7 1/2")	23 1/8"—23 1/2"	25 mm
X Large (7 5/8"—7 3/4")	24"—24 3/8"	30 mm
XX Large (7 7/8"—8")	24 3/4"—25 1/8"	35 mm

For safety, comfort, and noise reduction, your helmet should fit snugly. If you can rotate your head inside the helmet, it's too loose. Helmets have a layer of soft foam comfort "upholstery" that covers the hard polystyrene (styrofoam) impact absorbing lining. You should be able to feel each pad pressing against your head. If you hold the helmet isometrically (one hand on each side of the helmet) and try to move your head inside of the now "stationary" helmet with only your neck muscles, you should feel the soft

foam upholstery compressing between your skull and the polystyrene. If you do not feel any compression, your head will be right up against the unyielding polystyrene. The helmet padding will break in and soften during about the first ten hours of wear, so if it feels a bit too snug when new, that's normal. A helmet should be snug... not uncomfortable or over-tight.

HEAD SHAPE & ALL DAY FIT » A good fitting helmet is a safer, quieter helmet. To fit any helmet properly you should position it on your head so the top of the eye port opening is about one finger width above your eyebrows. This will tell you if the chinbar fits the shape of your jaw, and how the cranial section fits your head. Pay special attention to the fit around the crown of your head (the part that is contacted by a baseball cap's band). Sizing the helmet to better fit the face instead of the head, will result in a looser fitting, noisy helmet.

SHOEI HORNET X2 HYBRID

The Hornet-X2 is the perfect helmet to bridge all gaps between road and off-road riding. It boasts an outstanding list of features that includes lighter, stronger and more aerodynamic multi-ply matrix AIM+ shell construction, exclusive 3D shaped interior Max-Dry liner system, and a wind-tight flip-up shield system that can quickly be removed if you prefer to ride with goggles. Features innovative new removable wedge shaped visor design and adjustable upper, lower and rear air vents. Equipped with quick-release system for emergency removal. The only helmet for serious dual-sport riders, it comes complete with everything but a set of knobbies. Read sizing instructions online before ordering, and let us know if you have questions. Black, White, Silver, S-XL.

#1527 \$594.99*

ARAI XD4 HYBRID

One helmet to fit all riding styles is the role of this dual-sport hybrid helmet design. A fully removable, replaceable and washable comfort liner, cheek pads and chinstrap utilize a Dry-Cool® technology for greater comfort. A customized fit can be achieved with a proprietary peel-away temple and cheek pad micro-fit system. The CLC shell composite is incredibly strong and light, with improved aerodynamics for added high-speed stability. Topside diffuser vents combine with chin and side cowl ports to provide excellent ventilation and airflow control. Twin-cam pivot system allows the locking face shield to be fully operable under the adjustable angled visor, or remove the shield for use with goggles. The visor can also be removed for added comfort and safety for high-speed or high-mileage riding. A premium, better fitting helmet for every ride. Snell approved. Read sizing instructions online before ordering, and let us know if you have questions. Fits intermediate oval heads. White, Silver, Yellow or Black. 3.75 lbs. S-XL.

SCHUBERTH C3 PRO

The world's best modular helmet. Superior refinement, quality, design and construction equate to less drag, more sound dampening, greater wearing and ergonomic comfort and a better long-use functional experience.

The fiberglass and Dyneema reinforced sandwich construction shell provides excellent protection in a balanced and lightweight 3.7 lb. package. Refined spoiler and ventilation channels enhance airflow for increased comfort and greatly minimized wind noise – only 82 dB at 60 mph. The optically correct polycarbonate face shield features anti-scratch protective treatment and Pinlock to prevent fogging. Tinted retractable inner shield uses an easy to use push-pull actuated double cable system for superior control. Coolmax anti-bacterial and anti-allergic comfort liner is removable and washable. Precise setting micro-lock ratcheting chinstrap retentions system adjusts easily, closes securely and opens with one hand, also features patented Anti-Roll-Off-System for added comfort. Antennas for optional SRC communication system are factory integrated to maximize radio and Bluetooth range up to an additional ½ mile.

Includes 5 year warranty and exclusive 3-year service plan providing free inspection and factory adjustment services. Women's helmet version is specifically designed for an improved fit and better comfort for a woman's unique facial structure. ECE-R 22.05 and DOT approved. Read sizing instructions online before ordering, and let us know if you have questions. Men's: Black, Matte Black, White, Silver, or Hi-Viz Yellow. Sizes S-XXXL, Women's: Matte Black, White or Silver. Sizes XS-L. 3.7 lbs.

Women's C3 PRO Helmet #1139 \$769.00*
Clear Replacement Pinlock Shield #1147 \$89.00

SCHUBERTH RIDER COMMUNICATION SYSTEM

An easy to install, fully integrated Bluetooth® communication system for C3 PRO men's and women's helmets. You'll enjoy wireless bike-to-bike or rider-to-passenger intercom, cellular phone, FM radio, GPS and MP3 functions without the visible bulk or aerodynamic drag of other systems. Ultra-slim system is installed directly into the helmet via a replacement neck collar. Includes speakers and boom mic. Features large, easy to operate function buttons on underside of collar.

SRC System #1145 \$429.00

A SIMPLE GUIDE TO MODULAR HELMETS

We sell five modulares; good, better (two versions) and best (two versions). Top to bottom they are from Korea, Italy, Japan and Germany. You can't go wrong functionally with any of these. Some models fit different head shapes (round, wide, long-oval, etc.) better than others, and you'll find specific information about this in the detailed product descriptions for each helmet. General fitting instructions and some useful tips are found in our Helmet Fit Guide on the opposite page.

Good — RPHA Max: Lightweight and very quiet. The standard cheek pads were very tight on my face (different thicknesses are available from RPHA, but improvising after the first day of a longer trip with this brand new helmet I used my motel room's plastic ice bucket to compress the cheek-pad foam almost flat overnight...and from the next morning onward these standard cheek pads were all-day comfortable). Airflow vents extremely effective. Double D ring chin strap a pain after using the great Nolan chin strap latch, but you get used to them after a few days of regular use. This one is very lightweight, which is nice. From Korea.

Better — Nolan (Two Styles): Kind of gimmicky in styling and features, but very nice overall. From one of the world's largest helmet companies. I wear an older, simpler version of this helmet for 95% of my riding (X1002). By far the easiest to use chin strap latch system. Lots of other nice details and features. Durable. Fairly quiet. Integrated intercom or audio system available. The ultimate chin-bar opening latch and hinge system. From Italy.

Best — Shoei Neotec: What I'd probably buy today, and would immediately void the warranty by taking the wonderful chin strap buckle off my old Nolan and sew it onto the chinstrap of one of these, replacing the forever-

proven safe-and-reliable-slow (ergonomic P.I.A. in short-distance daily riding) double-D ring system. Superb quality of construction and details, everywhere. Everything works perfectly. A second or third generation design from one of the worlds best helmet companies. From Japan.

Best — Shubert C3 Pro: This company pioneered modular helmets more than twenty-four years ago. Since then they've continued to lead, and advance the state of the art. These are light, quiet, have an easy and fast chinstrap buckle, and like the Shoei, everything simply works perfectly. This maybe is their 5th or 6th generation design, and it shows in every picky detail. They also are the private-label helmet supplier for BMW, so if you have the bucks, these last for years and years, feel and work great, and you won't be disappointed. From Germany.

Related notes: Modular helmets provide superior versatility. At highway speeds and on sport and unfaired bikes you'll enjoy 'full-face' protection and comfort, yet during short stops, or when riding slow somewhere you can open up the chin bar. This can be specially nice in hot weather. If you want only one helmet to do both all-day longer-distance rides and also for frequent short-hop urban riding, we recommend them.

New helmets take a while to 'break in'. Especially 'full coverage' and modular types. They also take a while to learn the various tabs and slots that open the chin bar and visor and vents. For a while one fumbles around with a new helmet but eventually one learns to use the various bits and it all gets easier. On my old Nolan helmet everything is now second nature.

—Mr. Subjective, 6-14

NOLAN N91 MODULAR

Design updates and improvements to styling, features and functions make this modular helmet a great choice for everyday riding. An aerodynamic polycarbonate shell combines with a removable and washable Clima Comfort interior lining and cheekpad system for all-day quiet and comfort, a neutral internal shape should be a comfortable fit for most head shapes. Interior VPS dark tinted shield deploys easily with glove friendly lever on left side of helmet, great to use as built-in sunglasses when needed, and as eye-protection when used independently from the clear shield.

Secure locking mechanism on the chinbar allows for one-handed operation to open the front. Quick-release, multi-position anti-scratch shield includes Pinlock insert for reduced fogging. Adjustable chin and top vents with rear extraction allow for excellent air flow. Ready for NCOM communication system. DOT approved. Silver, Black or White. S-XXL. 3.9 lbs. Faceshields and pinlocks listed online.

ADHESIVE 3M SOLAS GRADE REFLECTIVE

Look closely at the surface of highway or industrial warning signs and you will find the unique, hexagonal pattern that identifies 3M SOLAS (Safety Of Life At Sea) Grade Reflective. A clear protective layer bonded over reflective glass microbeads ensures strong reflective power—even in wet conditions. Slightly stretchy and trims easily to any shape. Ideal for curved surfaces like helmets. One of the most intense retro-reflectives in the world. Silver color. 2' long by 2" wide. 

#346 \$7.00

NOLAN N104EVO N-COM MODULAR

A synthesis of innovating safety and comfort features incorporated into a contemporary design. The lightweight and aerodynamic Lexan® polycarbonate shell features a built-in spoiler for improved stability, improved airflow and a quieter ride. An ultra large, optically correct face shield offers wide field of vision and tall eye-port plus UV400 protection and a Pinlock® anti-fog inserts. The internal scratch and fog resistant VPS sunshield deploys and retracts instantly by an easy access button on the lower side of the helmet.

The pivoting flip-up design uses a secure stainless steel latches opened with a single hand by pinching the release tabs under chinbar. The fully removable and washable interior padding is anti-fungal, anti-microbial, designed to accommodate glasses and provides an intermediate oval fit. Reflective panels on the chin curtain and removable neck roll improve visibility for nighttime safety. The comfortable chinstrap uses the fast Micro-lock quick release clasps. Exceeds D.O.T. Standards. Read sizing instructions online before ordering, and let us know if you have questions. Black, Silver, White, Yellow. Intermediate oval fit. S-XL. 3.86 lbs.

SHOEI NEOTEC MODULAR

Continual refinements in helmet technology have resulted in this all-new, next-level modular helmet design. Boasting streamlined shell aerodynamics to provide noticeably less buffeting and noise than previous helmets, with a reduced weight 5-ply Shock Absorbant Fibershell, this top-of-the-line helmet is filled with advanced updates.

Superior ventilation and a fully removable, washable and replaceable dual-density EPS liner combine with an integrated chin curtain, breath guard and a D-ring retention strap to make this an ideal lid for all-day comfort. An enlarged face shield attaches to a smooth opening flip-up visor, providing a wide, clear field of vision. The clear shield also includes a clear Pinlock to protect against fogging.

A secondary internal sun shield is mounted inside the shell and operates independently from the face shield, deploying easily via a glove optimized left-side slider. Three outer shell sizes are available to best fit all head sizes. A truly advanced modular design. Meets D.O.T. safety standards. Matte Black, Light Silver, White or Yellow. S-XL. 3 lbs. 11 oz.

#1394 \$662.99*

Clear Replacement Pinlock Shield #1300 \$52.00

*Call 800-222-1994 for latest/best price.

RPHA-MAX MODULAR

Advanced design technology and hand-laid use of premium shell materials like carbon fiber, aramid and fiberglass combine to make this modular helmet extremely lightweight, quiet, comfortable and durable. An innovative one-touch open/close locking system makes for easy operation of the flip-up chin bar and face shield, while an advanced channeling ventilation system provides superior airflow to achieve amazing climate control and eliminate fogging.

The optically superior Pinlock-ready face shield provides 95% UV protection and utilizes an innovative center-touch locking design for an extremely secure seal. The integrated smoke-tinted sunshield adjusts quickly and easily to three different positions with a one-touch lever.

A removable, washable liner enhances comfort through its anti-bacterial and moisture wicking properties. Exceeds D.O.T safety standards. Read online sizing instructions before ordering, and let us know if you have questions. Black, Matte Black, White or Silver. S-XXL. 3.55 lbs. Replacement shields listed online.

*Call 800-222-1994 for latest/best price.

FACE SHIELD SUPER VISOR

Riding into a low sun every day can drive you crazy (unless your shield is brand new and perfect). Ordinary dust and nano-scratches catching the light can be absolutely blinding, and unsafe as hell. This solution works splendidly. The visor is aerodynamically engineered and fits all helmet types that use face shields. Perfect vision and less eye fatigue is only a slight head tilt away. Never be blinded by the sun again.

#1546 \$19.00

ARAI CORSAIR X

Helmet design refinements that establish the foundation for next-generation head protection. A new faceshield system combines with a lighter weight and smooth shell shape to provide better aerodynamics and venting with enhanced energy and impact dispersion. A multi-density EPS liner provides superior energy absorption to further enhance safety. This thinner, non-overlapping removable inner liner is removable and washable, with micro-fit cheek and temple pad layers for a tailored fit. Extended chinbar and reshaped liner allow for a more comfortable, roomier feel. The ace shield provides an extremely wide view for increased lateral awareness in all seasons thanks to the included Pinlock insert. Removable neckroll has additional exhaust channels for enhanced venting. Variable Axis System shield features de-mist position to lightly crack open visor and increase airflow. Easy to operate, glove friendly vent and shield latch systems. Snell and DOT approved. Read sizing instructions before ordering, and let us know if you have questions. Fits intermediate oval heads. White, Black or silver. 2.7 lbs. S-XL

#1685 \$764.00

ARAI SIGNET Q

The Signet-Q interior is a world apart. Elongated 5mm front-to-back, it has peel-away interior liner pads to allow micro-fit adjustments and provide a true Long-Oval interior and a better fit for more riders. Redirected brow vent ducting further enhances proven airflow technology and an included Pinlock anti-fog lens will keep forward vision clear. A 10mm wider eye port dramatically increases peripheral view at each side, a benefit appreciated in real-world street riding. Black, Silver, White, Grey, Blue. S-XXL. 3.6lbs.

* Call 800-222-1994 for latest/best price.

AT WORK

One cool thing about this holder's office cube adapter in-use is when your helmet and gloves are right there they not only are out of the way and not on a chair or work surface (space in most cubes is limited...) but you can also look over at them and instantly visualize that you'll be riding in a few hours, which is a nice mental thing to do in the middle of a work day...Especially if work happens to extra-boring or otherwise not be going particularly well at some moment.

Another nice thing is that this holder advertises to all the other non-riding co-workers who happen to pass by your work space that you are a rider. It might not seem like such a big thing, but I think it is. This is exactly the sort of 'advertising' that helps create new riders. People who see riding being incorporated into a co-workers life on an everyday level are encouraged by the demonstration. The helmet holder makes riding stand out as something both ordinary and extremely cool at the same time. Enjoy your commutes. —Mr Subjective, 2015

HELMET HOLDER, BLACK

HELMET HOLDER, CLEAR COATED ALUMINUM

AEROSTICH HELMET & SUIT HOLDER

The ideal place to hang your helmet and riding gear whether at home or the office. Attaches directly to any flat surface or with the Office Cube Adapter, will fit over the edge of a cubicle wall or door. WITH OFFICE CUBE ADAPTER

"My husband and I had been searching for wall mounts for our helmets and came across this one. It is a very durable piece of metal with an aesthetic design. I love that it is both minimalist and functional. We stacked one on top of the other and on the bottom mount used an s biner to hang our jackets. It's just perfect!" —Review by Luisa

ADJUSTABLE VISOR WIPE

Adjust the hook & loop strap for a perfect fit around any size glove digit. Align the non-scratch silicone rubber squeegee on a preferred finger or thumb and be ready to wipe away any rain that dares come your way. 1.5"×.25" squeegee, 5.75"×.75" strap. One wipe. Black.

#1361 \$12.00

AEROSTICH VEEWIPE SQUEEGEE

You'll quickly become addicted to this faceshield squeegee. Made of a stretchy silicone material that easily conforms to the thumb or index finger of your left hand, VeeWipes make riding in the rain safer. Pack contains three sizes (one each) to fit all glove sizes and thicknesses. Trim with a scissors for a custom fit.

#1048 \$16.00

RAINCOAT PRO

The ultimate hydrophobic coating for your plastic optics. Applies quickly, dries instantly and leaves a transparent coating on your plastic optics that sheds water and keeps your vision clear. Kit includes buffing cloth and 30 ml (1 fl. oz.) spray bottle to coat up to 50 helmet visors. Re-apply every few weeks to maintain best water-shedding performance. 

#1127 \$19.00

CYCLE WIPES

Effective, specially formulated wet wipes for cleaning bugs and grime from visors, shields and bikes. Convenient 12-count re-sealable travel pack stores easily in a pocket or tank bag. The ultra soft, lint-free mesh fabric pre-moistened towelettes are a durable, safe and ammonia free way to wipe helmets, visors and windscreens. They are also perfect for cleaning up your bug blasted headlights and turn signals. Pack of 12 wipes.

#4159 \$6.00

FOG TECH PACKETS

Advanced anti-fog protection. These single use packets will be ready when you need them on a chilly morning or at a rainy gas stop. Five single use packets.

#1091 \$10.00

AEROSTICH VISOR CLEANING KIT

The two little .5 oz bottles are a nice flat, oval shape so they pack flat in any pocket. These won't leak or spill like tiny pump sprays can, either. One's got a windshield cleaner, the other is "Protectall" (#4796), a fabulous all-purpose cleaner and polish. Also included are a microfiber cleaning cloth and a compact 3"×5" Cordura carrying case. An indispensable shield cleaning kit that packs small enough carry along on every ride, ready for use at a moments notice. No excuses. 

#1051 \$25.00

ANTI-FOG SPRAY GEL

Superior anti-fog protection for your helmet faceshield, goggles or sunglasses. Spray gel applies easily for clear, effective results in all temperature ranges, from extreme cold to high heat. Compact pen-like spray applicator stores anywhere. 0.338 oz./10mL.

#1136 \$10.00

AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two NikWax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving Roadcrafter main zippers water resistance.

#1334 \$27.00

NIKWAX TX DIRECT SPRAY-ON REPELLENT

Restores the durable water-repellent finish of all types of waterproof/breathable fabrics. Ideal for garments or single-wall tents and synthetic sleeping bag shells. Best when sprayed on damp material. 10 oz.

#1360 \$14.00

NIKWAX GLOVE PROOF

Very effective on leather or synthetics. Penetrates leather deeply. Comes in an easy-to-use 4 oz. bottle. Helps leather last longer and hands stay drier. Leaves dry 'waxed' feel. Not oily.

#1368 \$8.00

NIKWAX LEATHER CLEANER

Cleans and revitalizes leather without oversoftening. Will not strip off the manufacturer's water repellency. Prolongs the life of gear and optimizes outdoor performance. Biodegradable, non-flammable, non-hazardous. 10 oz.

#343 \$13.00

AQUASEAL LEATHER CONDITIONER

Extremely viscous silicone with a proprietary blend of waxes and special oils that condition leather and keep it breathable.

#336 \$8.00

CHELSEA LEATHER FOOD

Proper boot dubbin from England, where they know a thing or two about preserving leather in the face of damp weather and dank conditions. All natural. Specify black or natural.

#1346 \$20.00

NIKWAX TX DIRECT WASH-IN REPELLENT

Wash-in re-waterproofing treatment for all breathable waterproof clothing. It saturates the stitching, fabric, and zippers making a noticeable difference. Hand or machine wash in. 10 oz.

#332 \$12.00

REVIVEX® SPRAY-ON WATER & STAIN REPELLENT

Safe, non-toxic treatment, developed by the Gore company, enhances and restores the water repellency and stain resistance of garments constructed using GORE-TEX® laminated fabric. 10 oz.

#1345 \$14.00

AQUASEAL

Medium viscosity sealant and adhesive forms a tough, elastic waterproof seal. Permanently adheres to fabrics like neoprene, hypalon, vinyl, Cordura, and heavier leathers. Dries overnight. Urethane base. .75 oz.

#335 \$7.00

NIKWAX AQUEOUS WAX

High wax content leather conditioner. For increased efficiency, use it on wet leather. Buffs to a nice sheen, and can be used on oil or chrome-tanned leathers.

#1338 \$8.00

NIKWAX LEATHER RESTORER

Rejuvenates the water repellency of tired, worn leather clothing and accessories and replaces water repellent finishes and conditions leather. Prolongs the life of leather gear. 10 oz.

#342 \$13.00

AEROSTICH CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Complete washing, inspection, and water repellent service for your Roadcrafter or Darien. If repairs are needed you will be contacted with an estimate. Stain removal not guaranteed.

Suit (Jacket and Pants) #255 \$80.00 / Jacket #256 \$50.00 / Pants #257 \$40.00

NIKWAX TECH WASH

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax's Wash-In Waterproof. Biodegradable. 10 oz.

#333 \$10.00

UV TECH

Works like a sun-screen for fabrics. Reduces color fading and slows the damaging effects of long exposure to sunlight and atmospheric chemicals. Ideal for daily commuters, long distance riders, or those with red garments. One bottle will treat an AeroStich suit. 12 oz.

#331 \$12.00

NIKWAX WOOL WASH

Increases your wool garments' natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10oz.

#303 \$9.50

SEAM GRIP

Wicks into and seals seams and zipper tapes. Dries in only a couple of hours. Ideal for permanently repairing tents and leathers. 1 oz. tube comes with a syringe applicator. Kit includes two 2" patches, brush applicator, and storage container. Urethane base.

#362 \$8.00

AEROSTICH DISPOSABLE EARPLUG SAMPLE KIT

Twelve different pairs of disposable earplugs let you find a perfect fit for maximum comfort. Selection includes the newest and best types: Howard Leight Max's, EAR Express Pod Plugs, Moldex Pura-Fits, and many more. Six are corded and six are uncorded.

#1100 \$15.00

AEROSTICH REUSABLE EARPLUG SAMPLE KIT

Ten different pairs of reusable earplugs let you find a perfect fit for maximum comfort. Selection includes the newest and best types: Moldex Rockets, Moldex Jetz and many more. Seven are corded and three are uncorded.

#1200 \$30.00

ETYMOTIC ER 20 EAR PLUGS

Unlike foam based earplugs, the Etymotic ER20's cut about 20dB at all frequencies, but leave your ability to hear radar detector chirps, gas station conversations, emergency sirens, speech, etc...unhindered. They are sophisticated noise attenuators that use a patented internal acoustic dampening network to provide nearly uniform attenuation. The washable ready-fit eartips are very comfortable and the end cap is easy to grasp. Advanced technology hearing protection.

Reusable, but with frequent repeated use, replace every 3-6 months for best performance. Two sizes available - Standard and Large.

#1030 \$15.00

MOLDEX ROCKETS

These reusable earplugs are designed for comfort and noise reduction. Each set includes a protective container. 3 pack, 26 dB.

Uncorded #1240 \$8.00

Corded #1242 \$12.00

DISPOSABLE MAX TAPERED

Comfortable, form-fitting, expanding foam. 33 dB.

5 Pair #1274 \$3.00

25 Pair #1276 \$10.00

5 Pair Corded #1284 \$5.00

25 Pair Corded #1286 \$18.00

SILICONE EARPLUGS

After a long day of riding, inserting and removing foam earplugs can irritate your ears. These form-fitting earplugs are made of moldable silicone that fit very comfortably to the unique contours of any ear. They won't cause discomfort and are washable & reusable. Doctor recommended for hearing protection with a substantial noise reduction rating of 22 dB. Seals out water and helps prevent swimmer's ear. Snore proof. Shatterproof carrying case included. (2 pair).

#1285 \$4.00

MACHINED ALUMINUM EARPLUG CONTAINER

Nicely machined anodized alloy. Perfect for earplugs, matches, or anything you need to keep dry and protected. O-ring seal. Good value. 2.5"×1".

#1476 \$14.00

AEROSTICH ENVELOPE BAG

Stop fishing for lost earplugs. This coated nylon envelope fits comfortably flat inside any jacket pocket. Hold 4 or more earplugs. Hook & loop closure. 3.5"×2.5". 

#738 \$11.00

AEROSTICH EARPLUG PROTECTOR CASE

Keep earspeakers and cords safely tucked away in this convenient holder. Opens and shuts like an old-school coin purse. Soft, durable plastic. 2.5"×1.4". 

#4410 \$4.00
