Equipment for Riders

FALL
2013
SUPPLEMENT

Art of the Mississippi Flyway overlook in northeast Iowa, alongside the Mississippi River, 2012.

INSIDE: Dozens of new items for Fall!

Twenty seven years ago

then-Cycle World editor Steven L Thompson wrote a column* partly about his experiences in an Aerostich suit. He'd received production suit #1 for testing a few weeks earlier and was the first person to experience a Roadcrafter in day-to-day riding.

Somewhat unexpectedly, Steve's new 'hi-vis' red Roadcrafter was occasionally derided...not only by non-riders, but also by supposedly experienced motorcyclists who should have known better. Today's Aerostich wearers still have such experiences. A Roadcrafter can demonstrate how motor-cycle gear, and street riding itself, can sometimes be more about fashion and style than function and mobility.

A few Roadcrafter wearers also learned how a vacation motorcycle trip could actually be easier to accomplish than the practiced disciplines of daily riding, with its back-and-forth routines of riding to work in traffic. We learned how it could be harder to walk into a grocery store looking like a Power-Ranger, or into a meeting with rain water dripping off your Roadcrafter or Darien or Transit gear (pooling on the floor where you stood) than it was to suit up for a track-day at a road race course, or during a remote adventure ride, or at a roadhouse on some scenic or curvy destination road.

Before starting this company, all of my own riding was done as a recreation, sport, social and entertainment activity...plus a little commuting on few nice summer days. The new Roadcrafter's features and capabilities changed that by permitting me (and our customers) to safely and conveniently ride to more destinations—comfortably in adverse weathers—where riders were not expected.

Peel away all the fun and flummery, and your motorcycle is an unbelievably wonderful tool for getting you from A to B. It always takes your head, heart and soul to another level, and your body to wherever you want or need to be. This is bad-assery of the highest order and goes beyond all costumes, moto-fashions and sub-genres: Adventure-rider, endurance-rider, biker, sport-rider, touring-rider, connoisseur/classic-rider, café-rider, scooter-rider. Whatever.

Motorcycling for daily mobility can be difficult, but as the weeks and miles add up it gets a lot easier. And safer. You get smarter, stronger, sharper and smoother. But no matter how often you ride, and how cool your bike or scooter is, some people still profile you. So when that well-meaning idiot says: "Aren't you hot/cold/wet?", I usually reply "Yes, I am." and smile to myself, thinking of Forrest Gump.

It's always going to be about fitting in and looking cool...and it's always about style and fashion. But as Steve wrote in that magazine editorial nearly three decades ago: "*Most American riders today have the political and economic freedom for any kind of self-expression they wish. What they lack—still—is the social freedom for that self-expression. You don't get that freedom by talking about it. You get it by exercising it, by ignoring the yahoos...*" Thanks, Steve, from the world of us motorcycle-nerds.

Aerostich gear is about more riding days. You're the person who rode there. So am I. Lucky us.

—Andy Goldfine 2013

*Dressing Up, Cycle World, May 1986

PS—This is Aerostich's 30th Anniversary year. We couldn't have done it without the help, support, hard work and encouragement of many: Customers, Employees, Family and Friends. Thank you all. And good riding...

AEROSTICH RIDERWEAR **ROADCRAFTER** » This is the original, classic design for everyday, any-distance commuting and touring. The one piece Roadcrafter has been worn on every continent, in every type of weather to nearly every place you can get to on a motorcycle. Loose enough to slip on easily over your street clothes, it's tailored to minimize wind flutter and drag at higher speeds yet it's light and compact enough to pack away or carry to the office. Years of experience have proven the suit's abrasion protection and all-weather capability. The one piece Roadcrafter is literally covered with innovations for riders: high-visibility Scotchlite™ reflective; nine strategically placed, external pockets; provisions for removable arm and thigh map window pockets, hip pads and back pad; underarm and back vents; side zippers for access to your street pants; comfortable, ultrasuede collar lining; and a variety of adjustable tabs and zippers that allow you to fine-tune the fit. The one piece Roadcrafter is all about attention to detail, real-world riding needs and meticulous craftsmanship. 500 Denier Cordura® GORE-TEX® outer fabric. Standard suit colors: black, grey, red, hi-viz lime yellow, tan or cobalt blue. Standard ballistics: black, grey, red, hi-viz lime yellow, cobalt blue, or silver. Go to aerostich.com to mix and match color options, view available alterations and features, and find the right fit with our sizing tool. Standard machine washable. Men's 34 regular, 36-54 short, regular or long. Women's 6-20 regular. USA.

AEROSTICH **TF3** IMPACT PADS

TF3 is standard issue for the Roadcrafter and Darien Jacket, and offers slightly more impact absorption than **TF2**. Two shoulder, knee, and elbow pads are cut and shaped to fit the pockets of the Roadcrafter and Darien. The Darien style pads come in a Supernyl fabric sleeve with pre-installed hook & loop for installing these pads into non-Aerostich garments. S, M, L.

AEROSTICH ROADCRAFTER TWO PIECE » Zipped together, it's **as fast and convenient to use as the one piece version**, yet either part can be worn separately. The jacket overlaps the pants by about six inches and is attached with a securely sewn zipper to stand up to stress and hard use. The pants have a waist drawstring with cordlocks, and there are two additional pockets sewn into the lining that are accessible behind the flaps covering the side zippers. All the features of the one piece design are included in the two piece, making it **the most versatile rider's suit available**. 500 Denier Cordura® GORE-TEX® outer fabric. Standard suit colors: black, grey, red, hi-viz lime yellow, tan or cobalt blue. Standard ballistics: black, grey, red, hi-viz lime yellow, cobalt blue or silver. AEROSTICH ROADCRAFTERLIGHT » A cooler-wearing, totally-waterproof, unlined, all-new design about two pounds lighter than the original. **Ideal for transportation, commuting and utility riders.**

An all-new zipper technology and flap design provide a totally waterproof one piece riding suit. The lightweight outer fabric is a durable 200 Denier GORE-TEX® Air Texturized High Tenacity Nylon which provides reasonably good abrasion resistance. And like the original, it slips on easily over your street clothes (in ten seconds or less) and **maintains all of the time-tested design innovations.** New features include seven water and draft resistant seam taped pocket and vent zips, a two position snap down collar, two rare-earth magnetic collar positioners, a water-resistant inner wallet/phone/iPod pocket, vertically adjustable impact pad positions (at the elbows and knees), and a hidden chest pocket mini-carabiner helmet holder.

Inside are loop areas for optional accessories: Upper chest loop areas for two Inner Chest Pockets—or a Chest Impact Pad—or a Chest Insulation Pad (Standard and Electric/Heated versions). The elbow, shoulder and knee pad loop areas accept **TF³** impact pad systems and will also accept the full range of other **TF** pads, as well as the Roadcrafter's other optional back and hip pads.

The RoadcrafterLight's outer fabric provides about two-thirds the abrasion resistance of the standard Roadcrafter, and when outfitted with optional impact pads, offers a level of rider protection similar to the DarienLight range. Without its optional impact padding, it **packs ultra small and provides all-weather rider comfort.**

Choose Grey with Hi-Viz elbow/shoulder/knee areas, Hi-Viz with Grey, Grey with Black, Tan with Black or Black with Black. Machine washable. 36 regular and 38-52 short, regular or long. Imported.

» RoadcrafterLight #297 \$767.00

» RoadcrafterLight + **TF³** Elbow, Shoulder and Knee pad set #298 \$867.00

AEROSTICH ROADCRAFTER ULTRALIGHT »The ultimate lightweight, 100% waterproof one piece riding suit for the everyday urban commuter. Like the original Roadcrafter, this suit slips on easily over your street clothes (in ten seconds or less), and **maintains all of the favorite time-tested rider innovations for unsurpassed function and a fine-tuned fit.** The lightweight HT200 Denier GORE-TEX® fabric has an abrasion resistance about two-thirds that of the standard Roadcrafter, but when outfitted with optional **TF³** impact pads, provides superb rider crash protection. New design innovations include: completely waterproof zippers, snap down collar, rare-earth magnetic collar clasps, waterproof inner wallet/phone/iPod pocket, adjustable impact pad positions, inner pocket hook for accessory pocket and a hide-away mini-carabiner helmet-holder clip in the chest pocket. Additional options, including Integrated Boot Raincovers, Chest Impact Pad, and Chest Insulation Pad (Standard and Electric/Heated versions) can also be incorporated into this cutting-edge suit. **Roadcrafter durability, craftsmanship and attention to detail in an ultra-lightweight, cooler-wearing version for real-world, everyday riding needs.** Choose hi-viz, black, grey or tan. Standard machine washable (with removal of collar magnets). Men's 36 regular, 38-52 short, regular or long. **TF³** impact pads sold separately. Imported.

» Roadcrafter UltraLight #239 \$747.00

» RoadcrafterUltraLight + **TF³** Elbow, Shoulder and Knee pad set #298 \$847.00

AEROSTICH WEAR DARIEN JACKET » High performance, all-weather, all-purpose riding tools for “no limit” touring, dual sport, and off-road riding. In atrocious weather **this gear will outperform whatever you now wear.** For a wider temperature range, the functional Darien jacket can be purchased with a removable **TLTEC** fleece liner inside an unlined, waterproof outer parka. Exclusive features include 500 Denier Cordura® GORE-TEX® outer fabric, removable hard shell **TF3** foam elbow and shoulder pads, adjustable anti-flutter arm tabs, magnetic collar positioners and generous 3M Scotchlite™ reflective areas. The fully lined, reversible **TLTEC** insulating jacket is perfect for cool mornings. It folds into its own compact zippered pocket which can be attached to your bike or worn on a belt like a fanny pack. Both liner and shell feature underarm vent zips and **plenty of pockets (nine in the outer jacket, six in the liner jacket!).** An optional back pad attaches to pre-installed loop. Colors: black, grey, red, hi-viz lime yellow, tan or cobalt blue. All Darien jackets come with black details. 36-54. **USA.**

AEROSTICH WEAR DARIEN PANTS » Cut like jeans, these conventional looking, unlined overpants are the perfect match for a Darien jacket. Two front pockets, one back pocket, a flapped front fly, and a waistband with belt loops containing a removable Aerostich belt are all practical details. Full length side zips with inner and outer flaps insure **easy on-and-off convenience and severe weather protection.** Bent knees, large 3M Scotchlite™ reflective ankle adjustment tabs, and shaped, removable **TF3** knee pads complete the specifications. 500 Denier Cordura® GORE-TEX® fabric is fully seam taped for comfort and strength. Black or grey. See web site for alterations and sizing. 30-46 waist, regular or long. **USA.**

AEROSTICH DARIENLIGHT JACKET » An ultralight Darien would make a great urban riding tool (we said to ourselves). We build it just this way, with a tough, HT200 Denier Nylon GORE-TEX® fabric. Although it offers less crash and abrasion resistance, it's so much lighter that it's great for camping, skiing, touring, commuting, and general wear. The DarienLight retains every feature of the standard Darien jacket, including adjustable anti-flutter arm tabs and magnetic collar positioners. More comfortable in high and low temps (over 90, below 30) than the regular Darien. Hi-Viz, Black, Grey or Tan. 36-54. **USA.**

» DarienLight Jacket #260 \$497.00
SAVE \$50.00 if you buy a Liner with a Darien Jacket

AEROSTICH DARIENLIGHT PANTS » Same idea and specifications as DarienLight jacket. Tough-but-light HT200 Denier Nylon GORE-TEX® fabric. Perfect for summer street or dual sport riding. In even waist sizes 30-46 regular and long. Black, Grey or Tan. **USA.**

AEROSTICH UNDERWEAR FALSTAFF JACKET » If you fancy the cozy suppleness, organic "oilskin" waterproofness, and uniquely experienced look of classic, traditional 100% English waxed cotton gear, but also want modern venting, **TF3** technical armor and Scotchlite™ reflective areas, then the Falstaff ought to do it, mate... **The Falstaff's authentic fabric is exactly the same English waxed cotton as the original gear uses.** It is highly durable and exceptionally comfortable. We've added a full sewn-in cotton lining with two huge inside pockets, a soft ultrasuede faced collar, and an oversized cargo pocket behind the back reflective. Making it more comfortable to wear in hot summers are the Falstaff's underarm and back vents. The **TF3** armor helps provide crash performance, and the abrasion resistance of waxed cotton (when compared to the Darien's 500 Denier Cordura) is better than you'd think. 36-52. **USA.**

» Falstaff Jacket #170 \$497.00
 » Reflective Delete #224 \$50.00

BLACK BROWN GREEN YELLOW ORANGE

A NOTE ABOUT YELLOW...unlike black, green, brown & orange, the yellow color of waxed cotton fabric is translucent enough to clearly reveal the contents of items carried in pockets and some of the internal construction details of the garment.

AEROSTICH UNDERWEAR WAXED COTTON COURIER BAGS

A classic combination merging the timeless style and rugged durability of Waxed Cotton, with the exceedingly functional design of Aerostich Shoulder Bags. Constructed with a seamless bottom for maximum strength and durability, these 100% cotton bags feature the waterproofness and hard-wearing toughness of a traditional English waxed cotton outer fabric, with a reinforced yellow waterproof inner lining. Also inside the bag is an organizer pocket and "clip-on" key loop. Not quite as waterproof as their Cordura brethren, these bags are softer and more supple, feeling like an old favorite the first time you strap it on. The 2" nylon carrying strap adjusts quickly and easily with a cam lock buckle for a secure, comfortable all-day fit. A large flap closes with both a wide strip of hook and loop as well as adjustable buckles to accommodate small or large loads. Visibility is assured with a wide strip of 3M Scotchlite™ reflective running across the flap. Letter (9"×3.75"×9"/12"), Dispatch (12"×7"×12"/18"), Courier (12"×7"×18"/23"), Parcel (14"×9"×18"/26"). Black, Brown, Green, Yellow or Orange.

AEROSTICH UNDERWEAR FALSTAFF PANTS » The look and feel of motorcycle nostalgia combine with modern styling, performance and function in these traditional 100% English waxed cotton Falstaff Pants. **The authentic fabric is highly durable, exceptionally comfortable and offers an organic 'oil-skin' waterproofness to keep you dry, debonair, and dashing as you motorbike carefree through the countryside.** Featuring jeans-cut styling, these overpants include a full sewn-in plaid cotton lining, making them a perfect accoutrement to the Falstaff Jacket. The two front pockets have hook and loop secured cover flaps and the one back pocket sports a strip of hook and loop to keep contents in place. A convenient flapped front fly and adjustable waistband, with an included Aerostich Money Belt (#1854), combine with a diamond gusseted crotch for long-wearing comfort. Full length side zips with inner and outer flaps insure easy on-and-off convenience and severe weather protection. Other features include bent knees for greater freedom of movement and increased comfort and visibility with large 3M Scotchlite™ reflective ankle adjustment tabs. Not as waterproof or abrasion resistant as the 500 Denier Cordura in the Darien Pants, the shaped, removable **TF3** knee pads offer excellent crash protection and **the century-plus performance of traditional waxed cotton riders clothing speaks volumes about the functional durability of these pants.** Tally-ho. Brown or Black. See web site for alterations and sizing. 32-44 waist, regular or long. **USA.**

» Falstaff Pants #322 \$497.00

AEROSTICH PROTEKT JEANS

Old school straight leg jeans with a new trick: Knee pad pockets accessed via hidden outseam zippers allowing the knee armor to be removed or replaced in seconds while wearing the jeans. No other riding pants do that. Otherwise this is the classic design, carefully made of 100% cotton, heavy duty, unwashed 14 oz denim, with hidden knee and seat areas of highly abrasion resistant Breathable-Waterproof High Tenacity 500 D Nylon (...similar to the Gore-Tex Cordura in Aerostich suits). And for 'commando' wearing comfort these areas are backed with soft 100% cotton lining fabric. This denim's a bit heavier-duty than the more common 10-12 oz types that stores carry. The optional **TF3** armor knee pads are soft and flexible until impact when they instantly stiffen to absorb energy. The harder the blow, the stiffer they resist. Unwashed denim needs several wearings and a wash or two to break in. They shrink to fit better, and wear much longer. The stitching is double and triple where needed, and a crotch gusset means ease and comfort in the saddle and as you move around. With the pads removed these jeans look and feel just like any regular jeans. So ride to your job, take out the pads, work all day, put the pads back in and ride home. They'll quickly become your favorites, on and off the bike. Made here in America, at least for the moment. Patent applied for. 32-30, 32-32, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32. 

#2829 \$117.00

TF3 Pad Set #2815 \$30.00

Replacement Pads (each) #2816 \$18.00

AEROSTICH PROTEKT KHAKIS

These pants will help you be more productive, work happier and ride more, no kidding. Designed for the urban commuter, these highly constructed, American made, 100% Cotton twill khaki pants are equally at home in the office, out on the town or riding down the road, thanks to the hidden knee pad pockets and durable, triple layer construction. Concealed outseam knee zippers open to reveal knee pad pockets, allowing easy fitting or removal of **TF3** impact armor, while wearing the pants. The optional TF armor knee pads are soft and flexible until impact when they instantly stiffen to absorb energy. Remove the pads in seconds once you arrive at work and these khaki pants look and function like standard-issue office wear. A triple layer knee and seat area include a hidden 200D Cordura middle layer combined with an additional inner cotton liner for enhanced abrasion resistance, with double and triple stitched areas for increased durability. Ride to work, remove the pads, work all day and quickly install pads again for the ride home. Innovative design for real-world function and protection for everyday, around-town riding. Machine washable. Patent applied for. 32-30, 32-32, 34-30, 34-32, 34-34, 34-36, 36-30, 36-32, 36-34, 36-36, 38-30, 38-32, 38-34, 38-36, 40-30, 40-32, 40-34, 40-36, 42-30, 42-32.

AEROSTICH ARBORWEAR GUSSETED CANVAS PANTS

Heavy duty pants designed for tree climbing. Sounds like ideal wear for casual trips on the bike, yes? No substitute for specialized protective gear of course, but a lot better than regular jeans. Their purposeful construction for tree climbing also applies well to riding, as you can throw your leg over and settle in, enjoying the gusseted crotch and resultant freedom of movement. Made of strong, pre-washed 12 oz. canvas and featuring a double-layered panel from the knee to mid-thigh, with hook & loop closed access for kneepads, these exceptionally well-made pants are both comfortable and durable. (Arborwear hard shell **TF3** Pad System is not integrated with the Roadcrafter or Darien Pads.) Charcoal. 28-30, 28-32, 30-30, 30-32, 32-30, 32-32, 34-30, 34-32, 34-34, 36-30, 36-32, 36-34, 38-30, 38-32, 38-34, 40-30, 40-32, 40-34, 42-30, 42-32.

AEROSTICH A.D.1 PANTS

The A.D.1. is a fully seam taped, unlined, HT600 Denier Nylon three layer GORE-TEX® jeans-cut pant, with full length separating side zips. The functional outside zippers have full length inner and outer weather flaps to help the pants go on and off fast and keep rain and wind out. Other details include: A diamond gusset in the crotch for greater sitting comfort; An inner gusset behind the front fly improves water resistance; The knees have a greater bend around a larger radius (than the Darien pant knees), allowing more freedom of movement; The Scotchlite® reflective ankle tab loop strips are radial, for a natural and secure adjustment around the calf and lower leg; The front pockets have hook and loop secured cover flaps so items inside are secure. (And you won't lose your change or bike keys when the pants are laid over the back of a chair...); A vertical zippered cargo pocket is on top of the right thigh and a horizontal opening pocket to the top of the left thigh. Dozens of other nuances...Available in even waist sizes, 30-46 regular and long. An Aerostich Money Belt (#1854) is included with these pants. Black or Grey. Imported.

#165 \$317.00

AEROSTICH A.D.1 LIGHT PANTS

Nuanced improvements and lighter weight material make the NEW A.D.1. Light pants an excellent choice for everyday riding, as well as skiing, camping and other outdoor activities. The fully seam taped, unlined, HT200 Denier Nylon GORE-TEX® jeans-cut pant feature full length separating side zips with inner and outer weather flaps to help the pants go on and off fast and keep rain and wind out. Other details include: A diamond gusset in the crotch for greater sitting comfort; An inner gusset behind the front fly improves water resistance; The knees have a greater bend around a larger radius (than the Darien pant knees), allowing more freedom of movement; The Scotchlite® reflective ankle tab loop strips are radial, for a natural and secure adjustment around the calf and lower leg; The front pockets have hook and loop secured cover flaps so items inside are secure. (And you won't lose your change or bike keys when the pants are laid over the back of a chair...); A double layer of fabric at the seat for added abrasion protection; A vertical zippered pouched cargo pocket is on top of the right thigh and a horizontal opening pocket to the top of the left thigh. Integrated side hook and loop for easy attachment of optional hip pads. Dozens of other nuances...Available in even waist sizes, 30-44 regular and long. An Aerostich Money Belt (#1854) is included with these pants. Black, Grey or Tan. Imported.

#308 \$317.00

AEROSTICH UTILITY PANTS

Like your favorite pair of jeans - on steroids. Aerostich Utility Pants offer the fit and comfort of traditional jeans-cut styling, combined with the rugged, all-weather protection of 500 Denier Cordura® GORE-TEX® fabric, making them an excellent choice for riding, as well as everyday off-bike activities (working, camping, hiking, skiing...). The pre-bent knees allow for freedom of movement and include shaped, removable **TF3** kneepads for added impact protection. Features include: Two front pockets with hook and loop secured flaps to keep contents secure, one back pocket, double seat and knees, a flapped front fly, integrated loop for optional hip pad attachment and a gusseted waistband with belt loops. Adjustable radial ankle tabs allow for secure fitment around the calf and lower leg and a diamond gusset crotch offers greater all-day sitting comfort. Great everyday, all-purpose riding pants. Available in Men's sizes 30-44, Regular or Long. Black or Grey. 

#397 \$247.00

AEROSTICH LIGHTWEIGHT UTILITY PANTS

Exceptional everyday pants with built-in rider influenced design, these are built with lighter weight HT200 Denier Nylon GORE-TEX fabric to provide great all-weather protection with greater comfort in a wider range of temperatures and conditions. The jeans-cut styling feature a diamond gusset crotch and large pre-bent knees for greater ease of movement. Double layer seat and knee areas and the included shaped, removable **TF3** kneepads offer rugged protection both on and off the bike. Additional features include: Two front flapped pockets, one back pocket, flapped front fly, integrated loop for optional hip pads, and radial ankle tabs to adjust fit around calf and lower leg. A classic, relaxed fit pant ideally suited for street or off-road riding, they also clean up handsomely for more urban adventures. Sizes 30-44, Regular or Long. 

#398 \$247.00

“To travel is to discover that everybody is wrong. The philosophies, the civilizations which seem at a distance, so superior to those current at home, all prove on a close inspection to be in their own way just as hopelessly imperfect.”

—Aldous Huxley

#365 \$8.00

GORE-TEX® FABRIC REPAIR KIT

Road rash first aid for your riding suit. Make fast and easy factory authorized repairs on any GORE-TEX® garment. Contains one 2" x 4" rectangle and one 3" round pressure sensitive Cordura® patch with high strength adhesive backing. Machine washer and dryer safe. Black.

#348 \$8.00

FIXNZIP

A real solution to broken teeth, missing sliders or a zipper that keeps separating. Simple to install, the adjustable thumbscrew allows quick adjustment replace a missing slider as well as mend a split zipper. Extend the life of a worn zipper and save the cost of replacing or repairing. Great for jackets, leg zips, tank bags and more. Medium (size 5-8) fits most packs, tents, sleeping bags and light jackets, Large size 8-10) for riding suits, jackets and pants and XL (size 10) for heavy-duty applications.

#369 \$10.00

AEROSTICH ZIPPER PULL COVERS

Perfect for your tank bag, soft luggage or riding clothing. Use these zipper pull covers and you'll be able to grab zippers better. They prevent zippers from scratching your bike, slip on easily, lock and never pull loose. Made of a tough rubber silicone elastomer that provides a great grip, even when wet. Black with white logo. Pack of 6.

#347 \$14.00

AEROSTICH EXPEDITION/TOUR SNAP AND ZIPPER REPAIR PACK

The essentials for emergency repairs on the road. 15 pieces (five sliders, six stops, and one snap: four pieces). Includes instructions.

#380 \$15.00

AEROSTICH COMPLETE REPAIR PACK

Every type of snap and zipper slider used on the entire range of AeroStich garments. 32 pieces in all (9 different zipper sliders—top and bottom types, 15 zipper stops—three types, 2 snaps—eight pieces) and instructions.

#381 \$20.00

AEROSTICH ZIPPER PULL STRIPS

Durable, lightweight nylon tape with logo woven on both sides. Easy to install. Makes working zippers easier, especially with gloves on. Black with white logo. Pack of 6.

#317 \$5.00

AEROSTICH SHOULDER SAVER HANGER

The Shoulder Saver is designed to evenly distribute pressure on the inside of garment shoulders, helping to retain the shape of the garment. This is ideal for riding suits or leather jackets. In addition, the larger size of these hangers allow things to dry out faster, which helps suits and jackets smell fresher and last longer.

#1364 \$22.00

AEROSTICH SLEEVE ZIPPERED POCKET

Hook and loops on and is perfect for toll or parking ramp change. Fabric matches Roadcrafter and Darien. 6.5" x 4.5". (Red, black, grey, hi-viz lime yellow, or cobalt blue.) Also available in black or brown, or waxed cotton and 160 Denier tan or black Cordura. 6.5" x 4.5"

Roadcrafter & Darien (black, grey, red, hi-viz, tan or cobalt blue) #1330 \$25.00

DarienLight (black, grey, hi-viz, or tan) #1380 \$25.00

Falstaff (black or brown) #1382 \$25.00

AEROSTICH HD SLEEVE WINDOW POCKET

Keep your phone, GPS, or radar detector handy on your left or right forearm inside this water resistant and zippered pocket that both straps and hook & loops in place to give you a stable and secure platform. Also works well with an EZ Pass or Highway Toll Pass, allowing you to roll quickly through a toll booth by simply extending your left arm. Depending on your equipment, some controls may be workable through the top window without opening the pocket. Black Cordura. 6.5"x3.75".

#1332 \$35.00

EMERGENCY MEDICAL INFORMATION POCKET

Made of rugged Cordura that secures firmly to the left sleeve loop on all Aerostich jackets. Comes with a waterproof form for you to include vital information, such as: name, age, address, phone numbers, contacts, blood type, allergies, family doctor and other information that communicates for you, in the event you cannot. Includes an adhesive loop strip for use on helmets and any non-Aerostich gear. Be prepared. 5.5"x1.5". Specify Red or Hi-Viz Yellow.

#1353 \$27.00

AEROSTICH SLEEVE MAP POCKET

This zippered window pocket attaches with hook & loop to the left sleeve of all Darien jackets and Roadcrafter suits. Perfect for a mini door remote or parking pass, it also works well with an EZ Pass or Highway Toll Pass, allowing you to roll quickly through a tollbooth by simply extending your left arm. It'll also keep a compass easy to see and well away from nearby metals. 6.5"x4.5".

#152 \$25.00

AEROSTICH LEFT LEG MAP POCKET

This clear pocket attaches with hook & loop to the left leg of all Darien pants and Roadcrafter suits. It's great for holding maps or directions when you're not using a tank bag. Includes adhesive hook & loop for easy installation on other garments or your bike's fuel tank. Standard (8.5"x7.25") holds two open folds of a gas station map, and Narrow (8.5"x6") holds about a side and a half. Narrow is best for small and medium suits/pants.

Standard #153 \$28.00

Narrow #143 \$26.00

AEROSTICH **TLE^{CP}** FLEECE SWEATERS

This comfortable sweater is the perfect layer for traveling, especially on chilly mornings or through sudden temperature changes. The offset front zipper reduces multi-layer "zipper stacking." A deep placket provides adjustable comfort, and details like the windproof stand-up collar and lycra bound cuffs and hem are reasons it will never see the back of your closet. The lightweight **TLE^{CP}** fleece has a reputation for superior coziness. It packs to nothing, is great over an Electric Vest, and provides maximum layering versatility. Self-stores in its own pocket. S-XXL. USA. 

TLE^{CP} Wind Pro (Grey) #631 \$105.00

TLE^{CP} Wind Blocker (Blue or Cayenne) #633 \$115.00

SELF-STORE POCKET

AEROSTICH **TLE^{CP}** FLEECE PANTS

On extended trips you can count on experiencing higher elevations, all-day cold snaps, or some chilly early starts. These **TLE^{CP}** pants are made to a functional, comfortable pattern and pack light and small. For ventilation and convenience, #5 YKK two-way zippers run down the outside so the pant legs fit over boots. The full length side zips and fly make putting them on faster and easier than changing into long underwear. Many riders wear them over their jeans and under a riding suit. They provide a remarkable amount of extra warmth. Machine wash. S (28-30), M (32-34), L (36-38), XL (40-42), XXL (44-46). USA. 

TLE^{CP} Wind Pro (Grey) #630 \$105.00

TLE^{CP} Wind Blocker (Blue) #1639 \$115.00

TLE^{CP} MID-LAYER FABRICS

Aerostich **TLE^{CP}** Fleece garments use the latest, high performance fleece and mid-layering fabrics available. When you are riding, these layers add warmth without the weight and bulk of traditional insulations, and their advanced breathability and moisture wicking properties keep you dry and prevent overheating. Featuring built-in durable water repellent (DWR) finish, each provides comfortable, functional qualities that are great for casual/off bike use as well, and all are machine washable. (Ranked here in order of warmth).

- **SOFT SHELL (Titanium):** This beefy fleece blocks 98% of the wind, and offers faster moisture wicking and improved breathability. A tight, smooth, mat-finished nylon woven face with a warm, fuzzy high loft inside. The Soft Shell is excellent alone for off-bike wear because of its luxurious lofty inside and amazing as a mid-layer because your riding gear's lining slides so easily against this soft-shell as you move. It's in the middle as far as packing goes, but this is the warmest/most advanced fabric.
- **WIND BLOCKER (Blue or Cayenne):** A warm, soft, and comfortable two-sided fleece that features a thinner micro velour face with a moisture wicking mesh back. It is thinner than the others, but it blocks 98% of the wind, and offers 2X faster moisture wicking than other windproof fleece fabrics. Its hidden stretchy membrane now offers improved breathability for all day comfort. The thinnest, most packable of the three, and it wins silver medal for warmth.
- **WIND PRO (Grey):** A new, denser, "super fleece" that is extremely breathable yet provides 4x better insulation and draft resistance than traditional fleece with increased durability. This medium thickness two-sided 200 weight grey heather fleece features a soft, smooth midweight low velour face, w/ a softer, fuzzier velour back. The thickest, bulkiest to pack, and cooler-wearing of the three.

AEROSTICH WINDSTOPPER® JERSEY

A lightweight and versatile garment that's a valuable layering component in mixed weather, or as a pullover shirt for knocking around the race or rally site on cool mornings or evenings. Folds/packs into a self-storing pocket so you'll have it along when the weather changes and you need added protection from stiff breezes and chill. Made of GORE-TEX® WINDSTOPPER® fabric that stops, as you would imagine, all wind from drawing your body heat away. Elbows incorporate light padding and a zippered pocket on the left arm is perfect for a phone or iPod. A handy and practical clothing item to have along. Larger cut facilitates easy on/off. Green, Blue or Tan. M-XXL. USA.

SELF STORE POCKET

SLEEVE POCKET

PIT ZIP

AEROSTICH TL^{EC} FLEECE JACKETS

Breathable, high-warmth, low-bulk jackets that will become favorites the first time you put them on. More than common "outdoor" fleece jackets, these are fitted specially for riding. The collar is cut for more comfort with a helmet strap and we've trimmed down and forward rotated the sleeves for less bulk. Longer underarm ventilation zippers better match Roadcrafter suits, and durable Lycra bindings at the hem and sleeves stop drafts without absorbing water. The torso is shorter in front and longer in back for a better fit, and the sleeves are usefully longer, too. Zippered inside and outside chest pockets secure valuables like cell phones and wallets, and zippered side pockets are placed slightly forward for easier access. A quick-draw inner chest pocket is ideal for sunglasses or a bandana. It's the best riders fleece jacket in the world, and one of the best for general wear, too. Machine wash. S-XXL. USA.

#1655 \$157.00

TL^{EC} Soft Shell (Titanium)

#1658 \$177.00

INNER POCKET

AEROSTICH KANETSU AIRVANTAGE®

One of the challenges to the efficiency of electric vests is the problem of conducting the heat from the elements to the rider. Traditionally, this has meant a closely-tailored (and often uncomfortably restrictive) garment for maximum heat transfer. The AIRVANTAGE™ insert solves this comfort vs. function dilemma. By blowing more or less air into an internal bladder, the overall closeness and consequent warming efficiency of the garment body can be adjusted. Also, because air is an effective insulator, the warmth of the vest is greatly improved—the air alone extends the temperature range that doesn't require using power for heat. An advance in heated garment technology. Neat. Includes fused power cord and lighted switch. Black GOR-TEX WINDSTOPPER® shell with a durable nylon lining. Pat. #7,891,019. Specify QuiConnect 2, SAE or BMW connectors.

VEST

Features easily zippered on/off sleeves for multi functionality. Sleeves do not contain electrics. 45 watts/3.3 amps (works with all BMW standard power outlets). Black. S-XXL.

#244 \$247.00

Zip Off Sleeves #290 \$77.00

LINER

The utmost in warmth. Electrics run all the way through the non-detachable sleeves for maximum thermal comfort. 75 watts/5 amps*. Black. 38-54.

#291 \$347.00

AEROSTICH KANETSU WINDSTOPPER® ELECTRIC LINER

Electrify your jacket's performance with a Kanetsu liner. Modeled after the standard Darien liner, the Kanetsu provides an under-jacket environment that's always a lot warmer than the outdoor ambient. Cozy micro-climate temperatures which can sometimes be up to 30° higher than outdoor ambients. Liner is reversible for all wearing situations and features a built-in self storing pocket, a convenient cord storage pocket, and a lighted on/off switch on a coil-cord. Three heating circuits provide warmth everywhere... through the sleeves, body and collar. And the sleeve areas use a version of the resistance heating wire that is slightly 'hotter' than in the Kanetsu vests use, due to the liner's slightly looser fit. This electric liner packs down small, too, for easy packing. Ride warm and comfy, always...experience efficiency and quality in an electrically heated liner. Includes: fused, lighted coil cord hookup and power switch. 75 watts / 5 amps*. Specify QuiConnect 2, SAE or BMW connectors.

#267 \$297.00

AEROSTICH KANETSU ELECTRIC VEST

A unique blend of common sense engineering, ultra-compactible design and careful craftsmanship. Key technical features that make an AeroStich electric vest your best choice: A slightly shorter, thinner heated collar that fits your neck better and slides under a jacket collar with less bunching. A longer trunk length in the back and shorter front provides a greater total heated area for riding comfort. Only two pockets: one for storing the power cord and one that the entire vest pulls into, forming a neat, compact package. Includes: fused, lighted coil cord hookup and power switch. 45 watts/3.3 amps (works with all BMW standard power outlets). Specify QuiConnect 2, SAE or BMW connectors.

WINDSTOPPER®

WINDSTOPPER® fabric is 100% windproof and half as thick as **TLECO** Wind Blocker fleece. Black. S-XXL.

#285 \$197.00

Zip Off Sleeves #290 \$77.00

TLECO WIND BLOCKER

Warm, highly breathable, wind resistant **TLECO** Wind Blocker fleece. Blue. S-XXL.

#282 \$187.00

Zip Off Sleeves #288 \$77.00

AEROSTICH ELECTRIC WARMBIB

Stuffing newspaper underneath your jacket during a cold ride helps, but it's uncomfortable and doesn't add heat. This is electric-warm, windproof and packs small. It provides enough added heat so your torso and core stay warm and your body keeps blood circulating to your extremities. The smooth outer layer is black GORE-TEX® WINDSTOPPER® and the side toward your body is a comfy micro-fleece. A Kanetsu radiant heating layer is between. This bib will stay in place under your jacket perfectly because the inner fleecy layer is grabby and the outer WINDSTOPPER® layer is slippery. A comfortable stretch fleece collar closes with hook and loop at the upper chest to keep drafts away and position the bib securely. It self-stores in a built-in pocket. There's never a newspaper around when you need one, anyhow. Patent #D641,543S. 30 watts, 2.5 amps. Two lengths: Regular to 5'9", and Tall over 5'10". Choose fused, lighted power switch coil or simple SAE non-switch, non-coil cord.

With SAE Straight Cord #217 \$67.00

With SAE Lighted Switch Cord #221 \$97.00

With QuiConnect Lighted Switch Cord #229 \$97.00

With BMW Lighted Switch Cord #231 \$97.00

KANETSU 加熱 ELECTRICS

KANETSU MEANS "THE ADDING OF HEAT"

INCLUDED HOOKUPS (Select one the following kits when ordering a kanetsu electric vest or liner.)

QUICONNECT 2 SWITCH COIL CORD KIT

Our favorite. Faster. Easiest to use. QuiConnect 2 connectors are quicker and easier to connect/disconnect in everyday riding conditions. Not waterproof design, but there have been no failures (none) after use by 1000s of riders over 15 years. Kit includes Switch Coil Cord (#173), Powercord Extension (#179), and Battery Fuse Cord (#176).

#172 \$55.00

SAE SWITCH COIL CORD KIT

SAE connectors are very reliable, waterproof, and rugged – unaffected by rain, mist, dirt. Useful for excessively adverse riding conditions. Kit includes Switch Coil Cord (#113), Powercord Extension (#109), and Battery Fuse Cord (#112).

#188 \$55.00

BMW SWITCH COIL CORD KIT

This BMW switch coil cord easily connects your vest or liner directly to the standard BMW accessory socket on your bike. (BMW Socket (#108) is available separately and requires additional wiring to connect to the motorcycle battery).

#107 \$55.00

ADDITIONAL HOOKUPS AND ACCESSORIES

AEROSTICH THERMOSTAT

For hours-long-comfort or bikes with older charging systems, this thermostat digitally regulates the amount of power to the garment, allowing you to set (or adjust) your vest or liner's maximum heat, or to the exact balance point where the battery continues to be charged. (This is reassuring on dark, cold, wet, miserable nights when you need driving lights, heated clothing, and a gadget or two.) Features a rotary on/off switch with an LED that blinks faster as you turn up the heat. Available in two configurations: Standard is ready to plug-and-play with SAE connectors on a 16 3/8" (for connecting to the bike), and a 17 5/8" (for connecting to your garment) cord. The Panel Mount is ready for a permanent installation with a 17 3/4" SAE cord (for connecting to your garment), a 31 1/2" cord (for mounting to your bike), and a 22 1/4" battery fuse cord. 1.5" x 2.25" x .75".

Standard #110 \$70.00
Panel Mount #189 \$80.00

QUICONNECT 2 JUMPER CORD

This connector is used as a suit side entry pocket pass-through, and eliminates the need to thread the power wire through the side entry zip in one piece suits each time you use an electric vest. The SAE end plugs into the electric garment, ending in a QuiConnect 2 coaxial male connector (inside the suit). Captured by the side entry zip, this connects to a 6.5" QuiConnect 2 female wire with an SAE end to connect to the standard switch coil cord (outside the suit).

#162 \$18.00

BMW PLUGS & SOCKETS

Dual plug works with both BMW and standard power sockets. Plug and Socket require additional wiring.

Dual Plug #185 \$10.00
Plug #181 \$8.00
Socket #108 \$12.00

POWER SOCKETS

A connector wire with a standard power socket that fits a cigarette lighter/accessory plug.

SAE #168 \$10.00
QuiConnect 2 #169 \$10.00

POWER PLUGS

Connect to a standard power socket on your bike...or your car, snowmobile, etc.

SAE #117 \$10.00
QuiConnect 2 #167 \$10.00
BMW #116 \$20.00

BATTERY FUSE CORD

Standard hookup for Kanetsu Vests and Liners. 10 A Fuse. Length 25".

SAE #112 \$12.00
QuiConnect 2 #176 \$12.00

SWITCH COIL CORD

Standard hookup for Kanetsu Vests and Liners. Illuminated push button on/off switch. Stretches from 3'-6".

SAE #113 \$42.00 QuiConnect 2 #173 \$42.00
BMW #107 \$55.00

POWERCORD EXTENSION

Standard hookup for Kanetsu Vests and Liners. Length 30".

SAE #109 \$10.00
QuiConnect 2 #179 \$10.00

DOUBLE ADAPTER

Connect two garments to a single power plug.

SAE #111 \$14.00
QuiConnect 2 #191 \$14.00

COIL CORD

Remains flexible in all temperatures. Stretches from 1.5'-5'.

SAE #114 \$18.00
QuiConnect 2 #174 \$18.00

QUICONNECT 2 PANEL MOUNT

Permanently mount a female QuiConnect 2 to your bike. Fits a 7/16" wide hole in a 1/4" thick surface. 1/2" deep. Cord length: 21".

#166 \$10.00

CABLE CLIPS

Route wiring to the best places. Strap has a spring clip end and a cord-holding snap end. Clamp grabs it all.

Strap #180 \$2.00
Clamp #182 \$2.00

AEROSTICH TRIPLE DIGIT GLOVE COVERS

It is possible to enjoy warm, dry hands while being plastered and hammered and hosed. The thin ripstop nylon laminated fabric breathes enough during rain conditions so your skin won't become clammy. The oversize gauntlets slide on easily and allow a secure grip when used over your regular (crash protective) gloves. An elastic drawcord with a tethered cordlock keeps them in place. Hook & loop wrist cinches are ergonomically reversed and easier to use. They pack very small, so you'll always have them ready. There's Scotchlite reflective for nighttime hand signaling, and a left thumb visor squeegee. To work best, size to fit over regular crash protective gloves. For glove sizes S or 7-8, use a size M. For glove sizes M/L or 9-10, use a size L. For size XL or 11+, use size XL. Orange or Black. M-XL. Specify color.

#442 \$47.00

AEROSTICH ULTRALIGHT RAIN PANTS

These waterproof nylon pants pack away small yet are strong enough to thwart rain and road spray. If you ride in jeans and a jacket and the weather changes during the day, they'll get you home dry. Ultralight Rain Pants self-store in a 4"x5"x1.5" integral zippered pocket. Long waterproof side zips and fly zips make them easy to get on and off over footwear. Fully seam sealed. An elastic drawstring waist keeps them up. Not intended for hard everyday use, but perfect to stash in a courier bag, fairing pocket or wherever you might need them when it decides to rain. Never worry about where to find garbage bags and duct tape. M (32"-34"x30.5"R, 32.5"L), L (36"-38"x32"R, 34"L), or XL (40"-42"x33.5"R, 35.57L).

Regular #409 \$87.00
Long #419 \$87.00

FOLDS INTO ITS OWN POCKET

AEROSTICH WATERWERKS KIT

For extended exposure in severe conditions. Includes repellent (two NikWax TX Direct Wash-In), one tube of Seam Grip Seam Sealer, syringe applicator and instructions for upgrading or extending the water repellency of breathable/waterproof fabrics, and improving Roadcrafter main zippers water resistance.

#1334 \$27.00

AEROSTICH SEAM-SEAL KIT

Easy no-mess way to neatly and permanently restore or extend the water resistance for all un-taped garment, boot, tent or bag seams. Wicks into stitching. Dries nearly invisibly. Includes one tube of Aqua-seal, a bottle of Cotel thinner, syringe applicator and instructions.

#309 \$15.00

NIKWAX TX DIRECT SPRAY-ON REPELLENT

Restores the durable water-repellent finish of all types of waterproof/breathable fabrics. Ideal for garments or single-wall tents and synthetic sleeping bag shells. Best when sprayed on damp material. 10 oz.

#1360 \$14.00

NIKWAX GLOVE PROOF

A water-based compound, very effective on leather or synthetics. Comes in an easy-to-use 4 oz. bottle. Helps leather last longer and hands stay drier.

#1368 \$8.00

RAIN GLOVE COVERS

Enjoy the same control feel, and abrasion protection of your regular leather gloves in lousy weather. XXL industrial dish gloves fit easily over your regular leather gloves to keep your hands dry and they pack very small. (May not fit really big gloved hands). One size. Blue.

#436 \$3.00

AEROSTICH EMERGENCY BOOT RAINCOVERS

Seam sealed black ripstop nylon raincovers that are strong enough to stop rain and road spray all day on a thousand mile rainy day, but pack small enough to carry along and are ready when you need them. A reversed waterproof zipper makes them fast and easy to put on and remove. They are all that's needed to get home from work with dry feet and boots if the weather changes unexpectedly too. Each cover neatly stores into a built-in hook & loop closed pouch that's only 3"x4"x1.3". M (7-9), L (10-12), XL (13-14).

#407 \$67.00

FAST REAR ZIP AND REFLECTORS

FOLDS INTO TOE

BLUNT XS UMBRELLA

The perfect balance of portability and performance in a revolutionary, compact umbrella design. Auto opens easily with an advanced Radial Tensioning System that redirects, transfers and

distributes the effort needed to open the canopy. When open, the aerodynamically robust structure fares better in more extreme conditions, providing an ultimate defense against the elements. 37" canopy. Folds to 14", 13.2 oz.

#4158 \$49.00

LIGHTWEIGHT EMERGENCY BOOT RAINCOVERS

Practical and lightweight, these ripstop nylon raincovers self-store in a small, flat pocket that secures via hook and loop to the inside shin area of the Roadcrafter, RoadcrafterLight and Darien Suits. The integrated storage makes them super easy to put on and ensures they are always ready when you need them. 7"x6.5" . M (7-9), L (10-12), XL (13-14).

#401 \$57.00

Benjamin Blackwell at Mooselookmeguntic Overlook, Maine, Easter 2013

AEROSTICH COMBAT LITES

More ideal for general touring, everyday urban riding and all day street and general purpose wear. Obviously shorter and lighter, but incorporating the identical heavy duty materials, design features, and construction quality of the original Combat Touring boot. Top grain leather and fully leather lined. Compared to most general purpose and riding boots, the Lite has fewer individual leather pieces, less seams and is a stronger and longer lasting boot. The inner speed laces and instep buckle provide a better and more secure fit than any slip-on "engineer" type boot. The lower shaft fits riders with extra large calf muscles better, too. Black. 11" tall (2.42 lb. per boot) Medium Width. Wedge or cleated sole. 7.5, 8.5, 9.5, 10, 11, 11.5, 12.5, 13.5, 14, 15.

Cleated Sole #404 \$327.00

COMBAT

CBT SPARE PARTS

Grey Cleated Sole (Specify Boot Size) #408 \$27.00
Amber Wedge Sole (Specify Boot Size) #410 \$27.00
Boot Straps (Specify Boot Type) #411 \$12.00
Buckles (Specify Boot Type) #413 \$12.00
Laces #412 \$7.00

COMPETITION CBT BOOT LACES

These Competition Laces are designed to be more durable and convenient to use than the standard laces. The tighter weave nylon material frays less, and the shorter overall length means less excess lace to tuck under the outer flap. Cordlock not included—we recommend re-using the cordlock from the existing laces.

#416 \$7.00

CLEATED

WEDGE

AQUASEAL LEATHER CONDITIONER

Extremely viscous silicone with a proprietary blend of waxes and special oils that condition leather and keep it breathable.

#336 \$7.00

CHELSEA LEATHER FOOD

Proper boot dubbin from England, where they know a thing or two about preserving leather in the face of damp weather and dank conditions. All natural. Specify black or natural.

#1346 \$17.00

NIKWAX AQUEOUS WAX

High wax content leather conditioner. For increased efficiency, use it on wet leather. Buffs to a nice sheen, and can be used on oil or chrome-tanned leathers.

#1338 \$8.00

TECTRON DWR BOOT PROTECTOR

Renews and enhances the water repellent coating of leather and synthetic footwear. Ideal for leather boots and shoes. 4.25 oz. Aerosol.

#1342 \$9.00

NIKWAX LEATHER FOOTWEAR CONDITIONER

Add water repellency, soften, condition and prolong the life and performance of all smooth leather footwear. Revitalizes dried out or cracked leather and is ideal for use on footwear with breathable GORE-TEX linings. Easily applies to dry or wet footwear. Water-based formula is environmentally friendly, biodegradable, non-flammable and non-hazardous. 4.2 oz.

#1523 \$8.00

PECARD MOTORCYCLE LEATHER LOTION

Cleans, polishes, and restores suppleness of leathers. Safe for all colors. Not for use on suede. 4 oz. bottle. Made in Green Bay, WI.

#1339 \$6.00

TUFF TOE

Two-part poly-urethane adhesive with abrasion resistant and waterproofing abilities forms a layer of armor on the toe of your boots. Easy to use. Black.

#1225 \$20.00

TOURING

AEROSTICH

COMBAT TOURING BOOTS

The tougher your riding, the better this boot will feel. Combat Touring boots are as strong as the bulkiest specialized off-road footwear, yet are designed to fit easily under your pants for everyday wear. As soon as you put them on you will feel more support and protection than ordinary street boots can offer. Combat Touring boots are manufactured exclusively for us by Sidi using the best materials and their most experienced bootmakers. They feature quality full grain leather throughout, a Davos competition motocross sole, Scotchlite™ reflective in the heel gusset, generous internal ankle and toe padding, and a special padded collar at the top. The inner speed lace/cordlock setup with micro-adjustable arch buckle and outer hook & loop calf closure insures a protective, comfortable fit. Combat Touring boots will take somewhat longer to form to your feet compared to cheaper boots, but they will outlast them by years. From time to time, apply any good waterproofing product and they will mostly eliminate the need for carrying rainboots. Whenever regular motocross boots are too clumsy and street boots are too wimpy, these are perfect. A great value. Black. 14" tall (2.7 lb. per boot) Medium Width. Wedge or cleated sole. 7.5, 8.5, 9.5, 10, 11, 11.5, 12.5, 13.5, 14, 15.

SELF MOLDING INSOLES

The next best thing to a custom prescription orthopedic. Most insoles simply condense and compact under pressure. These are designed with a footbed that self-molds to your unique foot shape, cushioning and mirroring each foot for increased comfort, control and support. Once you slip into a pair, you'll feel the stress in your mid-foot disappear. The more you wear them, the better they fit and feel. Two thicknesses: medium profile (thicker) works best if you're between boot sizes, or low-profile (thinner) uses minimal boot space. 7, 8, 9, 10, 11, 12, 13, 14.

Low Profile #1456 \$40.00
Medium Profile #1455 \$40.00

SIZING INSOLES

Perfect for custom-fitting Combat Touring boots, especially if your foot falls between sizes. Makes boots feel like they were custom made and adjusts for varying sock thicknesses. They'll also provide the same fitting effect with older, stretched and worn boots. These insoles feature a patented Etc® fabric top cover that is cool and long wearing. A firm polyethylene mid foam over a molded and shaped arch platform provide scientifically researched foot support that translates to less fatigue, reduced shock, and all-day walking comfort. Two thicknesses: high profile (thicker) for boots with more volume or low profile (thinner) for boots with less volume. Trim them for a custom fit. 5.5-7, 7.5-9, 9.5-11, 11.5-13, 13.5-15.

Low Profile #1452 \$40.00
High Profile #1454 \$40.00

AEROSTICH GREG FRAZIER STASH POCKETS

Probably the most secure place on your person to keep money and valuable papers. Adhesive hook & loop attaches a secret fold-over wallet made of thin nylon to your boot's inner calf or front gusset. Large enough to hold a bunch of money (or whatever else you don't want found). For some reason neither thieves nor third world border inspectors check moto-travelers smelly, dirty boots. (!) Hmm...at least not Greg's. Set of two pockets: 3.25"x4.5" and 6.75"x2.75".

#405 \$25.00

AEROSTICH TANK PANNIERS

These tough, semi-rigid containers keep your load low and secure. Extremely handy for day-to-day use with or without a tank bag, these fit a variety of unfaired motorcycles. Detailed for a sleek look and functional design, and a great value for the price. Constructed of tough, water resistant urethane coated 1000 Denier Cordura nylon with an adjustable mounting system: two padded, two-inch wide, hook & loop closed webbing straps plus two adjustable bungee shock cords. Hook & loop attached neoprene tank pads protect your paint and eliminate slippage. Removable plastic inserts shape and define both of the bags. The panniers also feature two pockets along the rear panels for small items like pencils and a tire gage, several 1" web straps for attaching additional items, and 3M Scotchlite reflective material on the front and outside panels. Specify Black or Hi-Viz. Standard (12"x9"x5", 8.8 Liter, each) or Competition (12"x7.5"x4.5", 6.6 Liter, each). USA. 

Standard #903 \$135.00
Competition #902 \$135.00

ORTLIEB LOW PROFILE DRY BAG SADDLEBAGS

A rugged pair of roll-top waterproof saddlebags, perfect for bikes with high-riding exhaust systems. The unique low profile design sits higher than standard saddlebags, yet has 2100 cubic inches of total space for whatever you need to carry. Made of extremely strong and abrasion resistant reinforced PVC with a thermo-molded rear pad to protect paint finish. Inner organizer pocket allows quick, convenient access. Black. 9"x19.5"x6" each. 2100 cu. in. combined volume. Imported.

#9287 \$217.00

ORTLIEB THIN DRY BAG SADDLEBAGS

Narrower waterproof saddlebags are perfect for travelin' lighter and faster. ThinCase Dry Bag Saddlebags only stick out 4" on each side, but will hold more than enough for most trips. Each side bag is a modified and reinforced Waterproof Brief Bag (#1968) so it'll retain its shape and protect your contents. The 'throw over' mounting system is secure, fast, and versatile. The roll-over seal and top loading opening is easy to use and absolutely waterproof. A lightweight (but strong) system. 11.8"x15.7"x4" each. 1480 cu. in. total.

#9005 \$187.00

ORTLIEB DRY BAG SADDLEBAGS

Sometimes the best ideas are the simplest. Like this pair completely waterproof throw-over soft saddlebags: they are made of the same materials and use the same sealing system found on waterproof 'dry' bags. The easy loading top entry design rolls over and clips at both ends for a completely waterproof seal. Each bag's lower leading end is cut away for generous passenger leg clearance. The bikeside has a full width Thermo-molded pad to protect paint and bodywork. All webbing and hardware is top grade. Inside are several carefully designed polypropylene stiffener panels

as well as a handy organizer pocket, and at the rear of each bag is a Scotchlite™ reflective area. Dry Bag Saddlebags are short enough to fit ahead of the rear turn signals on all motorcycles and are ideal for use on dual sport or sport machines. You won't find frivolous details here, just intelligent and functional bags that won't stick out too far yet will easily hold enough for a weekend camping trip. They are totally waterproof. Why did it take so long for someone to invent these? Easy to install and quick to put on or remove. Black or yellow waterproof coated fabric. 15"x13"x8" each with 3173 cu. in. combined volume.

#912 \$197.00

MOTOFIZZ CAMPING SEAT BAGS

Everything you'll want to carry (clothing, tent, food and camping gear), fits neatly within these detailed and cavernous seat bags. Outside there's a variety of strap systems designed to secure foam sleeping pads and the like. Across the top, D rings laced with mini-bungees are arranged to hold sweaters, road guides, and things you want to keep within immediate reach. Each end on the medium and large opens for direct loading and inside access. For extra capacity, both ends also expand with gusseted zippers. The medium and large bags also have a removable zippered belt pack attached to one end, and all three have an insulated water bottle holster right where you can reach it. There's retro-reflective areas, a versatile, secure and fast strap-on mounting system, and useful compression straps so your stuff won't get bounced around. Not waterproof, but an included raincover stores inside a dedicated compartment. All of this technology is beautifully sewn with top quality coated nylon fabrics, webbing and other materials. (By a clever optical illusion, this bag won't look big when mounted on your bike.) The Camping Seat Bag is the world's most advanced motorcycle pack. It's an armed F-16 in a field of Cessnas. Small is black/grey, 8" Top to Bottom x 12" Front to Back x 11.5" Side to Side/16" expanded. Medium is black, 12" Top to Bottom x 12" Front to Back x 15.5" Side to Side/22" expanded. Large is black/grey, 14" Top to Bottom x 14" Front to Back x 21" Side to Side/28" expanded. An Aero/RWH exclusive.

Set of Eight SAVE \$18.00 #749 \$98.00

SNIDER'S PAINTGUARD

If you like having shiny paint but always ride hard, try this. The optically clear 7.5 mil thick polished vinyl works as a removable skin to protect your bike's painted finish. Goes on easily and cuts-to-fit wherever needed (under tank bags, etc...). Reusable over and over. Applies with only water and a squeegee. Flexible and durable wear and scratch protection. Includes instructions. Three 11"x14" sheets.

#9058 \$14.00

AEROSTICH FLEECE BAGS

If your pocket camera, iPod, radar detector, or notebook computer looks like it's been through the Korean War after you carry it on motorcycle trips, then you need our fleece "stuff sacks." They are great protection for any delicate or breakable items you might want to carry. The fleece provides a cushioning effect against vibration, rough roads, or a short drop. A supernyl drawstring tunnel eliminates bulky closure, and the handy cordlock keeps bags closed. A Large size bag fits perfectly around a Kindle reader for taking your electronic reading on the road. The XXL size makes a great pillow when loosely filled with soft items. A warm camping hat, too. Assorted colors. USA.

Small (3.5"x4.5") #720 \$11.00

Set of Five SAVE \$10.00 #748 \$55.00

AEROSTICH DISPATCH BAG

Much more comfortable on a motorcycle than a day pack or book bag, the Dispatch is a smaller version of the Courier Bag (6 inches shorter) making it perfect for those who are carrying only a few books and a lunch, or other small items. Shoulder pad included. Red, black, grey, hi-viz lime yellow, blue, or pink. Height: 12", Width: 7", Base Length: 12", Top Length: 18".

(A) #905 \$87.00
Organizer Pocket #9132 \$29.00

AEROSTICH LETTER BAG

Just right for carrying a book, a letter, binoculars, and your wallet, the Letter Bag is both our smallest over-the-shoulder design, and the world's toughest women's purse. More versatile and fun than Coach's chaindrive wallet series. Red, black, grey, hi-viz lime yellow, blue, or pink. Shoulder pad #910 available separately Height: 9", Width: 3.75", Base Length: 9", Top Length: 12".

(C) #1905 \$67.00
Organizer Pocket #9130 \$27.00

AEROSTICH PARCEL BAG

For a large rider and with oversized loads, this is the perfect size. Even though it is big, it still wraps around your back comfortably. Holds the largest stuff you'd ever want to carry on your back when riding. Shoulder pad included. Red, black, grey, hi-viz lime yellow, or blue. Height: 14", Width: 9", Base Length: 18", Top Length: 26".

(B) #908 \$107.00
Organizer Pocket #9135 \$33.00

AEROSTICH COURIER BAG

The most versatile over-the-shoulder bag size that can be used on a bike. You'll love it for its size and fit. Triangular in cross-section, the Courier wraps around your back and stays in position when riding. Holds a small briefcase with room to spare. As simple to put on as a guitar, and easier to learn. Shoulder pad included. Red, black, grey, hi-viz lime yellow, blue, or pink. Height: 12", Width: 7", Base Length: 18", Top Length: 23".

(D) #904 \$97.00
Organizer Pocket #9134 \$31.00

CHASE HARPER MAGNETIC TANK BAG

Meet your new favorite tank bag. Attaches easily to the gas tank with super-powerful magnets, but detaches quickly for ultimate portability and off-bike carrying options, including a shoulder strap/backpack system and soft webbing handle. External features include a bungee style attached map case and protective, non-slip bag base. Smooth coil zippers allow access to the roomy interior, which includes a key-holder and inner pocket for storing items needing quick access. 14"×9"×5.5". Black/Gray.

#9299 \$69.00

ORTLIEB WATERPROOF

A rugged and simple tank bag that has typical Ortlieb quality construction features welded seams with heavy-duty waterproof material, and top quality hardware and detailing. The design utilizes the roll-end method of closure for total waterproofness. No raincover is needed for this thing. Mounted on a base pad with eight powerful magnets, the bag features a modular 'stacking' design which enables the use of two tank bags at once, or just the included map case on the base pad. Quick release buckles for easy adjusting and bag removal. Features a robust waterproof zipper for quick access to contents while mounted. Clever and well built real-world gear that works. Seam welded fabric. Black. 6.3"×13.8"×9.8"/ 850 cu.in.

#9288 \$169.00
Carry System #9388 \$39.00

Why We Make Our Own Padded Sleeves and Cases...

"Because the ones in stores suck. Especially for everyday motorcycle and scooter riding. These cases and sleeves are not overly-complicated, or overly anything. They are simple, practical designs, made at our Duluth shop, using a very lightweight yet flexible (but still semi-stiff) open-cell foam. Inside is thin soft polyester fleece laminate. Outside is a lightweight abrasion-resistant slightly slippery twill laminate. And around the edge is a strong Nylon binding tape.

"Slide your tablet or notebook in. It stays there by slight friction against the fit and fleece. Comes out faster and easier, too. If a cover flap is involved it secures with only a few simple pieces of hook & loop. Your device is protected and ready to pack along without extra weight or bulk.

"Lastly, these cases are really durable. I'm still using a ten year old prototype every day. And it's showing only minimal wear."

—Mr. Subjective, Aug 2013

AEROSTICH RIDERWEAR PADDED LAPTOP SLEEVES

Made of soft nylon with a foam padding, this lightweight sleeve has a hook and loop closed top flap and a plush interior. Mind you, this whole affair is not waterproof or super armored, so if the ol' Pentium shoots off the back of the Hayabusa after an enthusiastic clutch drop, it's gonna be toast. We make these ourselves because we could not find a simple padded, lightweight sleeve made in China. Funny, huh? 🇺🇸

AEROSTICH RIDERWEAR TABLET SLEEVES

The practical minimalist solution: Traveling iPads slide in snugly, protected from bumps, knocks, dust and scratches. It's the everyday, in-and-out, fastest, lightest, easiest protection system available. And is made by us, right here, from custom-engineered materials (developed for our range of laptop cases). This three layer laminate has tough nylon twill outside, a soft brushed fleece inside and a .20 inch layer of impact material sandwiched between. It looks great and wears well. Soft, but not floppy—empty it holds its shape. And it's lightweight. iPads travel safe and secure inside any backpack, duffel or courier bag. Elegant, superior simplicity. Pure protection. 🇺🇸

Small (8.25"×5.75") #9324 \$26.00
Medium (10.25"×7.5") #9325 \$28.00
Large (11.25"×7.75") #9326 \$30.00

WATER RESISTANT ROLL-TOP LAPTOP BAGS

These aren't indestructible, but they'll protect your laptop better than most. Meant to be packed inside a tail bag or pannier, they can take a surprising amount of knocking around. The foam padded core is sandwiched between seam sealed ripstop nylon and the roll-top closure keeps out water, dust and dirt. Nice! Small is 10"×12"×2.25", medium is 12"×14"×2.25", large is 13"×16"×2.75". Black.

AEROSTITCH ELKSKIN ROPER

Your favorite gloves. You just can't ride anywhere without them. When they finally wear out, it feels like you've lost a friend. Elkskin Roper gloves are a premium work and general use glove design by a sixty year old ranch and work glove company in Washington state. Made of natural tan medium to heavy weight elkskin, they are thicker, stronger and more abrasion resistant than deerhide and they'll last much longer. Built for cowboy and ag work, they're tough enough for barbed wire fencing, yet sensitive enough to accurately handle a lariat. The snap cuff will slightly gauntlet over most jackets or close to let wind in your sleeves on a hot day. The left thumb is equipped with a visor squeegee made of resilient squeegee material. All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the best gloves for serious combat touring adventures you'll ever wear. Full and half sizes 8-12. Black may bleed slightly when wet. 

Natural #420 \$49.00
Black #440 \$49.00

VISOR SQUEEGEE

AEROSTITCH COMPETITION ELKSKIN ROPER

All-around perfection. You're sad when they finally wear out...you can't ride anywhere without them. These Competition Elkskin Ropers take the Standard Elkskin Ropers to the next level with an added hook and loop wrist closure—reversed for ergonomic advantage—and also add a generous Elkskin covered **TF3** impact-foam knuckle pad. This is a premium rider's glove, made by a ranch and work glove company in Washington State. They're strong and durable enough to take on everyday rough cowboy and ag work—from handling barb wire fences to accurately directing a lariat, and ultra-comfortable all-day because of their superb medium weight luxuriously tanned natural tan Elkskin. This comfortable abrasion resistant leather absorbs and dissipates sweat, wears cool, and quickly conforms itself to the shape of your hand. The visco-elastic **TF3** impact material padded knuckles make a protective difference in some crash scenarios, and of course, the left thumb is equipped with a resilient visor squeegee to help keep a clear view of the road in damp and rainy conditions. All California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on and grab the clutch lever. These are the ultimate gloves for serious combat touring adventures or for every day A to B riding. Full and half sizes 8-12. Natural. 

#421 \$67.00
Touch-Screen Competition Elkskin Roper (not shown) #453 \$83.00

VISOR SQUEEGEE

AEROSTITCH TOUCH-SCREEN ELKSKIN ROPERS

Use every electrostatic screen controlled device (iPhones, iPads, GPSs and Androids, etc) with your riding gloves on. Rows of electro-conductive stitching exactly where needed let you scroll, dial, pinch-zoom, browse and navigate normally. The Ropers themselves are carefully made of natural tan medium to heavy weight Elkskin. They are a bit thicker, stronger and more abrasion resistant than deer hide, so they'll last much longer. The left thumb is equipped with a visor squeegee made of resilient squeegee material. The California Highway Patrol Motorcycle Officers (and many other depts.) wear Elkskin gloves 8-10 hours a day, week in and week out. You too will experience how right they are the minute you put them on, and grab the clutch lever. Modern techno-function meets old-school comfort and performance. Full and half sizes 8-12. 

#429 \$63.00
Touch Screen Elkskin Gauntlet (not shown) #439 \$97.00

AEROSTITCH VEEWIPE SQUEEGEE

You'll quickly become addicted to this faceshield squeegee. Made of a stretchy silicone material that easily conforms to the thumb or index finger of your left hand, VeeWipes make riding in the rain safer. Pack contains three sizes (one each) to fit all glove sizes and thicknesses. Trim with a scissors for a custom fit.

#1048 \$15.00

THUMBDOGS

Instantly convert any pair of gloves to work with your mobile devices. Stretchy covers adapt to fit over the thumb and fingertips on any glove, while the special silver conductive material enables you to interact with the latest touch screen technology without taking your gloves off. Especially handy for on-the-go use of GPS or navigation apps. Keep them on your favorite pair of riding gloves, or switch them between several pair depending on the weather, these little slip-ons will keep you connected and in touch. One size fits all. Set of 2. Black/silver.

#1598 \$14.00

AEROSTICH WATERPROOF SIDE ZIP BAGS

These seam sealed waterproof containers provide great lightweight storage and instant access to tents, sleeping bags, sweaters, road food, or anything else. They're the fastest way to carry items in a "bedroll" shape without having to fight a long, narrow drybag or stuffsack. Full length Therm-a-Rest pads lay right inside with room for a pair of sandals on the side. The end-to-end waterproof zipper makes them dry enough for all-day torrential rains yet super easy to access. 160 Cordura fabric makes them super durable. All-time favorites. Medium is 4"x22"x4" and Large is 6"x22"x6".

Large #9012 \$37.00

AEROSTICH BANANA PACK

How many times have you wanted to walk away from your bike for some shopping, or eating, or whatever...and you needed somewhere to carry your camera, wallet, sunglasses, etc.? The Banana Pack self-stores into a narrow banana shape that packs anywhere. It's just the right size for carrying plenty of walking and "excursion" stuff. Handy, light, and at the ready whenever you need a useful fanny pack. Secure and tough enough to wear when riding, too. Black. 5"x10"x4".

#9042 \$35.00

AEROSTICH INFINITY BUNGEE

Perfect gift for riders who are always annoyingly organized and perpetually well-prepared. These have the functional appearance of a normal standard bungee, but they always retain the internal kinetic energy that normally self-disperses upon storage. So although they may look completely relaxed, they're actually still ready to snap back and bite innocents at the slightest touch. (We've no idea how they actually work, and the Chinese importer won't tell us, either.) Available in colorful three-packs and intertwined they look a lot like a den of wriggling snakes among the other contents of a tank bag. Includes walnut. Assorted colors. Set of 3.

#HISS \$66.00

AEROSTICH ADJUSTABLE BUNGEE

A leap forward in shock cord technology and versatility. This easy to handle bungee cord features rugged, rustproof nylon hooks that won't scratch paint or metal. The hooks are adjustable, so you can place them anywhere along the cord. Create custom shapes for holding awkward items using two, three, or four hooks placed anywhere along on one cord.

Regular (4 Hooks, 1/4"x60" Cord) #944 \$14.00

EPIC VIDEO CAMERAS

Here's an idea: Record everything, all the time, for every ride - no matter how ordinary. Documenting like police and patrol car cams do, so if something goes bad that is not your fault, you'll have indisputable legal evidence. Think about that. It will contain proof that will stand up in court. Both of these Epic cameras are compact enough to mount anywhere and rugged to withstand everyday, any weather use. The D1 features a wide angle 45° lens and captures high quality video at 720x480 HD resolution at 30 FPS. Powered by 2-AAA batteries it accepts up to a 16GB SD card for up to 26 hours of ride footage, operated by a simple two-button activation switch. The HD model sports an ultra-high quality 170° IR coated lens and records in amazing 1080P 30 FPS resolution and will fit many recorded hours onto an optional 32GB SD memory card. Flip mode allows for upside down mounting to further expand the capture possibilities. Powered by 3 AAA batteries it offers long recording times matched with peerless image quality. Both cameras include batteries and come packaged with multiple straps and mounts for creative camera placement. D1: 3"×1.4"×1.4", 2.4 oz. HD: 4.25"×1.25"×1.6", 2.8 oz.

SONY ACTION CAM

Three BIG advantages you'll appreciate: 1.) Film longer. Sony's rechargeable battery lasts 30-40% longer than the GoPro and others. Wonderful + for day-to-day riding. 2.) In and out of waterproof case much faster and easier. Latch mechanism easier to manipulate. A difference you'll enjoy over, and over and over. 3.) Lens-case orientation better for many kinds of mountings. Helmet side mount, fork mount, etc - The Sony front-to-back lens-body design is lower-profile and easier to position for many kinds of POV shots. Otherwise, many similarities to the GoPro Black system. Features a full HD 1080p with SteadyShot® image stabilization, captured through an ultra-wide view Carl Zeiss lens. There's also a large glove friendly press-n-go start/stop button.

Includes a universal tripod mount and 2 adhesive mounts for capturing stunning image clarity in all types of riding conditions. Wi-Fi model allows instant video sharing over email and social networks, as well as allows controllable functions from your phone or mobile device. Exceptional low-light sensitivity and stereo audio capture. Memory stick micro and micro SD/SDHC card compatible for flexible and convenient storage options. Includes rechargeable 3.6V Lithium battery pack. Stereo Minijack input, USB and HDMI output ports.

GO PRO HERO3 BLACK

Smaller, Lighter...Better for mounting to the bike or wearing on your body to capture ultra-wide HD quality video... of every ride - no matter how ordinary - documenting just like police dash cams do, so if something goes bad that is not your fault, you'll have indisputable legal evidence. Of course

capturing an epic ride for posterity sake or reliving every hairpin turn on your favorite section of twisties is also well worth the price of admission. The 6-element aspherical lens combines with user-selectable Ultra-wide, Medium and Narrow field-of-views to deliver more perspective capture options than ever. Combine the improved waterproof housing with the built-in Wi-Fi feature and compatibility with a waterproof Wi-Fi remote for outstanding range and control in all video scenarios up to 600' away. Sync with your iOS smartphone or tablet for complete wireless camera control and live preview options. Capture professional quality video up to 1440p 48fps and 12MP still photos at a rate of 30 images per second. Supports up to 64GB capacity MicroSD (record times vary with resolutions and frame rates). Both models include rechargeable Li-ion battery, USB charging cable, waterproof housing and assorted mounts and hardware. Black version also includes Wi-Fi Remote and additional mounts and hardware. Housing: 2.75"×2.25"×1.5", Camera: 2.25"×1.6"×1.13". 2.6 oz. **Use with Aerostich Hero Camera Pockets to attach directly to your riding suit or jacket (above the Aerostich logo pocket—optional additional alteration) to capture your POV on every ride. Camera only holder #321, or waterproof housing pocket #337.

HD Hero3 Black #3153 \$400.00
HD Hero3 Silver #3154 \$300.00
Battery BacPac #3159 \$50.00

DRIFT HD ACTION CAM

Get more of what you want with this rugged full 1080p HD capable action camera packed with loads of features in a compact, water-resistant, go-anywhere design. Mounting options galore, including handlebar, helmet and goggle mounts, as well universal mounting straps and threaded tripod adapter, come standard to maximize capturing unique POV ride footage. Record at up to 170° High-Def wide-angle field of view (1080p at 25/30fps, 720p at 25/30/50/60fps), as well as 9 megapixel still photo bursts, at nearly any mounting position, angle or location with a lens that rotates up to 300° to adjust image orientation. Simple to operate with large glove-friendly on-camera push buttons or activate on-the-fly (record/stop) with the wireless RF remote control mounted to your wrist or handlebars. Immediate gratification included with the 1.5" LCD color screen and built-in internal speaker for instant video playback. Rechargeable Lithium Ion battery provides up to 4 hours of continuous recording time and the internal 32MB memory is expandable up to 32GB (8 hours of HD recording time) with optional SD memory card. PC & Mac compatible. 4.25"×1.25"×2", 4.32 oz.

#3148 \$299.00

RAM MOUNTS

All RAM systems use a 1" ball and socket system. This super strong rubber ball and socket system provides mounting flexibility and protects electronics from damage due to vibration. All components are interchangeable so you can switch attachments at either end of the clamping stalk for maximum versatility.

EXTENSIONS: CONNECT MOUNT TO A BASE

DOUBLE SOCKET ARM

A tightening screw on the side of the arm clamps firmly in place, and allows you to pivot the ball and socket connection or completely disconnect the ball from the socket.

1.75" #6228 \$13.00
3" #6285 \$14.00
5.25" #6286 \$19.00

CAMERA MOUNT

Base with 1/4" screw mount and 1" ball. Works with all cameras and camcorders with threaded mounting holes.

#3689 \$11.00

BASES: ATTACH EXTENSION TO YOUR BIKE

HANDLEBAR CONTROL BASE

A mounting ball that attaches to your bike's handlebar clutch/brake perch, left or right side. Also accepts an Extra Ball to make it a double mount.

Single Ball Control Base #6210 \$12.00
Extra Ball Only #6227 \$12.00

HANDLEBAR U-BOLT BASE

A handlebar clamp base with one or two balls. Add spacer to protect finish or to fit on smaller bars.

Single Ball #6229 \$14.00
Double Ball #6289 \$27.00
Spacer #6279 \$2.50

C-CLAMP BASE

No-drill (up to 2") clamp mount for yoke mounting with one ball.

#6276 \$25.00

FLAT

45°

MIRROR STEM MOUNTS

Flat surface mounts.

Flat #6213 \$13.00
45° #6278 \$13.00

ULTRA MOUNT

An extremely well-made and ingenious clamping/positioning device. The base is an aluminum extrusion that will accommodate and grip either round tubes or flat shapes to a maximum diameter of 1.5". Atop this is a swiveling, indexable plate sporting a ratcheting "knee" that supports a locking ball-mount with a finger dial and a 1/4"-20 screw at the top. Intended for mounting a camera, the versatility of this adjustable mount suggests a multitude of uses.

#2677 \$32.00

ULTRA PODS

Ever return home from a trip only to find that all of your photos are of the scenery and the other members of the group, but not you? These handy little tripods are perfect for stowing in a camera or tank bag so it's at-the-ready to help capture a group shot or portrait at that stunning vista when there aren't any camera-friendly tourists to employ. Light and strong, these tripods feature a unique ball and socket camera mount assembly, foldable legs and a hook & loop strap. Compact and functional. Black. Small: 4.75" high, 4"x2"x1.75" folded. Large: 6.25" high, 7.25"x2.25"x2" folded.

Small #3960 \$18.00
Large #3961 \$22.00

DOUBLE BALL CONTROL BASE

Two 1" diameter mounting balls securely attach to handlebar clutch/brake clamp on left or right side. Powder coated marine grade aluminum with 40mmx6mm stainless steel hardware. 'B' size, 1" rubber mounting balls.

#6302 \$20.00

MIDORI 2 TENT

Nuanced details like a large, side opening D-style door, an integrated 9.7 square foot vestibule area for weatherproof storage and two interior pockets and gear loft to keep essentials close at hand, combine with an enhanced V3 design for a tent system with the ultimate volume, venting and versatility. The bathtub floor design wraps up to protect against standing or splashing water, while the freestanding, shockcorded post and grommet assembly is lightweight, easy to set-up and provides seemingly acres of internal space for a 2 person tent, with a 7'4"×4'7"×3.9" floor space with 3'7" center height. Packs to 5"×18". 4lbs. 7oz.

#1771 \$149.00

AMARI PASS SOLO TENT

Featuring a mesh tent body to aid ventilation and lighten the load, the versatile end entry design features a spacious all weather vestibule created by the weatherproof rain-fly. Free standing aluminum post and grommet for lightweight stability that is fast and easy to set-up. The interior features two storage pockets, a gear loft and flashlight loop help keep you organized and maximize space in the 6'10"×3'×2'4" layout. Packs down to 5"×16". 4lbs. 10oz.

#1773 \$119.00

HIGH TECH COT

Sleep in bed-like comfort with this lightweight cot. Packs small, so it's convenient for taking along. Set up is quick and painless. When assembled, it stands supported by bowed trusses 4" off the ground, so you can sleep on your stomach, back, and even on your side in suspended comfort. If your back can't handle the cold hard ground, or if you're tired of sliding off of your sleep pad in the middle of the night, this cot provides the perfect solution. Sleeps cool in hot weather by allowing air to circulate below you, or combine with the Luxury Lite Pad for extreme comfort and added insulation on cold nights. Low profile design so you can even place it underneath your tent. Inside the tent, it will not damage the floor, and outside the tent, no ground cloth is needed. You can walk across the cot without harming it. If you sit on it, your butt will sit on the ground, but when you lay down, you float above the ground. Even if you're 7' tall, you'll sleep great because there are no poles across the ends to hit your head or feet. Also might make a nice parasail when combined with skates and a frozen lake (?). Ultralight aluminum and polycarbonate construction. Supports up to 325 lbs. Comes with carrying bag. 74"×25"×4.5" (set up), 16"×5" (packed), 48 oz. Grey.

#4105 \$229.00

PILLOWSACK

All the comfort of a real pillow, without the weight. Ultralight sil-nylon stuffsack features a luxuriously soft, pillow-shaped outer lining on one side. Stuff with a soft fleece or fluffy down jacket and prepare for a good night sleep. 2 ounces. 14.5"×7"×3.5". Assorted colors.

#4164 \$19.00

PILLOW INCLUDED WITH
WIGGY'S BAGS

ULTRALIGHT WIGGY BAG

Summer and hot weather: that's when you do most of your traveling and camping, and this bag is just right. The rectangular shape is more comfortable in hot weather because it allows you to move your legs and feet around. You'll get a better night's sleep. As light and small to pack as a standard "mummy" design. Open the long zipper down the side and across the bottom to use it as a blanket, too. Will pack smaller than 6.5"×12" in our small size Square Compression Stuffsac (#9080). Dimensions 80"×31". Weighs 2.5 lbs. Loft 2.5". Rated to 45°F. Black.

#701 \$149.00

LIGHTWEIGHT WIGGY BAG

The same design and features as the Ultralight but longer, wider, and thicker for more room and warmth. This is the all-around bag to have if you like a square shaped design. Packs smaller than 8"×13" in our medium size Square Compression Stuffsac (#9081). Dimensions 84"×36". Weighs 3 lbs. Loft 3.5". Rated to 40°F. Purple.

#702 \$169.00

AM/FM/WEATHER RECEIVER

Sure your high-tech, app-infested mobile do-everything phone thing will show an up-to-the-minute-radar map-in-motion and allow you to find out what the weather is going to be anywhere, a week from some Tuesday...but what really matters is if it's going to rain or not during your ride today. This compact pocket radio easily tunes in your local weather forecasts on AM, FM and all seven NOAA Weather Alert frequencies. Reliable forecasts (and music, news, etc...) almost anywhere, with no expensive monthly fees or "dead zones" common with cellular service providers. Features include a built-in speaker, headphones with 4' cord and 3.5mm jack, clock, removable belt clip, auto channel seek, 19 memory presets, battery power indicator, external plug-in antennae, 90 minute auto shut off option and PLL synthesized tuning system. Uses two AA batteries (not included). 4"x2.5"x.75".

#3916 \$79.00

AM/FM STEREO + SHORT WAVE RECEIVER

An amazing pocket radio for travelers that packs a ton of exceptional features and performance into a compact case with an anodized aluminum front. This direct entry PLL synthesized receiver has a folding stainless telescopic antenna, 30 memory presets, manual and seek tuning, an alarm and an LCD display light. Also has a clear built-in speaker and comes with an external antenna, stereo earphones, an AC adapter and a soft fleece carrying case. Uses two AA batteries (not included). A great value. About the same size as a pack of smokes. 4.5"x2.75"x.75".

#3863 \$49.00

SAE TO USB ADAPTER

Easily charge or power a smart phone, MP3 player, tablet or other electronic device with this handy SAE to USB adapter. Stores in a pocket or tank bag when not in use. 12V. 2.75".

#3158 \$20.00

INTERCOM SYSTEM ADAPTER

Adapts any 5, 7 or 8 pin motorcycle intercom system connector (Most aftermarket types, OEM Gold Wing, Harley, etc...) to a standard 3.5mm stereo plug for use with earbuds and ear speakers. Simple, durable and reliable.

#3900 \$19.00

ETYMOTIC MC5 HIGH-DEFINITION EARPHONES

Tight, accurate bass with crystal clear high-frequency detail is the sound delivered with these best-in-class earphones. Includes an assortment of ear tips for a secure, comfortable and customizable fit with industry leading noise-isolating properties, reducing ambient noise by 35-42 dB. A Kevlar® reinforced 4 foot cord with built in cable slider ensures durability and accurate sound quality for many riding seasons of listening pleasure. Includes zippered nylon carrying case, Three pairs of replacement ear tips (3-Flange, Foam and Glider styles), adjustable keeper-clip, filter removal tool and replacement filters. 48" cord, 1/8" (3.5mm) headphone jack.

#3134 \$79.00

ETYMOTIC HF 5 EAR SPEAKERS

No compromise, high-performance noise-isolating earphones that deliver best-in-class benefits at an affordable price. These comfortable wearing earsets reduce external sounds by about 35-42 dB which surpasses even active noise cancellation systems (for comparison, the Koss blocks about 8-12 dB). These fill that silence with an extended high frequency range and an excellent deep bass response. The overall fidelity of sound reproduction will amaze you. Includes nylon travel pouch, three pairs of replacement ear tips (3-Flange, Foam and Glider styles), adjustable keeper-clip, filter removal tool and replacement filters. 48" cord, 1/8" (3.5mm) headphone jack.

#3135 \$149.00

ETYMOTIC ER 4 MICRO PRO EAR SPEAKERS

An investment quality ear speaker for musicians, sound engineers, audiophiles and discriminating motorcyclists. Featuring balanced-armature, precision-matched, custom-tuned drivers, these ear speakers offer unsurpassed frequency response accuracy and sound quality...you'll immediately notice a richer texture of nuances, shadings, hues and details. Sounds you've never heard before. Superb noise isolation characteristics reduce unwanted outside sounds by as much as 98% (35 dB to 42 dB) while delivering a world-class auditory experience. Comes with a complete array of adapters and accessories to enhance and personalize the fit and comfort. Includes hard cover storage case, nylon travel pouch, airline adapter, ¼" stereo plug, shirt clip, filter tool with extra filters and an assortment of replacement ear tips. 60" cord with standard 1/8" (3.5mm) headphone jack.

#3136 \$299.00

COMPLY™ NR10 EAR SPEAKERS

High-tech noise reduction earphones designed for use with the iPhone, they incorporate the same technology used by military pilots to reduce noise interference, obtaining a Noise Reduction Rating of 29dB. Viscoelastic polyurethane foam tips deliver amazing comfort and secure in-ear fit deliver crystal clear communication and an enhanced listening experience. An integrated microphone and function switch on the cable allows users to answer and end calls, play, pause and skip songs with the touch of a button.

#3173 \$89.00

WARNING! These devices may block out ambient sounds important for safe riding. Do not use where other road users may be present. Check for local laws.

XL50 LED

Enhanced performance LED with an ultra-distance adjustable focusing beam that projects up to 145 meters. This weatherproof, impact resistant torch is small, tough and ready to light up any task. A powerful 104 lumens, it will burn continuously on full power for over 8 hours with the three included AAA batteries, or up to 36 hours on low power mode. Easy to operate push-button tail cap switch also activates an emergency safety strobe mode. Made from rugged anodized aluminum in a sleek, performance oriented tactical design. 1"×4.75". 104 lumens.

#8245 \$42.00

PELICAN L1

A concentrated close-quarter beam emits from the 6000 candlepower white LED in this tiny and therefore handy flashlight. Built to Pelican's usual high standards, this little unit slips unnoticed into a pocket, ensuring you will have light when you need it. Four replaceable LR44 Alkaline coin cells (included). A really nice little flashlight. 2.75"×1". 8.9 lumens.

#887 \$20.00

ORIGINAL KRILL LAMP

At 5"×1", the Krill Lamp fits in any pack or pocket. With two AA batteries, it weighs a scant 3 ounces, and will radiate 360 degrees of soft glowing light for up to five days. That's as long as 15 chemical light sticks which cost 25% more. The durable case and positive on/off switch are waterproof to 150 feet and rated to 3000 hours of use. The perfect light to hang in a tent. White.

#845 \$26.00

NANO LIGHT

Practically microscopic in size, this nano-lightology machined aluminum marvel shines brighter than most lights 10 times its size. Featuring a 100,000 hour LED bulb, it will radiate a bright 10 lumens for up to 8 hours, on one set of batteries (included). Weatherproof and featuring a detachable clip, this tiny little torch really can be taken along anywhere... 'cuz you never know when you might need a little light. Weighs only .36 oz. 1.47"×.51".

#8201 \$12.00

PRINCETON TEC PULSAR

For those fumbly tasks that get less so when you can see what you're doing, this amazingly bright, coin-sized LED flashlight stores invisibly on your keyring. The Switch version features a lock-on switch for when you need both hands free. Two replaceable lithium coin cells (included). 4 lumens.

Switch #885 \$9.00

INOVA XS LED FLASHLIGHT

Equal parts small, bright and handy and packed into this water resistant, precision machined torch to provide superior light output and visibility. With an effective range of 190 feet, the dual mode light throws an impressive 53 Lumen beam in High output mode, with 1 hour 20 minutes of run time, or provides up to 26 hours of a more subtle 6 Lumens in Low output mode. Easy to use three-position end-cap switch activation. The included metal S-Biner and lanyard make it a snap to attach the XS to a key chain, belt loop, zipper pull, or D-ring, but it's small enough to fit easily in a pocket, too, and light enough to carry with you wherever you go. 1-AAA battery included. 2.9"×.6", 1.10 oz. USA.

#8252 \$22.00

BOOK COVER

Designed specifically for use with all Rite In The Rain notebooks, but is also the perfect size for a paperback book or personal journal. Four pockets for writing utensils and plenty of space behind the cover flaps for important documents or extra stuff. Tough Cordura with rugged zipper closure. Protect your prose or favorite Twain. 8.75"×6.75". Tan.

#5916 \$20.00

"The last time I did such a ride (long urban surface streets) was probably about twenty years ago, but it didn't involve alleys. I was in Los Angeles and looked at the map of the entire LA area and figured out that one of the surface streets ran from Indio or Ontario or somewhere all the way to the Pacific, a distance of something like sixty miles. I decided to try and do

INFINITY TASK LIGHT

Designed for the most demanding conditions, this may be the toughest lil' flashlight you ever own. Machined from solid aircraft aluminum, the pint-sized and water resistant Infinity features a bright, high-intensity white LED that throws a beam for 30 feet and will last a lifetime. Driving this is patented circuitry that manages the flow of power to the LED, increasing battery life substantially. Burn time is up to 60 hours on the included AA battery. Metal clip allows for hands-free use. 8 lumens. 3.25"×0.75".

#874 \$27.00

CLIMPLITE LED

Easy to activate with a quick twist, the bright, water-resistant LED is encased in a durable plastic housing, molded to a rugged plastic carabiner clip. Attach it to your key ring, belt loop, zipper pull, backpack or tankbag for efficient, bright illumination wherever you are, whenever you want. Perfect for everything from reading fine print to finding a keyhole. Attach to your clothing to let people know where you are in the dark for increased visibility and safety. Choose Red or White. Battery run time 24 hours on easily replaceable, included 3V Lithium battery. 0.18 oz. 1.7"×1"×.5". 00 Lumens.

Red #8249 \$3.00
White #8250 \$3.00

INOVA X1 FOCUSED LED

A compact and super-brilliant LED projector flashlight of uncompromising design and build quality. Throws a focused, defined beam up to 65 feet for 10 hours at full brightness. Its military grade anodized aluminum body holds the included AA battery. A twist cap provides constant on/off function and holds a momentary button-on switch. There's a lanyard hole, a double-coated glass lens, a digital power regulator and a bunch of other techno. Reliable in extremes. A compact 4"×.75". 40 lumens.

#8203 \$24.00

SCORPION™ POLICE FLASHLIGHTS

Ever wonder how most police officers are able to produce intense, bright light from a single flashlight (not that any of us have ever experienced this first hand of course)? Lots of cops carry these. They're a couple of the lightest and brightest personal lights ever made. Besides sending heart rates sky high, they're so bright that they're sometimes used as a self-defense mechanism to temporarily blind opponents. The Police Xenon delivers 7900 peak beam candlepower, thanks to its powerful xenon bulb. That adds up to 114 whopping lumens, the brightest flashlight we carry. The Police LED features an anti-roll head and has a superbright LED for a total of 47 lumens. Because of their intensity, the included 3V "123" lithium batteries last 1 hour at full strength for the Xenon and up to 3 hours for the LED, slowly decreasing in strength thereafter. On the other hand, the batteries have a 10-year shelf life. Built of machined aluminum with a rubber armored sleeve and positive sealing o-rings, these are superlative pieces of work that will drive back the dark when you need it most. Truly blinding and far reaching light. Please make sure you don't go and do something dumb like point either of these right into your own eye after you turn them on. Like we did. Ouch. Xenon is 5"×1", 4.4 oz. LED is 5.7"×1.25", 5 oz.

LED #853 \$68.00

Xenon #847 \$52.00

Replacement Xenon Bulb #852 \$9.00

MULTI BUG LITES

This multi-purpose pair keeps bright LED lights at your fingertips. Built-in elastic strap wraps securely around handlebars with no tools, no hassle. Can also be used for a keychain light. Includes one white and one red light. Easy on/off power push-button. Features two lighting patterns: On and Flashing. Small enough to take with you anywhere—and so useful, you'll be glad you did.

#8200 \$12.00

INOVA X5 WHITE LED FLOODLIGHT

Blazing intensity from 5 brilliant white LEDs will show you what you are doing, or where you're going under any conditions. This is an extremely well-made handheld lighting unit that is waterproof to 150' and turns on with a twist of the barrel. It uses two 10 year lifespan 123A lithium batteries (included) that drive the emitters with enough punch to be visible at a range of 2 miles under dark conditions. LED life is calculated at 110,000+ hours which oughta hold ya. A fluted body/barrel enhances grip. Think of it as the Colt's Dragoon of flashlights. 4.75"×1". 60 lumens.

#873 \$34.00

this as one long ride and it turned out to be pretty fun. Went through all kinds of different neighborhoods, from scary-gang dominated east LA blocks where I kept my hand on the clutch lever at stoplights, to absolutely pristine wealth and perfectly landscaped West LA or Hollywood mansions. The smells ranged from grilling BBQ and spicy Mexican

cooking east, to sunbaked auto-congestion exhaust in the middle, to fragrant orange blossoms on the west side, to salty beach air at the end. This is the kind of experience one can only have on a motorcycle. “

—Mr. Subjective 3-13

BLACK DIAMOND ICON HEADLAMP

Great for general after-dark camp wear whenever you need to do any kind of hands-free work without slobbering from a mini-flashlight clenched in your teeth. Durable and waterproof, the mega-bright Quad power LED spotlight (two single power white and two Single power red LEDs) won't leave you wanting in the light department, with settings that include full strength proximity and distance modes, dimming, strobe, red night vision and lock mode. The whopping 200 lumen output of this torch will throw a beam up to 200 meters and burn for an impressive 80 hours on high power (175 hours on low power) with the included 4 AA batteries, a power meter shows remaining battery life for 3 seconds after switching on. Simple push-button operation and comfortable, easily adjustable head-straps make this a go-to light in any situation. 2"×1.5"×1.3", 7.8 oz. 200 lumens.

#8246 \$79.00

PRINCETON TEC HEADLAMP

This headlamp is designed to confidently guide you through the darkest conditions you may find yourself in. Lightweight and incredibly well-built so you won't have to worry if it takes a tumble or accidentally gets knocked against something hard. Some LED lights burn bright in the beginning and slowly fade as the batteries run low. This is equipped with regulated LEDs that maintain constant brightness throughout the life of the batteries. Smart idea. Plus, a monitor lets you know when it's time to change batteries. Three brightness levels and a 90 degree rotation focus light right where you need it. Has four brilliant white LEDs for all-round illumination. Waterproof up to 1 meter. 21 lumens. Included batteries last about 150 hrs. 2.25"×1.75"×1.25". 3.5 oz.

#8209 \$36.00

MOONLIT

WRAPLIT

MOONLIT LED AREA LIGHT

Bright light, anywhere you need it, everywhere you go, with an integrated 18" reusable rubberized gear tie you can prop, twist, hang, loop, or wear a bright white, weather resistant, glowing LED. Glow mode illuminates for up to 20 hours of steady ambient light on a single set of two 3V lithium batteries (included), or press the push button switch to activate Flash mode and wrap around handlebars, pack straps or your arm for enhanced nighttime visibility. With the Nite Ize MoonLit, you can prop, twist, hang, loop - even wear - bright ambient light, anywhere you need it, everywhere you go. 5.2"×3.1"×.86". 1 oz.

#8251 \$10.00

WRAPLIT LED UTILITY LIGHT

Two clever devices blended into one super useful gadget, a four function (high, low, strobe and signal) focused, bright white water resistant LED with an effective range of 50 feet and one-mile visibility, combined with a durable, flexible 18" rubberized gear tie for attaching, hanging, or positioning the light at almost any angle imaginable (because sometimes you need light in remote, awkward, or hard to reach places). 6 Lumens (high - 10 hours)/1 Lumen (low - 22 hours). Two 3V Lithium batteries included. 5.5"×3.1"×.50". .85oz.

#8253 \$12.00

ESTRELLA LED

Like bringing a house lamp to your campsite or roadside repair—without the weight or bulk.

This compact and ultra-portable LED throws an amazing 160 lumens while the low draw of the single 3W bulb sips power through your bikes accessory port with the included 12V plug adapter. Use it alone or daisy-chain up to 8 lamps together to be bathed in hours of brilliant light. The nine foot long extender cord provides plenty of reach, with an adjustable in-line carabiner for easy hanging. A 15" snake-like bendy cord wraps around handlebars, tent poles, branches, etc., to keep the durable and lightweight casing securely in place, while directing the light exactly where needed. More than just a lamp, this is an all-star illumination system that radiates versatility. Destined to become your go-to light source. Rated for 20,000 hours of use. 2"×2"×2", 11 oz. 160 lumens.

#843 \$59.00

PETZL TIKKA 2 XP COMPACT HEADLAMP

Compact, comfortable and crucially convenient. Illumination for hands-free after-dark roadside repairs or that page-turner in the tent. Easy to use on/off switch for quick toggling between five lighting modes, including long range beam (shines up to 200 feet), economy mode and flasher. Also features continuous and flashing red light modes to preserve night vision or use as an emergency signal. Tilting base allows the bright 60 lumen high-output LED bulb to be pointed exactly where you need it, and an easy to manipulate wide angle lens offers more lighting options. Adjustable buckle on elastic headband doubles as an emergency S.O.S. whistle too. The ideal combination of light weight, small size, versatility, powerful lighting and long burn times. Three included AAA batteries last about 160 hours. 2.25"×1.75"×1.5", 3.1 oz. 60 lumens.

#8241 \$59.00

REMIX HEADLAMP

Versatile, water resistant, bright, compact, easy to use (...choose any three and the other two are included at no extra cost). One large push-button switch toggles between an intense one LED Maxbright narrow-beam spotlight that throws a beam nearly half a mile, or a three LED Ultralight powered wide-beam pattern. Shines brightly at up to 70 lumens, and will keep lighting your way for up to 200 hours (in low and wide mode) with the three included AAA batteries. Lamp is housed on a pivot to let you direct light just where you need it and attaches to a fully adjustable elastic headband. 2.93 oz. 2.5"×1.75"×1.3". 100 lumens. White or Green.

#8243 \$49.00

PETZL ZIPKA LED

Now this is neat. A tiny but bright LED headlamp that has an integral headband (well, cord) stored in its body. What this means is you have a fits-in-the-palm-of-your-hand flashlight that you can quickly deploy as a headlight that points where you are looking. Which certainly beats clenching a standard light in your mouth with drool running down the barrel as you attempt to carry on with the task at hand. Pocket sized and very handy, you can of course use the spring-retrieved head cord to mount the lamp on things other than your brow, like your wrist. Runs on 3 AAA batteries. 38 lumens.

#894 \$47.00

John Alexander on the Spain/France/Andorra border in the Pyrennes, 2007

ESSENTIAL GEOGRAPHY WALL MAP

Unequivocally the best old-school paper version you'll ever see, this map is rich in details and subtle nuances portraying the US as a tapestry of basic geographic elements inlaid with a broad, multi-cultural spectrum of landmarks. Award winning cartographer, David Imus, dedicated 6000 hours to meticulously craft this beautiful map, at once maximizing information and readability, with an emphasis on topography. Travel with your eyes and encounter 1,000 hidden geographic nuggets along the way, this intrinsically useful piece of art that will draw you in with beautiful detail and inspire a greater appreciation of, and desire to explore, the real places it was inspired by. Completely indexed on back with all cities, landmarks and places of interest, this is a uniquely fascinating map. Printed on high-quality heavy paper. 50"×35.3".

AEROSTICH RIDEABLE DAYS POSTER

How many days would you like to ride? Based on a formula that includes selected ambient temperature ranges when riding with Aerostich gear, this colorful map portrays a fascinating representation of the annual number of rideable days easily achievable annually throughout the United States. Riding everywhere is fun, comfortable, safe and...practical. Do you ride more? or less? Keep track of your riding days to see. 38"×26"

#4162 \$10.00

BUTLER MOTORCYCLE MAPS

These provide the overviews you don't see on any GPS, and let you easily find and navigate to the best rides you'll ever experience. Every map uses a three-colored high-light system showcasing ONLY the good/better/best sections of each road. The overall quality and detail of the cartography is stunning. See and link together the very best parts of the most spectacular and sometimes remote roads—stuff you'd never find otherwise, including many hidden 'Lost Highway' gems—for truly memorable and incredible rides. Elevation profiles, climate guides, fuel stops and even QR codes also provide solid information about where to sleep and eat or what to see when you're not riding. Backcountry versions are designed for off-highway routes for memorable adventure and dual-sport rides. All are rugged, waterproof and tear resistant to provide years of planning reference and resist on-the-road abuses. Each is 38"×26" and they fold easily to fit inside tank bag map cases.

COOKING GUIDE FOR MOTORCYCLE CAMPERS

A minimalist resource, packed with maximum flavor packed tips, recipes and information. A recommended resource of 29-pages that will guide and inspire you to create quick, easy, healthy and delicious meals, using fresh ingredients you can pick up along your travels. An excellent addition to your on-the-road cook-kit that will delight the senses and provide the means to create authentic culinary campsite cuisine. By Tina Hansen. Softbound. Color photos. 29pp.

#5642 \$10.00

RIDING OFF THE EDGE OF THE MAP

When everything familiar, comfortable and understood no longer apply, the journey of examination into fundamental questions of how to ride and how to live can begin. A true account of the author and two fellow motorcyclists, as they face alluring beauty and unspeakable terror on a quest of discovery through the heart of Central Mexico's Sierra Madre Mountains and into the largest canyon system in North America. External struggles create opportunities for internal contemplation and self-discovery as they struggle with impassible roads, injury, breakdowns and a search to find their way back, figuratively and literally, to civilization. By David Bryen. 8.5"x5.5", 220 pp.

#5644 \$17.00

MOTORCYCLE JOURNEYS THROUGH NEW ENGLAND

Detailed maps and clearly written route directions with 25 trips that include something for every type of rider, from scenic two-up backroads to all the twists and curves a sport bike can handle. In addition to scores of motorcycle-specific New England routes there are also unique recommendations for places to eat, stay and visit along the way. Third edition. By Marty Berke. Softbound, 5.5"x8.5", 256pp., b/w illus.

#5643 \$27.00

THE MAN WHO WOULD STOP AT NOTHING

Here is a book about hard-core, non-stop, record-crushing, subversive, all-weather, bad-ass motorcycle endurance riders—and in particular the peeled-back story of John Ryan, a living legend motorcyclist made of resolve, discipline, toughness and brains. Along the road you'll meet an impressive range of other extreme riding obsessives, and gain a deeply informed understanding of motorcycling. A captivating read, impossible to put down. By Melissa Holbrook Pierson. Hardbound, 5.5"x8.3", 208 pp.

#5618 \$24.00

"If you have a globe, take some string and do the 'great circle' between A and B, and see what is actually the most direct route. Forget Mercator-projection roadmaps. Pick out some towns along that line and use them as waypoints. Then connect the dots."

—Mr. Subjective, 2013

Why Portable Chairs are Important – Not as obvious as it might seem. These small chairs are the real key to great camping experiences. Having one along gives you much more than a good spot to park your butt no matter where you are at the end of the day. They really give you a chance to invite yourself to sit around another camper's fire and share a few stories, gain wisdom and make some new friends. So bring your own chair (and maybe a flask?) and sit down and make some wonderful memories.

Some specifics: The Kermit chair is by far the most comfortable, beautiful type here. Over the past two decades it's become a genuine made-in-USA American motorcycle camper classic. If you ride a touring bike and have the space, it's still the bomb, but at five pounds it's a bit heavy and bulky for adventurous dual-sport and sport bike rides. Of the others, I like the Mantis best. It's nearly as comfortable as the Kermit but packs much smaller and only weighs a pound and a half. It also sets up and takes down slightly faster and easier. And for extreme ultra-light and super-compact packing, any of the others make great choices, too. Just bring one. – Mr. Subjective, August 2013

THE KERMIT CHAIR

Chances are you've noticed the twisted, broken remains of many a plastic and aluminum discount-store folding chair abandoned or stuffed into garbage cans after rallies and events. Ah, wasteful, race-to-the-bottom consumerism...You will never see The Kermit Chair suffer such an ignominious end, however, because this is the real deal, a hand-crafted piece of artistic sitz-tech that will keep your butt off the ground with unmatched elegance, ruggedness, and utility. Constructed of beautiful oak and aluminum structural elements, with Cordura fabric, the Kermit weighs only 5 lbs. and packs into a 4"x6"x23" Cordura bag. When you are ready for your last folding chair, the Kermit Chair awaits. Blue, green, burgundy, or black.

#740 \$137.00

Leg Extensions #741 \$47.00

MONARCH TWO-LEG CHAIR

This ultralight camp chair is so comfortable it will never be empty long enough to swing in the breeze. Unique two-leg design and double ripstop nylon sling-style seat cradle you about seven inches off the hard ground below. Simple and quick to set-up with super-light, tent-style collapsible aluminum poles. Breaks down easy too, and stores in matching nylon stuff sack. This chair rocks...literally, the dual legs are adorned with non-skid rubber feet that let you kick back and relax in lounge style comfort. 23"x21"x17" (set-up), 12"x4" (collapsed). 1.35 lbs, 250 lb capacity.

#744 \$67.00

SVEA 123 STOVE

Timeless design. This stove has been around for over a century and still sets the standard for compact outdoor cooking equipment. An ultra-classic lightweight white gasoline stove, made of solid brass, there is no design obsolescence with this neat little stove, it just works. Weighing a mere 19 ounces, the compact design features an aluminum lid that doubles as a small cooking pot, this stove is ideal for single ventures or when volume and weight must be kept at a minimum. The integrated 4 Oz. fuel tank is self pressurized, requiring no pump. This single burner will boil a quart of water in about 7 minutes, with a full fuel tank providing up to 50 minutes of burn time. Weighs 19 oz. 3.9"x5.1".

#4146 \$109.00

JETBOIL FLASH COOKING SYSTEM

This is an ultra-efficient all-in-one design combining cooking vessel and burner in one compact system. Transfers about twice the heat output of conventional camping stove-and-pot combinations—so your minestrone, chowder, coffee or ramen will boil faster on less fuel. The 1 L mug shaped cooking cup is wrapped in an insulating cozy and features a unique color-changing heat indicator to signal when the contents are hot. Add the optional Pot Support/Stand and Coffee Press that stow securely inside the unit for added versatility. A built-in piezo electric igniter and heat exchanger brings water to a boil in minutes. Space-saving design allows everything to nest inside the cup for convenient storage.

Flash #4128 \$99.00

Pot Support/Stand #4065 \$17.00

Coffee Press #4066 \$17.00

JetBoil Fuel #4047 \$6.00

MAYFLY CAMPING CHAIR

Lightweight, portable and perfect for sitting and seeking wisdom near the campfire after a long day of riding. The strong, stable aluminum frame keeps you low to the ground for added stability, while a detachable front leg gives the option of rocking or resting and relaxing. Durable ripstop nylon material is comfortable for hours of after ride lounging. Packs up small into included stuff sack for easy portability. Orange. 20"×20.5"×15" (set-up), 11.5"×4.3" (collapsed) 1.4 lbs., 250 lb. capacity.

#747 \$97.00

MANTIS CAMPING CHAIR

Mega-strong aluminum frame with a stable four-leg base design offering a breathable, comfy ripstop sling-style seat, perfect for lounging around the rally or camp. Lightweight and portable, it packs into a compact nylon stuff-sack and fits easily into a saddlebag, duffel or seat bag. Black. 29"×21.5"×22" (set-up), 13"×5.5" (collapsed). 1.6 lbs., 250 lbs. capacity.

#767 \$117.00

ROLL-A-CHAIR

One of the strongest, lightest and most portable folding chairs available—not a cheap throw-away. The legs are made of a special alloy, reinforced at the center hinge to provide strength with less weight. The seat is made with two layers of fabric supported diagonally across the middle and attached to straps on the back. When you sit down, weight is distributed to produce comfortable support with no sagging. Folds to a 4" diameter bundle with a built-in shoulder carry strap. 26.5"×4" (collapsed), 2.5 lbs, 250 lb capacity.

#4068 \$47.00

ATLAS STOOL

This is the smallest, strongest, most lightweight, versatile, take-it-anywhere rump roost available. The anodized aluminum tubular telescoping legs are flattened on one side to lock in place and sit sturdy on any surface, even in sand or mud. Once the legs are extended, they'll stay put until you're ready to move on. Folded up, it's not much bigger than a thermos and carries effortlessly. The unextended leg position is excellent for low-to-the-ground jobs—it takes a minute to get your balance at first, but once you get the hang of it, your knees and back will forever thank you. Seat is made of ripstop nylon mesh, easily supports up to 495 lbs. and has been tested to withstand up to 900 lbs. Comes with a durable carrying pouch. Made in Sweden, where they know a thing or two about design. 22"×16" extended, 16"×3.5" collapsed. 28 oz.

#751 \$94.00

AEROSTICH BACKPACKER'S GRILL

Sometimes the sizzle and pop of a steak over an open fire outserenades a hissing stove. Made of chrome-plated steel, this foldable 12"×6.5" grill is great for when you have something meaty, like steaks, chops, or fish, and want to sear 'em over a fire, like things were meant to be. This grill is perfect for spanning said fire and supports medium sized pots and skillets. Unfolds to make a sturdy grill and folds flat for out of the way packing. Comes with a rugged Cordura storage bag. 10 oz.

#4070 \$18.00

WIDE WORLD OF SPORKS

The preferred take-along food handling tool for minimalists. Other catalogs have been selling these elegant utensils for years (...uh, why?) There must be some universal appeal to the utilitarian, ultralight, all-in-one, take-it-with-you, be ready to eat "anything, anytime, anywhere" idea. The Titanium and the Teflon® friendly Polycarbonated sporks pull triple duty with a built-in serrated cutting edge on one of the fork tines, while the two eco-friendly bamboo versions help to save the planet, one bite at a time. Pack one of these in a tank bag, fanny pack, cook kit...or even a jacket pocket and always be ready to eat your Jell-O. Titanium/Polycarbonated 6.75"×1.5", Large Bamboo 6"×1.25", Small Bamboo 3.6"×1.25".

- (A) Titanium #4138 \$17.00
- (B) Polycarbonated (Asst. Colors) #4134 \$5.00
- (C) Large Bamboo #4139 \$7.00
- (D) Small Bamboo #4135 \$4.00

MICRO & MACRO TABLES

Now pay attention 007. These roll-up, fold-out aluminum tables will keep your martini and potted shrimp off the dirt and pine needles that comprise the ground cover at so many unimproved campsites, rally and race sites, and "off the beaten path" places without campground amenities like picnic tables. Admittedly a bit decadent at first glance, but quite practical and handy in use. The smaller Micro table is 11"×15" and will get your stove and other kitchen stuff off the aforementioned terra firma. It packs to 3"×3.5"×15", and weighs just a tad over a pound. The two person Macro is 24"×18" with longer 15" fold-out legs to keep your stuff even higher off the ground. It packs to 3"×5"×24", and weighs 4.7 lbs.

- Micro (11"×15") #4002 \$34.00
- Macro (24"×18") #4069 \$47.00

SLATGRILLS

Portable enough to take anywhere, tough enough to last you a lifetime the SlatGrill is a complete cooking system, compatible with any fuel source (butane, alcohol, wood, pinecones, charcoal...), offering unrivaled cooking potential. Set-up in seconds and put away just as fast due to the fully collapsible and packable design. The robust 9"×9"×4" base focuses the heat for optimal cooking, while the adjustable slats function as an adjustable surface capable of holding 200 lbs, or the slats can be adjusted individually to use them as skewers or individualized grilling surface. Packs flat and stores in sturdy zippered fabric storage pouch. Includes 4 notch base panels, 9 slats, and 2 stainless steel lifting chains. Available in 2.8 lb Stainless or ultralight 1.4 lb Titanium model. An ideal cooking tool to get restaurant or home quality meals, on the road. Lifetime guarantee on all workmanship. Patent Pending.

- Stainless #4175 \$89.00
- Titanium #4176 \$199.00

COLLAPSIBLE CUPS

It's always useful to have a cup handy, but hard to find room to carry one where it's easy to get to in a tank bag or jacket pocket. Regular cups are too bulky and cylindrical. Cheap, unreliable and fragile plastic versions of this telescoping invention have been around forever...but beautifully crafted, durable stainless steel ones like these are rare. Packs neatly anywhere so it's always at-the-ready. Suitable for enjoying hot or cold beverages. About 1"×3.5" (folded). Quaff away.

- 2 oz. #2024 \$13.00
- 5.4 oz. #2025 \$15.00
- 5.4 oz. w/ Zippered Carry Case #2027 \$23.00

BAMBOO UTENSIL SET

Lightweight and renewable, this bamboo utensil set is the perfect accompaniment for any meal on the go, with a fork, knife, spoon and chopsticks, conveniently stored in a sturdy storage case made from recycled plastic. Each strong, long lasting flatware piece is hand finished with top grade natural, food-safe wood oil and won't impart or absorb any flavors. A handy carabiner lets the case be clipped for easy access and the compact 0"×0"×0" container easily stores in a pack, bag or pocket. .10 lbs.

#4163 \$12.00

CREDIT CARD FOLDING KNIFE

The tuxedo is optional, but the stealth, function and cool-factor are akin to something 'Q' would bequeath. Weighing a scant 13 grams this ultra thin 2.2mm thick, 76mm long blade features an extra long 65mm surgically sharp cutting edge. The super light polypropylene self-storing case is the size of a credit card to easily and safely store in a wallet, tank bag or jacket pocket, while opening the blade results from three ingenious folding operations to metamorphosis the card into an elegant and functional pocket knife. Locking mechanisms ensure safe operation when open and securely docked when in the closed position. High quality, rust free stainless steel blade is waterproof and machine washable. 85.5mm×54mm×2.2mm stored. Black.

#2426 \$12.00

LOKSAKS

More than a glorified zipper-lock sandwich bag, these heavy-duty bags offer re-sealable, element-proof, hermetically sealed storage, certified to 200 feet underwater. They are made from an entirely different kind of material than "plastic" bags: It's thicker, softer, a bit rubberier and much more durable. These bags are perfect for storing wallets, important paperwork or expensive electronics to keep them completely protected during even the heaviest downpour or wettest river crossing. Absolutely no water, air, dust or humidity permeates these clear, flexible and puncture resistant bags. Available in multiple sizes, the 9"x6" version securely houses a Kindle and the 12"x12" model will fit an iPad, Kindle DX or is perfect for keeping important papers or maps dry. The 6"x12" size fits perfectly inside the large cargo pocket on a Roadcrafter or Darien, while the 4.5"x7" size works perfectly with the ShieldSak (#9272) to keep electronic data embedded in passports, mobile devices and credit cards shielded from would-be identity thieves. The 5"x4" holds an iPhone perfectly. These durable, re-sealable envelopes are also food-safe and they won't easily stretch, abrade, tear or puncture in rough use. Sold in packs of 3.

5"x4" #9273 \$7.50
 3.75"x7" #9327 \$8.00
 4.5"x7" #9274 \$8.00
 9"x6" #9276 \$9.50
 6"x12" #9275 \$10.00
 12"x12" #9277 \$13.00

AEROSTICH STAINLESS VACUUM THERMALS

Not only do these keep hot and cold liquids hotter and colder a lot longer than ordinary plastic or Nalgene bottles, they're also portable Buddhist temple gongs. Flat tire? Unforeseen crappy weather? *!#!&! minivan owners! No matter what the calamity or where you may be, just gently tap one of these incredibly resonant bottles on any hard surface and you'll be instantly transported to a state of heightened relaxation. Blood pressure...lowering. Urge to maim...decreasing. Impending myocardial infarction...gone. Ahhh...The effect is a lot like the Incredible Hulk, only in reverse. Double-walled, vacuum-sealed stainless steel with leak-proof lid and a carabiner clip. Calming effects increase with potency of libation. Safely carries 30°-206° potables. Sharp looking, too. 19 oz. is 9"x2.8", 25 oz. is 10.25"x2.8".

19 oz. #2053 \$20.00
 15 oz. #2028 \$24.00

ALUMINUM FLASK

A rugged black powder coated finish and unique oval shape allow this .4 liter aluminum drinking bottle to fit comfortably in your hand and stow easily in any tank bag, pannier or pocket. Features a durable leak-proof cap with a handy carabiner clip. The interior surface is specially treated to ensure beverage flavor is fresh and unaffected. Ultra-lightweight and BPA-Free, this compact bottle is just the right size to safely transport any beverage-of-choice. 6.5"x2"x3.7".

14oz. #2067 \$15.00

TITANIUM BOTTLE

Lighter than steel, fresher taste than aluminum and able to boil water on a stove top or directly in the fire (try that with plastic...), this titanium bottle is the crème de la crème of water receptacles. Drink with confidence knowing that this bottle is 100% safe to drink from, no chemicals leaching from the bottle material, no added liners that will break down over time and no foul plastic taste. The polypropylene loop cap seals tight with an O-ring closure to keep the contents secure on the go (just make sure to remove the cap if boiling water...) Light. Strong. Biocompatible. This is a better water bottle. Weighs 4.6 oz. Capacity 650ml (22 oz.) 10.5"x2.75".

#2058 \$75.00

TITANIUM VACUUM BOTTLE SYSTEM

Triple your pleasure with this titanium ménage a trois. The vacuum sealed, double walled insulated bottle comes with three lids; one for hot beverages, one for cold, and a third for easy sipping. The insulated thermal lid will keep your coffee or tea steaming hot for up to six hours. The cold lid includes a gel pack that can be frozen to keep any drink properly chilled, while the bottle also accommodates a canned beverage to act as a portable micro cooler. The drinking lid converts the bottle into a handy travel mug too. Neat. A lightweight enthusiasts dream, the bottle weighs a scant 5.7 oz. (without lid) and the titanium material ensures the flavor purity of your beverage of choice. Whether you're toting whiskey, hot chocolate, or both, raise your Titanium Vacuum Bottle in the air and boldly toast the good life. Kanpai! 6.8"x3". 13 fl. oz.

#2054 \$155.00

"About ten years ago, after she realized that the Aerostich company had achieved some sort of small success or recognition, a commercially successful artist friend here (who does not ride) asked me very sincerely: 'Did you plan it all out?' I was sort of surprised at the idea and it took me a moment to think. 'Of course not.' I replied. 'I just get up every day and do whatever seems to come up next, to make the business and products better, and hopefully more successful.'"

"Riding probably actually teaches us that. To move ourselves ahead one nano-moment at a time, with hope and faith (which is ever-strengthened by experience and practice) that the thousands of nano-decisions we make to guide the machine beneath us will mostly all be rewarded by our continued successful forward motion through the unknown landscapes that always lie just ahead."

—Mr. Subjective, 5-2013

ATLAS TITANIUM

A solid titanium case with an anti-reflective tempered mineral crystal, oversize superluminous numbers (and hands) and a shoulder guarded screw-down crown. Now check out the price. This modern interpretation of the classic field watch makes sense. It's light, tough, waterproof and inexpensive. Its accurate quartz movement is from Japan, there is a date function, and the case is tested waterproof to 330 ft. Unbeatable. Black Cordura band. 1.25" face dia.

#3876 \$129.00

PATHFINDER TI ALARM

Solid titanium construction and an alarm! What more could you possibly want? A 990R? Quiet back there... This is another fine St. Moritz watch, simply designed and robustly built for years of service. Water-resistant to 330 ft (!) and featuring Blackout Superluminous technology (which automatically keeps the dial backlit up to 8 hours), this watch is right at home on the wrist of the long-distance and adventure rider. Its snooze equipped alarm will let you know when "hit the road" time has arrived. The quartz movement moves hands on a clear, easy to read dial. Simple yet beautiful. Kevlar strap. 1.25" face dia.

#2130 \$169.00

ULTRALIGHT MILITARY WATCH

An abundance of elaborate, high-end military field watches are available today, made with state-of-the-art materials and loaded with advanced features. This watch ain't one of them, but it is a nice, affordable analog timepiece with such practical features as: Accurate Japanese quartz movement, date function and water resistant to 100 feet. The black nylon band fits comfortably around the wrist, or with an additional hole or two punched in it, can be adapted to secure around your handlebars. The medium size black watch face has a 1.25" diameter with white luminescent numbers and dials for easy reading day or night. Added value comes in the packaging, a surprisingly rugged, transparent, water resistant plastic case perfect for storing phones, portable electronics, a wallet or sunglasses. Neat. Case measures 6"×3.25"×1.5".

#2119 \$29.00

CODE BLUE TRASER MILITARY

Since 1989, the U.S. Army has specified the use and manufacture of this type of self-emitting illumination for its timepieces to ensure that soldiers can read their watches in the blackest of night. Bright blue Trasers mark the hour, minute and second hands, as well as at the 1-11 hour positions. Green and orange Trasers mark the 12 o'clock position. Made to the highest military standard from the very best materials, this is the same watch currently used by many US police forces, the British Special Air and Boat Services, US Navy SEALs, the French Foreign Legion and other leading specialist services throughout the world. Swiss made with superbly accurate quartz movement.

Lightweight, rock-hard carbon fiber case with mineral crystal and moisture-wicking band. Water resistant to 100 feet. 1.25" face dia.

#2137 \$229.00

SIGMA SPEEDOMETER

Just the thing for when you want more info and accuracy than most motorcycle speedos will tell you. Compact unit featuring separate odometer logs and auto stop/start, current speed, average speed, maximum speed, and average speed comparison. Trip distance, total distance, ride timer, stopwatch, thermometer and a clock are also included. All these functions can be reset independently of each other, lessening confusion. Oversize backlit LCD speedo reads up to 199 mph (or kph) and updates instantly. A button battery supplies power for a full year of riding and is easy to replace. Watertight construction ensures durability. Also features a backup storage chip and PC connectivity for trip data analysis. Instructions explain easy and precise tire calibration using circumference. If you're gonna ride 9 mph over, make sure you really are doing exactly 9 mph over. It's also great to be able to see your seasonal and annual big trip mileage independently and without calculation. A powerful and tiny computer that will give the traveler valuable information on speed and time. Includes a sending kit with an extra long pickup wire. 1.5"×1.75"×.5".

#2151 \$45.00
Light #2133 \$10.00

3M DUAL LOCK

Almost mechanical in its locking power (a lot like Legos®), with the added plus of being waterproof and far more durable than garden variety hook & loop. Four pieces, each measuring 2"×3.5". Two are clear, and two are black. Each is backed by an ultra powerful peel-and-stick 3M® adhesive.

#2250 \$12.00

STRIKEALERT

So you're happily riding out in the great wide open and you notice a storm approaching. It's a beautiful scene... just you, an approaching storm, and a 500 lb lightning rod under your body. FEMA estimates that strikes kill 200 people and seriously injure 750 more per year—including the occasional rider. Protect yourself with this detector. It will let you know if a storm is approaching or departing, and will alert you of approaching strikes up to 40 miles away.

A good thing on a grey wet day or long night ride. We have no clue how this thing works, but it really does. Small, dependable, accurate and effective. Comes with belt clip, and easy to use bar or fairing mount. Included batteries last up to 100 hours. 2"x2.75", 3 oz.

#8236 \$79.00

5-FUNCTION DIGITAL METER

Info galore in a compact, digital format that could fit nicely in your bikes' cockpit. Two thermometers incorporating an ice/freeze alert, a voltage meter, a three-LED battery condition meter, and a combination clock/stopwatch that operates in either 12 or 24 hour formats tells you a lot about your surroundings, the time, and the condition of your charging system. A "black ice" alert flashes when that hazardous road condition threatens. Temperature minimums and maximums can be stored in memory and cleared easily. Not extreme weatherproof unless modified (open, fill with silicon sealant, close.) 5.5"x1"x.75".

#4632 \$39.00

SCOSCHE IPOD REMOTE

Wireless RF remote system fits any iPod with a dock connector. Signal has up to 100 foot range and travels through tank bags, backpacks, pockets, panniers, (walls and ceilings, too). Remote holder securely straps to handlebars or any other convenient spot, via handy hook and loop strap. Features patented passthrough for charging and syncing. Control tracks, volume, play/pause, playlist and shuffle play. Remote measures 2"x1.25"x.25"

#3994 \$79.00

WATERPROOF IPHONE MOUNT

Attach your iPhone 4/4S to your bike with waterproof security. Rugged plastic case with silicone liner protects from knocks, scratches, rain, mud and more, tested to IXP4 water protection standard. Touch sensitive membrane allows complete access to all applications, with weather-sealed ports for cameras, headphones and cables. Case rotates for easy vertical or horizontal viewing. Included mounting bracket suitable for bars up to 1.5" diameter. Optional heavy-duty quick release AMPS mount adapter works with RAM gadget mounts. 5.6"x3.1"x.8". 3.2 oz.

Waterproof iPhone Case #3147 \$50.00
AMPS Mount #3149 \$15.00

HEAVY DUTY STRAP BRACKET

Heavy Duty Strap Bracket for use with #3147 Waterproof Iphone Mount. Fits handlebars or rails with a diameter of 45mm (1.77") or less.

#3174 \$12.00

"Having coffee with friends before work one day. It occurs to me that everyone sends you pictures from exotic places they've ridden. However, I was reminded that the reason I bought my first Roadcrafter from you in 1998 was so I could more easily commute to work. So, here I am, ready to go to work. The suit doesn't wrinkle the shirt, nor does it crush the bow tie."

— Steve Gross, Seattle WA, July 2013

SNAP-BACK CLASSIC CLOCK/ THERMOMETER

A 1.3" face design allows easy reading of these super accurate gauges. Water resistant to 3 ATM, the weatherproof anodized alloy case withstands shock and abuse and the non-oil filled thermometer uses German bi-metal technology to accurately display temperature readings from -20 to 140 degrees Fahrenheit. The rugged clock will provide up to 4 years of time keeping with the included, easily replicable button cell battery. Comes ready to install anywhere as a stick-on mount, or use with a Snap-Back Bolt-On Kit (#3649) to attach as a standard 3/16" post-type bracket. Choose silver body with white face or black face and body. 1.7" case.

- (A) White Clock #3651 \$39.00
- (B) White Thermometer #3650 \$39.00
- (C) Black Clock #3920 \$39.00
- (D) Black Thermometer #3919 \$39.00

SNAP-BACK BOLT-ON KIT

Mount any Classic or Luminescent gauge with this stainless steel, stem-and-barrel design mounting kit. Attaches to any 3/16" bolt or screw on your motorcycle, for endless mounting options. Includes a stainless steel ring, hex tool with mounting screws and screw-driver kit.

#3649 \$18.00

CHROME DOUBLE MOUNTING BRACKET

A rugged 1/8" steel, show-quality chrome plated mounting kit for mounting two clocks, thermometers, or other gauges (with a standard 3/16" post-type mount) side-by-side. Easy to install. 2.625"x.5".

#3930 \$15.00

DIE CAST HANDLEBAR MOUNT

A handy, attractive mounting bracket for adding a clock, thermometer or other gauge with a 3/16" post-type mount to your bike's handlebars. Mounting hardware included. Fits 7/8" or 1" Bars.

#3929 \$20.00

AEROSTICH HANDLEBAR CLIPS

An accurate, durable, easy-to-read liquid-filled compass that simply clips onto any 7/8" or 1" handlebar. Luminous 1" floating dial on jeweled pivot provides smooth rotation. Easy to remove and replace, the compass clip needs to be removed for accurate readings. Weighs only a few grams. Also as accurate and durable as the compass, is an easy to read, liquid filled -20°F to +160°F thermometer. It too clips onto any 7/8" or 1" handlebar. One inch diameter dial. The clock clip is specially made for us and features a sweep-second quartz movement that is not really intended for outdoor use but the prototype survived two seasons on Ed's 500 single so we think it's OK. YMMV, however.

- Compass #2203 \$10.00
- Thermometer #2212 \$10.00
- Clock #4230 \$18.00
- Set of All Three **SAVE \$6.00** #4282 \$32.00

MINI REMOTE THERMOMETER

Designed for indoor use and panel mounting, but is easily adaptable to a variety of moto applications. Suction cup on back for easy mounting to any smooth surface. The LCD screen is 1.6"x.6" and the case is about .5" deep. Its stainless steel remote probe is on a 3' cord. Tenth of a degree accuracy between -58°F and +302°F. Quick interval refreshing display changes from °F/°C with the push of a button. Runs for a long time on an included button battery.

#4268 \$24.00

AEROSTICH TITANIUM TAR ARNS

If you want to be able to change or repair a tube or tubeless tire while on the road, you'll need to pack along tire irons to get the tire off the rim. They don't call 'em ironys for nothing...Conventional tire irons are plenty heavy, especially for something you may never use (except in your garage workshop), so we developed these high-tech supersonic aerospace versions to lighten your load and help you change tires in a swank, ultralight manner. Surprisingly there was quite a bit of trial-and-error and design detail work to get the exact best radiuses for the curved spoon ends. Some irons make you fight with the job, but these work easily and make it harder to accidentally pinch a tube. One pair weighs only 6.4 oz., compared to 9-12 oz. for typical steel tire irons. Great for carrying on trips and for street, off-road, and dual sport riding. A super high-tech tool for a Stone Age job, these beauts are that rare combination of the exotic and utterly practical. 9.25" long. 3.2 oz each.

- Two Tar Arns #3564 \$77.00
- Three Tar Arns #3594 \$107.00

HYGROMETER THERMOMETER

This matchbook-sized unit allows you to monitor humidity and temperature at the same time on its easy-to-read oversized display. Also good for food, wine cellars, plants and cigars and other items that require specific climates to retain their quality. Can stand on its own or stick to any surface with included double-stick tape. Operates on one watch battery (included). 2"x1.5"x.6", 1 oz.

#4266 \$15.00

"What's cool about this Mini Hygrometer-Thermometer? It's sensitive, accurate and quick-responding enough to put a useful number against immediate ambient conditions in real-time. The humidity percentage is particularly cool. As you ride closer to rain, the percentage of moisture in the air steadily increases. (Not raining yet, but you are riding closer and closer.) This instrument lets you predict not only the weather many miles ahead, but when air is hot and dry you'll also know exactly how desiccating it is. You might not think this is interesting, but turns out it is. Lastly, it's small and easy put anywhere, too." —Mr. Subjective, August 2013

MOTO COMPASS

The first motorcycle-specific magnetic compass that can be calibrated while mounted on your bike (using compensation screws on the side of the unit). This makes it much more accurate on every heading. Proximity to metal gives most smaller compasses a terrible fit, but not this one. And the other compensation-adjustable compasses are much larger. With this you can become lost in much more interesting places, no matter what direction you may be riding. Mounting bracket included. 1.65"x1.5".

#3295 \$65.00

MOTOFIZZ THERMO CLOCK

This stick-on clock/thermometer instrument is water resistant and provides the ambient temperature and current time at a glance. Accurate to +/- 1°, it can be set to read in C or F and will display time in either 12 or 24 hour formats. Only 1.5"x1.75"x.63", the Thermo Clock is removable from a snap-in bracket (for remote use or theft prevention) and there's also a neat auxiliary mounting base to help angle it for easier viewing. Sixteen min/max memories let you know how hot or cold it was at different times. The included button battery runs it for about a year. Range is -40°F to +137°F. An Aero RWH favorite.

#4222 \$32.00

STICK ON THERMOMETER

Cheap. Accurate. Analog. Two inch diameter. Nicely indexed. Stick it anywhere. -40 to +120 F. One moving part tells you how hot/cold/nice/miserable the temperature is. Colors vary. 2" diameter.

#4202 \$5.00

SPOT CLOCK

Only .85" diameter and colorful, this little clock can be stuck anywhere you need an accurate and tough timepiece to refer to. The rotatable bezel and face are easily read, and the alloy case and stainless steel back ensure waterproofness equal to 99 feet, enough to deal with chaotic climates whilst computing chronometric cycle calculations.

Black w/Black Face #3926 \$25.00
Black w/White Face #3927 \$25.00

12 FUNCTION MULTI SCISSORS

A jack-of-all-trades multi-tool to handle nearly any task—go from emergency roadside repairs to prepping dinner at the campsite to scissoring open tamper-proof packaging. The unique design and sturdy construction allow the stainless steel scissor blades to be detached for use as individual tools, including: screwdriver, knife, wrench, can opener, bottle opener, wire stripper/cutter, nut cracker, fish scaler and magnet. Housed in a rugged Cordura 4"x8.5" sheath, this compact do-it-all stores almost anywhere, to be ready for nearly anything.

#2424 \$15.00

MICRO-SLIM 9-IN-1 KEY RING TOOL

Small, lightweight and amazingly versatile multipurpose tool. Compact flat wrench set fits 23 combined English and Metric bolt sizes. Also includes #0 and #2 flat screwdrivers, #1 Phillips screwdriver, straight and serrated knife blades, bottle opener and personal-care nail file. 3.1"×1"×.4". 2.2 oz.

#4843 \$12.00

BEADBREAKER LEVERS

Lightweight enough to pack on the road, this new, patented tool breaks tubeless tire bead easily. Forged Aluminum. 11"×4"×.7". 9oz.

#2765 \$79.00

CAMJAM UTILITY STRAPS

Two things suck about strapping things down, either your stuff is too loose so it wobbles around, scratches, dents and possibly falls off en route, or the webbing is pulled taut enough to play a high 'C', resulting in an uncontrollable and unpredictable release of tension to free your belongings from absolute bondage. These straps feature a unique die-cast zinc alloy housing and stainless steel torsion spring design for easy load adjustment and controlled release than more conventional cam-lock devices. Easy, secure, safe. Heavy duty, high strength 1" wide waterproof polypropylene webbing can be configured into multiple configurations for tie-down versatility. Working load limit is 700 lbs, with a break strength of 2100 lbs. Available in 3 sizes - 6', 12' and 18'.

6 ft #4846 \$11.00
12 ft #4847 \$13.00
18 ft #4848 \$15.00

POCKET LED WORK LIGHT

Small enough to carry anywhere, this pocket work light provides 60 lumens of bright white light thanks to 8 powerful LEDs. A rotating magnetic clip allows convenient, hands-free lighting by attaching to any magnetic surface. The reinforced plastic body design is shock-proof and water-resistant to ensure ample light in any situation. You'll never be left in the dark with one of these stowed in a tank bag or jacket pocket, as the bulbs are rated to 110,000+ hours of life. Shines for up to 11 hours on a set of 3 AAA batteries (included). Grey. 6.4"×1.25"×.6".

#825 \$10.00

RE-USABLE BALANCE WEIGHTS

A simple, re-usable wheel balancing solution. Slide the CNC machined solid brass or nickel weights over the spoke and tighten a single allen set screw to the spoke nipple. Adjust the amount of weight and placement as necessary to achieve the perfect balance. Fits all sizes of spokes on today's most popular dual sports. A versatile balancing tool that contains no lead and is re-usable, making it an environmentally friendly balancing option. Kits contain eight weights: two 1 oz., two ½ oz., two ¼ oz. Specify Brass or Nickel.

Universal Brass #3677 \$32.00
Universal Nickel #3678 \$35.00
BMW Only Nickel #3679 \$39.00

HAND GRIP TIE DOWN CLAMP

A simple and sturdy solution for safely transporting a motorcycle or scooter by truck or trailer, without damaging fragile fairings and bodywork. These steel clamps completely wrap around the grips on your bike, providing a secure point to attach a tie down strap. The octagonal shaped interior firmly grabs for maximum surface coverage, while an integrated protective rubber lining pad protects the grips. Works on sport, touring, standard, adventure, or any bikes with 7/8" bars. Made in USA. 4"×4"×2". 2.25 lbs. Sold in pairs.

#2919 \$49.00

DOOHICKEY TOOL

Small, durable, fits in your pocket and can be used in a myriad of useful ways. Really. The stainless steel DooHickey combines a half-dozen tools that do everything from tighten bolts and screws to open a bottle of refreshment and more, including a Box Cutter, Bottle Opener, Wrench (1/4", 5/16" & 3/8"), Metric and Standard Ruler, and Flat Head Screw Driver, all in a simple key tool that fits in the palm of your hand. A sturdy carabiner clip allows attachment to keys, or any loop or ring. A streamlined, clever design that makes it easy to carry, attach, remove, and reattach, it's always as at-hand as it is handy. 2.6"×0.7"×0.1". 12g.

#4844 \$5.00

AEROSTICH WARM WRAP GRIPS

These thin, electrically heated grip pads are made of heat and moisture resistant material and securely wrap over your grips with hook & loop. Enjoy riding with warm hands on even the coldest days, without having to install replacement electric grips. Current draw is only 1.6 amps and they pack away easily when not needed. Heated grip pads let you wear lighter gloves for greater control feel on cold days. You can leave them on all winter if you want to. Standard (36" wide handlebars), Long (44" wide handlebars). 22 watts. 

Standard #103 \$47.00
Long #1433 \$47.00

HEATED GRIP KIT

A flexible, adhesive, wrap-around heating element with printed-circuit-type elements that fit between the handlebar and grip, keeping your digits from turning into frozen turkey feet of limited utility during cold weather rides. We all remember what that phenomenon feels like, right? Comes with two elements, wiring, resistor, and an on/off, hi/lo switch. Super, almost unbelievably effective, and a great comfort as well as a safety enhancer. For 12V systems. Draws: low (2 amps/28 watts), high (3 amps/40 watts).

#1400 \$32.00

ARCTIC GRIP HEATERS

A quick flip of the three position (Hi/Lo/Off) switch creates warm grips, for a longer more comfortable ride, no matter how low the thermostat dips. The flexible mylar backed heating elements attach discretely under the grips on any style bike. Right and left heaters are calibrated differently for maximum heat control, so no throttle-side resistor is needed to equalize temperature. Includes everything needed for installation: grip heating elements, two stage metal toggle switch, hardware, tie wraps and instructions. For 12V systems. Draws 3 amps/36 watts on high.

#1600 \$52.00

PDM60 V3

Welcome to the 21st century of motorcycle electronic power distribution. This compact solid-state fully electronic module is designed to enhance the accessory power distribution system on any motorcycle, and is CAN compatible for bikes like newer the BMWs. It's got 60 amps total capacity over six circuits with a maximum draw of 15 amps per circuit. It's a completely solid state system, with fault detection and diagnostic LEDs, and operates faster, more efficiently and offers more reliability than its fused counterpart. This makes it easy to add accessories such as auxiliary lighting, communications equipment and electrically heated clothing, without overloading accessory plugs or creating electrical faults. If a circuit does short, it is easily reset after the fault has been corrected, eliminating the hassles of locating, pulling and replacing blown fuses ("Does anyone have a spare 10 amp? I'll trade you a 5 and a 15 for a 10...") Simple installation with a single point connection to the battery. Fully programmable via computer, it can be reconfigured at any time - adjust the current capacity for each accessory, as well as the circuit behavior mode (inactive, always live, ignition trigger, aux trigger and ignition and/or aux trigger). The user can also set time parameters for delayed startup and deactivation. LED lights keep you posted on circuit condition and operation status. Completely waterproof and sealed to IP67 standards. A light, durable, ultra-reliable space age electronic system for all of your bike's powered accessories. Only 4" wide x 2.875" deep x .875" tall.

#4845 \$199.00

BIKEMASTER HEATED GRIPS

This highly efficient, functional heated grip design uses a push button five-level temperature controller to quickly deliver just the right amount of heat to keep your hands warmer through a wider range of conditions. These specially selected, weather-resistant open-ended construction rubber grips heat faster than traditional heated grips and provide a comfortable, secure grip year round. Fit 7/8" handlebars. 12V DC.

#1602 \$59.00

AUXILIARY POWER FUSED PANELS

Supply convenient, safe fused power for up to eight individual electronic devices, such as radios, MP3 players, GPSs and other accessories. The Centech AP1 handles up to 60 amps and allows for eight connected outputs that remain on when your bike is running, off when it's not. The Centech AP2 version allows for five "on when running/off when not" outputs and three "always on" outputs that remain active after your bike is turned off. This is especially helpful for devices that need to remain "live" such as radio memories and some GPS units. Made using plated contacts and stainless steel hardware, with a built-in grounding system, these units are rugged and water resistant multiple accessory wiring solutions. Their compact size (3"x2.4"x1") allows for easy installation inside fairings, under saddles and in other tight spots. Lugless terminals mean you simply strip wire ends, insert, and tighten set screws. Includes fuses, all mounting hardware and complete instructions. Neat, easy and safe.

AP-1 #2549 \$58.00

AP-2 #2538 \$59.00

(AP-130R) AP-2 Wiring Harness (required for split use-function) #2539 \$37.00

"I would suggest the ideal means of individual transportation is the motor scooter or the very small bubble-car." —Futurist (2001:A Space Odyssey) Sir Arthur C. Clarke, Profiles of the Future, 1963

AEROSTICH LANE SHARE TOOL

No more Mr. Nice Guy—five all new more defiant messages: “Alien” face, “Alien – This Is My Car,” “Jolly Roger,” “Jolly Roger – This Is My Car” and “Jolly Roger – One Less Car.” The deal is this: motorcycles are not cars. Throughout most of the USA, lane-sharing (aka “filtering”) is illegal, but that’s not so across the rest of the world. And it’s not unsafe. This is about giving brave civilly-disobedient riders permission to show those stuck in backed-up traffic there is a better way. Brilliant, right? Except it has been available for a year and so we’ve only sold about five of them. We’ve already cut the price twice, so it’s not even profitable to make them anymore. This thing took us years to develop and engineer. And it’s a blast to use. Everyone smiles. Installation simply involves routing the wire between the plate rotation motor and the handlebar (or mirror stem) mounted control button. Then connecting the fused battery leads midway. Touch the button and the alternate message displays for ten seconds—then the tool automatically folds back to show your plate. Holding the button five seconds displays the alternate message until the button is touched again. An LED indicates whenever the alternate message is on. A total of ten available message panels, including: “Lane Share Test,” “One Less Car,” “Share The Road,” “Thank You,” a Mr. Happy Puppet “happy face,” (We recommend Mr. Happy...or the Jolly Roger.) Includes a CD with about fifty additional formatted messages ready to print and use and a video installation guide. 12V. Anodized aluminum. Mounting hardware included. But deploy at your own risk...being an avant-garde bad-ass revolutionary is not for everyone. Much additional information at aerostich.com. 10.75"×4.5" (9" open). Not Available in California. Specify message. 

#3305 \$167.00

AEROSTICH BLANK LANE SHARE TOOL PANELS

The ideal conduit to unleash your inner anarchist awaits with a set of blank panels for the Lane Share Tool. Paired with the included markers, you can create a customized message to use the LST as a public platform to rail against your local congressman, protest restrictive riding laws...exercise your freedom of speech with ultimate portable versatility. Like your own private soapbox bolted to the back of your bike. Keep it clean, or not—but use at your own risk. 

#3278 \$12.00

SHARE THE LANE

Message panel to deploy with the Lane Share Tool to raise awareness for the worldwide (and in California) accepted practice of lane splitting as a means of reducing traffic congestion and encouraging motorcycling as a viable and accepted form of daily transportation.

#3299 \$10.00

GO CRUISE™ THROTTLE CONTROL

An amazingly clever, simple solution to relieve wrist fatigue on long rides. Installs over any throttle grip in seconds, no tools required. The patented smart-clip tension design locks easily into place against the brake lever to maintain your cruising speed, without the need to hold the throttle. Disengaging is as easy as returning the throttle to a closed position or giving the break lever a squeeze. High-mile rides just got a little more comfortable. Two sizes: Small (for Street and Sport Bikes), Large (for Cruisers). Black.

#1757 \$20.00

THROTTLE BOSS

A simple solution to the age-old problem of throttle-hand and arm fatigue. This easy-to-install palm rest for your twistgrip is made of a high grade, resilient and comfortable polymer. Fits 7/8" or 1" bars and installs without tools. Nice..

#1475 \$12.00

CRAMPBUSTER

The simpler, easier-to-use twist grip cruise control. It's a single piece of shaped acrylic plastic that springs open and slips right onto any throttle grip. You can rotate it forward 360°—yet when a downward pressure is applied it stays perfectly in place without squeezing. This is the original cruise control. Its still-unique design makes it the easiest one to use.

Standard #1474 \$10.00
Wide #1482 \$10.00

“I have a personal theory that spinning along balanced on two wheels has some kind of positive physical effect on human beings... My theory about bikes having some kind of biologically positive effect is as half-baked as a theory can be, but I’ll tell you this: when I’m old and gray, I’d like nothing better than to spend my days in a sunny city riding motorcycles and bicycles.”

—Lee Klancher, May 2013

STOP 'N' GO COMPRESSOR

Keep this compact compressor in a tank bag or saddlebag, it's so small you'll forget it's even there...until you need to fix a flat. Built in gauge to observe the pressure level up to 120 psi. A long 66" SAE power cord comes with both alligator clip and lighter adapters. Also comes equipped with sports needle and inflatable adapters for blowing up footballs, basketballs, camping mattresses,

beach balls...or how about an Inflatable Snake (#3437) to hide in your buddies sleeping bag. This multi-function inflator measures 4"x2"x6" and includes a sturdy nylon carrying case. 14 oz.

#4751 \$35.00

ULTRALITE

PRO

DYNAPLUG TUBELESS TIRE REPAIR TOOL

The finest most convenient emergency repair system, this do-it-yourself solution will make fast, permanent repairs on 98% of all tubeless tire punctures to get you back on the road. Load one of the brass tipped, viscoelastic rubber impregnated repair plugs into the stainless steel insertion tube, then pull the tool away and clip the plug end flush with tire—for a repair that will last for the life of the tire. No need for tire removal or messy glues and patches, and it will not unbalance the tire. The repair plugs and insertion-tube re-use cleaner and store neatly inside the durable, lightweight billet aluminum body of this powerful tire repair tool. What if you have a larger hole from—for example—a quarter inch bolt? Two or three of these special plugs, inserted side-by-side, work fine. An amazing, effective and compact system. The 2 oz. Ultralite uses a silicone end-cap and includes 1-insertion tube and 4-repair plugs. PRO model features an all-aluminum waterproof body with 3-insertion tubes, clearing and air-stopper tools, 8-repair plugs and a polyethylene case. 3 oz. 3.8"x0.87".

Ultralite #4840 \$29.00

PRO #4841 \$49.00

Refill Plugs (5 per pack) #3641 \$10.00

CYCLE PUMP AIR COMPRESSOR

A high quality, made in the USA, purpose-built inflator for motorcycle use. Contained in a sturdy aircraft-grade aluminum case, this 12V pump inflates a motorcycle tire from flat in about 2 minutes. A pressure rating over 100 PSI lets it top up those round black things even quicker than that. Not only is it great to have a device

like this around for repairing flat tires, it's also handy for quick and easy pressure adjustments when off-road adventure touring or dual-sporting. Fold-out legs increase stability and keep the unit out of the dirt. A long 24" air hose and 8' power cord give plenty of reach to alleviate pressure anxieties in any riding scenario. Add an optional 8' Autocord Extension for even greater reach. Plugs in to any 12V SAE connection, via the included universal BMW/cigarette-socket power plug, or battery alligator clips. Everything fits compactly in a rugged storage pouch. Unit measures a mere 2"x4"x6" and weighs but 36 oz. 10 amps.

Air Compressor #4906 \$100.00

8' SAE Autocord Extension #4803 \$15.00

COMPACT TIRE INFLATOR

This mini-compressor comes with a generous, long 8'5" extension cord and 16.5" inflation hose. Plus, it comes with all the connectors you'll need for emergency inflations: battery charger plug, alligator clips, eyelet connections and cigarette lighter plug. Inflates tires in less than 5 minutes. Comes with carrying case. Very compact and very nice. 3.75"x4.75"x2", 1.2 lbs.

#4955 \$45.00

AEROSTICH COMPACT TIRE REPAIR KIT WITH MINI COMPRESSOR

The ultimate compact tire repairification kit. Combines our smallest, most efficient compressor with all the essential tools, patches and goo needed to fix nearly any roadside flat. The whole kit zips up neatly into a handy nylon storage pouch and fits easily in a tank bag or pannier. Mini Compressor has a nice, long 26" inflator hose and comes with three power adapters: SAE, cigarette lighter and alligator clips. The underside of the pouch also features four slim pockets allowing storage for a tire gauge, pen, flashlight or other small, handy items that can be added to enhance this kits versatility. Adding tire irons for removing the tire from the rim (Aerostich Tar Arns #3564, available separately), truly makes this a ride-anywhere tire repair kit. This is the smallest and most packable tire kit available. Black. 7"x3"x5.25". 1.61 lbs.
