AERO^{STICH} R-3 ONE PIECE SUITS

The R-3 (Roadcrafter 3) is the third-generation one piece Aerostich suit. It is 100% waterproof and unlined for maximum airflow, yet slips quickly and easily over your street clothes. Its full-length waterproof zipper entry system is fast, and it doesn't flutter or flap in the wind. Without a lining it wears cooler, and with seam-sealed rainproof zippers you'll also stay completely dry, even during the wettest conditions.

Each R-3 takes more than an hour longer to manufacture than previous Roadcrafters, but it's worth it. You'll enjoy higher levels of performance, comfort, and protection on every ride. And like its predecessor Roadcrafters, the R-3 is constructed of Aerostich's exclusive American-made mil-spec 500d Cordura® GORE-TEX® fabric. It's a strong, long-lasting and highly abrasion-resistant material ideal for this use. (Made-in-USA military gear is the other stuff to have this.)

For increased protection there's a double layer of this fabric across the seat, and added 1000d abrasion-

“...enjoy higher levels of performance, comfort, and protection on every ride.”

resistant layers covering the vital elbow/shoulder/knee areas. Beneath each of these is a superior energy absorbing system utilizing removable, oversized **TF** impact armor. Each armor attachment point is adjustable to allow fit to be fine-tuned for comfort and ensure it stays in place for best protection. Separately available hip, spine and chest armor options further increase the R-3's capabilities.

With its oversize two-slider underarm vents, a two-slider back vent and magnetic clasps to hold open

the fold-down dual-height collar, you ride cool and protected at the same time. As temps drop and when precipitation comes you'll remain cozy and dry, too, because the adjustable Ultrasuede collar fits comfortably around your neck, even with varying base-layers.

Additional features include flap covered hip-side water resistant zippers for fast access to your street pants, a hidden pass-through port for an electric liner power cord, nine strategically placed everyday-useful pockets, a mini-carabiner helmet holder at the upper chest pocket, a highly water-resistant inner wallet/phone/iPod pocket, fit-adjustable ankle and wrist tabs, articulated knees, fit-adjustable waist tabs and an integrated stretch panel across the lower back. There's also oversize 3M Scotchlite® reflective areas across the back,

chest and ankles to enhance conspicuity in low light conditions.

Over 30 standard color combinations give each R-3 a personalized style, and add-on options include Integrated Boot Raincovers, electrically heated and non-heated Chest Insulation and Impact Pads, an Emergency Medical Info Pocket, and detachable arm and thigh Map and Accessory Pockets.

Six available body colors: black, grey, red, hi-viz lime yellow, tan, or cobalt blue. Six standard abrasion area colors: black, grey, red, hi-viz lime yellow, cobalt blue, or pink. Machine washable. Men's sizes 34 regular, 36–54 short, regular or long. Women's sizes 2–20 short, regular or long. and imported.

AEROSTICH

CONTRASTING THREAD OPTION

R-3, Roadcrafter Classic and Darien suits are available on special order with color contrasting stitching. For example, you could have Hi-Viz + red stitching + gray ballistic abrasion areas. All thread, body and ballistic colors are available, including custom ballistics thread colors. Create a one-of-a-kind combination, uniquely yours.

#345 \$50.00

AEROSTICH R-3 SPECIAL VERSIONS:

TACTICAL

The R-3 Tactical keeps the 3M Scotchlite reflective panels at the back, ankles and front left chest pocket, but eliminates the added 1000d Cordura abrasion-resistant layers covering the elbow/shoulder/knee areas, for a more classic, monochromatic appearance. The single layer of fabric at these areas also allows for slightly increased ease of movement, but moderately decreases the overall abrasion resistance of the suit. You'll find all the pockets, vents, armor and details of the standard R-3s. Colors: black, grey, red, hi-viz lime yellow, tan or cobalt blue.

Men's R-3 Tactical #522 \$1087.00

Women's R-3 Tactical #523 \$1087.00

TACTICAL COLORS

STEALTH

The R-3 Stealth version is an all black suit, including the double-layer abrasion-resistant layers of 1000d fabric at the elbow/shoulder/knee areas. Additional 500d Cordura panels are used to replace the distinctive 3M Scotchlite reflectives to create a suit that takes on a traditional old-school industrial look. Black.

Men's R-3 Stealth #517 \$1187.00

Women's R-3 Stealth #518 \$1187.00

STEALTH COLOR

"The Aerostich Stealth Roadcrafter is black on black...It's totally won me over. I've worn it through all night rides with temps in the 30s to 90 degrees + in Death Valley and everything in between. It's comfy, incredibly safe, works in any weather or temperature and is crazy easy to take on and off. In all black and tailored to our svelte dimensions, it looks damn good too. Don't fool yourself, there is no alternative."

AEROSTICH R-3 LIGHT

Jump in, zip up and go. The R-3 'Lights' prioritize every day commuting and errand running. All-in-one protection from weather and other mayhem, with your destination street clothing beneath. Perfect for short-hop on-and-off-the-bike urban use. Also wears great for relaxed day-long rides and on tours of any length.

Advanced zipper and flap designs make this an absolutely waterproof one piece riding suit, and this lighter weight model provides a slightly cooler-wearing experience during hot conditions, too. The suit maintains all the time-tested Roadcrafter design elements for unsurpassed function and a better fit.

R3 Light innovations include completely waterproof zippers, a snap down collar with removable magnetic hold-open clasps, a hidden water-resistant wallet/phone/iPod pocket and custom adjustable impact armor positions.

Options include Integrated Boot Raincovers, Chest Impact and Insulation Pads (Standard and Electric/Heated versions), Boot Raincovers, Back and Hip Armor and all the other Roadcrafter options.

The R-3 Light's outer fabric has an abrasion resistance about two-thirds that of an R-3, but still provides real-world protection. May also be worn without any of its Impact Armor for weather or abrasion protection that packs away very compactly.

Sixteen color combinations: Grey, Black, Tan or Hi-Viz body colors with Grey, Black, Tan or Hi-Viz abrasion areas. Standard machine washable (with removal of collar magnets). Men's 34 regular and 36-54 short, regular or long. Women's 2-20 short, regular or long.  and Imported.

OPTIONAL BOOT RAIN COVERS
(#401 \$57.00)

TWO POSITION SNAP DOWN TABS

INSIDE AN R-3 LIGHT

Inside every R-3 Light is a hidden layer of tough 500D Cordura fabric at each abrasion/impact area. This fabric is located on the 'outside' facing part of each hook-and-loop-attached TF3 armor-holding bag.

There are eight separate layers at the shoulder, elbow and knee areas (moving from the outside inward):

- 200D Cordura-like HT Nylon fabric (HT means 'High Tenacity' Nylon. It's a lighter-weight but otherwise very close copy of Cordura with similar performance and wear characteristics).
- 60D Tricot knit (bonded to the backside of the 200D...)
- Adhesive loop (bonded to the knit that is on the backside of the 200D)
- Hook (sewn to the outside fabric of the optional internal impact armor holding bag)
- 500D PU Cordura (PU stands for Polyurethane coated, and it is the outer part of the impact armor holding bags)
- TF armor hard shell (glued over the TF foam)
- TF armor visco-elastic foam (slow-recovery foam of a particular type)
- Supernyl lining fabric (Same nylon lining fabric as in the lining of a Roadcrafter Classic, on the side of the bag that is against the wearer).

Photo: John Burke, Cadillac Mountain, Mount Desert Island, Maine, 2013. Photo by: Mason Burke

AEROSTICH R-3 LIGHT SPECIAL VERSIONS:

TACTICAL

The Tactical model eliminates the double-layer of abrasion-resistant fabric at the elbow/shoulder and knee areas. While slightly decreasing the total abrasion resistance at these areas, this allows the ultralight weight Tactical to wear even cooler and provides slightly more ease of movement. Everything else is the same as an R-3 Light.

Available colors: black, grey, hi-viz lime yellow or tan.

Men's R-3 Light Tactical #528 \$1127.00

Women's R-3 Light Tactical #538 \$1127.00

STEALTH

The Stealth model is entirely black, including the double-layer abrasion-resistant layers of 200d abrasion resistant fabric at the elbow/shoulder/knee areas. All 3M Scotchlite reflective panels have been replaced with 200d black fabric panels for a traditional (and we think bad-ass) look. Black.

Men's R-3 Light Stealth #529 \$1227.00

Women's R-3 Light Stealth #539 \$1227.00

AEROSTICH ROAD GRIMED ASTRONAUTS

You know who you are. You're among friends here...but across the world of ordinary people, regular workplaces, common hardware stores, consumerized shopping malls, offices, workshops and chain grocery stores...a Road Grimed Astronaut patch goes a long way. Because most people have no idea.

Let me explain. Do people in grocery stores and gas stations see your onesie coverall or teched-out armored adventure suit as peculiar? Have you ever ridden past a bedraggled looking group of bevested and bechapped riders standing around under a freeway overpass smoking cigarettes and waiting for the rain to stop...and did you smile inside your helmet as you went by? Do bearded hipsters regard the uncoolness of your wonderful habiliment from saddles of their fenderless aircleanerless purified bikes or (more likely) thru their car windows as you ride by them in traffic on a cold dark day?

If some of this is slightly familiar, you are a Road Grimed Astronaut. You have the right stuff. So you might want this.

Either size of the embroidered RGAC patch will be added to the sleeve or chest of any ordered new Aerostich suit or Darien gear FREE if requested. And if you send us worn Aerostich gear for service and ask, we'll add an RGAC patch FREE, too, if requested.

AEROSTICH ROADCRAFTER CLASSIC

Thirty years on this fully lined Roadcrafter has been worn in every type of weather to nearly every place you can get to on a motorcycle. It is the original suit for everyday, all-distance commuting and touring.

Its luxurious full lining slips easily over your street clothes, and the outer shell is tailored to minimize wind flutter and drag at higher speeds.

More than three decades of experience have proven the Roadcrafter Classic's superior impact and abrasion-protection, and it's all-weather capabilities. The suit is literally covered with innovations for riders: 3M high-visibility Scotchlite™ reflective, nine strategically placed everyday-useful external pockets, six standard oversize TF impact armor pads, provisions for optional removable arm and thigh map pockets, optional hip armor and impact protection spine armor, effective water resistant zippered underarm and back vents, flapped hip-side zippers for access to your street pants, an all-day comfortable Ultrasuede collar, and a variety of adjustable tabs and

zippers that allow you to custom fine-tune the fit.

Each one piece Roadcrafter Classic is about attention to each detail, real-world riding needs and meticulous craftsmanship. It's constructed of Made-in-USA mil-spec 500 Denier Cordura® GORE-TEX® outer fabric, ballistic nylon and a high pic Supernyl lining fabric.

Compared to traditional leather gear you'll ride warmer when it's cool, drier when it's wet and cooler when it's hot.

Six standard body colors: black, grey, red, hi-viz lime yellow, or cobalt blue. Six standard ballistics colors: black, grey, red, hi-viz lime yellow, cobalt blue, or silver. Machine washable. Men's sizes 34 regular, 36–54 short, regular or long. Women's sizes 2–20 short, regular or long (these feature a smaller neck, narrower shoulder, more defined waist, and extra hip room).

HAND WARMER POCKETS

"...it took me two full years of thinking, dreaming, analyzing, fittings, and rationalizing before I placed my order last spring. And yes, it was stiff and hard to get into at first. And yes, I have had to endure plenty of ribbing and unimaginative comments (going snowmobiling? hey, it's a Power Ranger!). But after riding the past 6 1/2 months in this suit, I am convinced it is the best money I have ever spent on any single motorcycle related item...ever. It does exactly everything promised, a rare quality today. Or maybe ever. I am more comfortable than ever, and more importantly I finally feel I am as safe as I can be while enjoying my favorite pastime. I will never get rid of this suit, and will be looking forward to enjoying more of Mr. Goldfine's products. I'm sorry I waited so long. And yes, I am still riding to work in mid-October in Duluth, MN." —Review by MnBueller

AERO STICH ROADCRAFTER CLASSIC TWO PIECE

By itself, the fully lined jacket worn alone is wonderful. Armored, lightweight, underarm and back-vented, nine pockets, cool-wearing, rotated sleeves, action back gussets, adjustable waist tabs and much more. Zipped together with the matching pants it's as fast and convenient to use as a one piece suit.

The jacket overlaps pants by about six inches. It is attached to the pants with a securely sewn 270° circumferential two way zipper that can stand up to stress and hard use. You can start the zipper sliders and connect the jacket and pant while wearing both.

Separately, the pants have a waist drawstring with cord locks, and there are two additional pockets sewn into its lining accessible behind the flaps covering the side zippers. All the features of the one piece design are included in the two piece, making this our most versatile riders suit.

The Roadcrafter Classic jacket is tailored to minimize wind flutter and drag at higher speeds yet it also is lightweight and compact enough to pack away small, or carry into an office.

Years of experience have proven the Roadcrafter Classic's abrasion protection and all-weather capability.

Like all Roadcrafter's this suit is covered with innovations: high-visibility Scotchlite™ reflective, all those strategically placed pockets, provisions for removable arm and thigh map window pockets, optional hip and back impact armor, highly water resistant underarm and back vents, an ultrasuede collar, and a variety of adjustable tabs and zippers to fine-tune the fit.

The Roadcrafter Classic Two-Piece is all about attention to detail, real-world riding and meticulous craftsmanship. Mil-spec 500 Denier Cordura® GORE-TEX® fabric. Six colors: black, grey, red, hi-viz lime yellow, tan or cobalt blue. Six abrasion area colors: black, grey, red, hi-viz lime yellow, tan, cobalt blue, or silver. Machine washable. Men's 34, 36-52 short, regular or long. Women's 2-20 short, regular or long.

BODY COLOR

Men's Roadcrafter Classic Stealth One Piece #320 \$1277.00

Women's Roadcrafter Classic Stealth One Piece #328 \$1277.00

"I have owned and worn the women's tactical suit for the past summer/early fall season. Overall it is excellent and I feel very confident that I am well protected. I ride in urban and mountain conditions and have used the suit with shorts and tshirt underneath to full electric liner/gloves. It has loosened up nicely but I still don't think it's fully broken in. I am 5'8" and 180 but only measured for a size 12; I had the pants lengthened 2" and the ellipse added. It still feels a tad short in the torso (even though I am "high waisted" and not particularly long in the torso) but if it was too much longer, there may be a problem with too much fabric. I have ridden in light rain, and it was excellent...It is a nice weight without the extra ballistic fabric and cooler where I ride in the deep south. Overall it was a good investment and I expect to use it for at least 10 years!" —Review by Daphne

AEROSTICH DARIEN JACKETS & PANTS

Built for hard everyday wear, long trips and extreme adventure and endurance riding. Whether you are heading across town or across Siberia, this is the toughest most reliable single-layer textile jacket and pants available.

The Darien actually was the first armored textile jacket and pants made specifically for long-distance travelers and adventure riders, and today after more than 25 years of continuous improvements and careful refinements it still remains the benchmark for

technical motorcycle trip gear.

With its unique single-layer construction there can be no shortcuts. Nothing is hidden under a lining. Hook and loop is used for positioning its comprehensive **TF3** impact armor systems.

Darien's ride drier and more comfortably across a wider temperature and climatic range. The armor is easier to custom-position for fit or remove and replace as required. Emergency field repairs are easier, too. (Important if you're somewhere remote.)

DARIEN JACKETS

Exclusive features include a tough abrasion-resistant Mil-spec 500 Denier Cordura® GORE-TEX® breathable/waterproof outer fabric, removable hard shell **TF3** elbow and shoulder armor, generous 3M Scotchlite™ reflective areas, adjustable anti-flutter sleeve tabs, and removable magnetic collar clasps.

The Darien also accommodates optional TLTec fleece liners that fit perfectly inside this outer jacket (see page 28). The liner's underarm vent zippers line up, and everything works together perfectly.

Those optional reversible TLTec liners are perfect on cool mornings and for all 'off-the-bike' wear, too. They fold into their own compact zippered pockets, and can be

attached to your bike or worn on a belt like a fanny pack. (With new construction, an optional zip-in liner zipper (#375) is available at no charge.)

Available colors: black, grey, red, hi-viz lime yellow*, tan, or cobalt blue. All Darien jackets come with black details. 36–54.

DARIEN PANTS

Cut like khakis (and some jeans), these unlined overpants are the perfect match for a Darien jacket. Two front pockets, one back pocket, a flapped front fly, and a waistband with belt loops containing a removable Aerostich belt are some practical details.

Full length side zips with inner and outer flaps insure easy on-and-off convenience and severe weather

protection. Bent knees, large 3M Scotchlite™ reflective ankle adjustment tabs and shaped, removable **TFC** knee armor complete the specifications. 500 Denier Mil-spec Cordura® GORE-TEX® fabric is fully seam taped for comfort and strength. Black, grey or tan. See web site for alterations and sizing. 30–46 waist, regular and long.

ADJUSTABLE KNEE ARMOR

"The workmanship is top notch - very well sewn and sealed. They started out quite stiff, but they're beginning to loosen up a little. It has been quite cool (for California) with temperatures below freezing, and these have kept me quite comfortable at 75 mph on my daily commute on my naked (no fairings) motorcycle. I look forward to replacing the jacket with a Darien jacket - the Aerostich quality is quite compelling. Good gear, well made here in the USA. Would definitely buy again." —Review by Bart

"I've put over 3000 miles in less than three months in these pants. When it was hot out, yes they were a bit warm, but not uncomfortable (as long as I was moving). I got the grey pants, and they didn't seem too stiff out of the box. Not more than expected anyway. Like I said, they have over 3000 miles and are great. I have worn them through MAJOR rain/thunder storms and my pants were dry. I did have my regular pants tucked into my boots. A couple of times I didn't and about three inches of the cuff was wet. I think that these pants are great and I'm glad I got them. Worth the price." —Review by Shawn

SINCE 1992, THE ORIGINAL ADVENTURE JACKET AND PANTS

Aerostich Darien, along with cell-phones and GPSs, encouraged the popularity of 'adventure' riding years before today's online forums and specialized print adventure magazines existed. Pioneers like Ed Culbertson, Helge Pedersen, Greg Frazier, Chris Scott, and Ted Simon relied on Darien gear because of its combination of protection, reliability, durability and comfort.

Even among today's highly detailed, styled and tech-ed-out adventure gear, the Darien stands out because it remains lighter, tougher, better fitting, and more comfortable. It simply wears and works better across a wider range of conditions. More than twenty years ago Darien's established new benchmarks for performance, fit and comfort. And since then they've been continually refined and improved. Experienced adventure riders still choose to wear it because it remains the best.

Ted Simon

L to R: Greg Frazier, Chris Scott, Clement Salvadori, Helge Pedersen

ABOUT THE NAME OF THIS GEAR

The Darien designs were created twenty six years ago but we needed to postpone introduction for a year because of capacity limitations that year. During the interval a larger company (than Aerostich) introduced a ¾ length leather touring jacket (made in Pakistan or China) called the "Dakar". That now long-gone jacket had been named for the city in Africa where the 'Paris-Dakar' event finished. We wanted a name for our new jacket which would emphasize our All-American origins yet sound close enough to "Dakar" to invite comparison.

The Darien area in Eastern Panama encompasses about one hundred square miles of all but impassable roadlessness, and is the still incomplete section of the 'Pan American Highway,' which was conceived to be a single road from the top of Alaska to the bottom of South America.

Today's politics make it highly unlikely that this last missing section, known as the "Darien Gap", will ever be completed, but thirty years ago it challenged a few determined adventure motorcyclists.

First, in the 1960's, was Nebraska's R60 BMW mounted Danny Liska. He walked through this hostile and dangerous place, end-to-end, and shipped his bike around. Then in the 1980's Norwegian round-the-world traveler Helge Pedersen loaded his R 80G/S BMW in a canoe and paddled it through. A few years later, so did Florida's Ed Culbertson, except he spent a bit more time hacking out a partly overland path for his R 80G/S.

Ed and Helge both wore (and helped refine) this gear, so we chose the name Darien to honor those riders who challenged the Darien Gap.

AEROSTICH DARIENLIGHT JACKETS AND PANTS

An ultralight Darien Jacket and Pants would make a great urban riding tool (...we said to ourselves). So we build them just this way, using a tough, HT200D Nylon GORE-TEX® fabric. This lightweight Cordura-like material is far tougher than ordinary nylon fabrics of similar weight offer about a third less abrasion resistance than the regular Darien's stiffer 500D Cordura fabric.

On the other hand this lighter weight version provides so much more ease and comfort it's better for many kinds of rugged outdoor activities beyond

motorcycle riding.

The Darien Light really comes into its own for commuting and general riding, especially in atrocious weather where it will flat-out work better than whatever you now wear.

The unlined Darien Light Jacket and Pants wear dryer and comfortably across a wide temperature range. Its many integrated features have been rider-proven to work better on all kinds of rides in all kinds of weathers.

JACKETS

The Jacket is a lightweight yet hard-as-nails protective system for your upper body that lets you ride in safety and comfort, regardless of harsh conditions. It's light, tough, simple, and practical because that's what works best.

Exclusive features include tough HT200D GORE-TEX® breathable/waterproof outer fabric, removable hard shell **TF3** foam elbow and shoulder armor, generous 3M Scotchlite™ reflective areas, adjustable anti-flutter sleeve tabs, and removable magnetic collar clasps.

A Darien Light jacket also accommodates a range of optional removable TLTec fleece liners that fit perfectly inside its breathable/waterproof shell. These liner's vent

zippers line up perfectly and fit, feel and work like they were made for a Darien. Which they were.

The optional liners are worn separately beneath an outer Darien Light Jacket they are also perfect alone on cool days for off-the-bike wear. They fold into their own compact zippered pocket and can be attached to your bike or worn on a belt like a fanny pack (see page 28).

An optional back pad attaches to all Dariens with pre-installed hook-and-loop. Colors: black, grey, red, hi-viz lime yellow, tan, or cobalt blue. All Darien Light jackets come with black details. 36–54.

TAN

"I purchased the High Viz Darien Light jacket about a year ago. Having previously purchased other Aerostich products, including Darien pants and combat light boots, I had confidence in the quality and workmanship but was very concerned about the discomfort associated with a long break in period. To my surprise, the jacket was comfortable out of the box and was nice after one machine washing. I have worn the jacket in temps from the 90's (never used my vented jacket this summer) down to the 30's (with heated liner) and it has met my needs. I have ridden in torrential rainstorms and have remained completely dry, although some pockets filled with water; lesson learned, pockets aren't waterproof. Despite that I highly recommend the jacket." —Review by Bob 1811

PANTS

Same idea and specifications as regular Darien pants except made with tough-but-light HT200 Denier Nylon GORE-TEX® fabric. Perfect for summer street or dual sport riding. In even waist sizes 30–46 regular and long. Black, Grey or Tan. 

DarienLight Pants #157 \$377.00

BLACK

TAN

"I purchased the Darien Light pants to wear on days when the temp is 50 or below. I wear insulating layers underneath depending on the temperatures. On the few rides I have done thus far, I am impressed with the quality of the ergonomic fit and the warmth. The armor in the knees is much appreciated extra insulation. The Gore-Tex fabric lets the moisture out and I have stayed completely dry - and warm. Not a wet feeling warm that is possible with non breathing fabrics." —Review by Richard

WIND PRO

WIND BLOCKER

AERO STITCH DARIEN JACKET LINERS

Far better than ‘afterthought’ jacket liners. More durable, comfortable, functional and versatile.

Their reversible design includes seven purposeful pockets in a black Supernyl fabric shell, including dual hand-warmer pockets, a side entry drop-in ergonomic left side chest pocket, a top opening chest pocket on the right side, two large zippered compartments behind each hand warmer pocket and a large zippered pocket across the lower back that the entire jacket to self-stores neatly within for packing and travel. Inside-out when packed, with integrated webbing loops so it may be safely attached to your bike, or worn on a belt like a fanny pack. Also works well as a sleeping or reading pillow when camping.

“...a cold weather comfort layer inside a Darien Jacket, or alone as a casual/off-bike jacket.”

The wearable-both-ways liner also features underarm zips which perfectly match those on Darien jackets to provide superior venting adjustability and more comfort across a wider temperature range. You’ll also appreciate the handlebar-friendly longer sleeve lengths, a just-right collar height and the comfortable stretch knit wrists and waist.

Because they are reversible this liner may be worn fleece-on-the-inside for great air-trapping warmth, or reversed to help it slip on or off faster within a

Darien (or any other) outer jacket.

The grey TL Tec **Wind Pro model** features a thick, dense 200 wt. wind resistant “super fleece” which is extremely breathable yet provides 4x better insulation and more draft resistance than common department store fleeces.

The blue TL Tec **Wind Blocker version** is made with a slightly thinner and even more highly windproof 100 wt. fleece that offers 2X faster moisture wicking than other windproof fleeces, while retaining good breathability for all day comfort. It’s also marginally more compact-to-pack. Because of its slightly more wind-blocking TL Tec, it also offers a bit higher insulation level (as measured in lab testing) than the noticeably thicker Wind Pro model.

Wear either as a cold weather comfort layer inside a Darien Jacket, or alone as a casual/off-bike jacket. Wherever you are going, both eliminate some of the weight and bulk of traditional liners, and both are equally long-use durable. They both feature a durable water repellent (DWR) finish to keep you drier and more comfortable thru the wettest conditions.

Either version will wear a good deal warmer than you’d expect on cool mornings, and both compliment a Darien jacket perfectly. (With all new Darien jacket construction an optional zip-in liner zipper (#375) is available at no charge, but most wearers prefer to simply wear these together, without this complication. it’s faster and easier.) Machine washable. Sizes 36-54.

"I recently purchased Darien Jacket and absolutely love it. I tried using the liner from another jacket I have and found it didn't provide the wind protection I expected. I felt cold air on both sides of my body. I decided to buy the liner that was meant for this jacket and what a world of difference. First off, it is gorgeous and looks good just by itself. Very comfortable and fits just right. Wearing it with the Darien jacket I was very comfortable on my midnight ride from work at 35 degrees at 65 miles an hour. Not sure what the wind chill was but all I know is I was fine. Thank you for another great product. And yes I do ride more with my Aerostich clothing." —Review by Tony

AEROSTICH FALSTAFF JACKETS

If you fancy the waterproofness and uniquely experienced look of classic, traditional 100% English waxed cotton gear but demand modern venting, **TF3** technical armor and Scotchlite™ reflective areas, a Falstaff ought to do it.

Its authentic English waxed cotton is exactly the same fabric proven in traditional British gear. Rugged 8.25 ounce fabric, made the same way for over 170 years, with proven resistance to inclement weather, while the cotton fibers allow it to breathe. It is highly durable, exceptionally comfortable and proven by generations of riders, outdoorsmen and commercial fisherman (wearing oilskins) in the harshest conditions. As the fabric ages it also develops a well-worn and comfortable patina, telling your unique story of every mile ridden.

The Falstaff features a rich plaid cotton lining, with two huge inside pockets, a soft ultrasuede faced collar, and an

oversized cargo pocket behind the back vent reflective flap.

In hot weather it wears more comfortable than the British jackets because of its generous dual slider zippered underarm and back vents. And the standard Aerostich **TF3** impact armor provides crash performance far beyond what the 'olde-blithy' gear offered. Cleans with a damp sponge.

INNER LINING

The abrasion resistance of waxed cotton (when compared to the Darien's 500 Denier Cordura) is better than you'd think. Black, Brown, Green, or Orange. 36–54.

AEROSTICH TRANSIT 2 JACKETS AND PANTS

Waterproof breathable leather gear that outperforms traditional leathers. Made from GORE-TEX® Pro Shell Leather which provides all weather performance. It is completely waterproof and wears noticeably cooler under a hot sun.

This unique built-in technology is a breakthrough in and durability. In wet, fog or misty conditions it won't soak up moisture so it doesn't get heavy, and dries fast after riding through rain. The leather itself is ultra-supple, luxurious and flexible.

Inside are six easily removable **TFS** impact armor systems: elbow, shoulder, knee, hip and back pads, which provide superior energy absorption with less movement restriction, so you'll ride a better protected and more comfortable.

The Transit's micro-perforated breathable leather contains a proprietary treatment that prevents it from absorbing water. Millions of micro-vents across the

surface of the leather insure that during high activity moisture on your skin will evaporate through, even when the suit is fully zipped and closed. Only the finest hides are used for this processing and tanning.

Updates of the new '2' version include added underarm vent zippers, a small pocket on the right forearm that's perfect for toll-road money or ear plugs, a fold-away reflective cover over the back vent, and a near-full circumference (270°) pant-to-jacket zipper.

The main pant and jacket zippers are an all new waterproof type which further increase the Transit's functionality. Jacket sizes 38–52, short, regular and long. Pants sizes 30–44 waist, short, regular and long. Imported.

MOTORCYCLE LEATHER GEAR DRESSINGS

For long life and water repellency leathers should be periodically cared for with a quality dressing. Pecard Leather Lotion is the best one we've found. It's based on a long-ago refined formula and is ideal for all for colored and black smooth leathers.

The boot version cleans, polishes, restores suppleness and provides increased water resistance. It's also still made (since 1902!) in a small northern Wisconsin town by a family owned company founded to manufacture dressings for logging boots, horse-drawn lumbering gear and related equipment. Early woodsmen needed to protect their expensive boots and leather harness gear in cold, wet and harsh environments. The quality and performance of this dressing resulted in a great reputation: Lumbermen and hunters swore by it. Factory workers endorsed it, and Admiral Richard E. Byrd specifically chose the boot dressing to protect gear on his first expedition to the South Pole.

Proven under brutal conditions, this is a leather dressing you count on. It's available around the world in experienced cobbler's shops, and here. Neutral colored formulated paste. Not for use on suede. Choose 4oz. Bottle or 6 oz. Tub.

Bottle (for jackets/pants) #1339 \$6.00

Tub (for boots) #1628 \$8.00

"I have had my Transit suit for almost 3 years, logged 60,000km in all types of weather, and I still love it. My transit is the best gear I have owned, it is so good that I gave away all my rain gear, and summer gear, the only extra gear I now carry is my silk scarf and an electric liner for the winter. With my Transit there is no need to check the weather because I know my Transit will keep me comfortable and protected for a great days riding." —Review by Robert

AEROSTICH AD-1 PANTS

The AD-1 is a fully seam taped, unlined, HT600 Denier Nylon three layer GORE-TEX® jeans-cut pant, with full length separating side zips. The outside zippers have full length inner and outer weather flaps to help the pants go on and off fast and keep rain and wind out.

Other details include: A diamond gusset in the crotch for greater sitting comfort; An inner gusset behind the front fly which improves water resistance; The knees have a greater bend around a larger radius (than the Darien pant knees), allowing more freedom of movement. The Scotchlight® reflective ankle tab loop strips are radial, for a natural and secure adjustment around the calf and lower leg. The front pockets have hook and loop secured cover flaps so items inside are secure. (And you won't lose your change or bike keys when the pants are laid over the back of a chair...). A vertical zippered cargo pocket is on top of the right thigh and a horizontal opening pocket to the top of the left thigh. Available in even waist sizes, 30–46 regular and long. An Aerostich Money Belt (#1854) is included with these pants. Black, Grey or Tan. Imported and .

CRASH REPAIRS

Between 20 and 40 miles per hour, Roadcrafter suits usually sustain less than \$250 of damage; between 40-70 miles per hour, \$250-\$500 of damage; 70-100 miles per hour, \$500 or more. These figures are estimates—the actual amount of damage varies depending on the circumstances of each accident. A suit is ‘totaled’ and cannot be repaired if the cost of the repairs exceeds half of the price of the suit at the time it was manufactured (for example, if a suit’s price was \$800 when it was first sold, it will become ‘totaled’ today at \$400). You will be contacted with an itemized estimate of repairs needed, based on time and materials, before work is begun. Garment should be cleaned and pads removed before returning. Cleaning service available. Contact us for current turn-around times before sending your gear.

OTHER REPAIRS

Broken zippers, torn linings, melted ballistics and other repairs are estimated based on the materials and labor involved. Replacing a zipper or some hook and loop is usually between \$30 and \$60, but we will contact you with an estimate before performing any work. Garment should be cleaned (but not waterproofed) and pads removed before returning for repair. Cleaning service available. Contact us for current turn-around times before sending your gear.

AERO STICH EXTRA-TECH APPEARANCE PACKAGE (R-3)

Add-ons that make a difference. Multiple added little pockets plus decorative sections of intentionally contrasting fabrics and colors so you’ll look supremely competent and capable, no matter how skillfully (or not) you may actually ride. But wait, there’s more: Built in coffee maker? Check. Emergency parachute? Check. Universal nightlight holders? Check. Deployable chaff screens? Check. Calibrated phase-change monitors? Check. SCUBA tank attachment points? Check. With this your gear can out-tech everyone else. Prominent oversize brand and label artwork included.

#RIDE \$2112

AERO STICH RETRO-TECH APPEARANCE PACKAGE (R-3)

Get Real. Get Authentic. Get Steve McQueen. Add the essence of clean, pure classic gear. Features a 100% selvedge cotton outer fabric with an artisanal wax finish of refined

Narwhale semen (renewably harvested, don’t ask us how). Buttons replace zippers, all reflective areas deleted, all vents removed, and all external pockets have old-school flaps. The core TF impact armor remains but has been shaved down to minimally intrusive size so on casual view it looks missing. Available in either lumberjack red-black check or traditional plaid flannel. Fully certified organic and Fair Trade. Your appearance counts most when surrounded by friends, or at least other genuine hipsters.

#MORE \$1966

WHY, WHY, AND WHY?

After WW2 came much-expanded road networks and reliable Japanese bikes. One could ride almost everywhere far more easily. Earlier motorcycles had been vibraty, leaky, short-service-interval machines, and not quite durable enough for trouble-free longer distance-travel, or daily transportation. Only a few hard-core riders put up with them.

The better quality motorcycles which first became available in the late 1960’s changed riding, but gear remained the same for quite a while afterward. It took time for that new generation of riders to discover that while traditional denim, waxed cotton, leather and flannel looked ‘right,’ it was compromised as all-weather, all-road, all-speed gear, which was exactly what one needed for riding coast-to-coast, or back and forth to work day after day.

So we introduced advanced technology rider’s gear made with new kinds of textiles like Gore Tex and Cordura, with new kinds of energy-absorbing impact materials like TF armor, and new kinds of reflectives like 3M Scotchlite. Our designs were different looking too, with bright colors, more ergonomic pockets, adjustable air vents and lightweight nylon zippers to replace traditional metal zippers and snaps.

These pioneering advances helped riders enjoy the full potential of their modern bikes. Long-term-durable Aerostich gear combined more effective impact and weather protection with improved comfort and convenience, but since style and fashion always remains an important consideration, these ‘Extra Tech’ and ‘Retro Tech’ appearance packages were created.

Subject: My Life - A 26 Year Old Roadcrafter Saved it...

Date: Sun, 1 Mar 2015 17:32:25 -0800

From: Grant Boysen

To: service@aerostich.com

I don't even know where to begin,

My name is Grant Boysen, and a 26 year old Roadcrafter saved my life on the first of January.

On a muggy day in December I set out on a cross country ride from Washington DC to California. I'll spare you the details of the trip (see attached ADV link for trip pictures and junk <http://www.advrider.com/forums/showthread.php?t=1031571>) Well, flash forward a few weeks and I am flying down US-90 in Texas at roughly 100mph.

I hit a large piece of chain link that was laying in the road, which I did not see somehow. Instant lock to lock tank slapper. I tried to throttle out from 70mph to calm down the chassis, but it was too little too late. I was bucked and kicked off at somewhere between 90-100mph. The bike flipped and impacted the ground no less than 7 times and traveled 470 feet down the road. I rolled, skidded, flipped, crunched and smacked for over 420 feet from the point of first impact.

When I came to a stop I saw that my left wrist and hand was completely smashed, but the suit was mostly intact! Somehow?! Take a look at the thread (page 6) it is some of the coarsest roadway I've ever seen. The EMT's that arrived could not cut the suit off, they went through 3 pairs of trauma shears just to open up my sleeve to put in the IV. After closer inspection of the suit in the ER later in the day, it has surely seen better days. I've never actually seen an Roadcrafter with this much damage. It looks like it was hung out in a field and shot with 12gauge bird shot over and over again...

After all was said and done, I only had a smidgen of rash on my knee where all the fabric was torn though, a little splotch on my right elbow and a broken left wrist and 6 fingers. That is it.

Soon after the accident, a US Border Patrol agent arrived. As soon as he stepped out of his car I heard:

"How long as he been dead?"

I shouted back at the top of my lungs

"I'm still f*ck'n alive!!"

We later talked a bit, he stated that most accidents that happen out there on US-90 involving motorcycles are fatalities. He had never seen someone survive an accident of this magnitude. Let alone survive, I walked away with almost no injuries, all things considering!

I can confidently say, without my 26 year old Roadcrafter I would not be writing you this email today.

Now I have to find a 36L somewhere, know anyone selling a discounted one? Haha... This unemployed Veteran and full time student won't ride with any other type of gear.

Thanks again for the best riding suit in the world!

-Grant

aerostich.com/alterations

Roadcrafter suits are available in many stock colors and 30 returnable sizes (34 to 52, and short, regular, and long lengths). In addition, most custom size alterations and optional features may be added at any time, (though alterations at the time of manufacture are a lot easier and less costly). Custom-altered suits are not returnable for refund or exchange. Some alterations are not available in combination. (i.e. mid gusset and v-gussets, together.) Please call at 800.222.1994 or 218.722.1927 to order.

CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Complete washing, general inspection, and water repellent service for Roadcrafter and Darien suits. A detailed inspection of the hook & loop, zippers, stitching, fabric, and laundering with NikWax wash-in water repellent. Stain removal is not guaranteed, but suits will smell nicer and will work better in the rain. If sewing repairs or pad replacements are needed, you will be contacted with an estimate.

**One Piece (Jacket and Pants) #255 \$80.00
Jacket #256 \$50.00
Pants #257 \$40.00**

YOUR FAVORITE PATCH INSTALLATION

Custom installation of your favorite patch. See website for size and placement details.

Patch installed #235 \$15.00
Patch Installed with clear vinyl overlay #2335 \$25.00**
Removable Hook & Loop Patch Installed #236 \$25.00****

HIGHLY WATER RESISTANT ZIPPER UPDATE

Complete replacement of the original main and leg zippers on Roadcrafter suits with the latest highly water resistant YKK zipper. Add up to 90% more water resistance than the original zipper. Standard on all 2011 and newer Roadcrafter suits.

**One Piece Roadcrafter (Main and Leg) #289 \$100.00*
Roadcrafter Pants #299 \$85.00***

CAMERA MOUNTING SYSTEM (T)

Section of loop placed above the logo pocket on any textile Aerostich Jacket or Suit. Includes mated adhesive hook and an attachable safety cord, allowing you to attach a small video camera, like a GoPro Hero. Superior or point-of-view compared to helmet or handlebar mounted camera placement. Wears un-noticably as part of your jacket or suit. Tested for thousands of miles in all types of weather.

#344 \$35.00*

ROADCRAFTER

CUSTOM SLEEVE LENGTH (A)

Shorten or lengthen up to a total of 2" above elbow, below elbow, or a combination of both.

#201 \$75.00*

CUSTOM LEG LENGTH (B)

Shorten or lengthen up to a total of 3" above knee, below knee, or a combination of both. Length adjustment of rise is not available.

#202 \$75.00*

EXTRA FORWARD ROTATED SLEEVES (C)

Standard fit is optimized for most sport-standard riding positions. This alteration adds even more forward sleeve rotation for "extreme" riding positions. Makes a comfort difference on supersport and "race-replica" bikes. New construction only.

#213 \$100.00

BACK PANEL ELLIPSE (D)

A 2" ellipse is installed across the lower back, increasing the forward lean of the suit. Tilts the torso forward five degrees compared to standard suits.

One Piece Suits Only #206 \$75.00*

Zip-In Panel for Two Piece Suits #124 \$37.00

JACKET HEM FLARE (E)

A gusset on each side, sewn from the waist tab, that widens to an additional 1 1/2" on each side at the jacket hem. Provides a looser fit around hips.

Two Piece Jacket Only #208 \$60.00*

KNEE SLIDER HOOK & LOOP (F)

An oval area of hook & loop that allows the installation of knee slider pucks. Plenty of room for perfect placement. Seam taped behind. Black loop only.

#212 \$75.00*

UPPER BODY GUSSET (G)

A V-shaped panel from the waist to the sleeve on each side of the suit meets another V-shaped panel from the elbow to the armhole, providing additional shoulder and arm ease. Increases comfort with narrow bars as well as for riders with athletic builds. Add up to 2" at each side.

#203 \$75.00*

MID GUSSET (H)

Inconspicuous gusset added at both side seams to make the waist/tummy area larger. Gussets begin at the upper sleeve, near the underside of the armhole, and widen to the waist, then taper to end near the hips. Add up to 2" at each side.

#207 \$75.00*

EXTENDED GUSSET (I)

For larger riders. A V-shaped panel begins just below the underside of the elbow and widens upward to the armhole. It con-

tinues down along the sides of the torso through the upper thigh, tapering to end near the knee. Add up to 2" at each side.

#211 \$75.00*

SLEEVE PEN/PENCIL POCKET (J)

For holding a pen, grease pencil or tire gauge. Color matching Cordura fabric. Seam sealed behind. Specify location: right upper sleeve, left upper sleeve, or left forearm.

#230 \$45.00*

PEN/GAUGE POCKET (U)

Add a pocket to the outside calf of a Roadcrafter Suit or Pants for an easy to access storage pocket for a pen, tire gauge, screwdriver or other small tools.

#341 \$45.00*

REFLECTIVE DELETE (N)

For maximum stealth-mode riding, color matched fabric in place of any (or all) of the 3M Scotchlite™ reflective areas. Inconspicuity for secret agents and black ops riding. Also makes flash photography posing easier. New construction only.

One Piece #226 \$75.00

Jacket #224 \$50.00 | Pants #225 \$30.00

KNEE GUSSET (Q)

A short elliptical strip inserted along both sides of the pant leg at the knee, providing for a slightly roomier fit in the knees.

#214 \$75.00*

PANT LEG HEAT SHIELD (S)

Nomex panels added to the inside calf/ankle area of Darien, AD1 or Falstaff pants to provide a protective barrier between your riding pants and hot exhaust pipes to prevent fabric from melting or burning.

#304 \$75.00*

DARIEN JACKET & PANTS

CUSTOM SLEEVE LENGTH (K)

Shorten or lengthen up to a total of 2" above elbow, below elbow, or a combination of both.

#201 \$75.00*

CUSTOM LEG LENGTH (B)

Shorten or lengthen up to a total of 3" above knee, below knee or a combination of both. (Length adjustment of rise is not available.)

#202 \$75.00*

JACKET HEM FLARE (E)

A gusset on each side, sewn from the waist tab, that widens to an additional 1 1/2" on each side at the jacket hem. Provides a looser fit around hips.

#208 \$60.00*

SLEEVE/PENCIL POCKET (M)

For holding a pen, grease pencil or tire gauge. Color matching Cordura fabric. Seam sealed behind. Located on left forearm.

#230 \$45.00*

REFLECTIVE DELETE (N)

For maximum stealth-mode riding, color matched fabric in place of any (or all) of the 3M Scotchlite™ reflective areas. Inconspicuity for secret agents and black ops riding. Also makes flash photography posing easier. New construction only.

Jacket #224 \$50.00

Pants #225 \$30.00

HIP/SEAT GUSSET (R)

AKA "Gail's Gusset". Inserts a lens shaped side-seam gusset, between the zipper and the back of the pant, tapering from the waistband to mid-thigh on each outside seam, beneath the flap over the zipper. Almost invisible. Gives riders more ease and comfort to sit than the regular straight-leg cut of the standard pattern. A bit like classic jodhpurs. Up to 2" each side.

#263 \$75.00*

DARIEN LINER

CUSTOM SLEEVE LENGTH (O)

Add or shorten sleeves by up to 4". New construction only.

#251 \$40.00

ZIP-IN LINER ZIPPERS (V)

A second internal pair of zippers allowing a Darien TLTEC Fleece or Kanetsu Electric Liner to be zipped into the unlined outer Darien or Darien Light Jacket.

#375 \$75.00*

TL-TEC FLEECE

CUSTOM SLEEVE LENGTH (O)

Add or shorten sleeves by up to 5". New construction only.

#254 \$40.00

CUSTOM PANTS LENGTH (P)

Add or shorten by up to 5" (above or below the knee seam or combination of both). New construction only.

#253 \$40.00

GANETSU ELECTRICS

CUSTOM VEST ZIP OFF SLEEVE LENGTH (O)

Kanetsu AIRVANTAGE®, Wind Blocker or WINDSTOPPER®. Add or shorten sleeves up to 4". New construction only.

#240 \$40.00

CUSTOM ELECTRIC LINER

SLEEVE LENGTH (O)

Add or shorten sleeves up to 2.5". New construction only.

#252 \$50.00

*Add \$100.00 per alteration to existing garments.

**Add \$30.00 to install patches to existing garments.

AEROSTICH SUIT STORAGE BAGS

The Light model folds small enough to carry in a pocket and unfolds into a rectangular pillow-shape when carrying a riding suit. Also great as an organizer inside hard saddlebags. The Regular model is constructed of a water resistant coated black Cordura® Nylon. Two full length web straps are attached at intervals across one side to provide secure tie-down attachment points. Black. 24"×6"×11".

**Regular #373 \$37.00
Light #371 \$32.00**

AEROSTICH SINGLE-USE ZIPPER LUBRICANT

The same durable Teflon-suspension lube factory applied to the highly water-resistant main zippers in new Roadcrafters. Makes a tremendous difference in how well these zippers work in day-in-day-out use. This single-use packet contains just the right amount for treating the long zipper and the right leg zipper on a Roadcrafter once, and the zip-ease improvement will be noticeable for months. Chemically, its about the same as Teflon Multi-Use (#4966). .53 fl oz.

#319 \$4.00

TEFLON MULTI-USE LUBRICANT

Noticeably superior lubrication for brake, clutch levers, throttle cables... waterproof zippers...and just about everything else you want to work more smoothly, too. It's neat and clean, not oily. The lubricant's secret is that it contains a suspension of microscopic (nano) Teflon® particles in a fast-evaporating carrier.

The great lubricating properties last a long long time. The formula is silicone free, too. And it protects against rust and oxidation and doesn't attract dirt or grime. Clean lubrication that lasts up to five times longer than other lubricants. Works fantastic on all water-resistant zippers. 4 oz.

#4966 \$8.00

AEROSTICH EMERGENCY MEDICAL INFORMATION POCKET

Secures firmly to the left sleeve loop on all Aerostich jackets. Comes with a waterproof form for you to note vital information, such as: name, age, address, phone numbers, contacts, blood type, allergies, family doctor and other information that communicates for you, in the event you cannot. Includes an adhesive loop strip for use on helmets and non-Aerostich gear. 5.5"×1.5". Specify Red or Hi-Viz Yellow.

©2002 WATERPROOF INC. THIS MATERIAL IS WATERPROOF AND DRY CLEANABLE.

STRAP-ON KNEE SLIDER ATTACHMENT

A strap-on area of grip-type Velcro®, just right for adding the knee slider of your choice. Proven at Lee Park's Total Control Rider Training Programs, and perfect for occasional sport riding exploits, without adding permanently sewn-on areas. Straps on quickly, easily and very securely. And absolutely not for use with jeans or street pants. Never ever. NEVER. Don't even think about it.

#487 \$30.00

ASPHALT & GAS LEATHER SLIDER

This superbike size leather puck offers a superior feel, and has a better rate of wear. Individually hand made by Jeff Lee, a rider who spent years developing this better functioning slider. Requires a hook & loop mount (Knee Slider Mount alteration #212, available separately, see p. 33). Sliders are sold as sets. Black.

#127 \$50.00

AEROSTICH**ADJUSTABLE CARRY STRAP**

The easiest way to pack a Roadcrafter for carrying. A simple, fast and convenient way manage your suit when it's not being worn. Quick release buckles, adjustable 1" nylon straps and convenient carry handle. When not needed, carries in any pocket unnoticed. 

#488 \$20.00**WATCH THE VIDEOS AT AEROSTICH.COM**

he unrolls the Roadcrafter and suits up. A short walk from the platform rests a beat-up 1984 Honda XL350R, eager for its ride across the city to his office. (This too-brief twenty minutes, he notes, is invariably the best part of his day.)

Just as the Roadcrafter is part of his commuting solution, the compact, lightweight Aerostich Adjustable Carry Strap is his solution to transporting his (or any) Roadcrafter off the bike. Simply fold the suit in half, roll it laterally or longitudinally, secure side release buckles, and you're on your way. Harness carries unnoticed in a suit pocket until needed, and then it's quick and easy to use. With a little practice it's a 30 second procedure.

Thanks, Mark, for inventing this.

THE ULTIMATE COMMUTE...

If necessity is the mother of invention, then the greater the need, the better the invention. The story: Life-long motorcycle commuter and long-time Aerostich suit owner Mark L. lives and works in his native Los Angeles, then falls in love with a beautiful research scientist in who lives in San Diego. They get married, he relocates, and for the last 13 years he endures a 125-mile commute each way. So he invents this. Every morning he rolls up his trusty Roadcrafter, secures it with an Aerostich Adjustable Carry Strap, and walks to the nearby Oceanside Amtrak/Metrolink train station. He carries work, lunch, a morning paper, a laptop and his rolled-up Roadcrafter. On board he'll read and work for an hour and 55 minutes. As the train nears LA

**AEROSTICH SHOULDER SAVER HANGER**

The Shoulder Saver is designed to evenly distribute pressure on the inside of garment shoulders, helping to retain the shape of the garment. In addition, the larger size of these hangers allow things to dry out faster, which helps suits and jackets smell fresher and last longer.

#1364 \$27.00**FOLDING TRAVEL HANGER**

You don't need to be the sadistic Nazi SS villain in old Steven Spielberg movie to have a pretty good time with one of these. It's fun and useful in any situation where a suit or gear hanger would be good to have. Hanging this way helps gear dry faster and last longer. Made from solid aluminum with strong, flexible rubber joints. Includes storage case. Holds up to 10 lbs. "Now, what shall we talk about, Dr. Jones..." Weighs 2.6 oz. Folds to 2"x11".

#2182 \$10.00

AEROSTICH BACK ARMOR

These full length back protectors provide higher levels of protection for kidneys, spine and coccyx areas. They are fully fitted for all Aerostich suits and jackets using integrated hook & loop mounts, or can be worn in another garment with the included, but detachable, belt. Both are made to withstand multiple hard impacts while being very lightweight and comfortable. Specify suit size. S, M, L.

TF³ COMPETITION

The Competition is a slightly stiffer back protector with an impact protection system similar to the Standard pad, but covering a larger area. It's ideal for track days, high speed backroad twisties and other fun hooligan-type riding applications. (You know who you are...) **TF³**, polyester, and Cordura. Specify suit size. S, M, L.

(A) #1491 \$125.00

TF³ STANDARD

The Standard is more for everyday riding applications, it's contour cut for total freedom of movement and is constructed with **TF³** and a multi-layer polypropylene shell. **TF³**, polyester, and Cordura. Specify suit size. S, M, L.

(B) #129 \$85.00

TF⁵ TRANSIT

Specially developed close fitting armor provides high comfort with extraordinary security. This molded visco-elastic pad provides secure low profile back protection. S, M, L.

(C) #1103 \$100.00

AEROSTICH TF³ HIP ARMOR

For maximum protection. Two over sized **TF³** hip impact protectors in shaped pockets that attach with hook & loop to the lining of any Darien pant and Roadcrafter one or two piece suit. Includes adhesive hook & loop for fitting into any garment. Pre-curved and shaped with a hard shell similar to other **TF³** pads. 9 3/4" x 10".

Set #1053 \$55.00

AEROSTICH TF⁵ HIP ARMOR

A new generation impact protection system for the Aerostich Transit Suit. Specialy developed armor provides high comfort with extraordinary security. Maintains impact dampening abilities in both high and low impact situations. These molded pre-curved pads provide secure hip protection. 7 1/2" x 5 1/2". Supernyl sleeves with hook & loop mount areas allow fitting in Dariens, Roadcrafters and AD-1s.

Set #1105 \$50.00

TF5 Hip Sleeves #1110 \$30.00

Which is best for you? For maximum protection, the **TF³**. For much easier street pant access in R-3 and Roadcrafters, use the (approximately) 50% smaller **TF⁵** type. Important when you forget your motorcycle or house key there.

AEROSTICH TF⁶

COMPETITION/HOT WEATHER ELBOW-SHOULDER-KNEE ARMOR

For competition and high-temp use. The highest energy-absorbtion and overall performance. A firmer, denser visco-elastic material. All TF foams become slightly softer and less energy-absorbing as the ambient temperature climbs. These **TF⁶** pads are best if you spend a lot of time riding in warm areas. S, M, L.

**Set #1112 \$75.00
\$15.00 each (specify pad needed)**

AEROSTICH TF³

STANDARD ELBOW-SHOULDER-KNEE ARMOR

Two-layer hard shell **TF³** is standard issue for the R-3 and Darien gear, and offers slightly more impact absorption than **TF²**. Shoulder, knee, and elbow pads are cut and shaped to fit the pockets of the garments. The Darien style pads come in Supernyl fabric sleeves with pre-installed hook & loop for installing these pads into Dariens and non-Aerostich garments. S, M, L.

**Set #144 \$70.00
\$14.00 each (specify pad needed)**

ZIPPER MEND

The quick, easy and permanent zipper pull repair kit. Just hook and click for a new zipper pull stronger than the original. Great for riding gear, tank bags, tent doors...anything with a zipper. Black or Silver. 1.4"×.4".

**Black #378 \$4.00
Silver #379 \$4.00**

ZIPPER FIXER

Simple to use solution for repairing broken zipper sliders and pulls. Remove the broken zipper tab, slip the 'U' shaped wire into the slider body and insert the plastic pull tab until it snaps into position. Perfect for repairing any broken zipper. 2pkg.

#365 \$8.00

AEROSTICH ZIPPER PULL COVERS

Perfect for your tank bag, soft luggage or riding clothing. Use these zipper pull covers and you'll be able to grab zippers better.

They prevent zippers from scratching your bike, slip on easily, lock and never pull loose. Made of a tough rubber silicone elastomer that provides a great grip, even when wet. Black with white logo. Pack of 6.

#347 \$14.00

AEROSTICH

ZIPPER PULL STRIPS

Durable, lightweight nylon tape with logo woven on both sides. Easy to install. Makes working zippers easier, especially with gloves on. Black with white logo. Pack of 6.

#317 \$5.00

ZIPPER SLIDE REPLACEMENT KITS

These kits include the various types and styles needed to replace Roadcrafter or Darien zipper sliders.

Wrist Zipper Sliders (Darien and Roadcrafter) #383 \$6.00

Waist Zipper Sliders (Roadcrafter) #384 \$6.00

Main and Right Leg Zipper Sliders (Roadcrafter) #385 \$8.00

Main Zipper Sliders (Darien Jacket & Liner) #386 \$6.00

Pant Leg and Fly Zipper Sliders (Darien Pants) #387 \$6.00

FIXNZIP

A fast, permanent solution to worn or broken sliders or a zipper that keeps separating. Simple to install with an adjustable thumbscrew that allows one side of the slider to separate from the other ('upper' and 'lower') so it can be positioned anywhere along a zipper chain to replace a missing or damaged slider.

Medium (size 5-8) fits most packs, tents, sleeping bags and light jackets. Large (size 8-10) for riding suits, jackets and pants.

Aerostich wrist, pocket and vent zippers (#5) use the medium size Fixnzip. Main zippers (#8 and #10) use the large size. Cheap, practical, carryable insurance on all-day and long-trip rides. (Murphy's law, zipper corollary #1: carry one or both sizes in the bottom of one of your suit or jacket pockets and you'll never break a zipper for the rest of your life.) Single zips, specify Medium or Large. 3-Pack includes 1-Small, 1-Medium & 1-Large size.

**Single #369 \$12.00
3-Pack #485 \$25.00**

AEROSTICH COMPLETE REPAIR PACK

Every type of snap and zipper slider used on the entire range of Aerostich garments. 32 pieces in all (9 different zipper sliders—top and bottom types, 15 zipper stops—three types, 2 snaps—eight pieces) and instructions.

#381 \$20.00

AEROSTICH

EXPEDITION/TOUR SNAP AND ZIPPER REPAIR PACK

The essentials for emergency repairs on the road. 15 pieces (five sliders, six stops, and one snap: four pieces). Includes instructions.

#380 \$15.00

KANETSU 加熱 ELECTRICS

K A N E T S U M E A N S " T H E A D D I N G O F H E A T "

AEROSTICH KANETSU ELECTRIC VESTS

A superior blend of ultra-compactible design and careful craftsmanship. Key technical features that make an Aerostich electric vest better: A slightly shorter, thinner heated collar that fits your neck right and slides under a jacket collar with less bunching. A longer trunk length in back and a shorter front to provide a more total heated area.

WINDSTOPPER®

A more packable version of the original fleece electric vest. Like that model, this version is also a most reliable, comfortably warm, hard-wearing electrically heated vest.

You'll appreciate its warmth, ultra-compactness and draft-stopping efficiency the minute you slip it on. It's also the least restrictive to wear beneath a closely fitted jacket or riding suit. Two pockets: one for storing the power cord and one that the entire vest stuffs into, forming a neat, compact pillow. Includes: fused, lighted coil cord hookup and power switch. 45 watts / 3.3 amps (works with all BMW standard power outlets). Specify QuiConnect 2, SAE or BMW connectors.

WINDSTOPPER® fabric is 100% windproof and half as thick as TL Tec Wind Blocker fleece.

Black. S-XXL.

#285 \$197.00

Optional WINDSTOPPER Zip Off Sleeves

#290 \$77.00

SELF STORES

TL TEC FLEECE

The best electrically heated fleece vest. It is the most proven, comfortably warm, everyday hard-wearing electrically heated vest available. Created in 1996, it offers a unique blend of common sense engineering, warm wind blocking fleece, clean-compactible design and careful craftsmanship.

The fuzzy, cozy-warm, windblocking TL Tec fleece is luxurious. This heated vest is extra versatile because it's reversible for varying conditions and situations. Wear fleece in or out.

Two pockets: one for storing the power cord and one that the entire vest pulls into, forming a neat, compact package. Includes: fused, lighted coil cord hookup and power switch. 45 watts / 3.3 amps (works with all BMW standard power outlets). Specify QuiConnect 2, SAE or BMW connectors. Blue. S-XXL.

#282 \$187.00

Optional Fleece Zip Off Sleeves

#288 \$77.00

SELF STORES

AEROSTICH WARMBIB

On colder rides enjoy quick warmth spreading evenly across your chest. It's a difference you'll feel even on shorter rides.

Stuffing old newspapers underneath your jacket might cost a bit less, but that is uncomfortable and doesn't add heat. This patented bib is electric-warm, windproof and packs really small. The smooth outer fabric layer is black GORE-TEX® WINDSTOPPER® and the side toward your body is a comfy black micro-fleece. The radiant electric heating layer is between.

The bib stays in place under your jacket perfectly because the inner fleecy layer is grabby and the outer WINDSTOPPER® layer is slippery. The comfortable low-profile fleece lined collar closes fast with hook and loop located at the upper chest and keeps drafts away.

Self-stores, power cord and all, into a built-in zippered pocket. Patent #D641,543S. 30 watts, 2.5 amps. Two sizes: Regular to 5'9", and Tall over 5'10". Includes a fused, lighted power switch coil cord. 

With SAE Lighted Switch Cord #221 \$97.00

With QuiConnect Lighted Switch Cord #229 \$97.00

With BMW Lighted Switch Cord #231 \$97.00

FOLDS INTO ITS OWN POCKET

MICRO-FLEECE INNER LAYER

AEROSTICH ELECTRIC CHEST INSULATION PAD

Keep your chest and core warmer, with an easy to install Chest Insulation Pad. Extends the functionality of the RoadcrafterLight into cooler riding conditions. Made from Windstopper® with a soft micro-fleece inner layer. Self-stores in a built-in pocket. 30 watts, 2.5 amps. Specify SAE, Quiconnect 2, or BMW connection. 16"×17". Black.

#241-273-281 \$97.00

Non-Electric #242 \$32.00

AEROSTICH COMBAT TOURING BOOTS

The tougher your riding, the better this boot will feel. Combat Touring boots are as strong as the bulkiest specialized off-road footwear, yet are designed to fit easily under your pants for everyday wear. As soon as you put them on you will feel more support and protection than ordinary street boots can offer.

Combat Touring boots are manufactured exclusively for us by Sidi using the best materials and their most experienced boot-makers. They feature quality full grain leather throughout, a Davos competition motocross sole, Scotchlite™ reflective in the heel gusset, generous internal ankle and toe padding, and a special padded collar at the top.

The inner speed lace/cord lock setup with micro-adjustable arch buckle and outer hook & loop calf closure insures a protective, comfortable fit. Combat Touring boots may take slightly longer to form to your feet compared to cheaper boots, but they will outlast them by years. Black. 14" tall (2.7 lb. per boot) Medium width. Wedge or Cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

*Cleated Sole #480 \$387.00
Wedge Sole #400 \$387.00*

AEROSTICH COMBAT LITES

More ideal for general touring, everyday urban riding and all day street and general purpose wear. Obviously shorter and lighter, but incorporating the identical heavy duty materials, design features, and construction quality of the original Combat Touring boot. Top grain leather and fully leather lined. Fewer individual leather pieces, less seams and is a stronger and longer lasting boot. Black. 11" tall (2.42 lb. per boot) Medium Width. Wedge or cleated sole. US (EU) sizes: 7.5 (41), 8.5 (42), 9.5 (43), 10 (44), 11 (45), 11.5 (46), 12.5 (47), 13.5 (48), 14 (49), 15 (50).

*Cleated Sole #404 \$347.00
Wedge Sole #484 \$347.00*

A BRIEF CBT HISTORY...

These were the first general purpose riding boot of this style in the world. Their origination story is simple: We wanted a basic old-fashioned heavy-duty rider's boot that provided support like an MX boot, was fast and easy to get in and out of, and held onto one's foot well — but without all the added-on MX boot armor. Something more supportive than the classic 'engineer' style boot, and much heavier-duty than the typical zippered race, street or touring boot. A de-contented MX boot.

In hindsight it's hard to believe that twenty five years ago there wasn't anything else like this available. A new type of hybrid existing halfway between a street boot and an off road boot. It created an entirely new product category.

After about ten years we'd sold a good number of them and (as 'adventure'

style bikes became more popular) other boot companies also started to make their versions. Even Sidi came out with a version. All these were more complicated or 'improved' in some way: More buckles, pleated areas, waterproof liners, etc. The others want to be able to say they were better than the CBT boot.

Every market niche works like this. CBTs are the original...and because they're successful others that are similar but supposedly 'improved' in some way become available elsewhere. These are still the best.

BAMBOO CHARCOAL SOCKS

Weird if you think about it, but nirvana for your feet. Advanced nanotechnology permanently melds the ancient beneficial properties of bamboo charcoal into the natural fibers of this sock. The result is a supple and incredibly comfortable 200 thread count knit that continues to get fluffier and softer with each washing.

Every fiber is infused with charcoal to provide true odor eating and anti-microbial properties within a unique three-dimensional weave pattern that delivers exceptional moisture wicking ability. And (...“but wait, there’s more!”) as the socks are worn and heated by the body, good negative ions are also released, promoting increased foot health and improved circulation. Made from renewable organic materials, these luxurious socks are not only good for your feet and your health, but are good for the planet too. One wearing will make you a believer. Crew height. S/M (6.5-9), M/L (9.5-13).

#430 \$19.00

MERINO WOOL SOCKS

These performance socks are made from the highest-grade wool available, resulting in unmatched comfort and moisture management capability. Because the wool fibers have a natural crimp to them, they are cushiony and return to their original shape instantly. Made with just enough stretch nylon to ensure a snug fit. Non-itchy as well as being machine wash and dryable, these socks are at home inside motorcycle boots like no others we’ve tried. Light Weight is grey or black, while the Medium is grey and Mr. Subjective’s favorite. All are 74% luxurious, soft, durable merino wool. Crew height. M (6-8.5), L (9-11.5), XL (12-14.5).

Light Weight Black (M-L) #1416 \$16.00

Light Weight Grey (M-XL) #415 \$18.00

Med. Weight Grey (M-XL) #1415 \$20.00

COPPER SOLE ATHLETIC SOCKS

Copper Sole technology eliminates 99.9% of bacteria, fungi and odor in these comfortable high-tech socks. Unique support at arch for added performance and comfort with elastic infused uppers to ensure they stay in place during a hard ride. Embedded Copper ions in sock fibers regenerate, creating permanent protective barrier. Copper also plays a vital role in collagen formation, so wearing these socks makes for better looking and better smelling feet. Moisture-Guard wicking system and 10% copper CUPRON™ yarn, make these the most comfortable socks ever to grace your feet. Tallish crew height. M (5.5-8), L (8.5-12), XL (13-15).

#1443 \$12.00

SILVER DRY STAT BOOT SOCKS

Every pair of riding boots can now literally have a silver lining with these technologically advanced socks. The unique dual-action Silver Drystat® polypropylene yarn offers superior wicking and antibacterial properties with integrated silver ions in the fiber core. A medium weight soft padded footbed provides exceptional cushioning, while the patented graduated compression design of the boot-cut uppers are scientifically designed to enhance ankle

support, stimulate circulation, provide relief from cramps, alleviate swelling and make feet more happy and comfortable in any riding conditions. Made from 75% Silver Drystat, 15% Spandex and 10% Lycra, these are built to last and engineered for comfort. Grey. Boot height. S (5-7), M (7.5-10), L (10.5-13).

#431 \$32.00

MICROFIBER ANTI-BACTERIAL BOOT SOCKS

These socks have additional Lycra support sections throughout the calf, so you won’t find them cutting off circulation or falling down into your boot. High-friction areas contain two sections

of polyamide, a technical fiber that provides life-long treatment against odor, fungus and bacteria, and extraordinary wicking capabilities result in enhanced comfort.

Boot height socks, made of 75% Antimicrobial Treated Schoeller Polyclolon and 25% Polyamide/Lycra, are longer to provide additional warmth to lower leg. Built to last.

M (5.5-9.5), L (10-12.5), XL (13-15).

#1407 \$18.00

AEROSTITCH CLEANING, INSPECTION AND WATER REPELLENT SERVICE

Suit (Jacket and Pants) #255 \$80.00

Jacket #256 \$50.00 / Pants #257 \$40.00

AEROSTITCH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two Nik-Wax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving

Roadcrafter main zippers water resistance.

#1334 \$27.00

CAMPING/TREKKING UMBRELLAS

Perfect when you want the best useful ultralight, portable weather protection. Rain or shine. Blocking the sun with UPF 25 (blocks 96% of UV radiation) makes it ideal for traveling in summer months and of course there's always a chance of precipitation while on the road. Durable design for long life and simple, trouble free operation. Opens to a wide 38" spread and with a fixed length of 25", it packs down quickly for storage. Black or Red. Weighs 7.5 oz.

#4399 \$69.00

ULTIMATE TRAVEL UMBRELLA

The world's best and most advanced travel umbrella. The perfect balance of portability and performance in a revolutionary, compact umbrella design. Auto opens easily with an advanced Radial Tensioning System that redirects, transfers and distributes the effort needed to open the canopy. When open, the aerodynamically robust structure fares better in more extreme conditions, providing an ultimate defense against the elements. 37" canopy. Folds to 14", 13.2 oz.

#4158 \$47.00

AEROSTITCH

BOOT RAINCOVERS

Seam sealed three layer ripstop nylon raincovers that are strong enough to stop rain and road spray all day on a thousand mile rainy day, but pack small enough to carry along and are ready when you need them. A reversed waterproof zipper makes them fast and easy to put

on and remove. They are all that's needed to get home from work with dry feet and boots if the weather changes unexpectedly too. We looked at and tried more than a dozen types from other companies before engineering these. They pack small, are easier to put on and remove and work better. Each cover neatly stores into a built-in hook & loop closed pouch that's only 3"×4"×1.3". M (7-9), L (10-12), XL (13-14).

#407 \$67.00

AEROSTITCH ALWAYS-READY BOOT RAINCOVERS

Practical and lightweight, these ripstop nylon raincovers self-store in a small, flat pocket that secures via hook and loop to the inside shin area of the R-3, R-3 Light, Classic Roadcrafter, AD1 and Darien Suits and pants. The integrated storage makes them super easy to put on and ensures they are always ready when you need them. 7"×6.5". M (7-9), L (10-12), XL (13-14).

#401 \$57.00

AEROSTICH TRIPLE DIGIT GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin ripstop nylon laminated fabric breathes enough during rain conditions so your skin won't become clammy. The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use.

They pack very small, so you'll always have them ready. There's Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M-XL. Specify color.

#442 \$47.00

AEROSTICH SHORT TRIPLE DIGIT GLOVE COVERS

If you prefer wearing raincovers under your sleeves, these work better and are easier to use. These are exactly the same design as the Triple Digit Raincovers, without the extended gauntlet. Orange or Black, M-XL.

#492 \$47.00

TUCK-IN OR WEAR-OVER?

You are riding along down the highway in the rain, wearing Triple Digit Raincovers. The drawcord around the end of the gauntlet is drawn up tight. Everything is working perfectly, your hands and gloves are dry even though it's coming down in buckets. Then you must come to a stop at the end of an off ramp, and there's a stoplight. Red. You take your hands off the bars and let them fall to your sides while you wait.

All good things must come to an end. Rainwater runs down your sleeves right into the tiny opening at the end of the gauntlet where the drawcord exits. And trickles into your wrist. A few more stoplights ahead and your gloves and hands are now wet inside the raincovers.

There are two solutions: 1) Remember not to lower your arms at stoplights. Learn to fold your arms across your chest or lay them on a tank bag. 2) Wear glove raincovers which are tucked inside your sleeves.

AEROSTICH ULTRALIGHT RAIN PANTS

These second generation, 3-layer waterproof nylon pants pack away small yet are strong enough to thwart rain and road spray. If you ride in jeans and a jacket and the weather changes during the day, they'll get you home dry. Ultralight Rain Pants self-store in a 4"×5"×1.5" integral zippered pocket. Long waterproof side zips and fly zips make them easy to get on and off over footwear. Fully seam sealed. An elastic drawstring waist keeps them up. Perfect to stash in a courier bag, fairing pocket or wherever you might need them when it decides to rain. M (32"-34"×30.5"R, 32.5"L), L (36"-38"×32"R, 34"L), or XL (40"-42"×33.5"R, 35.5L).

SELF STORES

AEROSTICH WINDSTOPPER® JERSEYS

A lightweight, thin and versatile garment that's a perfect layering component in mixed weather, especially as a pullover shirt for cool mornings or evenings. Folds/packs compactly into a self-storing pocket so you'll have it along when the weather changes and as you need added protection. Made of GORE-TEX® WINDSTOPPER® fabric that stops, as you would imagine, all wind from drawing your body heat away. Elbows incorporate light padding and a zippered pocket on the left arm is perfect for a phone or iPod. A handy and practical clothing item alone or worn over fleece or electrics and beneath your outer gear. Looser cut facilitates easy on/off. Green, Blue or Tan. M–XXL.

#2879 \$117.00

SLEEVE POCKET

AEROSTICH OFF-ROAD JERSEYS

This comfortable knit jersey maintains a comfortable "touch" even when wet. Made of a substantial polyester, with a bit more body than most, lightly padded elbows and lycra collar and cuffs ensure durability and a good fit. Simple is good. Self-stores in its own hidden pocket. We make these ourselves, right alongside the Roadcrafter and Darien suits. Black, Green or Grey. M–XXL.

#1867 \$67.00

PADDED ELBOWS

AEROSTICH LIGHT WEIGHT WINDPROOF INNER SHELL

Keep the wind where it belongs. This innershell is a highly breathable mid-layer that adds significant warmth and comfort in a tiny package.

Pull-over design slides on easily over your base layer or street clothes. The diagonal zipper allows you to easily reach a shirt pocket without removal, and closes around your neck for draft free comfort.

Made of black 3-layer breathable, waterproof ripstop nylon fabric that's strong, yet light as a feather. Fully seam-sealed so it's waterproof, too. Great as an everyday off-bike layer with a single outer zippered pocket low on the right side that's perfect for storing keys, phone, wallet or other quick access items and also doubles as an integrated self-store pouch, allowing the shell to pack down a compact 9"x6"x2.5 bundle that stows anywhere. 8 oz. Black, Teal and Tan. M-XXL. 

#2204 \$97.00

SELF STORES

"Easy to don & doff. I really like the fact that it's a MUSA (Made in USA) product. I am 6'2", 190 pounds, and wear a size 44 Tall men's suit. I ordered the Extra Large so it would fit over warm layers, such as sweaters or a fleece top. The fit is perfect. The stitching is top-notch, and all seams are taped on the inside to help keep water out. The green color is one I haven't seen before, very distinctive. Even if you don't like green this would fit into your color scheme. When it's on and zipped up, it has a vague Star Trek quality to it, which adds to its character. There is one zipped pocket down low on the right side front. It's a good addition to one's wardrobe to have a garment with a minimalist feel to it - not too many flaps, pockets, zippers and stuff." —Review by David

TL^{TEC} FLEECE 101

TLTec 100: WIND BLOCKER (Blue or Cayenne): A warm, soft, and comfortable all-purpose two-sided fleece that features a thinner micro velour outer face with a moisture wicking mesh back side. It is slightly thinner than the others, but it blocks most of the wind, and offers 2X faster moisture wicking than other windproof fleeces. Its hidden stretchy membrane offers notable breathability for all day comfort. The thinnest, most packable of these three, it also wins a silver medal for warmth.

TLTec 200: WIND PRO (Grey): A new, denser, "super fleece" that is extremely breathable yet provides 4x better insulation and draft resistance than traditional fleece, with increased durability. This medium thickness two-sided grey heather fleece features a soft, smooth midweight low velour face outside, and an

even softer, fuzzier velour back side. It provides the thickest, bulkiest insulation and is the most breathable of the three.

TLTec 300: SOFT SHELL (Titanium): This beefy fleece blocks 98% of the wind, and offers faster moisture wicking and improved breathability. Outside is a tight, smooth, mat-finished face and there's a warm, cozy high loft fleece inside. The Soft Shell is excellent for off-bike wear because of its luxurious lofty inside, and wears amazing as a mid-layer because your riding gear slides so easily against the smooth outer surface as you move. It's in the middle as far as packing small goes. Our warmest/most advanced fleece.

WIND PRO

WIND BLOCKER

AERO^{STICH} FLEECE SWEATERS

This comfortable sweater is the perfect layer for traveling, especially on chilly mornings or through sudden temperature changes. The offset front zipper reduces multi-layer "zipper stacking." A deep placket provides adjustable comfort, and details like the wind-proof stand-up collar and lycra bound cuffs and hem are reasons it will never see the back of your closet. The lightweight TL^{TEC} fleece has a reputation for superior coziness. It packs to nothing, is great over an Electric Vest, and provides maximum layering versatility. Self-stores in its own pocket. S–XXL.

"I searched quite some time to find a replacement for my old 1/4 zipper fleece sweater which was just worn out. This piece is so soft and warm I am amazed. It fits perfect under my heavy leather jacket and stops the wind completely. 30 degree temps don't phase it a bit, I stay toasty warm. If you're thinking about purchasing this sweater, hesitate no longer. Buy it, you won't be disappointed." —Wind Pro Review by Danno

WIND BLOCKER

SOFT SHELL

AEROSTICH FLEECE JACKETS

More than common and generic 'outdoor' fleece jackets, these are both tailored and engineered for riding. Each Aerostich fleece jacket is made right alongside the Roadcrafters and Dariens, and is designed to work perfectly within all of your riding gear. It's a warm, draft-blocking, comfortable, lightweight layer of insulation perfect for three and four season rides. They wear wonderfully off-the-bike, too.

The details make a difference you can feel. We start with genuine Polarfleece (The original...there are many inferior copies) and YKK zippers. Each collar is tapered for more comfort with a helmet strap and the sleeve diameter is trimmed down for less bulk under riding gear. Sleeves are more forward rotated, too. And the long underarm ventilation zippers match Roadcrafter suits. Durable Lycra/nylon bindings at the hem and sleeves are comfortable and stop drafts without absorbing water.

The torso is also a bit shorter in front and longer in back for a better fit, and the sleeves are usefully a bit longer than you'll find in typical fleece jackets. Zippered inside and outside chest pockets secure valuables like wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandanna.

A high-warmth, low-bulk jacket that will become your favorite the first time you put it on. Machine wash. S–XXL.

"I was weary of spending the money on these pants, but I gotta say I'm impressed. I substitute these pants for my normal pant liner over my jeans and my legs have never been so warm in cold weather. Very nice pants and so much easier to on/off than long underwear." —Review by Taetor

OPTIONAL KNEE ARMOR

1 WASH, 5 WASHES, MANY WASHES

AEROSTICH PROTEKT JEANS

Clean, simple, old school straight leg blue jeans...with a great trick: **TF3** Impact armor-holding pockets at the knees, accessed via a hidden zipper. Armor is removed or replaced in seconds, easily, while wearing the pants. All the rest is classic denim jean spec., with fit and cut similar to Levi's 501s.

Specifically, these are carefully sewn of unwashed dark blue 100% cotton 14 oz denim fabric, which is a bit heavier-duty than the more common 10-12 oz denim, but it still shrinks-to-a-custom-fit after a wash or two, which makes these pants extra comfortable and wear a lot longer.

For protektion there are three generous hidden areas of abrasion resistant Breathable-Waterproof HT 500D Nylon (...as used in many Aerostich suits) located at the seat and knees. For 'commando' comfort this extra-abrasion-resistant fabric is backed by soft 100% cotton.

As you'd expect there are five traditional pockets, five belt loops and a reliable metal fly zipper, too. But as you wouldn't expect, the hidden seat-protective breathable-waterproof abrasion layer means you can sit on a freshly rain-wetted saddle and not get a wet butt. Nice!

The optional knee armor is positioned in the correct location when riding, and when you're off the bike it's comfortably flexible and easily removable.

Stitching is double and triple wherever needed, and a crotch gusset provides extra ease and comfort that's great when mounting up and also as you move around in the saddle.

Fit, quality and protection that's quick, easy and comfortable. They'll quickly become your favorite jeans, both on and off your bike. Black or Blue. Size 32-30, 32-32, 32-34, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32.

COOLER 100% cotton denim that gets better the more you wear it.	STRENGTH Triple stitched in places.
COMFORT 100% cotton inner liner through the seat & knees	TOUGH Double layer (denim + hidden HT500D).
FIT Gusset crotch design.	STYLE Practical, cool looking shrink-to-fit.
FAST AND EASY Removable TF knee pad armor.	AUTHENTIC Made in the USA. Beautifully.

"Wanted to buy a pair of riding jeans for a long time but didn't like the design of the other brands. checked out the protekt jeans liked what I saw especially the knee pads and heavier denim and the fact they are made in the USA, but read the reviews and was concerned about the pads not fitting correctly then read the review that aerostich posted (thank you aerostich for listening to your customers) and they corrected the problem. I bought a pair and I am very happy with the fit of the jeans and the knee pads stay in place and are very comfortable. I definitely recommend the protekt jeans to anybody thinking of buying a pair of riding jeans." —Review by Larry B

AEROSTICH PROTEKT KHAKIS

Designed for the commuter, these highly constructed, American made, 100% cotton twill khaki pants are equally at home in the office, out on the town or riding down the road, thanks to the hidden knee armor and durable, triple layer construction.

Nearly invisible outseam zippers open to reveal knee armor pockets, allowing quick fitting or removal of **TF3** impact armor, while wearing the pants. Remove the armor in seconds once you arrive at work and these khakis look, feel and function like standard-issue office wear.

Triple layer knee and seat areas include a hidden 500D HT Nylon middle layer enhanced abrasion resistance combines with an additional inner cotton liner for comfort. Ride to work, remove the pads, work all day and quickly install pads again for the ride home. Perfect protection for everyday, around-town riding. Machine washable. Tan or Olive. 32-30, 32-32, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32.

ENGINEER'S COTTON RIDING SHIRT

You just can't find this sort of heavy-duty 9 oz. long sleeved 100% cotton shirt anymore, not even at those incredible hardware stores you see in rural small towns. We've sold this style shirt for more than 25 years, but when the original supplier recently started making them somewhere else and the quality got crappy, we found another manufacturer still making them right here in the U.S.A., with better durability and higher quality than the originals.

It's perfect for riding because it combines superior comfort with cast iron durability. Like denim, it becomes better with multiple laundering and wear. You won't see this shirt on someone else unless they're driving an Electro-Motive diesel. White & blue. M-XXL.

#2933 \$78.00

A TEXTILE RIDING SUIT PROBLEM...

Nylon or polyester fabrics worn directly between you and a riding suit's nylon (or polyester) outer layer is not especially comfortable when things turn warmer. You want something against your skin that will absorb, disperse, and wick body moisture.

Step out of your gear at a roadside stop wearing only cotton boxers (or briefs) and as comfortable as this might be, someone might call the fashion-police, and they might come and haul your skivvy-clad butt off to fashion-jail in the back of their fashion-squad car.

THE THOUSAND MILE DAY SOLUTION

Old-school all-purpose 100% cotton twill shorts are what you need. Simple. Unlined. The kind that become softer and better the more you wash them.

We looked all over the place for nice old fashioned cotton gym shorts exactly like these. You'd think finding some would have been easy, with Google and Ali-baba and everything else right there on the internet. And with Asia full of hungry garment sewers. Not so.

Finding the perfect shorts was like finding the right temperature porridge in 'The Three Bears' children's story. Some were too lightweight. Some were too elaborate. Some needed a separate belt. Some were too expensive. All had some type of goofy problem.

After a couple of years we gave up and stopped looking and the hell with it.

We made our own. Now they are being sewn every day, here. Right along with the riding suits. In five colors and two lengths. Of a wonderful old-fashioned 100% cotton medium weight twill that gets softer and better every time it's washed.

These all-purpose shorts last forever and they don't look bad when you are just standing around somewhere in your riding boots and a t-shirt. Wear under your riding suit or pants, with or without other underwear. (Try commando.) When you are not in your riding gear they look like respectable shorts, yet function like comfortable underwear when you are. Especially after a few washes.

Cotton riding shorts like these are essential riding equipment when you wear synthetic protective textile rider's gear. Try them. You won't be disappointed. Ride all day in sweet comfort.

9" INSEAM

AEROstitch MID-WEIGHT COTTON SHORTS

These comfy 100% cotton shorts are great for wearing under a riding suit or anywhere. And everywhere else, too. Hand-made quality using a mid-weight cotton twill that gets soft and more comfy with each laundering. An elastic waistband and adjustable front belt, and two side pockets to hold stuff. Black, Green, Khaki, Dark Blue or Grey. We make these ourselves, right alongside the Roadcrafters. M (32-34), L (34-36), XL (36-38), XXL (38-40), XXXL (40-42). Specify Long (9" inseam) or the risqué Regular (6" inseam).

#2859 \$57.00

MERINO RIDING SHORTS

Merino wool is naturally moisture-wicking and dehumidifies your body, so you won't find yourself sitting in a pool of sweat no matter how long you ride. Unlike synthetic fibers, 100% wool doesn't stink, either. Hand washes in a motel sink and dries overnight. Give your butt a break. M (31-33), L (34-36), XL (37-39).

#1853 \$130.00

AEROstitch MICROFIBER RIDING SHORTS

One of the best technology crossovers from bicycling to motorcycling is padded, stretchy shorts. If you've never worn these things on a long ride, you owe it to yourself to try a pair. They seem to add another couple hundred mile range to a day, as they keep fatigue at bay longer than your basic briefs. These are a modified version of bicycle shorts, cut slightly shorter in the legs, and with all the Lycra and fleece of the originals. Put a stop to chafing, stay comfortable and keep riding! (Also an old Iron Butt rider's secret weapon.) Black. S (24-28), M (28-32), L (32-36), XL (36-40).

#1856 \$47.00

BAMBOO-COTTON T-SHIRT

So light-weight and unbelievably comfortable, you won't ever want to take it off, and the high-tech performance means you'll rarely need to. This fabric technology makes it naturally anti-stinky and great for extended rides when packing light. Wicks moisture and protects from harmful sun-rays too. Raglan shoulder seam adds comfort, a better fit and freedom of movement. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. M-XXL. Grey, Cobalt or Red.

#2934 \$32.00

FAST WICKING MICROFIBER BOXERS

Cooler and drier than cotton underwear, and perfect for multi-day trips. Designed for maximum next-to-the-skin comfort and microclimatic efficiency, this first-layer will keep you comfortable. Traps warm air next to your skin and allows moisture to be transported away. Made of an advanced wicking fast-dry 360° stretch mesh material. Wash out at night in any sink (they'll be dry by morning) so you don't have to pack as much stuff. Durable, comfortable flat seam construction, and shaped to eliminate bunching and wrinkling. 6" inseam. An ideal first layer. Grey. M(32-34), L(36-38), XL(40-42).

#1813 \$18.00

BAMBOO-COTTON BOXER SHORTS

These are the most comfortable pair of briefs you'll ever own. Bamboo Performance Technology™ provides all day long comfort. This fabric has an amazingly soft next-to-skin feel. It is lightweight, temperature regulating, moisture wicking, anti-odor, easy care and provides UPF 50+ sun protection. All performance attributes are inherent to the fabric and do not wash out. Fitted 6" inseam, double layer FlowMesh™ panel at front, open fly and brushed elastic waistband. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. Heather. M(32-33), L(35-35), XL(36-38), XXL(40-42).

#2921 \$24.00

BAMBOO-COTTON LIGHTWEIGHT V-NECK TOPS

Technical bamboo performance for riding with style and comfort for everyday wear. The soft, stretchy material wicks moisture, offers UPF 50+ protection and naturally integrates anti-odor technology for extended wear, while a wide V-neck and side-split hem ensure all day coziness. S-XL. White, Navy or Pink.

Women's #2930 \$34.00

BAMBOO-COTTON LIGHTWEIGHT CREW TOP

A great loose fit performance layer that features a flattering scoop neck with neat hem at neck and straight bottom opening. The Bamboo Performance Technology™ gives this natural temperature regulation, moisture wicking and anti-odor protection for everyday wear or under intense activity. UPF 50+ protection. 55% Organic Cotton/40% Viscose from Bamboo/5% Elastane. S-XL. Pink, Green or Blue.

Women's #2935 \$32.00

BAMBOO- COTTON SPORTS BRAS

Providing good mid-impact support with extreme comfort and amazingly soft next-to-skin feel, these sports bras retain all the benefits bamboo fabric has to offer including 4 way stretch, anti-odor, Natural UPF 50+ protection and moisture wicking properties.

ENDURANCE

Great all-day comfort and support for long-distance riding, off-road adventuring, or everyday wear. The Endurance Bra features a 7.5" compression inseam with a 1.5" wide, supportive band for maximum comfort, with seams hemmed to the outside to eliminate chafing. The Intensity Bra offers adjustable straps, a wide bottom band for extra support and front mesh panel and key hole cut-out at back for strategic ventilation. 55% Organic Cotton/35% Viscose from Bamboo/10% Elastane. S(34), M(36), L(38), XL(40).

WORLD'S THINNEST WALLETS

You won't find flatter, more inconspicuous and lightweight wallets anywhere. These will carry all you need for any journey, whether it's a quick errand to the store, or riding beside wildebeest in Africa. They're better for your back, and help prevent wallet sciatica. Each style comes in both leather and ripstop nylon (which is flatter than flat!). Carry nice in front or back pocket. Patented too, believe it or not. The leather version of the Executive is most recommended. The Anti-RFID versions look and feel identical to the regular models, and prevent tech-savvy bad guys from stealing the information that is encoded on your credit cards.

EXECUTIVE

Closer to a traditional wallet and holds about 16 cards, plus bills.

Nylon (5" x 3.75")

#1988 \$22.00

Leather (5" x 3.9")

#1981 \$35.00

RACING SAILCLOTH WALLETS

Ultra-thin, ultra-light, ultra-tough, water resistant. Purposefully designed, each of these are handmade in Maine. Each uses remainders of the latest high-tech racing sailcloths. They contain lightweight Carbon Fiber, Kevlar, Pentex and Polyester matrixes which make them the toughest in the world. They are so lightweight that they float. Stronger than steel and perfect for carrying and protecting documents, credit cards and cash. Incredibly durable.

VANGUARD

As slim as two credit cards and as light as three sheets of 8x11 paper, this water-impermeable bi-fold will protect your contents from the elements. Includes a center cash pocket, two hidden pockets that hold cards and two ID windows that will each store an additional 2-4 cards. 4.25" x 3.3" x .12", 16 grams. Assorted colors.

Vanguard #9362 \$24.00

TRAVELER

Sophisticated looks and tough enough to last a lifetime on the road. The over-sized cash pockets and six card holders provide essential storage needed by travelers and long-distance riders. Rugged hydrophobic materials keep contents safe and dry. Large enough to carry oversize international banknotes and lots of cards. Small enough to fit with all day comfort in your pocket or slip easily into a tank bag or daypack. 4.5" x 3.2" x .3", 16 grams. Assorted colors.

Traveler #9363 \$29.00

AEROSTICH MONEY BELT

The zippered compartment on the back is long enough for three stacks of bills placed end-to-end. This is a discreet way to carry hoards of fifties or hundreds on long trips... or just a safe place to forget a single "emergency" dollar. A flat row of quarters will fit, too. One size fits all. Belt can be shortened by cutting and fusing. Black nylon webbing 1.25" wide, 46" long. Durable cam-action black nylon buckle (money not included).

#1854 \$16.00

MIL-SPEC SCARF HISTORY

Silk was so important that its trade probably changed world history more than any other technology. The famous 'Silk Road' connected Europe to the Far East during the middle ages, and this brought together global knowledge that advanced civilization and helped begin the renaissance.

Strategic military considerations, more than demand for fashionable garments, caused the establishment of this trade route. During the middle ages front-line soldiers lived, traveled and fought wearing coarse tunics and outer uniforms. Silk scarves allowed soldiers to close their protective battle (and outdoor survival) garments tightly around their necks without chafing or discomfort, so they could fight better and travel farther. This was a true battlefield advantage.

As recently as World War I this remained so. Early planes and cars were all 'open cockpit'. Soldiers still lived and campaigned outdoors for weeks at a time, and this meant wearing heavy warm gear. After the war civilian pilots, race car drivers, motorcyclists and movie idols (Errol Flynn...) further

enshrined silk scarves as garb synonymous with bravery, courage and endurance.

Then airplanes and cars became enclosed and military dress adapted. Soft, slippery scarves became unnecessary. Silk's swashbuckler history and function was not only forgotten, it became a laughable cliche. Something only worn by old men.

The last vestiges of the silk scarfs centuries-long military role evolved into the fashion of men wearing neckties with their sport coats, blazers and business suits. Silk scarves had become decorative neckwear. (Now you know where neckties come from.)

That's sort of sad ending for such an important habiliment— except once again riders have rediscovered how great these scarves work when worn with modern riding gear closed tightly around one's neck. Once you've tried wearing one, you'll never look back. Make some history.

ORIGINAL 100% COTTON BANDANA

These high quality, made in the USA, old fashioned 100% cotton, oversized bandanas are the real deal and can trace their lineage to old west cowboys, farmers and railroad engineers who relied upon them to wipe the sweat from their brow and keep the dust out of their face and collars.

Keeping one (or more) handy in a pocket or tank bag will soon provide endless use opportunities. Wear one under your helmet to help absorb sweat and keep it cleaner, tie around the face or neck for sun/dust/wind protection, wear wetted for evaporative cooling effect, blow your nose into one, clean your hands off after a roadside repair or use as a placemat or napkin at a roadside picnic. But not all at the same time. Assorted colors with traditional paisley print design. 21.5"×21.5".

#1547 \$5.00

AEROSTICH SILK SCARVES

A classic silk scarf should be soft, thin and slippery — so you can wrap one around your neck, close up your jacket and rotate your head and neck all day in draft-free comfort, without chafing. These luxurious 100% natural silk scarves are handmade of a soft, dense weave that's perfect for riding. No synthetic fiber is warmer, softer, stronger, or more durable.

Silk provides maximum comfort across every temperature range: warm and draft-blocking when it's cool, and refreshing when worn wetted during hotter conditions. When you're traveling this durable silk washes perfectly in any sink, too — even with a simple bar of hand soap.

The Standard Scarf model is medium weight silk of sensuous softness, and measures 14"×72". The Competition Scarf model is similar to the standard model but two layers thick, and it is a bit narrower and shorter. It measures 10"×60". Both are premium quality, long lasting pure silk that will keep the wind, rain, dust and snow from blowing down your neck, and will pack away ultra-small inside any pocket.

No other neckwear works this well, or looks this cool.

Standard Scarf #1549 \$27.00
Competition Scarf (White) #1567 \$34.00
Competition Scarf (Black) #1568 \$34.00

"Got it just in time for a three day trip through the mountains. It was hot and dusty during the days, cold at night and the scarf was so comfortable I don't think I ever took it off, even slept with it on. Its a great interface between you and an unlined jacket. But the toughs on the chrome cruisers don't wave at ya!?" —Review by David

COOL OFF TIES

Relief for sultry rides in hot weather. This 100% cotton neckwear is filled with water-absorbing polymer crystals which can hold 350–400 times their weight in water and they release it slowly (over a period of days). Hence, increased comfort in hot weather. A simple, effective tool for heat management. Non-toxic and reusable. 35.5"×1.75". Assorted patterns and colors.

ADHESIVE 3M SOLAS GRADE REFLECTIVE

Look closely at the surface of highway or industrial warning signs and you will find the unique, hexagonal pattern that identifies 3M SOLAS (Safety Of Life At Sea) Grade Reflective. A clear protective layer bonded over reflective glass microbeads ensures strong reflective power—even in wet conditions. Slightly stretchy and trims easily to any shape. Ideal for curved surfaces like helmets. One of the most intense retro-reflectives in the world. Silver color. 2' long by 2" wide.

#346 \$7.00

AEROSTICH HORSESHOE SPROCKET & HORSESHOE GEAR HOLDER

An expertly finished hand crafted example of motorcycle artwork that adds an authentic and desirable historical mojo to your Garage or Workshop spaces, and is also a great place to hang gear. Even if you are not superstitious, it looks pretty cool. For centuries riders have believed that luck and good fortune would protect those passing beneath a horseshoe mounted over the door or above the gateway to any home, barn, garage or workshop. This artwork updates that good-luck tradition (especially America's old west lore from barns, stables and corrals) by welding a meticulously refinished (but well used) motorcycle countershaft sprocket inside the standard horse's hoof accoutrement.

Each is crafted by Bob Stokstad, a retired American scientist (neutrino detectors) and life-long daily rider, commercial motorcycle photographer, and grandfather. Add this example of his art to the wall of your bike's abode or workshop...and as you pass beneath you'll enjoy it's silent wish for a safe return from every ride. This is a one-of-a-kind heirloom-quality example of folk art with a purpose. Each measures approx 6"x8".

*Aerostich Horseshoe Sprocket #4425 \$30.00
Horseshoe Gear Holder #4426 \$37.00*

HELMETLOK

A carabiner with a built-in combination lock makes a great portable security tool. The programmable 3-pin locking latch opens outward, allowing it to fit around handlebars or frame tubes up to 1 1/8" diameter, and is rubberized to prevent scratching. Use with a lightweight coiled cable for securing multiple items together or as a lightweight anti-theft bike lock.

#1182 \$27.00

HELMETLOK CABLE 2

Keep your stuff from walking away with this 3mm thick, PVC coated scratch resistant coiled cable. Expands to 70" in length to weave through helmets, riding suit/jackets, bags or anything else you want to prevent from growing legs. Looped ends designed to work with HelmetLok (#1182), or will accommodate your own padlock. Compact protection for big peace of mind.

#1594 \$8.00

BAR END HELMET HOOK

Eliminate the risk of your helmet falling to the ground. Unique 1/4" ABS hook universally mounts permanently behind existing hand guards or bar end weights. Helmet hangs quickly and securely from the hook via strap or D-ring. Strategically placed holes allow for

a small, long-shackled lock or cable for increased security. Also keeps a bag or other gear off the ground for hands-free pre-ride loading of your tank bag or panniers. Useful, convenient and there when you need it.

**#1631 \$15.00
Keyed Lock #1681 \$3.00**

AT WORK

One cool thing about this holder's office cube adapter in-use is when your helmet and gloves are right there they not only are out of the way and not on a chair or work surface (space in most cubes is limited...) but you can also look over at them and instantly visualize that you'll be riding in a few hours, which is a nice mental thing to do in the middle of a work day...Especially if work happens to extra-boring or otherwise not be going particularly well at some moment.

Another nice thing is that this holder advertises to all the other non-riding co-workers who happen to pass by your work space that you are a rider. It might not seem like such a big thing, but I think it is. This is exactly the sort of 'advertising' that helps create new riders. People who see riding being incorporated into a co-workers life on an everyday level are encouraged by the demonstration. The helmet holder makes riding stand out as something both ordinary and extremely cool at the same time. Enjoy your commutes. —Mr Subjective, 2015

HELMET HOLDER, BLACK

HELMET HOLDER, CLEAR COATED ALUMINUM

AEROSTICH HELMET & SUIT HOLDER

The ideal place to hang your helmet and riding gear whether at home or the office. Attaches directly to any flat surface or with the Office Cube Adapter, will fit over the edge of a cubicle wall or door. AEROSTICH VEEWIPE SQUEEGEE

You'll quickly become addicted to this faceshield squeegee. Made of a stretchy silicone material that easily conforms to the thumb or index finger of your left hand, VeeWipes make riding in the rain safer. Pack contains three sizes (one each) to fit all glove sizes and thicknesses. Trim with a scissors for a custom fit.

#1048 \$16.00

AEROSTICH VISOR CLEANING KIT

The two little .5 oz bottles are a nice flat, oval shape so they pack flat in any pocket. These won't leak or spill like tiny pump sprays can, either. One's got a windshield cleaner, the other is "Protectall" (#4796), a fabulous all-purpose cleaner and polish. Also included are a microfiber cleaning cloth and a compact 3"×5" Cordura carrying case. An indispensable shield cleaning kit that packs small enough carry along on every ride, ready for use at a moments notice. No excuses.

#1051 \$25.00

ANTI-FOG SPRAY GEL

Superior anti-fog protection for your helmet faceshield, goggles or sunglasses. Spray gel applies easily for clear, effective results in all temperature ranges, from extreme cold to high heat. Compact pen-like spray applicator stores anywhere. 0.338 oz./10mL.

#1136 \$10.00

RAINCOAT PRO

The ultimate hydrophobic coating for your plastic optics. Applies quickly, dries instantly and leaves a transparent coating on your plastic optics that sheds water

and keeps your vision clear. Kit includes buffering cloth and 30 ml (1 fl. oz.) spray bottle to coat up to 50 helmet visors. Re-apply every few weeks to maintain best water-shedding performance.

#1127 \$19.00

CYCLE WIPES

Effective, specially formulated wet wipes for cleaning bugs and grime from visors, shields and bikes. Convenient 12-count re-sealable travel pack stores easily

in a pocket or tank bag. The ultra soft, lint-free mesh fabric pre-moistened towelettes are a durable, safe and ammonia free way to wipe helmets, visors and windscreens. They are also perfect for cleaning up your bug blasted headlights and turn signals. Pack of 12 wipes.

#4159 \$6.00

FOG TECH PACKETS

Advanced anti-fog protection. These single use packets will be ready when you need them on a chilly morning or at a rainy gas stop. Five single use packets.

#1091 \$10.00

AETROSTITCH ELSKIN ROPER

Your favorite gloves. You just can't ride anywhere without them. When they finally wear out, it feels like you've lost a friend. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they'll last much longer.

Built for cowboy and ag work, they're tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material.

All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you'll ever wear. Full and half sizes 7-13 (size 11.5 not available) Black may bleed slightly when wet.

Natural #420 \$49.00

Black #440 \$49.00

Touch Screen Ropers #429 \$65.00

AETROSTITCH COMPETITION ELSKIN ROPER

These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure, reversed for ergonomic advantage, and also add a generous Elkskin covered TF3 impact-foam knuckle pad.

This is a premium rider's glove, made by a ranch and work glove company in Washington State. They're strong and durable enough to take on everyday rough cowboy and ag work -- from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand.

The visco-elastic TF3 impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions.

These are the ultimate gloves for serious combat touring adventures and all A to B rides. Full and half sizes 8-12 (not available in size 11.5). Natural.

#421 \$69.00

AETROSTITCH ELSKIN GAUNTLET

AND MERINO WOOL INSULATED ELSKIN GAUNTLET

Elkskin palm for durability and protection, and deerskin in other areas for lightweight, protective durable comfort. A knuckle impact pad adds further protection. Adjustable, gusseted gauntlet seals sleeve cuffs. And the wrist is secured with both an elasticized area and a reversed hook-and-loop strap which pulls towards your body for easier adjusting. For added utility and safety, the left thumb is equipped with a resilient visor squeegee you'll use more than you think.

There's an oval shaped second layer of elk sewn across the heel of the palm to provide additional abrasion resistance.

Merino wool lined model features hidden wind blocking fleece across the back-side, positioned between the Merino inner and leather outer.

Full and half sizes 8.5-13 (not available in 11.5). Order insulated 1.5-2 sizes larger for correct fit. Natural, Brown/Natural and Black. Black dyed models may bleed slightly when wet.

Natural / Brown #464 \$85.00

Black #465 \$85.00

Natural #466 \$85.00

Merino Wool Insulated Black #479 \$135.00

Merino Wool Insulated Natural #469 \$135.00

Photo: "On the right is my fifth pair, the one on the left -my fourth- has 50K+, more than half off-road." —Claudio Salusso, 2014

WHICH ELK GLOVE?

"...As I mentioned earlier, I do a lot of sport riding and sport touring on a Honda VFR and will do occasional adventure touring on the GS, so I was leaning toward the gauntlet. Would there be any issues with that fitting over the sleeve of a Roadcrafter and allowing smooth rotation of the wrist?"

"Insulation is not really an issue, given that I live in San Francisco and the climate here is fairly consistent - rarely below high 40s or above the mid 80s." —Chuck S. (email)

I wear both versions of the Elk glove. 90% of the time I grab either the regular or competition Elkskin Ropers. The gauntletted version is also available, but I seldom take it. Probably mostly because I don't ride a sport bike like your VFR .

The gauntlet on the unininsulated version of the gauntletted ropers is not lined, so the suede-ish backside of the leather does drag slightly against the sleeve of a textile jacket, but it's not enough (to me) to be an issue. Also, as the gloves break the suede-ishness wears a way slightly so the drag seems even less after a few hundred miles.

The gauntletted models are slightly more to deal with in subtle, nuanced ways. They are just 'more glove'. The fastest and most unconscious pull-on-and-go is the regular roper. You snap the wrist snap without thinking and go. Perfect for everyday short-hop, on-and-off-the-bike riding. Next fastest/easiest is the competition model. The wrist strap is much more secure than the snap, but it takes a nano-more of consciousness to manipulate it. For all-day riding, though, I usually

pick this one. The gauntlet models add another nano-bit of rigamarole, but for a sport bike rider are probably a better option. These shades of ease-of-use distinction are very slight.

"When I travel I normally take two pair of gloves – usually a pair of competition ropers for wear most of the time, and the insulated gauntletted ropers [above] or Luxury Cowhide [page 74]. And the triple digit raincovers [page 80].

"Last November I rode around Lake Superior with some friends on Gold Wings. I was riding my unfaired bike which has heated grips, but is without hand guards (wind protectors). Temps every morning were about 30°F and the high each day was about 45°F. I had both of the above and switched multiple times for comparison and evaluation. In the end I liked the insulated elk ones slightly better, but it was very close.

"Since that trip (and as a result my experiences on it...) we slightly increased the insulation thickness of the wind barrier hidden within the backside of the hands and fingers on the insulated elk ropers. Before it was a layer of windproof fabric placed between the wool liner and the elkskin outer. Now it's a layer of thin windproof fleece (fleece laminated to a layer of wind blocking coated fabric).

"The elk gloves are sized by glove sizes, not s,m,l, xl, etc. Basically there are twice as many sizes. For example, both a size 9 and a 9.5 are 'm' graded. So you end up with a more precise fit. A good-fitting glove is as important as a good-fitting shoe. It's the only real difference between an ok glove and a great glove." —Mr. Subjective

To find glove size place hand on diagram as shown.
Need help? Call us:
800-222-1994.

NOTE: For Insulated Deerskin gloves (#423/#425) add ½ size. For the Merino Wool Insulated Elkskin gloves (#469/#479) add 1.5 sizes.

AEROSTICH MESSENGER BAGS

The fastest, most comfortable, versatile and easy to way to carry stuff on a motorcycle, scooter or bicycle. Triangular in cross-section, messenger bags wrap around your back and stay in position when riding. The original 'Courier' size holds a small briefcase, a few magazines and some files...plus a tablet and notebook computer with room to spare. It is the most versatile and best selling size.

All are constructed of 1000D PU-backed Cordura nylon, with a seamless bottom for maximum strength and durability. All also feature a bright yellow reinforced PVC waterproof inner lining. Also inside is a usefully-sized organizer pocket (two on the Parcel size) and 'clip-on' key loop.

After long use they'll develop an 'experienced' patina that reflects your individual patterns of use and wear. The 2" military-spec nylon shoulder strap adjusts quickly and easily via a cam lock buckle for a secure, comfortable fit. For heavy-load

all-day comfort, there is an oversize, removable, load-spreading shoulder pad with a grippy Ultrasuede surface (it's optional for the Letter size).

The flap closes with a wide strip of hook and loop as well as adjustable side-release buckles to accommodate oversized loads. There's also a useful carrying handle on the top center. Visibility is assured with a wide strip of 3M Scotchlite™ reflective running across the flap.

These bags are as simple to put on as a guitar, and easier to learn. Red, black, grey, hi-viz lime yellow, or blue (or limited edition pink [not shown] in letter, dispatch, and courier sizes only).

Four sizes: (A) Letter (9"×3.75"×9"/12"), (B) Dispatch (12"×7"×12"/18"), (C) Courier (12"×7"×18"/23"), (D) Parcel (14"×9"×18"/26"). 

(A) Letter Bag #1905 \$77.00

Organizer Pocket #9130 \$30.00

(B) Dispatch Bag #905 \$97.00

Organizer Pocket #9132 \$32.00

(C) Courier Bag #904 \$107.00

Organizer Pocket #9134 \$34.00

(D) Parcel Bag #908 \$117.00

Organizer Pocket #9135 \$36.00

AEROSTICH INTERNAL ORGANIZER POCKETS

These attach securely inside and make sure your phone, pencils, papers, tickets, checkbook, sunglasses and other items don't get crunched, damaged or lost among the larger stuff you are carrying. Well detailed with a mesh compartment, an elastic compartment, stiff sleeves, and one zippered compartment. Letter (8"×7.75"), Dispatch (12"×9.5"), Courier (18"×10"), or Parcel (18"×11.5"). See specific bag for order information. 

WHY DO WE MAKE THESE SLEEVES AND CASES?

Because the ones in stores suck, especially for everyday motorcycle and scooter riding. Aerostich padded cases and sleeves are not overly-complicated, or overly anything. They are simple, practical designs, made at our Duluth shop, using a very lightweight yet flexible (but still semi-stiff) open-cell foam (not floppy neoprene) sandwiched and laminated between two durable fabrics. And no redundant zippers or pockets either.

Inside is thin soft polyester fleece laminate. Outside is a lightweight abrasion-resistant slightly slippery twill laminate. And around the edge is a strong Nylon binding tape.

Slide your tablet or notebook in. It stays there by slight friction against the fit and fleece. Comes out faster and easier, too. If a cover flap is involved it secures with only a few simple pieces of hook & loop. Your device is protected and ready to pack along without extra weight or bulk.

Lastly, these cases are really durable. I'm still using a fifteen year old prototype every day. And it's still showing only minimal wear."

AFTER 15 YEARS OF DAILY USE

AEROSTICH PADDED LAPTOP SLEEVES

Made of soft nylon with a foam padding, this lightweight sleeve has a hook and loop closed top flap and a plush interior. Mind you, this whole affair is not waterproof or super armored, so if the ol' Pentium shoots off the back of the Hayabusa after an enthusiastic clutch drop, it's gonna be toast. We make these ourselves because we could not find a simple padded, lightweight sleeve made in China. Funny, huh? Sliver, Blue or Hi-Viz.

AEROSTICH PADDED TABLET SLEEVES

The practical minimalist's solution: Traveling iPads slide in snugly, protected from bumps, knocks, dust and scratches. It's the everyday, in-and-out, fastest, lightest, easiest protection system available. And is made by us, right here, from custom-engineered materials (developed for our range of laptop cases). This three layer laminate has tough nylon twill outside, a soft brushed fleece inside and a .20 inch layer of impact material sandwiched between. It looks great and wears well. Soft, but not floppy—empty it holds its shape. And it's lightweight. iPads travel safe and secure inside any backpack, duffel or courier bag. Elegant, functional simplicity. Pure protection. Sliver, Blue or Hi-Viz.

Small (8.25"×5.75") #9324 \$30.00

LOCKING LICENSE PLATE COMPARTMENT

Weather resistant storage for...Ahem...uh...whatever you might want to carry unobtrusively concealed. Perfect for registration materials or travel documents that you need secure yet accessible, and perhaps the spare hidden key. Sized to work with all standard size license plates on most motorcycles. Mounts either lock up or lock down — you choose. Includes all mounting hardware and two keys. Tough injection molded polypropylene and about 1" thick. 7"×4".

#9078 \$25.00

"I had one of these on my old Yamaha dual sport. It worked great - keeping my papers dry all year round. So when I bought a 2007 KLR 650 last weekend, this was the First Farkle I ordered. Looks great and I never have to worry about where my registration and insurance docs are no matter what bag or bags I put on the bike. Bravo." —Review by Cliff

**WATCH THE LP BAG VIDEO
AT AEROSTICH.COM**

AEROSTICH LP (LIGHTWEIGHT PORTABLE) BAG

This lightweight, ultra-compact water-resistant/repellent sil-nylon reusable bag is packs anywhere and doubles as a functional backpack. Jam one behind the headlight or a side panel and it will stay there until needed. Or toss inside another pack or Messenger Bag.

They are built to last. All seams are reinforced with binding for durability and strength. The handle loops are tacked and bound, then reinforced again – so they won't pull off. Two draw cord closure straps of flat webbing secure a quick cinch closure. Bottom corners are reinforced with Cordura pack cloth.

The draw cords lock to desired length so they can function as backpack-style shoulder straps. A small stuff-pocket is located high on the interior to double as easy-access storage for keys or a phone.

Carries fine across shorter surface street distances by threading one's left forearm through the handles so the bag hangs just in front of the left knee, too. Inspired by Mark Lindemann, motorcycle industry veteran and author of 'The Total Motorcycling Manual' (#5506). Assorted colors. 4.5"×3.75"×2" (compressed), 19"×20"×18" (expanded).

#9197 \$25.00

AEROSTICH CORDURA DRY BAGS

Not conventional stiff plastic PVC drybags, but sewn and seam sealed three layer Cordura fabric roll top drybags that are though, durable, highly abrasion resistant...and which handle, load, unload and feel a lot nicer in day-to-day use. Smaller to fold-up, pack away and carry

than regular PVC drybags, too. Proven tough and durable, they feature a large barrel-top opening and a classic roll-top design which is a snap to close with side release buckles. Built-to-last all-weather storage that feels and works better. Medium – 16.5"x10.5" (10.72 L), Large – 23.5"x13.5" (25 L), 160D Hi-Viz.

**Medium #806 \$21.00
Large #807 \$27.00**

AEROSTICH ULTRALIGHT STUFF BAGS

Lightweight, simple and highly functional packing and storage solutions. Made from tough, water resistant rip-stop nylon, these bags are perfect for packing, organizing and storing your gear. Wide, easy to open drawstring cord-lock closure allows easy access to contents. Super packable. Keep one (or a few) stashed in a tank bag or under the seat for an always-ready storage option. They are great for keeping gear tidy and squared-away inside larger duffels or saddlebags. Choose from five convenient and useful sizes or order them all as a set and save. YOUR EVERY DAY, EVERY RIDE PACK

A rider's everyday back pack should be simple, durable, comfortable, clean and functional. This German-designed day pack is all that and more. The three-size range means a better, more comfortable fit. And each size's basic fit is further custom adjustable.

These have a ton of useful features: Integral raincover, smart arrangement of the internal and secondary pockets, easily adjustable comfort frame, expandable size for extra room, clean overall exterior design, quality sewing – and more. The side-zippered, expandable size is especially neat. Like a two-height tank bag for when you temporarily need more room. Everything a great riders pack should be, and a terrific value.

VAUDE WIZARD BACKPACKS

Fitting everything you want to carry in a backpack is important, but getting the proper fit for your body size makes a huge difference for all-day comfort. These are made in three sizes so you can wear the one that fits you best. It will become a favorite because it fits you better.

All three bags provide a zip-to-add 4-Liter capacity expansion and side compression straps. They are perfect for short urban rides as much as overnight long-distance trips. Well ventilated Aeroflex suspension system works with the adjustable shoulder and sternum straps to optimize for any back length and wear more comfortably. Integrated opening accommodates a hydration system too. Front zip pocket and outer mesh side-pockets allow quick access to often used items. Included is a built-in raincover. Black. 18+4 (18"×9"×6") 1lb 15oz., 24+4 (20"×9"×7") 2lb 3oz., 30+4 (20"×12"×10") 2lb 6oz.

AEROFLEX SUSPENSION

POINT 65°N HARSHHELL PACK

An advanced wearable storage and protection system, proven effective as an all-around weatherproof backpack for everyday riding, commuting and traveling to any destination. The hard ABS shell offers excellent impact protection and functions as a CE rated back protector. The adjustable Generation 4 harness incorporates air mesh for good all-day comfort and ventilation and features a waist belt and stabilizing hip padding. Water repellent top cover is equipped with an aerodynamic dome to help airflow and provide extra water protection.

The top cover secures quickly and easily thanks to a glove friendly quick lock ratchet system. Interior organizer pocket accommodates up to a 14" laptop or a hydration bladder. Integrated lumbar support system for long wear comfort. Hard shell is designed to protect your gear and electronics from being crushed, even in the event of an unplanned high speed get-off. Additional features include 3M reflective for increased nighttime visibility and a convenient, removable phone pocket on one shoulder strap.

Optional insulated X-Case securely attaches to the integrated lumbar curve to pack cables, chargers, or things you want easy access to. The available elastic coated nylon Cargo Nets also allow you to quickly secure your helmet, jacket or other larger item. 25L Backpack is 22"×12"×6" and weighs 4lbs. 20L is 19"×1"×6" and weighs 3.7lbs. Choose Red, White, Silver or Black.

WOLFMAN ENDURO TANK BAG

A small, narrow tank bag shaped to fit perfectly on virtually all dual sport and enduro type bikes. The innovative design uses a three point mounting system for stability and does not interfere with the gas cap or vent hose. Laminated foam sides hold the bag's shape and a Toughtek bottom prevents slipping. There's also an inside and an outside mesh pocket, a removable map pocket and a key clip. Coated cordura nylon. 3.5"-7.5"×9"×5.5" Black.

#9023 \$94.00

Raincover #9360 \$19.00

"I'm very happy with this bag. I'm currently riding a '88 Kawasaki KLR650 and it's a perfect fit for that tank. No unclipping necessary for refueling – which is fantastic. It was very durable, and the oversized zipper pulls are really quite easy to use even with a double gloved hand (ballistic+rain). I really have only one gripe with this bag – it gets very wet. Soaked in hard rain...along with all of its contents. I knew going into my purchase that this was not a 'waterproof' item, but I assumed the cordura would hold up a bit better in the wet. Guess I should have opted for the rain cover!" —Review by clydefrancis

This bag is very, very easy to get on and off the bike along with all of its attachment straps, which also are very easy to install and uninstall when needed. I would recommend this bag to others with an enduro tank...it looks quite small but in actuality it holds quite a bit. The map pocket is a little small and does require a bit of crafty folding, but again it's really a solid bag. On to purchase the rain cover!" —Review by clydefrancis

WOLFMAN RAINIER TANK BAG

Although aimed at the Dual Sport 600's, this tank bag is right at home on just about any Dual Sport bike. With its unique sloping bottom design, you can sit on your bike and glance down to a level map pocket—for once. The Rainier will hold a lot of stuff in an orderly, secure way thanks to its 4-point mounting and foam padding. Three outside pockets, including two removable side pockets, a reversible map pocket, an expandable gusset and a finish-friendly Toughtek bottom round out the features of this well-thought-out and quality constructed tank bag. Explorer Lite is 9"-12"×14"×11", Rainier is 9"-13"×15"×11". Both bags are black, 1000 Denier urethane coated Cordura®.

WOLFMAN EXPLORER LITE

LARGE POCKET KIT (3 BAGS)

RAINCOVER

"The bag installed quickly and easily to the frame beneath the front of the seat and behind the steering head. It fits the slope of the tank well, providing a level map surface when not expanded. Space is a little tight at the front of the tank, but it works. The bag does not interfere with your legs when standing. Plenty of pockets, very functional." —Review by Michael

"There is a tendency to think that larger is better in touring tank bags. This tank bag is smaller than the BMW labelled bag for the 1200 GSA. However, if you will ever be using your bike in terrain than might have you standing on the foot pegs, you will be pleased with this bag. The separate side pouches are very handy for glasses, tire pressure gauges and other oft used items. I am a very satisfied customer." —Review by Codger

MOTOFIZZ MAP BAG

Flip the top of this versatile map bag, and you've got plenty of pockets and space for money, credit cards, and important documents. The side zip entry map window holds one or two mid-sized roadmaps (6.5"×8" or less) and has two built-in bookmarks. The padded main compartment has 115 cubic inches of space with a mesh pocket for a total overall volume of about 175 cubic inches. Larger, wing style magnetic feet stay put better, and fold away when not needed. A durable carry handle provides take-along transport. Heavy duty nylon and fabric-reinforced vinyl construction. Shoulder strap and transparent-front rain cover included. 4"×12.5"×9".

#1989 \$89.00

WOLFMAN BLACKHAWK TANK BAG

The Blackhawk Tank Bag fits in between the compact Enduro Tank Bag and Rainier model. Its 8 liter capacity and trim lines give it great clearance for off-road riding. The Curved base contours snugly to most sloped tanks. The foam structure gives the Blackhawk "Soft-Rigidity", allowing the bag to flex. Constructed from rugged 1680 Denier Ballistic fabric with a 3/8" foam laminate body and non-skid, non-scratch bottom. The top map pocket is removable and has been enhanced to better serve riders who use electronics, with integrated loop to attach via adhesive hook to keep your tech in place. Roomy interior compartment and a stealthy outside pocket for quick access items. Mounts to the tank with a secure 4-point quick release harness. Length: Top 9" Bottom: 11½" Height: Front 8" Rear: 3 1/2" Width: 7". Black.

#9342 \$149.00

Raincover #9343 \$19.00

Shoulder Strap #9344 \$11.00

MOTOFIZZ MODULAR TANK BAG SYSTEM

Talk about functionality.... Not only can this bag be used as an expanding tank bag – it's also designed to function as a tailpack. Wait, there's more... Each section of the bag can be fully unzipped and used alone or reattached to different sections, in effect creating six bags in one. Only need a magnetic map bag? Just a tailpack with compression straps, no magnets? Just your map bag? Only a .25" tall magnetic mesh zipped pocket? It's up to you. Zip off the top, middle and bottom and zip them in whatever configuration you choose. It's a modular podular thing and it's way cool.

Top map bag section is padded and features a zipped, full-access 9.25"×12" window for oversize maps. Middle tailpack section has two zippered layers. The first features outer compression straps and inner oversize (9.25"×12.5") clear inner pockets with bookmarks. The second layer features a large zipped mesh pocket and a padded main compartment with 425 cubic inches of space that expands to over 700 cavernous cubic inches. The bottom section has four fold-away extra-magnetic feet and an oversize zipped mesh pocket.

More? Two removable 3"×7"×1" side pockets stow sunglasses or whatever smaller items to make a total overall volume of about 900 cubic inches. Heavy duty nylon and fabric-reinforced vinyl construction. Shoulder strap, tailpack straps, and transparent-front rain cover included. Nice. 6"-9"×13.5"×10.5".

#1921 \$169.00

"I have now had this tank bag on my '98 VFR for over a year. As a permanent fixture on the bike, I have grown to appreciate the multiple 'layers' of this bag. The map window is large and easy to access. Coupled with a pair of Air Pockets, maps and other documents are kept safe in the middle section and the main compartment has sufficient room for a tool roll, snacks, a camera, etc. with a zipped mesh top for extra organization." —Review by Mike Schwab

ORTLIEB WATERPROOF TANK BAG

A rugged and simple bag that has typical Ortlieb quality construction features. Welded seams with heavy-duty waterproof material, and top quality hardware and detailing. No raincover is needed. Mounted on a base pad with eight powerful magnets, the bag features a modular 'stacking' design which enables the use of two tank bags at once, or just the included map case on the base pad. Quick release buckles for easy adjusting and bag removal. Features a robust waterproof zipper for quick access to contents. Clever and well built real-world gear that works. Black. 6.3"×13.8"×9.8"/850 cu.in.

#9288 \$190.00

Backpack Carry System #9388 \$40.00

"My Bike: 2009, FJR1300. Greats: installation simple; easily removed during lunch breaks & fuel stops; map case really works well; bag perfect size for long or short trips; both bag and map case totally waterproof during random showers so no need to stop and put on a rain cover--there isn't one; excellent capacity; access to items pretty easy once you understand how to open the weather-proof T-zip system."

"NOTE: if you are looking for a quick access bag while driving, this is not your bag...the weather-proof T-zip system takes two hands to open and close."

"AWESOME BAG!" —Review by Robert

ULTRA-SIL TRAVEL PACK

Simple, streamlined pack design is light and low profile, while packing down to easily fit in a pocket, tank bag, stuffed under your seat or even attached to your keyring. Siliconized Cordura® material for strength and durability with bartack reinforced stitching at all stress points. Two-way zipper closure makes loading and unloading the pack quick and easy. Shoulder straps adjust for carrying comfort. Colors vary. 11"×8"x19". 2.4 oz.

#4465 \$32.00

ORTLIEB PACKMAN PRO 2

A favorite waterproof daypack, the 20L volume is equally suited for weekend explorations and the daily commute. A padded harness system and waist strap offers adjustability and excellent ventilation in combination with carrying comfort and perfect fit. Features a roll closure with compression straps for packing

and compressed volume. Other features include an integrated pocket for an optional hydration system (not included), and two lateral reflectors for visibility at night and in bad weather conditions. Additional features include: a non-waterproof elastic zippered front organizer pocket, interior zippered valuables pocket, waterproof aperture for optional hydration tube, and convenient carrying handle. 18.5"×11"x5.9". 20L/1221 cu. in. Black or Red.

#5012 \$149.00

MOTOFIZZ CAMPING SEAT BAGS

Everything you'll want to carry (clothing, tent, food and camping gear), fits neatly within these detailed and cavernous seat bags. Outside there's a variety of strap systems designed to secure foam sleeping pads and the like. Across the top, D rings laced with mini-bungees are arranged to hold sweatshirts, road guides, and things you want to keep within immediate reach.

Each end on the medium and large opens for direct loading and inside access. For extra capacity, both ends also expand with gusseted zippers. The medium and large bags also have a removable zippered belt pack attached to one end, and all three have an insulated water bottle holster right where you can reach it. There's retro-reflective areas, a versatile, secure and fast strap-on mounting system, and useful compression straps so your stuff won't get bounced around. Not waterproof, but an included raincover stores inside a dedicated compartment.

All of this technology is beautifully sewn with top quality coated nylon fabrics, webbing and other materials. (By a clever optical illusion, this bag won't look big when mounted on your bike.) The Camping Seat Bag is the world's most advanced motorcycle pack. It's an armed F-16 in a field of Cessnas.

Small is black/grey, 8" Top to Bottom x 12" Front to Back x 11.5" Side to Side/16" expanded. Medium is black, 12" Top to Bottom x 12" Front to Back x 15.5" Side to Side/22" expanded. Large is black/grey, 14" Top to Bottom x 14" Front to Back x 21" Side to Side/28" expanded. An Aerostich exclusive.

Large #9027 \$199.00

Small Raincover (Spare) #9146 \$20.00

Medium Raincover (Spare) #9127 \$22.00

Large Raincover (Spare) #9127 \$24.00

"I own a Large Motofizz bag that has been on my GSA to Alaska and Labrador for multi-week trips with camping gear. The medium size is perfect for traveling without the camping gear. I use it in the truck, flying or motorcycle trips. The bag under the top cover is perfect for dirty clothes or wet gear. I use the detachable bag for my GPS and radar detector when I leave the bike. The medium also has room for a padded laptop pouch in the bottom that I can remove the computer from the end access and stuff back in without unpacking the clothes above it. I keep a medium stuffsack and garbage bag just in case I want to store something on top of the MotoFizz bag. Perfect size, easy to carry in home, airport or hotel." —Review by Packrat

WOLFMAN BETA PLUS

A large, easy-to-remove bag that will stand up to rough conditions. Capacious enough for lotsa stuff, the bag features a seat-channel center-tunnel cutaway portion that straddles your seat or luggage rack ensuring stability on washboard roads and the like via the ultra stable 3-point quick-release mounting configuration. An incorporated non-scratch, non-skid Toughtek bottom keeps paint and shiny bits free from scratches. A crescent shaped top zipper allows for easy access to the roomy interior. Four compression straps, reflective details, zippered end pockets and a carrying handle round out the features of this versatile and well thought out piece of water resistant luggage. Black. 9.5" x 29" x 11" (2746 cu. in.) with a 10"-14" seat channel.

#9268 \$187.00

HYDRALIGHT ZIPPER DUFFEL

This light, waterproof duffel constructed of coated ripstop nylon will keep your stuff dry on the road or down the trail. Additional webbing and D-rings on each side allow you to easily strap it to your bike. Welded seams, waterproof zipper, with extra support on the bottom and sides. Shoulder strap included. Super packable. Medium is 13"×23"×13", 3890 cu. in., Blue, 20 oz. and Large is 16"×27"×16", 6910 cu. in., Green, 24 oz.

Medium (Blue) #9165 \$79.00

Large (Green) #9205 \$84.00

WOLFMAN EXPEDITION DRY DUFFEL BAGS

Waterproof? Yup! Perfect for riding in rain, snow, water crossings, dust, sand... This bag is TIGHT and will keep gear clean and dry in the roughest conditions. Adventure riders will love the capacity and rally riders will love the durability. Roll-top closure and four compression straps keep gear secure and dry inside, while large D-rings front and rear mount bag to bike with included straps. Also includes carrying handle and a removable shoulder strap for off-bike portability. Yellow/Black or Black. M – 40 Liters (11.5"×11.5"×24") L – 47 Liters (11.5"×11.5"×28").

Small #9221 \$104.00

Medium #9211 \$127.00

Large #9222 \$138.00

CHASE HARPER HIDE-AWAY TAIL TRUNK

If you only own one bag for your bike, this should be it. Unfold in a second and you'll get 1100 cubic inches of load space with the Hide-Away Tail Trunk. Featuring an integral bungee cord mounting system, dual accessory D-rings and a 2" web carrying handle, all in an easy-to carry package that folds into a built-in zippered storage pouch. Made from durable 400 denier Pac-Cloth. Fully Expands to 10"×14"×9". Folded Size 5.25"×8.25"×3.25". Black or Red.

#973 \$64.00

CHASE HARPER LARGE TAIL TRUNK

A sturdy, versatile, all-purpose tail trunk, trim enough for sport bikes and spacious enough for touring. Durable, silent dual zippers open into the spacious main compartment, with separate side and end compartments for 32.9 Liters of convenient storage options. Hook the included shoulder strap to the attached D-rings or grab the leather carrying handle for easy off-bike transport. The tough 1000 denier Cordura® Plus urethane coated nylon offers weather resistant durability and mounts easily with a hidden, twin-bungee mounting system, or via included sissy bar attachment. Black. Main section: 14.5"×9.5"×10", Front pouch: 12"×10"×2.5", Sides: 9.5"×10"×2".

#9323 \$122.00

ORTLIEB ROLLOP WATERPROOF DUFFEL BAGS

Bombproof dry bags that open fully across their length so you can get what you need without having to unload half your stuff. Strong webbing handles and quality fasteners make the bags easy to carry and use. The "fold over" seal is maintained with two unique, flexible battens that hold the shape when open and enable fast and secure closing. Totally waterproof, fully seam sealed PVC material is tremendously cut and abrasion resistant. Travel thru the worst weather without worrying about getting your electronic items, optics, beach towels, cold weather underwear, street shoes or favorite flannel shirt wet. Dry bag duffel bags like these are the easiest and best way to pack. Red, black, or yellow. S (10"×19"), M (11"×21"), L (14"×24").

"I've had this Ortlieb bag now for about 5 years -and it has been fantastic. Use if for more than just cycle trips. Of particular note - last week while riding the Blue Ridge mountains, I failed to properly secure the bag and lost it on the highway at 70mph. Fortunately nobody ran it over or was hurt - the bag had a few scuff marks but HELD TOGETHER - it was completely stuffed tight - and held amazingly. i was sure it would have exploded - awesome bag." —Review by Andy

**Small #930 \$90.00
Medium #931 \$95.00
Large #932 \$105.00**

ORTLIEB TRAVEL-ZIP WATERPROOF DUFFEL BAG

The Travel-Zip is a waterproof and versatile bag suitable for extended trekking tours, but also functions great as an everyday carry-all. Full-zip duffle bag design makes for effortless packing/unpacking and an interior organizer pocket keeps valuables dry, secure and easy to access. Durable handle and removable, padded shoulder strap adjust for easy carrying and strapping to racks or seats. The only non-waterproof part of this bag is the two outer 6.5"×10" mesh pockets, but they are great for stashing any gear that needs to be accessed quickly. Black. 10.2"×22.8"×15" (3051 cu. in.)

#9214 \$170.00

HEAVY DUTY WATERPROOF BAGS

Traditional SealLine Dry Bags are one of the best ways to protect your clothes and gear on a bike. They'll last nearly forever and see use on trip after trip. Manufactured with care and precision and a bargain, too!! Yellow or black heavy duty 18 oz PVC. Medium (16"×9"), Large (19"×11").

**Medium #925 \$22.00
Large #924 \$24.00**

"I purchased the large bag several years ago and used it on several trips covering thousands of miles - mostly in nice weather through the Southwest of the USA. However, knowing that it is well made, water tight and that it has the useful D-rings which make it easy to attach make it my only choice when going on the road. Makes everything else superfluous. Because I feel that I can still reduce what I take, I just ordered the medium size and I am sure I will not be disappointed. Highly recommended, particularly considering its cost." —Review Theodor J.

ORTLIEB WATERPROOF SADDLEBAGS

Sometimes the best ideas are the simplest. Like this pair completely waterproof throw-over soft saddlebags: they are made of the same PVC materials and use the same sealing system found on heavy-duty dry bags. The easy loading top entry design rolls over and clips at both ends for a completely waterproof seal. Each bag's lower leading end is cut away for generous passenger leg clearance. The bikeside has a full width Thermo-molded pad to protect paint and bodywork. All webbing and hardware is top grade. Inside are several carefully designed polypropylene stiffener panels as well as a handy organizer pocket, and at the rear of each bag is a Scotchlite™ reflective area.

Dry Bag Saddlebags are short enough to fit ahead of the rear turn signals on all motorcycles and are ideal for use on dual sport or sport machines. You won't find frivolous details here, just intelligent and functional bags that won't stick out too far yet will easily hold enough for a weekend camping trip. Totally waterproof. Easy to install and quick to put on or remove. Black or yellow. 15"×13"×8" each with 3173 cu. in. combined volume.

#912 \$215.00

"I've had these bags for about a month now and am very happy with them. I've taken several multi-day long distance trips, through some pretty harsh weather and the bags perform flawlessly. They fit directly on to my '08 KLR seat perfectly. In some reviews I read, there seemed to be concerns about "all the straps". There are just three straps that mount the bags to the bike and they are very simple/sensible. The closure system is identical to what you would find on a river dry bag. A note to post '08 KLR owners who wonder if these bags need a supplemental mounting rack: they don't. The existing muffler heat shield adequately protects the bag on that side from heat. I rode all day in 113 degree Mojave heat and the bag was fine - there was slight distortion on the mounting panel but nothing that concerned me. The contents of the bag (my tent) felt warm when I got it out after a day of riding, but no where near hot enough to cause damage. I can think of no reason that I wouldn't make this purchase again." —Review by Martin

ORTLIEB LOW PROFILE WATERPROOF SADDLEBAGS

A rugged pair of roll-top waterproof saddlebags, perfect for bikes with high-riding exhaust systems. The unique low profile design sits higher than standard saddlebags, yet has 2100 cubic inches of total space for whatever you need to carry. Made of extremely strong and abrasion resistant reinforced PVC with a thermo-molded rear pad to protect paint finish. Inner organizer pocket allows quick, convenient access. Black. 9"×19.5"×6" each. 2100 cu. in. combined volume.

#9287 \$240.00

"I looked long and hard for saddlebags for my 2004 Black Bonneville. I wanted something 100% waterproof that would work with (or at least not take away from) the look of my bike. Although I like the look of the traditional leather bags you sometimes see on Triumphs, I was worried about them not performing well in rain. I also didn't want anything that looked like suitcases attached to the bike. I am really happy with these bags. They feel secure on the bike without additional supports or panier frames and hold a fair amount of stuff. The low profile keeps them well above the exhaust pipes and they sit neatly against the seat. I like how utilitarian they are: form following function." —Review by Beth

ORTLIEB QRL (QUICK RELEASE LATCH) WATERPROOF SADDLEBAGS

Completely waterproof soft saddlebag with unique quick release mounting hooks. A built-in padded carrying handle and internal organizer pocket make this a convenient motorcycle briefcase, or attach the removable padded shoulder strap for an ideal sized travel bag or courier bag. Internal stiffener panels and a roll-top closure provide easy access to contents, while side-release buckles keep contents secure.

Scotchlite™ reflective areas on both ends allow bags to be attached to either side of the motorcycle. Requires a 3/16" to 5/8" round-tubular mounting system available separately from specialist suppliers. Racks are available for most motorcycles. Contact happy-trail.com or moto-sportpanniers.com for specific applications.

Order one bag for each side. Black. (Not Shown). 12"×17"×6"/1465 cu. in. each. (Sold Individually).

#913 \$150.00

"Wow - what fantastic saddlebags. I received them today and spent some time mounting them. The overall quality is much better than I expected. Adjustability is excellent. They fit my rear tail guards on my '02 KLR650. (I don't know what brand the rear guards are - I bought the bike second hand). They are the perfect size for me and simple to remove/install. I am looking forward to giving them some commuting and trail use and then report back, but so far I'm very pleased and impressed with them." —Review by Troy

ORTLIEB THIN WATERPROOF SADDLEBAGS

Narrower waterproof saddlebags are perfect for travelin' lighter and faster. ThinCase Dry Bag Saddlebags only stick out 4" on each side, but will hold more than enough for most trips. Each side bag is a modified and reinforced Waterproof Brief Bag (#1968) so it'll retain its shape and protect your contents. The 'throw over' mounting system is secure, fast, and versatile. The roll-over seal and top loading opening is easy to use and absolutely waterproof. A lightweight (but strong) system. 11.8"×15.7"×4" each. 1480 cu. in. total.

#9005 \$215.00

"I bought these bags for my 1994 Kawasaki Vulcan 500. Looking for bags and a bracket for that bike? Well, you've found them!! Though a little undersized for a lot of gear, these bags fit great on my older bike. I was able to install the top straps under the seat and the built in 'brackets' keep the bags out of the back wheel fine. They fit under my tail lights....just. The tight fit makes rolling the waterproof seal a little inconvenient but having bags now certainly outweighs any slight awkwardness. Easy to install, and yep, watertight. Great product." —Review by KimmerO

AEROSTICH TANK PANNIERS

These tough, semi-rigid containers keep your load low and secure. Extremely handy for day-to-day use with or without a tank bag, they fit a variety of unfaired motorcycles. Detailed for a sleek look and functional design, and a great value for the price. Constructed of tough, water resistant urethane coated 1000 Denier Cordura nylon with an adjustable mounting system: two padded, two-inch wide, hook & loop closed webbing straps plus two adjustable bungee shock cords. Hook & loop attached neoprene tank pads protect your paint and eliminate slippage. Removable plastic inserts shape and define both of the bags. The panniers also feature two pockets along the rear panels for small items like pencils and a tire gage, several 1" web straps for attaching additional items, and 3M Scotchlite reflective material on the front and outside panels. Specify Black or Hi-Viz. Standard (12" x 9" x 5", 8.8 Liter, each) or Competition (12" x 7.5" x 4.5", 6.6 Liter, each). .

**Standard #903 \$145.00
Competition #902 \$145.00**

AEROSTICH WATERPROOF SIDE ZIP BAGS

These seam sealed waterproof containers provide great lightweight storage and instant access to tents, sleeping bags, sweaters, road food, or anything else. They're the fastest way to carry items in a "bedroll" shape without having to fight a long, narrow drybag or stuffsack. Full length Therm-a-Rest pads lay right inside with room for a pair of sandals on the side. The end-to-end waterproof zipper makes them dry enough for all-day torrential rains yet super easy to access. 160 Cordura fabric makes them super durable. All-time favorites. Medium is 4" x 22" x 4" and Large is 6" x 22" x 6". Black, Red or Hi-Viz.

**Medium #9010 \$37.00
Large #9012 \$39.00**

AEROSTICH ADJUSTABLE BUNGEE

A leap forward in shock cord technology and versatility. This easier to handle stretch cord features rugged nylon hooks that won't scratch paint or metal. The hooks can be placed anywhere along the cord. Create custom shapes for holding awkward items using two, three, or four hooks placed anywhere along one cord.

1/4" Cord (4 Hooks, 60") #944 \$14.00
3/8" Cord (6 Hooks, 72" Cord) #943 \$16.00

"These are easily the best bungees on the market and being fully adjustable is just icing on the cake. Great products and great shipping Win, Win, Win, awesome!" —Review by lpscruggs

Securing a dry bag using two adjustable bungees with three hooks on each cord

POLYMER STRAPS

Secure, versatile straps that are faster and lighter than bulky ratcheting straps. Made from a stretchy, high performance polymer, with a 10-year UV resistant additive providing long-life. Aircraft grade aluminum buckle is belt buckle easy to secure and adjust with one hand, even while wearing gloves. Stretchy, non-marring straps won't scratch or mar surfaces.

Assorted lengths and adjustable strap holes allow them to be easily used one at a time, or daisy-chained together fasten bigger loads. Super Straps are .88" wide and rated to a working load of 60lbs, available in 3 color-coded lengths 14" (Blue), 18" (Yellow) and 25" (Orange) lengths. For even more durability,

choose the 25" (Black) Industrial Super Straps that are slightly wider at 1.06" and rated to a working load of 70lbs.

14" Super Strap #4895 \$7.50
18" Super Strap #5019 \$8.00
25" Super Strap #5021 \$8.50

25" Industrial Super Strap #5022 \$9.75

AEROSTICH QUICK RELEASE CARGO STRAPS

Compared to bungees and nets, straps are more secure because they can be cinched almost completely solid, which prevents loads shifting on washboard gravel or bumpy paved back-roads. The 1" quick release Delrin buckle made will handle a minimum of 250 lbs. Similar looking straps sold in camping stores are too short to be useful for packing a bike and the buckles are not-quite-strong-enough. These are over eight feet long (100"), and the webbing has a 1300 lb break strength. (May be cut to shorter lengths and fuse the ends with a cigarette lighter). Sold in sets of 3.

#1902 \$16.00

AEROSTICH HOOK AND LOOP ELASTIC STRAPS

Wrap the stretchy 1.5" wide suspender elastic band around any gear to be stowed and press the heavy-duty Velcro® together to hold and secure. Hook and loop even allows them to be strapped together end-to-end for larger loads. Two sizes: 25" and 19". 1.5" wide. Set of two.

19" #9206 \$12.00
25" #9207 \$14.00

POWER NETS

The world's best motorcycle bungee net. This upgraded version of the classic rider's carrying tool is incredibly better. It's made in Japan with better cords knotted into smaller squares (about 1.5" each) than common cheap nets. This means greater strength, versatility and safety. Inside the cords is a superior quality rubber and outside is a tough polyester wear sheath. Three sizes. Comes with six Power Hooks. Exclusive. Black.

Small (16"x16") #9044 \$24.00
Medium (20"x20") #9045 \$28.00
Large (24"x24") #9046 \$32.00

36MM ULTRALIGHT FIELD WATCH

An abundance of elaborate, high-end military field watches are available today, made with state-of-the-art materials and loaded with advanced features. This watch ain't one of them, but it is a nice, affordable analog timepiece, in a tough resin case, with such practical features as: Accurate Japanese quartz movement, date function and water resistant to 100 feet.

The black nylon band fits comfortably around the wrist, or with an additional hole or two punched in it, can be adapted to secure around your handlebars. The medium size black watch face has a 1.25" diameter with white luminescent numbers and dials for easy reading day or night. Added value comes in the packaging, a surprisingly rugged, transparent, water resistant plastic case perfect for storing phones, portable electronics, a wallet or sunglasses. Case measures 6"×3.25"×1.5".

#2119 \$29.00

CLASSIC WATER RESISTANT LCD DIGITAL WATCH

Tried and true style great for everyday wear, or pair with handlebar mount (#2143) to add an all-weather, easy to read clock to your bike. Features include daily alarm, hourly time signal, auto calendar and stop watch features. LCD display with push-button micro light for night time viewing. Select 12/24 hour formats. Water resistant resin design and construction has proven functional and durable for over 27 years. The replaceable CR2016 button battery lasts up to 7 years. A true classic, inexpensive and feature loaded chronograph ready to track your riding time for many years and thousands of miles. Body measures 1.5"x1.38"x.34". Black with replaceable resin band.

#2188 \$18.00

60MM POCKET SUNDIAL
Retro-cool precision in solid brass and steel, based on the Universal Equinoctial ring sundial used by ancient sailors and mathematicians. The outer and inner rings pivot and adjust for accuracy and fold flat for easy transport in a pocket. Beautifully engraved numbering and lettering finished with a black ink coating make it easy to read and give this instrument a timeless appearance. Can be used around the world to quickly and accurately indicate the local solar time, and also functions as a sun compass and a model of the world.

You really don't need one of these, but pulling it out at the campsite or rest-stop will seriously trump all of the latest modern digital farkles and draw both smiles and an audience wanting to see how it works. Beautiful to handle and satisfying to use. (Excuse me, do you have the time? Why yes, I do.) Fusion-reactor powered. Includes instruction manual. 2.36" diameter. 1.4 oz.

#3209 \$39.00

CLASSIC Ti FIELD WATCHES

A solid titanium case with an anti-reflective tempered mineral crystal, oversize superluminous numbers (and hands) and a shoulder guarded screw-down crown. Now check out the price.

This modern interpretation of the classic field watch makes sense. It's light, tough, waterproof and inexpensive. Its accurate V-Series movement offers a prolonged battery life of about 4-5 years, there is a date function, and the case is tested waterproof to 330 ft. Choose Black or Brown stitched leather band. Men's 1.25" Face Dia., Women's 1" Face Dia.

Men's Brown #2154 \$135.00

Women's Brown #2155 \$135.00

Men's Black #2156 \$135.00

Women's Black #2157 \$135.00

WRISTWATCH BAR MOUNT

This shaped neoprene hard foam block puts a Suunto wrist computer (or any similar sized wristwatch) on your handlebars. Adjustable viewing angle.

#2143 \$12.00

HYGROMETER + THERMOMETER

This matchbook-sized unit allows you to accurately monitor ambient humidity and temperature at the same time on its easy-to-read oversized display. Can stand on its own or stick to any surface with included double-stick tape. Operates on one watch battery (included). Really fun to see the humidity slowly increase from many miles away to 90% or more as you approach rain. Note: not "extreme waterproof" unless modified. (Disassemble, silicone seal.) 2"×1.5"×.6", 1 oz.

#4266 \$17.00

AEROSTICH ZIP-O-GAGE

Handy pendant thermometer snaps onto zipper pulls, etc. The thermometer is sealed inside a protective acrylic case, and has a handy wind chill chart on the back. Hang from a pocket zipper or stick on your bikes dash or pack inside your sleeping bag or tent. 2", 1/3 oz.

#2208 \$6.00

AEROSTICH HANDLEBAR CLIPS

An accurate, durable, easy-to-read liquid-filled compass that simply clips onto any ¾" or 1" handlebar. Luminous 1" floating dial on jeweled pivot provides smooth rotation. Clip is easy to remove for accurate readings away from steel motorcycle parts.

Also as durable as the compass is an easy to read, liquid filled -20°F to +120°F thermometer. It too clips onto any ¾" or 1" handlebar. One inch diameter dial.

The clock clip is specially made for us and features a sweep-second quartz movement that is not really intended for outdoor use but the prototype survived two seasons on Ed's 500 single so we think it's OK. YMMV, however.

Compass #2203 \$10.00

Thermometer #2212 \$10.00

Clock #4230 \$18.00

Set of All Three SAVE \$6.00 #4282 \$32.00

NEXUS COMPASS

An easy to read, dependable all-weather backup or primary navigation tool. This Micro model is 2.1"×1.3"×.4", making this quality liquid filled nav the perfect precision backup for maps and GPSs.

#4255 \$14.00

LIQUID CRYSTAL TEMPERATURE STRIPS

These UV, water resistant, adhesive strips precisely and reliably display the temperature. They permanently mount anywhere with adhesive backing or for a temporary mount, adhesive hook & loop is included. Perfect for a tank bag map window or the left sleeve hook and loop on Roadcrafter and Darien Suits. Four strips: 26°–56°F, 58°–88°F, and 90°–120°F in 2° increments, and 15°–100°F in 5° increments. 5"×0.5" each.

#4226 \$12.00

WATERPROOF MICRO CLOCK

Bright backlit display prominently shows time, date and temp in a glance. Temperature gauge accurate from -10 C to +50 C and includes an ice alert function that flashes when temps fall to just above freezing. Large buttons are easy to use, even with gloves on. Includes mounting instructions. 1.8"×1.1"×.4".

#8255 \$32.00

DUAL 'DASH CAM' AUTOMATIC RECORDING SYSTEM

Perfect for capturing the license plate of the minivan that just cut you off, or the moments just before the inattentive vehicle following in your lane rear-ends you. (Eeow!) Uses two wide-angle 140° lens, water resistant cameras to record high quality 1080p/30fps or 720p/30fps video. Loop recording times can be set to capture from 1 to 10 minute clips, stored to a high speed memory card (compatible with up to 64GB storage, not included) allowing up to 9 hours

of recording capacity. If the memory is full, the oldest file will be overwritten by the most recent ride footage. The most recently recorded clips can be permanently saved with a quick push of the remote control button to archive the two most current recording sequences.

The system also features a 3-axis sensor to detect dramatic speed changes that may result from an incident which will automatically save the current video. (Great for capturing footage of a favorite section of mountain twisties, too.) The compact control module (3"×2.4"×.86") features a full-color 2.7" LCD screen, with information screens making camera set-up simple and providing live-stream display from front, back or both cameras as split-screen view. The non-waterproof display screen allows the unit to be mounted in view while riding, but during wet or cold weather, it can be housed in the included mil-spec textile storage pouch for relocation under the seat or in a tankbag.

The GPS Module is small enough to mount anywhere (2.5"x1.25") and works with available Registrator software to allow displaying route and current position, including direction of travel, for each video. Allows clickable search for route videos along riding routes.

An integrated safety and security feature allows recording for up to 1 hour after the bike is parked. Particularly useful where your motorcycle might be susceptible to vandalism or hit-and-runs.

This ultra-reliable system includes front and rear cameras, GPS module, DVR Unit with LCD screen, wired remote control, 12V adapter, USB power lead, splitter cables, pivoting mounts, storage case and several mounting brackets, screws and 3M adhesive pieces.

#4427 \$265.00

FOUR CHANNEL AUDIO MIXER + AMPLIFIER

The MixIt2 is designed for motorcycle applications. It provides four inputs for connecting and combining signals from radar detectors, radios, CD players, MP3 players, XM receivers, talking GPSs, CBs, FRS radios, cell phones, etc. Power is supplied by an internal 9V battery (lasts about 25 hrs) or a filtered 12V external power jack to provide clean, noise-free listening.

This signal mixer prevents feedback damage when combining multiple audio sources, and its internal amplifier helps portable music players sound louder, cleaner and better. Features include a power/volume control knob, two stereo inputs, two isolated mono inputs (that do not require special cables for Garmin GPS and Escort radar detectors), an output jack and 'power on' and 'battery low' indicator LEDs. Rotary volume controller allows you to mute all devices simultaneously, which is handy in urban situations or at toll booths. 5.5"×2.5"×1",

#3950 \$159.00

AEROSTICH EARPHONE CORDS

Perfect for making the connection to your helmet or earphones. Stretchy, light, and flexible, yet still substantial enough to hold up to stress and wind turbulence. The two foot is just long enough to perfectly connect tank bag or bar mount audio to helmet or ear speakers. Length listed is coiled (not stretched). 3.5mm (1/8") plug and jack ends.

1' #2368 \$5.00

2' #2353 \$5.00

3' #2369 \$6.00

4' #2313 \$6.00

THE FIRST (AND STILL BEST) NOISE-BLOCKING IN-EAR SPEAKERS

Etymotic Research was founded in 1983 to provide products that protect hearing, and enhance the listening experience of musicians and music lovers everywhere. With deep roots in acoustic research, Etymotic invented the first insert earphones in 1984. The original design used balanced armature receivers and immediately established these speakers as the gold standard for high definition in-ear earphones.

In 1991, Etymotic introduced the first noise-isolating high-fidelity in-ear earphone, which became the basis of all subsequent in-ear earphones and in-ear monitors worldwide, and created an entire category of consumer electronics. These earspeakers are used by scientists, professional and amateur musicians, and others (including many motorcyclists) who insist on superior sound quality. If you try a pair of Etymotic earspeakers, we are confident you will not be disappointed. Hear the difference quality makes.

HF5 EARSPEAKERS

No compromise, high-performance noise-isolating earphones that deliver best-in-class benefits at an affordable price. These comfortable wearing earsets reduce external sounds by about 35-42 dB which surpasses even active noise cancellation systems (for comparison, the Koss blocks about 8-12 dB). These fill that silence with an extended high frequency range and an excellent deep bass response. Includes nylon travel pouch, three pairs of replacement ear tips (3-Flange, Foam and Glider styles), adjustable keeper-clip, filter removal tool and replacement filters. 48" cord, 1/8" (3.5mm) headphone jack.

#3135 \$139.00

MC5 EARSPEAKERS

Tight, accurate bass with crystal clear high-frequency detail is the sound delivered with these best-in-class earphones. Includes an assortment of ear tips for a secure, comfortable and customizable fit with industry leading noise-isolating properties, reducing ambient noise by 35-42 dB. A Kevlar® reinforced 4 foot cord with built in cable slider ensures durability and accurate sound quality for many riding seasons of listening pleasure. Includes zippered nylon carrying case, Three pairs of replacement ear tips (3-Flange, Foam and Glider styles), adjustable keeper-clip, filter removal tool and replacement filters. 48" cord, 1/8" (3.5mm) headphone jack.

#3134 \$69.00

KOSS EARPLUG SPEAKERS

Earplug and earbud design helps seal out wind noise and directs speaker sounds right into your ear canal for a deep bass and greater clarity. Foam ear cushions expand slowly for a comfortable custom fit and good noise isolation. The Koss Earplug Speakers are an affordable way to experiment with sound... they are just foam earplugs with quality, built-in speakers, and they're perfect for use in places with high levels of outside noise. Affordable, comfortable, effective. Not for Riding Use because you might get in an accident if you miss any road noises. (What about cars with air conditioning, lots of sound insulation, and big stereo systems? What about those, huh?). 4' cord.

#3081 \$19.00

AEROSTICH HELMET SPEAKERS

Inexpensive, wafer thin, compact, felt-lined stereo speakers that press into your helmet's ear pockets or hang in the helmet lining with accompanying hook and loop pads. Both speakers plug into the included 40" cord, which features a spring clip for attaching anywhere. Reasonable sound quality, but the most important aspects are the low price and they fit anywhere. Plug directly into any device with a 1/8" (3.5mm) headphone output jack. 2"x2"x.25", 1.75 oz.

#3915 \$17.00

3D BASS HELMET SPEAKERS

These helmet speakers pack a punch. A low, low-down in your bones punch. At only .5"×1.8", will fit any helmet and will improve the sound of whatever you've been listening to. A revolution in helmet audio technology. Comes with integrated hook & loop patches and detachable 25" connector cable with volume control. 3.5mm 1/8" headphone jack.

#3967 \$57.00

RAM MOUNT SYSTEMS

All RAM systems use a 1" ball and socket system. This super strong rubber ball and socket system provides mounting flexibility and protects electronics from damage due to vibration. All components are interchangeable so you can switch attachments at either end of the clamping stalk for maximum versatility.

BASES: ATTACH EXTENSION TO YOUR BIKE

HANDLEBAR CONTROL BASE

A mounting ball that attaches to your bike's handlebar clutch/brake perch, left or right side. Also accepts an Extra Ball to make it a double mount.

*Single Ball Control Base #6210 \$12.00
Double Ball Control Base #6302 \$20.00
Extra Ball Only #6227 \$10.00*

TOUGH-CLAW BASE

Perfect mounting base for quick and easy tool-less installation and removal on round, square, odd shaped rails and bars. It can be clamped on rails from 0.625" to 1.5" diameter. Ideal for mounting tablets, action cameras, smartphones, rod holders...the options are limited only by your imagination. 4.25"×1.18". Black.

#6303 \$30.00

EXTENSIONS: CONNECT MOUNT TO A BASE

RAM DOUBLE SOCKET ARM

A tightening screw on the side of the arm clamps firmly in place, and allows you to pivot the ball and socket connection or completely disconnect the ball from the socket.

*1.75" #6228 \$13.00
3" #6285 \$14.00
5.25" #6286 \$19.00*

DOUBLE SOCKET SWIVEL ARM

Dual 1" diameter open ball sockets with a 360° center rotation point for unsurpassed adjustability.

#6300 \$18.00

AEROSTICH UNIVERSAL MOUNT KIT

Here's a handy, inexpensive way to easily mount switches, accessories and other such farkle to your motorcycle. Find the desired mounting location and zip into place with the included heavy-duty mounting strap. (You may also use a worm-type stainless hose clamp, not included.) Includes 4 mounts, 8 straps and 8 pieces of shrink tube wrap. Place the shrink tube near the lock and it will grip your handlebars a lot tighter. 1/4" diameter mounting hole.

#4999 \$15.00

TOUGH CLAW CLAMP KIT

An elegantly simple but super tough kit to secure any modern smartphone to the handlebars of your motorcycle. Sturdy enough to keep a tight grip over streets and big enough to hold a Galaxy S2 or iPhone 6 plus. Three modular pieces combine to make one spiffy unit that is a snap to put on and take off, staying in place with a handy, easy-grip twist knob. Choose from three arm lengths to use your phone for navigation, taking ride video footage, playing your favorite tunes or just to keep it at the ready. 1.75", 3" or 5.25" arm lengths.

1.75" Kit #6304 \$57.00
3" Kit #6305 \$60.00
5.25" Kit #6306 \$63.00

CNC LOW PROFILE BAR MOUNT

Superlative alloy construction with a universal clamp saddle to fit standard 7/8" handlebars. Beautifully made and fully adjustable 2.25"×3" platforms. Precision CNCs with a rotatable Allen-lockable upper nylon balljoint for

smooth, repositionable operation. The lower joint can be positioned fore-and-aft or laterally and the upper joint swivels in all directions with a cutout so it can be nearly 90° to the stem. Position a device as low as 1.6" above handlebars for those navigational aids that don't need to be up so high.

Low Profile #6215 \$54.00

UNIVERSAL X-GRIP HOLDER

Securely holds a cell phone or other handheld device with a unique spring loaded X-Grip design. Rubber coated tips hold device firm and stable. 1" ball. Min/Max device width .875"/3.25".

#3687 \$24.00

RAIL-HANDLEBAR MOUNT KIT

An evolved system for quickly and securely mounting your smartphone to your bike. The included X-Grip® cradle has a spring-loaded four leg design that sports great holding power without hiding your phone behind foam pads and plastic, expanding and contracting for a custom fit. The mount is designed with a RAM 1 in. ball and socket system adjustment points at both ends of the double socket arm, allowing for almost infinite viewing angles. A zinc coated u-bolt base attaches securely into handlebars, or any tube up to 1.25" in diameter. Works with devices with or without a case. X-Grip Dimensions: Min. width = 1.875", Max. width = 3.25", Depth = 0.875"

Kit w/ 1.75" Arm #6307 \$47.00

Kit w/ 3" Arm #6308 \$50.00

Kit w/ 5.25" Arm #6309 \$53.00

QUICK-RELEASE DEVICE MOUNT

Securely mount your phone or mobile device to your handlebars. Rotating and pivoting head design allows for multiple viewing angles. Adjustable locking cradle design squeezes device securely in place.

#4359 \$22.00

SLIPSTREAMER RADAR MOUNT

Elegant and rugged construction. Nicely made and very adjustable, this bracket holds a myriad of possibilities for the motorcycle gadgeteer. Lightweight aluminum bar and brackets make it easy to modify (saw, file, big hammer, etc...) for other custom mounting of applications like radios, GPSs, etc. Plate is 4.25"×3.3".

7/8" Bars #2296 \$35.00

1" Bars #2297 \$35.00

OHNE TITEL ZWEI

A few years ago a customer sent us a postcard featuring this painting by award-winning German artist Michael Sowa. Art can be very subjective, so we'll leave it up to you to as to the meaning of this one, but we thought it was cool enough to share. The title of the original is "Ohne titel zwei", which translates to "Without title two"...leaving it open to even further interpretation. Regardless of that, it seems like Michael understands a bit about riding's relationship to our inner lives. If this painting speaks to you, or if you know a rider who might enjoy it, select from a framed print, poster, ceramic mug or 100% cotton t-shirt.

11 oz. Coffee Mug #5014 \$8.00

T-Shirt #5015 \$22.00

8.5"x11" Framed Print #5016 \$15.00

29"x20" Poster Print #5017 \$20.00

AEROSTICH MR. HAPPY PUPPET

So your buddy pulls over in a cloud of smoke with a broken chain piled up in front of his engine sprocket and a busted crankcase. Or he throws his new scooter up the street in a cacophony of sparks and shredded parts. Whatta do? Look uncomfortably at your feet? Cringe with empathy? Hell no. You whip out Mr. Happy and lighten the mood with chirpy platitudes such as "Gee Bill, I'm sure we can find a guy to replicate that casting for big bucks." Or "That's OK, that bike was kind of ugly anyway, don't you think?" Chances are that after the rider in question chases you half a mile down the road and pummels you about the head and shoulders he'll feel MUCH better.

Be ready with a kind word and light pantomime for any downer occasion. Mr. Happy wants to help. Fits readily in most tankbags. Also good for cheering up rain-sodden rally campsites or bolstering spirits during multi-day bad weather scenarios that have eaten up most of a given vacation or ride. (Share your Mr. Happy experiences or just see what he's been up to by visiting his website at: aerostich.com/mrhappy or follow the antics of @MrHappyPuppet on Twitter.)

#3330 \$9.00

ZIPPERED BOOK COVER

Specifically for use with all Rite In The Rain notebooks, but is also the perfect size for a paperback book or personal journal. Four pockets for writing utensils and plenty of space behind the cover flaps for important documents or extra stuff. Tough Cordura with rugged zipper closure. 8.75"×6.75". Tan.

#5916 \$20.00

SPACE PENS

These pressurized (nitrogen-filled) ball points were actually developed so astronauts could write in outer space, but they are equally wonderful for marking damp maps, writing on soggy paper placemats, or philosophizing on greasy bathroom walls. The Bullet model has a removable clip, and a short, smoothly-rounded shape that lets you carry it in the front pocket of your jeans without getting stabbed in the thigh (3.6" closed, 5.3" open). Specify: Chrome, Black finish or Solid Brass. The AG-7 (anti-gravity) is the same model that went to the moon and features a side-button action. And back in the day the ol' Russians had to use pencils.

Bullet #2315 \$24.00

AG-7 #2367 \$44.00

Refill #2355 \$6.00

BULLET

AEROSTICH BANANA PACK

How many times have you wanted to walk away from your bike for shopping, eating...and you needed somewhere to carry your camera, wallet, sunglasses, etc.? The Banana Pack self-stores into a narrow banana shape that stows anywhere. It's just the right size for carrying plenty of walking and "excursion" stuff. Handy, light, and at the ready whenever you need a useful fanny pack. Secure and tough enough to wear when riding, too. 100% Black Cordura. 5"×10"×4".

#9042 \$35.00

THE TOTAL MOTORCYCLING MANUAL

Tried-and-true tips and tricks to make the most out of your motorcycle, from navigating city streets on the daily commute, to on-the-fly emergency roadside repairs, maintenance advice and choosing proper riding gear, this comprehensive guide covers 291 essential moto related skills.

Assembled by the experts at Cycle World magazine and filled with insider knowledge and real-world advice intended to get the most out of every ride. Covers gear, riding, maintenance and repair for commuters, touring riders, off-road dirt fiends and all riders in-between. We could write a book like this...but, since we haven't (yet), this is a solid collection, worth adding to the library. By Mark Lindemann. Softbound, 256 pp., color illus.

#5506 \$27.00

CAMPING WITH THE CORPS OF ENGINEERS

A little-known fact is that our U.S. Army Corps of Engineers have these rather nice campgrounds scattered around the country and they're not all that expensive as it turns out. This book will show you state-by-state where these campgrounds are located and directions for getting to them, what amenities they offer, and what the costs are for staying. By Spurgeon L. Hinkle, U.S.M.C. Ret. Softbound, 5.5"×8.5", 244 pp., b/w illus.

#5760 \$17.00

ADVENTURE MOTORCYCLING HANDBOOK

Land travel in remote areas is not for the unprepared and this comprehensive book will go a long way to making the reader aware of the factors involved in such trips. Because of the expense and potential danger of such voyages, the years of experience gathered by the author and his contributing world riders is invaluable information for those contemplating an undertaking of such magnitude. Bike mods, what to bring, as well as paperwork and riding techniques are all covered in this well-written and authoritative book. Revised 6th edition with added content. By Chris Scott (who actually was the inventor of term "adventure motorcycling").

#3714 \$23.00

MOTORCYCLIST'S LEGAL HANDBOOK

Ignorance of the law is no excuse, so this invaluable resource is essential reading material for every rider. From tips to keep your record clean to the best things to say or do if (when) you get pulled over, this handbook details riding rules and regulations in an easy to use state-by-state synopsis, including rankings for overall rideability. Indispensable wisdom whether riding around town or cross-country. By Pat Hahn. Softbound, 8.5"×5.5", 240 pp., color illus.

#5630 \$22.00

BUTLER MOTORCYCLE MAPS MASTER SET

Twelve maps that provide the overviews you can't see on any GPS, and let you easily find and navigate to the best rides you'll ever experience. Every map uses a three-colored highlight system showcasing ONLY the good/better/best sections of each road. The overall quality and detail of the cartography is stunning.

See and link together the very best parts of the most spectacular and sometimes remote roads—stuff you'd never find otherwise, including many hidden 'Lost Highway' gems—for truly memorable and incredible rides.

Elevation profiles, climate guides, fuel stops and even QR codes also provide solid information about where to sleep and eat or what to see when you're not riding. Backcountry versions are designed for off-highway routes for memorable adventure and dual-sport rides. All are rugged, waterproof and tear resistant to provide years of planning reference and resist on-the-road abuse. Each is 38"×26" and they fold easily to fit inside tank bag map cases.

Master Collection (N. CA, S. CA, TX Hill Country, CO, WY, MT, ID, UT, Ozarks & Rocky Mtn Planner) #4279 \$149.00

See website to purchase individual maps.

CAMPING'S TOP SECRETS

Detailed awriting with a dash of humor results in a very readable and informative book packed with tips on living outdoors. Lots of information here on stuff you might not even think of but is good practical knowledge. By Cliff Jacobson. Softbound, 5.5"×8.5", 288 pp., b/w illus.

#5736 \$19.00

MOTORCYCLE CAMPING MADE EASY

A no-nonsense primer on heading out on the scooter to camp. Valuable tips and practical techniques will point you in the right direction if you are interested in going to rally events or perhaps heading out on your own for a bit of solitude.

Real-life issues like assessing your current bike for load-carrying ability and space, packing what you'll need, camp skill basics like starting a fire and cooking, as well as info on finding motorcycle-friendly campsites, along with all the rest you'll want to know. By Bob Woofster. Second Edition. Softbound, 7"×8.5", 256 pp., b/w illus.

#5784 \$19.00

THE MAN WHO WOULD STOP AT NOTHING

This is about hard-core, non-stop, record-crushing, subversive, all-weather, bad-ass endurance riders—and in particular the story of John Ryan, legendary motorcyclist made of resolve, toughness and brains. You'll also meet an impressive range of other extreme riding obsessives, and gain a real understanding of endurance riding motorcycling. By Melissa Holbrook Pierson. Hardbound, 5.5"×8.3", 208 pp.

#5618 \$24.00

#5620 \$7.00

BODIES IN MOTION: EVOLUTION AND EXPERIENCE IN MOTORCYCLING

How can riding be so exciting and yet relaxing at the same time – and why does this combination make us feel so good?

Here, Steven L. Thompson shares research and analytics which disentangles our biological connections with riding from a mix of cultural elements.

In the author's own words, Bodies in Motion "...explores what evolutionary science, psychology, human-factors research and engineering research can tell us about why some people seek certain kinds of mobile experiences and others do not." Softcover, 6"×9", 400+ pp., b/w illustrations.

#5802 \$19.00

REVISED I-94 READER

Hundreds of trips along the same stretch of common road—Interstate 94 between Fargo, ND and Minneapolis/St. Paul, MN—would for most be a long, tedious and all-too-familiar boring journey. These nine stories were written over eighteen years and reveal the value of riding more deeply and truly than common 'I rode there' memoirs. By Rand Rasmussen. Softbound, 6"×9", 64 pp., b/w illus.

#5620 \$7.00

AEROSTICH LIGHTWEIGHT UNSUPPORTED MOTORCYCLE TRAVEL FOR TERMINAL CASES

How about riding out your own back door for high adventure and long distances on just an average smallish bike and with some simple luggage and gear?

This book consists of 14 pages of summary text, with the balance arranged into appendices that cover such topics as food, gear, organization, improvised repairs, helpful resources for further information, useful websites, state-by-state listings of good roads, and bike-friendly hangouts.

It fits readily in a pocket and contains a distillation of experience, and information that will be a useful starting point for the beginning motorcycle tourist as well as a handy reference for an experienced rider. 4"×6", 84 pp., b/w illus.

#5800 \$5.00

AEROSTICH RIDEABLE DAYS POSTER

How many days would you like to ride? Based on a formula that includes selected ambient temperature ranges when riding with Aerostich gear, this colorful map portrays a fascinating representation of the annual number of rideable days easily achievable annually throughout the United States. 38"×26".

#4162 \$10.00

EUREKA MIDORI SOLO TENT

Featuring a mesh tent body to aid ventilation and lighten the load, the versatile side entry design features a spacious all weather vestibule created by the weatherproof rain-fly. The interior features bathtub floor to protect against splashing and standing water, two storage pockets, and a gear hammock to help keep you organized and maximize space in the 7'6"×3'×2'8" layout. Packs down to 5"×16". 3lbs. 10oz.

#1794 \$139.00

MORPHO ELITE 2P AIRBEAM TENT

That's right, no poles! Originally designed for extreme mountaineering, this innovative 2-person, all-weather tent features two incredibly strong inflatable airbeams enclosed in puncture-resistant sailcloth shells that can withstand twice as much force as standard aluminum poles. Included foot pump collapses flat as a pancake. Stores inside a dry bag style stuff sack. Repair kit included. Sleeps two. Yellow. 8'8"×5'4"×3'6". Packed size 7"×11", 4 lbs. 3 oz.

Tent (2 Person) #1778 \$589.00

2P Ground Cloth #1780 \$49.00

WIGGY ULTRALIGHT 45° BAG

Summer and hot weather: that's when you do most of your traveling and camping, and this bag is just right. The rectangular shape is more comfortable in hot weather because it allows you to move your legs and feet around. You'll get a better night's sleep. As light and small to pack as a standard "mummy" design. Open the long zipper down the side and across the bottom to use it as a blanket, too. Dimensions 80"×31". Weighs 2.5 lbs. Loft 2.5". Rated to 45°F. Black.

#701 \$149.00

KELTY COSMIC 41° DOWN BAG

A comfortable summer weight down bag that compresses down small for easy packing. Uses 550-fill DriDown insulation that maintains exceptional loft and uses feathers treated at a molecular level to be hydrophobic, meaning you stay warmer and drier even if the weather gets wet. Includes stuff sack, packs down to 7"x12". Regular fits up to 6' and weighs 1lb 12oz. Long fits up to 6'6" and weighs 1lb 14oz. Rated to 41°F. Blue.

Regular #790 \$139.00

Long #791 \$159.00

HIGH TECH ULTRALIGHT COT

Bed-like comfort that packs small, so it's convenient for taking along. Set up is quick and painless. When assembled, it stands supported by bowed trusses 4" off the ground, so you can sleep on your stomach, back, and even on your side in suspended comfort. Sleeps cool in hot weather by allowing air to circulate below you, or combine with a thermarest pad for extreme comfort and added insulation on cold nights. Low profile design so you can even place it underneath your tent.

Inside a tent, it will not damage the floor, and outside the tent, no ground cloth is needed. You can walk across the cot without harming it. If you sit on it, your butt will sit on the ground, but when you lay down, you float above the ground. No poles across the ends to hit your head or feet. Ultralight aluminum and polycarbonate construction. Supports up to 325 lbs. Comes with carrying bag. Regular 74"×25"×4.5" (set up), 16"×5" (packed), 46 oz. Large 77"×26"×4.5" (set up), 5"×17" (packed), 48 oz. Grey.

Regular #4105 \$199.00

Large #4186 \$219.00

LUXURYLITE® COT WARMER

Featuring ThermaCapture™ Radiant Heat Technology, the LuxuryLite® Cot Warmer increases the temperature performance of your cot by 10-15 degrees, taking your cot from 1- to 3-season warmth. The thermal reflective lining captures your body's heat and efficiently adds warmth with virtually no added weight or bulk — an easy warmth upgrade. The lightweight, packable Cot Warmer easily attaches to the underside of your cot with six elasticized hooks.

Stuff sack included. Gray. Packs to 5"×7". Regular: 2.6oz, 21"×72". Large: 3oz, 22.5"×78".

Regular #4187 \$49.00

Large #4188 \$49.00

THERM-A-REST SLEEPING PADS

What's the point of a sleeping pad if it won't stay under you? These pads feature Staytek™, a specially-woven fabric that increases friction preventing you and your sleeping bag from sliding onto the ground. The underside of the pad is covered with a durable nylon that is resistant to moisture, dirt, and punctures. A noble product that's worth its weight in gold when camping.

TRAIL PRO

The Trail Pro is the best combination of durability and full-length comfort. 32 oz. (1'8"×6', 21"×5" rolled). Green.

#705 \$89.00

PROLITE

Using Therm-a-Rest's new Litefoam™ for increased compressibility, the ProLite is lighter and has less bulk for easier packing. Full-length is 24 oz. (1'8"×6', 11"×4" rolled). Short is 17 oz. (1'8"×3'11", 11"×3.5" rolled). Pomegranate.

Short #780 \$79.00

Full-Length #776 \$89.00

COMPRESSIBLE PILLOW

Comfy and durable brushed polyester outer and soft urethane foam filling packs small and expands big, measuring a generous 14"×18"×4". Home-like comfort to rest your head, wherever the road takes you. 9oz. Navy.

#2199 \$23.00

POCKET PILLOWS

A simple concept that provides comfort without adding bulk. These soft, flannel-like bags accommodate your spare clothing to create a comfortable pillow to nod off on. Of course if your campmates start doing rev-outs at 3AM this won't help much. Maybe you can smack someone with it. The Traveler has an anti-microbial treatment.

Trekker (Grey, 14"×17") #2099 \$13.00

PILLOWSACK

All the comfort of a real pillow, without the weight. Ultralight sil-nylon stuffsack features a luxuriously soft, pillow-shaped outer lining on one side. Stuff with a soft fleece or fluffy down jacket and prepare for a good night sleep. 2 ounces. 14.5"×7"×3.5". Assorted colors.

#4164 \$19.00

OPENED FLAT

DRAWSTRING HOOD

FIVE REINFORCED WEBBING LOOPS

STRAPPED DOWN

SELF-STORE POCKET

AEROSTICH STEALTH SHELTERS

Zips open fully as a tent ground cloth, hot weather sleep blanket or overhead tarp, and zips closed to function as an all-weather bivvy sack. A Stealth Shelter creates opportunities, and solves many different kinds of camping problems. Wind-and-waterproof, breathable with three layer ripstop nylon fabric.

There are five reinforced webbing loops to attach parachute cord plus both a loop and a double reinforced area at the center to allow pitching over any kind of pole to keep rain off a campfire. Also good as a campsite shade in the heat of the day. Works as a protective footprint beneath the floor of a tent, too. Throw it over your bike and riding gear to protect them overnight. Use as a trailside picnic blanket at a lunch stop.

Waterproof version is constructed from black 3-layer breathable, waterproof rip-stop nylon fabric, with sealed seams and highly water resistant zippers to keep you and your stuff dry and comfortable in any conditions. The Ultralight Stealth is made from a lighter weight, highly water resistant sil-nylon fabric, which provides all-around weatherproof protection in an even lighter and more packable format. (Can be custom seam-sealed with all silicone sealants.) Both measure 88"×72" when open and spread out. (approx. 9"×5" rolled/strapped, 13"×7"×4" self-stored.)

Titanium Tent Stakes #4071 \$27.00

PORTRABLE CHAIRS ARE IMPORTANT

Not as obvious as it might seem. These small chairs are the real key to great camping experiences. Having one along gives you much more than a good spot to park your butt no matter where you are at the end of the day. They really give you a chance to invite yourself to sit around another camper's fire and share a few stories, gain wisdom and make some new friends. So bring your own chair (and maybe a flask?) and sit down and make some wonderful memories.

Some specifics: The Kermit chair is by far the most comfortable, beautiful type here. Over the past two decades it's become a genuine made-in-USA American motorcycle camper classic. If you ride a touring bike and have the space, it's still the bomb, but at five pounds it's a bit heavy and bulky for adventurous dual-sport and sport bike rides. Of the others, I like the Mantis best. It's nearly as comfortable as the Kermit but packs much smaller and only weighs a pound and a half. It also sets up and takes down slightly faster and easier. And for extreme ultra-light and super-compact packing, any of the others make great choices, too. Just bring one. —Mr. Subjective

THE KERMIT CHAIR

Chances are you've noticed the twisted, broken remains of many a plastic and aluminum discount-store folding chair abandoned or stuffed into garbage cans after rallies and events. Ah, wasteful, race-to-the-bottom consumerism...You will never see The Kermit Chair suffer such an ignominious end, however, because this is the real deal, a hand-crafted piece of artistic sitz-tech that will keep your butt off the ground with unmatched elegance, ruggedness, and utility.

Constructed of beautiful oak and aluminum structural elements, with Cordura fabric, the Kermit weighs only 5 lbs. and packs into a 4"×6"×23" Cordura bag. When you are ready for your last folding chair, the Kermit Chair awaits. Blue, green, burgundy, or black. 

#740 \$159.00
Leg Extensions #741 \$45.00

Photo: Aisling O'Connor, by Brian O'Connor, 2012

HIGH BACK CAMP CHAIR

Lean back, relax and enjoy your campsite. The taller design and supportive backrest combine for sublime comfort in an ultra light folding camp chair. Features a single shock corded pole structure making it easy to set up or pack down. Lightweight, strong and appreciated campsite comfort. Holds up to 319 lbs. Stores in a 18.5"×4.7"×5.5" zippered case. 22.8"×27.6"×38.6" assembled. Weighs 3lbs. Ball up your fleece sweater for a pillow, prop up your feet on a log and....zzzzz.

#4398 \$149.00

MANTIS HAMMOCK CHAIR

Mega-strong aluminum frame with a stable four-leg base design offering a breathable, comfy ripstop sling-style seat, perfect for lounging around the rally or camp. Lightweight and portable, it packs into a compact nylon stuff-sack and fits easily into a saddlebag, duffel or seat bag. Black. 29"×21.5"×22" (set-up), 13"×5.5" (collapsed). 1.6 lbs., 250 lbs. capacity.

#767 \$107.00

CHAIR ONE

This two pound folding camp chair is friend to anyone on the go and packing down smaller than the Sunday Times means you can bring it along on every ride. Utilizing anodized DAC aluminum poles, it is strong enough to support folks up to 320lbs, keeping your butt elevated 13.5" from the ground. Comfortable, stylish and sure

to be the seat of envy around the campsite, whether sharing stories from the road or just kicking back and watching the stars. Includes zipped stuff sack. 26"×21"×20" assembled, 14"×4"×5" packed.

#729 \$97.00

MAYFLY HAMMOCK CHAIR

Lightweight, portable and perfect for sitting and seeking wisdom near the campfire after a long day of riding. The strong, stable aluminum frame keeps you low to the ground for added stability, while a detachable front leg gives the option of rocking or resting and relaxing. Durable ripstop nylon material is comfortable for hours of after ride lounging. Packs up small into included stuff sack for easy portability. Orange. 20"×20.5"×15" (set-up), 11.5"×4.3" (collapsed) 1.4 lbs., 250 lb. capacity.

#747 \$87.00

MONARCH TWO-LEG CHAIR

This ultralight camp chair is so comfortable it will never be empty long enough to swing in the breeze. Unique two-leg design and double ripstop nylon sling-style seat cradle

you about seven inches off the hard ground below. Simple and quick to set-up with super-light, tent-style collapsible aluminum poles. Breaks down easy too, and stores in matching nylon stuff sack. This chair rocks...literally, the dual legs are adorned with non-skid rubber feet that let you kick back and relax in lounger style comfort. 23"×21"×17" (set-up), 12"×4" (collapsed). 1.35 lbs, 250 lb capacity.

#744 \$67.00

"I searched for years for a chair that packed small enough for hiking but was reasonably comfortable and not too expensive. This chair has balanced those sometimes-conflicting criteria better than anything else I've found. "Balance" is the key word; the chair has only two legs and your own legs provide the stability. One of the pluses of that arrangement is that the chair is a rocker; a minus is that it won't stand on its own, and getting in and out of it is a bit of a skill (but easily acquired). It sits pretty low, but definitely better than the on-the-ground folded Thermarest type of seating. One benefit of the relatively low seating is that I can use it inside my littlest tent when the mosquitoes are bad." —Review by The Voice of Reason

MULTI-FUEL GASOLINE STOVE

This rugged single burner will bubble a quart of water in about 4 minutes while efficiently burning your choice of white gas, kerosene, diesel or jet fuel. A compact and durable steel case protects the tank, pressurizing pump and burner when packed, and opens to reveal a sturdy pot support and a precision flame control knob. Ideal for both extended tours and quick roadside hot lunches. Weighs 55 oz. and burns up to 1.5 hours on a scant 12 oz. of fuel. 7"×7"×4".

#4145 \$219.00

AEROSTICH LIGHTWEIGHT GRILL

Sometimes the sizzle and pop of a steak over an open fire out-serenades a hissing stove. Made of chrome-plated steel, this foldable 12"×6.5" grill is great for when you have something meaty, like steaks, chops, or fish, and want to sear 'em over a fire. This grill is perfect for spanning said fire and supports medium sized pots and skillets. Folds flat for out of the way packing. Comes with a rugged Cordura storage bag which keeps everything else clean when packed away for travel. 10 oz.

#4070 \$18.00

JETBOIL FLASH COOKING SYSTEM

Ultra-efficient all-in-one design combining cooking vessel and burner in one compact system. Transfers about twice the heat output of conventional camping stove-and-pot combinations—so your minestrone, chowder, coffee or ramen will boil faster on less fuel.

The 1 L mug-shaped cooking cup is wrapped in an insulating cozy and features a unique color-changing heat indicator to signal when the contents are hot. Add the optional Pot Support/Stand and Coffee Press which stow securely inside the unit for added versatility. A built-in piezo electric igniter and heat exchanger brings water to a boil in minutes. Space-saving design allows everything to nest inside the cup for convenient storage.

POCKET STOVE

The epitome of German efficiency, this lightweight, ultra-compact Pocket Stove has been a capable cooking appliance used worldwide for the past 75 years. Rugged structured steel sides flip open into two lockable positions for stable support and concentrated heat delivery to your cooking pot or fry pan. Esbit® solid fuel tablets store inside the diminutive 3"×4"×.75" self-contained case, burning for 13 minutes each and delivering enough heat to boil a pint of water in less than 8 minutes. When the cooking is done, extinguish the tab and re-light it with the next use. Ideal for boiling liquids or cooking up a quick, light roadside meal.

Adding a piece of heavy duty foil for use as a windscreens or ground reflector makes this the ultimate minimalist travel stove. 3.75 oz. Includes six 5 oz. solid fuel tablets.

Pocket Stove #4131 \$16.00

TITANIUM HEXAGON FOLD-FLAT WOOD STOVE

Ultra-light weight Titanium wood burning cook stove, folds to a slim, compact size for easy storage. Individual panels are hinged and snap easily into place for quick set-up and take down. Durable construction for long-life use. Conical shape focuses heat upward for quick efficient cooking, using any available wood, bark, sticks or dry grass. Hinged access door opens for air control and easy re-fueling. Includes nylon carrying case. 5"×4". 4.1 oz.

#4486 \$59.00

ORIGINAL EMBERLIT FOLD-FLAT STOVE

Packs flat, weighs less than 12 oz and is fueled by any dry sticks or debris you find nearby. Constructed of rugged 304 stainless steel, it is durable and comes with a lifetime warranty. Includes cross-bar adapters for securely holding the weight of any pot or pan without wobble. Natural fuel burning capabilities mean no messy or bulky fuel bottles to carry with. Sets up easily and is perfect for cooking anywhere, anytime. 11.45 oz. 4.5"×5.5"×3.5".

#4394 \$43.00

BLAZER MICRO-TORCH

A cigarette lighter sized torch that is packable in your tool or emergency kit. An adjustable flame, piezo electronic one button ignition, and windproof burner make it handy to use. The ten minute continuous burn time between refills is longer than it sounds. Excellent for working with heat shrinkable tubing in your garage. You can even solder with it. Very high quality. Made in Japan. Gadgets, gadgets, gadgets.

#2509 \$57.00

MORE THAN FIFTY BUCKS...

is a lot for a little flame gadget when disposable Bic lighters are only ninety nine cents. This high-quality Japanese-made tool seems worth it. It's flame is so much hotter, stronger and more precisely directed. Which is that much more useful for soldering, lighting stoves, sterilizing a cutting tool or whatever.

The beat up one shown in the photo here was bought from Aerostich in 1996, and has been carried in several different cook kits and tank bags since, used on motorcycle trips from Minnesota to Mongolia, 100,000 miles of mis-treatment, and countless refillings without a single problem. It's lit camp cooking stoves and campfires hundreds of times and has perfectly shrank heat-shrink at least fifty times. After twenty years of abuse it seems like it will last forever. You get what you pay for. Again. (This one was made before the manufacturer switched to clear tanks so you cannot see how much fuel you have left. This one doesn't have its torch-head cover or base, either.) —Mr. Subjective, May 2015

VACUUM THERMOS TECHNOLOGY

An exclusive and unique vacuum manufacturing process pioneered by Nissan made the world's first all-stainless thermal bottles possible more than thirty years ago. Today only Nissan Bottles are assembled in this patented vacuum chamber. It's an exclusive method that yields a better internal vacuum. That plus Nissan's tighter manufacturing tolerances make these thermal containers the benchmark. Skip the cheap look-alikes. Hours after filling one, you'll appreciate the difference. They work better.

STAINLESS THERMOS'

At restaurant stops, have your server fill it with fresh hot coffee or ice cold lemonade. Later at your motel, a wayside stop, or a late night campfire...enjoy. A quarter-turn of the removable stopper allows no-drip pouring. You'll want it along on every ride and use it for other activities too. Unmatched thermal performance. Truly the most civilized way to carry frozen margaritas through Death Valley to remote desert campsites. Performance: Hot water at 203° F will be 163° F after 6 hours and 116° F after 24 hours in a room at 68° F. 16 oz is 9.5"×2.6", 26 oz is 11"×3".

LIGHTWEIGHT BACKPACKER'S TROWEL

When you get out there and you gotta go, you'll need one of these. The Backpacker's Trowel is made of light, strong, high impact plastic. It will do the job when you need it. 10"×2.5", 2 oz. Orange.

#1581 \$5.00

STAINLESS STEEL FOLDING TROWEL

For all your scooping, scraping, digging, chiseling and prying needs. High-quality stainless steel means it and won't bend easily or rust. Comes with rugged carrying pouch. Blade is 2.25" wide. 9.25" unfolded, 5.75" folded. 6 oz.

#1584 \$19.00

"Why carry pooping-in-the-woods trowels? Because we also carry all those silly Sporks. They also present and reinforce a perspective about riding and 'exploring the world'. I've carried the folding steel one above for years, and a small roll of TP flattened inside a zip-closed plastic bag. When needed there's no substitute. Boot-heels work only on the softest soil. Having a trowel along frees one to ride and camp just about anywhere, anytime. Which is the point." — Mr. Subjective, 8-2014

CREDIT CARD FOLDING KNIFE

The tuxedo is optional, but the stealth, function and cool-factor are akin to something 'Q' would bequeath. Weighing a scant 13 grams this ultra thin 2.2mm thick, 76mm long blade features an extra long 65mm surgically sharp cutting edge. The super light polypropylene self-storing case is the size of a credit card to easily and safely store in a wallet, tank bag or jacket pocket, while opening the blade results from three ingenious folding operations to metamorphosis the card into an elegant and functional pocket knife. Locking mechanisms ensure safe operation when open and securely docked when in the closed position. High quality, rust free stainless steel blade is waterproof and machine washable. 85.5mm×54mm×2.2mm stored. Black.

#2426 \$15.00

ULTRA LIGHT POCKET KNIVES

Lightweight, elegantly simple and made with the utmost care by craftsmen, these knives are minimalist in design, with the essential functionality expected from a fine blade: a flawless edge, a safety catch, and an excellent grip. Each locking blade is constructed with food-grade 420 stainless steel, weighs only grams, and packs easily into any pocket, pack, bag. Or attach to a pocket edge for easy accessibility with the integrated side clip. The 37 Gram version also features an elegantly shaped black Granadilla wood handle for added hand feel with little added weight. Top-notch cutting tools you'll find ways to use.

BEST

AERO STICH TRAVELLER CABLE LOCK

Originally made as a spare tire lock for pickups and SUVs, this is a fast deploying and easy to carry cable lock that's ideal for moto-travel. Although the thick 12mm cable and Ace cylinder lock does not provide the ultimate heart-of-darkness bank vault security, this lock is so easy to use it's perfect for everyday lockups.

When traveling it can be quickly stored as a straight length of cable...it lays perfectly along-side your duffel or your bikes frame. Has an o-ring sealed lock mechanism that keeps moisture out of the internals.

3 ft / 12mm #1153 \$20.00

ALL AROUND COMBINATION LOCK

A 12mm flexible steel cable with a secure combination lock. The long cable is covered by a tough vinyl cover that protects against scratching. Includes convenient strap for compact storage. Tough protection that's easy to bring on every ride.

6ft / 12mm #4837 \$22.00

GONZO FLEXWEAVE™ CABLE

It coils, drapes and threads nearly like a wet rope, but is actually tougher than hell. Special 'Made In USA' proprietary cable manufacturing technology has more internal wires for maximum cut-resistant security. The UV protective vinyl coating will stand up to years of sun and abuse. Works great with #1174 Shackle on previous page. 9/16"×5'.

5 ft/14mm #1477 \$37.00

KEY COMBO CABLE LOCK

Strong, thick 15mm premium steel cable combines lightweight convenience, flexible practicality and dual locking security. Lock using the individually programmable four-digit tumblers or keyed cylinder. PVC-coated to prevent scratching. A powerful, portable deterrent against theft or tampering. Included two keys and PIN recovery tool in event of a forgotten code. 1.29 lbs. Length 2'9". Black.

2ft 9in / 15mm #1123 \$39.00

STEEL-O-FLEX ARMORED CABLE LOCK

Highly mobile and robust security with excellent flexibility when it comes to keeping your bike, helmet or gear where you left it. Double security with overlapping hardened steel shells protecting the inner steel of this 22mm thick cable. Long-life protective mesh sleeve prevents scratches or damaging paint. Premium cylinder lock body is extremely tough and resilient to manipulations. Versatile 2'9" length offers variety of mounting options. 3 lbs. Black.

2 ft 9in / 22mm #1125 \$59.00

SEAT SAVER

AEROSTICH ULTRALIGHT BIKE COVERS

Small enough to take on all your road trips, these pack into a built-in self-storing pocket about the size of your hand. Overall, it's half the size of the next smallest full-coverage cover because it's made from a thinner, lighter fabric. The strong opaque 1.1 oz siliconized ripstop nylon is plenty tough and keeps water and dust off your bike... it's widely used in parachutes, sailboat spinnakers, kites and skysails.

The integrated elastic cinch cord tightly snugs all covers close to your bike so it won't blow off during a breeze, and additional grommets allow for further binding or tying down. The Aerostich label is purposefully placed at the front bottom center, right on the hem, so it's easy to find the front of the cover.

SELF STORING

For improving overnight security at the seediest, darkest motel parking lot, the self-storing pocket on the hem of the cover also doubles as a portable battery powered motion-detecting alarm holder, to scare the pants off of whoever wants to take a peak at what's below.

Large size covers loaded GS100's, Gold Wings and other dreadnaught sized machines. Medium fits all sportbikes, standards, dual sports, and sport touring bikes with smaller windshields. Small fits scooters. Seat Saver model fits all bikes, covering vital areas of instrument pod, handlebars, gas tank and seat. Black, White or Grey.

**Large #1735 \$167.00
Medium #1733 \$157.00
Small #1738 \$147.00
Seat Saver #1741 \$142.00**

SECURING ULTRALIGHT BIKE COVERS

"Aerostich Ultralight Bike Covers have two neat grommets mid-way for a locking cable to be passed through the middle of the motorcycle. But for fast additional security in high-wind situations, and to further-strengthen the cover's 'anti-tampering' deterrent, first pull the elastic hem drawcord tight and lock it in place with its cord-lock. Then stretch the loose end of this cord over the saddle and down the other side of the motorcycle until you can loop over the shift lever or footrest. This will 'capture' some of the cover around the shift lever. After the cord is drawn tight around the bottom of one's motorcycle there is always enough cord left to stretch across the bike and reach the shift lever. Doing this makes the billowy cover fit tight and stops it from flapping around. The technique has kept my Aerostich Ultralight Bike Covers securely attached though some violent overnight storms with very high winds." —Mr. Subjective, 6-13

HID HEADLIGHT BULB KITS

Super bright and high-quality headlight update kits that provide both whiter and bluer illumination compared to conventional lighting, giving your motorcycle the cutting edge in aesthetics and safety. Throws a 6000 Kelvin beam. Replaces standard headlight on most bikes, choose either H4 or H7 style bulb to fit your motorcycle. Includes 35 watt digital slim ballast which is in a small (3.3"x 2.4" x .6"), sealed aluminum box that can be mounted anywhere and is completely waterproof. Light output is 3 times amount of halogen bulb and 10 times the output of a standard bulb. Specify H4 or H7 Kit. 3200 lumens.

#4449 \$89.00

HALOGEN EXTREME WHITE HEADLIGHT BULBS

Super bright replacement halogen headlight bulbs. Xtreme White Plus technology produces a whiter light color of 4,000K and provides the equivalent of 110 watts of illumination from only 55 watts. These are brilliant replacements that will light up road hazards and street signs long before a normal halogen bulb.

**H4 (55w/60w) #4690 \$39.00
H7 (55w) #4691 \$39.00**

LED HEADLIGHT BULB REPLACEMENT

Prepare to see, and be seen, with unparalleled headlight bulb brightness upgrade, via this reliable 3800 Lumen LED H4 replacement. The update installs easily, is vibration proof, water resistant and lasts ten times longer than a standard bulb, with a 30,000 hour lifespan.

Draws only 20 watts (low) and 40 watts (high) to consume less power compared to the 55–60 watts needed by a typical (1100–1500 lumen) incandescent bulb. Throws a warmer 5500 Kelvin light beam and provides a superior high/low beam contrast too. Replaces any standard H4 headlight.

H4 Headlight Bulb #2990 \$65.00

EAR CANNON AIR HORN

This is a full-power railroad locomotive/ocean liner type compressed air horn squeezed into a bike-mountable package. Totally overkill, until you need to wake up some lethal driver. It's got both the high and low ear-splitting tones of the individually sold Fiamm Freeway Blaster Horns, plus a little more oomph. The 139dB high and low tone blasters combine via air induction to cut through the din and make the most distracted of drivers drop their cell phones and pay attention. Installs easily on all bikes with a 4.5" x 3" x 4.5" space for mounting. The loudest motorcycle horn available. If Ethel Merman, Sam Kinison and John Philip Sousa ever had a band, and played through a wall-of-sound amp rack, it would sound like this. 12V. 18A. 1 lb 4 oz.

**Black #3837 \$40.00
Chrome #4749 \$55.00
Wiring Kit #3839 \$12.00**

FREEWAY BLASTER HORN

They're not kidding about the "Blaster" part. This horn generates a shattering 132 decibels and will likely get just about anybody's attention, even if they happen to be ensconced in a giant SUV with a phone glued to their ear. And that, of course, is a good thing...we all know that stock motorcycle horns are at times rather underwhelming. Fix all that and let 'em know you're there with this important safety device. Available in High and Low tone versions. If you are using only one, go with the low tone. 12V. 10A. 3.5" x 3.5" x 2.5".

**Low Tone #3830 \$18.00
High Tone #3831 \$18.00**

FLASHING HALOGEN TAILLIGHT BULB

It's a bright taillight...until you hit the brakes. Then, it flashes four times fast—pauses—three flashes a little slower—pauses—two more real slow, and it's on full time as a stop light. The entire flash/pause sequence takes 4 seconds and repeats each time you re-apply the brakes. This complex pattern is commonly and intuitively recognized as a deceleration warning. The bulb's reliable digital electronics are all contained inside the bulb's base. It uses a widely available, easily replaceable "G-4" halogen bulb. (An easy to carry extra is also included.) Fits standard 1157 dual filament brake/taillight bulb sockets. Legal disclaimer: May not be approved for use in all states.

1157 (Blue-White) #2544 \$69.00

MINI LICENSE PLATE LIGHT

Black anodized aluminum body with super bright white LED that will mount through any 6mm or 1/4" hole. Can be used as a plate mounting bolt. Comes complete with stainless steel mounting hardware.

#4780 \$35.00

PLUG-N-PLAY WIRING HARNESS

Pre-assembled wiring harness makes Ear Cannon installation a breeze. Mount the horn to the bike, plug in the wires from the harness, route the wiring to the battery and connect to the terminals. Simple, quick installation. Includes 30 Amp relay and fuse, insulated terminals, 18" total of wire and complete instructions...not that you'll need them.

#4767 \$24.00

12V 40A SEALED RELAY

12V, 40A Bosch-type relay for use with high amp draw electronic accessories like big driving lights, extra loud horns, double sided arm jesters, etc. Waterproof sealed plastic housing with metal mounting tab. Includes installation and wiring instructions. 2.125"×1"×1.25".

#4667 \$4.00

LED REPLACEMENT SIGNAL BULBS

Bright, warm 700 lumen output in a plug-and-play replacement signal bulb set. High quality for superior output and performance, brighter than stock signal lights. Heat sink equipped to dissipate excess warmth generated in use. CAN-bus compatible. Sold in pairs. 10W. 1156 equivalent. Available in White or Yellow.

#4896 \$59.00

LED TURN/BRAKE/RUNNING LIGHT

Simply a row of super bright red LEDs made to be attached directly to the top or bottom of your license plate using the same mounting holes. Connect to your brake light wires and you're ready to wake up anyone following a little too close behind you, day or night. No rear end worries. In addition to the brake light feature of the Stopper, the Versa Light version looks the same but also functions as a running light and turn signal indicator. Clearly indicate your intentions. 7"×.75".

Stopper #4635 \$28.00

Versa Light #4656 \$42.00

ELECTROPODS

Two pods of eight super bright red LEDs that are wired into your bikes brake light circuit. When the brakes are applied they light up and flash for added safety. For all 12v systems, and easy to install. Includes complete instructions and cable ties.

#4636 \$32.00

HEADLIGHT SHIELD

It can be unbelievably expensive to replace a cracked or rock chipped headlight lens. Some lenses are over two hundred dollars. Apply this cut-to-fit, double polished, ultra-clear, flexible film and you'll be ready for common detours, gravelly back roads and the big Cassier-to-Alcan-to-Anchorage (and back) ride. The headlight shield goes directly on the headlight lens so there is no place to trap moisture, dirt, and bugs. It is also UV resistant, won't affect light pattern or output, and is all but unnoticeable. Uses a unique, durable, peel and apply, later-removable, 3M adhesive. Face oncoming traffic on gravel surfaces without fear. Also great as a custom see thru tank pad.

Medium (12"×12", 14mil) #4910 \$24.00

Large (12"×24", 14mil) #4912 \$40.00

AERO STICH E-FILL SIPHON

A self-priming fuel transfer system. No matter where you are, this ultra compact system won't leave you stranded for long. Throw away that length of gnarly old hose and safely siphon fuel from any gas-powered device without getting a mouthful of gas.

This is one siphon that doesn't suck. Simply insert the self-priming end into any non-empty gas tank, and put the other end into the transferring container/carrying case (that works a heck of a lot better than a crinkled Mountain Dew can). A few up and down motions and you'll be siphonin' away. The handy stopper clip maintains siphoning even when in the "off" position,

so there's no need to begin the process all over again between container transfers to your tank. The included super soak towel quickly cleans up any excess spills and everything fits neatly back into the transfer container/carrying case. Carrying case is 10.1"×2.6"×1.25" and holds 1/8 gallon of gas. Siphon is 68" long.

Entire system weighs less than 4 oz.

#4986 \$27.00

dition threatens. Temperature minimums and maximums can be stored in memory and cleared easily. Not extreme weatherproof unless modified (open, fill with silicon sealant, close.) 5.5"×1"×.75".

#4632 \$37.00

BEADRIDER SADDLE PAD

Wooden beads provide the movement and airflow riders need to stay comfortable in the saddle, mile after mile. Prevents "monkey butt" on extended rides. Proven by one million long-suffering taxi drivers over billions of miles. Available in four sizes and any color you want...as long as it's black. Replace the tied on straps with the optional ROK Quick Release Straps for fast, easy on/off.

10"×12" #1829 \$32.00

12"×12" #1816 \$34.00

13"×13" #1819 \$36.00

14"×14" #1824 \$38.00

Quick Release Straps #1764 \$24.00

ANTI MONKEY BUTT POWDER

This will save your ass on long, hard rides. It's purpose-built for your butt, but also works great in underwear and everywhere that is sensitive to chafing, burning, reddening rashes. More than a re-packed drugstore talc or a baby powder, this proprietary formula eliminates getting painfully chafed, raw and rashy during sweaty butt-busting activities. It also provides an immediate 'aaaahhh-ooooohhh' skin relief on (or after) tough rides. Good for motorcyclists, truck drivers, off road and road drivers, bicyclists, etc., whenever your butt takes a pounding all day. Choose 6 oz. Bottle or convenient 1.5 oz. Travel Size.

6 oz bottle #1881 \$6.00

1.5oz travel size #2168 \$3.00

AEROSTICH SHEEPSKIN SADDLE PADS

Sheepskin cushions, cools and lets air circulate. When it's sticky hot, you'll sit cooler. And when it's freezing, sheepskin is warm and comfy. Between extremes it's always luxurious. Sheepskin has long been used by those who sit for extended periods because of how it cushions and vents.

These are luxurious top grade sheepskins, laminated with an Aerostich-exclusive, non-skid 3/16" PVC foam mesh base, so they won't creep around on your saddle, even if you ride aggressively. They also won't hold or absorb much water. Saddle sheepskin pads help you stay more comfortable, refreshed and alert on long rides. Each pad features eight strategic bungee attachment points, two lengths of adjustable bungee, and four no-scratch nylon hooks for a custom installation. 

(A) Rectangle (11"×14.5") #1890 \$77.00

(B) Small Rectangle (9"×11") #1887 \$67.00

(C) Tapered (13"×18") #1892 \$77.00

(D) Small Tapered (14"×14") #1883 \$77.00

AIRHAWK™ SADDLE CUSHIONS

Iron Butt? Air Butt. Really. The individual cells conform to your shape and eliminate pressure spots that cause discomfort. The outer cover is nylon and lycra, with a nonskid polyester and vinyl base. Designed to stay in place and not creep around during 'active' riding or on day-long rides, it simply lifts off when not needed. As far as seat cushions for long-distance endurance riding goes, this is state of the art. Stay in the saddle longer with more comfort.

Original AIRHAWK™ cushions (A-D) use a thick, stretchy neoprene rubber inner bladder for maximum comfort and a much more substantial and luxurious feel, especially noticed at the end of a long day in the saddle.

AIRHAWK 2™ cushions (E, F) use a lighter, thinner polyurethane air bladder that does not stretch as much as neoprene. Designed for riders who need some help on occasional long rides, they offer excellent comfort compared to other gel/foam/synthetic options, at a lower cost than the original. 

A Large Rectangle (11"×14") #1830 \$167.00

B Small Rectangle (9"×11") #1831 \$157.00

C Tapered (12"×18") #1832 \$167.00

F Tapered (12"×18") #1788 \$97.00

AEROSTICH TOW-N-TIE

If you venture into terrain and trails off the road, you know the importance of carrying a towstrap to get back to civilization in the event of mechanical difficulties. What sets this apart is that it doubles as two 1400 lb. rated tie downs which can come in handy in case that guy (or gal) in the pickup you flag down is amenable to hauling your busted bike somewhere. Rolled up tight in their nylon bag, they measure just 8"×1.25", small enough to stow anywhere. Includes two 6'×1" adjustable cam nylon web straps with looped ends and 8" strap loop on cam buckle. Rollercam version uses Rollercam power strap technology for 10x greater tie-down force.

#2627 \$27.00

Rollercam Version #4877 \$32.00

HOW TO TOW A BIKE, MORE-OR-LESS SAFELY

1. Attach fixed end of strap to strong place on rear of towing bike where it won't become tangled in the rear wheel or break off a turn signal.
2. Run the free end under the lower triple clamp and between the forks of the broken-down bike, then upward to the left hand-grip.
3. Wrap the free end around the left grip once and cover tightly with your hand.
4. Have the towing bike carefully move forward to take up any slack. Then begin towing.
5. All acceleration for both bikes provided by towing bike. All braking for both bikes provided by the being-towed bike.
6. If anything goes wrong, loosen hand on left grip and free end of strap will disconnect from towed bike.

1" CAM STRAPS

These straps are rated to 900 lbs. Cam cinches strap and locks things down tighter than a bungee or simple ol' rope.

9' #9036 \$7.00

15' #9037 \$8.00

BUDDY TOW MOTORCYCLE TOW STRAP

Twelve feet of 1" nylon web (1700 lb. test) with loop end, carrying pouch, and use instructions.

#2500 \$17.00

"Luckily I haven't had a chance to use this yet, but for the price and size, it's something that everyone should carry. If you are the type that ventures of the beaten path, you definitely need one. You'd be surprised how long it takes to walk what you just rode in a few minutes. You can of course use a rope, but chances are it won't be rated as high as this strap and it will most likely not be as small and compact." —Review by bsjm

"We were deep in the woods - in snow - when our buddy on his DL-650 V-Strom lost his clutch plowing through the snow.

"Since there were hills to get over to get out he'd have to have left the bike about 20 miles in the forest & it was going to snow again that night!!!

"I've been carrying my Buddy tow around for 10+ years & this was the 1st time it was needed & it saved the day! Now everyone carries one. Nice thing is they're small & light & don't take up much room and can fit anywhere." — Review by David

ROLLERCAM POWER STRAPS

Patented roller technology eliminates most of the frictional losses of traditional cam straps, resulting in 10x the holding force in a strap that is far easier to use. An integrated hook and loop containment strap ensures neat storage when not in use, eliminating the coiled viper pit of tangle associated with other straps. Technically superior and simple to use, these straps are by far the best 1" webbing.

6' Strap #4850 \$8.00

9' Strap #4851 \$9.00

12' Strap #4852 \$10.00

COMPACT WORK STAND ADVANTAGES

This lightweight work stands is an easy way to get most motorcycles up off the ground, at a far lower cost, and with several hundred pounds less weight, than the commercial-style electric/hydraulic work stands.

If you've never used a stand you won't believe how elevating a motorcycle only this much (about a foot) makes working so much easier. Doesn't matter what you need to do, everything is better. And when the work is done the stand is lightweight enough to be simply picked up and stored out of the way until needed again.

The crate-width service platform is made of strong aluminum diamond plate, with welded corners, and is easy for one person to move around.

Along with a simple scissor jack, it makes doing tire and fluid changes a lot easier than doing these jobs on the floor.

Besides storing away in almost no space, if you've got the inclination to keep your bike inside of your home somewhere to view off-season, elevating it for display like this improves the 'art of the machine' viewing tremendously.

AEROSTICH ALUMINUM WHEEL CRATE WORKSTAND

A much easier, better and more comfortable way to work on your bike. Perfect for all bikes up to 500lbs, which means most models less than 800cc, and all supersports sport-bikes, commuters, light touring bikes, etc. The ramp-and-crate system assembles easily using three heavy-duty industrial/commercial dairy crates (not lightweight department store storage boxes) to raise your bike 11". This makes any job a lot more comfortable.

Temporarily transform any space into a motorcycle workshop — elevate the work. You'll never go back to working on the ground again. Everything goes more smoothly when your work is slightly up and off the ground, from tune-ups to easier access for oil draining and tire changes.

When in use it's super-stable, and after the job is done, pick it up and lean against the wall — out of the way until it's needed again. Also great for displays, detailing and cleaning. Includes complete set-up and use instructions. Dimensions (set-up) 116.5"×48"×20". Aluminum. 25 lbs. Three Wheel Crates required (but not included).

Three-Crate Workstand #4855 \$247.00 (Add \$20.00 for shipping)

Wheel Crate #3585 \$15.00

"I picked this up recently but have used it a lot already. I own a couple different Harbor Freight stands, the kind that use a jack to lift up the bike from beneath. I had considered getting a table lift, but this proved impossible to store or move around my tight garage. This proved an ideal compromise. It lifts the bike high, holds it secure, stores easily and is light and easy to use. I just used it to complete a big bore kit on a dirt bike I own. The weight limit means anything much bigger than an SV650 will go beyond its approved use. So, Goldwing owners need not apply. Anyhow, it's a simple, easy to use easy to store stand that makes work a great deal simpler." — Review by Adam

WHEEL CRATE

If you don't already have some heavy-duty milk crates from your local dairy laying around, these are industrial/commercial grade and work perfectly. 13"×13"×10.9", 2.5 lbs.

#3585 \$15.00

ANCRA CLASSIC TIEDOWNS

Use these to strap down a bike, secure a load or dozens of other uses. Each durable and weather-resistant 5.5 foot nylon web strap is rated to 1200 lbs. Easy to use and adjust cam-lever buckle stays securely locked. Sold in pairs. Black, Blue.

#2781 \$29.00

AEROSTICH ROCK-OF-AGES SIDESTAND PLATES

Beautiful sidestand support on soft earth and warm asphalt surfaces. Each of these reliable Duluth Gabbro stones are hand-selected for size, shape, strength and beauty, from remote secret locations long the northern shore of Lake Superior. The stone shown here belongs to well-known motor-writer Dexter Ford (dexterford.com), who kindly suggested the idea. Two versions: Standard and Deluxe (autographed by Mr. Subjective).

Standard Stone Plate #2775 \$20.00

Deluxe Signed, Limited-Edition Stone Plate #2976 \$24.00

AEROSTICH CARBON FIBER SIDESTAND PLATE (CFSP)

Whip it out for high performance on hot asphalt. The CFSP looks and works better than a flattened can, which is never

around when you need one anyway. Stiff and light, the Carbon Fiber Sidestand Plate is about the same dimensions as a pack of cigs (but thin), so it will fit into your pocket with room to spare. Included is a natty Aerostich Ultrasuede carrying sleeve that protects you from earthen parking lot dirt. The sleeve may be attached to the inside of your bike's fairing so it's always at the ready. 4"×2.5.

#1424 \$20.00

KICKSTAND KRITTERS

'Hey Rocky, watch me pull a frog outta my hat...Rocky? Rock...AHHHH someone squished my squirrel friend under a motorcycle!' These 'roadkill' critters keep the bike upright with style. A durable 4" disk insert keeps the kickstand from melting into hot asphalt or sinking into soft dirt. Furry fabric is fully washable...or not, if a real roadkill appearance is desired. A functional, furry mascot for the next parking lot, roadside stop or rally. Choose Splattered Squirrel or Flattened Frog. 9"×7"× Flat.

Squirrel #3438 \$19.00
Frog #3439 \$19.00

MULTI CHARGER-MAINTAINER

State-of-the-art charging technology that recovers, charges, tests and maintains 12V batteries. Includes a special reconditioning function that restores stratified and deeply discharged batteries.

Additional features include maintenance charging, optimized cold-weather step-charging and programing to meet the demanding specifications for maintaining AGM batteries. Fully automatic 8-step program. Also features manually selectable 800mA OR 4.3A. steady-state output. Provides early

warning of problems and even recovers deeply sulfate damaged batteries. Fully automatic operation includes safety features such as reverse polarity protection and no spark connection. Recommended for all Standard 12V batteries and sealed AGM 12V lead-acid batteries. Includes two connection sets, battery clips and fuse-protected ring terminals. Charging voltage 14.4/14.7/15.8V Max 4.3A. CAN-bus compatible.

#2978 \$85.00

SYSTEM TESTER + CHARGER-MAINTAINER

Advanced charger with unique battery and alternator testing features. Combines advanced micro-processor controls with battery and alternator test function. Patented automatic desulphation program and a special reconditioning setting that will revive and restore deeply discharged and stratified batteries.. Float/Maintenance mode is ideal for long-term maintenance.

Three programs test battery voltage, start power and alternator performance, providing a complete picture of

battery and vehicle charging system health. Reverse polarity protection and no spark connection. Recommended for all Standard, sealed AGM & sealed GEL 12V lead-acid batteries. Charging voltage 14.4/14.7/15.8V 800mA - 4.3A.

#2979 \$120.00

AEROSTICH CENTER STAND DOLLY

With an ultra-low profile and heavy-duty 360°, non-marring, locking casters, this 1000 lb. rated heavy-duty aluminum dolly allows a bike to be moved around the garage or workshop by one person, with minimal effort. Works with your bikes center stand to easily move, rotate, store and work on your motorcycle. 20"×16"×3.9". 14lbs.

#3658 \$245.00

WHEEL JOCKEY

A sensible tool for motorcycle chain and wheel work. Non-skid backing keeps the steel frame in place and aluminum rollers

with sealed ball-bearings allow you to smoothly rotate for chain maintenance, tire inspection and cleaning. For bikes up to 650 lbs. Small and lightweight enough to stow under a seat or in a tank bag for on-the-road use. For road bikes only, not for off-road tires. 4"×4.5", 1.25 lbs.

#2697 \$55.00

AEROSTICH 6' JUMPER CABLES

Nice and hefty for jumping a motorcycle or other light vehicles. Durable clamps grab battery posts with authority. Made of 10 gauge polar/solar wire that stays flexible. May be just the thing to save that ride. 6'. Includes storage bag.

#3524 \$24.00

SNAPJACK

Whether you are on the road or at home, this easy to use, portable jack is a sturdy addition to simplify chain lubricating, adjustment and maintenance. For use with most makes and models of modern motorcycles, it can quickly be deployed to lift the rear tire up to 1/2" off the ground to spin freely. Features a wide, stable cradle, multiple adjustment heights and locks in place for safety. Made from high strength low-alloy steel. Includes two protective floor pads and protective carrying bag. Folds to a compact 8.5" for easy storage anywhere.

#4421 \$49.00

OMNI-CRUISE

When you hit that unavoidable long, monotonous stretch of road and your fingers begin to go numb and your wrist is starting to ache... simply lift up on the Omni-Cruise control thumb lever to transfer the weight of the throttle return off of your wrist. Pulling the brake lever or rotating the throttle forward turns it off. Simple to install, quick to adjust and safe and easy to use on any bike. High quality powdercoated CNC-machined billet aluminum construction, adjustable tension thumb screw and easy to adjust thumb tab. A quality, well-functioning throttle control device, made with pride in the USA.

#1774 \$49.00

NEP CRUISE CONTROL

The simplest flip lever cruise control available. Lightweight snap-together Zytel® Nylon construction. A single screw. Fits/adapts to many bikes. (Even MZs...) Designed for dual cable Honda.

micro-adjustable Allen setting

#1896 \$22.00

VISTA CRUISE

Light, simple and very compact. Molded from durable glass filled Zytel® Nylon. Clean, unobtrusive look when installed (looks like it belongs). Fits most older ('70s, '80s, '90s) Honda and Kawasaki dual cable throttles. Specify dual cable or Yamaha. For 7/8" handlebars.

#1895 \$27.00

UNIVERSAL VISTA CRUISE CONTROL

The most popular "universal fit" model. Accurate, no-slop friction ring setup. Fits most Honda, Yamaha, Suzuki, Kawasaki and Moto Guzzi. Specify 7/8" or 1" handlebars.

#1893 \$37.00

GO CRUISE UNIVERSAL THROTTLE CONTROL

A universal one-size-fits-all design crafted from sturdy CNC Aluminum 6061 alloy. Attach to your throttle for simple, effective speed control and wrist fatigue relief. Adjustable gear allows quick one-hand operation and easy tension control. Dual engagement by either pressing down with index finger or rotating by pushing up with thumb. Disengage by rolling forward on the throttle or flipping clamp up. Easy on/off installation, no tools required. Simple, durable and effective throttle control. Choose Black or Chrome.

Black #1785 \$32.00

Chrome #1786 \$37.00

GO CRUISE™ THROTTLE CONTROL

An amazingly clever, simple solution to relieve wrist fatigue on long rides. Installs over any throttle grip in seconds, no tools required. The patented smart-clip tension design locks easily into place against the brake lever to maintain your cruising speed, without the need to hold the throttle. Disengaging is as easy as returning the throttle to a closed position or giving the break lever a squeeze. High-mile rides just got a little more comfortable. Two sizes: Small (for Street and Sport Bikes), Large (for Cruisers). Black.

#1757 \$20.00

"Wow, I like this better than any others I've used, including the "factory" jobs. If I'd thought of it, I'd be sitting in the Bahamas right now." —Review by mark

CRAMPBUSTER

The simpler, easier-to-use twist grip cruise control. It's a single piece of shaped acrylic plastic that springs open and slips right onto any throttle grip. You can rotate it forward 360°—yet when a downward pressure is applied it

stays perfectly in place without squeezing. This is the original cruise control. Its still-unique design makes it the easiest one to use.

Standard #1474 \$10.00

Wide #1482 \$10.00

NEUTRINO BLUETOOTH-LINKED 12V POWER DISTRIBUTOR AND CONTROLLER

Manage your bike's electrical system with a sophisticated intelligent device controller. The advanced technology Neutrino Black Box allows automatic programming and control of your electrical accessories, with convenient monitoring via Cockpit Controller app on your iPhone or Android device.

Program your settings to automatically turn on/off heated grips or garments when the temp hits a specified level, automatically activate lighting at sunset (it even adapts to your current location), and automatically shut down circuits if they draw too much current or your battery gets too low, all with advanced fuseless circuit protection.

The waterproof, shockproof unit installs easily and eliminates the need for a jumble of wires and aftermarket switches, controllers and relays. Handles 60 amps over 6 circuits. Fully CANbus compatible too. Once programmed, it will function to control your devices automatically, without needing to bring your phone along. Or, pair with your mobile device for on-the-fly heading information, altitude, ambient temperature, speed, and time displays. Provides a composite view of the electrical system showing the status of all 6 circuits with real-time amperage use. And of course it's easy to manually control the 6 circuits with a glove-friendly interface.

Controller app runs in the foreground or background, so you can listen to music, get turn by turn directions, and have completely automated control of your bike's electrical accessories at all times. Makes your riding experience easier, more comfortable and safer.... with or without your smart phone. More details available online [aerostich.com/neutrino-power-distributor-and-controller-base-usb-bluetooth.html](http://www.aerostich.com/neutrino-power-distributor-and-controller-base-usb-bluetooth.html). Compact 2"×3"×.9". You can also find links to the controller app available for free download at the product page.

System w/Bluetooth & Free iPhone app #4868 \$299.00
USB Power Accessory Cable #4876 \$29.00

FUZEBLOCK FZ-1 12V POWER DISTRIBUTOR

Clean power distribution for auxiliary lighting, GPS, heated gear/grips, intercom systems, audio mixers and more, minimizing space and eliminating a jumble of wires. Terminals for six devices with up to 10amps on each circuit and a maximum draw of 30 amps across all circuits. Terminals provided for devices to be switched on/off automatically with the vehicle, and for those to remain powered constantly.

Compact weather resistant design features a built-in relay and thick, durable circuit board that accepts readily available mini-buss fuses. Two spare fuse holders are also housed under the cover, which sports a write-on label for keeping track of devices, amperage and if switched or constant. Versatile, high quality easy-to-install power control. CAN-BUS compatible. 3.3"×2.5"×1.25"

#4420 \$84.00

CENTECH FUSED 2V POWER DISTRIBUTOR

Supply convenient, safe fused power for up to eight individual electronic devices, such as radios, MP3 players, GPSs and other accessories. The Centech AP1 handles up to 60 amps and allows for eight connected outputs that remain on when your bike is running, off when it's not.

The Centech AP2 version allows for five "on when running/off when not" outputs and three "always on" outputs that remain active after your bike is turned off. This is especially helpful for devices that need to remain "live" such as radio memories and some GPS units. Made using plated contacts and stainless steel hardware, with a built-in grounding system, these units are rugged and water resistant multiple accessory wiring solutions. Their compact size (3"×2.4"×1") allows for easy installation inside fairings, under saddles and in other tight spots. Lugless terminals mean you simply strip wire ends, insert, and tighten set screws. Includes fuses, all mounting hardware and complete instructions. Neat, easy and safe.

AP-1 #2549 \$55.00
AP-2 #2538 \$57.00

(AP-130R) AP-2 Wiring Harness (required for split use-function) #2539 \$37.00

ORDER: AEROSTICH.COM 800.222.1994

(TOOLS INCLUDED)

JIS 46-PIECE PREMIUM METRIC TOOL KIT

A high quality Kit developed by an obsessive moto-enthusiast engineer with over 45 years of experience. Includes a uniquely better (...and patent-pending) sparkplug socket tool (13/16", 18mm, and 16mm sizes) that makes even the hardest-to-reach plug easy work, and much more.

Wrench T-Handle is also unique with a magnetic Hex end for the included range of JIS Bits and Sockets. The Ratchet features a 1/4" driver on one side and a magnetic Hex-end on the other which also fits all included JIS, Hex and Torx/Star Drive bits. Includes 3/8" and 1/4" drive adapters, too. The knurled thumb wheel wrench has a magnetic collar to hold fasteners securely so you can go from hand-screw-in to fully tightened in a continuous move...even upside-down. The six included hand wrenches are also better: Boxed and Open with the same size at each end. Rare today.

A magnetic area on the case's top flap secures small parts during roadside repairs, and the whole thing rolls closed from both ends with it's T-Handle tool and the magnetic patch in the center to insure everything is protected. There's a little space left for a few of your own items, too. Superior lifetime-quality tools. Black or Hi-Viz Cordura roll. 8"×5".

#2974 \$150.00

(TOOLS INCLUDED)

wrench, cable ties, safety wire, lubricant, spark plug wrench, Allen wrenches, tire pressure gauge, screwdriver and even a shop towel. Replacing or supplementing the OEM kit with one of these will make a difference during any roadside, garage, or trail-side adjustment or repair.

#4739 \$40.00

COMPACT METRIC TOOL KIT

A major upgrade from the worthless bits that probably came with your bike. Quality tools at a reasonable price, including PowerDrive, combination wrenches and a host of other essentials. Includes 10mm & 12mm open and box end wrenches, 8" power drive

(TOOLS INCLUDED)

17-PIECE METRIC TOOL KIT

Designed specifically for metric vehicles, includes: Open ended wrenches: 11, 12, 13, 14, 16 and 17mm sizes, 10mm combination wrench, 6" adjustable wrench, 3/8" drive ratchet wrench, Locking pliers, Pen type tire gauge, 5 cable ties, Electrical wire and electrical tape, Mechanic's safety wire, 10-piece metric hex key set (1.5, 2, 2.5, 3, 4, 5, 5.5, 6, 8 and 10mm sizes), Flashlight, 6-in-1 screwdriver, 21 and 18mm spark plug sockets and Spark plug gap gauge all neatly backed in a sturdy nylon tool bag.

#2948 \$65.00

#4988 \$85.00

25-PIECE PROFESSIONAL METRIC KIT

Contained in a compact Cordura roll-up pouch, this kit contains the following high-quality tools: 8mm-14mm combination wrenches, 8" adjustable wrench, drive ratchet with extension and sockets, four-bit screwdriver, four hex keys, double hex 5/8 & 13/16 spark plug socket and breaker bar, flashlight, tire gauge, electrical tape, zip ties, mechanics wire, Loctite and WD-40. A professional-quality, complete tool kit. 9.5"×3.34" (rolled), 3 lbs.

AEROSTICH TOOL ROLL

A classic biker's tool roll, made-over modern with smarter pockets and pouches. You'll clean out your tool kit and still end up with space to spare in this bag. Three large hook & loop pouches + 20 smaller pockets for wrenches & screwdrivers. Heavy-duty elastic retainers keep everything in place. Folds and rolls into a nice, compact unit. Extraordinary stitching quality. Perfect inside a tool pouch or saddlebag. Cordura. 25.5"×21.5" (unrolled), 11"×3.5" (rolled), 9 oz.

#4670 \$45.00

(TOOLS NOT INCLUDED)

WATERPROOF TOOL STASH TUBE

Add durable, easy access, water-tight storage to any convenient spot on your bike. The molded high density polypropylene canister measures 3.25"×12" and features a screw-on cap with a neoprene seal. Three front and one rear mounting holes integrated into the base allow quick mounting with zip-ties or numerous options for permanently bolting to your motorcycle. Great storage solution for carrying tool roll, assorted parts, paperwork, or any other items you want securely stored and easily accessible.

#4462 \$14.00

KNIPEX ADJUSTABLE WRENCHES

The best of their kind. By far. Perfectly sized for keeping in a rolled MC tool kit. These go beyond the rest with better design features and faultless metallurgy. A push button quick-adjust slide mechanism gets the jaws sized fast with one hand, and cushioned grips let you apply more force. The Python's flat jaws are designed specifically for use on nuts. The unique locking slide adjustment jaw minimizes damage to bolts and fasteners. Spreads far enough even for oversized steering stem nuts. The Cobra (7.25"×1.5"×0.5", 6.1 oz.) is oil-hardened 60 HRC steel. The Python (7.75"×1.75"×0.6", 8.7 oz.) is nickel-plated chrom vanadium steel.

Cobra (Box-Jointed) #3505 \$42.00

Python (Flat) #3509 \$65.00

25-PIECE BMW METRIC TOOL KIT

Modern BMWs don't come with many tools, but things still go wrong sometimes, and when they do, having a few tools may help keep you going. This kit includes top grade wrenches, hex keys and other specialized tools that are sized to fit the stuff on every Bavarian made bike. Sturdy roll-up pouch keeps tools neat and organized.

#4738 \$115.00

(TOOLS INCLUDED)

WATCH THE VIDEO AT AEROSTICH.COM!

Slowly Spin a 2nd Time to Verify Low Point

UNIVERSAL ADAPTER

STANDARD

AEROSTICH CANTILEVER WHEEL BALANCER

Avoid the expense, downtime and trouble of scheduling tire changes at a shop and gain the satisfaction of knowing the job was done perfectly (and is ready just when you need it). With this balancer and a couple of tire irons (plus a bead breaker for tubeless tires) anyone can get a precision balanced tire in a few minutes.

Method: First, lock the axle to your wheel and set the wheel/axle/bearing assembly into the bearing saddles on the stand. Then, slowly spin, mark the low spot, repeat, add (tape it on) a temporary weight, spin, mark, repeat, re-weight, spin, repeat, etc... When wheel always stops at random points, securely attach the required weights and the job is finished. Ultra-low friction bearings make the process very sensitive to the smallest change in weight for super accurate results.

This stand's removable axle design also allows for more compact storage. Optional cup and cone type adapter fits most wheels used on single sided swing arms. 14mm axle also allows use of standard BMW Paralever wheel adapters (available from BMW).

Strong frame and a durable gray powder coated finish make this a valued shop tool that will be a pleasure to use for years. Measures 18"×20.5"×10". 10 lbs. Save time and money while getting the satisfaction of doing it yourself. Definitely a nice balance.

Cantilever Wheel Balancer #4744 \$147.00

Universal Single-Sided Swingarm Adapter #4748 \$57.00

FEATURES

- Strong, lightweight frame, powder coated finish.
- Two shielded precision ball bearings with lightweight lubricant for ultra low arbor starting torque
- Larger bearings for maximum sensitivity and a stronger stiffer frame than others. Doesn't flex or vibrate.
- Unique removable axle design makes the job easier: Insert the axle, tighten the cones and set the combined assembly onto the stand.
- Removable axle design also allows for more compact storage.
- Aluminum bearing adapters fit most motorcycle wheels with bearings in the hub, 17 to 30mm ID
- Optional universal adapter fits most wheels used on single sided swing arms
- Save money and ensure your wheel balancing is done correctly

WHY A CANTILEVER?

A few years ago legendary race bike tuner Bill Werner (130 AMA Grand National Wins, 13 Grand National Championships and AMA Hall of Fame Member), bought one and reported: "Someone's finally come up with a better, smarter tool for balancing wheels. It's great!"

AEROSTICH EASY BEAD BREAKER

For motorcycle wheels that are open in the middle (regular or cast spokes). It's also packable, but it is really a little larger than most riders will want to carry. Ideal for garage workshop use. Adjustable for all sizes of wheels/tires. 17.5" x 2" x 2", 4.5 lbs.

#3686 \$87.00

BEAD BREAKER LEVERS

Lightweight enough to pack on the road, this patented tool breaks tubeless tire bead, easily. Small, portable set made from forged Aluminum. 11" x 4" x 0.7". 9oz. The longer, heavy-duty shop version is made from forged steel. 16" x 1.8" x 0.9". 32 oz.

BeadPro #2765 \$75.00

BeadPro FS #2970 \$55.00

BEAD POPPER

This lightweight resin wedge combined with a big heavy rock (or other improvised bludgeon) will do the same job as a bead breaker. Simple but effective, and somehow satisfying. 7" x 3" x 1". 4 oz.

#2583 \$20.00

BEAD BUDDY

This handy little tool helps push the bead down into the rim and keep it in place while changing a tire. Won't mar or damage rim. Lightweight aluminum and nylon. 2.25" x 1" x .625", 1 oz.

#4938 \$12.00

RIMSHIELDS

Big, beefy rim protection is what you get from these durable, oversized nylon rim savers. Real protection from potential damage caused by tire levers during changes, the raised beads facilitate inserting the lever under the bead and prevent slipping. The long apron protects hands and spokes, while the sizable finger holds make repositioning a breeze. Made with rugged DuPont Zytel® material for unmatched toughness and durability. (5.75" x 4.5" x .5"). Set of 2.

COMPACT WHEEL BALANCER

Perfect for conserving storage space in racetrack vans and small garages, this tool balances wheels precisely but doesn't take up much room when not in use. Beautifully machined aluminum pillow blocks hold low friction bearings and rest perfectly on any two chairs, stools or garage jack stands: voila! A fast, accurate wheel balancer. 1.5 lbs.

7" or Less Rear Wheel (Universal, Goldwing and double-sided swingarm bikes) #4605 \$105.00

Single Sided (BMW '85 and Newer) #4606 \$105.00

7" or Wider Rear Wheel (Buell, FZ-1, Hayabusa, and Harley) #4645 \$115.00

BMW Front Axel Removal Tool #4737 \$25.00

protects hands and spokes, while the sizable finger holds make repositioning a breeze. Made with rugged DuPont Zytel® material for unmatched toughness and durability. (5.75" x 4.5" x .5"). Set of 2.

#2425 \$15.00

BMW R & K ADAPTER

Fits all R and K model bikes from 2004 on (with the exception of K1200LT).

#4801 \$35.00

BMW STYLE PARALEVER CONE

Fits all single sided BMW wheels up to 2004 models.

#4800 \$25.00

AEROSTICH**MINI****COMPRESSOR**

This is the smallest, lightest compressor we carry and one of the most efficient you'll find for its size. This stripped-down mini fits in the palm of your hand and will inflate any motorcycle tire in a couple minutes. When a larger compressor is too much bulk to carry along, and CO₂ cartridges aren't nearly enough for your trip, this dedicated pump will deliver continuous pressure without fail. What it lacks in beauty, it makes up for in performance – which is what you really need when you're flat stranded in the middle of nowhere.

Has a nice long 26" inflator hose, 6' power cord, and packs small in included storage sack. Comes with three adaptors: SAE, cigarette lighter and alligator clips. Lock-down delivery valve fits all bikes. Also comes with carabiner clip, so you can attach the compressor to whatever you want out of the way and off the ground, instead of having it lay in the mud or dirt. Simple, compact, and dependable peace of mind. Pump is 3.5"×3.5"×9". Packs to 7"×5"×3", 1.3 lb.

#3500 \$50.00**BMW Power Plug #116 \$20.00****A Long Flat Tire Story...**

Have you ever needed to repair a tire on the side of the road? Here's a story from 2009 about one such experience:

Last summer I had two in-motion rear tire flats on my (street) bike...both only about a week apart. They were my first on-the-road flats in many years. Both were due to riding on dry-rotted inner tubes. My maintenance forgetfulness and ignorance. My bad.

Luckily no crash resulted. Somewhere over the years of changing tires I'd forgotten the lesson that one should always put a brand new tube in when installing a tire. I replace a worn out rear tire on this bike about twice a year. What could I have been thinking?... save money? Modern tubes don't rot? Uhhh...

Riding southbound on US 53, just north of Wascott. This road is now a fully four lane divided type, with a 65 mph speed limit, and that's the speed I was going. Sunny and nice. Light traffic. About 2 PM. The bike started to steer funny. It was subtle – as if I was riding on a worn-out road with depressions where heavy traffic had thinned the pavement. But the highway looked perfectly flat so I moved over to the center of the lane to check if it actually was the road. A flat tire was the very last thing on my mind.

Hmmm. Bike still wiggly. I looked again at the road surface just a few feet ahead. Hard and closely. Still looks flat. So I slowed down to about forty five and it seemed to go away. Then I sped back up and the wiggles came right back. Like the frame, swingarm or a wheel had somehow broken. It had been a really long time since my last flat. More than ten years...I'd completely forgotten what having one felt like.

...read the rest at areostich.com.

AEROSTICH COMPLETE TIRE REPAIR KIT WITH MINI COMPRESSOR

The ultimate compact tire repair kit. Combines our smallest, most efficient compressor with all the essential tools, patches and goo needed to fix nearly any roadside flat. The whole kit zips up neatly into a handy nylon storage pouch and fits easily in a tank bag or pannier. Mini Compressor has a nice, long 26" inflator hose and comes with three power adapters: SAE, cigarette lighter and alligator clips.

The underside of the pouch also features four slim pockets allowing storage for a tire gauge, pen, flashlight or other small, handy items that can be added to enhance this kit's versatility. Adding tire irons for removing the tire from the rim (Aerostich Tar Arns #3564, available separately), truly makes this a ride-anywhere tire repair kit. This is the smallest and most packable tire kit available. Black. 7"×3"×5.25". 1.61 lbs.

#4750 \$85.00

AEROSTICH MOTO SURFACE CLEANER & DEGREASER

A stronger motorcycle cleaner that works better on oil, dead bugs, and packed dirt than the all-purpose spray cleaners found in grocery stores (Simple Green, etc...) It doesn't attack aluminum and painted surfaces or leave residue stains like some motorcycle cleaners. The Moto-surface cleaner is strong enough to be truly effective, but mild and safe on your bike's finish. It's also more cost-effective...about a third less than imported cleaners.

The industrial strength pre-wash detergent formula is specifically made for cleaning and/or degreasing. This stuff can safely be used on plastic, paint, aluminum, vinyl, rubber, fiberglass, battery terminals, and surfaces of all types. The expected spray head is an Owens Brockway Trigger Sprayer, the best adjustable squirter available. Contains an earth friendly blend of water soluble surfactants and no alcohol, oils, ammonia, or phosphates. It is both non-abrasive and biodegradable. Less harmful than a pressure washer. Less work than a soapy bucket. Faster too. 

PROTECTALL SURFACE CARE

Simply the best of the "all-in-one" cleaner, wax and polish products. Great on paint, chrome, fiberglass, Plexiglas windscreens, helmets and visors, leather and more. Advanced non-abrasive formula is easy to apply, dries clear and finishes with a fresh lemony scent. Polishers to a lustrous showroom shine and protects with Carnauba Wax and UV blocker. Beautifies all surfaces quicker and easier than ever thought possible. Incredible on helmet face shields and windshields. A long-time favorite. 16 fl. oz. spray bottle. 

16 fl. oz. Spray Bottle #4796 \$17.00

SCRUBS

Deep cleaning, antibacterial Scrubs remove grease and grime from the dirtiest hands with powerful cleaning agents in a non-scratching, non-abrasive, disposable hand towel. Keep one or two on your bike and a few with your tools, so that the next

time you are stuck fixing something dirty you can clean up afterward..which can be almost as satisfying as being able to fix the problem in the first place.

Pack of 5 (Individual Single Use Packets) #4565 \$3.00

NIKWAX TX DIRECT SPRAY-ON REPELLENT

Restores the durable water-repellent finish of all types of waterproof/breathable fabrics. Ideal for garments or single-wall tents and synthetic sleeping bag shells. Best when sprayed on damp material. 10 oz. 

#1360 \$14.00

NIKWAX TECH WASH

Non-detergent liquid soap specially formulated to protect the waterproof/breathable qualities of outdoor fabrics better than conventional liquid detergents. An excellent prep-wash for Nikwax's Wash-In Waterproofer. Biodegradable. 10 oz.

#333 \$10.00

NIKWAX TX DIRECT WASH-IN REPELLENT

Wash-in re-waterproofing treatment for all breathable waterproof clothing. It saturates the stitching, fabric, and zippers making a noticeable difference. Hand or machine wash in. 10 oz. 

#332 \$12.00

FLAIG TIRE GAUGE

German-built and calibrated to 1% of scale value per DIN spec 74720, this gauge is ruggedly constructed with an aluminum shell, rotatable/resettable 60 psi dial bezel, and a release button to record pressures. If you are critical about your tools (and your tires), this is your gauge. Superlative. 4.5" x 2.9" x 0.9", 4.7 oz.

#4603 \$52.00

REUSABLE BALANCE WEIGHTS

A simple, re-usable wheel balancing solution. Slide the CNC machined solid brass or nickel weights over the spoke and tighten a single allen set screw to the spoke nipple. Adjust the amount of weight and placement as necessary to achieve the perfect balance. Fits all sizes of spokes on today's bikes. A versatile balancing tool that contains no lead and is re-usable, making it an environmentally friendly option. Eight weights: two 1 oz, two ¾ oz., two ½ oz., two ¼ oz. Specify Brass or Nickel.

**Universal Brass #3677 \$34.00 | Universal Nickel #3678 \$38.00
BMW Only Nickel #3679 \$44.00**

GUARANTEED BETTER FIT

If you ride only occasionally...

Size 'M,' 'L' or 'XL' gear may be acceptable, but for years of regular riding, and on long trips, you'll appreciate the greater comfort a true fit provides.

We make Aerostich suits in 41 sizes... So your gear feels and wears much nicer. The difference between each size is less, and every size is also available in 'Short', 'Regular' and 'Tall' versions.

A better fit makes every ride wonderful.

Mail Order Fitting?

We are experts at providing a great fit. We've talked with thousands of riders about their size, bike, local climate and riding habits. We also offer free size-exchange return shipping within the USA. Every order is double checked for accuracy.

Ordering Factory Direct?

Ordering direct from the factory gives you access to more precise sizes than are available elsewhere. The one piece Roadcrafter comes in thirty-one off-the-rack standard men's sizes and ten women's sizes. We'll help you find the one that provides a perfect fit.

Women's Sizing?

R-3's and Roadcrafters are also available in 30 women's graded sizes (2-20 in short, regular and long). Compared to men of the same height, women usually have slightly narrower shoulders, longer legs and arms, and slightly shorter torsos. Roadcrafters and Dariens are both slightly looser fitting designs so many women (about 60%) will find standard 'mens' graded Aerostich suits fit perfectly, without alterations.

Custom Alterations?

Most custom alterations and optional features may be added at any time, but alterations at time of manufacture are preferred. See aerostich.com/alterations for complete descriptions of over thirty custom options. Altered suits are not returnable for refund or exchange and some alterations are not available in combination. Sleeve lengths, leg lengths, elbow armor positions, and knee armor positions are all adjustable up to about 5". Some torso, hip, and knee circumference changes are also available, but torso length adjustments are not available.

Essential Fitting Info?

Most of the time all that's needed are your street clothing sizes and your height and weight. Here's the basics:

- Height
- Weight
- Suit coat or blazer (chest) size
- Pants size (waist and inseam)

Additionally, dress shirt size (collar and sleeve length) and body type (thin, medium, large) may sometimes also be helpful.

Bike Types?

For Standard and Touring bikes, use standard sizes. For Sport bikes with low handlebars, more torso length sometimes may be desired. Adding the extra rotated sleeve custom alteration will help provide more comfort.

SIZING CHART:

This chart lists equivalent clothing sizes. The numbers are approximate guidelines and not actual body or Aerostich measurements. (If you wear a size 40 men's suit, the same size Aerostich Roadcrafter Suit or Darien Jacket will fit over your street clothes.)

Roadcrafter One and Two Piece Suits are available in 34 Regular and 36-52 Short, Regular or Long sizes. The Darien and Darien Light Jackets are available in 36-54 Regular sizes only. The Falstaff Jacket and Aerostich Fleece are available in S, M, L, XL, and XXL sizes. The Transit Jackets are available in 38-52 Short, Regular or Long sizes. Transit Pants are available in sizes 30-44 waist in Short, Regular or Long.

NEED HELP FINDING YOUR SUIT SIZE? If you are not sure of your size, visit aerostich.com and click on "Sizing Tool" to easily calculate your Aerostich suit size based on your measurements and riding style. Results are reviewed by one of our fitting professionals, and returned by email within a day or so.

SUIT DELIVERY: Most Roadcrafter, Darien, AD-1 and Transit orders are shipped from sizes and colors in stock, or in a few weeks for garments which are manufactured as a special order. Altered suits are normally shipped two to five weeks after an order is received, depending on seasonal order volume. Please call or email us if you'd like a delivery ETA or have other questions.

The Aerostich Price Match Guarantee

If we can't win you over with our charm, experience, service and pleasant demeanor, we'd still like to help you get riding gear by keeping more money in your wallet.

Here's how it works: **Find an identical item at a lower price on another web site and if we can match that price, we will*.**

*For price match policy rules visit

aerostich.com/price-match

WARNING!

Items with orange product numbers are fictitious and are for entertainment purposes only.

 = SURFACE SHIPPING ONLY

 = MADE IN USA

Aerostich products are sewn together with care and craftsmanship by a team of experts who are proud of the quality they build into each product. We know that you will enjoy our fine products even more because of the extra time and effort we spend in designing and building them. Most of the items in this catalog (about 70%) are made in the United States. If you have questions about the origin of any catalog product, please contact us.

LIMITED GUARANTEE

To the original purchaser, Aero Design & Mfg. Co., Inc., the manufacturer and seller of Aerostich products, guarantees all Aerostich products against defects in materials and workmanship for two full years. Since no Aerostich product is indestructible, this guarantee does not cover: ordinary wear, soiling and aging, or damage due to contact with superheated components, misuse, or accidents. Repairs due to normal wear and tear, or the result of accidents, will be done at a reasonable charge. Items sent for repair must be clean.

LEGAL NOTICE

Aerostich garments are not considered to be personal protective equipment as defined in or within the scope of the personal protective equipment (EC Directive) regulations 1992 (S.I.1992/3139). No liability will be accepted arising out of these garments' non-compliance with such regulations.

CORPORATE/PRIVATE LABEL/GROUPS

Some catalog items and products are available with special labeling, packaging or incentive programs. For details please contact our specialists at 800-222-1994 from 8am to 6pm (North American CST, -6 hours GMT) or by e-mail at info@aerostich.com.

SPONSORSHIPS

Support availability is always limited to Aerostich internal resources and requirements. We provide a limited number of professional riders with discounts and test items. Aerostich provides door prizes to many touring rallies and events. We cannot, however, provide prizes for all event requests. Aerostich/RideWearHouse supports charities including the Pony Express (fundraiser for breast cancer research), The Ride(s) for Kids, and others, with prizes, contributions or participation. We also support the AMA (American Motorcyclist Association) and RTW (Ride to Work) as a corporate member, the MRF (Motorcycle Riders

Foundation) and MIC (Motorcycle Industry Council) as a member. We are also a member of many national riding clubs including HOG (Harley Owners Group), BMWMOA (BMW Owners of America), HSTA (Honda Sport Touring Association), and others.

SHIPPING GUIDE

OUR SERVICE IS FAST. Almost everything in this catalog is inventoried at our shop. Our stock is updated and replaced every day. In-stock orders placed before 2:00 pm (central time USA, 6 hrs GMT) will ship within two business days. If an item is not available when your order is received, we will ship it in a reasonable amount of time or notify you.

INTERNATIONAL ORDERS: Orders can be placed on our website anytime: www.aerostich.com, or by telephone: +1-218-722-1927 between 9am to 7pm (-6hrs GMT). Prices are in USD, and currency is exchanged at market rates on day of transaction. Detailed current worldwide shipping cost and delivery information is available at: www.aerostich.com/shipping.

*Before the country code an international access prefix must be dialed. Contact your operator for more info. (Ex: 00+1-218-722-1927 from Turkey and the U.K.)

RIDE MORE GUARANTEE:

If you try any Aerostich one piece R-3 or Roadcrafter Classic riding suit for one month, and you are not riding more than you did before receiving it, send it back and you will receive a full refund, no questions asked.

Try any Aerostich one piece rider's suit and you'll ride more.
We guarantee it.
