YOUR FIT. YOUR GEAR. YOUR RIDE.
There is a reason to ride motorcycles. Peel away all the fun and flummery, and your motorcycle is an unbelievably wonderful tool for getting you from A to B. Transporting your head, heart and soul to another level, and your body to wherever you want or need to be. Good for everything going on inside each of us. And for the community and our planet.

This is bad-assery of the highest order and goes beyond all costumes, moto-fashions and sub-genres: Adventure-rider, endurance-rider, biker, sport-rider, touring-rider, connoisseur/classic-rider, café-rider, scooter-rider. Whatever. For some, it’s always going to be about fitting in and looking cool...and it’s always about style and fashion.

Aerostich gear is about more riding days. It truly is a piece of equipment, and not styled or fashion sportswear. Just like a screwdriver or socket or some kind of wrench. The right tool for daily two-wheeled, ride-everywhere personal mobility will make riding easier. And safer. You get smarter, stronger, sharper and smoother. Choose the Aerostich gear that best fits your everyday riding needs...and you’ll ride more. Guaranteed.

PERFORMANCE, SPORT & COMMUTING

CITY, TOURING & EVERYDAY
Choose a destination, plan a trip - maps, books, research, GPS coordinates - and hit the open road. Or ride across town, run some errands, take the long way home. Ogle scenery. Gear for any weather, and every location. Pack everything you need for comfort and practicality on the road. Load up the bike with everything you need for work, meetings, appointments or a trip to the store. Fill the tank and enjoy the journey. Wherever it leads you. RECOMMENDED: R-3 Light, Classic Light, Darienlight.

DISTANCE, ADV & AND DUAL SPORT
Ride all night. Ride all day. Nap. Eat. Repeat. Mile after mile. For devouring miles to see what’s around the next corner, from rough overgrown unknown two-track to urban wilderness crossings. Remote places to be discovered. Backroads. Stuff to help get you through the long night, coast to coast. The most reliable no-fail gear. Stuff for all conditions. All-weather. Everytime. Anywhere. RECOMMENDED: Darien, Darienlight.

ALL-AROUND, STREET, CAFE, TOURING
Welcome to Aerostich. We design, make and sell equipment for people who ride motorcycles and scooters. We care about motorcycling, quality, value and customer service. Many of us here ride, too.

A better fit is important. There are over sixty returnable, exchangeable sizes in-stock, plus dozens of optional add-ons and infinite optional custom alterations. Aerostich gear is size-graded by suit/chest sizes, and in short/regular/tall…not S, M, L, XL. This means a lot more comfort and better function.

Long-life service is important, too. It’s good to know that if a zipper breaks or some material wears after long use, or even because of a spill, it can be repaired quickly and correctly. Our factory and headquarters are in Duluth, Minnesota, and some of us have been sewing and taking care of riders for over twenty five years. Better gear is a long-term investment. We’re experts.

If you see things in this catalog you have questions about, please call or email us. We’d like to work with you, and we hope you’ll give some of these products a try.

About this catalog:
It presents a sampling of our products. Our main catalog is 292 pages divided into 8 sections. It costs $10 and you will get that cost back as credit for your next order. It’s also free by request with any order.

aerostich.com/catalogrequest

MADE IN THE USA
Many of the Aerostich products in this catalog are handmade in the USA (indicated with a 🇺🇸). Aero Design & Mfg. Co., Inc. resides in an old old candy factory, near the shores of Lake Superior in Duluth, Minnesota. It is from this large, century old facility, with a focused commitment to time-honored techniques and innovative technology, that we have been designing, refining, manufacturing and shipping high quality, purposefully tailored riders’ gear to customers worldwide, for over 34 years.
“Courage takes practice. Courage is defined as taking risks that are worth it.” —Diana Kimball

A selection of AEROSTICH SUITS from the 292 page catalog
The R-3 (Roadcrafter 3) is the third-generation one piece Aerostich suit. It is 100% waterproof and unlined for maximum airflow, yet slips quickly and easily over your street clothes. Its full-length waterproof zipper entry system is fast, and it doesn’t flutter or flap in the wind. Without a lining it wears cooler, and with seam-sealed rainproof zippers you’ll also stay completely dry, even during the wettest conditions.

Each R-3 takes more than an hour longer to manufacture than previous Roadcrafters, but it’s worth it. You’ll enjoy higher levels of performance, comfort, and protection on every ride. And like its predecessor Roadcrafters, the R-3 is constructed of Aerostich’s exclusive American-made mil-spec 500d Cordura® GORE-TEX® fabric. It’s a strong, long-lasting and highly abrasion-resistant material ideal for this use. (Made-in-USA military gear is the other stuff to have this.)

For increased protection there’s a double layer of this fabric across the seat, and added 1000d abrasion-resistant layers covering the vital elbow/shoulder/knee areas. Beneath each of these is a superior energy absorbing system utilizing removable, oversized impact armor. Each armor attachment point is adjustable to allow fit to be fine-tuned for comfort and ensure it stays in place for best protection. Separately available hip, spine and chest armor options further increase the R-3’s capabilities.

With its oversize two-slider underarm vents, a two-slider back vent and magnetic clasps to hold open the fold-down dual-height collar, you ride cool and protected at the same time. As temps drop and when precipitation comes you’ll remain cozy and dry, too, because the adjustable Ultrasuede collar fits R-3 ONE PIECE SUITS

“...enjoy higher levels of performance, comfort, and protection on every ride.”

BODY COLORS

BLACK  GREY  TAN  OXBLOOD  ORANGE  HI-VIZ

ADJUSTABLE POSITION IMPACT ARMOR

TWO-WAY BACK VENT

REMOVABLE RARE EARTH MAGNETIC COLLAR POSITIONERS

"HALL PASS" HEATED GEAR PASS-THROUGH (INSPIRED BY STEVE HALL)
comfortably around your neck, even with varying base-layers.

Additional features include flap covered hip-side water resistant zippers for fast access to your street pants, a hidden pass-through port for an electric liner power cord, nine strategically placed everyday-useful pockets, a mini-carabiner helmet holder at the upper chest pocket, a highly water-resistant inner wallet/phone/iPod pocket, fit-adjustable ankle and wrist tabs, articulated knees, fit-adjustable waist tabs and an integrated stretch panel across the lower back. There’s also oversized 3M Scotchlite® reflective areas across the back, chest and ankles to enhance conspicuity in low light conditions.

Over 30 standard color combinations give each R-3 a personalized style, and add-on options include Integrated Boot Raincovers, electrically heated and non-heated Chest Insulation and Impact Pads, an Emergency Medical Info Pocket, and detachable arm and thigh Map and Accessory Pockets.

Six available body colors: Black, Grey, Tan, Oxblood, Orange and Hi-viz Lime Yellow. Six standard abrasion area colors: Black, Grey, Red, Hi-viz Lime Yellow, Cobalt Blue, or Pink. Machine washable. Men’s sizes 34 regular, 36–54 short, regular or long. Women’s sizes 2-20 short, regular or long.

Visit aerostich.com to use the sizing and color selecting tools to customize your suit.

aerostich.com/customballistics.

R-3 INNER POCKETS

Optional pockets expand storage options for R-3 and R-3 Light suits. Hook strips on pocket backs attach securely to the integrated loop pre-installed inside suit chest areas. These pockets offer waterproof storage for sensitive items. Drop pocket is 6"×8" and features top opening access with hook and loop closure. It can be added to either side. The longer 5.25"×11" Cargo pocket opens along its side and seals via hook and loop to keep your contents secure. Specify right or left.

R-3 Drop-in Pocket #495 $20.00
R-3 Left Cargo Pocket #496 $25.00
R-3 Right Cargo Pocket #496 $25.00
Set of Three R-3 Pockets Save $10.00 #497 $60.00
Unlined

ANKLE TABS/REFLECTIVE

500d seam sealed mil-spec Cordura® GORE-TEX®

TF impact elbow/shoulder/knee armor

Nine strategically placed pockets

Zippered forearm pocket

**ROADCRAFTER CLASSIC TWO PIECE**

By itself, the fully lined jacket worn alone is wonderful. Armored, lightweight, underarm and back-vented, nine pockets, cool-wearing, rotated sleeves, action back gussets, adjustable waist tabs and much more. Zipped together with the matching pants it’s as fast and convenient to use as a one piece suit.

The jacket overlaps pants by about six inches. It is attached to the pants with a securely sewn 270° circumferential two way zipper that can stand up to stress and hard use. You can start the zipper sliders and connect the jacket and pant while wearing both.

Separately, the pants have a waist drawstring with cord locks, and there are two additional pockets sewn into its lining accessible behind the flaps covering the side zippers. All the features of the one piece design are included in the two piece, making this our most versatile riders suit.

The Roadcrafter Classic jacket is tailored to minimize wind flutter and drag at higher speeds yet it also is lightweight and compact enough to pack away small, or carry into an office.

Years of experience have proven the Roadcrafter Classic’s abrasion protection and all-weather capability. Like all Roadcrafter’s this suit is covered with innovations: high-visibility Scotchlite™ reflective, all those strategically placed pockets, provisions for removable arm and thigh map window pockets, optional hip and back impact armor, highly water resistant underarm and back vents, an ultrasuede collar, and a variety of adjustable tabs and zippers to fine-tune the fit.

**Men’s Roadcrafter Classic Jacket #134 $737.00**
**Men’s Roadcrafter Classic Pants #136 $697.00**
**Men’s Roadcrafter Classic Suit (Jacket + Pants) SAVE $100.00 $1334.00**

**Women’s Roadcrafter Classic Jacket #306 $737.00**
**Women’s Roadcrafter Classic Pants #307 $697.00**
**Women’s Roadcrafter Classic Suit (Jacket + Pants) SAVE $100.00 $1334.00**

**BIB PANTS CONVERTER**

Allows two-piece Classic Roadcrafter pants to be worn as bib-style pants instead of attaching them to your jacket. Fully lined. Specify suit pant size and color.

**Men’s #126 $72.00**
**Women’s #367 $72.00**

**FORWARD LEAN ELLIPSE**

Zip this lined Cordura panel into your two piece Roadcrafter suit to allow greater forward lean and a more comfortable fit on some sport bikes. Increases the suit’s torso length by about 3". Black.

**Men’s #124 $37.00**
**Women’s #394 $37.00**

We offer a dozen choices in addition to the standard colors. Call for free swatches. Ballistics are sold in complete sets only. Mix and match all combinations of ballistics and suit colors with our color picker at: www.aerostich.com/customballistics.

“I just received the jacket via FedEx. The fit is absolutely perfect! I have gone through many jackets and they were never quite right...waist too big and flaps in the breeze, sleeves too short so water gets up them. Without even riding the jacket I can tell it is the best ever!!” — Review by Huli

Reflective radial adjustable ankle tabs
Hand made in the USA
Recommended for All-Around and Touring riders.
DARIEN JACKETS & PANTS

Built for hard everyday wear, long trips and extreme adventure and endurance riding. Whether you are heading across town or across Siberia, this is the toughest most reliable single-layer textile jacket and pants available.

The Darien actually was the first armored textile jacket and pants made specifically for long-distance travelers and adventure riders, and today after more than 30 years of continuous improvements and careful refinements it still remains the benchmark for technical motorcycle trip gear.

With its unique single-layer construction there can be no shortcuts. Nothing is hidden under a lining. Hook and loop is used for positioning its comprehensive TF3 impact armor systems.

Dariens ride drier and more comfortably across a wider temperature and climatic range. The armor is easier to custom-position for fit or remove and replace as required. Emergency field repairs are easier, too. (Important if you’re somewhere remote.)

DARIEN JACKETS

Exclusive features include a tough abrasion-resistant Mil-spec 500 Denier Cordura® GORE-TEX® breathable/waterproof outer fabric, removable hard shell TF3 elbow and shoulder armor, generous 3M Scotchlite™ reflective areas, adjustable anti-flutter sleeve tabs, and removable magnetic collar clasps.

The Darien also accommodates optional TLTec fleece liners that fit perfectly inside this outer jacket (see page 36). The liner’s underarm vent zippers line up, and everything works together perfectly.

Those optional reversible TLTec liners are perfect on cool mornings and for all ‘off-the-bike’ wear, too. They fold into their own compact zippered pockets, and can be attached to your bike or worn on a belt like a fanny pack. (With new construction, an optional zip-in liner zipper, #375, is available at no charge.)

Available colors: Black, Grey, Tan, Oxblood, Orange, or Hi-viz Lime Yellow. All Darien Jackets come with black details. 36–54.

Darien Jacket #132 $597.00

Optional custom alterations for women include

TLTec Wind Pro Liner #133 $227.00
TLTec Wind Blocker Liner #139 $247.00
Kanetsu WINDSTOPPER® Electric Liner #267 $317.00
Kanetsu AIRVANTAGE® Electric Liner #291 $377.00

“...after more than 30 years of continuous improvements and careful refinements it still remains the benchmark for technical motorcycle trip gear.”
DARIEN PANTS

Cut like khakis (and some jeans), these unlined overpants are the perfect match for a Darien Jacket. Two front pockets, one back pocket, a flapped front fly, and a waistband with belt loops containing a removable Aerostich belt are some practical details.

Full length side zips with inner and outer flaps insure easy on-and-off convenience and severe weather protection. Bent knees, large 3M Scotchlite™ reflective ankle adjustment tabs and shaped, removable TF3 knee armor complete the specifications. 500 Denier Mil-spec Cordura® GORE-TEX® fabric is fully seam taped for comfort and strength. Black, grey or tan. See web site for alterations and sizing. 30–46 waist, regular and long.

Darien Pants #155 $387.00

“The workmanship is top notch - very well sewn and sealed. They started out quite stiff, but they’re beginning to loosen up a little. It has been quite cool (for California) with temperatures below freezing, and these have kept me quite comfortable at 75 mph on my daily commute on my naked (no fairings) motorcycle. I look forward to replacing the jacket with a Darian jacket - the Aerostich quality is quite compelling. Good gear, well made here in the USA. Would definitely buy again.” —Review by Bart

“I've put over 3000 miles in less than three months in these pants. When it was hot out, yes they were a bit warm, but not uncomfortable (as long as I was moving). I got the grey pants, and they didn’t seem too stiff out of the box. Not more than expected anyway. Like I said, they have over 3000 miles and are great. I have worn them through MAJOR rain/thunder storms and my pants were dry. I did have my regular pants tucked into my boots. A couple of times I didn’t and about three inches of the cuff was wet. I think that these pants are great and I’m glad I got them. Worth the price.” —Review by Shawn
Looking for an expertly stitched rider’s jacket crafted from waxed cotton fabric in a functional style that has been refined by over 30 years of road experience? With a superior fit, unmatched comfort and extreme performance in all-weather, any distance riding?

Beginning with pockets, vents, armor and details from the Roadcrafter Classic, this version features a supple and durable 10 oz. waxed cotton outer with a second layer of waxed cotton at the elbow and shoulders for more abrasion protection. And for comfort everything is fully lined with durable black supernyl.

Removable TF3 impact armor is included in the shoulders, elbows and knees, with pre-installed loop for easily adding optional back and hip armor. Underarm vents, a two-way zippered back vent and adjustable dual-height collar allow excellent airflow on warm days.

Nine outer and one inner pocket provide ample storage for your everyday carry items, including a large cargo pocket on the right chest with an integrated supernyl stash pocket inside for quick access to cash, cards, or phone. A zippered pocket on the right forearm is great for change, keys or earplugs. Attached and hidden under the logo pocket flap on the left chest pocket is a helmet holder carabiner, and the pass-thru design behind this pocket allows for quick glove storage when gassing up or doing anything else. Large left and right lower cargo pockets feature fold-over flaps for secure stowage.

Black or Brown 10 oz. Waxed Cotton, with Black, Brown, Green or Orange 8oz. Waxed Cotton on the shoulder and elbow areas. (Pants in Green and Orange available by special order only.) Beard and tattoos optional. Men’s 34, 36–54 short, regular or long. Women’s sizes 2–20 short, regular or long.

Men’s Jacket #521 $667.00
Men’s Pants #524 $597.00

Women’s Jacket #570 $667.00
Women’s Pants #571 $597.00

Reflective Add-On Jacket #7500 $60.00
Reflective Add-On Pants #7501 $40.00
Reflective Add-On 1-PC Suit #7502 $85.00

10 oz. waxed cotton outer with a second layer of waxed cotton at the elbows, shoulders and knees.

Belt loops and a waist drawstring with cordlocks.
COUSIN JEREMY BIB PANTS CONVERTER
Allows two-piece Cousin Jeremy pants to be worn as bib-style pants instead of attaching them to your jacket. Fully lined. Specify suit pant size and color.

Men’s #541 $67.00
Women’s #576 $67.00

Recommended for All-Around Street, Cafe, and Touring riders.
Aerostich Kanetsu Electric Vests

A superior blend of ultra-compactible design and careful craftsmanship. Key technical features that make an Aerostich electric vest better: A slightly shorter, thinner heated collar that fits your neck right and slides under a jacket collar with less bunching. A longer trunk length in back and a shorter front to provide a more total heated area.

**Fleece**

The best electrically heated fleece vest. It is the most proven, comfortably warm, everyday hard-wearing electrically heated vest available. Created in 1996, it offers a unique blend of common sense engineering, warm wind blocking fleece, clean-compactible design and careful craftsmanship.

You'll appreciate its warmth, ultra-compactness and draft-stopping efficiency the minute you slip it on. It's also the least restrictive to wear beneath a closely fitted jacket or riding suit. Two pockets: one for storing the power cord and one that the entire vest stuffs into, forming a neat, compact pillow. Includes: fused, lighted coil cord hook-up and power switch. 45 watts / 3.3 amps (works with all BMW standard power outlets). Specify QuiConnect 2, SAE or BMW connectors. Fleece is extra versatile because it's reversible for varying conditions and situations. Wear fleece in or out.

Optional Fleece Zip Off Sleeves #288 $77.00

**WINDSTOPPER®**

A more packable version of the original fleece electric vest. Like that model, this version is also a most reliable, comfortably warm, hard-wearing electrically heated vest.

You’ll appreciate its warmth, ultra-compactness and draft-stopping efficiency the minute you slip it on. It’s also the least restrictive to wear beneath a closely fitted jacket or riding suit. Two pockets: one for storing the power cord and one that the entire vest stuffs into, forming a neat, compact pillow. Includes: fused, lighted coil cord hook-up and power switch. 45 watts / 3.3 amps (works with all BMW standard power outlets). Specify QuiConnect 2, SAE or BMW connectors.

WINDSTOPPER® fabric is 100% windproof and half as thick as TLtec Wind Blocker fleece. Black. S-XXL #285 $197.00

Optional WINDSTOPPER Zip Off Sleeves #290 $77.00

**TLtec Fleece**

The best electrically heated fleece vest. It is the most proven, comfortably warm, everyday hard-wearing electrically heated vest available. Created in 1996, it offers a unique blend of common sense engineering, warm wind blocking fleece, clean-compactible design and careful craftsmanship.

The fuzzy, cozy-warm, windblocking TLtec fleece is luxurious. This heated vest is extra versatile because it's reversible for varying conditions and situations. Wear fleece in or out.

Two pockets: one for storing the power cord and one that the entire vest pulls into, forming a neat, compact package. Includes: fused, lighted coil cord hook-up and power switch. 45 watts / 3.3 amps (works with all BMW standard power outlets). Specify QuiConnect 2, SAE or BMW connectors. Blue. S-XXL #282 $187.00

Optional Fleece Zip Off Sleeves #288 $77.00
WARMBIB

On colder rides enjoy quick warmth spreading evenly across your chest. It’s a difference you’ll feel even on shorter rides.

Stuffing old newspapers underneath your jacket might cost a bit less, but that is uncomfortable and doesn’t add heat. This patented bib is electric-warm, windproof and packs really small. The smooth outer fabric layer is black GORE-TEX® WINDSTOPPER®, and the side toward your body is a comfy black micro-fleece. The radiant electric heating layer is between.

The bib stays in place under your jacket perfectly because the inner fleecy layer is grabby and the outer WINDSTOPPER® layer is slippery. The comfortable low-profile fleece lined collar closes fast with hook and loop located at the upper chest and keeps drafts away.

Self-stores, power cord and all, into a built-in zippered pocket. Patent #D641,543S. 30 watts, 2.5 amps. Two sizes: Regular to 5’9”, and Tall over 5’10”. Includes a fused, lighted power switch coil cord.

With SAE Lighted Switch Cord #221 $97.00
With QuiConnect Lighted Switch Cord #229 $97.00
With BMW Lighted Switch Cord #231 $97.00

MICRO-FLEECE INNER LAYER

FOLDS INTO ITS OWN POCKET

ELECTRIC CHEST INSULATION PAD

Keep your chest and core warmer, with an easy to install Chest Insulation Pad. Extends the functionality of the RoadcrafterLight into cooler riding conditions. Made from Windstopper® with a soft micro-fleece inner layer. Self-stores in a built-in pocket. 30 watts, 2.5 amps. Specify SAE, Quiconnect 2, or BMW connection. 16”×17”. Black.

#241-273-281 $97.00
Non-Electric #242 $32.00
CRASH REPAIRS

Between 20 and 40 miles per hour, Roadcrafter suits usually sustain less than $250 of damage; between 40-70 miles per hour, $250-$500 of damage; 70-100 miles per hour, $500 or more. These figures are estimates—the actual amount of damage varies depending on the circumstances of each accident. A suit is “totaled” and cannot be repaired if the cost of the repairs exceeds half of the price of the suit at the time it was manufactured (for example, if a suit’s price was $800 when it was first sold, it will become “totaled” today at $400). You will be contacted with an itemized estimate of repairs needed, based on time and materials, before work is begun. Garment should be cleaned and pads removed before returning. Cleaning service available. Contact us for current turn-around times before sending your gear.

OTHER REPAIRS

Broken zippers, torn linings, melted ballistics and other repairs are estimated based on the materials and labor involved. Replacing a zipper or some hook and loop is usually between $30 and $60, but we will contact you with an estimate before performing any work. Garment should be cleaned (but not waterproofed) and pads removed before returning for repair. Cleaning service available. Contact us for current turn-around times before sending your gear.

for info on “Regular” vs. “Light” Aerostich gear.

Hi Aerostich,

I’ve attached pictures of the Darien jacket and pants so you can evaluate the quality of the product. Crash history is a 50 to 55 mph impact with a deer while riding a KLR 650. Bike jumped on impact, washed out and low sided on return to the pavement, and we each slid about 260 feet. While sliding I can remember processing the “damn” of the crash, the push off to clear the sliding bike, the concern of the slide, the realization that I was sliding on the pads and not being injured, and the joy of how well the clothing was protecting me. Straight slide with no cars coming and so it was even enjoyable in the revelation that I would be alright, and the money spent on quality items as functional insurance was paying off, though I had always hoped it wouldn’t have to. I didn’t include pictures of the toe of my Combat Touring Boots, which were road rash scuffed but otherwise intact. Though the deer did not fair so well, I was able to pick up the bike, clear the deer from the road, assure the concerned motorist that I was, much to his disbelief, fine, and continue my ride to work. There is literally not a mark on my body, though the corner of my cell phone is a bit abraded, and my worst injury is a slight bruise to my palm from the torque of the handlebar during impact. Thanks for being part of a group that makes available a quality of gear that allows such benign outcomes to such potentially life changing catastrophes. Damage to the clothing is so quietly unremarkable, that it belies the difference that its absence would make.

Todd Teicheira

A selection from the OFF AND RIDING section of the 292 page catalog »
COTTON SWEATSHIRTS
Heavy duty, super comfortable old-fashioned regular and hooded models. Classic black 90% cotton that looks great in any off-bike scenario, and wears long. Cotton/Poly blend. Black. M-XX.

Standard Sweatshirt #641 $42.00
Hooded Sweatshirt #2873 $47.00

MID-WEIGHT MERINO WOOL SWEATERS
This sweater is comfy enough next to your skin to be worn as an inner layer, yet substantial enough to be used as a mid or outer layer. 100% dense-knit 380gsm Merino wool resists wind and keeps you toasty, yet breathes so you won’t sweat to death.

Full zipper and zippered chest pocket. Lower in the back with an interior chin/wind guard and flatlock seams throughout. This is the best mid-weight sweater you’ve ever worn. Travel washes and dries well. Blue, Black or Tobasco. 18 oz. M–XL. XXL available in Black only.

#1848 $165.00

"This is one great full zip sweater. I’ve owned it for more than a year. I’m happy the temperature has dropped so I can start wearing it again. The tighter sleeves work great under all my riding jackets and the fit everywhere else is good. I wear it to work everyday, out to dinner, around the house and while riding. I pretty much live in this sweater during the dreary season. I’m on the Aerostitch site to buy another one and just squirrel it away in case this one ever wears out. No sign of that yet." — Review by Jeff

NIKWAX WOOL WASH
Increases your wool garments’ natural wicking properties and removes dirt and odors. Works on fine Merino garments. Water-based, so it is gentle on the environment. 10 oz.

#303 $9.50

NIKWAX TECH WASH
Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for NikWax’s Wash-In Waterproofer. Biodegradable. 10 oz.

#333 $9.00

BAMBOO-COTTON LIGHTWEIGHT SWEATSHIRT
Your basic, useful, long-sleeved 1/4 zip top, but with unique Bamboo Performance Technology™ offering high warmth to low weight ratio that regulates temperature and is naturally anti-odor. Extends wearable time between washes. Lock-down neck/chest zipper for ventilation and a Napoleon style zippered chest pocket that’s good for stashing a bike key or whatever. Loose fitting, comfy and great to have along on any ride. 53% cotton/45% Viscose from Bamboo/2% Elastane. M-XXL. Heather Grey.

#2933 $53.00
More than common and generic ‘outdoor’ fleece jackets, these are both tailored and engineered for riding. Each Aerostich fleece jacket is made right alongside the Roadcrafters and Dariens, and is designed to work perfectly within all of your riding gear. It’s a warm, draft-blocking, comfortable, lightweight layer of insulation perfect for three and four season rides. They wear wonderfully off-the-bike, too.

The details make a difference you can feel. We start with genuine Polarfleece (The original… there are many inferior copies) and YKK zippers. Each collar is tapered for more comfort with a helmet strap and the sleeve diameter is trimmed down for less bulk under riding gear. Sleeves are more forward rotated, too. And the long underarm ventilation zippers match Roadcrafter suits. Durable Lycra/nylon bindings at the hem and sleeves are comfortable and stop drafts without absorbing water.

The torso is also a bit shorter in front and longer in back for a better fit, and the sleeves are usefully a bit longer than you’ll find in typical fleece jackets. Zippered inside and outside chest pockets secure valuables like wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandanna.

A high-warmth, low-bulk jacket that will become your favorite the first time you put it on. Machine wash. S–XXL.

On extended trips you can count on experiencing higher elevations, all-day cold snaps, or some chilly early starts. These Wind Blocker pants are made to a functional, comfortable pattern and pack light and small. For ventilation and convenience, #5 YKK two-way zippers run down the outside so the pant legs fit over boots. The full length side zips and fly make putting them on faster and easier than changing into long underwear. Many riders wear them over their jeans and under a riding suit. They provide a remarkable amount of extra warmth. Machine wash. S (28-30), M (32-34), L (36-38), XL (40-42), XXL (44-46).

“I was weary of spending the money on these pants, but I gotta say I’m impressed. I substitute these pants for my normal pant liner over my jeans and my legs have never been so warm in cold weather. Very nice pants and so much easier to on/off than long underwear.” —Review by Taetor
ELKSキン ROPERS

Your favorite gloves. You just can’t ride anywhere without them. When they finally wear out, it feels like you’ve lost a friend. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they’ll last much longer.

Built for cowboy and ag work, they’re tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material.

All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you’ll ever wear. Full and half sizes 7-13 (size 11.5 or 12.5 not available) Black may bleed slightly when wet.

Natural #420 $49.00
Black #440 $49.00
Touch Screen Ropers #429 $65.00

COMPETITION ELKSキン ROPERS

These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure, reversed for ergonomic advantage, and also add a generous Elkskin covered TF3 impact-foam knuckle pad.

This is a premium rider’s glove, made by a ranch and work glove company in Washington State. They’re strong and durable enough to take on everyday rough cowboy and ag work -- from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand.

The visco-elastic TF3 impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions.

These are the ultimate gloves for serious combat touring adventures and all A to B rides. Full and half sizes 8-12 (not available in size 11.5 or 12.5). Natural.

#421 $69.00

MERENO WOOL INSULATED
COMPETITION ELKSキン ROPERS

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A knuckle impact pad adds further protection. Adjustable wrist strap is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you’ll use more than you think.

There’s an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lining features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5 or 12.5). Order insulated 1.5-2 sizes larger for correct fit. Natural.

#499 $119.00
ELKSkin GAUNtLETS
AND MERINO WOOL INsULATED
ELKSkin GAUNtLETS

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A knuckle impact pad adds further protection. Adjustable, gusseted gauntlet seals sleeve cuffs. And the wrist is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you’ll use more than you think.

There’s an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lined model features hidden wind blocking fleece across the backside, positioned between the Merino inner and leather outer.

Full and half sizes 8.5–13 (not available in 11.5 or 12.5). Order insulated 1.5–2 sizes larger for correct fit. Natural, Brown/Natural and Black. Black dyed models may bleed slightly when wet.

TRIPLE DIGIt GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin 3.5 oz/sq yd 40d three layer waterproof ripstop nylon laminated fabric breathes during rain conditions so your skin won’t become clammy.

The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use.

They pack very small, so you’ll always have them ready. There’s Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M–XL. Specify color.

#442 $47.00

SHORT TRIPLE DIGIt GLOVE COVERS

If you prefer wearing raincovers under your sleeves, these work better and are easier to use. These are exactly the same design as the Triple Digit Raincovers, without the extended gauntlet. Orange or Black. M–XL.

#492 $47.00
YOUR FIT

Aerostich gear is inspired by a strong desire to be able to ride more. Less fashion and more a tool or equipment designed and crafted to meet that...need. With a wider selection of sizes, color options and optional fit alterations, each piece of Aerostich gear becomes comfortable and practical part of every ride. Your Fit. Your Gear. Your Ride. 100% Cotton. M-XXL. Brown.

#5102 $27.00

YOU ARE TRAFFIC

If you are not moving, get a motorcycle and break free. Make your commute better. Make your day better. Make your world better. Get a motorcycle and break free. Make a statement and also ride there. Rain, shine, hot, cold, it’s all better. 100% Cotton. M-XXL. White.

#5103 $27.00

Don’t often ride with a support vehicle? 

“To look at a bungee is to imagine possibility, to dream where the bike can take you and what you can bring along.” —Mark Lindemann, The Brotherhood of the Bungee, Cycle World’s travel and Adventure, June 2015
**TANK PANNIERS**

These tough, semi-rigid containers keep your load low and secure. Extremely handy for day-to-day use with or without a tank bag, they fit a variety of unfaired motorcycles. Detailed for a sleek look and functional design, and a great value for the price. Constructed of tough, water resistant urethane coated 1000 Denier Cordura nylon with an adjustable mounting system: two padded two-inch wide hook & loop closed webbing straps plus two adjustable bungee shock cords. Hook & loop attached neoprene tank pads protect your paint and eliminate slippage. Removable plastic inserts shape and define both of the bags. The panniers also feature two pockets along the rear panels for small items like pencils and a tire gage, several 1" web straps for attaching additional items, and 3M Scotchlite reflective material on the front and outside panels. Specify Black or Hi-Viz. Standard (12"×9"×5", 8.8 Liter, each) or Competition (12"×7.5"×4.5", 6.6 Liter, each).

- **Standard #903** $145.00
- **Competition #902** $145.00

**ORTLIEB THIN WATERPROOF SADDLEBAGS**

Narrower waterproof saddlebags are perfect for travelin’ lighter and faster. ThinCase Dry Bag Saddlebags only stick out 4" on each side, but will hold more than enough for most trips. Each side bag is a modified and reinforced Waterproof Brief Bag (#1968) so it’ll retain its shape and protect your contents. The ‘throw over’ mounting system is secure, fast, and versatile. The roll-over seal and top loading opening is easy to use and absolutely waterproof. A lightweight (but strong) system. 11.8"×15.7"×4" each. 1480 cu. in. total.

**#9005** $230.00
ORTLIEB ROLLTOP WATERPROOF DUFFEL BAGS

Bombproof dry bags that open fully across their length so you can get what you need without having to unload half your stuff. Strong webbing handles and quality fasteners make the bags easy to carry and use. The “fold over” seal is maintained with two unique, flexible battens that hold the shape when open and enable fast and secure closing. Totally waterproof, fully seam sealed PVC material is tremendously cut and abrasion resistant. Travel thru the worst weather without worrying about getting your electronic items, optics, beach towels, cold weather underwear, street shoes or favorite flannel shirt wet. Dry bag duffel bags like these are the easiest and best way to pack. Red, black, or yellow. S (10”×19”), M (11”×21”), L (14”×24”).

“I’ve had this Ortlieb bag now for about 5 years and it has been fantastic. Use it for more than just cycle trips. Of particular note - last week while riding the Blue Ridge mountains, I failed to properly secure the bag and lost it on the highway at 70mph. Fortunately nobody ran it over or was hurt - the bag had a few scuff marks but HELD TOGETHER - it was completely stuffed tight - and held amazingly. I was sure it would have exploded - awesome bag.”
—Review by Andy

CORDURA DRY BAGS

Not conventional stiff plasticy PVC dry bags, but sewn and seam sealed three-layer Cordura fabric roll top drybags that are though, durable, highly abrasion resistant...and which handle, load, unload and feel a lot nicer in day-to-day use. Smaller to fold-up, pack away and carry than regular PVC drybags, too. Proven tough and durable, they feature a large barrel-top opening and a classic roll-top design which is a snap to close with side release buckles. Built-to-last all-weather storage that feels and works better. Medium – 16.5”×10.5” (10.72 L), Large – 23.5”×13.5” (25 L). 330D Red or 160D Hi-Viz.

WATERPROOF SIDE ZIP BAGS

These seam sealed waterproof containers provide great lightweight storage and instant access to tents, sleeping bags, sweaters, road food, or anything else. They’re the fastest way to carry items in a “bedroll” shape without having to fight a long, narrow drybag or stuffsack. Full length Therm-a-Rest pads lay right inside with room for a pair of sandals on the side. The end-to-end waterproof zipper makes them dry enough for all-day torrential rains yet super easy to access. 160 Cordura fabric makes them super durable. All-time favorites. Specify Medium (4”×22”×4”) or Medium Long (4”×26”×4”) and Large (6”×22”×6”) or Large Long (6”×26”×6”). Black or Hi-Viz.

Small #930 $107.00
Medium #931 $117.00
Large #932 $127.00

Medium #806 $21.00
Large #807 $27.00

Medium and Medium Long #9010 $37.00
Large and Large Long #9012 $39.00
The fastest, most comfortable, versatile and easy to way to carry stuff on a motorcycle, scooter or bicycle. Triangular in cross-section, messenger bags wrap around your back and stay in position when riding. The original ‘Courier’ size holds a small briefcase, a few magazines and some files...plus a tablet and notebook computer with room to spare. It is the most versatile and best selling size.

All are constructed of 1000D PU-backed Cordura nylon, with a seamless bottom for maximum strength and durability. All also feature a bright yellow reinforced PVC waterproof inner lining. Also inside is a usefully-sized organizer pocket (two on the Parcel size) and ‘clip-on’ key loop.

After long use they’ll develop an ‘experienced’ patina that reflects your individual patterns of use and wear. The 2" military-spec nylon shoulder strap adjusts quickly and easily via a cam lock buckle for a secure, comfortable fit. For heavy-load all-day comfort, there is an oversize, removable, load-spreading shoulder pad with a grippy Ultrasuede surface (it’s optional for the Letter size).

The flap closes with a wide strip of hook and loop as well as adjustable side-release buckles to accommodate oversized loads. There’s also a useful carrying handle on the top center. Visibility is assured with a wide strip of 3M Scotchlite™ reflective running across the flap.

These bags are as simple to put on as a guitar, and easier to learn. Red, black, grey, hi-viz lime yellow, or blue (or limited edition pink in Letter, Dispatch, and Courier sizes only).

Four sizes: (A) Letter (9”×3.75”×9”/12”), (B) Dispatch (12”×7”×12”/18”), (C) Courier (12”×7”×18”/23”), (D) Parcel (14”×9”×18”/26”).

(A) Letter Bag #1905 $77.00
Organizer Pocket #9130 $30.00
(B) Dispatch Bag #905 $97.00
Organizer Pocket #9132 $32.00
(C) Courier Bag #904 $107.00
Organizer Pocket #9134 $34.00
(D) Parcel Bag #908 $117.00
Organizer Pocket #9135 $36.00
"If you do not change direction, you may end up where you are heading." —Lao Tzu
**5-FUNCTION DIGITAL METER**

Info galore in a compact, digital format that could fit nicely in your bikes' cockpit. Two thermometers incorporating an ice/freeze alert, a voltage meter, a three-LED battery volt meter, and a combination clock/stopwatch that operates in either 12 or 24 hour format. A "black ice" alert flashes when that hazardous road condition threatens. Temperature minimums and maximums can be stored in memory and cleared easily. Not extreme weatherproof unless modified (open, fill with silicon sealant, close.) 5.5"×1"×.75".

#4632 $37.00

---

**HYGROMETER + THERMOMETER**

This matchbook-sized unit allows you to accurately monitor ambient humidity and temperature at the same time on its easy-to-read oversized display. Can stand on its own or stick to any surface with included double-stick tape. Operates on one watch battery (included). Really fun to see the humidity slowly increase from many miles away to 90% or more as you approach rain. Note: not “extreme waterproof” unless modified. (Disassemble, silicone seal.) 2"×1.5"×.6", 1 oz.

#4266 $15.00

---

**POCKET WEATHER RADIO**

Pocket Weather Alert Radio allows you to receive 24-hour-a-day National Weather Bureau Broadcasts. Featuring an ALERT system, this handheld and portable unit turns on when dangerous weather or civil emergencies arise. Also features a weather-test button that ensures the alert feature on the radio is functioning properly. A 6" telescoping antenna ensures clear reception. Has an auto scan to find an available weather channel. Uses 3 AAA batteries (not included). .3"×1.3"×8.7".

#4477 $24.00

---

**AM/FM STEREO WEATHER RECEIVER**

Sure your high-tech, app-infested mobile do-everything phone thingy will show an up-to-the-minute-radar map-in-motion and allow you to find out what the weather is going to be anywhere, a week from some Tuesday…...but even if you are off the cell service grid, this compact pocket radio easily tunes in your local weather forecasts on AM, FM and all seven NOAA Weather Alert frequencies. Features include a built-in speaker, headphones with 4' cord and 3.5mm jack, clock, removable belt clip, auto channel seek, 19 memory presets, battery power indicator, external plug-in antennae, 90 minute auto shut off option and PLL synthesized tuning system. Uses two AA batteries (not included). 4"×2.5"×.75".

#3916 $50.00

---

**AM/FM STEREO WEATHER RECEIVER**

PARTY AND HOLIDAY LIGHTS
Road rally...birthday bash... Holiday gathering...These bright, weatherproof Motorcycle Party and Holiday Lights add vibrant moto-radiance to any indoor or outdoor area. Long-burning, highly portable moto lights are perfect to liven up your bike, campsite, tent, or workshop.
Includes ten 4.5"x2.5"x1" detailed bikes aglow in green, yellow, red and blue. 70" spread of lighted bikes, with an extra 120" of cord to reach the nearest outlet. Be the light of the party, spread moto-cheer any time of year. Hangover not included.
#3394 $24.00

AEROStitch MR. HAPPY PUPPET
So your buddy pulls over in a cloud of smoke with a broken chain piled up in front of his engine sprocket and a busted crankcase. Or he throws his new scoot up the street in a cacophony of sparks and shredded parts. Whaddya do? Look uncomfortably at your feet? Cringe with empathy? Hell no. You whip out Mr. Happy and lighten the mood with chirpy platitudes such as “Gee Bill, I’m sure we can find a guy to replicate that casting for big bucks.” Or “That’s OK, that bike was kind of ugly anyway, don’t you think?” Chances are that after the rider in question chases you half a mile down the road and pummels you about the head and shoulders he’ll feel MUCH better.
Be ready with a kind word and light pantomime for any downer occasion. Mr. Happy wants to help. Fits readily in most tankbags. Also good for cheering up rain-sodden rally campsites or bolstering spirits during multi-day bad weather scenarios that have eaten up most of a given vacation or ride. (Share your Mr. Happy experiences or just see what he’s been up to by visiting his website at: aerostich.com/mrhappy or follow the antics of MrHappyPuppet on Twitter.)
#3330 $9.00

AEROStitch PACKABLE GOLF CLUBS
Play golf anywhere you ride, with this high quality set of travel clubs. Handcrafted graphite shaft clubs pack down to 24 inches for easy storage and portability on your motorcycle. The ultra-compact 4 club set includes a 4 Hybrid, 8 Iron, Wedge and Putter. Upgrade to the (special order) 5 club set to further expand your on-course shot options with a 3 Hybrid, 6 Iron, 9 Iron, Wedge and Putter. No assembly tools required. Choose Right handed clubs in regular or stiff flex, Left handed clubs in regular flex, or Ladies length and flex (right handed). Each set includes a 500 D Cordura carrying bag, clubs and towel, and they play great! Bag Black or Hi-Viz. Handmade in by ZRTours. 5"x24" rolled.
4 Club Set #5046 $337.00
5 Club Set #5047 $397.00

Individual clubs (specify Regular Flex, Stiff Flex, Left Hand Regular Flex, or Ladies):
3 Club Hybrid #5083 $90
4 Club Hybrid #5084 $90
6 Iron 5085 $90
9 Iron 5087 $90
Wedge #5088 $90
Putter #5089 $90
8 Iron 5086 $90

162
ROAD GRIMED ASTRONAUTS
You know who you are. You’re among friends here...but across the world of ordinary people, regular workplaces, common hardware stores, consumerized shopping malls, offices, workshops and chain grocery stores...a Road Grimed Astronaut patch goes a long way. Because most people have no idea.

Let me explain. Do people in grocery stores and gas stations see your onesie coverall or teched-out armored adventure suit as peculiar? Have you ever ridden past a bedraggled looking group of bevested and bechapped riders standing around under a freeway overpass smoking cigarettes and waiting for the rain to stop...and did you smile inside your helmet as you went by? Do bearded hipsters regard the uncoolness of your wonderful habiliment from saddles of their fenderless air cleanerless purified bikes or (more likely) thru their car windows as you ride by them in traffic on a cold dark day?

If some of this is slightly familiar, you are a Road Grimed Astronaut. You have the right stuff. So you might want this.

The 3” size of the embroidered RGAC patch will be added to the sleeve of any ordered new Aerostich suit or Darien gear FREE if requested. And if you send us worn Aerostich gear for service and ask, we’ll add an RGAC patch FREE, too, if requested.

| Embroidered Patch 3” #3247 | $5.00 |
| Embroidered Patch 4.5” #3247 | $6.00 |
| Sticker 3” #3268 | $2.00 |
| Sticker 4.5” #3268 | $2.50 |
| Coffee Mug #3269 | $8.00 |
| Cotton Hat #3248 | $16.00 |
| Microfiber Hat #3249 | $16.00 |
| T-Shirt (choose Full Front or Pocket Logo) #2184 | $27.00 |
| Polo Shirt #2183 | $34.00 |

“Complements to Stacey, I work in the rocket biz and he’s created a meatball worthy of being painted on one of our payload fairings! AWESOME!!!”
— Review by Val Gregory

A few years ago a customer sent us a postcard featuring this painting by award-winning German artist Michael Sowa. Art can be very subjective, so we’ll leave it up to you to as to the meaning of this one, but we thought it was cool enough to share. The title of the original is “Ohne titel zwei”, which translates to “Without title two”...leaving it open to even further interpretation. Regardless of that, it seems like Michael understands a bit about riding’s relationship to our inner lives. If this painting speaks to you, or if you know a rider who might enjoy it, select from a framed print, poster, ceramic mug or 100% cotton t-shirt.

| 11 oz. Coffee Mug #5014 | $8.00 | T-Shirt #5015 | $27.00 |
| 8.5”x11” Framed Print #5016 | $15.00 | 29”x20” Poster #5017 | $20.00 |
Can an electric motorcycle be used for everyday commuting during the harsh Winter conditions experienced in Duluth, MN? Equipped with a tire studded Zero FX electric motorcycle five brave (or foolish) Aerostich test commuters chronicle the challenges, triumphs and everyday riding experiences while seeking the answer to that question. A fun read, with each ride account told by the test riders in their own words. More than just a test of machines, gear and riders in extreme conditions, this unique experiment proved that riding for everyday personal transportation in awful conditions is not only possible and can be done safely, it’s also is more fun than getting thru winter in conventional ways. By Kyle Allen, Randy Brody, Andy Goldfine, Rod Hafner Gail Marshik and Bruce Truebenbach. Softcover. 6”×9”, 136 pp., color & b&w photos.

#5081 $10.00

(Or free with any order over $100 on request, while supplies last.)

REVISED I-94 READER

Hundreds of trips along the same stretch of common road—Interstate 94 between Fargo, ND and Minneapolis/St. Paul, MN—would for most be a long, tedious and all-too-familiar boring journey. These nine stories were written over eighteen years and reveal the value of riding more deeply and truly than common ‘I rode there’ memoirs. For this rider, traveling forth and back was an opportunity for meditation, contemplation, ideas—and a venue for making life’s greatest decisions. Softly inspiring stories that read as true as the endless Midwestern prairie itself. Stories about piloting a road and a life, accompanied closely by the thrum of a BMW r 65 and the essential feelings and experiences of pure motorcycling. By Rand Rasmussen. Softbound, 6”×9”, 64 pp., b/w illus.

#5620 $7.00

AEROSTICH LIGHTWEIGHT UNSUPPORTED MOTORCYCLE TRAVEL FOR TERMINAL CASES

How about riding out your own back door for high adventure and long distances on just an average smallish bike and with some simple luggage and gear? Is it possible to travel unsupported and independently in such a manner? Yes, and the experience of traveling this way captures the most time-honored essences of motorcycling.

This book consists of 14 pages of summary text, with the balance arranged into appendices that cover such topics as food, improvised repairs, helpful resources for further information, useful websites, state-by-state listings of good roads, and bike-friendly hangouts.

Detailed examples of gear and its organization are based on real-life experience and offered as a starting point for your own trips. It fits readily in a pocket or tank bag and contains a distillation of experience, and information that will be a useful starting point for the beginning lightweight motorcycle tourist as well as a handy reference for an experienced rider. Saddle-stitched, 4”×6”, 84 pp., b/w illus.

#5800 $5.00
"No matter where a rider’s destination lies, he must at some point decide how to get there. For the automobile driver, the issue of routing is usually straightforward. A driver simply calculates the shortest or quickest road and proceeds to point his car in that direction. The quickest route to any destination is, of course, usually the most heavily traveled and least scenic route. Day cruising motorcyclists rarely measure the success of their trip in terms of miles traveled per hour. Consequently, the fastest way is often the least desirable route for a two-wheeled vehicle.” —Chiltons Complete Guide to Motorcycles, 1971, Donald W. Koch
STEALTH SHELTERS

Zips open fully as an under-tent ground cloth, or as a hot weather sleep blanket or overhead tarp. Zips closed to function as an all-weather bivy sack. A Stealth Shelter creates opportunities, and solves many different kinds of camping problems. Wind- and-waterproof, breathable with three layer ripstop nylon fabric.

There are five reinforced webbing loops to attach parachute cord plus both a loop and a double reinforced area at the center to allow pitching over any kind of pole to keep rain off a campfire. Also good as a campsite shade in the heat of the day. Works as a protective footprint beneath the floor of a tent, too. Throw it over your bike and riding gear to protect them overnight. Use as a trailside picnic blanket at a lunch stop.

Waterproof version is constructed from black 3.5 oz/sq yd 40d 3-layer breathable, waterproof rip-stop nylon fabric, with sealed seams and highly water resistant zippers to keep you and your stuff dry and comfortable in any conditions. The Ultralight Stealth is made from a lighter weight, 1.3oz/sq yd silicone-urethane coated 30d ripstop nylon, which provides all-around weatherproof protection in an even lighter and more packable format. (Can be custom seam-sealed with all silicone sealants.) Both measure 88”×72” when open and spread out. (approx. 9”×5” rolled/strapped, 13”×7”×4” self-stored.)

Waterproof Stealth # 734 $197.00
Ultralight Stealth #4464 #139.00
15’ Black Parachute Cord # 794 $10.00
Titanium Tent Stakes #4071 $27.00

UNIVERSAL CAMPING SAMOVAR

A samovar is a device traditionally used to more quickly and conveniently heat and boil water for tea using an internal chimney design. This lightweight and durable aluminum version is perfect on the road for boiling water fast (within 3-5 minutes) once the fire is burning steady within the fire base. Uses any readily available natural fuel like wood, dry grass, etc. Whistles when the water inside starts to boil. Silicone covered handles stays cool to the touch even when contents inside are steaming hot and folds in for more compact storage. Set includes Samovar, wire pot support, fire base and carrier bag. Choose .5L version (10.5”×5.5”, 1.2 lbs) or 1.2L version (13.4”×7”, 2.2 lbs)

#4417 .5L $37.00
#4417 1.2L $57.00
THE KERMIT CHAIR
Chances are you’ve noticed the twisted, broken remains of many a plastic and aluminum discount-store folding chair abandoned or stuffed into garbage cans after rallies and events. Ah, wasteful, race-to-the-bottom consumerism…You will never see The Kermit Chair suffer such an ignominious end, however, because this is the real deal, a hand-crafted piece of artistic sitz-tech that will keep your butt off the ground with unmatched elegance, ruggedness, and utility.

Constructed of beautiful oak and aluminum structural elements, with Cordura fabric, the Kermit weighs only 5 lbs. and packs into a 4”×6”×23” Cordura bag. When you are ready for your last folding chair, the Kermit Chair awaits. Blue, green, burgundy, or black.

#740 $159.00
Leg Extensions #741 $45.00

CADET ALOX
This is the actual ‘Swiss Army Knife’ Swiss Army troops really carry and use. Strength, durability and versatility are abundant in this compact carried knife design. Equipped with the most popular and useful assortment of stainless steel implements, including: knife blade, bottle opener, two screwdrivers, wire stripper, can opener and nail file with nail cleaner. Compact enough to carry anywhere for quick, easy access. Knurled aluminum bolsters and stainless steel. A quality, everyday-carry tool that will keep you prepared for nearly any daily tasks. 3.3”×5”×9”, 0.7 oz.

#3682 $27.00

VICTORINOX SWISSCHAMP
The Champ. Says it all, doesn’t it? This knife is the classic Swiss got-it-all-right-here tool. Knife blades, screwdrivers, scissors, can and cap openers, a frighteningly sharp saw, magnifier, on and on...oh, and of course the corkscrew. Thirty four tools in all, contained in a classic pocket knife profile that will almost always have what is needed to save the day. With one of these and a multi-plier you can rule the planet. A fine, comprehensive pocket toolbox.

#4537 $73.00

#3682 $27.00
COMBINATION LOCKING CARABINER
Peace of mind that fits in the palm of your hand. Use this sturdy locking aluminum ‘biner to secure your stuff. Great for locking a helmet or bag to your motorcycle, or use in conjunction with a cable or chain to lock down garments, gear or bikes. Programmable 3-digit combination. 3.75”×2”×.5”. Assorted colors.

#2117 $9.00

SWEDISH FIRE KNIFE
More than just an extremely sharp and sturdy all-around knife, the handle also contains a fire starter integrated into the end cap of the handle. Hardened stainless steel half-tang fixed 3.9” blade with a comfort grip rubberized handle. Durable polypropylene sheath protects the blade while stored and includes a clip for wearing. Can clean a fish, remove a splinter, split kindling... and light a campfire with one handy tool. 8.7” overall length. 3.3 oz. Black or Green.

#4484 $27.00

PEPPER SPRAY BATON
For spraying the bad guy in the face. This police-strength unit feature a rugged, knurled barrel machined from aerospace aluminum. A twist-safe-ty locks the solid-brass thumb-firing mechanism, which activates an Oleoresin Capsicum insert containing a 10% formulation generating 2 million Scoville heat units, which means in-the-face agony. The baton configuration of this device ensures accurate projection of a cone-shaped spray right on target.

◦ 3 gram Palm Defender (4”) #4623 $35.00
◦ 3 gram Palm Replacement Cartridge #4624 $12.00
◦ 5 gram Palm Defender (5.5”) #4625 $40.00
◦ 5 gram Palm Replacement Cartridge #4626 $12.00

12 FUNCTION MULTI SCISSORS
A jack-of-all-trades multi-tool to handle nearly any task—go from emergency roadside repairs to prepping dinner at the campsite to scissoring open tamper-proof packaging. The unique design and sturdy construction allow the stainless steel scissor blades to be detached for use as individual tools, including: screwdriver, knife, wrench, can opener, bottle opener, wire stripper/cutter, nut cracker, fish scaler and magnet. Housed in a rugged Cordura 4”×8.5” sheath, this compact do-it-all stores almost anywhere, to be ready for nearly anything.

#2424 $24.00

SWISS-TECH UTILI-KEY
Cleverly masquerading as a key, these little devices clip onto your key ring and contain a plethora of tools in a very compact format. The 6-in-1 features a straight/serrated blade, three screwdrivers and a bottle opener. Very handy for something that weighs a quarter of an ounce and is only 2.75” long when closed. That’s a lotta so. So unobtrusive you may forget you have one with you. (Mr. Subjective — “Have carried one through TSA maybe 100 times. Never a problem.”)

6-in-1 #3547 $15.00

6 IN-1

AEROTech E q u i p m e n t f o r R i d e r s
“They (motorcycles) eliminate the dangerous tendency to sit perfectly still, stare out the window from your air-conditioned house and contemplate the meaning of life. Which we know to be meaningless without motorcycles.” —Peter Egan, Cycle World magazine, January 20-13
SECURING FOR HIGH WINDS

“Aerostich Ultralight Bike Covers have two neat grommets mid-way for a locking cable to be passed through beneath the middle of the motorcycle. But for fast additional security in high-wind situations, and to further-strengthen the cover’s ‘anti-tampering’ deterrent, first pull the elastic hem drawcord tight and lock it in place with its cord-lock. Then stretch the loose end of this cord over the saddle and down the other side of the motorcycle until you can loop over the shift lever or footrest. This will ‘capture’ some of the cover around the shift lever. After the cord is drawn tight around the bottom of one’s motorcycle there is always enough cord left to stretch across the bike and reach the shift lever. Doing this makes the billowy cover fit tight and stops it from flapping around. The technique has kept my Aerostich Ultralight Bike Covers securely attached though some violent overnight storms with very high winds.” —Mr. Subjective, 6-13
**LED HEADLIGHT KIT**

These new headlight bulbs are smaller and brighter than any last gen stuff especially at this price. The latest tech upgrades and Philips Luxeon chips create a super Bright White Intense (BWI) 6000K beam. Shines up to 6000 Lumens. The output of the single beam H7 is 2.8A, and the HI/LO H4 is 3.3A at high beam and 1.6A at 12V for low beam. 40W output power. IP68 waterproof design and made from lightweight 6063 aviation aluminum casing material. Provides long service with an expected 30,000 hour lifespan. Intelligent cooling fan and integrated superconducting technology dissipate heat efficiently. Compact 3.6”×1” bulb and super small 2.6”×1.9”×.7” driver board makes installing and upgrading your existing headlight bulbs a snap. Specify H4 or H7.

#2450 $65.00

**EAR CANNON AIR HORN**

This is a full-power railroad locomotive/ocean liner type compressed air horn squeezed into a bike-mountable package. Totally overkill, until you need to wake up some lethal driver. It’s got both the high and low ear-splitting tones of the individually sold Fiamm Freeway Blaster Horns, plus a little more oomph. The 139dB high and low tone blasters combine via air induction to cut through the din and make the most distracted of drivers drop their cell phones and pay attention. Installs easily on all bikes with a 4.5”×3”×4.5” space for mounting. The loudest motorcycle horn available. If Ethel Merman, Sam Kinison and John Philip Sousa ever had a band, and played through a wall-of-sound amp rack, it would sound like this. 12V. 18A. 1 lb 4 oz.

Black #3837 $27.00  
Chrome #4749 $33.00  
Wiring Kit #3839 $23.00

**ALL AROUND COMBINATION LOCK**

A 12mm flexible steel cable with a secure combination lock. The long cable is covered by a tough vinyl cover that protects against scratching. Includes convenient strap for compact storage. Tough protection that’s easy to bring on every ride.

6ft / 12mm #4837 $22.00
HEATED GRIP KIT
A flexible, adhesive, wrap-around heating element with printed-circuit-type elements that fit between the handlebar and grip, keeping your digits from turning into frozen turkey feet of limited utility during cold weather rides. We all remember what that phenomenon feels like, right? Comes with two elements, wiring, resistor, and an on/off, hi/lo switch. Super, almost unbelievably effective, and a great comfort as well as a safety enhancer. For 12V systems. 3amps/40 watts.  #1400 $53.00

ARCTIC GRIP HEATERS
A quick flip of the three position (Hi/Lo/Off) switch creates warm grips, for a longer more comfortable ride, no matter how low the thermostat dips. The flexible mylar backed heating elements attach discreetly under the grips on any style bike. Right and left heaters are calibrated differently for maximum heat control, so no throttle-side resistor is needed to equalize temperature. Includes everything needed for installation: grip heating elements, two stage metal toggle switch, hardware, tie wraps and instructions. For 12V systems. 3amps/40 watts.  #1600 $47.00

BUN WARMER KIT
Make riding on the most chilly days more enjoyable by heating yourself from the core outward. It makes a huge difference that you’ll feel all over your body. The Bun Warmer uses the same basic technology as automobile seat warmers, and it’s specifically designed for motorcycles to provide the same “Ahhhhh…” factor on cold rides. Draws only 1.5 Amps, installs easily and securely (and usually unnoticeably...) under your bike’s seat cover. Comes with an on/off switch, and an internal thermostat ensures that you or your saddle won’t overheat. 8.75”×8.75”. 1.5amps/20 watts. #1765 $97.00

UNIVERSAL HEATED GRIPS
This highly efficient, functional heated grip design uses a push button five-level temperature controller to quickly deliver just the right amount of heat to keep your hands warmer through a wider range of conditions. These specially selected, weather-resistant open-ended construction rubber grips heat faster than traditional heated grips and provide a comfortable, secure grip year round. Fit 7/8” handlebars. 12V DC. 4amps/48 watts.  #1602 $53.00

HEATED GRIP KIT
These thin, electrically heated grip pads are made of heat and moisture resistant material and securely wrap over your grips with hook & loop. Enjoy riding with warm hands on even the coldest days, without having to install replacement electric grips. Current draw is only 1.6 amps and they pack away easily when not needed. Heated grip pads let you wear lighter gloves for greater control feel on cold days. You can leave them on all winter if you want to. Standard (up to 36” wide handlebars). Long (up to 44” wide handlebars). 1.6amps, 22 watts.  #103 $47.00 Long #1433 $47.00
CENTER STAND DOLLY

With an ultra-low profile and heavy-duty 360°, non-marring, locking casters, this 1000 lb. rated heavy-duty aluminum dolly allows a bike to be moved around the garage or workshop by one person, with minimal effort. Works with your bikes center stand to easily move, rotate, store and work on your motorcycle. 20”×16”×3.9”. 14lbs.

#3658 $245.00

"For winter storage, I place the RT in the back left corner of the garage and “walk it” back and forth to get it “between” that corner and the stairs leading into the house (the steps are about center of the back wall in a 2 car garage). The bike is about 2” shorter than that space, and once the bike is near the steps, it is impossible to maneuver it closer to the back wall. Consequently, there is more of an opportunity for backing the 2012 Jeep Liberty into it. With the Dolly, I can easily push the bike flat to that back wall with about an inch to spare on either end between the steps and side wall…perfect place.

“The down side, is that it takes a bit of muscle to rock the bike on center stand, onto the Dolly; humbly, I asked a neighbor to help - better than dropping the bike. I suppose more practice will help.” —Review by KRUYNRT

WATERPROOF 12V DIGITAL VOLTMETER

Know the health of your bikes charging system in real-time with this compact, waterproof, digital voltmeter. Reads tenths of a volt (12.6, 12.7, 12.8, etc) and is easy to install. Compact, easy to read, waterproof, vibration proof and dust proof.

Install with super-strong permanent double-sided mounting adhesive tape by attaching to the side an instrument panel, triple clamp or fairing or use the removable (file or grind off) bosses for bolt-on dashboard installations.

Installation notes: Shortish 6” leads mean you’ll probably need add a bit of wire for most installations, and the display is bright enough to be read easily in direct sunlight so it may be overly bright at night…which can be adjusted/dimmed with nail polish or a thin fog of overspray. Specify Red, Green or Blue display color. Measures voltage from 3.5 to 30V. 1”×.6”×.7”.

#4393 $13.00

THREE DIGIT ACCURACY

Connect to any circuit that’s powered when your bikes’ key is in the ‘run’ position and you’ll see the battery’s voltage. Then hit the starter and the display will indicate the slight voltage drop as the engine cranks over. And you’ll notice similar tenth-of-a-volt electrical fluctuations whenever a brake light, driving light, electric grips, horn or other electric load is added, and a correctly functioning charging system will stabilize the readout nearly instantaneously. Reassuring. But if you notice the system voltage is for some reason slowly dropping you’ve either added too much load, or the charging system isn’t working right, which is nice to know before unexpectedly finding yourself on the side of the road somewhere. Most bikes will run far some time if the charging system fails, so you can get to someplace better than a lonely roadside. A café, bike shop, motel, or home. Inexpensive peace of mind for the electrically paranoid.

#4393 $13.00
COMPLETE TIRE REPAIR KIT WITH MINI COMPRESSOR

The ultimate compact tire repairification kit. Combines our smallest, most efficient compressor with all the essential tools, patches and goo needed to fix nearly any roadside flat. The whole kit zips up neatly into a handy nylon storage pouch and fits easily in a tank bag or pannier. Mini Compressor has a nice, long 26" inflator hose and comes with three power adapters: SAE, cigarette lighter and alligator clips.

The underside of the pouch also features four slim pockets allowing storage for a tire gauge, pen, flashlight or other small, handy items that can be added to enhance this kit’s versatility. Adding tire irons for removing the tire from the rim (Aerostich Tar Arns #3564, available separately), truly makes this a ride-anywhere tire repair kit. This is the smallest and most packable tire kit available. Black. 7"×3"×5.25". 1.61 lbs.

#4750 $85.00

17-PIECE METRIC TOOL KIT

Designed specifically for metric vehicles, includes: Open ended wrenches: 11, 12, 13, 14, 16 and 17mm sizes, 10mm combination wrench, 6" adjustable wrench, 3/8" drive ratchet wrench, Locking pliers, Pen type tire gauge, 5 cable ties, Electrical wire and electrical tape, Mechanic’s safety wire, 10-piece metric hex key set (1.5, 2, 2.5, 3, 4, 5, 5.5, 6, 8 and 10mm sizes), Flashlight, 6-in-1 screwdriver, 21 and 18mm spark plug sockets and Spark plug gap gauge all neatly backed in a sturdy nylon tool bag.

#2948 $65.00

METRIC MINI T-HANDLE SET

Compact for use in tight spaces, this is a versatile and easy to carry tool set. Use the T-handle drive for maximum leverage and the shaft drive end for quicker bolt installation/removal. The 1/4" drive has a compact 6" shaft length and works with sockets, hex drives, crow’s foot and swivels. Durable chrome-vanadium steel and nickel pewter finish. Includes 8, 10, 13 & 13mm sockets.

#2880 $23.00

EASY BEAD BREAKER

For motorcycle wheels that are open in the middle (regular or cast spokes). It’s also packable, but it is really a little larger then most riders will want to carry. Ideal for garage workshop use. Adjustable for all sizes of wheels/tires. 17.5"×2"×2". 4.5 lbs.

#3686 $87.00

WATERPROOF TOOL STASH TUBE

Add durable, easy access, water-tight storage to any convenient spot on your bike. The molded high density polypropylene canister measures 3.25"×12" and features a screw-on cap with a neoprene seal. Three front and one rear mounting holes integrated into the base allow quick mounting with zip-ties or numerous options for permanently bolting to your motorcycle. Great storage solution for carrying tool roll, assorted parts, paperwork, or any other items you want securely stored and easily accessible.

#4462 $14.00
If you ride only occasionally... Size ‘M,’ ‘L’ or ‘XL’ gear may be acceptable, but for years of regular riding, and on long trips, you’ll appreciate the greater comfort a true fit provides.

We make Aerostich suits in 61 sizes... So your gear feels and wears much nicer. The difference between each size is less, and every size is also available in ‘Short,’ ‘Regular’ and ‘Tall’ versions. A better fit makes every ride wonderful.

Mail Order Fitting?
We are experts at providing a great fit. We’ve talked with thousands of riders about their size, bike, local climate and riding habits. We also offer free size-exchange return shipping within the USA. Every order is double checked for accuracy.

Ordering Factory Direct?
Ordering direct from the factory gives you access to more precise sizes than are available elsewhere. The one piece Roadcrafters comes in thirty-one off-the-rack standard men’s sizes and ten women’s sizes. We’ll help you find the one that provides a perfect fit.

Women’s Sizing?
R-3’s and Roadcrafters are also available in 30 women’s graded sizes (2-20 in short, regular and long). Compared to men of the same height, women usually have slightly narrower shoulders, longer legs and arms, and slightly shorter torsos. Roadcrafters and Dariens are both slightly looser fitting designs so many women (about 60%) will find standard ‘mens’ graded Aerostich suits fit perfectly, without alterations.
### Custom Alterations?
Most custom alterations and optional features may be added at any time, but alterations at time of manufacture are preferred. See aerostich.com/alterations for complete descriptions of over thirty custom options. Altered suits are not returnable for refund or exchange and some alterations are not available in combination. Sleeve lengths, leg lengths, elbow armor positions, and knee armor positions are all adjustable up to about 5”. Some torso, hip, and knee circumference changes are also available, but torso length adjustments are not available.

### Essential Fitting Info?
Most of the time all that’s needed are your street clothing sizes and your height and weight. Here’s the basics:
- Height
- Weight
- Suit coat or blazer (chest) size
- Pants size (waist and inseam)

Additionally, dress shirt size (collar and sleeve length) and body type (thin, medium, large) may sometimes also be helpful.

### Bike Types?
For Standard and Touring bikes, use standard sizes. For Sport bikes with low handbars, more torso length sometimes may be desired. Adding the extra rotated sleeve custom alteration will help provide more comfort.

### SIZING CHART:
- This chart lists equivalent clothing sizes. The numbers are approximate guidelines and not actual body or Aerostich measurements. (If you wear a size 40 men’s suit, the same size Aerostich Roadcrafter Suit or Darien Jacket will fit over your street clothes.)
- Roadcrafter One and Two Piece Suits are available in 34 Regular and 36-52 Short, Regular or Long sizes. The Darien and Darien Light Jackets are available in 36-54 Regular sizes only. The Falstaff Jacket and Aerostich Fleece are available in S, M, L, XL, and XXL sizes. The Transit Jackets are available in 38-52 Short, Regular or Long sizes. Transit Pants are available in sizes 30-44 waist in Short, Regular or Long.

### NEED HELP FINDING YOUR SUIT SIZE?
If you are not sure of your size, visit aerostich.com and click on “Sizing Tool” to easily calculate your Aerostich suit size based on your measurements and riding style. Results are reviewed by one of our fitting professionals, and returned by email within a day or so.

### SUIT DELIVERY:
Most Roadcrafter, Darien, AD-1 and Transit orders are shipped from sizes and colors in stock, or in a few weeks for garments which are manufactured as a special order. Altered suits are normally shipped two to five weeks after an order is received, depending on seasonal order volume. Please call or email us if you’d like a delivery ETA or have other questions.
