TL^{EC} FLEECE 101

TL^{EC} 100: WIND BLOCKER (Blue, Green): A warm, soft, and comfortable all-purpose two-sided fleece that features a thinner micro velour outer face with a moisture wicking mesh back side. It is slightly thinner than the others, but it blocks most of the wind, and offers 2X faster moisture wicking than other windproof fleeces. Its hidden stretchy membrane offers notable breathability for all day comfort. The thinnest, most packable of these three, it also wins a silver medal for warmth.

TL^{EC} 200: WIND PRO (Grey): A new, denser, “super fleece” that is extremely breathable yet provides 4x better insulation and draft resistance than traditional fleece, with increased durability. This medium thickness two-sided grey heather fleece features a soft, smooth

midweight low velour face outside, and an even softer, fuzzier velour back side. It provides the thickest, bulkiest insulation and is the most breathable of the three.

TL^{EC} 300: SOFT SHELL (Titanium): This beefy fleece blocks 98% of the wind, and offers faster moisture wicking and improved breathability. Outside is a tight, smooth, mat-finished face and there’s a warm, cozy high loft fleece inside. The Soft Shell is excellent for off-bike wear because of its luxurious lofty inside, and wears amazing as a mid-layer because your riding gear slides so easily against the smooth outer surface as you move. It’s in the middle as far as packing small goes. Our warmest/most advanced fleece.

WIND PRO

WIND BLOCKER

AEROSTICH FLEECE SWEATERS

This comfortable sweater is the perfect layer for traveling, especially on chilly mornings or through sudden temperature changes. The offset front zipper reduces multi-layer “zipper stacking.” A deep placket provides adjustable comfort, and details like the windproof stand-up collar and lycra bound cuffs and hem are reasons it will never see the back of your closet. The lightweight TL^{EC} fleece has a reputation for superior coziness. It packs to nothing, is great over an Electric Vest, and provides maximum layering versatility. Self-stores in its own pocket. S-XXL. Made in America.

“I searched quite some time to find a replacement for my old 1/4 zipper fleece sweater which was just worn out. This piece is so soft and warm I am amazed. It fits perfect under my heavy leather jacket and stops the wind completely. 30 degree temps don’t phase it a bit, I stay toasty warm. If you’re thinking about purchasing this sweater, hesitate no longer. Buy it, you won’t be disappointed.” —Wind Pro Review by Danno

AEROSTITCH FLEECE JACKETS

More than common and generic 'outdoor' fleece jackets, these are both tailored and engineered for riding. Each Aerostitch fleece jacket is made right alongside the Roadcrafters and Dariens, and is designed to work perfectly within all of your riding gear. It's a warm, draft-blocking, comfortable, light-weight layer of insulation perfect for three and four season rides. They wear wonderfully off-the-bike, too.

The details make a difference you can feel. We start with genuine Polarfleece (The original...there are many inferior copies) and YKK zippers. Each collar is tapered for more comfort with a helmet strap and the sleeve diameter is trimmed down for less bulk under riding gear. Sleeves are more forward rotated, too. And the long underarm ventilation zippers match Roadcrafter suits. Durable Lycra/nylon bindings at the hem and sleeves are comfortable and stop drafts without absorbing water.

The torso is also a bit shorter in front and longer in back for a better fit, and the sleeves are usefully a bit longer than you'll find in typical fleece jackets. Zippered inside and outside chest pockets secure valuables like wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandanna.

A high-warmth, low-bulk jacket that will become your favorite the first time you put it on. Machine wash. S-XXL. 

TL^{TEC} 100 Wind Blocker (Blue, Green) #1655 \$167.00

TL^{TEC} 300 Soft Shell (Black) #1658 \$187.00

"The One and only. I purchased this item, replacing a different long sleeve fleece that I seemed to use more often than I realized until it was gone. Then came the Aerostitch sale. Armed with this knowledge and colder weather and an impossible dream to find that "better than the last one" I discovered this gem. It fits' snug under my armoured jacket, has an attractive design, but moreover, there are pockets everywhere there should be. Yes, finally exactly what I wanted. A fleece that was warm, comfortable and attractive to boot. My first wearing confirmed my hopes, just perfect. However, after trying this item on the caveat was revealed...."Made in the USA"."

SOFT SHELL

AEROSTICH DARIEN JACKET LINERS

The grey TLTec **Wind Pro** model features a thick, dense 200 wt. wind resistant “super fleece” which is extremely breathable yet provides 4x better insulation and more draft resistance than common department store fleeces.

The blue TLTec **Wind Blocker** version is made with a slightly thinner and even more highly windproof 100 wt. fleece that offers 2X faster moisture wicking than other windproof fleeces. Wear either as a cold weather comfort layer inside a Darien Jacket, or alone as a casual/off-bike jacket. See more info on page 36. Machine washable. Sizes 36–54.

AEROSTICH FLEECE PANTS

On extended trips you can count on experiencing higher elevations, all-day cold snaps, or some chilly early starts. These TLTec pants are made to a functional, comfortable pattern and pack light and small. For ventilation and convenience, #5 YKK two-way zippers run down the inside, just like the Roadcrafter pant design, so they go on easily, even over boots. Step through the right leg, attach the top left full length zipper and slide both zipper down. Putting them on is faster and easier than changing into long underwear. Many riders wear them over their jeans and under a riding suit. They provide a remarkable amount of extra warmth. Machine wash. S (28–30), M (32–34), L (36–38), XL (40–42), XXL (44–46). 

WIND BLOCKER

TLTec 200 Wind Pro (Grey) #630 \$117.00

“I was weary of spending the money on these pants, but I gotta say I’m impressed. I substitute these pants for my normal pant liner over my jeans and my legs have never been so warm in cold weather. Very nice pants and so much easier to on/off than long underwear.” —Review by Taetor

AEROSTICH WINDSTOPPER JERSEYS

A lightweight, thin and versatile garment that's a perfect layering component in mixed weather, especially as a pullover shirt for cool mornings or evenings. Folds/packs compactly into a self-storing pocket so you'll have it along when the weather changes and as you need added protection. Made of GORE-TEX® WINDSTOPPER® fabric that stops, as you would imagine, all wind from drawing your body heat away. Elbows incorporate light padding and a zippered pocket on the left arm is perfect for a phone or iPod. A handy and practical clothing item alone or worn over fleece or electrics and beneath your outer gear. Looser cut facilitates easy on/off. Green, Black, Blue or Tan. M-XXL. Made in America. 

#2879 \$137.00

w/ Handwarmer Pocket (Tan only) #6012 \$147.00

AEROSTICH OFF-ROAD JERSEYS

This comfortable knit jersey maintains a comfortable "touch" even when wet. Made of a substantial polyester, with a bit more body than most, lightly padded elbows and lycra collar and cuffs ensure durability and a good fit. Simple is good. Self-stores in its own hidden pocket. We make these ourselves, right alongside the Roadcrafter and Darien suits. Black, Green or Grey. M-XXL. Made in America. 

#1867 \$87.00

PADDED ELBOWS

AEROSTICH LIGHT WEIGHT WINDPROOF WATERPROOF INNERSHELL

Keep the wind where it belongs. This innershell is a highly breathable mid-layer that adds significant warmth and comfort in a tiny package.

Pull-over design slides on easily over your base layer or street clothes. The diagonal zipper allows you to easily reach a shirt pocket without removal, and closes around your neck for draft free comfort.

Made of 40d 3-layer breathable, waterproof ripstop nylon fabric that's strong, yet light as a feather. Fully seam-sealed so it's waterproof, too. Great as an everyday off-bike layer with a single outer zippered pocket low on the right side that's perfect for storing keys, phone, wallet or other quick access items and also doubles as an integrated self-store pouch, allowing the shell to pack down a compact 9"x6"x2.5 bundle that stows anywhere. 8 oz. Black or Yellow. M-XXL. 

#2204 \$117.00

"Easy to don & doff. I really like the fact that it's a MUSA (Made in USA) product. I am 6'2", 190 pounds, and wear a size 44 Tall men's suit. I ordered the Extra Large so it would fit over warm layers, such as sweaters or a fleece top. The fit is perfect. The stitching is top-notch, and all seams are taped on the inside to help keep water out. The green color is one I haven't seen before, very distinctive. Even if you don't like green this would fit into your color scheme. When it's on and zipped up, it has a vague Star Trek quality to it, which adds to its character. There is one zippered pocket down low on the right side front. It's a good addition to one's wardrobe to have a garment with a minimalist feel to it - not too many flaps, pockets, zippers and stuff." —Review by David

ULTRALIGHT WINDPROOF INNERSHELL

A functional and cool looking windproof layer great for wearing on and off the bike. The offset zipper allows access to a shirt pocket, without removal. Zip open for added ventilation too. Made from super lightweight ripstop nylon that's strong, and durable for many years and thousands of miles of good riding comfort. Packs nano-tiny for anywhere storage. 3 oz. Black. M-XXL. Imported.

#2823 \$87.00

Great travel item! I bought one of these a year or so ago. It has been terrific to use/wear. I generally wear it under a leather coat and it helps with insulating my torso for those early spring/late fall rides. I always carry it in my travel bag now it is so versatile. Throw it on under a sportcoat or use as a windbreaker, it is great. And tiny to carry. I bought this one for my wife as she has taken to wearing mine! Try it, you will appreciate how well it works. —Review by Jim

There are two great things about these types of 'puffy' sweater-jackets for motorcycling: 1) How light and compact they pack and carry, and 2) How warm they are, adding cozy draft-free comfort beneath riding gear. They fill-in all the gaps better than fleece, and don't interfere with your freedom of movement. Owning one adds about a month to your riding year. —Mr. Subjective, 2019

SIERRA DESIGNS 'DRI-DOWN' SWEATER

Ultra-compressable, ultra warm DriDown hydrophobic technology that works on a molecular level, making for a lighter, warmer, more compressible and more durable puffy. Worn under your riding gear and when worn separately the 800 Fill DriDown provides exceptional thermal efficiency, keeping you warmer without the need for additional layers. Two zippered hand warmer pockets, an inside kangaroo pocket and a hidden zippered outer chest pocket. Adjustable stretch hem drawstring, elastic cuffs, a high collar and contour shaped hood (which compresses to nothing under riding gear) work in unison to ensure cozy warmth. The 40D polyester shell is wind resistant and durable. Self-stores compactly into its own pocket.. S-XXL. Red. P.S. - We looked at a lot of these. This one is super nice. Imported.

#6030 \$169.00

SIERRA DESIGNS 'PRIMALOFT SILVER' SWEATER

Stay cozy with this comfortable, lightweight and warm puffy. A great insulating layer worn under your Roadcrafter or Darien, the interior's kangaroo pockets and two outer zippered hand pockets make it perfect for off-bike activities too. The 40D Shadow ripstop polyester shell with soft bound interior construction wears comfortably all-day long. Stretch fleece side panels for comfort and breathability. Primaloft Silver synthetic insulation is hypo-allergenic and will keep you warm even if it gets wet. Bungee drawstring adjustable waist cinch. Compactly self-stows into zippered pocket. S-XXL. Black. Imported.

OPTIONAL KNEE ARMOR

1 WASH, 5 WASHES, MANY WASHES

AEROSTICH PROTEKT JEANS

Clean, simple, old school straight leg blue jeans...with a great trick: **TF³** Impact armor-holding pockets at the knees, accessed via a hidden zipper. Armor is removed or replaced in seconds, easily, while wearing the pants. All the rest is classic denim jean spec., with fit and cut similar to Levi's 501s.

Specifically, these are carefully sewn of unwashed dark blue or black 100% cotton 14 oz denim fabric, which is a bit heavier-duty than the more common 10-12 oz denim, but it still shrinks-to-a-custom-fit after a wash or two, which makes these pants extra comfortable and wear a lot longer.

For protektion there are three generous hidden areas of abrasion resistant Breathable-Waterproof HT 500D Nylon (...as used in many Aerostich suits) located at the seat and knees. For 'commando' comfort this extra-abrasion-resistant fabric is backed by soft 100% cotton.

As you'd expect there are five traditional pockets, five belt loops and a reliable metal fly zipper, too. But as you wouldn't expect, the hidden seat-protective breathable-waterproof abrasion layer means you can sit on a freshly rain-wetted saddle and not get a wet butt. Nice!

The optional knee armor is positioned in the correct location when riding, and when you're off the bike it's comfortably flexible and easily removable.

Stitching is double and triple wherever needed, and a crotch gusset provides extra ease and comfort that's great when mounting up and also as you move around in the saddle.

Fit, quality and protection that's quick, easy and comfortable. They'll quickly become your favorite jeans, both on and off your bike. Black or Blue. Size 30-30, 30x32, 32-30, 32-32, 32-34, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32.

"Wanted to buy a pair of riding jeans for a long time but didn't like the design of the other brands. checked out the protekt jeans liked what I saw especially the knee pads and heavier denim and the fact they are made in the USA, but read the reviews and was concerned about the pads not fitting correctly then read the review that aerostich posted (thank you aerostich for listening to your customers) and they corrected the problem. I bought a pair and I am very happy with the fit of the jeans and the knee pads stay in place and are very comfortable. I definitely recommend the protekt jeans to anybody thinking of buying a pair of riding jeans." —Review by Larry B

AEROSTICH PROTEKT KHAKIS

Designed for the commuter, these highly constructed, American made, 100% cotton twill khaki pants are equally at home in the office, out on the town or riding down the road, thanks to the hidden knee armor and durable, triple layer construction.

Nearly invisible outseam zippers open to reveal knee armor pockets, allowing quick fitting or removal of optional **TF3** impact armor (sold separately at right or below), while wearing the pants. Remove the armor in seconds once you arrive at work and these khakis look, feel and function like standard-issue office wear.

Triple layer knee and seat areas include a hidden 500D Cordura middle layer enhanced abrasion resistance combines with an additional inner cotton liner for comfort. Ride to work, remove the pads, work all day and quickly install pads again for the ride home. Perfect protection for everyday, around-town riding. Machine washable. Made in the United States. Very carefully. They are beautiful.

"Very satisfied. I got these pants primarily for around town riding. They are very comfortable and the sizing is accurate. The zippers for the knee pads work well and are not visable. The fabric is heavy but breathes well and the pants aren't too hot for summer rides. For better or worse, the pants look more like dress pants than motorcycle pants. I told my wife I was going for a ride and when she saw me with the khakis she asked me why I had changed my mind about the ride and why was I dressed up?" —Review by James

ENGINEER'S COTTON RIDING SHIRT

You just can't find this sort of heavy-duty 9 oz. long sleeved 100% cotton shirt anymore, not even at those incredible hardware stores you see in rural small towns. We've sold this style shirt for more than 25 years, but when the original supplier recently started making them somewhere else and the quality got crappy, we found another manufacturer still making them right here in the U.S.A., with better durability and higher quality than the originals.

It's perfect for riding because it combines superior comfort with cast iron durability. Like denim, it becomes better with multiple laundering and wear. You won't see this shirt on someone else unless they're driving an ElectroMotive diesel. White & blue. M-XXL. 

With Aerostich Patch #1845 \$38.00 | Without Aerostich Patch #645 \$35.00

Tall With Aerostich Patch #5033 \$41.00

Tall Without Aerostich Patch #4454 \$38.00

BACK-A-LINE LUMBAR SUPPORT

This is not a stretchy support girdle from a local home improvement store, but real, dynamic back support system that reduces lower back pain, ensures firm lumbar support and improves your spinal mechanics. Muscle support and postural assistance are achieved with the built-in curve of the patented-shaped back pad integrated into the snug-fitting non-elastic belt. Allows your back to work naturally, providing exceptional support and back pain relief for even long, strenuous rides. This Backline DBX back pad also is great for off-bike wear to help reduce or eliminate back pain, correct posture, build strength and muscle memory, and develop a healthier back. Sweat-resistant, washable and breathable wick-away fabric. Black. Small (27-32" waist), Medium (31"-36" waist), Large (35"-40" waist), XL (39"-44" waist), XXL (43"-48" waist). 

#2874 \$43.00

GOLD BELT® KIDNEY BELT

The classic motorcyclists' riding belt. Used for years by off-road racers, the Gold Belt's support is valuable for on-road rides as well. The added comfort this belt provides will enable you to ride farther harder and feel it less later. (Makes you look like you don't have a big ol' gut, too.) Black. Specify size: Professional (7" tall, 25"-36" waist), Regular (8" tall, 27"-36" waist), XLarge (8" tall, 36"-44" waist), XXLarge (8" tall, 36"-48" waist). 

#1809 \$23.00

THE TEXTILE RIDING SUIT PROBLEM...

Nylon or polyester fabrics worn directly between you and a riding suit's nylon (or polyester) outer layer are not especially comfortable when things turn warmer. You want something against your skin that will absorb, disperse, and wick body moisture.

Step out of your gear at a roadside stop wearing only cotton boxers (or briefs) and as comfortable as this might be, someone might call the fashion-police, and they might come and haul your skivvy-clad butt off to fashion-jail in the back of their fashion-squad car.

THE THOUSAND MILE DAY SOLUTION

Old-school all-purpose 100% cotton twill shorts are what you need. Simple. Unlined. The kind that become softer and better the more you wash them.

We looked all over the place for nice old fashioned cotton gym shorts exactly like these. You'd think finding some would have been easy, with Google and Alibaba and everything else right there on the internet. And with Asia full of hungry garment sewers. Not so.

Finding the perfect shorts was like finding the right temperature porridge in 'The Three Bears' children's story. Some were too lightweight. Some were too elaborate. Some needed a separate belt. Some were too expensive. All had some type of goofy problem.

After a couple of years we gave up and stopped looking and the hell with it. We made our own. Now they are being sewn every day,

here. Right along with the riding suits. In five colors and two lengths. Of a wonderful old-fashioned 100% cotton medium weight twill that gets softer and better every time it's washed.

These all-purpose shorts last forever and they don't look bad when you are just standing around somewhere in your riding boots and a t-shirt. Wear under your riding suit or pants, with or without other underwear. (Try commando.) When you are not in your riding gear they look like respectable shorts, yet function like comfortable underwear when you are. Especially after a few washes.

Cotton riding shorts like these are essential riding equipment when you wear synthetic protective textile rider's gear. Try them. You won't be disappointed. Ride all day in sweet comfort.

AEROSTICH MID-WEIGHT COTTON SHORTS

These comfy 100% cotton shorts are great for wearing under a riding suit or anywhere. And everywhere else, too. Hand-made quality using a mid-weight cotton twill that gets soft and more comfy with each laundering. An elastic waistband and adjustable front belt, and two side pockets to hold stuff. Black, Green, Khaki, Dark Blue or Grey. We make these ourselves, right alongside the Roadcrafters. M (32-34), L (34-36), XL (36-38), XXL (38-40), XXXL (40-42) Specify Long (9" inseam) or the risqué Regular (6" inseam). Made in America at AeroStich H.Q. 

#2859 \$57.00

6" INSEAM PICTURED AFTER A FEW WASHES

MEDIUM WEIGHT MERINO WOOL BASE LAYERS

Luxuriously soft, moisture-wicking, **200gsm** Merino wool makes a great foundation layer. Tailored with a contoured fit, all seams are sewn flat for comfort, and the collar and fly are double-stitched to keep out drafts. They wear great across a very broad temperature range. Machine washable or hand wash in a roadside motel sink and dry overnight on the back of a chair. Short Sleeve Top (off white or black) and Long Sleeve Top (black) available in M-XXL. Increases your wool garments' natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10oz.

#303 \$9.50

FAST WICKING MICROFIBER BASE LAYER TOPS

Cooler and drier than cotton underwear, and perfect for multi-day trips. Crew neck, rolled forward shoulder and flat seam design allows maximum next-to-the-skin comfort and microclimatic efficiency for a maximum comfort first-layer. Traps warm air next to your skin and allows moisture to be transported away. Made of an advanced wicking fast-dry knit (dries three times faster than cotton). Wash out at night in any sink (they'll be dry by morning) so you don't have to pack as much stuff. Constructed with durable, comfortable flat seams, and shaped to eliminate bunching and wrinkling. An ideal first layer. Black. M–XL.

Short Sleeve 1811 \$20.00

Long Sleeve 1810 \$28.00

"I've had these shirts for at least 10 years. They wear like iron. I have 10 pair and I wear them every day. Not one seam has raveled, not one tear or hole... They are great to workout in pulling the moisture away from your body... On long road trips you can wash them in a sink and they will dry over night. In the cold they add warmth yet when its hot they keep you cool..." —Review by Mike

"When I opened the package my first thought was wow what a nice shirt. It did not disappoint! I wore this shirt everyday for 12 days in summer temps & northwest rain under my Darien Jacket. I washed it once, and the other times I rang it out in the hotel sink. The shirt kept its shape, neck did not get stupid. Great shirt that will be on my body for motorcycle travel from now on." —Review by David

AEROSTICH MICROFIBER RIDING SHORTS

One of the best technology crossovers from bicycling to motorcycling is padded, stretchy shorts. If you've never worn these things on a long ride, you owe it to yourself to try a pair. They seem to add another couple hundred mile range to a day, as they keep fatigue at bay longer than yer basic briefs. These are a modified version of bicycle shorts, cut slightly shorter in the legs, and with all the Lycra and fleece of the originals. Put a stop to chafing, stay comfortable and keep riding! (Also an old Iron Butt rider's secret weapon.) Black. S (24–28), M (28–32), L (32–36), XL (36–40). Made in America. 

#1856 \$47.00

"I've had these shorts for a few years now and they get worn a lot. They have held up amazingly well, not showing any signs of wear. I got a couple of pairs when I was a bit heavier and I found that they make the ride better. I've lost a bit of weight and now I find these shorts to be very versatile. I use them for working out, bicycling, yoga, and whatever else I try. I got XL when I had a 40" waist; they still fit now that I'm down to a 34. I think I'll be getting a L next time though. The only gripe I have is that they are a bit tall, if you don't have a flat stomach you will probably roll them down when you sit down." —Review by Zig08

BAMBOO-COTTON T-SHIRT

So light-weight and unbelievably comfortable, you won't ever want to take it off, and the high-tech performance means you'll rarely need to. This fabric technology makes it naturally anti-stinky and great for extended rides when packing light. Wicks moisture and protects from harmful sun-rays too. Raglan shoulder seam adds comfort, a better fit and freedom of movement. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. M-XXL. Grey, Green or Red.

#2934 \$32.00

HYPERTECH BAMBOO SHIRTS

Eco-friendly high-tech bamboo fiber offers exceptional performance and long wearing comfort. Adaptive to your body temperature, bamboo fabric keeps you cooler in the Summer and warmer in the Winter. Advanced moisture wicking and natural anti-microbial properties combine for an odor-resistant garment. Also protects sensitive or allergy prone skin with hypoallergenic properties and has a high UV rating for sun protection. Choose from Long Sleeve 1/4 Zip or loose fit Short Sleeve T-Shirt. Made from HYPERTech™ Bamboo Mesh fabric: 52% Bamboo, 48% Polyester. Heather, Blue or Olive Drab. Sizes S-XXL. 

Short Sleeve Bamboo Shirt #5055 \$49.00

Long Sleeve 1/4 Zip Bamboo Shirt #5056 \$69.00

BAMBOO-COTTON LIGHTWEIGHT SWEATSHIRT

Your basic, useful, long-sleeved 1/4 zip top, but with unique Bamboo Performance Technology™ offering high warmth to low weight ratio that regulates temperature and is naturally anti-odor. Extends wearable time between washes. Lock-

down neck/chest zipper for ventilation and a Napoleon style zippered chest pocket that's good for stashing a bike key or whatever. Loose fitting, comfy and great to have along on any ride. 53% cotton/45% Viscose from Bamboo/2% Elastane. M-XXL. Packs small. Heather Grey.

#2933 \$78.00

"I purchased the Bamboo 1/4 zip fleece to replace a merino wool base layer (that died after many years of use). I decided to try bamboo instead of wool. I'm very impressed so far. The garment is very soft and comfortable, the sleeves are long enough, and it fits well.

What has impressed me the most is how well it works. It keeps me warm without feeling hot. I wore it under my Roadcrafter with just a thin moisture wicking t-shirt underneath on a 35 degree ride with no other insulating layers. Normally I'd have worn a polar fleece layer over it, but it wasn't necessary. Although I was cool, it kept me much warmer than I should have been considering the few layers I had on.

This is a shirt that is versatile and could be worn as a regular day-to-day garment. So far, I'm super impressed! Five stars.." —Review by Steve W. (1/8/19)

BAMBOO-COTTON BOXER SHORTS

These are the most comfortable pair of briefs you'll ever own. Bamboo Performance Technology™ provides all day long comfort. This fabric has an amazingly soft next-to-skin feel. It is lightweight, temperature regulating, moisture wicking, anti-odor, easy care and provides UPF 50+ sun protection. All performance attributes are inherent to the fabric and do not wash out. Fitted 6" inseam, double layer FlowMesh™ panel at front, open fly and brushed elastic waistband. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Heather. M(32-33), L(35-35), XL(36-38), XXL(40-42).

#2921 \$24.00

BAMBOO-COTTON BASE LAYER 1/4 ZIP JERSEYS

There's no arguing...women and men agree a Bamboo 1/4 Zip Jersey is must have kit for on and off the bike. It's a great layering piece, light and soft, with a practical cut great for wearing under a button-up shirt on a cold day. Darn comfy on it's own too. The women's version is cut, well...a little more girly and more form fitting than the men's, which is more straight patterned.

The ladies version has thumb-holes at the end of the sleeves too, which prevents the sleeves from bunching when suiting up and keeps cold drafts at bay, which is a nice touch (sorry guys... deal with it). Both sport a semi-lock zipper that stays in place, and of course all the benefits of bamboo fabric apply: Moisture wicking, anti-odor, natural temperature regulation, UPF 50+ protection and 4 way stretch. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Women's S-XL, Men's M-XXL. Black.

Women's Jersey #2931 \$58.00
Men's Jersey #2932 \$58.00

BAMBOO-COTTON BASE LAYER TIGHTS

Soft and stretchable, this fabric offers a second skin fit for added support and comfort. Beyond sublime comfort, this amazing material offers natural temperature regulation, moisture wicking, anti-odor properties for extended wear and UPF 50+ protection. A wide waist band and flat seams will make these a dangerously comfortable bottom layer, whether riding across county, across town, or just hanging out around the house. S(4-6), M(6-8), L(8-10), XL(12-14). Black.

Women's #2929 \$64.00

BAMBOO-COTTON LIGHTWEIGHT V-NECK TOPS

Technical bamboo performance for riding with style and comfort for everyday wear. The soft, stretchy material wicks moisture, offers UPF 50+ protection and naturally integrates anti-odor technology for extended wear, while a wide V-neck and side-split hems ensure all day coziness. S-XL. White, Navy or Pink.

Women's #2930 \$34.00

BAMBOO-COTTON LIGHTWEIGHT CREW TOP

A great loose fit performance layer that features a flattering scoop neck with neat hem at neck and straight bottom opening. The Bamboo Performance Technology™ gives this natural temperature regulation, moisture wicking and anti-odor protection for everyday wear or under intense activity. UPF 50+ protection. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. S-XL. Pink, Green or Blue.

Women's #2935 \$37.00

BAMBOO-COTTON SPORTS BRAS

Providing good mid-impact support with extreme comfort and amazingly soft next-to-skin feel, these sports bras retain all the benefits bamboo fabric has

ENDURANCE

to offer including 4 way stretch, anti-odor, Natural UPF 50+ protection and moisture wicking properties.

Great all-day comfort and support for long-distance riding, off-road adventuring, or everyday wear. The Endurance Bra features a 7.5" compression inseam with a 1.5" wide, supportive band for maximum comfort, with seams hemmed to the outside to eliminate chafing. The Intensity Bra offers adjustable straps, a wide bottom band for extra support and front mesh panel and key hole cut-out at back for strategic ventilation. 55% Organic Cotton/35% Viscose from Bamboo/10% Elastane. S(34), M(36), L(38), XL(40).

Endurance (Black or White) #2927 \$30.00

Intensity (Grey) #2928 \$27.00

INTENSITY

A specially engineered fabric by WSI that warms up when your body's energy interacts with it. The HEATR® technology is integrated into the fibers of the fabric and will not wash out. Soft, comfortable, functional and body mapped with the added benefits of enhanced thermal & wicking properties. Up to 40% warmer than other fabrics, including wool.

FULL HEATR® BASE LAYERS

Specially engineered HEATR® fabric integrated into these base layers provide maximum warmth with less bulk by expanding to generate additional heat when in contact with your skin. Anti-microbial technology assists in destroying and inhibiting the growth of bacteria while simultaneously cutting down odor. Soft, stretchable fabric with flat seams for all-day comfort. Long sleeve shirt features ½ zipper at neck for added venting comfort. The pants are body-mapped with thinner spandex in the gusset and calf area for ventilation and flexibility. For temps from -20° to 50° F. 70% Polyester, 27% HEATR®, 3% Spandex. Midnight Heather. Sizes XS-XL. 

Men's Long Sleeve HEATR® ½ Zip Shirt
#5059 \$159.00

Men's HEATR® Bottoms #5060 \$149.00

LIGHTWEIGHT HEATR® TUNDRA BASE LAYERS

Stay warmer and drier with less bulk in these comfortable, lightweight base layers. Proprietary HeartR® fabric technology is integrated throughout the garments, creating additional heat by expanding and heating up when it comes into contact with your skin. Heating performance is part of the fabric and will not wash out. The anti-bacterial and advanced wicking synthetic fabric is soft and stretchable for all-day wear. Long sleeve crew neck top and bottoms both feature flat seams for added comfort, with the pants also using a slightly thinner fabric layer below the calf and gusset area for enhanced breathability and mobility. An ideal layer for temps from 0° to 75° F. 70% Polyester, 27% HEATR®, 3% Spandex. Black. Sizes XS-XL. 

Men's Long Sleeve Tundra Shirt
#5063 \$98.00

Men's Tundra Bottoms #5064 \$98.00

"I think there's various stages of wearing a 'stich. I've moved through several of them. The most consistent question I get is, "Aren't you hot in that?" (Never, "Wow, you must have stayed really dry today in the rain", or "It's cold out, but I bet that clothing really extends your riding season!")

Originally, "It's pretty well vented, as long as I keep moving! Being stuck behind a bus in 100 degree weather is hard, but as soon as I get to 30 or so, it cools right down."

It got too long, so I shortened it: "It's not as hot as full-body road-rash would be", but that got a lot of puzzled looks.

Then I moved to "Aw shucks, thanks for noticing."

Now it's just "Yep."

—Nate Miller, on Aerostich's FB page, 2-1-16

MICROFIBER SHORT SLEEVE V-NECK

Microtech loose fit short sleeve v-neck shirt offers comfort and performance for all-day wear. Advanced moisture wicking properties. The soft, lightweight fabric feels great against the skin. Use it as a base layer for under riding gear or simply wear it casually. Anti-Microbial properties help prevent odor. 100% performance Polyester. White or Pink. Women's XS-XL.

#5058 \$19.00

SPANDEX SHORT SLEEVE V-NECK

V-neck short sleeve shirt made from soft, durable, 4-way stretch Spandex fabric for everyday wear. Advanced moisture wicking and anti-microbial properties keep you dry and comfortable. 85% Polyester, 15% Spandex. White Heather. Women's XS-XL.

#5057 \$34.00

THE BEST MICROFIBER PACKABLE SHIRT

The best travel shirt available. Supplex nylon has a unique moisture-management treatment to help disperse perspiration. It looks and feels like cotton, but dries much faster. UPF (UV Protection Factor) sun protection. Its extra high, flip-up collar protects your neck. Chest pocket for storage. Imported. Light Tan or Blue. M-XL.

#1860 \$67.00

THE BEST MICROFIBER PACKABLE PANTS

Zip-off legs, shorts or long pants. These pants more versatile and lighter than jeans. One secret is the two layer Supplex® twill which is soft-but-strong and moves moisture away from your skin. Dries super-fast. The waist features a unique conical curve for a perfect fit over your hips. Two front cargo pockets and two rear hook & loop pockets. Great UPF protection. These are the best and most comfortable zip-off leg travel pants made. Imported. Tan or Grey. M (31-33), L (34-37), XL (38-41).

#1862 \$97.00

AEROSTICH SHOULDER SAVER HANGER

The Shoulder Saver is designed to evenly distribute pressure on the inside of garment shoulders, helping to retain the shape of the garment. In addition, the larger size of these hangers allow things to dry out faster, which helps suits and jackets smell fresher and last longer.

#1364 \$27.00

HIGH PERFORMANCE HANGER

Organize and maintain your gear. 3" wide shoulder supports hold up to 150 lbs. Adjustable from 17.8" to 20.8" wide to fit and allow airflow for venting and drying. Up to five optional Power Clips may be added to hold gloves, pants and other gear all on the same hanger. Rubber-tipped jaws hold your gear safely and securely. A great way to keep all your gear all in one convenient spot.

Hanger #1683 \$32.00

Power Clip #1684 \$20.00

FOLDING TRAVEL HANGER

You don't need to be the sadistic Nazi SS villain in an old Steven Spielberg movie to have a pretty good time with one of these. It's fun and useful in any situation where a suit or gear hanger would be good to have. Made from tubular aluminum with strong, flexible rubber joints. Includes storage case. Holds up to 10 lbs. "Now, what shall we talk about, Dr. Jones..." Weighs 2.6 oz. Folds to 2"x11".

#2182 \$17.00

Makes sense, right?! Riding makes the world a better place. So ride more, ride everywhere and be happy! Purple. 100% cotton. M-XX. Made in America. 

#2811 \$27.00

AEROSTICH RIDE, EAT, SLEEP, REPEAT

This mantra of high-mileage riders has been spoken inside rain-lashed helmets at 1 am in the middle of nowhere. Other places, too. Inspired by the instructions on a shampoo bottle. 100% cotton. Grey. M-XX. 

#636 \$27.00

"Endless Cycles. I only wish that described my garage, too. Directions for ownership of this shirt: Wear-Wash-Dry-Repeat."

—Review by John-Mark

AEROSTICH YOU ARE TRAFFIC

If you are not moving, get a motorcycle and break free. Make your commute better. Make your day better. Make your world better. Get a motorcycle and break free. Make a statement and ride there. Rain, shine, hot, cold, it's all better. 100% Cotton. M-XXL. White. 

#5103 \$27.00

"Smart people from history have said the same thing in many different ways, that we conceive and design and then create our technologies, and then we start to use these things and from thereafter our things create us. In other words, if someone starts wearing a one piece Aerostich suit, it changes how, when, where and why they ride. And how they consume 'motorcycling.' And that leads to more riders who want to split lanes and use their bikes in more useful ways."

—Mr. Subjective, 4-17

AEROSTICH NO EXCUSES

It's not how fast, or how far. Have fun. 100% Cotton. Grey. M-XX. 

#2871 \$27.00

AEROSTICH VACATION T-SHIRT

Workdays are filled with stress and deadlines, but getting to work (and commuting back home again) on two wheels can (and should) easily be the best part of your day. Go ahead, throw a leg over. Twist the throttle and take a well-deserved break from everyday rigors. Because every ride really can be a vacation. Heck, you can even take the long way there to enjoy it even more. Don't worry, we won't tell your boss...or your significant other. Enjoy every ride. 100% Cotton. M-XXL. Light Grey. 🇺🇸

#2194 \$27.00

AEROSTICH NO DRIVE

Strong is the power of the car side, with strength and commitment you must defy four-wheeled transport. Then, only then, a rider will you be. And ride you will. 100% Cotton. Black. M-XX. 🇺🇸

#2872 \$27.00

"I bought this for my daughter... She is a huge Star Wars fan and rides a sport bike to work nearly every day. She loves the shirt and it looks great on her! She is very unapologetic about the fact that she is a rider and is quick to correct those that think girls don't belong on bikes..." —Review by Bob

AEROSTICH ORIGINAL T-SHIRT

I RODE THERE

Not even a 100 year flood could keep Carl Behning from riding to the Aerostich factory in 2012. Naturally he picked-up (and customized) an 'I Rode There' t-shirt. These shirts are only available when you visit the Aerostich World Headquarters. Want one? #RideHere

TOTALLY SERIOUS BELTS

Say you park on the sixth floor of a large parking ramp when it suddenly comes under heavy attack by a group of militant anti-motorcyclists and the only way out is a 200 yard slide down a lightly insulated power line straight onto the roof of a neighboring building. Would you trust your current belt for that slide? I don't think so! These belts are for those who need to be able to count on their gear in the worst possible scenario. We love

them for jeans because they fit very comfortably, look cool in all situations, and are lightweight. In a pinch they can be used as an additional tie-down strap and the fall-rated buckle is easy to use and infinitely adjustable. These types of extreme belts are hard to find in these widths which fit standard belt loops. Simple, classy, and strong, like Bond...James Bond. Lengths measure: Sm. 40", Med. 44", Large 47.5".

VIPER

Lightweight, strong and comfortable for everyday wear. 1" wide. M or L. Black.

#1847 \$18.00

LIGHT DUTY

Lightweight, strong and comfortable for everyday wear. 1.5" wide. M or L. Black.

#1846 \$17.00

LAST CHANCE HD

Two layers of HD nylon webbing sewn together for strength. 1.5" wide. S, M or L. Black.

#1838 \$24.00

XL (46"-50") #2868 \$26.00

AEROSTICH DELUXE BELT

The Deluxe Belt uses 1" beadless tubular webbing, but a 3/4" Fastex™ buckle to reduce bulk, making it easier to slide through belt loops. Looks dressier. Black or Brown. Even waist sizes 28" through 46".

#601 \$17.00

"Use a Sharpie pen to color in the grey logo part of the label and you have a 'stealth' version of this belt." —Mr. Subjective, 2018

AEROSTICH MONEY BELT

The zippered compartment on the back is long enough for three stacks of bills placed end-to-end. This is a discreet way to carry hoards of fifties or hundreds on long trips... or just a safe place to forget a single "emergency" dollar. A flat row of quarters will fit, too. One size fits all. Belt can be shortened by cutting and fusing. Black nylon webbing. Standard 1.25" wide, 46" long, or Wide 1.5" wide version. Durable cam-action black nylon buckle (money not included).

#1854 \$27.00

"I have had my money belt for almost 3 years with everyday use. I had my doubts about the buckle when I first got it, but no more. Not sure exactly what it is made of but it works as good as the day I recieved it. I fold 6 bills per stack and pack it full, zipper works flawlessly. I'm getting ready to purchase 4 more for my sons. We have had expensive moneybelts and they just don't last. The Areostich money belt is a great value! Plus - it has gone through airports undetected." —Review by Desenaj

RACING SAILCLOTH WALLETS

Ultra-thin, ultra-light, ultra-tough, water resistant. Purposefully designed, each of these are handmade in Maine. Each uses remainders of the latest high-tech racing sailcloths. They contain lightweight Carbon Fiber, Kevlar, Pentex and Polyester matrixes which make them the toughest in the world. They are so lightweight that they float. Stronger than steel and perfect for carrying and protecting documents, credit cards and cash. Incredibly durable.

MINIMALIST

This water-resistant single pocket slimline fits seamlessly in the front pocket of your jeans or riding pants and tucks away discretely in a tank bag or jacket pocket. Easily holds a few folded bills plus 8-11 credit cards, or about 40 business cards. 4.25"×2.7"×0.8", 5 grams. Assorted colors. 

Minimalist #9361 \$9.00

VANGUARD

As slim as two credit cards and as light as three sheets of 8x11 paper, this water-imperious bi-fold will protect your contents from the elements. Includes a center cash pocket, two hidden pockets that hold cards and two ID windows that will each store an additional 2-4 cards. 4.25"×3.3"×.12", 16 grams. Assorted colors. 

Vanguard #9362 \$24.00

"The Vanguard is small, fits in my front pocket easily, and carries 12 plastic cards and ID's, plus 2 paper insurance cards, and half a dozen dollar bills. That's about the maximum you can comfortably carry with this wallet. I think I'd be happier if I could drop about 2 cards out of the mix. But the wallet is handling the load just fine. I expect I'll be using mine for years to come." —Review by Chilly Willy

TRAVELER

Sophisticated looks and tough enough to last a lifetime on the road. The over-sized cash pockets and six card holders provide essential storage needed by travelers and long-distance riders. Rugged hydrophobic materials keep contents safe and dry. Large enough to carry oversize international banknotes and lots of cards. Small enough to fit with all day comfort in your pocket or slip easily into a tank bag or daypack. 4.5"×3.2"×.3", 16 grams. Assorted colors. 

Traveler #9363 \$29.00

TRADITIONAL TRI-FOLD

EXECUTIVE

WORLD'S THINNEST WALLETS

You won't find flatter, more inconspicuous and lightweight wallets anywhere. These will carry all you need for any journey, whether it's a quick errand to the store, or riding beside wildebeest in Africa. They're better for your back, and help prevent wallet sciatica. Each style comes in both leather and ripstop nylon (which is flatter than flat!). Carry nice in front or back pocket. Patented too, believe it or not. The leather version of the Executive is most recommended. The Anti-RFID versions look and feel identical to the regular models, and prevent tech-savvy bad guys from stealing the information that is encoded on your credit cards.

THE ORIGINAL 100% COTTON BANDANA

These high quality, made in the USA, old fashioned 100% cotton, oversized bandanas are the real deal and can trace their lineage to old west cowboys, farmers and railroad engineers who relied upon them to wipe the sweat from their brow and keep the dust out of their face and collars. Keeping one (or more) handy in a pocket or tank bag will soon provide endless use opportunities. Wear one under your helmet to help absorb sweat and keep it cleaner, tie around the face or neck for sun/dust/wind protection, wear wetted for evaporative cooling effect, blow your nose into one, clean your hands off after a roadside repair or use as a placemat or napkin at a roadside picnic. But not all at the same time. Assorted colors with traditional paisley print design. 21.5"×21.5".

#1547 \$5.00

HELMET LINER CAPS

Thin, high tech liners that fit comfortably under helmets. Choose the CoolSkin Stretch model or the Performance version which is a little softer and nicer. Wear over or above the ears and keep your helmet cleaner and drier. Machine washable. Black. One size fits most.

Stretch #1545 \$18.00
Performance #6014 \$22.00

MERINO WOOL BALACLAVA

Soft, comfortable next-to-the-skin 100% Merino Wool fabric keeps you warm and dry while maintaining a good peripheral vision. Single layer interlock knit construction with flatlock and contoured three-panel design for a clean finish. Wears great under your helmet. Black.

#1599 \$37.00

AEROSTICH WIND TRIANGLE (OR EUCLID'S FACE FAIRING)

This is a simple, functional piece of rider's clothing. The Face Fairing has a hook & loop closure tab that adjustably fits most neck sizes. It can be worn in two positions: like a cowboy outrider, draped low around the neck to warm and protect the chest; or drawn over the nose and mouth when protection from the elements is needed. We now make them with a softer and more comfortable windproof/water resistant WINDSTOPPER® fabric. Hypotenuse 24", Base 16". (XL version hypotenuse is 26").

Fleece (Black or Red) #511 \$25.00
XL Fleece (Black or Red) #512 \$25.00
Ultrasuede (Black or Red) #515 \$30.00
XL Ultrasuede (Black or Red) #516 \$30.00

MICROFIBER BALACLAVA

Warmth without bulk is the mission of these close-fitting head sox. These technical polyester microfiber balaclavas fit under a helmet with a minimum of difficulty. Warm out of proportion to their thickness, these are great to have along when chilly drafts threaten. Superior wicking and fast drying base layer, constructed with low bulk seams for all day comfort. One size fits most. Black.

#1040 \$16.00

SILK BALACLAVA

The most versatile and comfortable of all high performance natural fibers. This soft, thin balaclava is beautifully made and it feels incredible against your skin. Wicks moisture to keep your skin dryer and warmer than you'd expect from something so lightweight. Silk fibers are stronger than steel and will give you years of wear. Machine wash/tumble dry or hand wash and hang dry. One size fits all. Black.

#1548 \$22.00

AEROSTICH SILK SCARVES

A classic silk scarf should be soft, thin and slippery — so you can wrap one around your neck, close up your jacket and rotate your head and neck all day in draft-free comfort, without chafing. These luxurious 100% natural silk scarves are handmade of a soft, dense weave that's perfect for riding. No synthetic fiber is warmer, softer, stronger, or more durable.

Silk provides maximum comfort across every temperature range: warm and draft-blocking when cool, and refreshing when worn wetted during hotter conditions. When you're traveling this durable silk washes perfectly in any sink, too — even with a simple bar of hand soap.

The Standard Scarf model is medium weight, single layer silk of sensuous softness. The Competition Scarf model is similar to the standard model but two layers thick. Both are premium quality, long lasting pure silk that will keep the wind, rain, dust and snow from blowing down your neck, and will pack away ultra-small inside any pocket.

No other neckwear works this well, or looks this cool. 14"×72".

Standard Scarf (White) #1533 \$33.00

Standard Scarf (Black) #1534 \$33.00

Competition Scarf (White) #1567 \$47.00

Competition Scarf (Black) #1568 \$47.00

MIL-SPEC SCARF HISTORY

Silk was so important that its trade probably changed world history more than any other technology. The famous 'Silk Road' connected Europe to the Far East during the middle ages, and this brought together global knowledge that advanced civilization and helped begin the renaissance.

Strategic military considerations, more than demand for fashionable garments, caused the establishment of this trade route. During the middle ages front-line soldiers lived, traveled and fought wearing coarse tunics and outer uniforms. Silk scarves allowed soldiers to close their protective battle (and outdoor survival) garments tightly around their necks without chafing or discomfort, so they could fight better and travel farther. This was a true battlefield advantage.

As recently as World War I this remained so. Early planes and cars were all 'open cockpit'. Soldiers still lived and campaigned outdoors for weeks at a time, and this meant wearing heavy warm gear. After the war civilian pilots, race car drivers, motorcyclists and movie idols (Errol Flynn...) further enshrined silk scarves as garb synonymous with bravery, courage and endurance.

Then airplanes and cars became enclosed and military dress adapted. Soft, slippery scarves became unnecessary. Silk's swashbuckler history and function was not only forgotten, it became a laughable cliché. Something only worn by old men.

The last vestiges of the silk scarfs centuries-long military role evolved into the fashion of men wearing neckties with their sport coats, blazers and business suits. Silk scarves had become decorative neckwear. (Now you know where neckties come from.)

That's sort of sad ending for such an important habiliment—except once again riders have rediscovered how great these scarves work when worn with modern riding gear closed tightly around one's neck. Once you've tried wearing one, you'll never look back. Make some history.

RESPRO FOGGY BREATHGUARD

A comfortably thin, stretchy neoprene face guard that helps eliminate visor and face shield fogging on cold days. Fits (via hook & loop) into all full face helmets. Comfortable in use. Eliminates the need to tip the shield open at every stop.

#1558 \$28.00

COOL OFF TIES

Relief for sultry rides in hot weather. This 100% cotton neckwear is filled with water-absorbing polymer crystals which can hold 350–400 times their weight in water and they release it slowly (over a period of days). Hence, increased comfort in hot weather. A simple, effective tool for heat management. Non-toxic and reusable. 35.5"×1.75". Assorted patterns and colors.

#1551 \$9.00

Touch Screen Ropers

AEROSTICH ELKSKIN ROPERS

Your favorite gloves. You just can't ride anywhere without them. When they finally wear out, it feels like you've lost a friend. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they'll last much longer.

Built for cowboy and ag work, they're tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material.

Touch-Screen version features rows of electro-conductive stitching exactly where needed let you scroll, dial, pinch-zoom, browse and navigate normally.

All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you'll ever wear. Full and half sizes 7-13 (size 11.5 or 12.5 not available) Black may bleed slightly when wet. 

Natural #420 \$49.00

Black #440 \$49.00

Touch Screen Ropers #429 \$67.00

AEROSTICH COMPETITION ELKSKIN ROPERS

These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure, reversed for ergonomic advantage, and also add a generous Elkskin covered TF3 impact-foam knuckle pad.

This is a premium rider's glove, made by a ranch and work glove company in Washington State. They're strong and durable enough to take on everyday rough cowboy and ag work -- from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand.

The visco-elastic TF3 impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions.

These are the ultimate gloves for serious combat touring adventures and all A to B rides. Full and half sizes 8-12 (not available in size 11.5 or 12.5). Natural. 

#421 \$70.00

AEROSTICH MERINO WOOL INSULATED COMPETITION ELKSKIN ROPERS

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A knuckle impact pad adds further protection. Adjustable wrist strap is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you'll use more than you think.

There's an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lining features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5 or 12.5). Order insulated 1.5-2 sizes larger for correct fit. Natural. 

#499 \$127.00

AEROSTICH ELKSKIN GAUNTLETS AND MERINO WOOL INSULATED ELKSKIN GAUNTLETS

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A **TF3** knuckle impact pad adds further protection. Adjustable, gusseted gauntlet seals sleeve cuffs. And the wrist is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you'll use more than you think.

There's an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance. The Brown leather on the Brown/Natural version also has been specially treated to give them additional water resistant qualities compared to the Black and Natural models.

Merino wool lined model features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5 or 12.5). Order insulated 1.5-2 sizes larger for correct fit. Natural, Brown/Natural and Black. Black dyed models may bleed slightly when wet.

MERINO WOOL INSULATION

Reviewing Gloves - motorcyclistonline.com

"The more I ride with teched-out gear that neither looks good nor meets my expectations, the more I appreciate the utilitarian simplicity of Aerostich's products. Today we're checking out some gloves, but any piece of gear you get from Aerostich is designed, tested, and redesigned by motorcyclists with function in mind.

I've been wearing the Aerostich Elkskin Gauntlet Gloves through most of this year's winter here in California. The thick, unlined leather is perfect for our mild winter and the gauntlet easily extends over the sleeve of whichever jacket I'm wearing to ensure no wind makes its way underneath the cuff.

Elkskin is used in the palm for durability, and a softer, thinner deerskin is used throughout the rest of the glove for comfort. New, the leather was soft and comfortable but took a little bit of use and a couple of washes to really break in and fit like I wanted them to. At the base of the wrist is a Velcro strap and an elastic band to ensure proper fit, and there's a second Velcro closure at the base of the gauntlet for securing around your sleeve. On the thumb of the left glove is a small squeegee that comes in handy in the rain, hardly noticeable otherwise.

I was unsure about sizing, as I typically wear an XL and didn't know how that would translate into Aerostich's numeric system. I went back and forth with a representative through a couple of emails over a day and a half and sent in one hand measurement—she was friendly and helpful and, just as she promised, the gloves fit perfectly when they arrived.

These gloves are a solid buy and are sure to last many years. A reliable glove with the best materials and simple, functional design."

—Morgan Gales 2/5/18

To find glove size place hand on diagram as shown. Need help? Call us: 800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add ½ size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

Photo: "On the right is my fifth pair, the one on the left -my fourth- has 50K+, more than half off-road." —Claudio Salusso, 2014

WHICH ELK GLOVE?

"...As I mentioned earlier, I do a lot of sport riding and sport touring on a Honda VFR and will do occasional adventure touring on the GS, so I was leaning toward the gauntlet. Would there be any issues with that fitting over the sleeve of a Roadcrafter and allowing smooth rotation of the wrist?"

"Insulation is not really an issue, given that I live in San Francisco and the climate here is fairly consistent - rarely below high 40s or above the mid 80s." —Chuck S. (email)

"I wear both versions of the Elk glove. 90% of the time I grab either the regular or competition Elkskin Ropers. The gauntleted version is also available, but I seldom take it. Probably mostly because I don't ride a sport bike like your VFR.

"The gauntlet on the uninsulated version of the gauntleted ropers is not lined, so the suede-ish backside of the leather does drag slightly against the sleeve of a textile jacket, but it's not enough (to me) to be an issue. Also, as the gloves break the suede-ishness wears a way slightly so the drag seems even less after a few hundred miles.

"The gauntleted models are slightly more to deal with in subtle, nuanced ways. They are just 'more glove'. The fastest and most unconscious pull-on-and-go is the regular roper. You snap the wrist snap without thinking and go. Perfect for everyday short-hop, on-and-off-the-bike riding. Next fastest/easiest is the competition model. The wrist strap is much more secure than the snap, but it takes a nano-more of consciousness to manipulate it. For all-day riding, though,

I usually pick this one. The gauntlet models add another nano-bit of rigamarole, but for a sport bike rider are probably a better option. These shades of ease-of-use distinction are very slight.

"When I travel I normally take two pair of gloves — usually a pair of competition ropers for wear most of the time, and the insulated gauntleted ropers [above] or Luxury Cowhide. And the triple digit raincovers.

"Last November I rode around Lake Superior with some friends on Gold Wings. I was riding my unfaired bike which has heated grips, but is without hand guards (wind protectors). Temps every morning were about 30°F and the high each day was about 45°F. I had both of the above and switched multiple times for comparison and evaluation. In the end I liked the insulated elk ones slightly better, but it was very close.

"Since that trip (and as a result my experiences on it...) we slightly increased the insulation thickness of the wind barrier hidden within the backside of the hands and fingers on the insulated elk ropers. Before it was a layer of windproof fabric placed between the wool liner and the elkskin outer. Now it's a layer of thin windproof fleece (fleece laminated to a layer of wind blocking coated fabric).

"The elk gloves are sized by glove sizes, not s,m,l, xl, etc. Basically there are twice as many sizes. For example, both a size 9 and a 9.5 are 'm' graded. So you end up with a more precise fit. A good-fitting glove is as important as a good-fitting shoe. It's the only real difference between an ok glove and a great glove." —Mr. Subjective

A SECOND SKIN

Elk and Deer leather mold to one's hand really well. Two tricks to a fast break-in so they will feel great right away: 1.) Start with the exact right size. Our gloves are traditionally graded, not S, M, L, XL, so there are twice as many sizes and the incremental size-to-size fit difference is closer...nearer to custom-made, feel-wise. 2.) On a warm day when you can ride for several hours continuously, wet the gloves completely, wring them out, put them on and go for that ride. At the end they will have dried around your hand, stretching and shrinking slightly in places. From then on they'll feel like a second skin.

WATCH THE VIDEO AT AEROSTICH.COM!

AEROSTICH DEERSKIN

Very comfortable and easy to wear—just like Elkskin, but made of slightly thinner medium weight deerskin so they're ideal for casual, everyday rides, especially commuting and touring. No break-in needed; they will be as comfortable as prewashed denim the moment you put them on. Because they're so light, absorbent and soft, they provide great control feel. Nimble enough to pick a coin off a table, yet strong enough for riding protection. The insulated versions have 3M Thinsulate and a brushed nylon lining, so they are perfect for spring and fall wear. Full and half sizes for a better and more precise fit. For insulated gloves, order 1/2 size larger than non-insulated version to ensure proper fit. Both styles feature thumb visor squeegee.

DEERSKIN

The classic all around American general work and riding glove. Reinforcing welt in the thumb and the middle fingers, elastic back. Full and half sizes, Regular (#422) size 7-11, Insulated (#423) size 8-12.

Comp MKII #ARED \$75.05

WATERPROOF GLOVE COVERS

Enjoy the same control feel, and abrasion protection of your regular leather gloves. These XXL industrial dish gloves fit easily over your regular leather gloves to keep your hands dry and they pack very small. Add a thick rubberband around the wrist for a complete seal. (May not fit really big gloved hands). One size. Green.

#436 \$4.00

LUXURY DEERSKIN THREE SEASON

Maybe only the Japanese, with their respect for and interest in cafe-racer culture, could come up with gloves that are not only ideal for 3-season usage, but which look superb and feel this great when you pull them on and lay your hand to the grips. Beautifully constructed and detailed, these gloves feature fantastic quality hides and are perforated and vented along the knuckles and palm to help keep hands cool when the weather's hot. Sturdy reinforced knuckles, palm and gauntlet make these gloves safe without sacrificing functionality or comfort. Over-size hook and loop cinch strap. The most gorgeous, luxurious gloves in this catalog. Black. Sizes: 8.5, 9, 9.5, 10.

#463 \$227.00

LUXURY COWHIDE WINTER

A top quality Japanese-built glove for colder-weather rides. And really, really comfortable. Made by skilled craftsmen who take the time to align the cut and grain direction of the leather, individually for the right and left glove. A triple layer all-weather design incorporates 1) Super-Excel water resistant hide treatment keeps water out while maintaining natural breathability and softness of the leather. 2) A water resistant and breathable inner lining keeps rain and moisture out while wicking away perspiration. 3) Thermotron insulation is a super soft brushed nylon that uses ceramic micro-particles to produce and hold heat for comfortable warmth. The cuff and palm layers are thinner for better feel while gripping the handlebars while the backside of the hands are lined with a thicker, warmer layer. The fingers are pre-curved for added comfort. The exterior shell is constructed of 1.2 mm waterproofed cowhide leather. The cuff is cinched with hook & loop. Reinforced padded palm. Hand washable. Ultra Nice. Black. Sizes: 8.5, 9, 9.5, 10.

#447 \$197.00

MEDIUM WEIGHT MICROFIBER LINERS

Hand hugging four way stretch brushed polyester fabric offers superior wicking properties and a snug, comfortable fit. This liner keeps hands warmer for better control on chilly rides. Black, M/L, L/XL.

#473 \$15.00

SILK GLOVE LINERS

100% organic and naturally lightweight, these silk glove liners caress, insulate, dry quickly and resist soil and odors. Plus, they feel soooo good. Fairly thin. Black, S-XL.

#470 \$17.00

LIGHTWEIGHT MICROFIBER GLOVE LINERS

Knit microfiber and lycra liners are breathable and offer excellent moisture wicking capabilities. They fit great and offer extra protection for cool morning commutes. A great everyday layering glove too. Black, M/L, L/XL.

#474 \$12.00

MERINO WOOL GLOVE LINERS

Keep your fingers nimble when the temperature drops by wearing a pair of these 44% Merino wool blend liner gloves under your riding gloves. Lightweight knit for ease of movement, rib knot cuff finish provides a bulk-free fit. Touch-screen friendly thumb and forefinger help you stay connected to your mobile devices while keeping fingers warm. Machine washable. S, M or L. Black.

#4498 \$24.00

Advanced, lightweight, powerful lithium-ion internal battery technology makes warm hands easy:

INFERNO Li-ION BATTERY HEATED LEATHER GLOVES

These are the nicest and warmest battery-powered heated glove available. Premium full-grain leather outershell and palm offer rugged durability, while the combined 150g Primaloft plus 100g Heat Lock insulation and a removable DryHand insert provide sublime comfort with all-day windproof, waterproof, breathable protection. Press the soft power button on the back-side of each glove to activate the flexible heating panels covering the back of each glove and wrapping

around the fingers, to toggle four adjustable heat settings and provide up to six-hours of warmth from each rechargeable Li-ion battery. Gauntlet style cuff features easy to use one-handed wrist cinch strap. Black. M-XL.

#4556 \$374.00

COMPETITION Li-ION BATTERY HEATED GLOVES

Serious hand protection from both the elements and impacts. Built for durability and warmth, with integrated hard knuckle armor and full leather palm/fingers, wrapped around 200g of 3M

Thinsulate insulation (20g in palm for improved

tactile feel) and a Stainless Core heating system powered by a rechargeable Lithium Ion battery. Provides up to 4 hours of heat with 3 temperature settings. LED indicator displays heat status at a glance. Gauntlet keeps out drafts and seals up with adjustable cord and wrist strap for added comfort. Touch screen compatible fingers too, so there is no need to remove your warm gloves to activate a GPS or mobile device. Pre-curved fingers and silicone ribs on palm ensure a secure, comfortable grip. Includes charger and storage bag. M-XL.

#4468 \$199.00

PRO Li-ION BATTERY HEATED GLOVES

A nice pair of cold weather gloves with the added benefit of battery powered heat. Stainless Core heating technology combines with 3M Thinsulate Insulation to provide even warmth and heating, plus a Hipora® liner adds waterproof, windproof and breathable functionality. Leather fingers/palm and pre-curved fingers for a secure, comfortable grip and life-long durability. Rechargeable Lithium Ion battery and controller with 3 heat levels, powering gloves

from 2.5 to 4 hours depending on selected temperatures. Adjustable wrist strap and gauntlet for secure fit. Includes charger. M-XL.

#4469 \$179.00

HEATR® GLOVE LINER

Keep your hands warmer. Unique material reacts with your body to generate and retain heat. Antibacterial properties minimize odor for long wearing comfort. Lightweight, stretchable Polyester and Spandex material is thin enough to fit comfortably under your riding gloves to provide an added layer of warm insulation. Sizes S-XL.

AEROSTITCH TRIPLE DIGIT GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin 3.5 oz/sq yd 40d three layer waterproof ripstop nylon laminated fabric breathes during rain conditions so your skin won't become clammy. The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use.

They pack very small, so you'll always have them ready. There's Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M-XL. Specify color.

#442 \$47.00

AEROSTITCH SHORT TRIPLE DIGIT GLOVE COVERS

If you prefer wearing raincovers under your sleeves, these work better and are easier to use. These are exactly the same design as the Triple Digit Raincovers, without the extended gauntlet. Orange or Black, M-XL.

#492 \$47.00

TUCK-IN OR WEAR-OVER?

You are riding along down the highway in the rain, wearing Triple Digit Raincovers. The drawcord around the end of the gauntlet is drawn up tight. Everything is working perfectly, your hands and gloves are dry even though it's coming down in buckets. Then you must come to a stop at the end of an off ramp, and there's a stoplight. Red. You take your hands off the bars and let them fall to your sides while you wait.

All good things must come to an end. Rainwater runs down your sleeves right into the tiny opening at the end of the gauntlet where the drawcord exits. And trickles into your wrist. A few more stoplights ahead and your gloves and hands are now wet inside the raincovers.

There are two solutions: 1) Remember not to lower your arms at stoplights. Learn to fold your arms across your chest or lay them on a tank bag. 2) Wear glove raincovers which are tucked inside of your sleeves.

WATERPROOF WOOL INSULATED WINTER GLOVES

Fend off the coldest and wettest conditions with a combination of removable PrimaLoft® One and boiled wool liners along with fully waterproof and breathable GORE-TEX® inserts. Woven four-way stretch nylon shell and tough goat leather palms provide excellent durability and dexterity needed for season after season of cold weather riding. Extra long gauntlet with drawstring closures. Foam padding on knuckles offer additional abrasion protection. Black. M-XL.

#6031 \$169.00

WATERPROOF FLEECE INSULATED WINTER GLOVES

Premium protection for shielding your hands from cold, wet riding conditions. Constructed from a combination of super durable woven-nylon and goat leather outer shell with EVA padding and a GORE-TEX® insert, held together by tough Kevlar stitching. Rugged outer construction allows exceptional flexibility, movement and dexterity. The extended cuff cinches over your jacket to seal out cold air and wetness. Buttery soft fleece lining with 170g Primaloft® insulation to keep your digits toasty warm. Black. M-XL.

#6032 \$109.00

AEROSTICH ULTRALIGHT RAIN PANTS

These second generation, 40d 3 layer breathable-waterproof nylon pants pack away small yet are strong enough to thwart rain and road spray. If you ride in jeans and a jacket and the weather changes during the day, they'll get you home dry. Ultralight Rain Pants self-store in a 4"x5"x1.5" integral zippered pocket. Long waterproof side zips and fly zips make them easy to get on and off over footwear. Fully seam sealed. An elastic drawstring waist keeps them up. Perfect to stash in a courier bag, fairing pocket or wherever you might need them when it decides to rain. Black or Yellow. M (32"-34"x30.5"R, 32.5"L), L (36"-38"x32"R, 34"L), XL (40"-42"x33.5"R, 35.57L), or XXL (44-46"x35"R, 37"L). 

Regular #409 \$97.00
Long #419 \$97.00

"I have owned other brands of rain pants for those days or times when you need to put on rain gear quickly. Although pricey, these pants are far more better in quality than others. The zippered pants legs are way much better than elastic when trying to get into the pant. Elastic draw string is also outstanding. Fit of the pant is true to form. Rode for several hours in the rain. Outstanding! These pants will allow plenty of air so that you are not sweating in a sauna as compared to other rain gear pants. Highly recommend this pant for your daily commute." —Review by Shawn

LIGHTWEIGHT RIPSTOP RAIN JACKET

The rip-stop nylon shell with DWR (durable water repellent) finish and waterproof breathable T-Core 2.5 Layer laminate make this a great jacket to pack along on longer trips. Double exterior storm flap, 100% taped seams and zippered underarm vents enhance waterproof function and breathability. Elasticized cuffs with hook & loop tabs and adjustable drawstring at bottom hem help provide a precise fit. Two waterproof zip closure pockets with mesh lining for ventilation. Adjustable hood keeps you head dry. Grey or Orange. Men's M-XL

#6033 \$79.00

ULTRALIGHT WATERPROOF WIND SHELL

Packs small into the left pocket for easy storage, this waterproof jacket is made of lightweight, waterproof and durable Ripstop Nylon Taffeta with a DWR finish. Unisex fit features roll-down hood with adjustable visor, elasticized cuffs and adjustable drawcord at hem. Great all-weather protection in a price to fit any budget. Teal or Black. M-XL.

#6034 \$54.00

COMPACT AUTO-OPEN SPF 50+ UMBRELLA

This brilliantly engineered umbrella combines auto-open/auto-close technology with a vented double canopy and +50 UPF polyurethane silver cover for maximum protection from rain, wind and sun. An ergonomic rubber grip and black electrostatic steel shaft & ribs for rugged performance and great looks... weather or not. Closes to a compact 12.5" for easy storage. Push-button, auto-open design with a sturdy steel shaft that telescopes to an extended height of 24" and deploys a 6-panel 42" arc, vented canopy for ample coverage from the elements. Silver. Weighs 12.8 oz.

#4062 \$33.00

CAMPING/TREKKING UMBRELLA

Perfect when you want the best useful ultralight, portable weather protection. Rain or shine. Blocking the sun with UPF 25 (blocks 96% of UV radiation) makes it ideal for traveling in summer months and of course there's always a chance of precipitation while on the road. Durable design for long life and simple, trouble free operation. Opens to a wide 38" spread and with a fixed length of 25", it packs down quickly for storage. Red. Weighs 7.5 oz.

#4399 \$73.00

ULTIMATE TRAVEL UMBRELLA

The world's best and most advanced travel umbrella. The perfect balance of portability and performance in a revolutionary, compact umbrella design. Auto opens easily with an advanced Radial Tensioning System that redirects, transfers and distributes the effort needed to open the canopy. When open, the aerodynamically robust structure fares better in more extreme conditions, providing an ultimate defense against the elements. 37" canopy. Folds to 14", 13.2 oz.

#4158 \$47.00

MINI MANUAL UMBRELLA

Basic, dependable protection in a small package. Folds to diminutive 9.5"×2", but opens to a wide 42" arc. Rubber handle for easy grip with a sturdy manual open, 3-section steel shaft. 8-panel polyester fabric keeps you dry in even the heaviest down-pour. Black. 10 oz.

#4063 \$17.00

AEROSTICH ALWAYS-READY BOOT RAINCOVERS

Practical and lightweight, these ripstop nylon raincovers self-store in a small, flat pocket that secures via hook and loop to the inside shin area of the R-3, R-3 Light, Classic Roadcrafter,

AD1 and Darien Suits and pants. The integrated storage makes them super easy to put on and ensures they are always ready when you need them. 7"×6.5". M (7-9), L (10-12), XL (13-14).

#401 \$57.00

AEROSTICH BOOT RAINCOVERS

Seam sealed 40d three layer rip-stop nylon raincovers that are strong enough to stop rain and road spray all day on a thousand mile rainy day, but pack small enough to carry along and are ready when you need them. A reversed waterproof zipper makes them fast and easy to put on and remove. They are all that's needed

to get home from work with dry feet and boots if the weather changes unexpectedly too. We looked at and tried more than a dozen types from other companies before engineering these. They pack small, are easier to put on and remove and work better. Each cover neatly stores into a built-in hook & loop closed pouch that's only 3"×4"×1.3". M (7-9), L (10-12), XL (13-14).

#407 \$67.00

AEROSTICH COMBAT TOURING BOOTS

The tougher your riding, the better this boot will feel. Combat Touring boots are as strong as the bulkiest specialized off-road footwear, yet are designed to fit easily under your pants for everyday wear. As soon as you put them on you will feel more support and protection than ordinary street boots can offer.

Combat Touring boots are manufactured exclusively for us by Sidi using the best materials and their most experienced bootmakers. They feature quality full grain leather throughout, a Davos competition motocross sole, Scotchlite™ reflective in the heel gusset, generous internal ankle and toe padding, and a special padded collar at the top.

The inner speed lace/cord lock setup with micro-adjustable arch buckle and outer hook & loop calf closure insures a protective, comfortable fit. Combat Touring boots may take slightly longer to form to your feet compared to cheaper boots, but they will outlast them by years. Black. 14" tall (2.7 lb. per boot) Medium width. Wedge or Cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

Cleated Sole #480 \$387.00

Wedge Sole #400 \$387.00

CLEATED

WEDGE

AEROSTICH COMBAT LITES

More ideal for general touring, everyday urban riding and all day street and general purpose wear. Obviously shorter and lighter, but incorporating the identical heavy duty materials, design features, and construction quality of the original Combat Touring boot. Top grain leather and fully leather lined. Fewer individual leather pieces, less seams and is a stronger and longer lasting boot. Black. 11" tall (2.42 lb. per boot) Medium Width. Wedge or cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

Cleated Sole #404 \$347.00

Wedge Sole #484 \$347.00

AEROSTICH GREG FRAZIER STASH POCKETS

Probably the most secure place on your person to keep money and valuable papers. Adhesive hook & loop attaches a secret fold-over wallet made of thin nylon to your boot's inner calf or front gusset. Large enough to hold a bunch of money (or whatever else you don't want found). For some reason neither thieves nor third world border inspectors check moto-travelers smelly, dirty boots. (?) Hmmm...at least not Greg's. Set of two pockets: 3.25"x4.5" and 6.75"x2.75". 

#405 \$27.00

TUFF TOE

Two-part poly-urethane adhesive with abrasion resistant and waterproofing abilities forms a layer of armor on the toe of your boots. Perfect for high wear area protection. Easy to use. Black.

#1225 \$20.00

BAMBOO CHARCOAL SOCKS

Weird if you think about it, but nirvana for your feet. Advanced nanotechnology permanently melds the ancient beneficial properties of bamboo charcoal into the natural fibers of this sock. The result is a supple and incredibly comfortable 200 thread count knit that continues to get fluffier and softer with each washing.

Every fiber is infused with charcoal to provide true odor eating and anti-microbial properties within a unique three-dimensional weave pattern that delivers exceptional moisture wicking ability. And (...“but wait, there’s more!”) as the socks are worn and heated by the body, good negative ions are also released, promoting increased foot health and improved circulation. Made from renewable organic materials, these luxurious socks are not only good for your feet and your health, but are good for the planet too. One wearing will make you a believer. Crew height. S/M (6.5-9), M/L (9.5-13).

#430 \$21.00

MERINO WOOL SOCKS

These performance socks are made from the highest-grade wool available, resulting in unmatched comfort and moisture management capability. Because the wool fibers have a natural crimp to them, they are cushiony and return to their original shape instantly. Made with just enough stretch nylon to ensure a snug fit. Non-itchy as well as being machine wash and dry-able, these socks are at home inside motorcycle boots like no others we’ve tried. Light Weight is grey or black, while the Medium is grey. All are 74% **luxurious, soft, durable merino wool**. Crew height. M (6-8.5), L (9-11.5), XL (12-14.5). 

Light Weight Black (M-L) #1416 \$17.00

Light Weight Grey (M-XL) #415 \$18.00

Med. Weight Grey (M-XL) #1415 \$20.00

COPPER SOLE ATHLETIC SOCKS

Copper Sole technology eliminates 99.9% of bacteria, fungi and odor in these comfortable high-tech socks. Unique support at arch for added performance and comfort with elastic infused uppers to ensure they stay in place during a hard ride. Embedded Copper ions in sock fibers regenerate, creating permanent protective barrier. Copper also plays a vital role in collagen formation, so wearing these socks makes for better looking and better smelling feet. Moisture-Guard wicking system and 10% copper CUPRON™ yarn, make these the most comfortable socks ever to grace your feet. Tallish crew height. M (5.5-8), L (8.5-12), XL (13-15).

#1443 \$15.00

SILVER DRY STAT BOOT SOCKS

Every pair of riding boots can now literally have a silver lining with these technologically advanced socks. The unique dual-action Silver Drystat® polypropylene yarn offers superior wicking and antibacterial properties with integrated silver ions in the fiber core. A medium weight soft padded footbed provides exceptional cushioning, while the patented graduated compression design of the boot-cut uppers are scientifically designed to enhance ankle support, stimulate circulation, provide relief from cramps, alleviate swelling and make feet more happy and comfortable in any riding conditions. Made from 75% Silver Drystat, 15% Spandex and 10% Lycra, these are built to last and engineered for comfort. Grey. Boot height. S (5-7), M (7.5-10), L (10.5-13).

#431 \$32.00

MICROFIBER ANTI-BACTERIAL BOOT SOCKS

These socks have additional Lycra support sections throughout the calf, so you won’t find them cutting off circulation or falling down into your boot.

High-friction areas contain two sections of polyamide, a technical fiber that provides life-long treatment against odor, fungus and bacteria, and extraordinary wicking capabilities result in enhanced comfort.

Boot height socks, made of 75% Antimicrobial Treated Schoeller Polycolon and 25% Polyamide/Lycra, are longer to provide additional warmth to lower leg. Built to last. M (7.5-9.5), L (10-12.5), XL (13-15).

#1407 \$18.00

Little things are the most noticable when it comes to comfort, durability and everyday usefulness. These socks deliver a better fit, handmade quality, superior comfort and incredible durability.

"We are interested in one thing. Producing the best possible socks the world has to offer. Just when we think we've arrived, we start over and improve what we've almost perfected. Little changes, small adjustments—a touch more of this or a drop less of that—is what keeps us going. Guaranteed for life." -darnrough.com

JOHN HENRY MERINO WOOL SOCKS

Tough as nails durability plus all-day comfort. Fine gauge knitting, no-slip performance fit and undetectable seam fusion for a smooth feel. Wicking, anti-microbial and fast drying characteristics perform equally well to cool in the summer and warm in the winter. Mid-level cushion density under foot. Boot height sits mid-calf. Grey.

64% Merino Wool, 33% Nylon, 3% Lycra® Spandex. S (5.5-7.5), M (8-9.5), L (10-12), XL (12.5-14.5). Made in America. 

#6047 \$23.00

BOOT HIKER CUSHION MERINO WOOL SOCKS

Do-it-all cushioned mid-weight hiking sock that ticks all the boxes as an everyday, any destination riding sock. All-day comfort in any climate. Breathable. Anti-microbial. Fast drying. Stay-up performance fit. Seam-fused comfort. Fine-gauge knitting offers a put-it-on-and-forget-it feel.

Boot height sits mid-calf. Grey. 64% Merino Wool, 33% Nylon, 3% Lycra® Spandex. M (8-9.5), L (10-12), XL (12.5-14.5). Made in America. 

#6049 \$24.00

"My feet have never had it this good...ever! More than worth the expense. I love these socks! I wash mine in cold water by hand and learned that because of the tight weave they take a little longer to dry. I have three pair and you can rest assured I am no longer buying any other brands." —Review by Greg H.

OVER-THE-CALF LIGHT MERINO WOOL SOCKS

A comfortable lightweight sock with just the right amount of added padding to the shin area for an extra dose of all day comfort. Not too thick, and not too thin, these Over-the-Calf socks offer excellent warmth in the cool weather and wear cooler in the hot weather thanks to the breathable, wicking characteristics of the 60% Merino knit. Over-the-Calf Height. Black/Grey/Blue. 60% Merino Wool, 36% Nylon, 4% Lycra® Spandex. S (5.5-7.5), M (8-9.5), L (10-12), XL (12.5-14.5). Made in America. 

#6048 \$25.00

ULTRALIGHT O-T-C MERINO WOOL SOCKS

Unbelievably light weight and amazingly soft. This sock offers a lighter-than-air feel with tougher than hell durability. All the exceptional performance benefits of Merino wool (Breathable, wicking, fast-drying, soft), in an ultra light, super comfortable, all-day sock. Over-the-Calf Height. Black/Green. 55% Merino Wool, 36% Nylon, 4% Lycra® Spandex. S (5.5-7.5), M (8-9.5), L (10-12), XL (12.5-14.5). Made in America.

BIONIXX ANTI MICROBIAL SPRAY

Fast, easy and effective way to freshen up your helmet, boots, gloves or any other piece of gear that tends to get a funky smell after many miles of long, hard use. Developed by a chemist, who is also a life-long rider and Aerostich customer. A few spritzes of the pleasant smelling essential oil infused spray will prevent odor causing micro-organisms from growing on your gear. Effective against 85 different types of bacteria, mold, algae and viruses. Leaves your gear smelling fresh with a light, refreshing scent. 4 oz. spray bottle.

#1688 \$11.00

"...My step daughter opened a yoga studio and asked me to make her an eco-friendly floor cleaner. It was soon being used to clean rental yoga mats as well and she sent samples to a large yoga supplies company in California. I in the meantime conducted tests of every ingredient including 25 essential oils on as many yoga mats from different companies that I could find. I sent the results to all them and followed up with a visit...In April 2016 I discovered a novel anti-microbial agent at a trade show and decided to incorporate it into our products...One of the suggested uses is to prevent odor causing microorganisms to grow on articles and surfaces. Early this year, we decided to try and find some other industries to use our product. I immediately thought of motorcycle gear since I had been testing the anti-microbial on my own boots, crash helmet, gloves and even slippers for nearly a year." —John Clarke

SELF-MOLDING FITTING INSOLES

The next best thing to a custom prescription orthopedic. Most insoles simply condense and compact under pressure. These are designed with a firm structural footbed that self-molds to your unique foot shape, cushioning and mirroring each foot for increased comfort, control and support. These are rock solid. Two thicknesses: medium profile (thicker) works best if you're between boot sizes, or low-profile (thinner) uses minimal boot space. 7, 8, 9, 10, 11, 12, 13, 14.

Low Profile #1456 \$43.00
Medium Profile #1455 \$43.00

STANDARD FITTING INSOLES

Perfect for custom-fitting, especially if your foot falls between sizes. Makes boots feel like they were custom made. These insoles feature a patented Etc® fabric top cover that is cool and long wearing. A firm polyethylene mid foam over a molded and shaped structural arch platform provide scientifically researched support that translates to less fatigue, reduced shock, and all-day comfort. Two thicknesses: high profile (thicker) for boots with more volume or low profile (thinner) for boots with less volume. Trim them for a custom fit. 5.5–7, 7.5–9, 9.5–11, 11.5–13, 13.5–15.

Low Profile #1452 \$36.00
High Profile #1454 \$36.00

COMPETITION CBT BOOT LACES

These Competition Laces are designed to be more durable and convenient to use than the standard laces. The tighter weave nylon material frays less, and the shorter overall length means less excess lace to tuck under the outer flap. Cordlock not included—we recommend re-using the cordlock from the existing laces. 🇺🇸

REUSABLE STICK-ON BIFOCALS

Turn any eyewear into bifocal reading glasses. Stick-on lenses adhere with water, are removable, reusable and provide optically correct magnification on any eyewear. Lightweight, ultra-thin, pliable lenses available in +1.25, +1.50, +1.75, +2.00, +2.50 and +3.00 diopters. A smart alternative to expensive prescription readers. Specify magnification.

#1135 \$15.00

ADJUSTABLE-STEM BIFOCAL RIDING GLASSES

If you find yourself squinting to read the map (on the GPS screen, or on paper...), then these wind-cheating glasses are just the ticket. Impact resistant polycarbonate lenses are outfitted with reading glass cheater lenses just below eye level, so they are readily available when you need a close view, and not distracting when surveying the road ahead. A sturdy black frame features arms that can be length-extended for fit, and soft nose pads for a comfortable, near custom fit. The scratch resistant lenses are available in either smoke or clear and provide 99.9% protection from harmful UV rays. Great protective eyewear that look so cool, nobody will even know you're wearing safety glasses. 5.6"x2.5". Specify power of +1.50, +2.00, +2.50 or +3.00.

Clear #1063 \$15.00

Smoke #1064 \$16.00

BUGZ GOGGLES

The original and still the best. About twenty years ago these were the first of a new generation of an old invention. They feature 100% UV protection and a unique dual lens design. Made of optical polycarbonate, the tough outer lens is backed up by a fog-fighting inner

lens. Individual eye frames flex enough to adapt to different face shapes. Side vents are adjustable, helping the wearer control air flow. Soft elastic strapping holds these goggles in place during hard use. Tough and innovative, if you wear goggles regularly, you'll love these. Black frame. Specify clear or smoke lenses.

Clear Lens #1072 \$52.00

Smoke Lens #1070 \$52.00

STRAIGHT-STEM BIFOCAL RIDING GLASSES

Read maps, GPS screens and mobile devices without squinting or holding at arms length. These ergonomic nylon framed glasses feature sleek, high performance, impact resistant polycarbonate lenses, embedded with precisely placed 'cheater' lens inserts to help prevent accidents, headaches and strain on your, um, er...maturing eyesight. Provide 99.9% protection from harmful UV rays too. Lightweight design and a soft, self-adjusting rubber nose pad for all day, under the helmet comfort. Straight temple design with almost no over the ear bend for easy on/off. Available in +1.5, +2.0, +2.5 or +3.0 diopters with a choice of Clear or Yellow lenses. 5.6"x2.5".

Clear Lens #1071 \$24.00

Yellow Lens #1075 \$24.00

DOGGLES

As motorcyclists, it's obvious to all of us why dogs stick their heads out of car windows. But dogs, like humans, need eye protection when riding motorcycles. So preserve Fido's corneas with these comfortable and well-made goggles for man's best friend, for whom you want only the best, right? Doggles feature sturdy construction and metallic black frames with replaceable smoke lenses designed to fit canine craniums. Probably the closest thing to Chick Magnets you are going to find in this catalog. (See dogs on bikes.com for info on riding with dogs.) XS (1-10lbs.), S (9-25lbs.), M (20-60 lbs.), L (50-90 lbs.).

BUCK (& OWNER PAT NORLING)
FEELING FABULOUS AT AEROSTICH, 2015

SHOEI RJ-PLATINUM R

This is the bench-mark of craftsmanship and safety technology in a premier open-face helmet. A Lightweight Advanced Integrated Matrix Plus (AIM+) shell combines fiberglass and organic fibers for superior energy absorption and distribution. Adjustable top and rear vents provide enhanced air-flow while maintaining a remarkably quiet riding experience.

The fully removable/washable interior liner features cheek pad slits for eyeglasses/sunglasses with a soft, comfortable 3D Shock-Absorbent Comfort Liner further enhancing the safety and fit characteristics of this Snell and DOT certified lid. The distinctive visor is removable and convenient snaps allow for aftermarket shield fitment. An adjustable, padded D-ring chin strap keeps this helmet comfortable secure. Matte Black, Light Silver or White. S-XL. 2.8lbs.

#1395 \$328.99*

* Call 800-222-1994 for latest/best price.

ARAI VECTOR 2

Unmatched craftsmanship, performance, fit and value. The shell shape is designed to better flow in the wind and utilizes a proprietary Complex Laminate Construction technology for strength, flexibility and low weight. A multi-density EPS liner provides superior energy absorption to further enhance safety. The inner-liner is removable and washable, with micro-fit cheek and temple pads that utilize 5mm peel-away layers to achieve a perfect fit. The intermediate oval interior shape fits most head shapes better, too. The face shield provides an extremely wide view for increased lateral awareness. Other improvements include an integrated removable breath guard, improved stability with a lower center of gravity, and larger, improved airflow vents, front and rear, for increased airflow with lower noise levels. Snell approved. Exceeds D.O.T. standards. Read sizing instructions online before ordering, and let us know if you have questions. Fits intermediate oval heads. White, Black or Yellow. 3.7 lbs. S-XL

HELMET FITTING

Using a long strip of paper, have a friend measure horizontally around the largest part of your head, about an inch above your eyebrows (see illustration). Measure the length of the strip with a ruler and use the following chart to determine your helmet size:

HELMET SIZE	MEASUREMENT	CHEEK PADS
Small (6 7/8"—7")	21 5/8"—22"	15 mm
Medium (7 1/8"—7 1/4")	22 3/4"—23"	20 mm
Large (7 3/8"—7 1/2")	23 1/8"—23 1/2"	25 mm
X Large (7 5/8"—7 3/4")	24"—24 3/8"	30 mm
XX Large (7 7/8"—8")	24 3/4"—25 1/8"	35 mm

For safety, comfort, and noise reduction, your helmet should fit snugly. If you can rotate your head inside the helmet, it's too loose. Helmets have a layer of soft foam comfort "upholstery" that covers the hard polystyrene (styrofoam) impact absorbing lining. You should be able to feel each pad pressing against your head. If you hold the helmet isometrically (one hand on each side of the helmet) and try to move your head inside of the now "stationary" helmet with only your neck muscles, you should feel the

soft foam upholstery compressing between your skull and the polystyrene. If you do not feel any compression, your head will be right up against the unyielding polystyrene. The helmet padding will break in and soften during about the first ten hours of wear, so if it feels a bit too snug when new, that's normal. A helmet should be snug... not uncomfortable or over-tight.

HEAD SHAPE & ALL DAY FIT » A good fitting helmet is a safer, quieter helmet. To fit any helmet properly you should position it on your head so the top of the eye port opening is about one finger width above your eyebrows. This will tell you if the chinbar fits the shape of your jaw, and how the cranial section fits your head. Pay special attention to the fit around the crown of your head (the part that is contacted by a baseball cap's band). Sizing the helmet to better fit the face instead of the head, will result in a looser fitting, noisy helmet.

NOLAN N100-5 N-COM MODULAR

A synthesis of safety and comfort in a lightweight and aerodynamic Lexan® polycarbonate shell. Built-in spoiler for improved stability, airflow and a quieter ride. A large, optically correct face shield offers ultra-wide field of vision plus UV400 protection and a Pinlock® anti-fog inserts. The internal scratch and fog resistant VPS sunshield deploys/retracts with easy to use button.

The pivoting flip-up design uses stainless steel latches, opened with a single hand by pinching the release tabs under chinbar. Washable interior padding is anti-microbial, accommodates glasses and provides an intermediate oval fit. Reflective panels on the chin curtain and removable neck roll improve visibility for nighttime safety. The comfortable chinstrap uses the fast Microlock quick release clasps. Exceeds D.O.T. Standards. Read sizing instructions online before ordering, and let us know if you have questions. Black or Silver. Intermediate oval fit. S-XXL. 3.86 lbs.

A SIMPLE GUIDE TO MODULAR HELMETS

You can't go wrong with any of these. Some models fit different head shapes (round, wide, long-oval, etc.) better than others, and you'll find specific information about this in the detailed product descriptions for each helmet. General fitting instructions and some useful tips are found in our Helmet Fit Guide.

Good — Rapha Max: Lightweight and very quiet. The standard cheek pads were very tight on my face, and (after a first day of uncomfortable wear on a trip... if you can, never leave on a trip wearing brand new gear) I had to jam a motel ice bucket tightly inside overnight, to compress and soften them up. Softer and thinner cheek pads are available for this helmet. Airflow vents are extremely effective. Double D ring chin strap a pain after using the great Nolan chin strap latch, but you get used to them after a few days of regular use. This one is very lightweight, which is nice. Korea.

Better — Nolan N100-5: Clean styling and useful features. Very

nice overall. From one of the world's largest helmet companies. I still wear an older, simpler version of this helmet one for 95% of my riding (X1002). By far the easiest to use chin strap latch system. Lots of other nice details. Durable. Fairly quiet. Integrated intercom or audio system available. The ultimate chin-bar opening latch and hinge system. Italy.

Best (Two Models)— Shoei Neotec 2: What I'd probably buy today, and would immediately void the warrantee by taking the wonderful chin strap buckle off my old Nolan and sew it onto the chinstrap of one of these, replacing the forever-proven safe-and-reliable-slow (ergonomic P.I.A. in short-distance daily riding) double-D ring system. Superb quality

X-1004 LIGHTWEIGHT MODULAR

Refinements equate to less drag, more sound dampening, long-wearing and ergonomic comfort and a better functional experience you'll appreciate on every ride. Lightweight composite fiber shell. Slightly elongated chin guard flips up easily with center located one-hand release mechanism. Microlock retention system allows comfortable incremental fit adjustment. Washable, removable inner comfort liner. Eyewear adaptive cheekpad design. The drop-down scratch resistant internal VPS smoke tinted sunscreen slides for instant eye relief and UV protection. Ultra-wide clear Lexan faceshield offers excellent visibility and is Pinlock ready. Front air intakes combine with rear extractor/spoiler for excellent ventilation. Compatible with optional N-Com Bluetooth communication systems. White, Silver, Black, or Yellow. 3.40 lbs. S-XXL

SHOEI NEOTEC 2 MODULAR HELMET

Style, precise and adaptable and next-level every-occasion modular helmet design. Streamlined shell aerodynamics provide less buffeting and noise than previous helmets, with a reduced weight 5-ply matrix shell.

Superior ventilation and a fully removable, washable and replaceable dual-density EPS liner. Chin curtain, breath guard and a D-ring retention strap for all-day comfort. Noise isolator cheek pads reduce unwanted road noises for advanced comfort. An enlarged face shield attaches to a smooth opening flip-up visor. The clear shield also includes a clear Pinlock to protect against fogging.

A secondary internal sun shield is mounted inside the shell and operates independently from the face shield via a glove optimized left-side slider. Three outer shell sizes are available to best fit all head sizes. Meets D.O.T. safety standards. Black, Light Silver or White. S-XL. 3.81 lbs.

#1394 \$699.00*

*Call 800-222-1994 for latest/best price.

of construction and details, everywhere. Everything works perfectly. A second or third generation design from one of the worlds best helmet companies. Japan.

Nolan Xlite 1004: Twenty years ago this European company popularized modulars...their innovative N100 was the first of this type to sell in large numbers. Since then they've continued to lead and now the latest X1004 further advances numerous modular technologies. These are very light, ultra quiet, have an easy and fast chinstrap buckle, and like the Shoei, everything simply works perfectly. This maybe is their 5th or 6th generation design, and it shows in every picky detail. Nicely integrated audio and communications systems are available separately, and this helmet feels and works great in all riding situations. You won't be disappointed. They also are lower priced than closely comparable

models so you'll save. More than a c-note. Italy.

Related notes: Modular helmets provide superior versatility. At highway speeds and on sport and unfaired bikes you'll enjoy 'full-face' protection and comfort, yet during short stops, or when riding slow somewhere you can open up the chin bar. This can be specially nice in hot weather. If you want only one helmet to do both all-day longer-distance rides and also for frequent short-hop urban riding, we recommend them.

New helmets take a while to 'break in'. Especially 'full coverage' and modular types. They also take a while to learn the various tabs and slots that open the chin bar and visor and vents. For a while one fumbles around with a new helmet but eventually one learns to use the various bits and it all gets easier. On my old Nolan helmet everything is now second nature. —Mr. Subjective, rev 4-17

FACE SHIELD SUPER VISOR

Riding into a low sun every day can drive you crazy (unless your shield is brand new and perfect). Ordinary dust and nano-scratches catching the light can be absolutely blinding, and unsafe as hell. This solution works splendidly. The visor is aerodynamically engineered and fits all helmet types that use face shields. Perfect vision and less eye fatigue is only a slight head tilt away. Never be blinded by the sun again. 

#1546 \$19.00

HELMET SUNBLOCKER

Full-face helmets don't have projecting visors, and we all know sometimes this results in glare problems when Riding Into The Sunset. This simple product solves the problem nicely. 100% UV rated and easy to apply, the Sunblocker is a flexible, dark, sunglasses-green transparent strip that applies to helmet shields using static electricity, and can be used on many different helmets. Install it along the top-edge of your helmet's shield and enjoy the resulting decrease in discomfort and fatigue.

#1052 \$15.00

Arai #1054 \$16.00

ADHESIVE 3M SOLAS GRADE REFLECTIVE

Look closely at the surface of highway or industrial warning signs and you will find the unique, hexagonal pattern that identifies 3M SOLAS (Safety Of Life At Sea) Grade Reflective. A clear protective layer bonded over reflective glass microbeads ensures strong reflective power—even in wet conditions. Slightly stretchy and trims easily to any shape. Ideal for curved surfaces like helmets. One of the most intense retro-reflectives in the world. Silver color. 2' long by 2" wide. 

#346 \$9.00

COMBO HELMETLOCK

A carabiner with a built-in combination lock makes a great portable security tool. The programmable 4-pin locking latch opens outward, allowing it to fit around handlebars or frame tubes up to 1.5" diameter, and is rubberized to prevent scratching. Use with a lightweight coiled cable for securing multiple items together or as a lightweight anti-theft bike lock. 4"×2.5".

#1182 \$27.00

HELMETLOK CABLE 2

Keep your stuff from walking away with this 3mm thick, PVC coated scratch resistant coiled cable. Expands to 70" in length to weave through helmets, riding suit/jackets, bags or anything else you want to prevent from growing legs. Looped ends designed to work with HelmetLok (#1182), or will accommodate your own padlock. Compact protection for big peace of mind.

#1594 \$13.00

BAR END HELMET HOOK

Eliminate the risk of your helmet falling to the ground. Unique 1/4" ABS hook universally mounts permanently behind existing hand guards or bar end weights. Helmet hangs quickly and securely from the hook via strap or D-ring. Strategically placed holes allow for a small, long-shackled lock or cable for increased security. Also keeps a bag or other gear off the ground for hands-free pre-ride loading of your tank bag or panniers. Useful, convenient and there when you need it. 

#1631 \$15.00

Keyed Lock #1681 \$3.00

AEROSTICH BLOOD TYPE STICKERS

Stick one of these on your helmet for easy to apply safety and ease. Emergency personnel and paramedics will know your blood type, even if you are not able to tell them. One convenient sheet of cut to fit stickers. 8.5"x11" sheet. 

#3471 \$10.00

ADJUSTABLE VISOR WIPE

Adjust the hook & loop strap for a perfect fit around any size glove digit. Align the non-scratch silicone rubber squeegee on a preferred finger or thumb and be ready to wipe away any rain that dares come your way. 1.5"×.25" squeegee, 5.75"×.75" strap. One wipe. Black.

#1361 \$12.00

AEROSTICH VEEWIPE SQUEEGEE

You'll quickly become addicted to this faceshield squeegee. Made of a stretchy silicone material that easily conforms to the thumb or index finger of your left hand, VeeWipes make riding in the rain safer. Pack contains three sizes (one each) to fit all glove sizes and thicknesses. Trim with a scissors for a custom fit.

#1048 \$16.00

AEROSTICH VISOR CLEANING KIT

The two little .5 oz bottles are a nice flat, oval shape so they pack flat in any pocket. These won't leak or spill like tiny pump sprays can, either. One's got a windshield cleaner, the other is "Protectall" (#4796), a fabulous all-purpose cleaner and polish. Also included are a microfiber cleaning cloth and a compact 3"×5" Cordura carrying case. An indispensable shield cleaning kit that packs small enough carry along on every ride, ready for use at a moments notice. No excuses. 

#1051 \$25.00

"Yes, I do use our little face shield kit. And for some reason don't miss the 'spray pump' component. Over the last few years I've become more squeamish about using the filthy windshield cleaning tools in the dirty water out by the gas pumps. I was fine doing that for years but now what I do is take some of the paper towels off the pump island and jam them into my helmet and use the sink in the rest room to clean my helmet. This takes a little more time but at least I'm getting clean water. I don't use the Protect-All wax (one bottle has windex and the other Protect-All) during the day. I usually apply a fresh coat at night after the day's ride is over. My last trip was six road days and four motel nights (to-and-from NYC the slow way) so I did the wax treatment four times. When it rains on a Protect-All'd face shield it's almost as good as Armor-All, and bug splats are also easier to remove." —Mr. Subjective 6-19

VISORCAT WASH/WIPE SYSTEM

See better and ride safer. This compact wash-wipe system mounts unobtrusively to left hand glove. Wiping left to right opens the edge of the sponge guard and scrubs your face shield free of dirt or bugs. Integrated fill tank stores washer fluid or water and is easily refillable. Swipe right to left to activate the twin wiper blades to clear residue or wipe off rain or road spray when riding in wet conditions. Adjustable wrist and finger straps secure it to your glove and loosen in one second to take your glove off. Includes sponge and bottle of visor cleaner fluid.

#1975 \$50.00

CYCLE WIPES

Effective, specially formulated wet wipes for cleaning bugs and grime from visors, shields and bikes. Convenient 12-count re-sealable travel pack stores easily in a pocket or tank bag. The ultra soft, lint-free mesh fabric pre-moistened towlettes are a durable, safe and ammonia free way to wipe helmets, visors and windscreens. They are also perfect for cleaning up your bug blasted headlights and turn signals. Pack of 12 wipes.

#4159 \$8.00

FOG TECH PACKETS

Advanced anti-fog protection. These single use packets will be ready when you need them on a chilly morning or at a rainy gas stop. Five single use packets. 

#1091 \$8.00

ANTI-FOG SPRAY GEL

Superior anti-fog protection for your helmet faceshield, goggles or sunglasses. Spray gel applies easily for clear, effective results in all temperature ranges, from extreme cold to high heat. Compact pen-like spray applicator stores anywhere. 0.338 oz./10mL.

#1136 \$10.00

AT WORK

One cool thing about this holder's office cube adapter in-use is when your helmet and gloves are right there they not only are out of the way and not on a chair or work surface (space in most cubes is limited...) but you can also look over at them and instantly visualize that you'll be riding in a few hours, which is a nice mental thing to do in the middle of a work day...Especially if work happens to extra-boring or otherwise not be going particularly well at some moment.

Another nice thing is that this holder advertises to all the other non-riding co-workers who happen to pass by your work space that you are a rider. It might not seem like such a big thing, but I think it is. This is exactly the sort of 'advertising' that helps create new riders. People who see riding being incorporated into a co-workers life on an everyday level are encouraged by the demonstration. The helmet holder makes riding stand out as something both ordinary and extremely cool at the same time. Enjoy your commutes. —Mr Subjective, 2015

HELMET HOLDER, BLACK

HELMET HOLDER, CLEAR COATED ALUMINUM

AEROSTICH HELMET & SUIT HOLDER

The ideal place to hang your helmet and riding gear whether at home or the office. Attaches directly to any flat surface or with the Office Cube Adapter, will fit over the edge of a cubicle wall or door. Aluminum frame with hanger supporting a half-round cedar post, keeping helmet securely in place. A built-in shelf across the bottom stows your gloves and keys.

Integrated hanger hooks in the steel Office Cube Adapter also provide places to hang jackets and other gear. Includes mounting hardware. Choose classic Black or the tech look of clear coated Aluminum. Helmet Holder 12.6"×6"×10.6", 2 lbs., Office Cube Adapter 12.6"×6"×2.5", 2 lbs.

DOOR OR CUBE HANGER HOOK

WITH OFFICE CUBE ADAPTER

"My husband and I had been searching for wall mounts for our helmets and came across this one. It is a very durable piece of metal with an aesthetic design. I love that it is both minimalist and functional. We stacked one on top of the other and on the bottom mount used an s biner to hang our jackets. It's just perfect!" —Review by Luisa

HORSESHOE GEAR HOLDER

HORSESHOE SPROCKET

AEROSTICH HORSESHOE SPROCKET & HORSESHOE GEAR HOLDER

Riders have long believed that luck and good fortune would protect those passing beneath a horseshoe mounted over the door or above the gateway to any home, barn, garage or workshop. This updates that good-luck tradition (especially America's old west lore from barns, stables and corrals) by welding a meticulously refinished (but well used) motorcycle countershaft sprocket inside the standard horse's hoof accoutrement. Even if you are not superstitious, it looks pretty cool.

Each is crafted by Bob Stokstad, a retired American scientist (neutrino detectors) and life-long daily rider, commercial motorcycle photographer, and grandfather. Add this example of his art to the wall of your bike's abode or workshop...and as you pass beneath you'll enjoy it's silent wish for a safe return from every ride. This is one-of-a-kind heirloom-quality art with a purpose. See one being made at aerostich.com/aerostich-videos. Each measures approx 6"x8". Made in America. 🇺🇸

Sprocket #4425 \$30.00
Gear Holder #4426 \$37.00

MIRRORLOK

Improve your view of the road and never worry about your helmet being stolen again. Unique, dual-purpose accessory raises and extends your stock mirror position for increased field of vision and better rear-view perspective while minimizing vibration. Installs easily into the existing mirror screw mount, the ergonomic design also features a locking push-button keyed shackle release to quickly and conveniently secure your helmet. Optional 16" or 42" cables also safely lock your gear for any off-bike exploration. Made from machined aluminum with a black powder coated finish. Includes mounting hardware and key. 1"x3"x1". 3 oz. Made in America. 🇺🇸

MirrorLok #1150 \$135.00
16" Cable #1152 \$8.00
42" Cable #1155 \$12.00

AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two NikWax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving Roadcrafter main zippers water resistance.

#1334 \$27.00

NIKWAX TX DIRECT SPRAY-ON REPELLENT

Restores the durable water-repellent finish of all types of waterproof/breathable fabrics. Ideal for garments or single-wall tents and synthetic sleeping bag shells. Best when sprayed on damp material. 10 oz.

#1360 \$12.00

NIKWAX GLOVE PROOF

Very effective on leather or synthetics. Penetrates leather deeply. Comes in an easy-to-use 4 oz. bottle. Helps leather last longer and hands stay drier. Leaves dry 'waxed' feel. Not oily.

#1368 \$14.00

NIKWAX LEATHER CLEANER

Cleans and revitalizes leather without oversoftening. Will not strip off the manufacturer's water repellency. Prolongs the life of gear and optimizes outdoor performance. Biodegradable, non-flammable, non-hazardous. 10 oz.

#343 \$16.00

AQUASEAL LEATHER CONDITIONER

Extremely viscous silicone with a proprietary blend of waxes and special oils that condition leather and keep it breathable.

#336 \$8.00

CHELSEA LEATHER FOOD

Proper boot dubbin from England, where they know a thing or two about preserving leather in the face of damp weather and dank conditions. All natural. Specify black or natural.

#1346 \$23.00

NIKWAX TX DIRECT WASH-IN REPELLENT

Wash-in re-waterproofing treatment for all breathable waterproof clothing. It saturates the stitching, fabric, and zippers making a noticeable difference. Hand or machine wash in. 10 oz.

#332 \$12.00

REVIVEX® WATER & STAIN REPELLENT

Safe, non-toxic treatment, developed by the Gore company, enhances and restores the water repellency and stain resistance of garments constructed using GORE-TEX® laminated fabric. 10 oz.

#1345 \$14.00

AQUASEAL

Medium viscosity sealant and adhesive forms a tough, elastic waterproof seal. Permanently adheres to fabrics like neoprene, hypalon, vinyl, Cordura, and heavier leathers. Dries overnight. Urethane base. .75 oz.

#335 \$7.00

NIKWAX AQUEOUS WAX

High wax content leather conditioner. For increased efficiency, use it on wet leather. Buffs to a nice sheen, and can be used on oil or chrome-tanned leathers.

#1338 \$8.00

AEROSTICH CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Complete washing, inspection, and water repellent service for your Roadcrafter or Darien. If repairs are needed you will be contacted with an estimate. Stain removal not guaranteed.

Suit (Jacket and Pants) #255 \$90.00 / Jacket #256 \$55.00 / Pants #257 \$45.00

NIKWAX TECH WASH

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax's Wash-In Waterproofer. Biodegradable. 10 oz.

#333 \$10.00

UV TECH

Works like a sun-screen for fabrics. Reduces color fading and slows the damaging effects of long exposure to sunlight and atmospheric chemicals. Ideal for daily commuters, long distance riders, or those with red garments. One bottle will treat an Aerostich jacket. 4 oz.

#331 \$12.00
